SPEAKERS

Jimmy Carper, Roy

R

Roy 00:01

legal reforms and other measures aimed at eliminating all forms of discrimination based on sexual orientation that says deputy David Sanchez Camacho, who is a person who organized this event. The PRD, which is the democratic Revolutionary Party, began planning the event after a respected news magazine reported on the increasing number of gay Mexican seeking asylum in the United States to escape homophobic abuse at home. And homophobia is an irrational hatred of sexual dissidents. Journalist Carlos Bonfield said in an opening day address, quote, in the history of Mexico, homosexuals have been burned alive, systematically morally lynched, ground by disowned by their families, fired from their jobs in prison, banished from their hometowns, excommunicated from the church and murdered solely for the crime of sexual orientation. And so it is really good to see that in Mexico City, they are beginning to take a proactive stance against homophobia.

♂

01:19

Yeah, that's good. That's good news. The next thing that I wanted to mention is that Clarence Bagby has been recently named to the Board of Directors of the National Gay and Lesbian Task Force. This is the end glTF is or the the task force is that I could be known is big on building the partnerships and improving the visibility for the top for gay activism, and a local state and national level. Clarence is the president of the caucus, Houston has been Political Caucus, and recently this month. I think he just got back on Tuesday or Wednesday. He went to Washington for the first board meeting. And so Houston is now represented at that national level, as well as the state level, really. So that's I think that's a good step further community. That's a good step for the caucus. That's a good step for Houston.

R

Roy 02:29

And Clarence back, we will be here next week. Oh, yes, he

02:32

Well, he's going to be coming here on this is the fifth Saturday. And next week, next week is the fifth Saturday. And he's going to be here along with Matthew each this I believe, and we're going to talk in the beginning of the show about politics and political issues for the gay and lesbian community here in Houston.

Roy 02:50

Now, I know that normally the fifth Saturday is reserved for the QM Z. Jimmy Carr persona que MZ the queer music zone. However, this is the only time slot that we could get Clarence Bagby in. And this is really important and we'll be taking I'll be taking your on air calls. And Mr. Bagby will be more than happy to answer whatever questions you may have. Oh, coming. Okay, we have coming up. Stress images are going to be explored in network meetings. The upcoming meeting of the men's network and the Women's Network are going to focus on exploring images of desire and stress management. The men's network will use a collage and drawings to investigate the nature of desires for its monthly meeting on May 26, at 7:15pm. And then on May 27. The very next day, the Women's Network will discuss technique for managing stress with a professional counselor at 7pm. And both meetings are held at the Montrose Counseling Center. 701. Richmond, for more information, call 713-529-0037. That's 52900370.

04:17

And what I'd like to mention here is the the age swap we had last week. Yeah, you were there. Oh, yeah. It was over 2000 people did show up. It was it was indoors because of all the smog and everything we smoked. Yes, we've been fired from all the fires. That move was made just a few days beforehand. And I know the folks from edge foundation Houston, who provided a lot of volunteers were there are 24 hours a day moving from Sam Houston Park. Back to the off to the Georgia brown Convention Center. The H walk was successful It raised a quarter of a million dollars. That number is about 50,000 less than they had really expected. Because of the change of venue and, and all the smoke and everything. I know there are a few people out there who did not make it who had collected money. I'd asked you to get in touch with a foundation Houston and get that money back, back, get that money in. And this walk serves some 18 HIV AIDS service agencies that have split the funds and everything. So it was really successful for all of you who participated. It was Thank you very much. I'd also like to mention that as part of the thing, they had a raffle and they were raffling off a 15 speed bicycle. And guess who won? Michelle did it? Yes, I did. Oh, it was part of the I would eat my heart up i appropriately. This was set up by the Good Hope Counseling Center. They were doing a raffle to collect money. And so I got this 15 speed bike. Now anyone who wishes to have a 15 speed by Q patrol will now be raffling that same bike off over the next couple months. It's called the recycle bicycle. Recycled bicycle. Yes. So that's I'm not big into bikes. And I don't have room in my living room will standing right now. So Q patrol is gonna raffle dialogue. So anyone who wants to you can probably see the bike and raffle tickets at the community center at various events.

Roy 06:44

Okay, well, we got another segment coming up here. What's happening with the film festival?

06:50

Oh, okay. The Film Festival is on tomorrow. This is the first weekend and it's at the landmark theater, Greenway. Three theaters at five Greenway Plaza. They're doing a movie I think I do. So tomorrow will be the last day for that movie. Next weekend will be the second weekend of the film festival that's being held at diverse works, which is located at 1117 on the east freeway up an interstate 10. Friday, they have a couple of videos. On Saturday, they're doing a quack mix up video I love quack Yeah, they're gonna be in there. And on Sunday, they're doing pride Dubai, which is a movie about the the history of the pride movement, and some of the controversy and contention that's been within the community and some of the healing that has happened. And afterwards, we're going to have a little discussion group. So and then the third week, the film's will be at the MFA. And the fourth week, which is June 12, the 14th There'll be at the rice Media Center. Anyone want an information about how to contact and find out what is playing where just call area code 713-914-5037? That's 9145037

08:15

Well, that's, you know, they're talking about the film festival. It's like, the beginning, actually, of Pride Month. And it's you know, it's happening now. And part of that you talked about CWAC that's the queer artists collective. Yes. You can reach them at Post Office Box. 66333 Houston. 77266. And another thing about quack, they're having a fundraiser Tuesday, May 26. From six to eight at the Boulevard, bistro 4319 Montrose. It's a little pricey, but it's a fundraiser for them.

08:55

Yeah, there's one last thing I'd like to mention. Okay. And that's on June 4. That's Thursday, at the at stages, Repertory Theatre, oh, yeah, there will be a Nicki sobers, critically acclaimed off Broadway comedy fit to be tired. So that's on Thursday, June 4. It's a story about a hero who ties up as the love of his life for total possession. And then his mother moves in and there's a bizarre love triangle that occurs. Now tickets for that show are in fact the entire house of that show has been donated by stages to the Houston gay and lesbian Political Caucus. No kidding. Um, so all the tickets in the house. All the money collected for those tickets are going to the to the caucus and the caucus is going to split that money three ways. Great. One's going 1/3 is going to the caucus. 1/3 is going to the lesbian and gay rights lobby and all St. And the other ones go into the National Gay and Lesbian Task Force, right. So the money is going locally, statewide and nationally. For those who would like to come and join, you can buy your tickets at stages. You can get that at the box office. There are telephone 71352 stages. That's five, two stages. And we will

10:23

be talking about that next week. Also,

10:25

10:25

I'm sure that parents will.

R

Roy 10:27

Okay, okay, fine. Before I go, I just want to remind our listeners listen for Lesbian Gay voices right here on KPFT. On Friday evenings from seven to 8pm. That's right. TV Montrose. Yes. TV Montrose, Monday, Tuesday and Wednesday channel. 54. At 8pm on Warner on Warner Cable. 54.

♂

10:49

Oh, thank you, big Ryan, Michelle. And now we're just gonna go right into

♂

10:54

QA John and Russell. Good night.

♂

10:57

Biggest John and Russell have a calendar to do to about leather stuff coming up. I'm great. I think I'm gonna just leave the mute music running.

J

Jimmy Carper 11:09

This man right here is trying to molest me.

♂

11:11

You are so lucky.

R

Roy 11:16

Look at a pink buddy. Gay Guy. What

♂

11:22

are you doing right here?

J

Jimmy Carper 11:24

My pants could come in under?

11:25

Oh, that's a shame.

11:27

He's got these really short, short, short Levi's.

11:30

It's great. I know.

11:32

It's just on the song. Oh, we

Roy 11:34

love you, John.

11:35

You know, I was I was commenting on that. Russell, you do very good interviews on the radio. Because during the Louie thing he was when people came up. First of all, he described what they were wearing what they looked like it was really

11:50

cool. Well, it's so impressive. We can be Yeah, one night that I'm not all finished out. I had a nice long nap before coming to the show. Going to play parties. And boy, I love the way that people look at the parties and stuff. Let's do a quick calendar. And then we're going to call a woman named Lolita Wolf, who's at the International Mr. Leather contest. John, you want to describe IML for us and that's going on this weekend.

J Jimmy Carper 12:20

I m goes on annually in Chicago. There are represented representatives sent from all over the United States, I believe they may start out from anywhere from around 30 to 45 contestants tonight that is actually going on. So hopefully when we speak to Lolita, we will get some ideas

to who is in the in the running bear. I do I would like to send out some good wishes to our own Texas representative who is Ronnie French here. He's from Dallas. Hi, Ronnie. And good luck, and I hope he's doing well at IML believe this is their 20th or 25th.

13:00

What's the great contest and a great gathering. We'll hear more about it when Lolita comes on. I think what we should do is start with the Houston area clubs. And there are some ongoing events associated with those clubs. And I'll cover some of them and then John is going to cover the upcoming event. Yeah, major events coming up. The I'm gonna go through this alphabetically. By the way, we're using the autumn seasons network newsletter, which is available at 5070 some odd different bookstores and businesses, businesses. It's a newsprint publication that's free to the public. That's a little bit of advertising in it but basically does quite a bit to unite and inform all of us who are in the lather BDSM fetish community here nice and and we're starting out with a list of the clubs. The bound Collective is an interesting group and we'll name Trish is is the primary organizer of that she's really cool. And they have meetings every Sunday at 2pm at a place called Reno's That's it 20814 I 45 south and Webster inside the Walmart Hooters shopping center, and they have educational stuff. They thought I went to a really cool play party they had in the Galveston area. They're really nice group definitely worth checking out especially if you live in that area. There's another group called brotherhood of pain or bot. This is primarily it is an all male gay group, which is takes very protocol very seriously which is the basic etiquette and the scene. All I have is a peel box for them. I know that they hang out at the ripcord excuse me, I've had my diet coke. Belting the PIO boxes 66524 Houston 77266 For brotherhood of pain check them out. Club film is a female domination group. If they meet in Friendswood, and they have other events, you can reach them care of PO Box 631 Friendswood, Texas 77549 Call 40 fives in Houston they're not an SM group but they are are really cool. They are like a not for profit accounting group and clearing house for AIDS funding. Pol box for them. It's 66804 Houston 77266 The arrows or erotic Rose Society. I am very active member of that they meet every single Saturday at noon, they usually have about 75 people there 12 noon until about one at Rogers, which is a pub at 2010 Wha, that's noon every Saturday at Rogers they have an educational class, they also have a private play party about every two weeks, which you can easily attend by talking to one of the regular members. That group you there's no pressure there, there's a free workshop you don't have to dress or you know be intimidated if you're a novice or whatever. They're really a very friendly and warm group of people and I strongly recommend them as a matter of fact, I've met my fiancee, they're really nice, warm social group. Fist females in search of trouble is a social only group for women who are into the scene or interested in the scene. If you're interested. They have a first Monday of every month at 5:30pm. They have a dinner social at Cafe Adobe again as the first Monday of every month I Cafe Adobe for fist or females in search of trouble to RSVP or otherwise express your interest contact Tiffany at 713-521-5879. There's a group called Houston educates and encourages him and hasten educates and encourages lather or heal. And that's a really good group. Although they have been they've missed a couple of months there. I believe they did have a workshop this month, and they will be having one next month. And it is on the third Sunday at 3pm of every month, third Sunday at 3pm at the famous Pacific street bar where I work yeah. And that's 710 Pacific Street and 3pm Sunday, it's a really good educational workshop. And, again, let us stress that education is really primary and paramount in the scene, you really need to know what you're doing in order to play safe, sane and consensual and there's a whole lot to that most of us in the scene don't really appreciate playing with people who don't know what they're doing. And you really do need some education for that and you know, there's reading and there's you know, talking to people in private but

you really do need to know how to come out you know how to tell anybody what your name is and it's fairly fraught private all these groups are you know, everybody treats each other with a lot of respect and nurturing and all that but you know, don't be afraid at all but definitely get out there and do it because that's what we need you to do in order to play safe sane and consensual he's scenario bears lots of clever hairy guys you can very kinky men and that by the way I've been in Doctor Oh yeah, that's a Pio box 66443 Houston, Texas, zip code 77266 Houston, people exchanging power, or H pap is the largest pansexual fetish group in this area, and is definitely pansexual and open to everyone. They meet at Tantras. That's Tantra nightclub at on the first Saturday of each month at 7:30pm. Toronto is located at 57 at fair Dale right across from Rick's cabaret. There's Lancers no doubt of a aloneness fits. There's an address for the misfits, which is another there's some gay Lazar folks involved in that

J

Jimmy Carper 18:52

surely by organization they believe out of the RV, that's where they hang their color.

♂

18:57

Okay, and the address to reach them is 304 East 28 Houston 7708 That's again 304 East 28 Houston 7708. Now the National Weather association is in the national leather Association's national conference will be in Dallas in October living in leather. Yeah, and that's something to get into in the local chapter of NLA is meeting on the second Friday at 9pm of each month at venture in which is Knox Nighthawks which is now called Nighthawks and the address for that is 2923 Main Street and in LA besides that they also have a bartender later that evening, which goes into their you know charity slush fund that pays for all events and goes to charities. See people exchanging group which is Gulf Coast peih Gee or Gulf Coast Pag. That's a Pasadena group if you're out there and in The Pasadena area. They meet on the first Tuesday of each month at Kelly's restaurant I fortify south and Park Place at 7pm SMC worshipers associated with the service of mankind church is a domme woman subgroup, sub men group that apparently had her own dominant female submissive male group. You can contact their them care of Ms BD P O Box 771251. Again, 771251 Houston, Texas 77215. Texas either in lice

J

Jimmy Carper 20:35

we're just we're a social organization where we don't have anything coming up, we will be participating participating in the riders 30 And Saturday 30th anniversary, which is this year, but we're very low key and it's we're more of a group of men and gay men and women who get together

♂

20:51

and party cool. Now Texas riders you can get in touch with him at PO Box 66545, Houston, Texas, zip code 77266. Tonight, there was a party called the whips society or women in power society. And that's just basically another group strictly for women. And they were meeting at Nighthawks. And it was organized by the same woman who organized this gulf coast leather contest this year, Elizabeth. Hi, Elizabeth. And that's let's see, let me read the spiel here exist

on the willingness of women who wish to participate on a totally volunteer basis. Now, you know, dues or elections are any that nonsense. It is a source of for learning, teaching, sharing experience in current ancient primitive arts and beliefs, histories and techniques of pleasure and pain, saddle masochism, submission, dominance, bondage and fetishism. They, you know, basically are open to anyone who wants to come out and who's kind of interested in females who are empowered. Now there's also the following weekend, Llama Drona, which is a little bit more themed on male submissive, specifically geared for that party. In other words, you don't come to the party. Unless if you're a male, you don't come unless you're you have a submissive or slave collar on and you're accompanied by a dominant female. I'm not sure across it whether or not cross dressing applies. I would guess that it will knowing Elizabeth. But at any rate, that's it's basically a femme DOM thing. And la Madrona. We'll see you do we have any information on that? And the upcoming thing?

 J Jimmy Carper 22:32

Yes, I believe we do. Yes. It's on May 30. It's the first annual Houston dungeon party by law Madrona. So that's next week. Yes, the space is limited. But the tickets will be on sale. They were on sale tonight with the whip society. And on May 23, at Nighthawks for \$10 each.

 22:55

So it is going to be at nine Hawks. Okay, great.

 J Jimmy Carper 22:58

Again, all women, all escorted women are invited to attend and encouraged to arrange play partners. Any manner invited if they are pansexual submissives.

 23:15

Cool. Yeah. That's great. Um, are there other other upcoming events that

 J Jimmy Carper 23:21

are? There's a group that is the name is kind of new to me, but they're meeting Saturday 60. From eight to 10. It's used in players and there'll be meeting at the Holiday Inn lounge, 7787 Katy Freeway. Again, you had mentioned the organization he'll use it encourages and educates and whether the topic will be an introduction to multi tail whips. Sort of a flogging 101 is already going there. Is this one. Oh, this one's already gone.

 23:58

Yeah. Well, I'm not sure what the next topic is.

J Jimmy Carper 24:01

here either. Okay.

♀ 24:04

Third Sunday of every month,

J Jimmy Carper 24:06

third Sunday of every month. We've already mentioned the last Madras dungeon party. Please try to attend that in Dallas. Oh, this has already happened to well, everything has already happened. I do want to mention that I was in Dallas. Just first of all, I was in Austin, for Texas leather pride, which was very enjoyable. Yeah,

♀ 24:30

we paid for that and had like, so much stuff going on.

J Jimmy Carper 24:35

It was it was a pretty great weekend. Sorry. The next weekend we went up to Dallas for the 10th annual Gulf Coast Mr. Drummer contest with a one man by the name of Steven bass. He was He is our current Texas.

♀ 24:55

Mr. Drummer, no.

J Jimmy Carper 24:56

Current he was also oh shoot I can't believe that I don't remember.

♀ 25:03

Congratulations. Congratulations to

J Jimmy Carper 25:05

Mr. Golf. But he's also I'm sorry, I've got it now. He won our Texas Mr. Prime choice contest and the ripcord, which puts on I'd also like to mention, or a congratulation to the first runner up,

who is Dallas's Steve Waldron? And second runner up was Mr. Chuck Lance, who was right, who was representing the Phoenix in New Orleans. Let's see. I'd also like to point out to people that the grey party is putting on a pre grey party at the Spy Club, which is called the nodo. Party. It's a no it's the invasion of North Dallas. Ooh.

25:56

Should that be no da? Because there is a no dough

Jimmy Carper 26:00

No. North Houston, north? Downtown. North downtown? Yes. Yeah. No, no. All right. Should be fine. I'll be there. Yeah.

26:07

Now what is the gray party?

Jimmy Carper 26:09

Green Party is an annual party that originally was started by a group of people called the wolf pack. Oh, yeah.

26:18

They still exist. We just don't have any data on them.

Jimmy Carper 26:21

You know, they're the hosts of that party has increased. So it's not just the wolf pack that's putting it on. But you know, the wolf pack did start this party, which originally was something very small. That now has turned into an unbelievable party. I believe this year it's going to be put on at the old the old Coliseum what is it called? Now?

26:45

This new? Oh, Angelica thing? Yes, yeah.

Jimmy Carper 26:48

It's going to be put on there, which I will warn everyone now there is no smoking in the building there brother I'll be there But I'll be probably outside

there, obviously it'll be there, but it'll be probably outside.

26:59

Basically another excuse for an AIDS fundraising wildcard.

J Jimmy Carper 27:03

And anyone who enjoys the Green Party needs to go to the nodo party. Oh, yeah. It is being put on to help for the funding of great party. Right.

27:14

So again, where's that and when

J Jimmy Carper 27:17

it is at a club called spy and it is going to be tomorrow? We don't have the actual time. I'm sure it's gonna start at about

27:26

seven whether your call directory assistance, or spa? Yes,

27:29

it is located north downtown at 112. Travis Er,

J Jimmy Carper 27:33

yes, I believe

27:34

112 Travis probably. I think that

J Jimmy Carper 27:37

all information and ask for the address for this Spy Club. I'm sure they can get it won't be

27:44

there. That's gonna be called. Listen. Speaking of IML

27:49

can we hold on just Oh, yes.

27:50

The sound of Texas KPFT Houston, of Pacifica radio network station 90.1 FM 89.1k EOS College Station. That's

28:00

right. You got it going on. Now, isn't that cool? And you are listening to after hours queer radio with attitude. I'm Jimmy and Russell and John are here. We have an interview coming up in a little bit. But yes, real quick. I wanted to talk briefly about Bill Willis. Remember bill? Yeah. Bill Willis was the guy that you always saw riding around the Montrose on his bicycle with his helmet and his knee pads and all that kind of stuff. It really kind of a cute guy. We flirted.

28:42

You flirt with everyone.

28:44

Yeah, I heard about the little Yeah, but he flirted back.

Jimmy Carper 28:49

Okay, finish because then I have some to say

28:51

because he was in an accident. Oh, about a month to two months ago, a very, very serious accident. And it was a hit and run. Are your kids. They suspect the red and white truck it was at Willard. There's there's notices all over

29:10

is can we send flowers or

29:13

he's he's now at home? Well, he's in a hospital actually in Arkansas, where his family lives. Yeah. And his his mom wrote a letter to Ray Hill saying that he was that he was doing better. He was able to sit up in bed. Wow, that's how bad it is.

J Jimmy Carper 29:36

I mean, that that we just hit and run on them.

29:40

And so we're still looking for the perpetrator there. Bill Willis was a sweetheart. I wish I had thoughts and prayers. I wish I had thrown myself at him. Yeah. Yeah, I do. So where are we tonight?

29:57

Well, we have a woman on the line or Ready I believe named Miss Lolita Wolf and she is at the International Mr. Leather contests in Chicago. We've contacted her via her hotel there the Congress hotel in Chicago. And she's on the air. We're gonna Lolita Are You There I am. Hi, Katie.

J Jimmy Carper 30:19

I'm sorry. My name is John better VITAS. How're you doing? I'm doing fine. Are you having fun in Chicago?

30:25

I'm having a blast. This is an amazing event. It's the 20th anniversary. And they, they've got like, 5000 people here.

J Jimmy Carper 30:39

You know, by any chance happen to have a winner yet? Do you

30:42

know, the contest is tomorrow, tomorrow afternoon at the Congress theater. And it's a 3000 seat theater and they've sold out the theater.

dead creature and they've sold out the creature...

J

Jimmy Carper 30:53

Do you have Do you happen to know if they've what? What it has come down to as far as contestants because I know there

o

31:02

are 62 contests.

o

31:04

Oh my god.

o

31:06

They're from all over. They we've got contestants from all over the US including Alaska. There's people from Canada, Holland, Germany. So it's really international events. Ray, please,

J

Jimmy Carper 31:21

please wish all of the contestants a very sincere Good luck.

o

31:29

You've danced from Houston, we look at after

J

Jimmy Carper 31:31

hours.

o

31:32

Okay, well, they're all They're all. They're all the cream of the crop from all the various.

o

31:40

That's why That's why there's 5000 people there, you know, oh,

31:45

well, you know, I'll tell you, we're here, you know, for the contest, but we're also here for a lot of other reasons. Because when everybody else is here, and you know, everybody's here they're wearing leather. And we I just got in from a play party. I left early to be here.

32:07

I know what a drag that is for you did that tonight? You're so rarely at play parties on Yeah. I used to go out with this woman in New York. And I was like, No, I can't stay out till five in the morning again. Every single weekend.

J Jimmy Carper 32:25

Do you know who he's talking about? Me? Yeah. So let's see.

32:37

ratable That is just

32:38

IML. They've got over 80 vendors. So here's where to get your anything you want here in the way of clothing, whether it's leather, or rubber clothing, or anything that's that. Anything. There's like all these wet makers and paddle makers. I bought some electrical toy. John is your friend a really pretty colored rope? Yeah, I even got to use it tonight.

J Jimmy Carper 33:17

You're gonna bring us you're gonna bring up having to leave that play party again, aren't you? Well?

33:22

Well, there's always more X actually. My my play partner she's down in the lobby right now. And she's she's wearing her rope around. Oh, no, she's wearing a text jumpsuit to

33:37

that hotel will never be the same. Take actually they're used and they're better for it.

-- --

33:42

To me, the lobby is the best part of this whole event. People watching they got they got very comfortable couches, and everybody's down there and you've got different people holding court at the different couches and it's it's, you got people cruising, but it's also a big network opportunity. You know, there's a lot of people that have written books that are here that you know, people like you know, you know, every ties that bind by Guy Baldwin. Jacquin Allah, who wrote masters manual, he's actually one of the contestants. So it's in people that you've only read about, and their hair in the flesh. Talk to them.

J Jimmy Carper 34:27

Is this your first IML? No, it's my fourth none of this is new to you

34:33

know, it's not new. But it's it's always it's always fresh because there's nothing like this anywhere else.

34:40

Oh, yeah. Oh, yeah. And all these events. I mean, there there are lots of different events of this nature, big weekend conferences for people who are into leather and SM and in there, all these great groups and organizations and one of the reasons I like doing this talk show I had known Lolita back when I lived in New York and met a lot of Nash To level people there. And just to for folks out there listening in Houston, if you're into the scene to talk to some of these people get to know them. They're also accessible. It's like being in a blues or jazz, you know, the musicians are not snobs. And

35:16

people that are that are into this, they like to share, they really tell what they know. It's not unusual when you go to an event or a play party or go to a workshop. And, you know, when somebody's done with what they're doing, you know, you go up to them, and you say, hey, I really like what you did. That's really hot. How did you do it? And most people, they're just very flattered. You know, as long as you wait till they're done. To share and teach.

35:47

Yes, yeah, they really do. And the younger people, it's, there's, there's almost no Well, for a lot of us, there's like no money in this. It's all done for the love of the thing, you know?

J Jimmy Carper 35:59

Yeah. And, you know, it's really amazing how approachable all these people are. Yeah, yeah.

36:05

And yeah, it is amazing. You don't realize it, because you said that, like, we sit here in Houston, or we read the books. And, you know, we know the names and we think these are stars, and

J Jimmy Carper 36:17

well do an interview and find out that are easy. Yeah.

36:24

Yeah. Yeah. Well, listen, I mean, from from being going to all these wonderful events around the country and around the globe, and having organized things that we should mention that Lolita was the Analyze Lifetime Achievement Award winner recently, she organized the workshops and other aspects of the Black Rose 10 anniversary the leather celebration with as part of the Stonewall. As part of that she has been on the board of the tilt. Oil and Spiegel society, society oldest,

36:59

oldest SM organization in the country as well as the largest. They have over 1100 members. And they've been around since 1971.

37:09

Yeah. I mean, you've done just about Abdallah, some of you, Lolita does the country. You've done at all now? To some extent? Where did you start out? I mean, were you ever, like, ashamed and isolated and kind of stuff?

37:27

Where did I start, I was six years old. And I didn't really start out in the scene. But I had fantasies. And, you know, I used to dream that I was the captured princess. And I had, I was forced to do all sorts of things. And eventually I'd be rescued by the king's men. So this, this was a big fantasy. And and it's still it's still an important kind of fantasy for me. And for a long time, I had all these boyfriends, you know, that that really, you know, don't touch me there. Don't talk like that. It was very, very difficult. You know, I remember one of my old boyfriends took me to see story of Oh, the movie. And I was so excited. This is so hot for me. And I remember afterwards, I said, oh, let's let's play story of Oh, and he's like, No, silly. That's just a movie.

20.24

⌚ 38:24

What a letdown. Oh,

⌚ 38:26

total letdown. So, you know, I was reading a lot of like science fiction, the gore books, John Norman score books, which aren't like major literary

⌚ 38:36

creations are pretty major jackoff fantasies. Yeah.

⌚ 38:41

But you know, you brought them in science fiction stories, because, you know, I didn't know enough to go into you know, the, you know, I wouldn't go to one of those 30 bookstores, you know, I'm a nice girl.

J Jimmy Carper 38:51

Would you do it now?

⌚ 38:53

I do it all the time.

J Jimmy Carper 38:56

Did you ever get into the enterprise?

⌚ 39:00

Yeah, but that was that was a bit later. That was a bit later that I got into that Exit to Eden that was big favorite.

J Jimmy Carper 39:08

Sleeping Beauty?

⌚ 39:10

Yeah, the, the beauty books are okay. They're okay. Some, some of it just didn't work for me. But this was this is all very, you know, nine and a half weeks, anything where there was, you know, a power kind of

39:28

game. I mean, obviously, I was aware of what I was interested in and actually played when I was seven or eight. And, you know, I had some bad experiences, primarily because of being underage and being at the whim of people who, you know, I mean, I didn't really have a choice about some of these things. Yeah,

39:49

you know, I don't, I don't believe in you know, doing anything with anybody under age first of all, the legal. Second of all, it's kind of unfair. out to them. I think kids should be playing with kids their own age. Yeah, well, they're seven or eight, or whether they're 15.

40:08

Well, after having had really bad experiences, as, as a teenager and pre teenager, I pretty much didn't get very serious about the scene, you know, like, I had girlfriends, and I was definitely into it. But I didn't do anything very serious until I got to New York and got in with oil and Spiegel where I knew I'd be trained and get some real feedback from the community and, and be, you know, educated about what I was doing,

40:34

I was amazed to find it, I was really amazed because for so long, I had been repressed, I felt guilty that I felt that I was weird. And nobody else wanted to play those games. I mean, I would do anything, I played backgammon with people and gin rummy. And, you know, every point was a minute, you know, a minute of slavery, you know, I wasn't anything to play the game. As long as it didn't matter if I won or lost. You know, I didn't mind which side I was playing. I just wanted to play it. And one day I this was before I ever got a computer, or people were on the internet, I think, you know, the real geeky people who are out there, okay. But people like, like, you and me, we were, I went on one of these phone sex lines. And this guy says, oh, you know, let me three way you want to this other line, and it was the B and D line. And he threeway me on it. I was I was I was, I was so shocked. Because here were intelligent, witty, funny, cool people talking about these kinds of stuff that I fantasize about. And I learned and I got into it. I said, wow, there's all these other people here that are into what I'm into. And I, I can find it. And that's how I found the orange bagel society. And they do things like workshops, you know, and how you know how to how to safely tie somebody up and, you know, relationship issues. And you know, all sorts of, you know, flogging and you know, because you really want to do this kind of stuff.

42:14

Yeah, there are local groups that do the same thing.

42:17

Oh, yeah. They're all over the country. And what's what's happened now, with the internet, also, now you've got groups in places in Iowa, you got Iowa stocks and bonds. I mean, can you believe it? It's really where it goes, Oh, but no, there's places in Nebraska and they're all over people are finding each other people that thought that they were just that nobody else felt that.

J Jimmy Carper 42:46

Let me ask you, you mentioned that you started having fantasies when you were six, seven years old? Yeah. When did you come to the realization that there was more, and there were other people out there?

42:59

Not till I hit the phone lines.

43:03

Back in the 90s, or late 80s. It was

43:05

it was like 8788. And then, and then I started going out and meeting people. And I probably did some things that were a little dangerous.

43:16

And that's about when the Good Book started coming out, too. And

43:20

that's when I met some people. Somebody gave me a copy of coming to power.

43:25

Yeah. And somebody gave me a copy of that. And I had about five orgasms that afternoon in my room.

43:34

I was just, I was it was incredible. Incredible. Yeah. Incredible. To just see, oh my god, there's other people that are here that are into what I'm into.

43:45

Well, there definitely are I mean, for the listening audience out there. You know, there's there's the Euros group meeting every Saturday, about 75 people there. And it's a lot like going Lynch Spiegel, come on out to Roger to noon every Saturday. And tons of other groups here. These kinds of

43:59

meetings are very safe. Yes. You know, a lot of people that they they fantasize, oh, my God, what's going to happen if I go to a meeting like this? And really what what happens is nothing. And nobody's ever forced to say anything, or when a thing and

44:18

you don't even have to use your real name. You don't have to dress in a certain way.

44:22

Absolutely. Absolutely. So it's really just, you know, outreach, and most of the people there have been, you know, that involved, so they understand how difficult it is to come out. Kinsey did a report 92 That said, between five and 7% of Americans that do kinky stuff on a regular basis,

44:48

that's how many millions of people Yeah, you know, we're

44:50

talking about, you know, not just gay lesbian, by transsexual, but heterosexual too. There's a lot of people out there doing this, and you don't I'll hear about it. Do you think there's big fear? Do you think

Jimmy Carper 45:03

that's also may have to do with their information and them even realizing that they are doing

something kinky?

45:13

Some of them realize that some of them just say, Well, you know, we're doing this for fun to spice things up. And, and some of them are like, like me, they that's how they get. That's how they get off. Yeah, you know, and that, to me is a really important kind of thing. And the reason you don't hear about it is so many people are really closeted about it, because they're, they fear discrimination. You know, whether it's losing family and friends, whether it's it's job discrimination, I mean, we hear about these things, losing jobs, because they're employee find out. Child Custody is a major, major issue. And that that's, that's something that we've really got to work on. And it is something that we are working on.

46:10

We talked about the like, for instance, the the National Organization for Women, part of their, you know, their little encyclicals that they send out pretty much condemns our entire lifestyle.

46:22

Yeah. And in 81, the national organization women came out with a statement that basically said that SM is violent, which, if you're talking about real SM, the way we practice it, which is you know, safe saying consensual where, where you do it in a loving way. It's not It's definitely not and so
