00:01

We go there. No, no, no.

Peter 00:03

So there's a little piece that you can you can sit around and look at, like, when you make these little comparisons and you're sitting at the table, you want something clever to say, and somebody says something, and you could kind of just lean over Yeah, to your, your little person and say, you know, you're and remember one of those lines, and you can just sort of go for it. You know,

Connie 00:24

just put that in your holiday survival pack,

Peter 00:26

holiday survival pack kind, you have something really wonderful in the news. I know, as we search through

Connie 00:32

some shuffling through all the newsworthy articles we have here. The research department went out of their way, you know, but they're not very good at organizing. No, I

Peter 00:41

know today. They hand them to us. And I think it was too much coffee was that well, our one thing they did organize was, you know, the one thing about Thanksgiving is up north it is kind of nice. Because it's you know, it's cold and you get there snow

01:03

you know, but this little

Peter 01:04

store what this little story is why we live in Houston. Better noon, as there's no reason for that damn snow. Tell me really? This. I got this from a friend of mine in the up in Michigan. Okay, our research department goes everywhere. Wow, this local man. Grand Rapids be exactly Malama great. The guy called me from there but happened to me up to true story. A local man had just bought a new Ford Explorer. And in one of those male bonding rituals, decided to do a winter Duck Hunt exposition with his little buddies. So they loaded the dog and the guns and the decoys and the bear into this vehicle and headed out to a nearby lake. Well, it's kind of common practice in Michigan to drive your vehicle on the frozen lakes, which is like no big thing. Yeah. And it's for further it's common, but a little illegal to make a hole in the ice for your decoys by using dynamite. Quite, but it's happens because I used to live there. The young man had a stick of dynamite, but it had a short fuse on the 22nd fuse. And so it's not really a good idea to light the fuse, drop the dynamite and run because you can slip on the ice and fall and blow yourself to smithereens. So he decided to throw the thing sounds like a good idea. Sounds like a good idea. Trouble is after he tossed the stick of dynamite the dog chases it picks it up and starts to bring it back to him just like just like he'd been taught to do no Fido. No, no Fido. No. Well, that's exactly what the men were saying. Screaming at this dog with his lip dynamite in his mouth running at them to no avail. Go and stop. Stop. Drop that damn thing. Anything you can think of. Find me in desperation one of the men grabs a shot man and figures. Oh, dog dead. Oh, I said the biggest. Oh my God and His before one o'clock anyway, so they shot the gun at the dog. However, the gun since they were shooting birds is loaded with buckshot. So the dog wasn't really much hurt, just really confused. So he ran and crawled under the vehicle with the dynamite in his mouth. Well, needless to say, the new Explorer is at the bottom of a lake in the insurance company refuses to pay because it was an illegal use of explosives. The first payment of the new Ford Explorer is due at the end of the month. And there's 47 more payments to follow. Oh

03:36

no what happened to Fido?

Peter 03:38

Under the Explorer at the bottom? Oh awful, awful story.

02:16

03:46

Fido heaven. Yes. Fido knows any of

c Connie 03:50

them to be taken the best for quite a while.

03:54

I mean, really did you find your little article made

c Connie 03:57

it to the to the article go for precious. Some news from around the country that our research department dug up for us. This one's kind of close to home. You know, you remember that whole Wanda Holloway thing the cheerleaders and Baytown and trying to

P Peter 04:13

go the mother that killed off the cheerleader because you wonder daughter? Yeah,

c Connie 04:18

yeah, people in Texas get freaky about that kind of stuff. So in September, your daughter really a federal grand jury in Tyler, Texas. indicted the wife of a high school principal for writing and mailing a death threat. According to the indictment the wife Tamela Ellis sent school trustee ginger Molly, a note wanting her to stop criticizing the school administration or Molly's daughter who is a cheerleader would never live long enough to cheer at her foot first football game. She got what are these housewives doing all day that they just set? That's just

P Peter 04:52

odd watching too many soap operas serious too much Jerry Springer.

c Connie 04:55

I mean good thing we're not competitive. Good thing because I'd sure hate for my mom. Have

P Peter 05:02

a letter Listen, Peter. Listen, Peter. You're never gonna see that damn burrito again. Oh no. I'll do anything. Now this one

C

Connie 05:09

isn't so much as fun funny as it just is. Um, well something I found interesting. Oh,

P

Peter 05:15

we're Connie honey if you found it interesting I'm sure our listening audience is just waiting with bated breath for from your leads.

C

Connie 05:24

Alright accordingly Yes, according to a Times of London report in August trains in Johannesburg, South Africa are being systematically equipped with fans. Well, isn't that plus

P

Peter 05:36

warm warm and Africa battery good idea.

C

Connie 05:38

What the fans are there to blow away the increasingly common cannabis smoke free No. Yeah. Frequently cannabis smokers take over the front car of the train in order to blow smoke playfully through the keyhole into the train engineers cap earlier in August one driver had to stop a train for almost an hour because he was rendered Dizzy by the smoke

P

Peter 06:01

back lever. Kind of I have this great story about you know, I have been on a cruise ship in the Caribbean. You are so familiar with the good ship lollipop cruise lines. Wait, am I in this Caribbean cruise? Yeah, I will have to admit we one of our stops was Jamaica. And the only thing the and it wasn't even an RSVP cruise. And one of the only lines I think I heard constantly I don't think I heard anything else but you know may I take your order and you on some Gosman really only line I heard well needless to say the ship fills back up again from port and off we go. And they could have installed fans on the outdoor deck. This was in a thick couldn't have been seen at all. Cloudy funk.

o

06:51

I bet the buffet was popular after

P

Peter 06:52

midnight I got the munchies cafe was tore that thing looked like a shark came through. There was just a bone of a frosted ham and crumbles have a chocolate chip cookie left I mean the thing was a mile long to before their bike got in and waited

o

07:11

and suddenly get the leaves music was replaced by Bob Marley.

P

Peter 07:17

And the boot deck really was it was on and on and on and then here we are last night out. Absolutely sir I swear to god last night that we're all sitting in the big ship lounge thingy. And we're going through our little you know the federal form things that you fill out for all the things you bought in Haiti and Jamaicans and St Thomas and you know declaring your stuff for when you get off ship in Miami and brilliant captain or first mate or whoever there's steward or whatever gets up there and says Now listen, we know that some of you people have bought some very special herbs and spices for cooking procedures jerk spice and and yeah just said you know we whatever now if you people indeed have have bought some of this stuff we seriously suggest that you smoke it now. I'm not taking say that he said throw it overboard, smoke it. I don't care what you do with it, but do not try to bring that those special herbs and spices back into the country with you. No, ma'am, huh? I mean to tell you here we are in this gigantic Hall filling out these forms. And this was early on in the conversation. And it wasn't 10 minutes. joints were going up and down the rows of people Oh, no, I was gonna die. It was and it's a major cruise lines. And there were older people and young I mean, it's a full range of people. And they just seem

o

08:51

to care I mean, we know when he gave us

P

Peter 08:57

but I will tell you right after that the amount that he finished up the evening by saying now don't forget to put you know all your bags out by your door and save what you're going to wear most people put their bags out and then come out to get off the boat naked. You know? And they said no. Let's keep your set of clothing and then put your bags out and yada yada yada and here's what we do when we get in in the morning. Chow you should have seen what the people are getting off that boat in

o

09:25

they were worried about it beach.

P

Peter 09:27

One gal had her husband pants on the bottom he had a bathing suit on her top and he but his like tuxedo pants. She evidently was the only thing in the room. I don't know why people are getting off that thing looking like rainbow the clown on a bad wet day. I mean, it was just funky.

👤

09:46

Rainbow we're sorry. Sorry. You

👤

09:48

know I love your Rainbow.

P

Peter 09:50

Rainbow he knows that. But I mean, you know like a funky white timer. Right fair das Yeah, I mean, it was just incredible. I'm laughing and giggling and carrying On the honest to God, nobody did take anything through customs they inhaled that shit for five straight hours until no one could walk off that boat and went off looking like they'd been pulled to knotholes Oh god, that's a vacation. I mean, it was I wouldn't even RSVP.

C

Connie 10:16

I have a little cannabis story. I have many. But here's why I share ice because it's about somebody else. It's not quite as fun as yours. But a friend of mine had had quite an extended stay in the hospital. And

P

Peter 10:33

if you think I thought that was fun, because he was on that little cruise with my mother. Oh,

👤

10:40

could have made it a little bit more tolerable. Share mom take.

P

Peter 10:43

Yeah, really. She didn't have to. Well, she didn't. She got to contact I was dealing with nicer moments. Anyway, there was a bunch of us too. She just had to be there. But I could tell you.

C

Connie 10:53

So this friend of mine was in the hospital for quite some time and had a little stash with her. And apparently smoked so much that when she was going to be let out of the hospital. She left it behind. Oh, well, she's quite a avid smoker and was really upset about this was like some killer stuff, as you say. So she calls up to the nurse's station that day and she's like, listen, I was in room, blah, blah, blah. And I left something behind and they're like, well, we just cleaned the room. What was it? She's like, cannabis. I'll check in the last round. They never called her back, but she was kind of

P

Peter 11:34

a happy housekeeper on that trip.

C

Connie 11:38

Alright, so I got one more news story here. Oh,

B

Big Roy 11:40

we're done here.

∅

11:40

I need to interrupt. Oh, sure.

P

Peter 11:44

It's time to say, Hey,

∅

11:46

∅

12:16

night and Fitzgeralds and then they're going to be right here on after hours. Exciting

night and Fitzgerald and then they're going to be right here on after hours. EXCLAM.

P Peter 12:20

I'm going to combine see him in person, I think.

∅ 12:23

And the thing of it is, what's the thing of it?

∅ 12:26

Julie is going to be here. ghosting? Yeah. And I haven't been able to get a hold of her because she changed her number and she doesn't even know. She'll be subscribed here. Well,

P Peter 14:06

∅ 14:09

Well, well, we'll just have to do something. We'll just have to do something about

P

Peter 14:15

it. I'm not sure what

o

14:16

to say weapon, but

P

Peter 14:17

you know, open beta make them their own.

o

14:20

You know, that's not necessarily a punishment these days. Really? No,

P

Peter 14:24

not necessarily. We get to have. John, tell us about that. What's the blonde haired again, JJ? No, the blond haired one the real leans.

o

14:38

Jenny, JG the bisexual young haired.

P

Peter 14:43

No short blonde. Then whips. Okay, anyways, Oh, yes. Okay. Well, you have one more little thing to tell us.

o

14:51

Your name is s&m.

o

14:52

I guess I don't travel in your circles, Peter.

P

Peter 14:56

I guess you never been adventuring.

15:02

I was there last night,

15:04

actually. How did I miss you? Well, I

15:07

had to leave early because I was on queue patrol. Oh, you're going to the tabs? No, no,

P Peter 15:14

I hear you got to bed this week on Wednesday.

15:16

Did we

P Peter 15:18

hear you did?

15:18

Did you now? I did. Wonder who you heard that from?

15:22

Oh, let's see. Me.

15:24

I heard pretty bad when you have to gossip.

P Peter 15:30

Peter 15:30

No, we were just sharing experience.

15:31

Yeah. So anyway, go ahead. Last night, because the court was doing a fundraiser when I got there right after. Yeah, sorry about that. Oh, well, I had to leave early. And I got to see the crystal Ray Lee love. Do. Do the talk. Dirty to the animals song.

P Peter 15:52

Oh, yeah. Okay. That's

15:55

fun. Speaking of the court, yes. They've got a couple of things going on. Tomorrow. Sunday, Sunday, Sunday, Sunday, Sunday Sunday back patio of Mary's Dear Jesus, China and Lexi will be serving drinks. Oh, really? two to seven. And then there's going to be a show and Weather permitting a bake sale. Oh, Mary's. That's scary. That's

P Peter 16:23

a scary thought by the brownie. You just never can

16:29

It's 28158754 to eight.

P Peter 17:26

Well, I'm impressed. Isn't that too cute? And what do you have for us? One more thing before we do our top 10 list? No, she isn't I'm impressed. I'm gonna be probably most of those functions. Another

C Connie 17:41

little news story here from the research department. According to a news report, in the June

issue of the magazine of the Ontario College of nurses, one of the college's members was suspended for six months recently, for vulgar and Behance and offensive behavior, vulgar and be pensive PBS, something were quite fond of here. According to the report, she perhaps accidentally broke wind broke.

P Peter 18:10

It's broke when I was fortunate

C Connie 18:11

while working in the presence of a patient to wife who took offense. However, the discipline committee found that the nurse compounded the problem by asking the wife if she wanted more before guessing before passing gas directly in the poor woman to chase rude and foul

P Peter 18:32

the nursing profession going to have

∅ 18:35

a bad day or what can you imagine? You've

P Peter 18:38

just picked me up once.

C Connie 18:41

I think theaters goal is to get through every bad word in the dictionary on tonight's

P Peter 18:46

show. I could read something

∅ 18:51

that little thing. No, that's okay. Really? No. Well,

P Peter 18:54

maybe we have this wonderful little thing here that we might read live. It's really kind of funny. Yeah, well, you know, look at

19:00

me like, oh, there's some really filthy words in

Peter 19:02

this one. No, no, no, no, no, it's not really really filthy. Just only one but if I have to find it, but it really is research. The the research department are just a tad bit disorganized.

J Jimmy Carper 19:15

We did a little thing last week, because we had worried that the prime committee had made an application for an entry to the Thanksgiving Day Parade. And you know, that's Oh, now run by bank you. Oh, by what? Bank? You? Oh, yeah. Yeah. And they were turned down because of social issues. Get out of here. Right. So we were just kind of all night long saying well, fu bank you

Peter 19:46

see, yeah. Well, we'll just pull a few of our little credit cards now.

19:51

The prime committee is not upset they're you know, they're taking it in stride, but the community should be upset. Yes, certainly. I think Same issue. Just give me a break.

P Peter 20:03

Let me let me we're going to do social issues for a minute. I was driving to work today. And I heard I mean this, this mayoral campaign is really getting to be smart city. I have heard that we have not said even on this little radio show on regular big time radio, I mean, big pay radio where you got to listen to commercials, which I Yeah, and I was switching around and I don't know what was on but, and I listened to the thing. And it was just like really nasty. It was in the middle of the day. And it was a man sparkler. rich boy, daddy gave him the business. He thinks he's a businessman, run our city kind of thing. And he was taken, I don't know. All about I mean, I've read and I think I know pretty much but I really thought that this was rude and uncalled for. He was talking this whole campaign thing was about did you know, that this brown guy had was all this sexual discrimination kinds of charges? And how he testified on the thing and said, oh, so it was just the worst, worst. I mean, why isn't mosbacher if he's such a great guy when he talks about his wonderful accomplishments, instead of talking about what, uh, you know, does that the other guy is and going through and doing whatever? Well, it was so funny,

because I had pulled into the post office, and I was getting the mail. And I just finished hearing this thing. It was just degrading as hell, just really nasty. And quoting from a deposition that he had to give in court after he'd given the and all this net quoting. And it really sounded good. No one got in my car and ran into an old friend that I had worked with years and years and years and years and years ago, and HIV stuff. Just a wonderful, wonderful guy. We read groups together forever. And I said, you know, I just heard this thing. And she said, Oh, you know, I just heard that too. And she said, there's not a lick of truth in it. Gosh, wow, that real research was done, because he's quoted as saying, this woman yells sexual harassment about one of his employees. And he gets on the stand and says, and quotes, they quote him as saying, oh, you know, so what's the big deal kind of a deal? And then they say, Well, would you want to, you know, somebody's running your city. That's for sexual harassment. I bet there's a lot of women, you know, it was just awful commercial. And she said, they really did research and found out that that indeed, was not said, it was said by someone else. What, wow. And so she said this whole month on her campaign is just one big mess. Nasty, nasty, nasty. Every campaign commercial I've heard from this guy has been degrading to the other candidate. Now, I don't, you know, I

22:43

hate to give them really turns me off. I

Peter 22:46

mean, you know, I just think that that's really I mean, I'm not for one of the I got no, not making the statement either way, or whatever. But I just think the campaign's, if they can't be positive, you can't tell and run on what you have to offer and accomplish. Then doors trying

23:01

to get somewhere it's me all by by putting on the other candidate, I will just vote for the other guy.

Peter 23:08

I mean, I would vote I don't care. I don't care if the guy, you know, was a serial killer. At this point. I would vote for Mr. Brown if it was the last Damn. I mean, I don't care. I am just discussing.

23:21

Yeah. You know, the other thing that I think is odd in this campaign as

Peter 23:25

large as as long as George Burns, who I was who I voted for, and would just as soon see running the show, because I think not only that, is he competent, but he's whatever, you know, I just would, when that didn't happen, then I just I

J

Jimmy Carper 23:38

need to help but the other thing I think is odd and not that I track down the newspapers constantly and see the news every single day. But from the little the just like last Sunday, there was a big article about Brown and mosbacher. There's a big article about bail and whoever is he's not a word about a nice Parker. Yeah. Not a word in the Sunday paper. So what is the deal? What

P

Peter 24:08

is the deal? We you know, the deal?

♂

24:10

Yeah, I think I do we know the deal. Well,

P

Peter 24:13

anyway, enough about politics. Okay.

♂

24:16

Yes, because we don't have much time left. No, we don't

P

Peter 24:18

get after this. Anyway, the fun thing you remember we were talking about them dirty words. I was determined to say oh, yes, every dirty word. Pretty

♂

24:25

darn good job. Well.

♂

24:32

Do you kiss your mother with that?

24:41

Big Fat dooby

Peter 24:46

dooby I would kiss her. This sport in the studio out there. You are on it. You are on a pot trip tonight and I'm going to smack him. Kenny we got to get our stuff together. If we would might say we have to get or sit together. But many people are at a loss for a response when someone says you don't know jack shit.

25:08

Well, you must hear quite often. Yeah. Jack chiffon

25:11

yet well, it's

Peter 25:13

Jackson s c h i t t it's a name. Ah, so I'm not saying the naughty word it's it's You Don't Know Jack. Okay, awesome. Oh, I

25:22

don't think I'm gonna like this.

Peter 25:23

Oh shit a fertilizer magnet married. Oh shit. have knee deep and shit Incorporated. In turn jack shit married No shit. And the deeply religious couple produce six children. Holy said the twins deep shit dipshit full of shit give a shit and bullshit. Yeah, that was it all their kids. Oh my goodness. And against the parents objections deep shit married dumbshit a high school dropout. After being married 15 years. Jack and no ship divorced. No later married Mr. Sherlock, because her kids were living with them. She kept her previous name and became known as no shit Sherlock. Dip she had married Lotus head and they produced a Mongoloid fun chickenshit foolish it and give us it were inseparable throughout childhood and consequently married. They happens brothers in a duel ceremony. The shit happens children, dog, bird and horse. Bullshit. The prodigal son left home for the World Tour and he recently returned home with his new wife has a shit. Now when someone says You Don't Know Jax, that you can correct them.

C Connie 26:35

And if anybody can make anything out of all that shit and explain it to me that that he loves me and that little family tree, that little family

P Peter 26:45

tree of family now this was sent to us via our San Francisco connection. Well, thank you San Fran, San Francisco email connection, where your ship has obviously passed through more than month.

C Connie 27:00

One last shout out here and so do whatever you need to do. I just wanted to say what's up to a my own personal mail worker? Post Office person? Yeah. Okay. kind of special. I have a little crush on her. No kidding. Yeah.

∅ 27:15

Oh, which post office?

P Peter 27:23

Oh,

J Jimmy Carper 27:25

well, I have to announce Yes. Those chicas just arrived. Well, well. And I've got a packed show and I can't fit them on. So I've asked them to come back next week. Cool. At the same time at 130. And we'll have them on

P Peter 27:42

your next show. You can't fit them on. How much time do we have? You have?

∅ 27:47

Three minutes.

∅ 27:49

Oh top 10 Hurry quick. Three Minute.

P

Peter 27:52

Yep. My God. You are running a tight ship these days?

♂

27:55

Well, he's cracking that whip. Okay.

P

Peter 27:59

The top 10 ways. Well, we say best for lesson best for last Exactly. Top 10 ways Thanksgiving would be different today. If the Indians the Pilgrims at the first Thanksgiving were gay. Which

♂

28:10

they very good at? Well, I've been by

♂

28:14

your word. Okay. Your work? Where's their damn right?

P

Peter 28:19

Aren't we being forceful and productive? Okay. The top 10 ways that Thanksgiving would be different today if the first Pilgrims and Indians were gay. Number 10.

C

Connie 28:29

Oh, is it on me? It's unusual. Dessert would be not pumpkin and pecan pie but everything and anything made with chocolate.

P

Peter 28:38

Yeah. Number nine. The family and relatives on the guest list would be replaced by ex lovers drag queens and the couple downstairs.

C

Connie 28:46

That sounds good. Number eight people wouldn't have to spend long hours dreaming up stupid excuses to leave early so they can meet their friends at the bar.

P Peter 28:55

That's true. Number seven. No more being grilled by aunt Edie about why you aren't married. Well, Amy

C Connie 29:03

is like this. Number six traditional dress of puffy pants silly had loincloth and feathers could still be the dress of the day. Especially

♀ 29:14

in those loincloth.

C Connie 29:16

Depends who they're on. I mean, I went with Peter to show up for Thanksgiving dinner and a loincloth. He might be able to

♀ 29:22

cover the table

P Peter 29:27

don't even go there when Miss Collins the tire banquet table. My loincloth would not cover my gobble gobble. Number five. Number five please. Thanksgiving would be on Friday and not Thursday.

C Connie 29:47

Yes, number four dinner would always be late. I mean what queen is going to get up at five o'clock in the morning to start that darn burger. I'm with you on that. Okay, in fact, I think catering would be preferred for meal prep.

P Peter 29:59

Ah have and if the whole first Thanksgiving would have been gay whenever number three, the peace pipe would have been passed before and after the meal, replacing the pre dinner boring conversation but that Edie and Julie Uncle Ed and the post dinner, indigestion.

 Connie 30:18

Thank you. Number two, the men would be in the kitchen and the woman would be out playing football.

 Peter 30:27

One thing that would happen today, if Thanksgiving would have been gay early on. The meal would be quiche and fresh fruit instead of turkey and dressing. Nothing that could have been shot that morning and served that night.

30:44

Oh, that was great. Well,

 P

Peter 30:46

thank Well, there's our little toggle. And this is just tie we've. We've had to go to three. I

30:55

know. Yes. One John doesn't show up. So. But he's here tonight.

 P

Peter 30:59

Well, yeah, see? Yes. You already out there? Yes. Yes. Good. I'm gonna go look at him. Well,

 C

Connie 31:03

early. Thanks. Happy Thanksgiving, everybody. And don't forget, we hadn't had a chance to mention all the World AIDS Day activities going on December 1.

 P

Peter 31:10

Just somebody's going to be mentioning all the world aid says activities. Yes. Good. Wonderful. Because there's just a bazillion of them, especially the biggest amount of purpose, Senator, that's Oh, yeah. And that I hear is going to be an all musical review. Not like the past ones. It's going to be all musical kind of a thing. Oh, not gonna be ugly, long, boring speeches and all that BS or anything. It's going to be just a very beautiful, nice, nice setup. That's a little insight from somebody who's planning it.

31:38

Ah, well, Peter, and Connie. Lingus, thank you so much.

Peter 31:42

Again, when is the fourth? Saturday of December?

31:45

It's gonna be like Christmassy

Peter 31:49

hope it isn't Christmas. See? Well,

31:51

I don't know. Figure deal with it.

31:58

Honey, she is. What do you gotta put on your red suit and deliver presents, I'm able to work

Peter 32:04

and you're gonna be driving the sled. You're gonna put those silly horns on your head and pretend you're Butch and lead the sleigh. Oh, geez.

32:12

On that note, okay. Your show was two days after Christmas. Two days

Peter 32:16

after? Yeah. Well, we'll bring you all the little

32:20

things that post Christmas.

32:22

Oh, thank you things you need to do. You need to take back back.

P Peter 32:26

Fabulous. Okay, some of the jokes we did tonight. Oh,

32:30

thank you, Peter.

P Peter 32:32

See you branch. Okay.

32:33

And now coming up will be the news with big Roy and Michelle, and anybody else we can get. Welcome to After our news in the background. We've got Deuce playing, as we do every week. And now here's Roy, and Michelle. Oh, how's

B Big Roy 32:57

everything going tonight, Jim? Hi, Jimmy. Hi, Michelle. Now, I

33:01

know you got to race through all of this because we don't have a lot of time. No, that's fine. The first thing I want to say is the community resale shop. That's located on Richmond Avenue at the 400 block Richmond at Jack street and they are in dire need of outerwear. If you have any old outerwear to donate, they all say yes now the community resale shop offers monthly chips to pw A's to go through the AIDS Foundation Houston and so they can get a certain amount of stuff for free. Or anyone else can go shop there and I was talking to Mike and he said, You know this cold front happened and before it happened, he had like 3500 sweaters. He's down to just a couple of 100 right now. If we have another cold front, he's going to be out. So donate your old outerwear to the community resale shop.

B Big Roy 34:02

Heard that go on. Okay. Well, I'd like to start off the News Tonight with something a little bit on

the serious side. And even though this did not happen here in Houston, it is a hate crime and it does affect all of us. This happened up in Denver, a 19 year old skinhead named Nathan thrill killed a black man. And without a trace of emotion. This 19 year old skinhead told a TV interviewer that quote, he walked through town with my gun in my waist, saw the black guy and thought he didn't belong where he was at how easy it would be to take him out right there. And here's the comment that he made that really bothers me where he said, It just didn't seem like much to me.
