 Chris Harrison 00:02

Yes, that's was of course. Shut up.

 00:07

No, thank you.

 Chris Harrison 00:08

That's what happens when I hit all the wrong buttons

 00:11

that of course be used to it by now.

 Chris Harrison 00:13

And that was from the Queer Eye for the Straight Guy. Soundtrack, wildlife, with Simone Denae with all things just keep getting better. I consider the fact that you know, it does the closest thing in our community right now we have as a national anthem, I guess. We can only play over the rainbow so many times.

 Bobby 00:36

Play you know, glory, glory, you know,

C

Chris Harrison 00:40

I'm a lesbian. But no, I mean, that was just something cute. And unfortunately, I screwed it up by pushing the not having it programmed in there. I just, I just stuck it in and thought it was gonna work and didn't just like a bottom trying to be a top

R

Roy McCarthy 00:57

up Chris, I thought you knew how to stick it.

C

Chris Harrison 01:01

For skills. Yeah, I'm sitting here and I'm very disappointed. You know, it was our, my usual source of wonderful information to all things weird and queer newsworthy, rotten to the daily rotten. I am not finding any queer stories on here. And it's so I find through the holes as like, you know, nothing. I mean, it's just, I'm disappointed with them. Usually, I get something

👤

01:31

good. Usually get a handful of stories. Yeah,

C

Chris Harrison 01:35

I mean, they're gonna, well fortunately, Roy's got something out of the local paper here that we can do while I try another source. That's worthy.

R

Roy McCarthy 01:42

I think this is kind of funny. In a sense, he wasn't really local. It's out of Louisiana. Hey, representative in Louisiana has tried to, he's failed, but he tried to introduce a ban to low slung pants. And the other legislature has just started making him to butter jokes. And it was he wanted to make it a crime to wear clothing in public. That quote intentionally exposes undergarments, or intentionally exposes any portion of the public heck, pubic hair, cleft of the buttocks or genitals that they wanted to say no to crack.

👤

02:22

Britney Spears is out of a wardrobe.

C

Chris Harrison 02:25

And he's been he's been the butt of a lot of jokes lately about that and has had to pull it out

02:29

with the cleft of the buttocks. Especially.

R Roy McCarthy 02:34

I think you know, I guess he's come up. But you know, he's kind of in a sense kind of point. I mean, you know, I don't know about other people but myself. I'm really not interested in seeing these kids. Boxers. You know, I'm saying I

C Chris Harrison 02:50

mean, that's the whatever. Next sort of that cute little straight border boy and nobody's complaining about the top of his buttocks. Especially not you and I

R Roy McCarthy 03:08

don't know any better they see you got such a cutie. Yeah, but

03:14

the whole point is whether or not you like their fashion. It's a fashion. It's, it's theirs.

R Roy McCarthy 03:19

No, let's, let's face it. In my younger years, they used to say the same thing about long hair.

C Chris Harrison 03:26

And I just settled for God,

03:28

we don't live in the 18th century anymore.

C Chris Harrison 03:33

Well, I mean, that's I mean, there's a lot of different with the culture and you know, some guy was he thought he was doing something good about imposing his morality on others. And you know, fortunately the the other representatives in the state of Louisiana told him where to go,

because can you imagine how much it would have to arrest their daughters and their sons just got out of a French Quarter and they could balance the budget

04:02

in more ways than words. Yeah.

R 04:04

Roy McCarthy 04:04
Oh, talking about that, Chris. Well, yes. Find out how our proposition one went here in Houston today. Folks. Okay, got any real news give

04:17

C 04:21

Chris Harrison 04:21
Okay, well, I'll still I was looking. I tried another place that does news similar to rotten.com. And they had a cute thing here where they can photoshopped pictures and their spin offs of Queer Eye for the Straight Guy so they someone did a Queer Eye for the Jedi Well, that's got to be cute. That's an inside joke. You must remember you can't wear that thing like that. It goes for the Jedi Yeah, carry look at the design.

B 04:56

Bobby 04:56
Remember, the lightsaber goes on the hip. Can you

C 04:59

♂ 06:22

Well, I'm sure Christ will appreciate that when he takes her to bed.

R Roy McCarthy 06:27

30 some odd years old?

C Chris Harrison 06:30

Well, my concern with some of the nuns have been doing their Bill Nye for the Science Guy. But ~~he's got one with Tony Soprano Queer Eye for the made guy~~

 Chris Harrison 08:09

No, no, no, we are not doing that. Joe what Mogwai was a Mogwai with a bow tie. Oh, here's one of Bush pigs fly for our leader guy.

 Roy McCarthy 08:24

Oh there we go. What's this one?

OH, WHERE WE GO. WHAT'S THIS ONE?

 Chris Harrison 08:27

That's Ricardo Montauban, Wrath of Khan for the Teflon Don. The Wrath. Yeah. jokes were on the back of one of the letters or is right here. Okay, you want to read them off?

 08:40

And here's one. Why did God give women orgasms? These

 Chris Harrison 08:46

are from David. Okay. I don't know. Let's let's note the sources. This is

 08:49

what has something else to moan about. Oh, oh,

 Chris Harrison 08:55

that's cheerful. Remember, ladies and gentlemen. That was David who wrote that and it was the straight guy who read it. Yes.

 Bobby 09:04

Anyhow, okay.

 Chris Harrison 09:06

I like the long lead the long joke at the top of it

 09:09

about the cow. Yeah,

 Chris Harrison 09:11

yeah, read through. Read that one. Okay.

09:14

A husband, wife and son are barely making ends meet on their farm. One morning the woman sees the family's only cow laying dead in the field and hangs herself in desperation. When the man awakens, he sees his wife and cow dead and shoots himself. The son finds his parents dead and goes to drown himself only to discover a mermaid at the river. The mermaid tells him if you have sex with me 10 times in a row. I will revive your parents and the cow. I will work Why not 20 Times replace a son Find she says 20 times it is but we will see. But wait says the boy how do I know that 20 times in a row won't kill you like it did the cow

C Chris Harrison 10:19

up a long way to get there but

R Roy McCarthy 10:26

Chris Yeah, there's this gay guy who went to see the psychiatrist, right. It's like characters inkblot. And psychiatrists asked him I turn your

C Chris Harrison 10:36

microphone off now

R Roy McCarthy 10:40

is a psychiatrist asked what do you see their kid says? I see a naked man. And a psychiatrist shows him another inkblot. Well, what do you say? I see another naked man. And this went on for inkblot after inkblot after inkblot.

10:55

Always childhood and

R Roy McCarthy 10:56

the psychiatrist said, you know, You're a pervert, and the kid says, Hey, don't blame me. You're the one with all the pictures of the naked guys.

C Chris Harrison 11:07

Okay, so we have we have some newsworthy stuff here. I know there's some news articles that we gonna

o

11:12

do the one about the Oh, yes.

c

Chris Harrison 11:15

Let's do the Ag one slowly.

o

11:17

What did the egg say to the pot of boiling water? I

R

Roy McCarthy 11:22

have no idea what?

o

11:23

It may take me a little while to get hard. I just got laid last night.

c

Chris Harrison 11:31

Didn't Wasn't there some? There was some news articles in one of the letters. I think

o

11:35

it was same one.

c

Chris Harrison 11:37

Okay. Let's see. Calgon take us away. We need to. Don't forget Also on Monday, May 17. Just put a little thing in your reminder to you. The marriage equity rally at Houston's City Hall reflection pool was at 900 Bagby at 400 Walker starting at 5pm from Massachusetts to Texas legalizing same sex marriage in every state. This is hosted by this is sponsored by the mate committee, Massachusetts and Texas equality committee. For more information, you give them a call at 713-861-9149 or you can send me an email at glbt_marriage@yahoo.com.

o

12:22

Presbyterians Presbyterian court backs gay marriage is the title of this one.

C

Chris Harrison 12:33

Let's right here. Okay. Yeah. That's one of the reasons we're here, bring it here. We can rent it to Chris. I'm not running anything. We're going downhill fast boys and girls like

R

Roy McCarthy 12:48

we're going uphill. Should

C

Chris Harrison 12:50

everything from here it is all Presbyterian court backs gay marriage, a court court, a church court ruled that a Presbyterian minister in Cincinnati didn't violate church law by marrying same sex couples. Its ruling reversed a lower court's ruling. A permanent judicial commission of the Presbyterian Church USA Synod that oversees churches in Ohio and Michigan ruled the denominations Constitution does not prohibit ministers from marrying same sex couples. Now this is gonna be interesting thing come Monday when Massachusetts actually starts issuing official marriage state sanctioned marriage certificates, marriage licenses to same sex couples, the US Supreme Court has rejected stepping into the middle of this. So it looks like they're going to start handing out the official pieces of paper here this week, on Monday. And Massachusetts.

R

Roy McCarthy 13:46

A very big move. This is a very big move for

B

Bobby 13:50

FAR leap now to somebody bringing up with the Supreme Court of the nation. And having like gay marriages all over the place and the warring factions on the social

o

14:03

we'll have all of the justices assassinated before that happens. Well, no,

B

Bobby 14:09

no, he won't. He's too busy trying to save his bacon from the Iraqi thing. He

o

14:14

has no bacon left. It all went up the Iraqi census.

 Chris Harrison 14:19

But now the fat I mean, well, I mean, what we're talking, isn't it? I mean, we're gonna have marriage certificates issued in Massachusetts here. And the governor has already invoked a law in the Commonwealth from the 1800s. That very simply makes it illegal for marriage tourism, where you know, like you can work what's really strengthening the residency requirements for marriage, which some places do have some places don't you know, Nevada doesn't have it. That's why everybody runs off there for a quickie marriage. So he's going to be enforcing that so that other people from other states can't just show up and get hitched and take those marriages back to the Roman states. So what's going to have to happen is to really get the ball running on this as someone who is going to have to get married in Massachusetts and then cross the state line to move into a new home or a new job and try and use that certificate for something. Either a state income tax, federal income tax coming up for some or you know, someone being injured or sick, or we can just move all our Career Money to Massachusetts. Yeah. Right. And it was the downside is the

 Bobby 15:37

Salem if they want

 Chris Harrison 15:39

the the junior senator from Massachusetts, a certain John Kerry has come out opposing same sex marriage in his home state. He's one of those supports, you know, something else by some other name, but is bulking on anyhow, he's on the campaign trail right now. And he's echoing the same sentiments of almost the same sentiments of the current administration with the exception I've replaced?

 16:08

No, because Bush doesn't even want to legalize civil unions. Yeah. But here, he favors civil unions and not gay marriage. And he has always been that way.

 Chris Harrison 16:19

So I mean, he's a third of the way there. He doesn't he supports civil unions. He doesn't support gay marriage. But he also doesn't support the federal marriage amendment that they're trying to push through as well. So yeah, he's taking. He's taking a very mod. I mean, he's taking a nothing stand. He's being a JellO Man trying to get away. Well, when you can, I mean, when you consider the fact when George Bush doesn't seem to have much of an argument or anything, said, when it comes to gay marriage, he's like, no, no, we're not gonna let them get married. Well, but

16:51

he doesn't really need to have any kind of argument because his next presidency is already bought and paid for. Well,

c Chris Harrison 16:57

unless unless some people wake up when they read the latest polls, or

17:01

people vote, because then we'll be recounting the vote in all 50 Damn states. Well,

c Chris Harrison 17:06

unfortunately, we've they've written it's been, the laws have been changed. And you know, there is no recount process, there is no chance of getting a hold of a piece of paper and going well, this person actually voted for this, because it's all electronic. And, you know, there's there's no physical record for this. It's just an electrical impulse. Oh, I

17:26

think you're under estimating the Republicans in the Bush family? Well,

c Chris Harrison 17:29

no, because well, the fact is this the this new electronic machines that's been proved that they can be hacked into. Even the companies that manufacture them know that there's, they're vulnerable to attack that they're vulnerable to being hacked into. And numbers have been changed. And they're setting it up where there is no recount procedure, and keep in no paper trail, no paper trail. And it's real interesting to that the you know, like, they're real involved with this corporation. I mean, there's like, you might as well have Bush and Cheney, on the board of directors for this corporation produced the one of the major companies, I think it's DoD vault, I think, is how it's pronounced. Yeah. Their CEO is head of Bush, Cheney 2004 for the state. He has sent out a letter saying that he is going to, he's going to help yet. He's going to help cover cat that state for but I mean, for Bush Cheney. So you know, and here's the guy who's creating the software. I mean, this isn't like throwing, you know, throwing 50,000 people off the voter rolls for your big brother. You know, this is, you know, this is a guy who's putting machines out in state after state saying we're going to get it for Bush and Cheney. Okay.

B Bobby 18:46

So, you know, if, if, once again, by some freak of nature have nature, the this election comes down to Florida again. And bush aets reelected with some with. you know. with some

controversy. Have. I'm thinking an impeachment proceeding needs to start the day after he gets elected.

19:16

I doubt that'll happen, darling, because we were dumb enough to nearly elect him in the first place.

Chris Harrison 19:22

Well, politics aside, you know, we spent the first hour talking about leather daddies and I think we have one in the house. Hi, Daddy,

Jimmy Carper 19:27

Master, Steve Lloyd.

19:29

Howdy, folks.

Jimmy Carper 19:32

He's got to give us a little five minutes tonight and he's gonna be back next week earlier in the show to talk about an upcoming event. Take it away.

19:41

Actually, my full name Stephen Lloyd lamb. native Houstonian grew up in Ohio but I'm going to be representing Houston as Chicago at international Mr. Leather Memorial Day weekend. be leaving on the 27th so the 26th at the ripcord eight to 10pm I'm having a pep rally. Get everybody out and get me jazzed. I was talking bring back the title to y'all here in Houston. Yeah. It's been a while since the title has been here in Houston and it's long overdue.

Jimmy Carper 20:11

You've been in the community a long time. Yes, I

20:15

have. And I'm a little afraid to toggle that would be dating myself.

J

Jimmy Carper 20:24

Okay, it's legal to date yourself in this state. Oh, listen, leather daddy. You know age is an asset for a leather daddy. Yeah,

R

Roy McCarthy 20:33

and he's got that gorgeous. Unfortunately, this is radio. You don't get to see what we

♂

20:39

will pick up out smart magazine page 58 They did a little tidbit on me for this

J

Jimmy Carper 20:43

trip to IMO nice, nice nice.

♂

20:47

And I can be reached if anyone has comments or concerns you want me to take to IML at masters Stephen lloyd@yahoo.com. That's Ms. T R. I o excuse me, Master Steven lloyd@yahoo.com mstr. Steven Ste ve en el OY de@yahoo.com. Cannot take your concerns to Chicago for you.

J

Jimmy Carper 21:09

So what other titles have you held? There

♂

21:13

was one in Fort Lauderdale. I am the one and the only Mr. sleaze alley 91 It was a bar title the bar close shortly thereafter. My doing my

J

Jimmy Carper 21:27

I was gonna say we're used to sleazy for the bar is that it shut him down. I

♂

21:31

am so so thankful to actually have a title that's taking me somewhere this time now. It's been a

pleasure to work here in Houston. I've been able to help raise over \$2,700 for local aids concerns. Through my master's awareness driven. It's a signature group and I developed a red ribbon with a black ribbon folded inside of it. It's a signature piece for the year. And I just have taken it out to umpteen bars, restaurants, coffee shops, and to buzzards peak, Texas conference of clubs, landside for four different runs last year. So if you don't know what a leather Ron is to email me, and I'll fill you in on all the details,

 Jimmy Carper 22:10

or listen next week earlier in the show, because we're going to be doing a little bit longer plug here. And

 22:18

I didn't really get a chance to tie them into yet quote unquote, but I hope to have a wrap up for you when I come back from IML with the title.

 Jimmy Carper 22:28

That's right, just come come back when when you're finished and tell us all about it.

 22:33

Thank you much and thank you Houston for a wonderful year.

 Jimmy Carper 22:35

Okay. We're close to the end of the show. We still could use your pledge of support because we are in membership drive. Oh,

 22:45

get him in there. Mr. Steven

 Jimmy Carper 22:46

Lloyd is telling you to call 713-526-5738 with your pledge of support to my after hours and KPFT you know, you just can't

 Chris Harrison 22:59

beat the program and we have here might be able to look at to be like 29 Nine you had to know

I was going there. Yeah,

∅

23:19

you can help. I have one more chance at the rip cord next weekend with my chair for Masters massage. On Friday and Saturday I started about 10 o'clock chair massages to benefit my travel fund hotel and airfare already taken care of through previous gigs but I'm working on ground ground expenses. So folks if you can come out and see me

J

Jimmy Carper 23:38

and that man will rub you the right way.

∅

23:44

I'm not going there.

C

Chris Harrison 23:46

Now we will. Yeah, we are getting closer to the end of the show. And we're gonna do a little wrap up music here before Rasta man vibrations starts coming in here. Oh,

J

Jimmy Carper 23:57

they are in the house.

C

Chris Harrison 24:00

moving all the way because he's trying to shout through my head and I'm

J

Jimmy Carper 24:03

like some people, some thick I have to really shout hard and

C

Chris Harrison 24:06

I'm like some of us or something inside so you can't just follow through the years Leroy. We try to at any chance we can. Not when he keeps finding his way back to the station. He leaves a bread trail and just keeps, he just keeps coming back for more generally

B Bobby 24:27

the grackles keeps chewing it up. So

C Chris Harrison 24:31

we want to thank all of y'all for listening. We want to thank those who did their pledge of support, we do hear I hear the phone ringing and we do appreciate that and hopefully, you know, we'll get some here towards the end and we'll we'll get our goals so we don't have to work hard now that we we really did that much here. But you know, the programming you get here on after hours. That's the premium that's the part here, you know, and we had a lot of fun here tonight and we want to be able to come back in Do it for forever. And we need your supply chain support to help us to do that. So I'm gonna shut up and we're going to put in a little bit of Chicago from you, you know, we won't be a gay show if we didn't give you a little bit of show tones. So the show tunes Sienese favorite it's time from Chicago, Mama. So we'll be back next week with the hatch and the leather line. See you then
