But in the end everyone will get the Cheney see I'm the master of pleasure pure and simple. That

02:21

was lovely. That was

02:25

it word for word or the whole letter but you know, maybe just the just

c Chris Harrison 02:31

the what that was reading it word for word as attributed to Roy.

02:36

This one was like and still justing Yeah, he's

B Bobby 02:41

still just

c Chris Harrison 02:42

we were all justing afterwards.

B Bobby 02:44

We were you know I've seen that smile before. I think his name was metta Stoffel is

02:55

the same as grinning like,

B Bobby 02:58

anyhow. So I guess it's my turn. Smiley. Hey, smiley. Smiley, last little, let's say he's apparently he's wrting this early on a Saturday morning. Oh, you

03:16

can't hear us yet.

03:17

I don't know. I let us know.

Bobby 03:22

He gets word. Apparently he.

Chris Harrison 03:24

If I was him, I wouldn't admit to listening to the show. Hey, I work here.

Bobby 03:30

So So here's the gist of this on from Smiley. There some remark here about that discussion about Truman Capote came up, sold a few shows back there. And apparently he and a group of people just figured out who Truman Capote was. Oh, they had no idea. Oh, my God. Way to educate yourself. Yeah. They he was reading an article about someone named Henri Cartier Bresson. Yeah, famous photographer. Yeah. And somehow or other in all of that. Capote his name came up I don't know why, but ended up writing about what I saw a low fat what Uh, okay, um, then he's saying something here about letting people check out his work. Yeah. His his, I guess his artwork and

J Jimmy Carper 04:34

smile. He's incredibly brave, as a matter of fact, because he is openly gay in the joint. And that that can be kind of hard to survive. Yeah.

Bobby 04:49

So there's they had no idea Truman Capote was a gay white writer in

04:59

there. other rooms and cold blood,

Bobby 05:02

all kinds of ink, which he mentioned here. Oh, mentions a book by ink by Truman Capote in cold blood. Yeah, but and he wanted to meet him. But, of course, he has been dead since 1986. Yeah, yep. So oh, well, that'd be kind of that would be kind of you got he also wants to mention

that he saw one of the things he said was this editorial at the El Paso Times about Mr. Cheney's comments on his daughters being on his daughter being a lesbian and

05:38

he recognizes that he has a lesbian daughter he apparently

Bobby 05:41

public and talks about how he says that this individual state should have the right to decide and all this compares Matthew Shepard and how how is it? How would How does basically he's saying how would Mr. Cheney feel having a gay daughter knowing what happened to somebody else's gay son? You know, Matthew Shepard and all that. The he also mentioned a 17 year old beaten to death in California. And so he poses the question Mr. Cheney, you being the parent of a gay American How do you feel about crimes against case so and yeah

06:42

as you mentioned that as much as he's ever gonna say, and a lot more than anyone expansions

Bobby 06:46

here also that one of the states had recently and I think there's a little Yeah. The other article is a little clip about Thurston County, Washington that rules the state ban on same sex marriage is unconstitutional. Ooh, yes. So

07:03

King County and both of those who are going to state Supreme Court cool. And Wednesday, Washington. Thurston County involves 11 gay couples and the King County is eight gay couples

Jimmy Carper 07:17

King County yours where is the county that Seattle is in

Bobby 07:21

yo says another week done and gone and no news on my on his time dispute? Yeah. And he's bitching about the humidity and, and lack of sex. For baby. I know how he feels I know how it feels to all my love to each of you, Stacy, Chris, Jimmy, Robert, Joe, Steven, Matt Allen. Wow. JD Michael, Charlie, Gloria, and anyone else who has been dragged against their will into the studio. Until next time, ciao.

08:00

Ciao, that Smiley. That's

B

Bobby 08:02

cute. I love I love it every time. He writes, he mentions Absolutely. Everybody who was in the studio that previous week. Yes. Like we don't even pay attention to everybody. I don't remember everybody who was here last week except of course for star when you know. Oh, yeah. It was getting his Yeah,

08:24

that was hard to forget. Yeah, star was getting that spanking big time. Yeah,

B

Bobby 08:30

but I'm amazed that his owner actually let that happen. Didn't come in here. Like I well. Yeah. But yeah, so that's your letter from smiling. Okay. And that's I believe it the only three

08:46

I believe. That's right is it is the news. darlin

08:53

wake up at the board. Yeah, yes. Good morning sweet

B

Bobby 09:01

letters before the end of the show.

C

Chris Harrison 09:05

I like so I'm just sitting here waiting for the stroke to finish I guess I'm not kidding. I have got a headache and I'm having trouble seeing ourselves. So here's isn't the first time the show was killed. And it's

B

Bobby 09:21

Oh, but I don't think anybody I don't think anybody's actually died in the studio during the show. Have a

∅ 09:30
show. We

∅ 09:32
can die. Yeah. And there are some that some jokes that should have died, but

c Chris Harrison 09:38
just okay. Well, we see guys send us a couple of news articles right? Yes, we read those. Oh, we went through those. Yeah. Yes, I did completely zoned out.

∅ 09:49
Somebody passed for the CliffsNotes.

B Bobby 09:57
The Idiot's Guide to the last 20 minutes of the show.

c Chris Harrison 10:01
All right. All right, let's do this. Let's

B Bobby 10:05
doing something again,

c Chris Harrison 10:06
what?

J Jimmy Carper 10:09
Ken has something to talk about, and it's something I think Travis is probably going to want to chime in on.

10:19

Okay, there we go, Hey, no, it's just that. This week, I was flipping through the channels on TV on telly, television and saw the most interesting program. Come on, it was done by none other than the infamous Focus on the Family. Yes, out of Colorado, and well, James James Dobson, and he had all of his low court hearts, Tony Perkins, etcetera, decided to do the appropriate cohort. You heard about this? I think, yes, the program was called a call to action. Yeah, basically, what they did was they were talking all about gay marriage and, and how we need to be how they need to be loving, quote, you know, our quote, unquote, loving, accepting, you know, with the undertone of, you know, we hate you when, you know, you're going to, you know, down places. Thank you. But it was very surprising, you know, listening to all, you know, all these Christians just go on and on and on, and on and on about this issue. And they mentioned concerning the FMA, that's coming up before the house, what they did was they told everyone that was listening, even the people that were in the place, and all the viewers gave them the number to give them the number to the Washington, you know, to the house, then they told them to search on the net, to find not only to not only call the Washington office, but also to call that representatives local office, and to tell them all this, so, I mean, they are really trying to cover their ground work as fast and as furiously as possible, you know, to try and, you know, to try and swing what, wait, they may think they have a call

12:19

to action. Wow. Now, yeah, it shows us where technology is come, they don't have to rally in the town square before their lynch mobs anymore, right. Yeah. The thing is, like, I hear a lot of people saying a lot of more liberal people who support gay marriage, you know, kind of sorta they don't really have an opinion. But, but if it came down to it, they would support gay marriage say, well, it's not going to happen overnight. I don't see why gay people are worrying. It's because of stuff like that. I mean, Bush and his cronies are pushing as hard as they can to get a band passed overnight, that we have no option, but to push back just as hard, right? I mean, they're broadcasting on TV from a church, you know, putting out their views and stuff so hard, that our only option is to fight them just as much. This

13:12

totally ties into the hatch conversation of, of coming out in the experience of Jimmy being kicked out of his house and so much fear and hatred and people not loving themselves. And there's a reason why the statistic is one in three teens that kill themselves as a gay teenager who feels like they can't come out of the closet because they turn on the TV and they see this crap. You know, these are people who grow up to be loving, caring members of society who go to work who pay their taxes who support every part of being American that any of the rest of the heterosexual world does. And a lot of times more because they're in a one to two person income you know male income family without children and they don't have any of the tax breaks or we end up carrying a lot of weight. We are in people need to stand up and realize we are the largest disposable income in America and we count

14:06

a lot of tax dollars but we throw a lot of money back into the economy

14:11

yes we do here like shoe stores

14:17

Look how big the gallery

Chris Harrison 14:19

again. Okay. Okay, one thing is to go along with which

14:23

pandering to the gay community with advertising dollars if we weren't such a big chunk of the disposable economy.

14:30

If you looked in the pride guide huge companies had gay ads. I mean, you know, there were Miller Lite a couple banks set Southern Comfort. They understand the city of Philadelphia has a television commercial for gay people. You know, I mean, it's like this is

14:51

yeah, you cheese steak and grow a mullet and Philly for some

14:58

fabulous way possible.

15:01

It's wrong Scylla Well, you

Chris Harrison 15:02

I know one thing at the front of the Houston voice are talking about a billboard that went up in

KNOW ONE TALKING AT THE FRONT OF THE HOUSTON VOICE ARE TALKING ABOUT A BILLBOARD THAT WENT UP IN
Beaumont.

15:12

Oh God, I want to I have an old junker car that can't go that far. But I would be so interested to just tell it up there and hit that billboard. Well, here's

Chris Harrison 15:22

the thing. Okay. It tells you to go to this website about Senator Nick Lampson who the billboard reads, Representative Nick Lampson supports homosexual marriage, do you? For more information go to www.dotliberallambson.com Well, of course, you know what I just clicked on over here. This is the the website you know, you know, God Hates Fags even looks nicer than this one does. Oh, whoo. Okay, now, they they talk about the fact that he has. Representative Nick Lampson has, is bought and paid for by the homosexual lobby. And they do have the evidence here. I will give them this much. You scroll down here. Here's the evidence to prove at the very bottom, it talks about the fact that he received a whopping \$7,000 from the HRC that is

16:20

pocket all right pocket change. City combat is not a downpayment on my car. City campaigns for frickin city councilman. Ron more than \$7,000 Yeah.

Chris Harrison 16:33

Now this is I mean, what they've they've got on here. Okay, and this was all signed by someone called Tom Owens even puts his whole signature in here from Beaumont, Texas. And, you know, close to

16:47

Vitor, well, you know,

16:49

yeah, just just then you think. But

Chris Harrison 16:51

now, this website, it's all one long page that just goes on and on. telling you what stations are, are putting his campaign ads on to go against them. Here's this little letter starts off here.

Representative Nick Lampson takes money from homosexual activists and then votes their

REPRESENTATIVE NICK LAMPSON TAKES MONEY FROM HOMOSEXUAL ACTIVISTS AND THEN VOTES AGAINST their agenda in Congress. He voted against the Marriage Protection Act and opposes the federal marriage amendment even wants taxpayer subsidy homosexual immigration. Now, Nick Lampson is again taking money from homosexual activists to pull the wool over our eyes one more time. Nick Lampson and his homosexual friends probably think southeast Texans are too stupid to figure out their scheme. They probably think they can pump some liberal money from New York and San Francisco pay for some slick ads and the Hicks back in flyover country we'll never figure out oh my word. Now they talk here they go into

17:49

it's time for some crop dusting of Agent Orange

17:54

all fly the plane and thrive

17:57

because baby it works.

Chris Harrison 18:02

They start off the attack of gay marriage. And then they go into the fact of you know his abortion stand on several parts here so they're linking those two cobble coddling criminals. They say he does that, you know.

18:19

It's hot, very hot.

18:21

I thought it was meaning criminal.

Chris Harrison 18:23

They have in here a screen capture of the HRC website that has saying that he is a quality candidate. He's one of the six favorites of the House of Representatives. And there's also a thing on there where you can send no, okay, now that doesn't make sense. Yeah, it says there's on the HR website. He has a thing where you can click and direct give money directly to him. \$7,000 is supposedly what we bought and paid for. Yeah,

18:58

well HRC has a hell of a lot more disposable income than seven grand.

c Chris Harrison 19:03

Yeah. Okay. Right. How much does Cheney get under the table from Halliburton?

19:09

Seven. Oh, how much is Halliburton overcharging for their services overseas?

c Chris Harrison 19:13

Why 13 billion.

19:16

Do you know how bankrupt were they before all this crap in Iraq?

c Chris Harrison 19:20

I wish I would have looked at this website earlier because it's got his phone number on here. Why earlier calling now I only got seven minutes to talk to this guy. Darn. That would have been a who Chucky? Darn at the start of the three o'clock hour to call this idiot at 4097097903813 That's 409-790-3813

B Bobby 19:49

we only got seven minutes so

c Chris Harrison 19:50

he's so cheap. He can be bought for 7000

19:56

by the hour or in one lump sum right health

...

 Chris Harrison 19:59

swagger doesn't even go for that cheap

 Bobby 20:03

thing to say about that guy. I, I, what? How is it possible that people can listen to somebody? Like Jimmy? Swagger? Yeah. How do they listen and respect a person who holds himself up to be a man of God? When he's advocating committing an act of murder, and then lying to God about it, which would technically be impossible to do they don't do

 20:38

e swaggered also be, wasn't he also the target and center of a child molestation scandal about 1520 years ago,

 Bobby 20:46

and she and the Jessica now guys, not man's got an unmitigated amount of gall now

 Chris Harrison 20:56

actually called it's got his voicemail. He's leaving him a message right now.

 21:00

Okay, super out. Now, here's my thing with love with Jimmy Swaggart. Here's my thing with him. Okay, I

 Bobby 21:07

I am not bashing Christians. I'm just bashing Christians who don't practice what they preach. Oh,

 Chris Harrison 21:13

my gosh, I just I just scroll down here again. He's got the biblical scripture to be against this guy. Oh, nine, for what a man has profited, shall he? if he shall gain the whole world and lose his own soul? Oh, my God, or what shall a man give in exchange for a soul? You know?

 21:28

Well, you know, it was an interesting woman in the lobby earlier who talked about Jesus

...you know, it was an interesting woman in the lobby, same. Who talked about, Jesus was a homosexual. And she said she can back it up because he was 30 years old. He lived with his mother and he ran around with 12 men. And he wasn't married.

♂ 21:49

Mary was, yeah, a prostitute

♂ 21:54

was a transgender. No,

♂ 21:56

actually Mary Magdalene Mary Magdalene was the unwritten leader of the 12 disciples transgender.

♂ 22:02

Transgender was the first hermaphrodite she was something she

♂ 22:10

didn't have to be gay.

♂ 22:12

jeebus she was a Jew. But you know that's bad enough.

♂ 22:18

All right. Why stop with bashing the Christians girl? Meanwhile, Stacy's mic is now off.

c Chris Harrison 22:31

We only have four let's, let's start wrapping it up. Let's build a pretty bow on it. Let's do shout outs, call outs, secrets. This

B Bobby 22:39

turned out better than you thought it was going to. Yeah, we only got rowdy at the last four

minutes. The first half hour but

 Chris Harrison 22:52

like I said, I hope I hope I get home before the aneurysm hits.

 22:57

You know better start now.

 23:00

Because now who's on the list of shout outs?

 Chris Harrison 23:02

Start talking. I've given up trying to control you. by

 23:07

everybody.

 Bobby 23:08

We love you Chris.

 23:09

I'd like to say hi to Tom Owens. And I hope you liked the voicemail. I left you on your cell phone. I did just call the man who runs liberal lambson.com And I left it is his legitimate cell phone. And I left him a message so hope he likes it.

 23:28

You raised me one I think yeah, you raised me up. Yeah. And what was the one before that? We played? I don't know. It was another Josh Groban song. I wasn't listening.
