Chris Harrison, Bobby, Jimmy Carper, Matt

---

 Chris Harrison 00:00

Not to get on the mic is homecoming week. So you know, I figured I was the other reason for parade.

 Jimmy Carper 00:05

And another reason for applause is we have Dean Becker on the other line. And he is

 Chris Harrison 00:15

a winner. Or their dean,

 00:17

I'm here. Good. Good. congratulations.

 Jimmy Carper 00:18

Well, thank you so much on the Houston press award.

 00:23

Well, it kind of shows KPFT is on the right track, I think, wow. Yeah,

 00:27

we did well, there we scarfed three of them. Yep.

00:31

You can't beat it with a stick. That's right. You know, it's really getting kind of scary to me, the Mexican cartel style democracy is moving up into the states. And, you know, the several things have happened. In this regard. There's one is went on down in Laredo, excuse me, El Paso. There's a man down there his name, his nickname is LELO. And he was responsible for burying bodies that were killed by a drug cartel. And down there, he called in the grave diggers paid the killers notified the cartel contact, and sometimes his us agents. He was working as an informant for, you know, the Drug Enforcement Agency. Yeah. And yet he was arranging killings, of cartel members and such and just reporting it back to the the US officials as part of doing business in this drug war. And they're, they're investigating it. And of course, there may be indictments, etc, they may figure out that what he did was wrong at some point. But it's kind of scary that these guys can get away with this. Yeah, and call it, you know, maintaining justice, or whatever the heck they call it. Our northern neighbor, Vancouver, they just celebrated the one year anniversary of their injection sites. And they there's a good report card, they have 24 hour service to meet demands, and a plan to expand and include crack cocaine smokers next. And they have done this and those involved in this project, there have been no overdose deaths, because they have had daily access to medical personnel, so they infections don't build up their health, you know, remains intact. And it just shows that, you know, compassion has its place. Maybe these people need help, and certainly to get off of hard drugs, I you know, but they also need a little compassion, little respect. And that helps lead people to that day when they make that decision for themselves. Yeah. Here's a report that Mr. Putin out of Russia says the Afghan drug trade is exploding in Russia now. And that the US forces in Afghanistan are doing almost nothing to stem the flow of drugs into his country. As you your audience is well aware, I've mentioned this several times that the growth of heroin or the opium poppies in Afghanistan has exploded, yes, too many times over what it was under the Taliban rule. And it's a payback, if you will, to the drug lords over there who almost caught Osama for us. One last story I wanted to report on here from this is out of hilltop in the newspaper in DC, and they're saying the prison industrial complex is growing so fast. And as we're well aware, it has we have well over 2 million US citizens in jail at this point. We have 1.6 million nonviolent drug users arrested every year. But the predominant number of those being arrested are Blacks, and Hispanics way way out of proportion to their representation. And it's it's a terrible situation. But the good thing is there are little nuances of that pop out once in a while, like the fact that they've now determined for the third study in a row that marijuana is good to shrink certain tumors. Yes, or take that particularly cancers of the brain and that are hard to cure under any other circumstance. See, I wanted to let y'all know that this coming Tuesday, Hitachi has given me the earth 101 time slot. Oh, and I'm I have if I read them right quick. I have eight guests Marsha Marsha Rosenbaum Drug Policy Alliance, Deborah small of breaking the chains. Dr. Donald Evans who's written a book mis education to incarceration, Bruce Merkin of the Marijuana Policy Project. Philippe Lucas will We'll give us a call from the Vancouver Island compassion club. Debbie and Lorraine Jeffries, who will talk about their 10 year old son whose medicine was stolen by the federal government, Judy appel, the Legal Affairs Director of the Drug Policy Alliance, and we'll hear from Katherine Austin Fitz. And she'll talk to us about how we can get involved in changing our community by going after the organizations but by going after the people who run them, yeah. And then Tuesday night cultural baggage show I have Bill Hildebrand from parents against prohibition, Robert rebellion from parents and educators for ending the drug war. And Paul Wright, the editor of prison legal illness, and should should be a

good busy Tuesday, a lot of good information. And the one thing I would once again ask is that people pick up a PIN, click those keys and write a letter to their congressman, give them whatever reasons you want. There's plenty to choose from, but give them reasons why they should end this drug war. And having said that, I want to congratulate you guys and KPFT for being the best damn radio station.

 Jimmy Carper 06:12

Thank you. Thank you. And good luck, your show is now syndicated. And, man, I mean, people are knowing you all over the world.

 06:22

Well, that's the idea.

 Jimmy Carper 06:26

And you've worked very hard on the show, to get it there, too. I know you have put in the time you've put in the hours. And you stood on the front lines. But

 06:36

thank you, Jimmy. And it's through the support of good friends like you. And you know, others that KPFT who have that have taken me to their heart and the idea of ending this drug war as a necessity. And I thank you for that, Jimmy. You're welcome. All right. Take care. Bye. Good night, y'all.

 Jimmy Carper 06:57

My friend Dean Becker, host of cultural baggage heard every Tuesday night 6:30pm Right here on KPFT. Houston, 90.1. FM and

 Chris Harrison 07:10

at 420. In the afternoon, Monday through Saturday for this morning Drug Report.

 Jimmy Carper 07:14

Yes. I have a little editorial. And it's it's it's I don't know it's it's just the way I feel. But I think it's the way a lot of people feel. This is a little something from the triangle this week. Sticks and stones by Brent Brumley. And little excerpt here this week televangelists Jimmy Swaggart, at an apparent attempt to redirect the public's memory of his being caught with a prostitute in a hotel room, focused his venom on gay men. During a televised worship service, swaggered

said, I've never seen a man in my life that I wanted to marry. And I'm gonna be blunt and plain. If one ever looks at me like that. I'm going to kill him and tell God he died. Well, Mr Swaggart and I use that term lightly. You don't deserve the term Reverend or or anything else. Mr. Swaggart? If female prostitutes felt that way, you would have been dead a long time ago.

 Chris Harrison 08:30

You haven't seen prostitution, prostitution is allowed in the Bible. It is condoned.

 Jimmy Carper 08:36

It is not condoned in this country. Yeah, unfortunately.

 Chris Harrison 08:40

But remember, you know, that little book that's in most of your finer hotels around the world is considered better than the the Constitution the

 Jimmy Carper 08:52

he seems to think so yeah. At least his interpretation of that book.

 Chris Harrison 08:57

He probably pull it out it that's probably the one of the things he first pulled out when he got one with a prostitute the hotel pulled out his Gideon that

 Jimmy Carper 09:04

probably gotten him off but just to go on TV and say that he will kill gay man. It's like, why are people giving this fool money? Listen out there all of you listening to to the show tonight. Do not give this man money. He is not a Christian and he's not after anybody's welfare but his own and tell everybody you know to stop giving this man money

 Chris Harrison 09:38

or that song playing with their with Jesus wear a Rolex on his television show.

 Jimmy Carper 09:44

Well Mr Swaggart certainly would. Okay, some other things going on. So we were we got sidetracked. Well, I got sidetracked there with my editorial and that was wasn't editorial. I have

wanted to put in their mind. Some of the things going on in the community. Anything else? I didn't have anything else? Now you read all of yours? Yeah. Oh, what is there? Someone? I'm

 Chris Harrison 10:14

sorry. I do have this one. Well,

 Jimmy Carper 10:16

there's some stuff going on with South Beach. Because October 9, they're having DJ Bret Henrickson in for a special show on Saturday, October 9. And, you know, I'm gonna be the first to say, I don't know. DJs. So, you know, okay. That's the way that goes. And there's something else going on here. You know, it's

 Chris Harrison 10:47

a lot of stuff coming up. This is awkward. I mean, we're coming October.

 Jimmy Carper 10:50

There's so much going on now for the rest of the year. Thursday, October 7. celebrate the 22nd anniversary of Jr's Bar and Grill. 22 years. Oh, my God. I wasn't there. The first year they were open, but

 Chris Harrison 11:09

there wasn't a gap there pretty. Yeah. I couldn't be there. Yeah.

 11:16

Shut

 Chris Harrison 11:20

up the laws. Were bad back then. Just thinking about it. Jr's was older than most of the people we had in the room. Were the first segment. Yes. Oh, God. Most of you have. Oh, it's older than about half the people we have on the roundtable. Yeah, no, I know. Where's my walker at

 11:45

the big bucks anyway

the big backs anyway.

 Chris Harrison 11:47

You haven't had that big one.

 Jimmy Carper 11:50

 Jimmy Carper 12:39

oh, yes. I'm speaking of South Beach Saturday October 2, which is next Saturday. And it's the first Saturday of every month enter to win a free trip for two to Miami South Beach. Cool the original the yeah the one to Florida. Of course you gonna want to go this way?

 Chris Harrison 13:02

Do you really want to go anytime soon? I mean, my God

 Jimmy Carper 13:04

four days and three nights at the shell Bourne reach Beach Resort. You get airfare hotel and Grand Rounds squares for two for two

13:14

anytime between now in the next six months I think he wants to away from any Yeah probably.

c Chris Harrison 13:18

Well, unless you want to get airship to deal with the airship dealing with the special order depends coming in because those people are losing their

13:28

are you talking a little oh people in Florida again? Sure. Dang.

c Chris Harrison 13:36

Yeah, I mean, they've got they're gonna have all these natural disasters and of course the next disaster comes in November for them so but I did

J Jimmy Carper 13:42

want to mention I recall reading in the Houston press awards that the the best gay bar was south south H and J RS got the best something you

c Chris Harrison 13:54

know, that's the best drag queen is coffee. It's coffee, Jr. is is her home bar. And I've always

14:02

I know you've you've always loved she was

c Chris Harrison 14:05

the only there's only way I love coffee. Yeah, it's either on stage or an ice cream. But you know, coffee, you know, I always tell people said, you know, you don't imagine this as a drag queen of, you know, stocky black man. That's right. That's always two sets. In every show. They start playing the Jeffersons theme. And you look up there and you go, that could be Weezy. Then when they play, give me a break, and it's Nell Carter singing coffee, breaks the rule of the drag queen and removes her wig. And you look up there and you go, Nell Carter has risen from the graves right? That's right. It is is scary. When you look at there you go. It is now Carter.

14:02

Jimmy Carper 14:02

J Jimmy Carper 14:48

And coffee has been on the show before. It's been a while though. It's been a long while. We need to get her back.

C Chris Harrison 14:58

Let me see. We can do it. We'll do remote. from one of our shows, yeah.

J Jimmy Carper 15:02

You know, there's there's a lot more drag going on in this town lately. So, you know that I was talking about the Joe Jordan show, which is over at Burton NiNis, 1318 Westheimer. I believe it was. And, of course, there's always drag shows like Friday and Saturday nights at eight e Jays. And all the time it cousins and usually shows on Sunday nights at the BRB, in fact, there will there will be dragged tomorrow night there in Coker show, it's

C Chris Harrison 15:39

a popular form of you know, fundraising in this community.

J Jimmy Carper 15:44

People have their favorite drag queens and they'll, they'll go to wherever the it's, you know, their their stars will go wherever these these folks are performing.

C Chris Harrison 15:56

You know, there are some but there are some times you know, people get kind of tired of the of drag performer sometimes, because, you know, sometimes you see, unfortunately, so many of them, you don't see that star quality all the time, and you get up there and it's like, you know, they don't even know the words of the song they're trying to sing.

J Jimmy Carper 16:13

Well, you see, there's very good drag, and then there's very bad drag, and then drag is not good, but the very, very bad drag is fun, because, you know, it's bad. You know, it's bad. And you dish it all the way

C Chris Harrison 16:25

through. Yeah, like at the time I saw you try and do dry. Hey, when

J Jimmy Carper 16:30

did I do that? Oh my god, that was a drag kind of well, they

C Chris Harrison 16:34

put a feather bow around. Yeah, yeah, it was.

∅ 16:37

I still love telling this story. This song. I had no idea what was going on. Oh, yeah.

C Chris Harrison 16:42

Cuz there's something from that century. Yes. Hey. I still love telling people the story about the tip I gave you on that. Yes. Thank you.

∅ 16:51

One of those temps wasn't. Heywood

C Chris Harrison 16:52

demanded. He was onstage performing. He demanded a tip from me. Yeah, it

J Jimmy Carper 16:57

was. It was a it was a fundraiser for gkm. And the host of the show, dragged me up there and forced me to do a number and you won the raffle? I don't.

∅ 17:09

Yeah. Well, I was going to say the Pledge of corn early this year. Yeah.

J Jimmy Carper 17:14

Right. I don't do well on stages.

C Chris Harrison 17:19

And he looked over at me and puts one hand on his hand and goes, kent me dammit. So I

And he looked over at me and puts one hand on his hand and goes, kept me waiting. So I reached into my pocket and I pulled out a quarter. So he took in, he showed that quarter to everybody in that club, and just kind of holding it out. And then they're dropping all the tips into a champagne bucket. And he walks over hand still on his hip. This one just for showing up and takes it and drops it in that champagne bucket and you hear it clink on the bottom. I mean, it sounded throughout the entire blob. It was the old Briar Patch. Yes. Yes. But like but the one thing is this, you know, came the end of the night when they totaled up everything. I knew that my contribution counted because it was such and such that my dollars and 25 cents. That's

18:07

right, and it's just Max just walked in the door. Oh good. Okay, so since

c Chris Harrison 18:11

the fact you just took a quarter doesn't make you a two bit

J Jimmy Carper 18:16

presents the calling of Jericho Jones. By see Jean Montgomery directed by Judy Reeves and Elvin Moriarity. Those folks were here last week and I got to see the show this week and I was impressed. I'm here to tell you. It. It really is it. It's a tragic comedy, but it's there's more tragedy and comedy and it has the surprise ending. It's playing September the 17th through October the 16th Fridays and Saturdays at 8:30pm theater suburbia, which is located at 1410 West 43rd at Oak Forest. You can call theater, suburbia. 713-682-3525 for reservations, and it's really cheap. I suggest you you go early because as was word gets out about this play, it's going to be selling more and more and more and it may get sold out. It's very unusual play. I've really enjoyed it and I can't I don't want to tell you too much about it. But if you heard the show last week you you've heard a little bit about it. So there we go there monk, theater, suburbia, and then bearing in France on September 30. October one into is presenting knock knock who's there a musical performances will be at the bearing Memorial Church at 1440 Harold street this is a nice big fundraiser for them. And for more information call bearing at seven 1135261017 Yes. And we'll talk about the fairy gathering, which is takes place in November a little bit later, but we need to go to a piece of music or something. Because mistress Max rules is here. We do have a leather show.

c Chris Harrison 20:25

You can't beat our leather show. You can.

J Jimmy Carper 20:27

Well, well, okay. You are listening to all of this stuff on. Go ahead, you

C

Chris Harrison 20:35

do it. Oh, me. You're listening to the listener sponsored commercial free Pacifica radio for the Gulf Coast. KPFT 90.1 FM, Houston, 89.5 Galveston and always on the worldwide web at KPFT dot o RG. Thank God it took my asthma medicine I was able to do it one breath again. Really? Is that breath control that all the boys love? All righty, well, let's go to CD number one. Oh, yes, this is after hours queer radio with attitude. We started off getting ready to you getting ready for you with a little temptress crack the whip. And it's tight enough with leather saying we got a little but boy going on in the background. And mistress is ready to address her listeners. Keep the buffalo go. It's all yours. All

♂

21:33

right. Good morning. All my fellow perverts out there. Mr. Smith's rules on KPFT. I've got a bone to pick today. I either want to start an argument or get an amen corner going on. I've got a question. I want to know why white bread? Vanilla hat society is taking all of our wonderful little fetish things. And making crazy money having a good time. Yet, we can't really do what we want to do. We've got a hit show. What does that show the Queer Eye for the some kind of guy, you know, but yet we can't live together we can't love together. I'm some kind of a crazy person abusive, etc. Because people like to be on the other side of my whip. But, you know, I need many hours of therapy. Why is that? So I want to talk about that today. And me because there are I did a survey, a personal experiment where I kept a log for weeks. Logging every time I saw some type of fetish reference, either in a film on radio, or television. And I mean, I ended up with some crazy numbers. There is a large company. Actually no, it's more like a conglomerate. Actually, it's a frickin monopoly. All right, and they had this commercial guy balding in his 60s wearing glasses, you know, the open pledge short sleeve shirt, the wife beater t shirt, and he's talking about how you You no need to use this product and every you know, this particular brand of product. Then when the camera panned all the way back, homeboy is sitting on the dock with garter belt, Red Stockings, and purple platform high heeled shoes. This is a major company, a drink product, right? Hey, okay. So, and then we've got you know, lots of entertainment industries wanting to like put on what's called fetish shows fetish events, etc, etc, etc. Okay, so why the heck is that I don't want to hear from you people out there today. But you know, there's a silver lining and everything. So I think this is making a lot of people aware that this is not some spaced out weird lifestyle, whether it's fetish. You express yourself sexually with whoever you find that treats you with respect and love. It's also allowing I think, this community to come together and a certain respect. So I've got some special guests with me today. One And you know what, I didn't even ask you if I can just say your name here today.

♂

25:06

So um, it's Mike Dyk Mike.

♂

25:09

Right. So k y k and I have the lovely, lovely Michelle, who is I've met since I've been here in Texas, and she's doing an incredible job of bringing a lot of the groups together.

25:31

He made me blush. Oh,

25:33

lovely to she likes watching fetish events and really doing some amazing things. Yes, to the point where some straight Okay, hell is straight. Can I say hell here?

25:47

Straight? Yes.

25:50

I cuss like a sailor. This is really serious DOM discipline for me. To make sure I can keep just

Chris Harrison 25:58

just remember this if something slips, okay, just let it slide. Okay, then later on. Maybe the dirty will give you the dirty look. Okay, okay. All right, then we'll borrow your paddle.

26:11

That cost extra we're gonna make this a fun night regardless.

Chris Harrison 26:16

Just just just when you go through the dictionary, just make sure you skip over the F section. Our favorite part?

26:23

F a favorite. Yeah, fantastic.

Chris Harrison 26:27

Just don't say the \$27,000 FCC word. Okay. Yes.

- - -

26:34

The Super Bowl? Yeah, no, yeah.

c 26:36

Chris Harrison 26:36

Well, you can you can flash this, I'll tell you what it's doing for me.

26:43

I would love to flash ship. Come out of this anyway, I can.

c 26:48

Chris Harrison 26:48

It's close to the to the nun's habit you came in last? Only because

26:53

it's a black and white. Yeah. Okay.

26:56

It was for the Delaware ball. And yeah, they're doing an event at the end of the month, and we're following them on the 31st. So go is the place to be for that experiences.

27:03

Yes. Anyway, I know that. For instance, you know, some, you know, clubs, you know, a lot of strip clubs are contacting you, and wanting you to bring those perverts pervert, into the club. I mean, they want our business, they want our dollars, they want all these wonderful fricking things. Our support. Yeah, but they don't want us to live this life though. Okay.

27:31

20, forcing us there. Thank you.

27:36

I want to know, how do you feel about, you know, you've been around long enough to have had been in some type of a closet for a while. And now it's like, oh, bring all the leather latex free people here.

27:51

We're in an incredible new era, we're finally in an era of cross pollination, we have the ability to go in and out of the pansexual and leather community, unlike anytime before, we have groups that are actually coming to events that they would have never been at before. Maybe it's for a fundraiser reason, or just a natural interest reason. But we have the gay leather community coming together with a heterosexual community in a way that has never been seen before. And I would like to think that maybe it's a new era. It's an era of cross pollination. We have people who are coming out to our party's cross

28:29

per verb ration.

Chris Harrison 28:33

Preparation, and maybe that this ain't a Scrabble tournament, so I'm not taking

28:38

somebody look that up. It's

28:39

really amazing. We finally have both communities, we have people walking out of the pansexual community, into the litter community. And we're finally in an era where both communities are getting together, they're beginning to see people going to parties that were no longer you know, before it was very gay, very straight. Now we're seeing a true pansexual community, the Houston Community is actually mixing it up more. I'm very fortunate I host parties out of my home where we have done fundraisers for some of the local leather groups. We've done fundraisers for some of the pansexual groups. We've been blessed with a new era and let's embrace it let's take it on Okay, well

29:19

why do you think that is do you think a lot of it has to do with the media kind of putting all this stuff in in the films you know, even though a lot of it is negative? Can I talk like really badly about eight millimeter or you know what I mean?

29:37

I feel my mom even called me and said please God don't tell me that's what your interests are. You know, I am struggling to get out there

29:45

and the show the you know, Queer Eye for the Straight Guy now you've got this wife swapping. Oh, the wife swapping. Have you seen

29:56

that we can pick up our wives and move them around from other side to side which gets here too. really okay, but wife swapping is so bad. Like want to like bone someone's wife? I know that's not a bad word because I worked on the phone sex line.

30:10

But I can do you think it has to do with that? Because I think that people are a

30:15

little more open to the idea. I don't think they're ready to accept polyamory or polysexual. But I think they're willing to think that if you were to take someone that you love and transpose them into another situation, how would they react? Because we're all addicted to reality TV. We think that all of a sudden, it's real. But it's still TV, folks. I mean, let's start living in his lifestyle and start seeing people loving each other unconditionally. Let's start spreading that information around. There are plenty people in our house who are not what you would define as polysexual. We don't sleep with each other. But we play with each other. We bring each other to new heights physically, emotionally, spiritually, because we haven't endearment to each other. And I think in our community, we're very blessed in that regard. We can understand that. Maybe you don't necessarily want to sleep with the next person, but you might want to follow them and smack them out anyway. Not our house. Mike,

31:17

you have been here how long now?

31:20

I've been here for five months.

31:22

And how have you found

31:25

I came from Minnesota. And I have found it down here to be so extraordinary, so welcoming, so welcoming, have any sort of, I mean, gender play sexuality, it doesn't matter if you're polyamorous bisexual, gay, whatever. It's it's a very welcoming community. And I've found myself fortunate fall into the group of people that I've fallen into. I can't even explain it. I don't, there's no way I'm moving back to Minnesota because Houston is where it's at. As far as the scene as far as an active scene as far as the scene that you can get involved with. And it's, it doesn't matter your gender, it doesn't matter your your sexuality, they just, they want you to be a part of it. And it's it's incredibly welcoming. And I I'm just thankful. You

32:21

have to remember that dyke. Mike is one of those fabulous individuals that identifies in so many ways. The nickname would be daddy deck. I don't think that's quite an obscene term because of Richard Nixon and all that. I'm sorry, our Vice President Dick Cheney. Hello.

Chris Harrison 32:42

Okay. When you see me fall over and collapse as you're

32:46

worried, it's okay. I know CPR. I'll come in there and breathe in your mouth.

32:52

Yes, he does. Right. Okay. Someone

32:55

else? Okay. He's

32:57

falling over now.

32:58

But coming in. As a newcomer, it's been incredible because the community that I've fallen into is incredibly welcoming. The polyamorous community, the club go has been great. Everything, it's just been very welcoming.

33:11

Have you found that the community has changed in this in Texas over the years, the past three years, there's more more open and more accepting and things are going on?

c Chris Harrison 33:25

It's hard to say because, you know, I'm not one who's, who's out in the clubs and does the sorts of things with me, I mean, you know, for me, my big change is just, you know, finding an organization that's willing to accept someone of my size in this community. I

33:39

bring that up

c Chris Harrison 33:41

I'm straight. You know, I'm a part of a group of gay and bisexual men and their male admirers of size so you know,

33:49

there's a lot of BB W groups also in

c Chris Harrison 33:54

the promise isn't the straight community you know, it's BB w and b H M.

33:58

What is B? Hmm

c Chris Harrison 33:59

big handsome man.

34:00

Okay, and be

34:04

getting her on that term. We're

c Chris Harrison 34:06

community I'm a chubby I'm not a big handsome man. I'm a chubby but the

34:11

see that's a classifying in a way that's negative that's the term and then like our communities more embracing did that in the regard that totally one of the biggest surprises for people when they come into our community is that it's not the all models stereotype it's not the guy. I personally as someone who hits people find people of size much more pleasing because you make more fabulous sounds with your flesh. So much

34:36

cracking or anything like that. Punch

34:39

you in the bud it's gonna feel good to you and it's gonna not hurt my hand. I'm all about that and

34:44

the ripples are actually

34:46

fabulous. Sexy. I have to admit it's that slapping sound you know when it says resounding and

c Chris Harrison 34:55

and of course they want to show us anorexic just stepped in and stepped back Hey.

35:02

Okay, I will serve myself to prove the fact I've

35:04

heard it's your birthday. And I have to be here with my paddle in January anywhere. I'm just letting you know that I will be here do you have in hand? Shall I come as the nun?

35:18

Oh yes, sir. Are you good? Are you God? Yes that that outfit was so hot none

**Chris Harrison 35:29**

yeah that's coming from a man who's been self professed homosexual that since the turn of the century Thank you. There's just one little problem. Okay, Jimmy. Turn with your back towards them like that. Yeah, what the hell are you going to smack let me

35:47

if I have to take it and put it in bondage and kind of puff it up there, man,

**Chris Harrison 35:52**

you're gonna need an ass corset.

35:56

I have one of those. A

35:58

man with a big wallet. I find that very attractive.

**Chris Harrison 36:03**

That big wallet is Stanley's not his.

36:07

Has. Well,

36:08

50.00

36:23

36:27

There is no

36:29

That's right. That's right. So we're making some progress. I know the beard is

36:33

cute. And darlin, I did have a big beard.

36:36

Put it put a little braids in it.

c Chris Harrison 36:40

No bows, just some just a handle. Rather than use the hat. Use the beard instead of the ears.

36:46

Yeah, yeah, you need to kind of reach around, you know, from the back and just kind of pull it back. You need to let it grow just a little bit like

36:57

it's about a quarter of the way to ZZ Top land. He's doing fine. It's pretty nice shades in it. It's lovely. Actually, anyway.

37:06

I mean. this place kind of rivals New York and California for all the amazing things going on

43:05

Oh my thank you.

43:07

I'm here to help.

43:13

Anybody awake out there? What do you think about all this stuff? I'm talking about hearing this show? I can't imagine somebody at least not to be mad that I'm talking about. We're invading your vanilla world. You know what happens when you take vanilla ice cream and mix it with chocolate? Strawberry. Okay, it all turns chocolate. Ads, right? Even if you throw some nuts in it, it's not vanilla anymore.

J Jimmy Carper 43:43

7135 To 65738

43:48

That's right. KPFT jam KPFT That's right. The only place where you're going to hear it exactly like it is.

43:58

We don't hold back.

43:59

No, we don't. Well, not exactly true because y'all not really letting me go on a roll here.

44:05

So they have those FCC people back

44:09

Oh, I can't even use

44:12

fornication Sammy Hagar album, go with that concert. You know,

44:19

I've been here a year now. August 23 was a year. And for all the years that I have been

involved in the scene and doing this pro DOM thing. I spent a lot of money going other places to other cities to events, because there's just not a whole lot going on in Norfolk. No,

44:43

I don't think Virginia to say that like really clear. Nor norful. But I am really impressed by by Houston. It's really pretty incredible. Yeah, it is.

45:01

It is sometimes. I'm just sitting here making a note and

45:05

yeah, and I mean, not that I mean, I have met some people that were rather hemorrhoidal and could benefit from a retroactive birth control pill

45:22

right because it's America and we can improve anything in time. Oh, sound like social commentary. Okay.

45:30

But for the most part, for the most part, it's really been pretty cool. This

J Jimmy Carper 45:37

is a city of underground King a lot of underground cake.

45:41

You know, you think that but it's a lot more public than you realize. Yeah, every weekend deed, man, man, do a little promo go

45:51

outside to this foot rock, you're getting your foot

45:53

rub and I'll give you a little run. Okay, we're looking at October 1 weekend. We've got euros, the erotic Rose Society. This is a pansexual group that does events every single Saturday, about 1230. They know

46:07

as well. They

46:08

do everything they cover. It's kind of like, and I hate to say this out loud. The AAA of s&m you go? Hello, my name is Lila and I like kinky. But they're fabulous. I mean, they really do. They cater to every age. They do demos you can come in and you'll learn how to do. Barton, she from Louisiana came in and did Fireblade and there's so rhotic and so sexy. But they teach you how to do all kinds of stuff. And then if it's a weekend where they're not doing a demo, they are so gracious enough to give us an opportunity to discuss our kink. You're not online anymore. You're out here in public. Let's talk about it. Let's find out what works for you and those you're with

46:53

and keeping yourself safe. Absolutely.

46:57

Let's talk about the risk we take. Let's be risk aware, consensual kink, safe, sane. And consensual is a fabulous concept. Well, let's take it another step further. Let's find out what we can and cannot do that will hurt and love our partners in different ways. They come together every single Saturday, read your you can buy a drink at the bar, you can go upstairs and sit. You can't smoke unless you're downstairs. But hey, come downstairs and visit with me. I'm usually there. And then they go to have lunch at some of the local restaurants. It's a much it's casual. These people are dressed like normal folk, vanilla folk. You can never pick them out of the ground until you heard that conversation. You should come and sit on it.

47:38

It's an older as well. No, it's not certainly not totally. But it kind of runs the gamut, which is really, really good. And

47:49

then the first week in October, you also have the TNC Munch. That's the new club. They have about 800 people on their age group. They're an amazing group. They cater to everyone they don't harbor any resentments or any of the old stuff because it's all about being new and

don't consider any resentments of any of the old stuff because it's all about being new and different. They have their Munch at the Hollywood cafe at 630. The first Saturday of every month. They are an amazing group. They have no board they have no leaders. These are folks who just get together because they did the cake. You come to the Munch you don't have to be dressed and fetish you can look totally vanilla. It's amazing Vietnamese food. Hollywood Cafe does an amazing, incredible job this morning the community they

48:33

they raised Black Beach usually meets their which is another group in the African Americans. I want to comment on a couple of weeks ago, which really blew my mind all of these groups that Michelle is talking about came together and put on a total weekend. Are you familiar with the the photographer Barbara NetKey. She is the woman who is I believe the Supreme Court is hearing her case in October. She is the woman who is suing to be able to put what she wants on her website and she's so nice and she was great. The whole weekend.

49:21

We went through a weekend where we not only had pro Dom's hostessing fetish events was champagne toasts but we also had a leather house here in town my own house house Viberg give it up. No, we three have no favoritism there. None at all since we're all members but we had them and then Sunday Ms. Max. Fabulous Ms. max min up with old granddaddy Travis and

49:48

Mr. Travis Wilson. Yes, you

Jimmy Carper 49:51

have been here but it's been it's been a long time. Well, maybe

49:55

I'll get him here next month. Would you like him? Love him back? hear that? We will. He will be here next month if he is in town. Okay. Yeah, he's

50:04

on the international speaker tour. He has taken Texas on a whole new level because he's an amazing and yeah, he had

50:13

a lot to do with bringing Barbara NetKey here because he's starting to do some work. And some

to do with bringing Barbara Henry here because he's starting to do some work and some things with the Woodhall Foundation, which is a really amazing group that is fighting for your freedom. Yeah, seeking to get a legislation just change with regard to sexual freedom. I mean, you know, they're just all these groups walking around, like they got here being hatched from eggs or something. Somebody had to be doing something to somebody for these people to get here. To stay the attitude, you know, I mean, I'm not you're gonna stand there and tell me I'm not supposed to do the very thing that got you here and enabled you to stand out and tell me what I'm not supposed to do.

51:00

Well, and Barbara is a fabulous woman. She not only takes these incredible pictures, but personable engaging. She made a point of work in the crowd saying hello. Ever had her in my home. She was an incredible woman and I didn't have her.

51:17

Yeah, she was really nice to have been had. And

51:20

she was amazing. When she came in town. Everybody worked together. All of a sudden we saw this community harmony we had seen longtime HP EP came out. They have their their race. Just gave a precious baby champagne. Very lovely. Lovely. Yes, the people from Texas latex party were there. I love them. But they came out that weekend Safari Club, put their regular party on hold these everyone did. It was amazing. Safari Club meets on the third the first Saturday and the third Friday and they put first Saturday on hold and encourage their membership to come to our house by priority for Miss Barbara, because she was such an incredible woman. They do you know have a regular party that follows the TNC much so far has been very supportive in the regard that they have picked up parties following munches like third Friday, which is a group that is on every third Friday at Harry's cafeteria. Amazing, they're so supportive.

52:21

Wonderful.

52:22

We have had an outburst this past year. Just getting good here. Max is getting off on her feet. Forgive me I was gone.

52:30

Okay, you want me help here? I'll have a couple of more places that can be rubbed right now

just

52:38

because her name is dungeon. It's another word that goes with us

52:43

it starts with P.

52:47

Patrol. Viper

Chris Harrison 52:49

punani let's let's go

52:53

it's important language did not say that you were going to broadcast my my my

53:05

sister invited me and let me drink tequila. It's your fault.

53:12

Gotta keep you awake at two o'clock in the morning. Yeah, that weekend totally, totally blew my mind. Because I know that all of these people change their schedules. And there were people from different groups all together. I would like to say that I even played kitchen wench. Wow. Oh my god. I made my corn bread and potato salad. It was really cool. It's the only God I have.

53:47

I keep telling me get on the groups. either. He

53:53

gots bo calls horseshit kitchen orange colored kitchen fucking goddess. Oh

gets the cans herself kitchen orange colored kitchen fucking goddess. Oh.

54:00  
my goddess.

54:02  
No F word. But it's she makes

54:09  
I love to cook.

54:10  
I really did

54:10  
FCC stands for yes we do. But be

J Jimmy Carper 54:16  
careful, guys. The FCC just won the FCC is over.

54:20  
I'm sure they do. Because there's but I'll tell

J Jimmy Carper 54:24  
you I am a sucker for good cornbread. Oh,

54:27  
okay. I'm gonna have to hook you up then Jimmy. Oh, man.

54:31

It's I like it better than cake. Really, really? Oh yeah.

 Chris Harrison 54:38

He likes it better than sex because he gets cornbread more often. Well, actually,

 54:43

we'll do things to your time. From here y'all and she's not and she brings out to the good old texts potato salad. It makes it German today salad with the vinegar and bacon. It makes it look like prison food. She has arrived. Most Amazing potato salad. It makes your mouth like do this weird watering thing. It kind of feels. Can you say vaginal? Yeah. Okay. It feels that way. It's amazing. It

 55:13

tastes that way. That's a question. A question became my wonderful perverts out there. Yeah. You know that it takes one to know one. So all right. David's lonely at the switchboard? Yes, yes, yes. We need somebody call me 7130 You are getting ready to get Go ahead. Defeat What was that phone number? What was that?

 Matt 55:44

713526738

 55:49

That's right. 5265738. Is there anyone who will not call me this morning and get freaky?

 56:01

You are evil and must be destroyed.

 Chris Harrison 56:03

I believe someone has been commanded to call someone out there. That's

 56:06

right. Pick up the phone. Do I need to put on Planet of the Apes to inspire?

56:14

No, no, no Rob Zombie trick question. Rob Zombie and God get in a fight. Who went? Oh, Rob Zombie has got personal opinions.

c Chris Harrison 56:26

You want to take a step? You want to step out for a moment if

56:29

Oh, no, I am not taking a roll out of these one.

56:35

Flesh stirrups.

56:36

Let you know what that is put. So lovely. flushed. Absolutely wonderful. We were talking we started out this talking about the sea, you know, is very hard to concentrate. Especially when the fingers go in between the toes,

56:54

ADHD and toe sex.

56:58

Okay, why do you feel about all these things showing up? In the media? What How do y'all feel about the Queer Eye for the Straight Guy, but yet you can't get married yet? You can't do this. What is? This is a top show. It's okay on the TV. But it's not okay. On Montrose Avenue.

57:23

Okay, as long as it's entertaining. Exactly. When it's no longer entertaining, it becomes fact. Therein lies another story. Character,

57:31

it's okay. And

Chris Harrison 57:33

that's the same reason why you get accepted in the stand the so called straight or vanilla bars now, it's not because they're interested in you for what you do and what you bring. It's basically the newest version of the Carnival freak show coming to town.

57:50

Is this sort of like SAS my best friends are black, but they don't know where you live.

Chris Harrison 57:56

It's that sort of thing never been

57:58

to dinner. Well, it's kind of like, you know, I spend all night Saturday night at South Beach and three quarters of the people in there were straight. Because they want to do the phenomenal thing they want to go out and enter into the gay community community to see whether or not Queer as Folk is really true.

58:22

I mean, I get that to a certain degree with doing this domination thing. There are people that come and oh, well, you know, I just want to try it. And I just want to see what it's like. And whose face this this thing is lighting up? Does this mean? We may

58:50

just wait a second. to really celebrate okay.

Chris Harrison 58:56

The premature celebration isn't a good thing it is now Okay.

59:00

Shoot it in the

o

— — —

59:05

premature evacuation right now,

59:11

the bill collectors I don't want to talk to them. But um, you know, people come and they and they think they want to try this because they've seen it on the internet or they've seen it in some film. And they thought it was hot. Yeah, yes. But I find that this, I guess, I just think there's a little bit of freaky in everybody. Of course, you know, I honestly do believe that. And I try to make sure that that I leave them with some information and some things should they decide to pursue this that will keep them safe and well, but they're it's like, you know, century 21. You know, looky loos big Time. Yeah,

1:00:01

lots of visitors, folks who are checking it out. We've been having party since October. And I'm very fortunate when I have the parties in my home, we have managed to move all the play off sides, so that we don't have to worry about something that had been considered a problem for years. A lot of people in the heterosexual community didn't want to watch the people in the leather gay community having sex. And a lot of people in the leather gay community didn't want didn't want to watch the heterosexual sex. So I took a little step I move that off to the sides, in sex by them is defined as play, whether or not it culminates in penetration. Either side. Well, with our events, we've made the events. We've moved those playing sessions offside. We have worked very hard on moving it out of the situation.

Chris Harrison 1:00:51

We do have the color.

1:00:52

We do that.

Chris Harrison 1:00:55

Are you ready, Miss?

1:00:56

I can't see that. What is said, Carrie.

Chris Harrison 1:01:02

Carrie, you're on the air.

1:01:03

Oh, thanks, man. Oh, it's

1:01:05

not him. See there? You

1:01:07

almost got yourself busted. Never claim a man. You haven't heard his voice? And you're not sure. Yeah. Carrie. Hi. How are you? Hey, listen,

1:01:15

hi. I'm great. Good. I like your, your station. I just tuned in about half an hour ago. Okay. You know, it's very interesting to hear, you're all you're all points of view. And you're all intelligent, and but listen, you know, when you're heterosexual, and in and you're trying to make friends. And some of them are gay. And you go. Okay, am I gonna click with you? And then go, oh, you sent me? And then go, Well, are you going to? Am I going to click? I think, you know, you're going to be in my group. Okay, and I say, Well, you know, we have a lot in common, but I'm not gay. And then they look at you, like, you're not Catholic. It has nothing to do with, you know, you could be the well the best dressed man. He can be, you know, hey, you know, having it all. And you can be very intelligent, and, you know, the world affairs and everything. And then it's like, you lick them, and you go, man, you know,

1:02:39

carry, you know what, as I said earlier, and if you've been with me the last half an hour. It's not perfect in any way. Any world. You know, even even with all this, you know, things I've said here about it being terrific in Houston. I did say that. Some people were definitely poster, you know, children for preparation, ah, or something? And if if people don't want to accept Jim, you know, you just kind of

1:03:08

No, no, no, yeah. You know, it's that I want to be accepted to in to be a friend of a gay person. You know, unfortunately, you know, a friend, basically

Chris Harrison 1:03:21

it with one thing is this, you have to look at it this way. Some people, unfortunately, are going to pigeonhole themselves into very simply, what tab a goes into what slot B? Right, right. That's, that's the problem. Unfortunately, if it's your gay friends who are saying, you know, because you're straight, okay, because you dare to play with women. I can't be a part of your group, you know, that's their loss. And that's narrow minded. They are very

1:03:47

things that I'd be shut up with a lot of, of being a friend of a gay because of that,

c Chris Harrison 1:03:53

because I think what just happened is your, unfortunately, your furniture is narrow minded as some of the people out there on the far right of the spectrum. The fact that if people is all they're going to do is classify themselves as who they have sex with, and can't look at you as a friend who's not going to be someone they're going to fool around with. Then, you know, that's where the problem is, you know, we're not all horned dogs.

1:04:20

I know.

c Chris Harrison 1:04:24

We are but we don't have to. We don't have to have a leg all the time. We got two people in here humping mysteries. The but that's the thing is, you know, it's great that he's that you as a straight person is willing to accept your friends. Exactly. Unfortunately, now, you've you've got some narrow minded bigoted friends in the gay community, who you know, if you're not gay, I don't want to talk with you. Well, you know, that's fine. But you know,

1:04:50

girl, um, carry on my point was it sometimes, you know, when? When, when I'm talking to, you know, friends Mind that are gay. And they'll get in touch with their friends of theirs. It's like, oh, you're out of the clique now. Yeah, you're no longer part of me.

1:05:09

Well, then that's not a good watch too

1:05:12

much Queer Eye.

1:05:13

That's not a good friend. I personally, I'm gay want to dress you and I have a lot of heterosexual friends. And I love them. And if, if any friend gay or straight, like just

1:05:27

the wrong crowd,

1:05:29

you know, exactly just hit the nail on the head. Because

1:05:32

if any friend excludes you from a group, just because of whatever, that's not a good friend to you, you know, if they're, if they're excluding you from group because you're straight. I mean, that's, that's not a good friend to you. If they're, you know, no matter what, gay, straight, whatever. You're a friend of mine. I'm going to introduce you to everybody I know.

1:05:52

I mean, that's what we just finished talking about. People accepting each other. Exactly. And themselves. Yeah. Because if I'm not really accepting of myself, and who I am and what I'm into, I'm gonna have a hard time accepting you.

Chris Harrison 1:06:07

And, you know, we understand we know you were born that way that you can't help but that you're straight. We still accepting we still love you. Yeah. It's okay to be strict. I'm

1:06:20

somebody who, who tags along with me to do these shows all the time. Who finally?

Chris Harrison 1:06:28

We have anything else you want to say, Carrie? No,

1:06:31

I like y'all take some other call. All right. Thank you very much, Carrie. You know, you know what they're out. And y'all have a good evening and

1:06:38

come back and come back and see me next month for

Chris Harrison 1:06:42

sure. And if you've only been listened to us for half an hour, tune in next week. Next, it's a whole different show.

1:06:48

Me here once a month, they only let me come play once.

1:06:51

I had to get an answer. That's pretty cool. All right. Take care. Thanks. Bye, bye.

1:06:59

Okay. Okay. You wanted to say something in the corner? You were

1:07:03

talking about it a little bit. In the fact is we talked about it tonight. When we wrote our chances. It's about family. And yeah, yeah. I mean, you don't judge your family because of the way they live their lives, judgments, who they are, especially

1:07:16

the family that you choose. We don't necessarily accept karmically get to choose our family and and you know, sometimes your your brother Your sister will expertly place that knife in the back of your in your back so quickly and make your head spin. And actually it's your your friend that sometimes needs to pull it out. So we do get to choose the family that we make. So if you have people that you've decided that you want to allow in your life or attempt to pull in your life or go in there's it should be an accepting thing, not a change thing change comes automatically anyway, it's the only thing that we can really depend on. But when someone starts doling it out unless you call the mistress or master

1:08:18

then you need to just you know say hey, love me or you know sweet for you. That's it. Let me or Lana just politely bounce.

1:08:29

I have this theory once you're an adult, there's

1:08:31

a man like you know pulling Well it's my

1:08:35

my bag he's fixing it for me because he's a good healer and I love him. Dear My dear brother, Jim is taking care of me right now and rubbing my back because he's a sweet darling man. wintney so lovely to have him but

1:08:47

okay. There's a different assure him to

1:08:53

do sir. I'm really jealous. I knew better. So very, I apologize.

1:08:59

Yeah, this is this is my guy. I know when I didn't

1:09:03

register it because we were not sitting them a little PJs and normally when I see you're at a barstool he never comes with me. Right. And we were so used to being separated that I forgot your family too. And I apologize deeply, sir. Yes, even Dom's have to kids. But every now being massage while I speak to y'all thank God because my shoulders fried from hitting people all day.

1:09:26

He is good. Yes. Amen.

1:09:30

Thank you for making sure that he's a happy gentleman because he always takes very gracious care of my bad awful back. But I've been very blessed as an adult. I have learned that my parents have instilled one type of morality. I mean, luckily my parents were happy. So I was blessed with a very open mentality. Yeah, thank God for the 60s. But um, as adults when we discover our kink we're very blessed in the community because we can develop a family of our own. We can pick and choose our relatives. Yes, he Jim has worked very hard as always promoting the community as a family unit. Now sometimes it's like other families, they talk smack each other behind each other's backs. And, you know, you got a cousin that you want to call a few dastardly words. But um, we're very lucky. We've all worked very hard to come together. Yes. And I'm very blessed because my family is built out of people from every generation, every subgroup, every kind of kink you can find and God bless each and every one of them. And I'm very grateful to my brother Jim, who's yours, working on my shoulder and fixing that ache that I've had all day.

1:10:42

Actually, I'd like to revisit something we were talking about earlier. I should say you were talking about earlier, you said mentioned the word, the looky loos. And that's really not a bad thing, because that's how we discover Yes, absolutely.

1:10:55

And but that's what I'm saying. The society is putting this out there for the looky loos and it is bringing more people into the kink more people coming to explore because it is becoming so mainstream. From the fashion. I mean, only freaking people wore leather courses 40 years ago for free. I'm old enough to remember this. You know now it's very fashionable. You've got the tats, you've got the piercing. I mean 20 years ago, a male simply would not wear two earrings unless he was at least wearing hos under the three piece suit

1:11:46

station with our children today. Yes, so

1:11:48

that's what is bringing in the in the looky loos and it is a good thing that's my point. I think this thing is going to backfire on society. You're putting all this stuff in my face. You are telling me I could have breast with my beer you know at rest of the year

1:12:12

-----  
yeah let's see type parts of your

1:12:16

book but yeah whenever you're trying to say I can't do this and I can't do that and it's just not gonna continue to work

1:12:25

it would then you have to remember online there is a major burger corporation that wants to know where the royalty no not that one but the royalty based one you know not the queen but perhaps the king the Hamburg ASA

1:12:42

they time for us to go is it? Oh

1:12:45

my god, is it a couple of online thing where they had advertisements in one of them was a feminine thing. And it was cool. Especially check it out. The chicken Did you see online chicken? Pot way hot. They made him pick up stuff. He's got a chicken see and they made him do anything he said.

1:13:06

Have you have I don't know how familiar you are with the what are these things the video games that kids have today? It's when I Levin year old has this video game, the volleyball? No, this is where they call it high knee something where one of the characters stands there and shakes the butt and the other one can hit them Oh with a paddle. Then there's a video game where there pairs and one of the pairs is a dominatrix. And when the other guy like misses the hole in one she starts slapping the crap out of him. Oh makes him Go stand over there in the corner, which is really at that flag that you put in it. This is a game. There's a reason as a matter of fact that I'm talking about this character slap the other one with a paddle. He goes dead. Why would why would they want to do that? And the father who is you know kind of belongs to me. Yeah, turns beet red and like I wish I could get that color when I'm putting on his makeup or something.

1:14:24

Let's see. The key part about that is I've gotten 14 and 13 year old and they all know what it's about. They're like, Oh, no, no, no, we had these little girls having a birthday party. This was a Femto male sub party

1:14:37

helping her with the party. That was classic. We watched her

1:14:41

go get up and be slap for the own editing purposes. Another boy Grace room we started Connors Lappers. He was like No He is mine.

1:14:50

They were having us had to face in this this pie thing that we

1:14:55

call this kind of pie baby. I know you're in your head and

1:14:59

you had to find that gummy bear okay and they're like you know like rooting on you know the teeth to get the gummy bears out

1:15:07

bobbing for

1:15:09

this one little girl says oh my god that is so disgusting keep on keepin

1:15:17

selectable young femme DOM. Let me tell you the next generation they've been told just say no for so long to ready to figure out what just say yes really is about and they're willing to venture on it.

1:15:29

Okay, listen, again. It's been a pleasure. This is Mr. smacks rolls about to say adios. Until next month, and I hope that you will join me on KPFT and be safe and be well until next time, Max,

J Jimmy Carper 1:15:51

C Chris Harrison 1:15:59

It's so you can teach an old dog new trick Thank you. You've been listening to after hours cuz we're gonna go we still are Yeah, we've still got the roundtable Yes, maybe I'm scared. YES, yes. And I am so appreciative of that and I like to play that I like to play Virgo a lot

 Chris Harrison 1:18:14

with or him Wow Hey,

 1:18:17

it is time for the roundtable isn't it? Oh god do I have two four mics that you have to turn on?  
And there is you know, it's kind

 Chris Harrison 1:18:23

of like launching the missiles you know, you know destruction is coming when you push the  
buttons. You really

 1:18:30

Yeah, you just never know where they're gonna

 Chris Harrison 1:18:33

fall. Ladies and gentlemen, boys and girls children of all ages. haven't helped us the SEC hasn't  
shut us down yet. It's time for the round table. Anyone claiming to have a birthday? Smart  
Choice Yes, new who's in there? Sound off. You know, we start off every you know, it's it's one  
of the few things we do right every week except this week. Speak the one who I'm not speaking  
to. And

 Bobby 1:19:04

still you Stacy, Merlin, Travis.

 1:19:11

And you're come

 1:19:13

and she's asleep on the job.

 1:19:15

Isn't she lovely?

1:19:18

Oh my god, I got the Fed chair

c Chris Harrison 1:19:25

and thus it begins very

J Jimmy Carper 1:19:26

careful. You know, the guy with the finger on the button is a big bone gal.

1:19:34

I just like to say person of size.

1:19:38

If you didn't turn on my axon, we just scream loud enough for those to pick them up. Option Oh my god. I would find a way to get myself on the air. Be careful

1:19:48

honey, it's after curfew. We can still have the cops haul you away.

1:19:54

But I'm surrounded by chicken hawk. So I don't think you want to get into that mess.

1:20:00

away the pulleys would be here

1:20:02

and you'd be the only one clucking

1:20:08

Oh my My, my Jimmy had feathers in his hair. Yeah.

1:20:17

Which set and the FCC is coming in right. Followed by Jerry Falwell. Here's Tipper Gore right now for over

Bobby 1:20:32

Jimmy Swaggart so he can all tell us so he can threatened to murder assault swaggered

1:20:37

because he drink too much.

J Jimmy Carper 1:20:39

We had a good comment on that earlier.

1:20:41

Oh, he's such a good Christian. Yeah, right.

1:20:45

What did he say exactly that sparked all

J Jimmy Carper 1:20:47

this? Oh, well, what he said was I've never seen a man in my life I wanted to marry, and I'm gonna be blunt and plain. If one ever looks at me like that. I'm going to kill him and tell God he died.

1:21:06

Listen to that.

1:21:08

Last time I saw him I don't think he has to worry about any man I know wanting to marry him. Well,

 Jimmy Carper 1:21:14

my comment was if female prostitutes felt the same way that he does he'd been dead years ago. Right?

 1:21:20

Oh, that Amen.

 1:21:22

Well, and if he's never seen a man he wanted to marry he's never seen Scott.

 1:21:27

Oh, god. What are you trying to get from?

 Chris Harrison 1:21:36

free video rentals.

 Bobby 1:21:39

You do realize that Scott was almost a teenager when you were born.

 1:21:43

Okay, because you were still legal. I think you could even drink don't play the age card.

 1:21:57

You're gonna lose. Oh, please. She's got a full house when it comes to the age.

 1:22:02

Okay, Jamie's in menopause. This year. That is very true. This show is older than Travis. So

1:22:13

if Jimmy's false Why is he still PMS saying

1:22:17

I don't know. PMS bitter Chris.

1:22:20

You're right.

1:22:24

We talk about something relevant. Yeah,

Chris Harrison 1:22:27

I just unplugged my headphones. I'm a lot better now.

1:22:31

Scott That's letters. If we must

Chris Harrison 1:22:36

see D I know you're still watching Sesame Street but we're talking about the other letters.

1:22:46

This show is brought to you by the letter Q

1:22:53

1:22:56

Oh, see when all there is she did? There

1:23:01

ain't no coming back.

1:23:02

Thank you Captain Obvious.

Chris Harrison 1:23:05

Ladders. I think God

Jimmy Carper 1:23:11

I didn't get to read any of them this week. So Oh, good, Lord.

1:23:14

That's okay. We haven't run a

1:23:19

turn dirty love. So start your

1:23:24

love as mentioned in mind, so why don't we pay tribute to dirty love? I read dirty love. The one that Travis Yeah. This is from David. He sent five clippings. I says hello everyone. How's it hanging? From what I heard the right things.

Chris Harrison 1:23:47

That will be the part of the next opening ceremony. When you come in and you say your name and how's it hanging to what side? Okay,

1:23:53

from what I heard dirty love had you standing at attention. Sure wish I could have been there sounds mighty fun. sounded like someone was getting the spanking of their life and in showing you that? YES. Jimmy Here you go. Here's for you. I know I'd love for Jimmy and mistress max to

do freaky things with me. I'm not I'm one kind of a I'm one kind of guy. I like to do things if it hasn't been done. I'll try it.

 Bobby 1:24:21

I'll do things to him. He hasn't.

1:24:25

You all know I look forward to the show every week. It's what I live for. Keep it keeps hope for some day. I keep some hope for meeting you all one

1:24:35

day. Yeah, we will go I have a special place in my heart for David. I know

1:24:39

your heart.

1:24:42

I know in Oregon

1:24:49

I got your origin

1:24:53

but not your hip.

Chris Harrison 1:24:56

We're not we're getting very fast on the offer. Now the When you're talking about So, okay,

1:25:01

I know Jimmy goes out of town for his birthday, so I guess I'll have to send his card early so he'll get it. Paulo Jimmy I still want my postcard. Okay, I've got all this I've got all the stuff I've ever gotten from new people. Wow I would like to have an updated group photo if possible because

I'm gonna blow your mind with the photo I'm gonna send you since I like since you like nudity pictures. Yes, I

1:25:26

do. What kind of pictures give me nudity pictures. Yeah,

1:25:31

that's not the phrase we're looking for.

1:25:32

No, no, no, no, no, no.

c Chris Harrison 1:25:35

Right it's your favorite mail hate mail. Such such a theatrical drama queen. He needs a cue

1:25:51

I missed rehearsal this line.

1:25:56

I see everyone was picking up picking on you about your age. Well, that's only a number you're really getting better with age. Thank you. I get called Old Man Here I just turned 43 August 30 But I know I'm not old I'm too freaky to be old.

1:26:13

Well, you can be old and freaky. You

1:26:15

haven't met my grandma

1:26:22

just do

1:26:23

I know them special spots. To touch someone I love pleasing my partner with massages among other things. I just wanted to write say to to write and say hello to everyone everyone is underlined. Let you know I'm still in here I have about 75 days and it's killing me knowing when I get oh

1:26:43

that is so cool. Only 75 days I'm coming to

1:26:47

visit I know I will call in for sure the first Saturday I'm out. I'm still waiting on a letter from Stacey letting me know how and where all her piercings are. They're separate Stacy has some piercings that are her couldn't actually have them today piercing her and I want one. I want one in my tongue and lit for sure. And I want to fix the ones I have in Prince Albert. Well till Saturday you all take care of stay sweet and out of trouble. I will be waiting on you in the dark like every week. Here's a few clippings one of these are interesting to me. It's it is the transgendered one. I love it. Well, I'm gone until next time, friends for life. Love David.

1:27:35

Thank you. Actually the articles you write recognizes are pretty cool. Oh, transgendered

1:27:40

use awarded scholarships September 15 2004. Let's see. Alan Lippmann won a \$15,000 a year scholarship to the University of California Berkeley, was the resume that not only highlighted his athletic achievement and academic potential, but also the years of vertical ridicule, beatings and threats he suffered as a girl before his decision in the 11th grade to become a boy. It felt amazing to actually be embraced by someone who didn't just dismiss me for being different says Libin, who's 19 The first transgender person to win a scholarship from the Point Foundation to Chicago, nonprofit organization that has awarded more than \$1 million to college bound gays since 2002. We'll have to write that down. More than 50 Such scholarships are available nationwide from the 1000 scholarships that zalmi an advocacy group in Atlanta is giving to 21 Black gays this year to the \$2,000. Awards The United Church of Christ distributed to gay seminarians, to the \$3,000 fellowships George Washington University offers so gays can spend a semester studying politics and the nation's capital. Well, that's right up your alley. Here you go. Besides sexual orientation, Scholastic, Scholastic Aptitude, extracurricular activities and leadership are considered for the scholarships. The same qualities philanthropists have always sought when endowing scholarships. Cool. Awesome.

1:29:13

Okay. Now here's a little clipping that's Thanks, Captain Obvious kind of bent. gay Republican group will not endorse bush. Wow. Yeah, I know better should have got there. Partially Intel should have gotten lesbian group to endorse bush. Republicans beat them around for years. Well, the Log Cabin Republicans, a gay activist group. How do they gain the grip directors voted and 22 to two Tuesday against endorsing Bush because the party backs a constitutional ban on same sex marriages. Do what I'm wondering is see it says the Log Cabin Republicans has about 12,000 members. How are they going to get in No good done from within in the Republican Party with party with only 12,000 members and

1:30:06

losing them by the week? No. No,

1:30:09

they're just making them

1:30:11

better religious right has been screwing the Young Republicans kids since like, what? The 60s? There's no way they're going to be able to

1:30:20

uproot all of it. Well, yeah. Activists, I just can't I've never seen them do anything.

1:30:28

Well, they're not very active.

Bobby 1:30:31

Yeah. As before, you can only change a party from within, if they let you in.

1:30:39

Yeah. Yeah. I mean, the thing is, first of all, gay men shouldn't like any kind of bush. Second of all, like, the thing is, they they don't endorse bush. But how many representatives? How many senators are they going to endorse? They're just gonna go and they're gonna vote for that

amendment, regardless of whether Bush endorses it or not. If you have the Senate votes in the House vote with that which the House vote is coming up soon. September 30. Is when it's planned to have October 30. Sorry, call October 3. Okay. October. Yeah. It's

 C Chris Harrison 1:31:10

coming up this next week. Yeah. The Senate already closed. already voted. The Senate voted. And it didn't pass. No, it didn't. thirds. Yeah. They're just doing it symbolic. So it can be used as a campaign issue. Yeah.

1:31:21

Well, I'm just if, if you're going to vote, if you're going to endorse all these other people who are going to go and actually do the voting, then it does you no good to endorse or not endorsed the presidential candidate.

1:31:32

Exactly. Why does a 16 year old know more about politics than the President?

1:31:38

Why is a pet rock could be a better president than the one we have? Because

1:31:41

because I'm interested in politics, not the oil industry.

B Bobby 1:31:45

I'm sick. Why does a 16 year old have a better vocabulary and abilities to speak than the President? Because I'm

1:31:53

not on the bottle. I

C Chris Harrison 1:31:54

love I love. That's why there's I'm not sure if it's at this Walgreens here too. But the Walgreens app on my house, I happen to look down the birthday card aisle. And there are these political cards and they have a picture of the bush on there. And it's like it goes through about you know

it's it's absolutely positively confirmed this is your birthday is coming up on this, but there's no evidence to support that it actually is. And they go here's a here's a birthday wishes from the commander in chief President blah, blah, blah, all this other stuff. He said, Have you thought just having your birthday was something to worry about? And I live out in copper field, which is pretty conservative and to have these kinds of things. It's a little surprising in

1:32:35

keeping with the gay marriage topic. Update.

Chris Harrison 1:32:40

There's too old to hold on. Hold on. We're in we're looking for something. You're on the air.

1:32:47

Okay. Hi, how you doing? Oh, goodness. Listen, I called earlier. Yeah. You're talking about the George Bush and in the carry? Yeah. You want to hear some impressions. Okay. That kind of data. I hate listen to braid my lamp. Hey, listen, though. You know, I You're only making a lot of senses. Good, but I'm here really? Like Well, last. I said my boy. Get the National Guard. And, and, and it didn't want to fly in the fight. I want to fly the plane. Anyone got Yeah, Mom? Can I ask? Can I come? Come home? Hey, how's it

1:33:50

going? Oh, that's pretty good. Yeah. All right. And

1:33:52

then I got that his son, his son, you know, down here in Texas, you know, their yard. You know, I used to own the Texas Ranger. And you know, but, you know, when I joined the National Guard, it wasn't it wasn't because my dad told me to forget, forget if it's a good thing. Yeah. How's it

1:34:21

is that sounds just like him.

1:34:25

You know, but you know, I don't mean to take away from the importance of your discussion. No,

J Jimmy Carper 1:34:30

that's great. You're gonna be down here in the studio. Are you kidding?

∅ 1:34:34

hear him say I like

∅ 1:34:37

which one he wants. Or, you know, I don't have time I you know, I'm being present and I say, Oh, well. volitional. Here's my dad. Well, there was right there. You know, I was talking to my fair was talking to my son And you know I missed my dog. I miss my dog. Really? No way in the last day it you know, but we got coffee. Anyway puppy. Would you like some puppy? Y'all have a good college

∅ 1:35:24

show tonight? Yeah, well,

∅ 1:35:26

you know the lesson is so close. You know really? And I don't know how y'all feel about it. KPFT

∅ 1:35:33

how do we feel about it?

∅ 1:35:37

Yeah. Hear No, no, no. No y'all feel about it there tonight. What's your what's your pull tonight? On what boy? Well,

J Jimmy Carper 1:35:49

because if that if bushes gets elected again, then

∅ 1:35:54

then we're all moving to Canada, or Australia. Or to

1:36:01

me, we're gonna go start our own gay country

1:36:09

I've made that. Sure. I'm gonna make that. I think that's Canada. Make that happen? I can make that happen if you vote for me.

1:36:18
