They are listening and participating in after hours career radio with attitude right here on KPFT Houston, and ke O 's College Station.

Gigi 04:09

And just think about the microphone has a penis and it feels real good.

04:16

gender bending.

04:20

Bending off a lot.

04:22

I've been every sort of

J Jimmy Carper 04:24

way. You break you have this hat on before and you look like kind of this. tween Boy George and gender for be that shoulder thing sticking out and yeah, kind of from both fame thing going there.

G Gigi 04:45

Actually, this hat has a lot of history. Radical fairies, really gatherings? I've

J Jimmy Carper 04:50

worn it to many of them. It's a felt hat with the brim and flowers on it. Yeah,

G Gigi 04:55

it had to be in red ribbons. And it's got the flowers. came from one gathering the ribbons from Jeremy's funeral. I mean, no, your Morial service actually. Oh, cool. So it's got a lot of his history behind it. And so who are the newbies? We've got? Yes. Why don't we introduce?

05:14

Why don't you introduce? Introduce this is Ryan, my friend on say Hi, Ryan. Hi, Bye, buddy. Sylvester in the back. Hello. I'm Stephen and David,

05:27

David. And now

J

Jimmy Carper 05:35

see, we have we have more than one female here tonight.

♂

05:39

All right.

♂

05:42

Speaking of history of the program, yet our I was questioning what are the different segments that have come in since gone? Well,

J

Jimmy Carper 05:50

originally, the show was from two to 4am Sunday mornings, which is why I got the name after hours. And it was originally focused for gay men who had come home from the bars by themselves. You know, they didn't get lucky. They got lucky, then they wouldn't be listening to the radio. Didn't have a computer. So money. So it was really geared to them and to what was going on there. And then more and more we we kind of brought in some some buddy brought in some women, right? Or try to and well, we've always had problems keeping women here,

♂

06:42

right? Even right now even having volunteer Yeah, scared.

J

Jimmy Carper 06:47

Yeah, no, I guess we're a scary bunch. But But anyway, take a look at us.

♂

06:55

Radio face.

J

Jimmy Carper 06:59

It wasn't until the end of 1991, the beginning of 1992 that we went to the format that similar to what we're doing now. Okay. But at that point, I believe Joel, you were involved then in 92. And you did a whole show once a month. Yeah. And then I had three other people to hold shows once a month. But it was it was it was gays and lesbians. Yeah. And then about eight years ago. Yeah, I'm

07:28

Coming up on eight year. Yes.

Jimmy Carper 07:29

years ago. I, Sarah Palma, De Palma came into my life. She had been a she was a guest, by one of my co hosts almost didn't show up. But Sarah did. And so I was very impressed. And I thought, you know, why not have a transgender segment? And right at the same time I met Gigi, yeah. You know, it's okay. You know, we talk about GLBT. But most of us just focus on the G in the L and the B in the T and so it was I thought it was very important to have a bisexual segment and the transgender segment and and those two segments had been very popular. A lot of straight people Caitlyn about the transgender segments because they're just fascinated. We learned that show that was incredible. She gave a step by step about sexual reassignment surgery. Oh, wow. It's been over six weeks of radiation and Catherine McGuire's Oh, yes.

08:49

Yes, yes. We

Gigi 08:53

have to jump in here with a little bit of history. Remember a few shows that I've done that made Jimmy's jaw dropped everything from foreskin restoration to

09:15

we don't we don't want to lose the newbies

09:24

No, no, no.

Jimmy Carper 09:25

It's fascinating because it can be restored. Yeah, to a certain point. You're kidding no. Can be restored. While someone has done

Gigi 09:43

it. Yes, I'm living proof. Yeah, Come here a minute.

J

Jimmy Carper 09:58

Don't want a call from Deb Murphy to have a

♂

10:02

saying about you know, that deity giveth and taketh. Yeah, that's sort of like she gives it. She taketh away and then give it back. Yeah. Okay,

♂

10:16

well, there's actually two methods

G

Gigi 10:27

I'll tell you, basically, you use surgical tape, and you just pull the skin over and type it tight so it won't pop out. And you work for quite a while. And over time the skin stretches out. The skin is very elastic and it will grow. Now you don't call it that tide. I mean, you don't cut circulation off. You want to make sure you've got circulation because, you know, parts of your weenie following the scientific term. Yeah.

♂

11:04

It's from the Latin. Everything goes back to Latin and Greek. I like Latin. Greek. I like great.

♂

11:16

I like all flavors.

G

Gigi 11:23

We did. I think we were one of the first to do pagan ritual on there. Yes. Yeah, that was fun. We brought in candles and cast circle and did the whole thing.

J

Jimmy Carper 11:35

That was neat. Because to do that, again, when you've never seen it before you think it's rude. This is a scary thing. But it actually was really, it was really nice. And it was very focusing on nature and all of that kind of stuff. I enjoyed that. Yeah.

11:50

Before the studio got renovated. Yes, no one knew you were enjoying nature all around. Yeah.

12:00

And of course I always do virtual sky clouds.

12:03

Yes. For those non

12:06

pagans that means naked.

12:11

I seem to always miss that show. No it's Lee's birthday, not mine

12:27

don't want to work Christian against my religion to be naked. I know that's.

Gigi 12:42

And then, I remember a few times we really well, we've had some really exciting guests in the past. Carol, Queen and Fritz Klein and

Jimmy Carper 12:53

big names in the bisexual. Yeah. These people and, and given seminars and

Gigi 13:00

yeah, Lorraine Hutchins, Lani Kamani. Yeah. In fact, Lorraine Hutchins was on not too long ago, about four or five months. We did sacred sex. So that was a first I think, last year we

Jimmy Carper 13:18

did a two hour special from Vancouver.

Gigi 13:23

Yes, the North American bisexual conference. Yeah. Live.

Jimmy Carper 13:28

Live. Yes, you phoned in and you had set up all these different people to come on and talk for 20 minutes and we really had

13:36

Bobby Capo who was an elderly bisexual. Yes.

13:39

And we want to get her bad been trying.

Gigi 13:43

She's a busy woman. She's doing she's going around the nursing homes doing a show and I forgot the exact title but she teaches elderly how to have safe sex.

13:57

Wow. That's a good idea. Yeah.

Gigi 14:00

Because a lot of elderly don't practice safe sex. Somebody's

14:03

got to do it. Anybody who

Jimmy Carper 14:05

thinks that there's nothing going on in the nursing homes. Do you get it still weren't always want to? Yeah,

14:13

it's got to be boring in there.

J Jimmy Carper 14:20

That's why I really need to focus on GLBT nursing homes. Hmm,

G Gigi 14:25

definitely. When I go to a nursing home I want a boy and a girl

14:36

call it rainbow acres.

14:40

All we need is Rainbow time to show.

14:53

Maybe we should call it pride pastures or something. Gay

15:00

Nursing Home and Florida want this

J Jimmy Carper 15:02

yes there is one yes yes real people were

15:06

trying to fight it because they didn't think it was necessary or

J Jimmy Carper 15:10

Yeah, but it's gonna happen it's just that it's it's for the upper the people who have money  
money

15:17

yeah

15:18

lots of it not for us normal folks.

15:24

David Akers

15:25

yeah you go and pasture that's terrible

15:38

I've done that

15:39

hey, we didn't say out to milk cows.

15:45

Well that gives you good practice

15:53

not pretty delivered a calf.

15:56

You've done it to straighten cool

Jimmy Carper 16:04

boys here what's the deal?

16:07

This is my gay brother.

16:08

Hey, behind your oysters behind the piercing and jewelry lies the heart of a belt big belt buckle wearing cowboy hat wearing country boy

Gigi 16:23

Believe it or not miss Gigi used to work on ranches drinking barbed wire and I'd go back to the bunkhouse early Saturday night when the boys came in drunk and wound up in my bunk

Jimmy Carper 16:44

tell me about living you know doing all this kind of cowboy stuff

Gigi 16:48

well they never talk about it the next day

Jimmy Carper 16:54

not that cowboy stuff i mean you know like delivering a calf and all of that kind of stuff

17:01

is really quite interesting yeah interesting.

17:07

Yeah

17:17

they get turned around to and you got to reach up inside there. You had to put chains around the front feet and pull and you always get really really really dirty dirt

J

Jimmy Carper 17:37

Yeah, I guess you would have to wait you see Joe used to live in Nashville and she always talked about you know all the women out there look like me dikes you know well, because you know these are these are farm women who happen to deliver calves at three in the morning and then make breakfast and all of this hay Wow. I had no idea. Yeah. You don't look at

o

18:12

well, you see what I drive

o

18:15

this big old redneck. Well, if you know what a redneck Oh, I am I got a real bad deal. Yeah, yeah. And

o

18:31

the great thing about Steven is that he can deliver that cap a little while later and he can make you know

o

18:47

to feel for me

o

18:57

Hello, Shawn just came in. Yes, yes, we are. Oh, lots of people in my mind.

o

19:11

Have anniversaries every week? Yeah, no kidding.

o

19:21

Yeah, more than I've ever seen of this young man. Yes, it is. pristine. You're naked. I'm not naked. Yeah.

o

19:34

Set a word. It's my own made up word. Good for you.

19:37

What word is that?

19:39

There seem to be happening.

19:43

Naked. See, I don't believe my birthday

19:44

yesterday. Technically.

19:45

birthday.

19:48

My mom turns 50 Sunday today. I know she's in bed with your father. But dad's best be listening. So hi, Dad

20:07

How are you?

20:08

I'm older than your mom.

20:12

Well, I told my little brother's friend called the day and he asked what we were doing. I said, you Oh, we're going out to dinner for mom's 60th birthday. My mom popped her head around like, I am not

20:22

68 real

20:27

fast. Yeah. You are lucky you were

20:31

very strange.

J Jimmy Carper 20:37

Let's get some fun stuff here while we're doing fun stuff, but let's go to some old fun stuff. From the early days of after hours. That's kind of what we're doing tonight. All the music from the late 80s and stuff. And here is something that oh, this is older than the show, I guess. It's by Joseph Cotton. And it's called Johnny Are you queer? I love I hate when that happens that you push the button and nothing happens. It just spins and doesn't do anything. Yeah, let's see. Let me do this. You got a copy? I'll read it. Now this is a 234567. I've been wanting to play number seven here for quite a while. So we're going to do that. Okay. Rock me baby. And Julie was saying that back in the 80s, late 80s When When this song was on the jukebox of every lesbian bar because, boy, we know what they're saying in that song. Yes. At the Washington sisters. They are twins actually, I believe. And the from their one of their only albums. They may have another one. But I don't know about it called Take two. And we are back. And before I get to Gigi, little Roy's here. And he's getting ready to leave. So I want to say something. What do you want me to say? How did you get involved with the show?

22:33

Oh, lords. That scene originally?

22:37

Right. That's when you were called Little Roy.

22:41

No, actually I was called. Yes. Okay. Well, you remember better than

22:46

I do. Little Roy or big Roy.

I am. Little Ryan big Roy.

22:49

Let's see. It was about what? Many years ago? Yes. I heard I heard listen to the station, like when I early morning. And so came down here month just like the first two weeks in March so I can it's like, I want to help. Can I help? And I've been here ever since often, often

23:13

on whenever you're in town. Yeah.

23:17

If I'm out in California and New Orleans, yes, yes. And I bought big ROI. I'm so sorry. People.

23:24

Yes, he is the reason big ROI. See? Yes, yes.

23:28

Yeah, but I love being here. So thank you, Jamie. Thank you,

Jimmy Carper 23:31

Greenwich. Yes, yes, the Li Shan is waiting for him. We've got some new people. Who were these folks.

23:46

Were a guest of David. David.

23:51

individual names collectively known as the

Jimmy Carper 23:58

fo D. Okay, here. Do you want that to wrap up? Yeah. I kind of

G

Gigi 24:09

want to end this show a little bit more on a somber note. Okay. I mean, we've kind of gone all over with gender bending tonight. But, you know, like people to take a minute and think what if you're born and you cannot be the gender you're born to? And not only that there's no one else that could legally be the gender you're born to. Being intersex. I'm not allowed to go get surgery to become what I was born to be. Being intersex I cannot go out and get a driver's license with an eye on it. I wrote a paper a long time ago about sex. The thing you fill out on the form check here, male or female. And in the paper I said, you know, when we're first born, the first questions asked, Is it a boy or girl, we're in it until we're a boy or girl. Perhaps I do not exist. Maybe I'm in it. Because I cannot be the gender I was born to have to be either male or female. And so we grow up kind of lost somewhere Nowhere Man. And kind of trying to find our own identity. Because gender is a big part of our identity. And yet, I can't be the gender I am not legally. And in many cases, not even socially. It's not accepted in our society to be intersex. You have to be one or the other. And I can't get a vagina put back on and keep my penis out to be one or the other. There's something wrong with this picture. And with that, kind of think about it. And look into your heart. Do we want a world where we don't have the freedom to be? Who we are and who we were born to be? But I'm getting awfully somber. Yes,

♀

26:56

very good point that they need to gender mutilations at birth. Yes. That the individuals decide

G

Gigi 27:05

and they need to allow us to be illegal entity.

♀

27:08

GG Thank you. See you next month. And hailing from the flirtations, are

J

Jimmy Carper 27:22

buggery on the high seas, that's an old Cheech and Chong thing that I salvaged from long ago, long lost record, and certainly glad I did. And now on the phone there now Dean Becker should be on the phone. Well, hello, Jimmy. Hey, Dean, how you doing?

♀

27:51

I'm doing well, my friend. I'm doing well. I have some interesting news. I think your listeners should hear they might have missed this week. I don't know maybe everybody heard but on Wednesday, the Canadian Senate issued a report on legalizing marijuana. Yeah. And most folks may not have noticed that they indicated they wanted to free all the pot prisoners. They wanted to erase the records of 600,000 people up there in Canada that have been arrested for
