SPEAKERS

Jewel Gray, Jimmy Carper, Speaker 12

J Jimmy Carper 00:00

Of course, I'm sure the Reverend isn't that comfortable with anything that has two knobs on it. I have a few knobs right here. And we we push them and turn them. And it was a little piece of carland. And the how he's talking about how the FCC gets into trouble just because one person writes a letter. Yeah, FCC, which is an appointed board, not even voted on by you or me. And they get to determine what we can say on the radio

J Jewel Gray 00:42

sound like Nazis to me. I'm in trouble now.

J Jimmy Carper 00:46

Something is wrong here. When you talk about free speech, and, and all of that kind of stuff. When this type of thing goes on?

J Jewel Gray 00:54

Yes. Well, we're just talking about the FCC, what we could say what we couldn't say. So we were having a meeting before, before the show about some future events and future possibilities. And we were very discussing that very thing about what we could say and how we could say it, what we could get away with, and clearing up some of what's in good taste. Yeah, yeah, that was part of the conversation to some, some people find some particular choices of words offensive, and we understand that. And we, we want to offend some people at sometimes in appropriate places and time. So occasionally that will come out of after hours. But as a general rule, we tried to be responsible radio people.

J Jimmy Carper 01:41

Yeah. Because even if tomorrow, the ruling came down, that we could say four letter words all night long. I don't think we would because it's just bad taste now,

J Jewel Gray 01:50

because we don't we don't we don't speak like that. That was spontaneous. That was completely spontaneous. We know you don't speak that way, either. Did you see the article in the paper recently? Where are they said the kids were using foul language to teachers. And the teachers thought that was the worst thing going on their classroom. I think that guy back there, Johnny with the gun was pretty, pretty mindless, but they were talking about foul language. Anyway, that was interesting. Well, you've joined us for a great night. Like I said, this is a night that I feel evil. And I got some friends down here who feel evil with me. So get your pencil paper. I'm gonna give you some phone numbers in a little while. And I'm gonna give you our phone number. Actually, I can give you our phone number quick because I like the way it sounds. It's jam KPFT on your phone dial. What what he's poking at buttons and dials here. That went on and that went off. Okay. So you can call us at KPFT No Jam KPFT J am KPFT. And we're gonna be looking for some calls later. And we're going to be given away two pair of tickets to see Deborah Cooper who was with the c&c Music Factory. And she's going to be doing a pride a deeper love, kind of, we're gonna play that song a little while and when we play that song, the first caller, first caller is going to get a pair of content concert tickets to heaven, June 26. I think that they're relatively expensive because this woman is, is with the c&c Music Factory, and I don't think this is gonna go cheap. So a pair of tickets might be just the thing for your loved one in the next in in June. That's the day before Gay Pride Day, just in case you didn't know. So that would be a nice way to spend the day before K Gay Pride Day. So the first caller when we play this song, prior to deeper love by Deborah Cooper, we're going to give away one pair of tickets and later, we'll give away another pair. So stay tuned, and we will. We'll be doing that later. In the meantime, we're going to talk some people from the gay and lesbian switchboard here in Houston. One of my favorite organizations because I belong to it I believe I think my partner this evening said seven years now, which stunned me because I thought it was more like 12. She said it was seven years so I'm flies when you're having fun. That's right. And we had a great time tonight doing clean the switchboard top to bottom. I mean, we really worked. Diane and we have Pat Turner here who's the president of the gay lesbian switchboard and we're going to do some talking with them but we were together earlier cleaning up at the switchboard, which is located somewhere in the greater Metropolis Montrose and not often thought about in cleaning terms so most people go in there and do their shift and and leave so we had to get in there vacuum and wipe the tables down and throw away all the doodle pads and clean ovens where somebody cooked turkey one night clean the refrigerator which was bare, as always, but we had a great time. Yes still is We had a great time. Anyway, I want to talk a few minutes with Pat Turner, who's like I said, the President of the game lesbian switchboard. And talk to her about some of the things coming up. And then we'll talk to Diana Maness, who is going to be the chairman of the Education Committee. And we'll talk to her Sinclair person, you're correct. And I'm thank you for correcting me. The chairperson of the education committee or lesbian would be better share lesbian. How about how about how about a sofa lesbian chair Lowe's, less lesbian. And she's gonna tell us about training and some of the things that they're thinking about doing and give you some dates on training. And so make sure you have your pencil and paper. This is gonna be coming up in a few seconds. We'll

talk to Diana. In the meantime, we'll talk to fat Pat, how long have you been with the switchboard six years now? Oh, you're not on? Are you on now? Try. Am I on? No. Am I on now? No. Now you're now you're on am on. Okay. You have to get a little closer mic.

06:04

Okay, there you go. I

J Jewel Gray 06:06

hear you now. Yeah. Yeah, I've

06:08

been on Switchboard six years now.

J Jewel Gray 06:10

Six years. That's, that's a long time. What may just join the Switchboard?

06:15

A friend of mine told me about it. And you know, she said it was really a great place to be a lot of great people. And I thought, hey, why not?

J Jewel Gray 06:21

She liked her. That's a great group of people. Yeah, it's, it's wonderful. And I love it there. And you are now the president of the board of the gay lesbian switchboard. That's a big responsibility. I know you've been working hard. You want to tell me about what's going on since you become president?

06:37

Yeah, okay. Yeah, I'm, hey, somebody's got to do it. Yeah, it's

J Jewel Gray 06:40

a dirty job.

06:42

We got some real rugged energy on the switchboard this year, Jill is going to be doing our PR for us. And she's, we're gonna have a float this year in the parade, folks. I mean, I hope to be

06:55

down and right now all day

06:57

looking for supplies. That's right. And we have a fundraising chair is very, very energetic. Diane is going to be our new education chair, got some great new ideas on training that she's going to be implementing, which is kind of a carryover from our last education chair person that was doing that and it's passing along and it's going to help Diana get her feet wet and a lot of good things going on.

J Jewel Gray 07:20

Didn't somebody just donate some major equipment for the switchboard? Do you want to talk about that? Or is that confirmed? I don't want to confirm okay,

07:28

we're in the works right now. Oh, well, we need telephones bad.

J Jewel Gray 07:30

Oh yeah, we need telephones actually, you need just about everything that you can matters. We need

07:34

chairs. Anybody out there has chairs.

07:38

Please donate we need money. I mean we are real short right now in fundraising and something that's not going to happen real fast it's going to be you know, like a consistent thing. Our fundraising Chair

J Jewel Gray 07:48

Okay, let's clear up real quick short because I know that people out there want to know what that means. You mean what real short how many months operating expenses do you have right now half? Half a month so I really don't even pay next month for rent right now hopefully we're gonna have a booth at the at the festival you know selling buttons and stuff like that. Hopefully everybody will come by button from we were all born pretty not rich last.

08:13

Hey, Buttons are cheap. Yeah. Yeah. may help us get through to some of these other fundraisers kick in.

J 08:19

You're going to be doing this at at the rally right behind selling at the booth and stuff. Right. So if you're at the rally stop by there will be a booth and I'm Stan we're going to be giving some stuff away aren't well, no, I think the frog's way that tonight they threw away somebody said they had holes in them. So we threw away. We had big green frogs blew up said kiss me on the side, we're gonna give them away. But instead, we're going to be given away little odds and ends. Just to, you know, get people to come over read our paperwork here. Come here, come here to get this little stuff to where you got to read all this? No, no, but we aren't gonna be given stuff away at the rally. So if you're in the neighborhood, and you're at the rally, stop by the Gay Lesbian switchboard booth, and see what we got left. I know they're gonna get some T shirts away and some smaller things and things that go around your neck. I'm not sure what those are those things that go around your neck, and there'll be selling buttons. And they'll probably be a key chain or two down there and stuff like that. So come on down and be part of that, that entertainment at the rally the 27th Evening of the 27th But let's get back to the operating expenses. What if somebody out there was really interested in being a wonderful, wonderful benefactor? How would they go about doing that?

09:37

Oh, real simple. All they have to do is I mean, if they want to do that they can like call the switchboard. We try and keep the staff between three in the afternoon and midnight, which is not always possible because we're always shorter volunteers. We need volunteers call the switchboard say you want to join up for the next training class in August. We'd love to have you and you know, give that person the information and they will make sure that I I receive it and I will pass it on to the appropriate people and we will get in contact with you. And if you just want to make a donation you know you can send it in our post office box numbers is 66469 the zip is 77266 Dash 64691 more time. One more time you guys got your pencils ready. Okay. Post Office Box. There you go. 646966469 Houston, Texas 77266 Dash 6469.

J 10:31

And if you can't remember that, just look in your telephone book. And you can find the gay and lesbian switchboard listed under g for gay. And I believe it's even listed in the white pages in the beginning the blue pages in the beginning,

10:44

I think it is under social circles only the addresses in the Southwestern Bell Tone. No, no,

J Jewel Gray 10:49

no, no, no, it's that you if you didn't get the address now you can call that call them there and the volunteers? Yeah, I think it's what five to 930 to 11 Are you five to 930 to 11 Seattle call it that often. So that's hard. I have to look at my little business card a half but we are going to have a float in the parade and you've been doing a lot of work with that and oh, it's that time. You've been doing a lot of work with that. We will talk about that and we'll get with Diana here in a minute. But right now we're going to do a little station ID and you know what that means? It means that we are KPFT Houston World Radio for the people for the people, of the people of the people especially of the people we always want to remember we are of the people

J Jimmy Carper 11:34

and you are listening to after hours a continuing tradition 90.1 FM

J Jewel Gray 11:40

sounds like something

11:46

no hair Friday night, big Jesus craft dumpster dancers bringing you a sampling of counterculture thrash, metal, hip hop, punk, hardcore, alternatives guitar rock comedy and listener request. It's three hours of horror old radio with a hand gun and lots of love and understanding.

12:35

That's Friday night at 1am on the World Radio 90.1 FM KPFT Houston

S Speaker 12 12:52

only 190 93 model as all these features, fuel injected VA driver's side airbags, anti lock brakes, automatic door locks, bright pink leather interior cruise control, new car smell stereo 100,000 watts of power and of course, Adria below we lose Friday mornings at three hopefully on KPFT Houston.

J

Jewel Gray 13:57

Leaping lesbians I love that. I love that we're having all kinds of requests down here tonight. And that's one of them. Oh, it's too sure. That was just an intro. It's too short. That's all we have. Sarah, we want somebody to go to the dungeons again. See if you can find leaping lesbians in LP. In LPs. Yeah. In the somewhere. They've left the room. Now I have you in my control. Okay, let's get back to pat. Real quickly. Pat is the president of the gay lesbian switchboard and awesome responsibility. I know you take it very seriously. And it put a lot of work into it. Are there things coming up? You'd like to talk about things that are happening with the switchboard you'd like to promote? Here's your moment. Here's your 15 minutes Andy Warhol says. Yeah, you're famous. There. Marissa, your mother is on the radio.

♂

14:59

Good. We need money and money money if you want to, you know, send us a check, send us a check to post office box 66469772666649 is

J

Jewel Gray 15:11

still good. And if you can't turn to some money, get your mom and dad to write us a check. I need volunteers, we always need volunteers who are volunteers. And that brings us right up to training. And Diana who's going to be doing training. And Diane is just taking taken over the training committee from a totally capable and able person who has just done it until he's done it to death. And it's time for somebody else do it. And Diane's the one who happened to have that place to step into that those big shoes that he had on before you and have to follow that great act that he had. Pardon? She She? Oh, I forgot. I forgot I forgot to mention chairs. Yeah. Well, I know she was overloaded and doing too many other things. I was so involved with her being fundraising that forgot totally she was with Dr. I mean with the education. I am so confused. I am so

♂

16:08

confused. Deborah is not listening. Deborah, Deborah,

J

Jewel Gray 16:11

we love you. And we know that you were the chairman of the Education Committee, person or person chair, let us be the chair of this organization of the training. Well, Diana, you just took over what do you what, what do you want to do with the rest of your life?

♂

16:31

How many hours do you have? I want to meet a nice lesbian settle down and have a family and picket fence. Right? Why? Why pick a three storey house? With a Jacuzzi in the back? Oh, let's go. Let's play with that. Yes. Anyway, we have really some big plans were going to kind of

revamp training. We're going to have more trainers, which I think we're in desperate need of people have been training for so long. They just kind of gotten burnout on it. Yeah. So the next class, I'm trying to get some volunteers here. The next class is going to be August seventh, and eighth, and the 14th and 15th. It's two weekends. It involves 32 hours of training and you have to attend consecutive weekends. We want interested lesbian and gay people to sign up for volunteer training men call the switchboard. And so many be glad to take the information they need. I'm trying to read from a PSA here that we're going to be putting in the mantras voice. So I wanted to make sure I got everything right.

 J Jewel Gray 17:39

The next training is you did you just talk about

 17:42

what next is going to be August 7 and eighth and 14th and 15th? And how can they sign up by calling the switchboard at 5293211?

 J Jewel Gray 17:52

And what did they tell them when they answer the phone? I want to be a volunteer and what will happen when they say that someone will take their name and fill out a questionnaire trying and and then what will happen and questions then we will get back with him within within a week or week and and waffling and that's that that we need to know the reason I'm asking you these questions because a lot of people are going to be real shy about calling unless they know what to expect when they call. So

 18:20

you are getting in touch. That's right, you can call now we'll keep back in touch with you. Somebody will call and probably give you a more extensive phone interview. We just want to make sure that people are really committed because

 J Jewel Gray 18:34

we want to weed out the Bubba's. We don't want anybody in a white sheet sitting at the switchboard.

 18:40

Well, while we want everyone to apply, the switchboard is in particular need of women and people of color. So that we can round out our volunteer staff. We have a lot of man women out there, please call we need some more women volunteers,

J Jewel Gray 18:57

how do you have to be the volunteer? 18? And do you this is going to be a question that you're both going to be shocked. I asked. Well, don't ask it. Do you have to be gay to be a volunteer? No, that's right. We just we just had that big round talk you do not have to be gay. You just have to be committed to changing and, and and in the dealing with information and referrals for gay and lesbian people calling needing to connect with their community. We just saw if you're out there and your brother's gay and you both want to join the switchboard, feel free to call us if you're out there and you Your son is is gay and you want to participate that way. Feel free if you're out there and your your children or your loved one is gay and and you want to participate we can definitely work something out. We just had a major switchboard meeting and decided that which I thought was

⌚ 19:55

one thing one thing we are going to do that I'd like to say is that okay, that, if indeed we do get like a straight person coming in, that every effort will be made to pair that person with a gay person on shift so that that caller that making that is making his very first or her very first coming out call, then they really want to talk to a gay person that will be a gay person that the straight person can hand the phone to. So you know, don't be afraid to call us.

J Jewel Gray 20:23

There you go. So what we will do was, Pat said would be pair someone up with a gay person, so that if you call and that's exactly if you want and have a need to talk to somebody who's gay, or you want to, you want to waving at the monitor, and you want to are you just calling for information, a straight person could give you that information as easy as any of us. And if they're committed, and they feel it's important to say something by their participation, we want to be able to offer a place for them to do that. And if you are wanting someone who's specifically gay, you simply ask and they will, someone will be there to talk to you. So that's pretty interesting, but some of the stuff you were getting ready to do. How? How are you going to infuse this training committee with energy and, and and whip up on the training? What are some of your ideas, someone who wants to know more is

⌚ 21:16

going to be really interested about this, we're going to, we're going to we're just going to kind of revamp our training, we're going to go through our training manual and try to make it more pertinent and, and make people more at ease when they come in to answer the phones. So then you're going to make it more fun. That's right. We're gonna make it a fun experience. And it already is a funny,

J Jewel Gray 21:38

I'd like to say because I was trying a long time ago when it was very solemn experience because we were so impacted by the disease the epidemic of AIDS in this country and here

because we were so impacted by the disease, the epidemic of AIDS in this country, and here locally, that I think that we were very solidly impacted at the switchboard, not that that has gone away. Not that that's not important, but that we've decided that that solidness has kept people away from us that deep. Can't think of any other word solidness that such a serious, serious thing, it is a serious thing. But we think that we can be serious and have a good time doing it sounds strange, but we can manage. You're talking to the jeweled woman here, we can manage. And we want to make it fun so that people can participate young and old and enjoy and have a good time with it and be part of the switchboard and enjoy. What is it that we asked from volunteer, when they sign up, they attend what

22:39

they attend two consecutive weekends, which is about 36 hours. That's right, it's from 10 in the morning to six at night on we'll be on the seventh, the eighth and the 14th and 15th of August. And if you can't attend the August training class, go ahead and call and there'll be another training class in November. That's right. So we're going to try to make it at least every three months so that we can have turnover volunteers and people don't get burnout answering the phones. We asked for a commitment of six months. And that's three hours a week or three hours or six months or six months. That's right. And we have shifts from three in the afternoon to midnight. And we have it seven days a week. So surely, you can take three hours out of your week to really be involved in the community give something back. And it's very interesting. It really is you meet a great group of people down there. You hear all kinds of problems over the phone, you do a lot of bar referrals and businesses and law. A lot of things are really

J Jewel Gray 23:42

keep around the world, literally around the world, right? We get calls from everywhere. I got a couple of Japanese lesbians in one night who were looking for the recipe and bars. The recipe bars and they didn't want just any recipe and bar they wanted one where the resins wore cowboy hats, and cowboy boots and you know where I sent them right out to the ranch talking about those lesbians must have gone Oh, I'm real happy. We've talked to people from Scotland, from Ireland, from England, from Canada from Mexico. from around the world, Australia. People from around the world call the Switchboard to find out what's going on here in town, and they use the switchboards around the world. We're not the only one we're not the only one all the major cities have a Gay and Lesbian Switchboard of some sort maybe titled something else but a gay and lesbian switchboard of some sorts. If you get into a strange town, call your your local operator and they will have a number. They will have the number

24:35

or if you're going on vacation or somewhere this summer, give give the switchboard a call and we'll look up the number to the nearest switchboard where you're going to be or they can give you information tells that information most time

J Jewel Gray 24:47

bed and breakfasts, yay. Bed and Breakfast anywhere in town anywhere in the country and

around the world. We have international guides and we have local guides and just about every kind of information you can ask for if we don't have them. formation. This is one thing I'd like to add, because I'm very powerful on this subject. If we don't have the information, we can give you the directions to find that information. We can put you in phone numbers to people who do know that information if we can't give it to you directly. So we can we can answer 99% of the calls that come in looking for something we can be we can satisfy. And I've run into that 1% Where I did not have an answer. And I have spent an hour calling people from my shift calling people to find out one night I called Jimmy about something I knew he knew about that we didn't we couldn't find there. And I told that person to call me back. And they did in about 40 minutes. And I had that answer. So we make a very concerted effort to find the answers so that we're we're there for you and very informed and very aware of what's going on. And Diana and Pat are some of the leaders of the switchboard some of the people who keep it going and keep it healthy and invigorated and happy. And even though Sara over here is a member of switchboard, we a lot of switchboard people participate in after hours. And a lot of after hours people participate in the switchboard. So you can see that that's almost family down here with this. What is it now did I want to do? Let's see, you talked about training, talked about how long it was, you talked will tell me a little bit about what goes on. So if I don't know, and I'm uncomfortable, but tell me a little bit that that goes on at training. I mean, you get to know another bunch of people

26:35

to know a lot of very interesting people. You we play games, we go out to lunch. It really it. It is a very bonding experience. And a lot of times you really remain friends with people for a long, long time. And you just kind of feel very close to them. They become family. We do a lot of of things a lot of decency. tation desensitize to life may say that word desensitizing. Okay, thank you exercises. So when we play the dirty word game, that's right. So you don't have a phone you are more comfortable. You're not shocked by what somebody might say. We also do some training on HIV.

Jewel Gray 27:21

And we teach people how to use the information resources at the switchboard. Play safe. Play safe. We teach you about safe sex and what to remember the time somebody asked somebody on the phone and I knew I can say this because it's been long time somebody, one of the new volunteers asked someone if they ever used a condominium.

27:39

We teach correct terminology. Very fun experience.

Jewel Gray 27:48

So and when I know that you're not not long out of that training, and just went into training to be a trainer. What did you think of training? Did you have a good time? You were afraid? I know, we talked about that.

♂

27:59

I really was a little apprehensive. After all, you're going in there and you're at you bare your soul to these people because they really should have said that. They ask you some very intimate questions. And a lot of people aren't comfortable answering these questions, but you find out it's for a reason. You do. I'm looking at you you're making.

J

Jewel Gray 28:24

I'm making googoo as it Sarah behind you. I'm sorry. I'm sorry, because I thought it was over lips and a provocative and homosexual way. It was Diane last week. Now Teixeira must be my hormones raging. It's such

♂

28:41

a bonding experience that although I went through training six years ago for the first time,

J

Jewel Gray 28:45

who trained you,

♂

28:48

Ron? I believe it was Yeah, Ron, who else was there? Were there I was there. There she said somebody else first. No, but I think of someone else but God. Yeah, yeah, jewel was there. And he was but anyway, it was so it was it was so great. And I learned so much. And I've been on the switchboard for six years. And I thought well, maybe I was getting a little stale and hope to be able to pick something else up. So I went back through

J

Jewel Gray 29:13

you just wanted more dates.

♂

29:13

Yeah, didn't work. What can I tell you?

J

Jewel Gray 29:17

Darn classical amend was it

29:21

now, the bonding experience was there all over again. You know, I'm, I know these people a lot better than I've met people between my two classes. You know that unless I've done them a long time, of course, but But yeah, it is a wonderful experience. Usually all

J Jewel Gray 29:35

you need to make friends with someone and connect with someone is common ground and that's what this thing offers. You're all in the same place, doing the same thing worried and kind of nervous about the same kind of things. So you have common ground and you're you're closed up with these people day in and day out for those couple of days. And you learn a lot about each other and once that's, you know, once all that it's established, it's easy to be friends. So that's why quite often you know the clutches of friends from training groups stick together, I know, I'm still connected with several people that I trained with, it's getting harder and harder as I go along. Because after seven and eight, nine years, some of these people drift off and do some other things. So that's why we have to continually do training and refresh and renew our train our volunteers. So

30:25

one of the things I'd like to say, well, I will. I'm always I'm never been a woman a few words, let's put it like, that's one reason why I'm a good trainer. I think, well, you don't when you come out of class, you work with a trained volunteer, you don't just go in and answer the phones with somebody who doesn't know anything, the way you feel like you don't know anything.

J Jewel Gray 30:55

Okay, go ahead. I'm sorry, I

30:57

didn't I wasn't going to. No, no. Well, there are a lot of things. A lot of people out there probably haven't been to all the bars or don't know, you know, what's involved in all the bars. So sometimes I would panic, and I would go, what kind of a bar Do you want to go to? And I say, just a minute, let me ask somebody. So now I'm very familiar with the different types of bars and we do bar chairs, bar tears, bar, his light. Bar tours, for the people on switchboard so that they can become familiar. We get a lot of calls. And we have a resource manuals. So the you don't have to know these things or training doesn't really stop. That's right. It's an ongoing thing. And we have people from some of the organizations come and speak to us so that we're more familiar with it. And we're going to do a lot more of that sort of thing to

J Jewel Gray 31:49

connectina with other orgaizations. the things that we hear less about so that we have to

make an effort to learn about them. Yeah. And that's part I love I love to go and listen to I remember one time we went to the BRB, early in the afternoon, Sunday afternoon, and we listened to Phyllis Frey who's a transgender. Talk about being transgender or transsexual and operations and prejudices and everything is one of the most enjoyable afternoons I've ever had. And we had steak night right after that bunch of a steak for steak night.

night. The BRB Yeah, best steak in town low prices. Well, I really appreciate you coming here and talking to us about it. Is there anything you want to add something that you want to push or promote or say or you want to say, We want money, you want to say hello to your mother or dolly or

Dolly. So that was Diana, from the Gay Lesbian switchboard and Pat Turner from the switchboard have joined us tonight. And if you missed that, sorry, it was great. They were eloquent and told us a lot about the switchboard. And what we're going to do now is we're going to go to miss sillies blues sister by suede who was Major. Well, one of my major heartthrobs at the rally that I watched on CNN because I was had to be here with you. She played the trumpet, and I believe she plays it needs to go for it. Ooh, that's sweet, sweet music. That's some I was gonna read the wrong one. That's uh, which one was that? Jimmy? Number two, three. Can't turn back by Meg. Christian, Christian and Chris Williams. Williamson, it's Meg, Christian and Chris Williams, son. That's right. I wanted to say Meg, Christian son and Chris Williams. But it's not it's the other way around. And that's from there at Carnegie Hall album, which was really special special album that I I love particularly, there's a medley of some of their real old stuff. And one of my favorites on there. Oh, to a gym teacher. And I know we play that to death here because I love it. But tonight we're going to be playing and we have been playing a lot of requests. If we have something here, we'd be glad to pet play at some time during the night. We can't guarantee at the moment you call. But we'd like to play it if if you request it. If we don't have it. We'll be straight with you. And tell you that we know and tell you that we don't have it and ask you if you got an alternative and we'll try to do we try to work something out. So if you're interested, you know where to call us at said jam KPFT and this time, we're gonna go to something a little more upbeat and was requested by Diana before she left she wanted to hear French bitch by Miss Tourette. survive in this
