Montrose which is where the classes will be the old Cody's building, yes. Now Scott Curtner Sky Bar, I think it is

00:07

the top floor top floor. So if you know where Kroger's is on Monterey, know where 3400 miles,

00:13

that's where the classes will be. We also have Fifth Ward offices out and Fifth Ward, Denver harbor area. Oh, really. And so we're kind of all over the place. We have a new executive director, Naomi Madrid comes to us from the city of Houston. And I think we've with this project, interestingly enough, this project when it was first created, it kind of hopped around a little bit, it went to First it started at UT School of Public Health, and then it went to Tsu. And then it went to AIDS Foundation. And it finally landed at the coalition two or three years ago, I can't remember exactly when. And we've kind of given it a home. And with that home, we've given it some stability and some good leadership. And so I'm I think it's really the premier. It's really one of the premier educational opportunities for HIV in the city. Okay, Rich.

01:10

Let's, let's recap this project,

01:13

project leap, we start, we're recruiting right now, we're going to we're going to start with a class of 40. So we have to be a little bit selective. But we're encouraging everybody to fill out an application. And those are available by calling me at 713-522-5428. And just, they'll probably put you through to me or my voicemail, leave your name and number I'll get right back to you. The class it's 100 hours, over six months, four hours a week, we have a will have a

daytime class, and a separate evening class. We feed you bologna sandwiches and pizza. Nothing else come for that. We have an official graduation, which is a lot of fun. And it's it's really our bottom line is we want to get folks involved in advocating for the allocation and priorities of goods and services for folks with HIV.

02:13

So Rich, thanks. Thanks for being on. Thank

02:15

you. It's always a pleasure. Yeah, it's always a pleasure, Bobby will have to go out dancing some time and drive everyone else to distraction

02:24

not just you people out of our way

02:28

of closing out I promised that I'd be playing some music from glamour. And the first piece I want to play is from a glamour winner. And he's our own Houston bread Christian Andreassen and he one contemporary spiritual for the song everybody else. Well, I've got another song by him that I'm going to play that happens to be my favorite and since you know I'm running drills I can do that. Christian Andreassen with A Boy Named Sue and you're hearing it on after hours career radio with attitude on KPFT Houston and ke O 's College Station and following that will be news and views with big Roy and Jimmy.

03:52

Yes ladies and gentlemen, it is time for the news and views after hours with big ROI and Jimmy YEAH, and he thinks that he's got it all planned out. And he's given me stuff you know,

04:07

I know. Everything Yeah. Everything. Yes. Have fun with it any

04:13

yes we are. Because I'm starting out with the 2000 Pride Parade workshop, which the pride committee if you still hold the parade workshop to help community organizations have bins businesses plan their floats and walking units. I took one of his things

04:32

Okay, now

04:34

this is very important because this is going to teach you how to electrify your float and how to have lights and all that kind of stuff that's happening. Saturday, May ninth is okay, Saturday May 9,

04:51

no. Nine through 12

04:58

I know that's what you get from Welcome to

05:01

the barrack United met Barry Memorial. A lot of good things. Roi. 1440 Harold in the Montrose butchered that

05:16

the piece was your half going?

05:19

Well, I want to start out this week's edition. By our top story, of course, I'm sure you've heard of it. I've been saying it's going to happen. And it has happened a very historical event, one of monumental proportions. Your body. I turn for you, honey. That turned over. So my goal is not even. Oh, anyway. But Vermont, the Vermont State Legislature did pass the civil unions bill and the governor within two hours after they pass it, signed it into law, it goes into effect July 1.

05:57

Interesting on that we can chat about that for a minute, because I was reading the voice

06:02

views sections. Mike Fleming

06:06

had a great editorial. He was talking about, you know how the Christian right has been talking about they don't want these to have marriage because it will route they will ruin it. I read

06:19

that editorial and i i loved it. And I

06:23

always disagreed with that. But Mike wrote a very good point. Very good point on why the Christian right thinks that having same sex marriage is going to ruin the institution. It's because wherever there are

06:41

civil unions,

06:43

partnerships, had more than 50% of those signing up for it are heteros right? They're not getting married. They're going into domestic partnership. Well, you know, so what does that say about the institution of marriage as a whole? If heterosexuals don't even want to get in on it? Well,

07:05

I'll tell you, one of the big problems with a header set with heterosexual marriages. Yeah. Is is a divorce and when that when it does come time for both parties agreed to, to a divorce. But the attorneys for both sides will drag that case out. And forever and a day, just to drain and deplete try to get as much money out of each side. Sure, that's, and that's how they make their money. But with the domestic partnership, they don't get it. Now in Vermont, they will have to go to a divorce court to family court Sure. to divorce court to dissolve to dissolve they should dissolve their civil union. But in in Europe, all it's needed is just for one side to say I really, in some places in Europe and I have that editorial. Yeah. Yeah. It was anyway.

08:07

That but that that is like the biggest news, I think Stonewall? Yes. You're right. Since stone, I think it Yeah it really is. It's really a turning point just like Stan

think it really, it really is. It's really a turning point, just like Stonewall.

08:19

It's just as in Stonewall, we had those within our community who was against us, that we would have the audacity to be so blatant out in the street and to confront society. They thought it was a danger and we fight. A lot of closeted gay people who had respectable jobs and whatever is happening, and they're frightened of people like us. Yeah. There are those within the community who are dead set and frightened to pieces of gay marriages. Well, gay marriages is not a civil union is not for everyone. No, no, it isn't. Just like marriage is not for every hetero. That's not even for me, you know?

09:10

Anyway, I just think it's wonderful news, I think and I want to interject here that you saw that we had rich Aaron shield again tonight who yes. And again, you know, I was a gentleman and I kept my hands to myself.

09:27

I didn't Yeah, well, we had handcuffs on you though.

09:32

He is such a cutie gosh, if

09:37

I mentioned how cute I think that man is.

09:42

I know it No, no, tell

09:43

me what's. What's all this stuff dripping down off the wall here.

09:46

Careful care.

09:48

Annie right rate. I understand is a community yard sale from the

09:55

yes, there is at the Community Community Center. As a matter of fact, well isn't that nice? You got that out one verse. Community yard sale

10:06

the humidity she does not do the news.

10:12

Just gonna have to slap in. Anyways, their community yard sale is going on not this weekend. Next weekend, May 6, and seventh along with everything else. Seems next weekend everything's happening. The Houston lesbian and gay community center will hold the community yard sale on Saturday and Sunday, May 6 and seventh on the center grounds which are at 803. Hawthorne. If you want to be in the yard sale, you can contact them for a booth. There's a slight fee. And if you're looking for good stuff, I think you should be there because for one thing, the Gay Lesbian switchboard is moving to the community center. And we're taking up one office room, one small room, whereas before we had about three times that space, right, so you can imagine the things that can accumulate. Oh, we were in a one bedroom apartment. So we've got all kinds of furniture, all kinds of things. And so the chandelier amazing things for this community. Yard Sale next week. Saturday and Sunday, May 6 and 7803. Hawthorne if you know where Walgreens is on Montrose, you can find this place because it's just a block away.

11:46

And I'll tell you that there will be great bargains No Yeah. Stuff that you never would have thought that you might want or need. And you go there and and you see I got to have this now. Okay, coming up next weekend. Yes. Saturday and Sunday is going to be the Westheimer in St. Louis, in exile in exile in exile

12:14

was here. He's going to talk more about that later. I'll bet who

12:17

is rainbow? Oh, yes. Anyways, it's going to be at the Eleanor Kinsey Park on Allen Parkway. The westbound lanes of Allen Parkway from Gillette to Sabine will be transformed into the

westbound lanes of Allen Parkway from Gillette to Sabine will be transformed into the Westheimer Street for just for the weekend. And there's going to be a whole bunch of stuff going on. And here comes rainbow. We're talking about the Westheimer street Fest in exile. What we're talking about the Western I

12:42

know. It's so good. I just heard my name. Anyway,

12:47

I know you're gonna be

12:48

they're gonna have championship, skydive, Spaceland,

12:53

championships skydiving

12:54

Skydive, the sky dive is going to be a guy falling from the sky with a 200 to 2000 square foot American flag coming down Wow three laceration I won't say three ish. I'm not really sure what time but three ish in the afternoon on Saturday.

13:12

That sounds pretty amazing. It's gonna be

13:14

fantastic. But this guy has done what Mr. For one month or so he has created something that is so bigger and better than anything we did have here on Westheimer. Well,

13:25

thing is even during the way would you call it the fiasco now city hall with a little fight? Yeah. And December, January, he was still working on the festival no matter where it was going to be. Now.

13:41

Now here's a little interesting tidbit. On Saturday, the festival will also be the perfect place for viewing the 30th annual Buffalo Bayou Regatta. That's the popular anything that can flow with regard to that goes on down the bottom.

13:57

And it's going to be on the street. It's not going to be so much in the grass because guess why? You know why? Why? Because it's called the street festival that's

14:07

gonna have to drag queens and the guy with the yellow bowl constrictors and all that stuff.

14:11

I don't know about drag queens on rows because they don't have any roofs down there. But I understand there might be a Mary's in exile down there. Oh, I've heard them.

14:21

Also, and if you didn't get kids to see them at the International fest, the art cards will also be on display.

14:28

There'll be some art cards there. And folks, my car wasn't gonna be there.

14:32

This is the something

14:34

and the lovely car in question is sitting right outside the KPFT studios ladies and germs and it is a sight to behold.

14:46

It's my tuxedo.

 14:47
It's a tuxedo car.

14:49
It's got a two foot Styrofoam hat on top of it. Yes

14:52
complete with hat

14:53
it complete with hat and

 14:55
bow tie right on the hood. Jimmy

 15:00
It is paint my mobile home

 15:04
tuxedo buttons going on down the hood of his car

 15:07
yes the color of your mobile home

 15:09
I mean my manufactured home we don't They don't call them mobile homes anymore

15:14

they call them trailers or they don't know they don't call them trailers anymore manufactured housing yeah all

15:20

right well used to be called trailer trash never called manufactured

15:28

that's his view on this

15:32

I liked it. Someone told me that over the internet but we're gonna have a good time it's gonna be next weekend. And they're gonna have what do you call it shuttles to to the festival from suppose if you live in the area of the Montrose or you want to park in the Montrose area. I understand you can get picked up at the Burger King on Lincoln Drive.

15:58

I can finally get picked up

16:01

right in front of the mausoleum on Westheimer and it's a kale L O L k 8k lol Oh Ko! Yeah, that's shuttle is what it is.

16:12

Not to be confused with the k one teach shuttle which is non existent. And you're talking about the Burger King right there on Westheimer

16:24

the burger king here King rather Lincoln right next to Mary's that

16:28

that little side street is Lincoln. Yeah, I noticed.

16:31

You know what most of the streets that are named Lincoln and Houston are like one block long. I don't know why.

16:40

Anyway, if you have any questions, go ahead. Give them give John four as a call at 713-522-6548 and Jimmy I KNOW I just had to give you this next door

16:50

oh wait wait wait before you tell you a bit about that. If you ever want to know where John Flores lives it's about 500 West time you can see it's all decorated up right now with the getting ready for this festival

17:00

500 West timer it was about five was right over here.

17:04

Like they can see where I'm pointing.

17:06

Yeah. This is Radio girlfriend this would be radio ad

17:10

you'll see blinking lights and you'll see let me tell you about the protection you're going to have to protect okay remember about a year ago the thing he had to get the cops sort of about five or 10 feet off the ground? Yeah right okay on these plants yeah stuff like that. They're gonna have like protection like you'd find with like at the beach you know like the being up above everybody is a lot safer than just and

17:42

I'll tell you from from a security point of view you can see better from a security practitioners point of view I'm telling you being up like that you can do a much better job oh

17:54

guys on the ground but see these and then they can do

17:57

it what about the what about the the doggy relief places? I mean, they have like those little street fests used to have I

18:06

don't want to know about I don't think to the festival because it's a city park and they don't allow it or something like that. I'm not sure about that a little

18:17

water for the dogs go and drink and

18:20

in other words, the street festival is no no longer the street festival.

18:24

As it is it's on the street. It's in exile,

18:27

and it will be on the street because they're blocking off part of Allen Parkway renaming it

18:34

whatever. Anyway, now, an important announcement I'm sure all of you want to know about the White House gay and lesbian outreach office 1600 Pennsylvania Avenue. That's right, is in need of a full time intern for the fall 2000 semester. System session is from a September 4 to December 22 2000. And the application deadline is June 23 2000. 19:27

One is in favor. Vanessa is in favor of the hate crime legislation. Ray Hill is speaking against the hate. So that's going to be this week. That's this coming Wednesday.

20:54

Wait a minute, I thought it was gonna be Rob Todd.

20:57

That was for last month. I missed Rob time. No, he didn't. He chickened out why he chickened out. didn't show up. Any rate? So this is going to these two can't, cannot back out? No. And these two would never back out of anything. Right. He loves a good debate. You bet he does. And he never goes back down from a debate ever.

21:28

Also how and housing information is a good worthy opponent.

21:34

Okay, what do we got next?

22:24

22:29

Oh, the P flag Houston will underwrite the screening of the film surviving friendly fire. This is very important film at the rice Media Center three o'clock. Saturday, June 3 for the Houston game has been Film Festival. We'll be talking more about that and the festival in future weeks. But I believe that one of the first one movies to be shown will be beef cake. And that story about Mizer in the athletic modeling guild. You know, there's god there's muscley guys in the 50s G string things,

23:07

but surviving friendly fire. The movie surviving friendly fire is mostly about street kids, Gay Street kids that were kicked out by their parents. This is a movie made by them. Wow. And it has received a lot of accolades and acclaim already. Well, then we're going to hold on to this. This is a very important film and it shows how that in spite of what the media may tell you. Some of these street kids are certain not just surviving, but they are overcoming the odds. Yeah, and actually coming through in flying colors.

23:50

Oh, gosh, we missed an anniversary.

23:52

Whose anniversary

23:56

23:59

April 25. In ancient Rome, April 25 was the day the holiday. Oh, golly. Yeah. was celebrated. Why? Oh, whoa.

24:08

What is that

24:09

this holiday was dedicated to male prostitutes. Alright.

24:16

How should we celebrate that holiday?

24:18

Oh,

24:19

And when he's talking about anything else, he's mister. So Laura Schlessinger is just Laura Schlessinger when she's talking about when she's handing out advice, and she she's on the same level actually, as your eyes.
