## SPEAKERS

Buddy Johnston, Jimmy Carper

---

 Buddy Johnston 00:00

Usually I don't like copycats that new songs. But this is really nice. Yeah,

 Jimmy Carper 00:05

boy, this is pretty.

 Buddy Johnston 00:08

This is brand new from the album what's inside Richard Elliot on the sax and wow think John Lennon would approve of that. That's beautiful stuff. And

 Jimmy Carper 00:38

I almost hate to talk over it?

 Buddy Johnston 00:42

Well, I don't because that's what we're going to do right now is talk, anybody's got anything on their mind, you want to hear five to six 4000 Or five to six KPFT? Well, I just wanted about the economic summit and what you could say to people like George Bush and Margaret Thatcher and the leaders from Canada and Germany and France and Japan, Japan and the European community as a whole. If you could just sit down with them one on one and say, Hey, Imagine all the people of course, we know that's not going to happen. But just in case George couldn't sleep and he's up right now listening to the radio 90.1 FM and KPFT is after hours. We've got a

few things to say to him this morning. So call us up widget five to six 4005 to six KPFT. We'll open the phone lines and see what's on your mind. What does that mean? What's that mean? What is that? What is it Ciao, it's

01:44

just a reminder for anybody who hasn't seen any of the publicity or if you have tomorrow is the International march to cure AIDS. Now we're going to talk about that too. But go ahead. And just some particulars if anybody wanted to jot them down the march begins at 11 o'clock at the corner of Texas and Smith now that's downtown near the alley theatre. The March follows the old rodeo March route and ends at City Hall there's a rally beginning at one o'clock with speakers there will be international press coverage and this is your chance to join people who have come in from all over the country and other parts of the world participating to make a positive statement asking for international cooperation to help get rid of this disease and so the eyes of the world will really be on Houston tomorrow so if you can be there to make a difference you should really make the effort

J Jimmy Carper 02:47

there you go cure AIDS now

B Buddy Johnston 02:50

the march begins at 11 o'clock 11 o'clock rally at one URL

J Jimmy Carper 02:57

I know that's a little early for us.

B Buddy Johnston 03:00

But I'm gonna Well Mary We marched in that parade and through beads That's

J Jimmy Carper 03:04

right. We did it for pride we can do it for AIDS five

B Buddy Johnston 03:08

to six 4005 to six KPFT Jim Yeah, hello, how are you? Hi. Oh really? Okay, well know what's on your mind this morning. Oh no.

03:21

The question was what was the state of the world leaders

03:31

how's he sleeping?

03:33

I definitely the body

Buddy Johnston 03:37

after The what now? The Bobby Sands incident

J Jimmy Carper 03:47

or let you fill us in on that because I'm not familiar with it. No, I'm not yeah

B Buddy Johnston 04:12

what was he What was the hunger? What was his hunger strike for and protests for?

04:18

Political prisoners.

B Buddy Johnston 04:21

Okay. And he died what would Margaret Thatcher say you wonder she's also in town. I know.

04:42

She claims a return.

B Buddy Johnston 04:46

What a lot of people say you're terrorists when they don't like what you're doing. What part of town are you calling from Jim? Well, listen, thanks for listening. Five to six 4005 Two six KPFT  
after hours this morning open up the phone lines for you

after hours this morning open up the phone lines for you.

J Jimmy Carper 05:04

A lot of people would consider us terrorists. Certainly do chan call this criminal radio.

B Buddy Johnston 05:09

Homosexual criminal radio area. Yeah, part of what I'm tired about bummed out about this morning, I guess, is being the company queer. I don't like it at all. I mean, I don't mind. But when you see men that you know, may be gay. It's just really a bummer to not be able to talk

J Jimmy Carper 05:30

to him. You know what I mean? Maybe it has to start with the one. Well, I don't like being the one.

B Buddy Johnston 05:35

And everybody knows I'm the only queered HPD. Right, five to six 4005 to six KPFT. That's the number to call Theresa.

05:47

Hi, honey. Oh, Hi, baby. I think they should hear unleashed.

B Buddy Johnston 05:53

No kidding. Yes, Theresa Monae? Yes, it is. Well, how are you?

05:57

I just called to tell you, I had a fabulous time doing your show this evening. Really?

B Buddy Johnston 06:03

Did you hear your song a few minutes ago?

06:05

Yes, I did.

06:08

I just wanted to call in and say you guys are doing a great job. Thank you.

J Jimmy Carper 06:12

Thank you. Boy, it was fun having you on

B Buddy Johnston 06:15

did you get down to Mary's after the show?

06:17

I swung by for just a moment. And then I ran him so I could turn on my radio.

B Buddy Johnston 06:23

They said Mary's

06:25

Well, you know, it's Mary's What can I say?

B Buddy Johnston 06:28

So they enjoyed it.

06:32

Oh, yes. Everything was wonderful. Good

B Buddy Johnston 06:35

luck. I'm sure we'll be having you here more often. I'll just give me a call. Thanks. Maybe we will. Okay. I love you.

J Jimmy Carper 06:43

Love you. Take care, baby.

**B** Buddy Johnston 06:45

Bye. Bye. Teresa Monet. That's our music we heard. And we will hear good stuff five to six 4005 to six KPFT. That's

**J** Jimmy Carper 06:54

the number to call what's on your mind? cure AIDS. Now

**B** Buddy Johnston 06:59

Rob said that he mentioned the cure AIDS now benefit to one of his friends today. And they didn't like the idea of a gay March or something? Yeah.

**J** Jimmy Carper 07:07

Yeah, I thought Rob would be wasting his time doing that that wouldn't get him anywhere.

**B** Buddy Johnston 07:14

There's a there's a man at work who I know is as queer as a \$3 bill, a policeman. And he tells his friends that I'm out of my mind for doing this show. Girl come out of the closet.

**J** Jimmy Carper 07:29

This friend of Rob's is you know, in the bar every night doing nothing else.

**B** Buddy Johnston 07:38

Five to six 4005 to six KPFT. Now

**J** Jimmy Carper 07:42

I don't want to go into the bars is is kind of a pastime. It's our, our outlet. And it's fun. I do it myself. But I don't want to live my life. In the bar. There's other things?

**B** Buddy Johnston 08:02

Well, you know, the bar, the bar, the bar. That used to be the only place we could go to bars and meet men and meet each other and meet women and whatever. But it's not that way anymore. And then the bars that scream and yell the loudest about wanting to do things for the community claim they do, but they don't.

J Jimmy Carper 08:20

It's the ones that don't talk about it that are doing the most.

B Buddy Johnston 08:24

I mean, one in particular, just patting himself on the back all the time about how he's doing such wonderful things for the gay community. And in fact, he even got an award for it child. But I remember when we did the Harvey Milk rally in front of City Hall, he couldn't hardly scrape up enough money to let us have what we wanted. And yet I read in the paper that he donated 400. Or hey, wait a minute, he didn't donate? No, no, he paid \$400,000 Plus in liquor tax last year. Now it doesn't take much of a mathematician to take \$400,000 and figure that if he's paying that much in tax, that man is selling some booze over there. And we won't mention the name of his bars, although they're all on Pacific streets. Right on the corner. I wouldn't mention his name. Anyway, five to six 4005 to six KPFT. I guess nobody has any. But there's a

J Jimmy Carper 09:20

lot of bars out there who do do do good work for the community. And it's true. hold fundraisers for organizations who otherwise have no way of getting money to run themselves like the switchboard. There's been several bars that have been really good about holding fundraisers. There's a country in western bar that donates their patio all the time to different groups and has fundraisers there all the time. They they do a real good job and they should be proud of themselves. And like I said, it's the bars that don't talk about it most

B Buddy Johnston 10:06

in the beginning and even now so much sometimes those are the places where the funding comes for from AIDS groups and things like the Colt 45. When they don't all these big, big rich bars on these big streets aren't given tons of money to help us. Now, way baby, they're lining their pockets just like everybody else.

J Jimmy Carper 10:26

Hey, and don't forget the people who were there at the beginning to help raise money. The drag queens Oh, yeah. Yes, the quarter of the single star and the entire Empire who does nothing but raise money for charity? Crazy, and I think it's wonderful.

B Buddy Johnston 10:47

Buddy Johnston 10:47

No, I mean, it's crazy that we have to work so hard. Because here it's almost four o'clock blues for you comes on and I have to go home and get in bed all by myself. I mean, I'm I'm not a Chippendale man, but I'm thinking I'm cute enough to get somebody. But you can't get anybody without playing all these damn games and everything. And I think that's a shame. You know what I mean? I do such a shame. To waste. You just run around in circles and you don't ever get anywhere. It seems like Hi, baby. Hi, Matt.

Jimmy Carper 11:23

Oh, great.

Buddy Johnston 11:25

Did you have a song you wanted us to play?

11:29

I don't remember the name of it. It was

Buddy Johnston 11:31

last emotion.

11:32

Yeah, exactly. Because this afternoon whenever I got on the bus on the work I dropped in off a laundry mat. All straight people and

Buddy Johnston 11:44

kids. Oh, really? Yeah. Was he listening now?

11:50

I don't know if the internet because we don't have a phone right now. Communicate at night. But the reason I was calling is about the cure AIDS now. You know, just wanted everybody to go out there and show the Houston was the Estonians concerned about finding a cure for AIDS. The rest of the world it will look really bad. We had all these international people out there and you know, just a few people from us.

Buddy Johnston 12:21

J Jimmy Carper 12:21

And that's right. That's right. I may have to join that parade and progress. I mean, 11 o'clock a little early for me, but I'll be there.

Ω 12:33

Well, I really enjoyed the Monet her music.

J Jimmy Carper 12:38

Yeah. Good stuff. Yeah. We were really excited when she she came came in with it wanted us

B Buddy Johnston 12:45

which one of the songs did you like the best or did you have a favorite?

Ω 12:51

The Blues when she did?

J Jimmy Carper 12:53

bad really bad doctors. Yeah, that's my favorite to

B Buddy Johnston 12:58

pretty hot stuff. And yeah, certainly was. She's a very talented lady. Yeah. Well, we'll be hearing more from her for sure. Yeah. Well, you want us to play this song for Ben.

Ω 13:08

Yeah. You could play the one by Linda Neff. Iavner for rally people.

B Buddy Johnston 13:16

That's cool. We'll play this one for you and Ben right now. Okay, so he didn't hug you at the bus stop tonight.

Ω 13:23

Well. he wouldn't give me a kiss.

B

Buddy Johnston 13:26

Next time just grab him by the rear end and pull them up there to you and give him a big extra column take care five to six 4000 up to six KB of T that's the number to call. Do you have anything on your mind this morning? Shut up. Because Ron and Paul. Those queens are have lots on their mind, but they're not going to get to say it right now. Okay. Michael? Yes. Thanks for hanging on baby. What's on your mind?

♂

14:08

Emotion Dan, we're

♂

14:09

sitting here talking and he told me about the economic summit. Yeah, we decided that Houston is the economy

J

Jimmy Carper 14:20

Well, that's a true Yeah, good point. And

♂

14:25

like tears Morrison that gay youth

J

Jimmy Carper 14:30

we went to

B

Buddy Johnston 14:32

we're gonna have hatch on in a couple of months. Maybe not even that long. Have you ever heard of hatch? Nope. It's a group. Yeah. What is it? How does it send for Hatch

J

Jimmy Carper 14:40

Houston area team Coalition on homosexuality. Okay,

B

Buddy Johnston 14:45

Buddy Johnston 14:45

they're a great group that will have mine and not not the mayor. Not too far from now. We'll have more. Okay. So you need to stay tuned for that. Alright. Okay. Bye KPFT

∅

15:00

Good morning. Hey, thanks for holding

J

Jimmy Carper 15:01

on. Hi, Uncle Stan,

∅

15:03

this is Uncle Ken, how are you doing by now? He's doing good to hear from boy.

B

Buddy Johnston 15:09

Wait a minute, right. No personal phone.

∅

15:13

I'm calling in regards to the economic summit question. Oh, yeah. And I was just, I was thinking we have the other economic shows. I think next year we should have the HOMO Economic Summit. And we should let people know how much cost when people are you know, have a and how much you know, strong the gay dollar is

B

Buddy Johnston 15:48

that's the truth. I think we should do that tomorrow though and not wait till next year.

∅

15:52

I wish I could do that. I really do. I don't understand. You know, why we can't have a homo economic summit if we have homo erotic art all we must obviously have homo economic. I never had it in high school. But there must be homo economics out there somewhere. They teach

J

Jimmy Carper 16:13

it on Madison Avenue if you think about it, because a gay man or even two gay men living together have a whole lot of disposable income. Yeah, so who do you think all those that

advertising for polo and Cologne and all of that's geared for

16:32

there's all are out there and you know, our dollars go to pay for a lot of a lot of medical expenses and, and everyday living expenses that I think that the rest of the country or the other countries understand that there is power. And the gay dollar

J Jimmy Carper 16:58

is a lot of power. And we've proved that with boycotts. The biggest one being of course, the orange juice. Yeah, the day when we stopped buying. They felt it. And what?

B Buddy Johnston 17:12

What work what part of the city you calling from? Hi, good. Oh, hi, listen. Thanks for calling.

17:19

Thank you for talking to me. Sure. Maybe

B Buddy Johnston 17:21

five to six 4005 to six KPFT it's about 27 minutes after three. Good God already killed 33 more minutes.

J Jimmy Carper 17:32

I look at it the other way. We only have 33 minutes left.

B Buddy Johnston 17:35

Oh, yeah, we'll be

J Jimmy Carper 17:38

then the blues bra. Oh, no, I

B Buddy Johnston 17:40

can't wait for that. Ladies do some das. Hell of a hell of a radio show.

J Jimmy Carper 17:45

They're in there. Right now picking them out for you.

B Buddy Johnston 17:49

Yep. Five to six 4000 Or five to six KPFT lost emotion. I was wondering if there was a cop out there that could call up and say he worked for HPD I doubt it. But I mean, you'd have to be a gay cop. just anybody? Listening? Christ. Jim, yeah, yeah, um he had this question. Yeah. About what we asked. Yes. The members

18:28

are you excelling out?

18:32

On on environmental issues?

B Buddy Johnston 18:34

Well, that's a good question.

18:36

Lauren. Okay.

18:39

I'm just curious. You know,

18:41

I don't know the answer.

18:45

Maybe one you listeners

J Jimmy Carper 18:47

got so many problems going on with the French English problem. That's a

B Buddy Johnston 18:51

true. Thanks for calling Jim. What kind of what part of the city you call him from? Great. Five to six 4005 to six KPFT. That's the number to call.

J Jimmy Carper 19:04

That is a problem in Canada. Oh, God. It

B Buddy Johnston 19:06

is a problem all over the world. I saw a report on CNN yesterday, I believe it was talking about all of the animals that were extinct. And those that were disappearing, and it's pretty incredible. What's not around anymore. It's pretty sad. Really when you get down to it, Mike?

19:23

Hey, buddy, how you doing?

B Buddy Johnston 19:25

Fine. How are you?

19:26

It's fine. Listen, I've discovered a topic for economic boycott and CNB back, why is most which the initial standpoint North Carolina National Bank

J Jimmy Carper 19:40

that's Yeah. Geez. Are you serious? Yeah, they bought out all of the tech that banks folded.

19:46

Yes. Who are financing.

J Jimmy Carper 19:50

Jesse Helms? Yes. No. Yes, I

∅ 19:53

read it on this week's twit. Child withdraw from NC NB Everybody,

B Buddy Johnston 20:00

can you believe that? That's a shame. You know, that private hasn't

∅ 20:04

made headlines on the Montrose activity.

J Jimmy Carper 20:08

Lawyers and now I have to pull out and I will.

∅ 20:12

And I wish word would spread out to everybody because I'm thinking about setting up some fires on this and distributing it to all the bars and all stories and everything. You've said somebody

B Buddy Johnston 20:19

needs to know that I'm pulling one out two weeks. That's incredible. Thanks for bringing that to our attention. But yeah, God bless Holly. Five to six 4005 to six KPFT Good God, imagine if Jesse Helms gets back in there. Yeah. Girl, that queen is really screwed up. I mean, her hair is on too tight.

J Jimmy Carper 20:45

I'd have real sick bitch.

B Buddy Johnston 20:49

Five to six 4005 to six KPFT I wish that Vice President Quayle was listening. I would like to ask him a question this morning. Oh, Are you stoned? Are you just stupid now?

J

Jimmy Carper 21:03

You know, the wonderful thing about the US is that we can say that

B

Buddy Johnston 21:06

well, we can say that now. But Jesse Helms would like to put a kibosh to that. Maybe they need a constitutional amendment to you know, control those radical radio people. Type 264 1005 to six KPFT blues for you coming up in about half an hour. It's going to be some great stuff. Oh, yeah, she's barefoot already got some great music. So you need to, you need to just get ready for that. Nicholas. How are you? All right. How are you? I'm tired. Oh, my. What's on your mind?

♂

21:42

The traffic down in Houston? Yeah. Economic Summit.

B

Buddy Johnston 21:45

Oh, you mean that? Yeah. Because I work for the police department. And I read a bulletin yesterday. And all the freeways and things that are going to be closed. It's crappy. It's pretty incredible. And

♂

21:58

it's just a waste of time.

B

Buddy Johnston 22:00

Well, I gotta get those wheels here in there. Without all of us little bitty spokes getting in the way

♂

22:06

ever we support them. Possibly.

B

Buddy Johnston 22:10

Isn't that crazy? Right.

J

Jimmy Carper 22:11

J Jimmy Carper 22:11

I guess they look at it is it'll be a small inconvenience for the money that's going to be brought into the city

22:19

and what when you gotta go? Yeah.

B Buddy Johnston 22:24

Tell him to come in child. Yeah. Five to six. 4000 purchases. KPFT. Nicholas are part of the city. You call him from? Spring. up there with the Birmingham.

J Jimmy Carper 22:35

Yeah. You'll be stranded for a few days. They opened

B Buddy Johnston 22:38

up a new part of the toll road today. Didn't they didn't open this morning, I think. Yeah. Helio Huey Lewis and the News are out there yesterday.

J Jimmy Carper 22:46

Yeah. Huey Lewis in the news, we're opening a toll road sung

B Buddy Johnston 22:50

on the toll road. There are about 100,000 people out there. Judge Lindsay was throwing popcorn at the crowd. But it connects to 90 with 45. Oh, no kidding. Yeah. So you can get to the airport in like, 15 minutes now. Hey, that's wild. Yeah. Thanks for calling. Spring. Okay. Five to six 4000 Or five to six. KPFT who's outside? That drove away. Goodness. What a shame. Maybe they were looking for me. Maybe they weren't looking for me. Are you cute and hairy? Pretty cute from this distance. So turn around and come back to five to 65738526 KPFT.

J Jimmy Carper 23:30

We got to put this girl to bed.

B Buddy Johnston 23:31

I'm tired. I'm really worn out because we went to Florida the week before last I came back had

a union meeting last Sunday. I had to get up and be out there like 930 Oh, God.

J Jimmy Carper 23:44

Oh, how's your puppy?

B Buddy Johnston 23:45

He's great. I

J Jimmy Carper 23:46

know. So he tore up those curtains. Yeah, well scratched the hell out of that door. Yeah, but after I you know, I was watching your dog while you were gone. And if you aren't doing a very good job. Well, I didn't say I was gonna spend the night at your house girl. But after I took them for for some rides and stuff, he calmed down. He's such a sweet puppy. He really and it was just that he missed you. Probably so see.

B Buddy Johnston 24:13

And you know what? That crazy dog won't eat unless you're in the kitchen eating? Uh huh. Isn't that Wow. Isn't that I want to he wanted to get out find somebody with five to 657385 to six KPFT talking about the economic summit and cure AIDS now March and Jimmy's just making faces like what the hell are we gonna do now?

J Jimmy Carper 24:35

That's right. We need to play a song here. Yeah, we don't want to play your song. Okay, we're not gonna play it so

B Buddy Johnston 24:41

I was just waiting for the phone to ring I guess nobody's got anything else to say. Oh, girl. Let's go home. Let Kathleen start early. Think she would because I am really out of time over this. Especially nobody wants to call let's Go home girl. I bet they wouldn't miss this anyway.

J Jimmy Carper 25:04

Yes they would

B Buddy Johnston 25:09

— baby Where are you when I need you?

J Jimmy Carper 25:12

What do you know what's going to be closed?

B Buddy Johnston 25:15

I have no idea. I haven't really kept up with it. They were supposed to be in the paper

J Jimmy Carper 25:19

they said I'm just no Montrose boy, so I figured that didn't matter.

B Buddy Johnston 25:23

I'm not going out of mantras for the next three days so I don't care what they do.

J Jimmy Carper 25:29

I only do it when a half 252-657-3852 6k

B Buddy Johnston 25:30

p f t that that's the number to call and so that line Mary, see if they want to get on the year. Go ahead. Pick it up, though. Don't just

J Jimmy Carper 25:43

while I know that's right here KPFT say she's

B Buddy Johnston 25:47

on the phone now with somebody. In the background, we're listening to new music from neurotic records. While actually it's an irata. Peter mon and warm sound and a gray field. Brand new stuff. I got this down at the old record shop tonight that smacking is some gum that I'm chewing I wish it was other things that I was chewing but no such luck job. Got to go home and do it all by myself I like the way this is starting out five to 657385 to six KPFT What was that all about Mary?

J Jimmy Carper 26:54

Listener just thanking us for being on the

B Buddy Johnston 26:56

air. And he or she didn't want to get on the air. No. What a shame.

J Jimmy Carper 27:01

Well, it's, you know, he is this kind of, it's so late. And it's amazing that you all are so coherent.

B Buddy Johnston 27:10

Well, actually, we're not this is taped. This is a tape playing. And there's one crazy fool here in the middle of playing the tape for you.

J Jimmy Carper 27:19

No, no, no, no, we're most of us.

B Buddy Johnston 27:23

Do you think? Oh, excuse me? Yeah. Well, it's called 911.

J Jimmy Carper 27:29

How charming.

B Buddy Johnston 27:30

Do you think that a cop is ever going to call me Jimmy? Ever? To do what? To talk to me about being gay? Marry?

J Jimmy Carper 27:39

Yeah. It'll take a while and not when you are expecting it. They're not going to call when you're asking for it. Whoa, that's a true, you know, it's like asking for it for years like meeting a husband. You know? I keep saying you find them at Kroger's. Mary, when you got your hair in curlers and you look like hell.

B

Buddy Johnston 28:02

I'm gonna go home with Kroger.

J

Jimmy Carper 28:05

Well, those are going to be the smallest curlers in the world because you got a flat top.

B

Buddy Johnston 28:13

Five, how will your hair don't look too good either. Five to six 4005 to six KPFT we're waiting to hear from you. I wonder if those are for us. Girl and find out. Now I better find out. Wait a minute, here comes Richard. Ah five to 657385 to six Kpf T Kip? Yeah.

J

Jimmy Carper 28:40

Hi, how are you doing?

○

28:42

Pretty good.

B

Buddy Johnston 28:43

What's on your mind, baby? Well,

○

28:45

I wanted to, to address something that I see it all the time when you're watching the national news. And they're talking about, you know, problems and other countries and, you know, like, earthquake, they just had an Iran that everyone, you know, spend all their money, you know, sending aid and blankets and all this and, and the countries spend all this money to help these people. And sure these people needed help. But don't you think there's there's bigger problems on your own doorstep? You know, that you have to take care of before you can take care of these things?

J

Jimmy Carper 29:18

Yes, but it's a matter of when an emergency like that happens a catastrophe? Well, you just feel you want to go that extra step to help somebody because you'd like to think that if a hurricane came through Houston and knocked it all down that that people would do that for you.

29:39

Right and I can agree with something like that. But I'm talking about like, all these aid packages that go to people and helping governments that are just forming together their new economies and everything. You know, there's a lot of problems here, you know, a homeless, oh, yeah, all those problems and it's just like, and the thing is here in US in cleaning up the town and everything, and they sweeping everyone under the carpet for this summit for the summit. Yeah, you know, and then what's going to happen when it's over? Is that all the garbage is going to come back out? Well, that's the truth. Nothing will have changed, everything will be exactly the same as it was.

Buddy Johnston 30:17

Where that is the truth. Yeah, but

Jimmy Carper 30:19

we'll get a shot in the arm of money into the city because of all the people who are in here, coming into the city and newscasters and all these other people that that's the plus for us.

Buddy Johnston 30:35

Listen, what part of the city you call in from

Jimmy Carper 30:37

a leaf? Whoa,

30:40

5265738. Hello. Yeah. I wanted to talk to you wanted what? To talk to them? They asked for an HPD officer to call on? Yeah, I am with the Houston

Buddy Johnston 30:57

Police Department. Oh, really?

31:02

I had something to say about it all. Okay, what's that? Well, I wanted to say, all y'all talk and say about all this stuff about now the AIDS and all that. And I wanted to know why more people didn't get out there and protest it and fight it and everything.

 **Buddy Johnston 31:19**

The same reason that people that are gay in the Houston Police Department never come up and talk to me because they're scared.

 **31:26**

But if it's wiping out a whole population of people, and they're you want people out there to still be gay and everything, then people need to get out and start protesting and forcing the government to do something. Because right now the way the government looks at it, is it is against disease. And in their eyes, they're wiping out a population that they don't care too much for it anyway,

 **Buddy Johnston 31:49**

that's the truth. But Harvey Milk said it and we play it every week, we must continue to speak out.

 **31:54**

But you have to get out there and protest it and fight it, you need to get on the media and more, you know, because right now, as long as they think it's a gay disease, and they don't think it affects the rest of the population, but they don't let it go on.

 **Buddy Johnston 32:07**

They don't want to talk about gay people. I mean, here I am openly gay in the police department and that media won't even talk to us.

 **32:16**

Let's say you have, you have a right to free speech and you have a right to be on the media as much as anyone else. We're doing it and

 **Buddy Johnston 32:24**

don't forget, we're doing that every question.

 **32:27**

I never see it on the news.

 Buddy Johnston 32:29

You won't either. Because the child we push it all we

 32:34

can you make the one media station will eventually pick it up because you're making enough commotion.

 Buddy Johnston 32:39

Maybe you're right, we'll try. We'll keep trying. That's all we can do.

 32:43

I have nothing against gay people. You know, I think it's all right, what they stand for, if that's worked for them, but I think they need to stand up more for their rights. And if they really believe in what they say, then they need to fight for those rights. Are there any gay people at HPD? There's quite a few of me, none of them are gonna come out and directly say they're gay, because you can't even get on the police force. If you are gay. And if you're admitted, if you admit to that openly, you cannot be on the police force.

 Buddy Johnston 33:10

How do you explain the fact that I'm there as a dispatcher,

 33:12

you are there? But are you on the force itself?

 Buddy Johnston 33:16

You mean a commissioned officer? Yes, of course not.

 33:19

Okay. That's what I'm saying. You can be a dispatcher, or you can be security, you can be any of that. But you cannot act just like you cannot be in the army.

B Buddy Johnston 33:27

There are gay, you're gay. But there are gay people in the army. And there are gay people in the police department. Right? That's right. But they must speak out.

33:36

They should have a right to be what they are still choose a profession of their choice. And they can't do that. They have to speak out. That's right. But they're not going to do that. Because then they it's their job.

B Buddy Johnston 33:47

They can't fire us all.

33:50

The majority of them aren't gay, though. So they'd be wiping out what they would consider a small population. Just like with AIDS, they're not overly just to fight this, because it's to them. It's a small population of people they don't care for

B Buddy Johnston 34:04

if you follow the Kinsey reports from the 50s. And the 10% thing, right has not changed. If you follow the Kinsey reports from the 50s. And the 10% idea which everybody believes in most of the medical community accepts that 10% of the population is gay. That means that they're between 30 and 40 million gay and lesbian people in this country today. They can't fire 30 or 40 million gay people, maybe

34:30

out of those 30 and 40 million, how many do you think are in jobs, that they that you cannot be a sex of your choice?

B Buddy Johnston 34:37

We must destroy the myth. We must continue to speak out until we do none of us are going to ever get anywhere. That's right. But that's why you need to connect with them tomorrow. If 30 million gay people stood up and said we're gay. They couldn't fire everybody.

34:53

No, they couldn't. But out of those 30 million, maybe 10% are going to be actually in the army

or on that

 Buddy Johnston 35:00

for a lot more than you think. And they can't fire everybody.

35:06

So watch them try.

 Buddy Johnston 35:07

Let me ask you a question. Let me ask you a question. Does the Constitution protect us? No, no, no, no, no, no, no, that's not what I asked you. Does. The Constitution protects us as gay.

35:21

It does protect. It's supposed to protect every single

 Buddy Johnston 35:24

question. This is a yes or no question. Why doesn't it?

35:29

Why doesn't it? Yeah. Because rights are taken away left or right. Because

 Buddy Johnston 35:32

no, that's not true. It doesn't because people don't claim those rights.

35:38

That's why people don't speak out for more people. Why don't y'all get more people to sit down? Why don't you continually speak out? We do letting them force you off.

 Buddy Johnston 35:48

We do. You tell your gay friends at HPD to call me to call me. Okay. We must continue to speak out and they can't fire us all. And the question is, does the Constitution protect us? Yes or no? Yes, it does. Only if you stand up and claim it. That's what we have to that's for anyone. It's five

to six 4005 to six KPFT. We'll play about 15 minutes. Hello? Yeah, yeah.

⌚ 36:20

I'm calling back.

⌚ 36:22

There's alternative idea where we get

B Buddy Johnston 36:35

I'm not really sure. But we'll look it up and see if we can find it. Okay, thanks for Colin. One of the schedule for the toes Summit. Ah, five to six 4005 to six KPFT. That's the number to call blues for you with Kathleen and the ladies. Correct? In just a little bit. In fact, there's Terry now. Yeah, she's here. 526-573-8526 KPFT. That's the question. Does the Constitution protect us? As gay and lesbian citizens of this nation? Yes or No? If the answer is yes, well, then what's the problem? If the answer is no, then let's tear it up and start all over five to six 4005 to six KPFT. That's the number to call. By clays leaving.

J Jimmy Carper 37:37

hadn't seen him in a long time.

B Buddy Johnston 37:38

By the way. This is Sunday. July the eighth. Oh, a

J Jimmy Carper 37:43

bit of trivia. Yeah. We missed the nifty numbers.

B Buddy Johnston 37:46

What? Numbers? 777?

J Jimmy Carper 37:50

No, no, no, no, no. It'll be coming up at noon. Which is what? at 1234 and 56 seconds on 789. D. If you put it all together, it's 1234567890. Girl. I stole that

**B** Buddy Johnston 38:15

from the twit. I'm too tired for that.

**J** Jimmy Carper 38:17

I thought I thought that was later on. I meant to mention that 1234 and 56 seconds. But Theresa Monae was on and

**B** Buddy Johnston 38:27

singing her heart. And it just blew me away five to six 4005 to six KPFT. We'll get a couple more minutes for phone calls. Then we can go home. We've had some good calls. Yeah. Get some good people that listen to us.

**J** Jimmy Carper 38:49

I'm not too thrilled about the traffic situation. I'm not either, but there's nothing new about it. But I liked the idea of the money coming into the city. I don't know exactly what good this economic summit thing is going to be or what it's going to do. Or I was talking to a woman earlier here at the station, who had been to the big press conferences and they get all these kits and she said it's amazing. Nobody has to go anywhere. They just get all these press kits and go back to their her hotel room and write up the stories.

**B** Buddy Johnston 39:29

It's called Media. Isn't that incredible? 5265738 about two six KPFT it's nobody else I didn't mean to say girl. Well, it is 10 to four in the morning. So can we end this?

**◊** 39:44

Well, I think

**J** Jimmy Carper 39:46

we're gonna play something or talk about something.

**B** Buddy Johnston 39:50

Oh, five to 65738526 KPFT. We don't want to start with it Give me some music. Yeah. 526-573-8526 KPFT only got about 10 minutes tip of KPFT Hi, hi.

40:23

Hey, I'm a straight guy. Do you mind that? No, no, no. I

J Jimmy Carper 40:27

know a lot of straight friends.

40:28

Okay, well listen to show every week. Great. All right, I just want to say that

B Buddy Johnston 40:36

you need to turn your radio down. Alright, hang on

40:47

I didn't want to say, yeah, I really admire what y'all are doing. And I think that y'all really need to come out, stand up for what you want. You know?

B Buddy Johnston 40:58

I'm trying that. But it's not seem it didn't seem to work. Well, I mean, here I am working for the police department, openly gay president of this union at HPD. And doing this radio show, but here I am going home and by myself. Well,

41:11

I'm not talking about you. When I'm saying there's your listeners out there. You want to stand up? You got to get out there and pick up for what you want.

B Buddy Johnston 41:20

I see what you mean. Yeah,

J Jimmy Carper 41:21

he's talking to you out there. You

41:23

know, I'm straight. And all this new show every week. Because I admire what you all are doing so

Buddy Johnston 41:30

much. Great. Thank you very much.

41:33

You know, I'm with the all the way. What is it you like or you don't like that we

Buddy Johnston 41:37

do on the show? I like

41:38

everything. Yeah. Oh, great.

Jimmy Carper 41:41

Thank you.

41:43

All right. Thanks a lot, man. Take care. Thank you

Buddy Johnston 41:45

very much. This you want to get on the air. Lines? Three. Hello.

41:51

Yeah, yes. posted on the other HPD officer, I worked on the south side, I was talking that girl, they just call them saying she was HPD. She doesn't know what it's all about. I know that's true. Not only in the fact that I'm upset. But most of the police officers, fours that are gay are in the closet. And they'll remain that way. The fact that there's such a large amount of prejudice involved with the whole beat, I'm in the car with my buddy who doesn't even know on 12 hours a day. And the fact that we cannot be on the beat work in that kind of opposite, you know,

working day and night with the with the aggravation have with minorities blows over to the simple fact that you're also gay in the same place. And that same sort of prejudice flows in the same minority also,

B

Buddy Johnston 42:49

what do you mean, we're

♂

42:51

way in an individual who works for the police department can openly say they're

B

Buddy Johnston 42:56

gay? What do you mean 12

♂

42:57

hour shifts, working working day and night with the same officer who doesn't even know you're gay? And trying to hide that from them? And trying I mean, I have a wife, I have kids. And I'm still gay, though. But my wife doesn't know that. It's the fact that that it's possible not possibly open about your homosexuality, because of the fact that you're dealing with so many minorities, genders, and the whole paternity of HPD officers is a completely male type of masculinity about yourself. And if you feel any sort of weakness like that you're completely cut down in one sense or another. You can't let it happen. There is I don't even know that police officers are gay if I did, I can sense it. But I'm not I'm afraid to ask because there's something else that backfired on me. And I got that deep shit.

B

Buddy Johnston 44:03

Oh, hang on. You can't say things like that. You have to go. I have to cut you off because you can't say dirty words. I'm sorry. Those aren't my rules as the FCC rules. And HVD also this gay that's married that child. I know that's nothing new Jimmy but anyway,

J

Jimmy Carper 44:24

leftover from the 50s when many gay men were married.

B

Buddy Johnston 44:29

Here's a message for the leaders of the economic summit. We'll be back
