J Jewel Gray 02:45

Can you tell I live here and I'm there quite often. i We just called PWA coalition everything there's the PWA COVID body

D Diane Williams 02:53

positive is there and a TR ours they're wonderful facility. They have I think they're putting in a pool they have a gym, an auditorium excellent facility use it it's a city for like

J Jewel Gray 03:05

three bucks you can sign up to use their gym there and it's like all the time. Yeah, three bucks to use their training from the gym. They haven't been basketball court anyway. Anyway, let's I digress. Audible.

D Diane Williams 03:17

And I've never seen you digress before and I just like to say really?

J Jewel Gray 03:20

So tomorrow between 11 and three the carnival will be going on. And there'll be free food. There'll be entertainment wandering, I think winstrol type of entertainment. There'll be face painting and tarot readers and games and a couple of bands. Our favorite game which is bobbing for cucumbers There you go. bobbing for cucumbers. And

D Diane Williams 03:46

Jimmy bobbing for cucumber fina

J Jewel Gray 03:48

would love that. There'll be some bands and I heard a rumor for cucumbers That's right, Bobby, they like this. I just got this not like it's not like going to the park with Bob. What is it? Neil and Bob? I was lucky going to the park with Neil and by the end of the park that frightens me so it's gonna be a good time and it's free for the phones are lit up. How about that people are calling us call us. Let us know you're listening. It'll be three for people who have AIDS, their family, their caregivers, their friends, as providers, service providers, which means people like myself who work at a care center like this

D Diane Williams 04:34

volunteers, anyone that needs to de stress anyone that has grief anyone that has HIV in their lives.

J Jewel Gray 04:39

This is free. It is not a fundraiser. It's not you require no money. It is a kind of a thank you community for supporting I think it's like 10 or 12 different organizations. A few of them off top my head or the NAACP, the bearing foundation The Bank service foundation God, I work for these people, I should get it straight, the burial service Foundation, the PWA coalition body positive AIDS Foundation, all these groups have gotten together and decided to thank the community for their support by throwing this free lunch and Baidu carnival. So it'll be a good time he had for all and once again, it's free and it's from 11 Three at the multi purpose

D Diane Williams 05:27

now they service it metropolitan, say metropolitan first say metropolitan, what's the acronym

J Jewel Gray 05:33

is? M Sc. MMSC. Okay, at the multipurpose center,

D Diane Williams 05:39

know, the Metropolitan multi service center,

J Jewel Gray 05:45

I gotta eat a tongue depressor here something jam my jaw here. So that's when it'll be on West gray. Right across from the the New River Oaks theater

D Diane Williams 05:55

1475. West grey between wall and Woodhead. I'm historic there, can you tell I started by positive it's a wonderful organization. Things are really looking up over there, go support them, tell them that their services are appreciated.

J Jewel Gray 06:11

Just add a note for those who might be just fascinated by this little tidbit. Is that yours truly, Julio could be the one who's in charge of the food. So we tell you let me tell you I can I can feed your fat. Let me tell you. So come on down and participate at the carnival. 92 Tomorrow, what's for dinner? fajitas chicken strips and cold the salad for those who don't want something hot and there'll be all kinds of side dishes and veggies and salad, lots of vegetables and stuff. I think they're going to be some casseroles a lot of this has been last minute put together. Let me tell you. They've been driving for a week. Will there be a desert train? I'm hoping so I know. i By the way, I want to tell you something. Something really miraculous happened at the care center the other day, and I want to share this with people. We have some high school seniors who go to the Episcopal High School. Volunteer for us during the very cool. I didn't know that. Yeah. And they're in their senior year. And this would be a piss couple High School has a part of their curriculum is that every senior spent two weeks doing community service before they graduate. And excellent endeavor. It's wonderful. And they come to us two of them. Usually a young man and young woman, come to us and volunteer for their two weeks and participate in this program. And recently I talked to this has happened twice since I've been there. And recently I talked to one of the young people that came to us. And I said, Oh, this must be you know, because it really is a job where I work. Let me tell you, we they really work. And I said this must have been you must have pulled the short stick. And she said oh no. On the contrary,

this is the choice position. This is the place everybody wants to come. And so wonderful. But the thing that happened was she asked me if she could do anything for the car. Well, because we were in charge of the food. She asked me if she could do anything for the carnival. And I told her I said Well, we were going to need some cookies. And she said okay, how about you know, for four dozen I said that will let that's good. She said about six and I didn't want to press it. I mean, you know, six dozen cookies can be a lot of cookies. That's my fault for dozens fine. And she went to the school they made an announcement on the speaker at the school. And Friday. Before I left work, we got 2000 cookies from these kids at this high school. Wow wrapped up in these automate ornate little boxes, or neat little bags, those \$3 bags, you buy the gift store pack full of cookies and tissue paper and down and save that little bit of names and grades of the children. I mean, the people in the school, the names of the and the grade of the children in the school who participated in this collection of cookies. There were 2000 cookies that were just really just moved, it was just a really important that these kids in the school want to participate.

D

Diane Williams 09:08

We don't want everyone out there to wipe a tear of empowerment from your eye and wonderful thank these people because that's not easy to do. That's not as easy to do for private school. It's not easy to do for anybody. And it may be just a gesture, but it makes me oh yeah, interest everybody. It

J

Jewel Gray 09:29

really it really impressed me that these were young people who had done this. It wasn't the school's organization. It was her and her stimulus that that started this and it was just wonderful that they wanted to participate in the carnival. So I just wanted to note that what else that was the carnival. So be there be square.

D

Diane Williams 09:49

Be there because it's a lot of fun to have been a couple times to the annual spring and fall picnics at the end.

J

Jewel Gray 09:55

That's what it's kind of replacing this year is that everybody's getting involved in this this year. Right.

D

Diane Williams 10:00

Yeah, and there's also, this is my favorite part. There's also like playground equipment, which means you can go swing and play on the

J

Jewel Gray 10:06

slides. Basketball courts and tennis court they're laughing

D

Diane Williams 10:11

at me I'm sorry, but that's my favorite part. I just love to climb it's like I climb and stuff it's great. You can you can be a kid and you can write you can bring kites you can bring a try. I think there was gonna be volleyball can be volleyball, there are all kinds of stuff happening and stuff

J

Jewel Gray 10:26

playing I wanted to I wanted to we got to we got to play it's great. Wonderful. Thank you very much you made our night. We I wanted to I started telling you earlier I have a suspicion and on good authority that Dr. Rocket will be one of the bands there is a real popular band. I used

D

Diane Williams 10:49

to go see Dr. Rocket who is not an Anderson fair but it Rockefellers and got someplace else you have a doctor rocket and the ADA and the rocket now that's Johnny D and a rocket 88. So Dr. Rocket Oh, that

J

Jewel Gray 11:04

was that's Bob Seger. That's

D

Diane Williams 11:06

somebody else. Somebody right here. Dr. Rocket used to hang out. I think at Rockefeller she was like grabbing your places here and but it was really cool and happening. Man,

J

Jewel Gray 11:17

Rocco that they have there's a hint or a circle people they will be there tomorrow. So Scott's got

D

Diane Williams 11:23

us here and talking to this Mike Sweeney on this ledge

S

SCOTT LEWIS 11:27

a pledge just can't. We're not even. I don't even

J

Jewel Gray 11:32

know we're not doing it.

S

Scott Lewis 11:34

Right here it is. Look, showing them a \$50 pledge from Cindy Breunig who called in to say that she loves the show. She loves all the political topics that are discussed. She thinks that's a very important thing that that after hours does and not only after hours, she said she's a KPFT hag. That's great.

J

Jewel Gray 11:54

Cindy is our baby of the night Cindy babe

D

Diane Williams 11:57

of the night

S

Scott Lewis 11:58

and she wants to make a challenge. Cindy's a nurse and she wants to challenge all other nurses that listen to KPFT to call in and pledge \$50 Great.

J

Jewel Gray 12:07

Yay. Thank you. Thank you Cindy. It really makes a difference down here to our morale war.

D

Diane Williams 12:15

That is our nurses.

J

Jewel Gray 12:18

Oh, is it rainbow? I was gonna say my God look at that. Color last time I saw rainbow he had fins for feet. He was he was in a divine the divine better days when he was in the shopping cart. Okay, we're

D Diane Williams 12:36

glad you're here. I have some more info. I've got two things I want to talk

J Jewel Gray 12:39

about. We saw you on the monitors.

D Diane Williams 12:43

Rainbow the clown. We saw your your fake breasts a mile and a half in advance that

J Jewel Gray 12:50

oh that call somebody answering the phone. Someone answered the phone please.

D Diane Williams 12:55

Okay, welcome, Nick. We have two magazine articles want to talk about? One is in the advocate and one is in the NIV and did you might read this salad. Did you read that one? God fine. Thank we're gonna have to just add live this whole thing. Let's just read the highlight. Well, there's one thing I do. Newsflash, we're going to ad lib. Okay, newsflash, we're admin. Excuse me. Okay. Bless you. Okay, we're back on the air. I want to read something about an officer and a lesbian. Margaret Cameron Meyer. And I want to read the first part of this article and it goes like this. July 15 1991. Headquarters. 66. Aviation Brigade core. Kent Murray to come on Washington. Would you stand Margareth This began the president of the federal recognition board Colonel Patsy R. Thompson, in delivering the board's recommendation whether or not to discharge Colonel Margareth. Camera Meyer for being a lesbian. I'm gonna read briefly, the be summary of a report that basically discounts this active. Yes.

J Jewel Gray 14:07

I was just gonna say read alone. I know we're allowed to

D Diane Williams 14:12

produce or No, no, no, we're not alone. Not we're not alone, because our listeners are here. Okay, here we go. It says, it discounts this woman service. I'm going to read this and then I'm going to read her all her words and her qualifications. And then we're going to let you decide. You make the call. You make the call. The decision reads, I truly believe that you're one of the great Americans Margareth. And I've admired you for a long time in the work that you've done, and all that you've done for the Army National Guard. And we're really proud of you and all of your accomplishments. And I say that from the Army National Guard NURSE Corps perspective.

When young nurse summed it up when she said it was a rare privilege to work under you during your tenure as Chief Nurse. I waited a long time that trenches for your kind of nurse to come along You are an inspiration for all of us. It's my sad duty to read I'm gonna read to you at this time, Colin Campbell Meyer has proven to be a great asset to both the active and reserve component, the medical profession as a whole. She's constantly provided superb leadership and has many outstanding accomplishments to accredit both military and civilian. Notwithstanding the board finds that Colonel Margaret Campbell Meyer is a homosexual as defined in AR 135 Dash 175. And as evidenced.dot by her admission under oath to this board that she's a lesbian. We recommend that Colonel Kim Myers federate federal recognition to be withdrawn. In the event that subsequent action results in her discharge from the USA are an honorable discharge certificate should be awarded. We are aware that the DoD policy on homosexuality is currently under review. If the review results in change, these recommendations should be re examined. Oh, goodness, that's, that's, that's a contradiction. That's just a contradiction. The first part of this whole report says what a wonderful person she is. And then it goes on to read that because someone somewhere thinks that homos are bad folks, she has to step down. I'm gonna read this one paragraph that are a bit of this one paragraph that says during her military career cameraman was awarded the Bronze Star for service in Vietnam, was named Veterans Administration nurse of the year in 1985. And as the chief the position of Chief Nurse for the Washington State National Guard. Ironically, her commitment to the military and our country, ultimately was her undoing. In order to help as many people as she could come on, I aspire to be Chief Nurse for the US National Guard. To do that she had to enroll in the Army War College to earn credentials that would support her candidacy for that position. To enter the war college candidates are required to obtain top secret clearance. There's a place on the application where it's asked whether or not you have done something morally inappropriate, or something like that, to which I said no, says camera Meyer. But then in an interview, the question was whether you were a homosexual? And that's not the same question. I don't consider my sexual orientation, that of being lesbian as being morally inappropriate. And basically, this woman had never really identified herself as a lesbian. I mean, she identified herself as as being gay as being lesbian as a homosexual. But she wasn't really out. I mean, she may have been out to, of course, her lover and her family and friends, but she was not an outspoken lesbian. And because she wanted to do something to help more, more more people than she was helping already. She had to say, Yes, I'm a lesbian when asked because you don't lie about that kind of stuff to get tax top secret clearance. And so now, she gets dismissed. Can you believe that? Can you believe that jewel just now walk in the controller? Because I've been seeing her alone. For so while

J Jewel Gray 18:02

I was talking to a young man on the phone, I will good. But did you hear what I said? Yes. So that's the question yesterday,

D Diane Williams 18:07

don't you think it's a shame? Yes, I

J Jewel Gray 18:09

do. Okay, let's Marla's watch was once removed from the military, myself, feels and I know how

to feel. I know the feeling of rejection that I felt after I'd done the best job I could do whose people are telling me you know, that's not enough. Thanks to you straight.

D Diane Williams 18:23

Thanks. You did a great job. Love. Yeah, you got a Bronze Star. You're the best person for any job anywhere. But you know, you're sleeping with the wrong people

J Jewel Gray 18:30

right in my bed. I don't need them in my bed. Thank you, young man just called young man. I'm sure he's young man. He had a young boy. And if you're not young, take this as a compliment. You're a young man on my in my book, and appreciated many, many of our information that we get much of our information that we get, we get on the phones, people calling and giving us little tidbits to add to the information that we give you already. And he wanted to remind us that Newsweek has an article. The cover article this week is gay gays under fire. So he wanted us to know that that's a real good article and that each of us should read it too. Yes, yes. Yes. Sally told me she she read it. And that a nice Parker's quoted in a shimmer. Yeah.

D Diane Williams 19:18

Well, Denise was also on this board and a nice being a politician as much as I love you. And I do. I think you need to do more. Because I know how angry I am. Because I know what I've been through. I think that maybe you haven't been through the same things I've been through. And I would like you to go through the same things I've been through only so that you will know where my anger comes from, and where my needs come from.

J Jewel Gray 19:46

So you think that needs to sit on her laurels?

D Diane Williams 19:49

Well, basically, yeah, but it's not her fault. I mean, I think a lot of people were limited. That's right. And I think a lot of people are sitting on their laurels. A lot of gay people are sitting on a lot of lesbians are sitting on their laurels and I think You know, maybe we don't all have the same tactics and the same skills and the same avenues to change. But I think that she needs to work harder with the skills that she's been given and with the myriad of talents and you know, the access she has to the system. I think it would be wonderful if she could do more.

J Jewel Gray 20:24

So what you're saying is that we both agree with you have great expectations of a nice and hope that she can read and it's a big burden to bear and yeah, we expect Yeah. Yes. And once

again, we want to remind you that we really do love

D

Diane Williams 20:39

a nice and a nice once again, love your girlfriend. Yes,

J

Jewel Gray 20:44

Cathy your bag. Now Cindy's the baby of the night now

D

Diane Williams 20:48

that's true. That's sending your baby the night thanks. And she's ours too.

J

Jewel Gray 20:51

And I'm just saying Oh, night, babe. Oh, done. I

D

Diane Williams 20:54

think that would be more accurate. VEVO denied. Also, pointing to this picture on the ground on the counter here at the top and on top. I want to mention the movie Paris. How many people out there raise your hand saw Paris's Burning Man was at the tower wherever it was.

J

Jewel Gray 21:11

I saw it on PBS. PBS. Did

D

Diane Williams 21:13

you really? All right. I didn't know it was on PBS. I know I'm not on PBS. I don't think he did because I remember telling the President of people not the president but the manager of PBS to his face. Scott Scott here I remember telling that guy that he needed to get Paris's burning he looked at me like I was talking about a flick about arson or something and Paris is burning is a movie about someone like to elaborate the drag balls of New York I mean, there's that basically what it yeah. I've seen it I mean, the drag

J

Jewel Gray 21:45

clubs in New York that throw these huge balls and they spare no expense and fun No, no creativity and imagination for this. That

D Diane Williams 21:56

that's great. And I'm getting I'm getting into houses. Oh, the house the houses. Yes. Those lists the fashion houses and things like that. This is the reason why I brought this up is because the movie is coming out on video cassette I think like this Friday, if not sooner, the 14th or 15th or this this coming Friday. Check it out at your local video stores. I know that it's going to be at video Central, which is an ATB store. I also think that other video stores are gonna be having it about the same time. We're gonna play something from this. This is Malcolm McLaren deep in vogue and it says a special tribute to all the houses of New York, including the houses of extravaganza ebony, Dupre Adonis, magnific fields, Omni Coronavirus, women, Pan aravis and La beiges St. Lauren. So this is for you. Paris is burning, maca. McLaren's deep invoke deep invoke deep nva We played that here several times schooling it like that. That's some disco I was asking if he ended like Donna Summer or something we could play to follow that.

J Jewel Gray 23:09

I love it. It's pretty neat. Well

D Diane Williams 23:10

asked about the Z fan dancers come out any men and I'm expecting fan dancers and you know men and leather caps and no shirts and amo is definitely really good. I'm like I'm like under 30 Okay, get some things I'm glad or God some fashion here fashion trends. I'm so good stuff out. Oh, no, I'm cool. The only person big hair looks good on his rainbow. Right rainbow.

J Jewel Gray 23:38

He moves out of a lobby now trying to figure out which one of us is talking.

D Diane Williams 23:43

We do kind of look like yeah, I

J Jewel Gray 23:45

want to say that someone near and dear has recently joined the National march on Washington for lesbian, gay and bi equal rights and liberation. Deborah Bell. We love her and miss her community activist and writer from Houston and has been named to that position. And the position is where's it at here? It is. directors and regional director named National Office facilitator. Oh cool. National Office Open in Washington DC DC anywhere in were in Washington DC

D Diane Williams 24:18

say it again? Washington, Washington. Nitze in Washington. That's not the state right.

J Jewel Gray 24:25

Have you heard that? Roe v. Wade Joker? No. Do you tell that in that what Washington said as you cross the Delaware what? versus Wade

D Diane Williams 24:37

versus getting across George

J Jewel Gray 24:41

tried to make that decision. Anyway, Deborah, what used to be and probably will be again, when she's through this job if we don't lose her to the national circuit. We will be used to do the Wildenstein radio show on Monday nights. I think Jimmy said earlier Not o'clock. And we're really proud to, you know, to be friends of Deborah's and that she's going to take part in this and kind of be a good representative of the Texas lesbian community. And I'm real, real proud of Deborah. She's always been someone I've expected. Kind of like to degrade degrading, we just

D Diane Williams 25:20

had a call, by the way. And we had a call from a woman who votes by the way, nice. And she said, Any sparkers screwed up, and she's mad. And she is ticked at a nice Parker. And I asked her if she thought that I was too nice or too harsh. And she said, she thought I was too nice. And I thought over public radio, I was being pretty harsh. So

J Jewel Gray 25:46

we let it be known that we want more.

D Diane Williams 25:48

Yeah. And I, I just so much admire her. I mean, I really do I really admire and these partners, she's one of my heroes, taking a courageous step. Yeah. Yeah. And I'm really, you know, caught. I'm just so in awe, the nice Parker and I just want her to do so much more at this point, because

J Jewel Gray 26:06

it's a nice Parker. She's young enough.

D

Diane Williams 26:09

Yeah. But you know what, I want her to do more because of the things that I've experienced. And I know, and I don't know if she has seen what I've seen, you know, and it's frustrating. It's frustrating. And not to say that I've seen you know, a heck of a lot, but I don't know, I just don't know any more thorough show,

J

Jewel Gray 26:27

we talked about several things I want to talk about real quick.

D

Diane Williams 26:32

And I'd love for you to be seeing if you can find a phone number for me. Okay, I'm looking for the phone number to the AIDS mastery workshop.

J

Jewel Gray 26:39

Oh, God, no, probably not. No,

D

Diane Williams 26:41

I haven't here. So be there next week. Right? We're gonna be there doing macro stuff, which is only for graduates, by the way. Well, is she gonna be there? I promise I'm, honey, I have cleared my calendar, even with my job Friday through Sunday. So I'm there. Also, we've had some people coming in from Oklahoma that are going to be there. And by the way, Jul. I called them and told them you were going to be there because I know you haven't called them and told them.

J

Jewel Gray 27:03

Well, I've talked to several of them. But I'm not officially called that phone number. I told him I was gonna be okay. I have a number. Do you? Okay, well, let

D

Diane Williams 27:10

me talk about the ATMs real quick. We met there a year ago. So it will be our anniversary. And I almost say again, what you're gonna get me. I don't know why I'm not getting anything.

J

Jewel Gray 27:21

To say here's how you say forever.

D Diane Williams 27:24

That'd be a good reason. At the mastery workshop is mastery weekend is a weekend. Look, and we haven't written down I don't have to ad lib. Let me read this. Houston mastery weekend, Friday, September 18. through Saturday and Sunday. Master we can this is for adults in it. There is also an adolescent and and youngsters mastery weekend. But this one is for adults. It's a confidential weekend workshop for HIV positive individuals or their family to express themselves in a supportive safe environment. sponsored by Northern Lights, alternatives. registration, registration is required think you need my time to registration required. That's why I went on the radio, get the visual folks. FYI, 46469711 more time, the number for that is 4646971. And that is for people who are affected in some way with HIV, whether it be the grief you experience, whether it be HIV in your body in your bloodstream, no matter where you are in your illness, if you are in fact HIV positive,

J Jewel Gray 28:42

or have HIV in your life somewhere father, brother or sister who wants to know more, and wants to deal with it, and is unable to in their everyday life. This is a place to do that. And I know I speak for Diane, when we when I say that we strongly recommend this, this mastery weekend and it made a real big difference with us.

D Diane Williams 29:06

Strongly. I'll tell you, I'll tell you my little story too. I worked at body positive. And I had HIV in my life every day, every moment. And it's very hard. You know, it's very hard. Let's just be blind about it. It's hard to have her give us a lot of service people go there. Yeah. And it's it's important that we talk about it, it's important that we realize what's happening, address it so that it doesn't overcome us so that we don't get burnout so that we have a way to express our feelings and our grief over it and how to feel good about it and how to say that there is a purpose here. There is a reason there's a way to deal with things that happen to you. And I was personally freaked out. I had so many people coming up to me saying, Oh, the master is wonderful. It's gonna change your life blah, blah, blah. It's gonna make you feel so good. I was like, Yeah, right. Yeah, yeah. Anomaly off. Twice. Yeah, me too. And it was a month there every other month. So if you put it off once you have like two months before it happens again and I still put it off twice because I was scared. And I finally went and it really was great and enlightening and empowering. So yes, I do promote it. And it's very important to me, so please, please, please attend or that'll
