 Gigi 00:04

We're back. This is Gigi with by Nick Houston. Wanted to go around one last time, and just have everybody tell their age, whether or not they've ever been married before. If they have a lover or significant other that they're living with, and if so which gender? And if any of y'all have any children, and I'll go first, my age. Well, you know, Gigi is 39. And I have been married once before. Or have no children and never wanted any. And don't plan to ever have any. But that's for some other reasons, not because I'm bisexual. And right now, I have a housemaid, who's female. But we're purely platonic. And I have a lover and I have boyfriends from time to time.

 Michelle 01:10

Michelle, and I'm 21 years old. No marriage, no lovers, no children. No dogs. No cats. No goldfish. No hamsters. Just about nothing.

 01:21

No life. No. Oh, it's my turn. I'm sorry. I'm 32. I've never been married. I don't have any children. What was the other question lovers, lovers living? No, I don't have any living lovers. I have some acquaintances that I like.

 Gigi 01:52

Any partners or special people that's been ongoing?

 01:59

Yeah, as a matter of fact, you want another male or female? Female and working on a mail. It's like a limbo thing. Labor

02:17

let's say age, right. And I'm 33 years old. I have been in a marriage. I'm still married to somebody but we're separated at the moment. I'm married to a pretty wonderful guy from Kenya, Africa. I'm not living with anybody right now. I do. I do have people that I see. And I tried to have kids but didn't work out. My uterus had other plans. That's what I tell people.

02:50

Okay, and I'm Marlon. I'm 33 as well. And I'm almost got married at age 19. I've have lovers is not really, I I believe in acquaintances and friendships more so than specific lovers. And I have not had children. I've taken care of many children, and I'm a child myself. So I see no nonsense and bringing anyone into this world that I'm not prepared fully to, to take into my wing for 1820 years.

Gigi 03:33

03:37

Me? I'm 31.
