Boy George, off his new album that was unfinished business. For that that's my favorite. Well, I don't know, I've got a couple of favorite ones, you know, fun time. Let's see same thing in reverse, which I played earlier. If I could fly, which was requested by David, you know, all kinds of good stuff on that it's really a different album. If you liked what you heard, go out and buy it because the rest of the bit is just about the same. You're listening to after hours queer radio with attitude right here on KPFT Houston and KEOS College Station, Bryan, it's a three hour music show of all queer music. That means it's music by openly gay, lesbian, bisexual or transgendered artists. Now we're going to kind of pick it up a little bit. And go back to that Frank album, that brand new one that hasn't been out to very long. There's only five cuts on it. On the CD, if you get the record. For those of you who still have turntables, there's an extra one on the record. That kind of strange, it's usually the other way around. Yes. But on the new one, there's a on the album, the extra cut is a cover of Moon River. So depending on what you think of that song, is whether you get the CD, or the album, but this is the song that I liked best off of Frank's new album. It's called Bulldog or swagger. Or, yeah, that was take a detour by Jane County, transgendered artist, and that was off of her album Goddess of wet dreams. And she's pretty popular over in London, where she played for the the entertainment section of the of the Gay Pride March. When they had the festival afterwards, she played Jane county used to be Wayne County in the electric chairs. And now it's Jane County. Sounds like she's on her own. take a detour. And now some requested, pansy division. Oh, yeah, pansy, division, big bottom. And now we're gonna go to CWA Kelsey. Yeah, I know you liked this song. And she wants to dedicate this one to Alexis with love.

On after hours career radio with attitude on KPFT Houston and ke O 's College Station Bryan. Huh, yes. That was fifth column off of their CD. 36. See, that was called Don't you've been listening to after hours. The continuing tradition right here on KPFT Houston and ke O 's College Station Bryan. And it's been three hours of queer music that's music by openly gay, lesbian, bisexual, and transgendered artists. And we played the breads tonight.
