## SUMMARY KEYWORDS

people, dom, fetish, pro, mistress, session, marijuana, dominant, jack, talk, person, scene, play, women, home, dungeon, s&m, sex, party, slave

---

00:00

To make that kind of determination, because we've already said that marijuana is a was a class three narcotic.

00:09

No, it depends on the jurisdiction.

00:11

So, I mean, that's that's where the issue is coming down is basically everyone's putting this as medicinal marijuana but it's at the heart of it. It's actually a states rights versus federal rights issue. And it's the federal government that's having this gets to decide who's who has the jurisdiction in this matter. And that's probably the interesting part is is gonna start going through the federal courts. And we know how far out the front now with the makeup of the what the Senate is of what type of judges they're going to be appointing to their cases in the in the near future.

00:46

Yeah. Well, a couple of side stories dealing with marijuana here. Here's one out of Decatur, Illinois, a Lawrence County high school student in Lawrenceville pleaded guilty Monday to selling marijuana at his school and received a sentence of 26 years Whoa, yes. I mean, you know, the good old days are still around here. You know, the leodis Johnson here for two joints was got a life sentence, I believe back in the 70s. They've changed the laws a bit but you know, this is a high school kid and they're sending him to 26 years for selling marijuana. They here's another one of these gentlemen, again, coming out of Illinois. Chicago police thought they had found \$660,000 worth of marijuana and a pickup truck last month. And it turns out these gentlemen were unable to make bail, but dropped prosecutors just I guess it was Friday dropped the charges after Crime Lab tests confirmed. It was a huge mistake. Seems someone had turned turned it turned in a tip that they were hauling marijuana. So the police tested it

when they pulled the truck over. Test confirmed it was marijuana. So these gentlemen spent a month in jail. Turns out they were hauling bales of hay. No. Yes. Yes. And they, you know, it took them a month to make that determination and let these men out of jail. Wow.

02:18

How can you not tell the difference between grass hay? I mean, it's just straw.

02:27

But again, it's like desire, it's like a fella in a dog fight over Korea. And he says I took out that plane. I got that one. And he tries to get witnesses for it. And the same thing happens here. I got that bust. Legit. Oh, yeah, that's a good test. Let's take them in. And they load it in the warehouse somewhere. takes a month for anybody looks at it again. You know, it's it's that want to be it's that want to because they saw wonder of all mankind by by finding the drug user

02:59

ban, because now with the forfeiture laws, they can get a lot more out of that. Oh, my God, drug bust?

03:04

Yeah. Luckily, I just heard about a story. This lady had gone to New York, on a business trip, made arrangements to pick up something like \$230,000 While she was there, or, and again, I don't know the venture and exactly why. But the point is, they caught her at the airport, they asked her to come down to DEA headquarters. They got a dog to sniff the bag. The bag centered on drugs, of course, because every dollar bill in America as drugs on it. And they see the money once she took it to court. And by God you know, it took lawyers in time. But she got it back.

03:44

And then the lawyers took a good chunk of it. Yeah.

03:47

And that's what happens to so many people if they're if they happen to be traveling, especially there's a court or between here in Florida, Louisiana, in particular, Louisiana, that if you get a few have the right looking car, right aids, right? You know, sex, race, whatever, they're going to pull you over, they're going to look in your truck, they're going to search you for money. And if it's, you know, in the 1000s What by God is drug money, they seize it. And how much does that lawyer cost? Yeah, you know, how much are you willing to invest to get back those maybe few

1000. And, you know, it's like manna from heaven. These guys. It is their feast. I don't know what else to say. You know, tonight, I'm thinking that it's really time for us to stand up what's going on out there in California. I mean, I don't know how recently you guys have been out there. But in the San Francisco Oakland area in particular and up into San Diego and into the Humboldt area. It is a marijuana society. You can walk down the streets you can talk to the district attorney And he's of these towns smoking a joint as Oh, yes. And and the whole point of it is its dignity. Yeah, they do not have increased violence, they do not have the you know, the the drug shootouts over marijuana. It happens in certain areas. And I think in particular, when you're dealing with a more restricted market, where the price is higher, where the the value of the marijuana is, increases to the point that a criminal sees it as a job. And you know that there was a terrible incident in New York, about a year ago, they went into a deli, they shot four people in their head for a few pounds of marijuana, you know, and this is for a product that would you know, if it were legal, it should probably wind up at \$20 a pound, just for the care involved. And yet we make this stuff worth \$8,000 a pound, we make it worth twice the weight of gold, you're 24 karat gold, because of this prohibition. And I encourage people to just look at the evidence. The fact is, this war can be over, you know, five minutes here, 10 minutes there, write a letter, send it to the Chronicle, send it to the Austin American Statesman. Copy that same letter, send it to your Congressman. It's only by standing up that we're going to change this.

06:33

Okay, Dean, we've got run out of time on you this week. But it's always it's you always have good information. And you're the 420 is still playing or 20s

06:46

are still playing Otis and Dwayne both said let's run them every day. We don't care who's on there. You're gonna run the 424 20 in

06:53

the afternoon, you're gonna bet you're gonna hear another segment about what's going on and with the culture war,

07:00

I thank you for this opportunity. I'll talk to y'all next week.

07:03

Okay, thanks for calling in. You bet. Thank you. Okay, yeah, we have a second half here. Yes, Mistress Eden, is here with a whole group of people. So right after this piece of music will go right to her, but I know this is just kind of something. I saw the title of it and it just I don't know,

I just did just it. Freddie Freeman doing a song called stripped me naked. And you're listening to it on after hours queer radio with attitude on KPFT Houston, and ke O 's College Station

07:57

Freddie Freeman from his latest EP called waiting for an echo. That's strip me naked. And it's it's time it's time. It's time for the leather line. Hello, Miss receive.

08:13

Hi darlin. How you doing? Just

08:15

great.

08:16

That song sounded like awful lot like a proposition. Yeah, yeah. How are you doing?

08:24

I'm fine. Just got back from vacation.

08:26

Did you go?

08:28

Hawaii?

08:29

You little jealous. Like one place on the top of my list to go.

08:35

Oh, my my lover takes me there for my birthday. He hates the shop.

08:40

I just want the beach. So yeah. Give me the beach. Just do that beach thing. Yeah. How are we? I got some real interesting guests tonight. Yeah, I see. And but before I introduce my guests, I wanted to give an announcement or talk to you. I'll just tell you update you. I talked to Bulldog. Oh,

08:59

high school dog doing?

09:00

He's hanging in there. He got recently got diagnosed with colon cancer. Yeah. And so he had a little strip in the hospital, but he's hanging in there. And he said to tell everybody hi. He just wanted to tell everybody that he misses everybody. Yeah,

09:15

he emailed me and but yeah, before I went on vacation, I turned off all my lists said okay, no emails, you know, when I get back, I'll just you know, go to the website and check them out. So I didn't want to hold out 619 emails when I got like me.

09:33

So just a popular guy.

09:34

That's mostly spam and

09:39

but anyway, but I wanted to update everybody. But my guest tonight you've heard us talk about this one numerous times and other people have but this is misters precious.

09:48

Hey, hello, Mister spirit. Hello.

09:51

09:54

This is her slave Jack. Hello. Hi Jack. And this is her sub Jules.

09:59

Hello. Whoa. Okay, hi, Jules.

10:02

And she's hiding back here. We had a proper up and put two things in her eyelids.

10:09

He wants to have with you.

10:11

Just my guy. You know him. He didn't have headphones. So you say hi. Hello. But anyway, yeah, there's only so many headphones.

10:23

I know. I know.

10:24

I'm sorry. That's okay. But mistress precious is a pro DOM. And her website is Mistress precious.com. If anybody's listening wants to go check it out. We've got some awesome hot pictures of the woman.

10:42

Mistress

10:43

precious precious.com. Okay. But she's one that the lot of people don't think that the pro scene has anything to do with the scene. We're not Oh, there's a lot of people have issues with it. And so we thought we'd talk about the difference between a pro DOM and a lifestyle Dom Okay. And the difference between it and there's because she's also a lifestyle. Dom as well. And we don't stop we talk about the perils and perks of being a pro. There are there any I get a lot of emails from people who sit there and ask me, I had one this week from from somebody who

says you're not really thinking about doing this? And you know, as a pro, can I do this? And what does it take? And I'm like, listen to the show, when I'll talk about it. But it's, it's there's a lot of there's just a lot of crossover there. And there's a lot of interesting things to talk about. And I also think that it's seen sometimes seeing a Pro is a good way to get started introduced into the scene to see if it's what you're really into. provided. Oh, somebody brought us microphones, but we

11:48

have no place to I'm sorry. I'm not finishing that statement. Oh

12:05

I could find a whole

12:07

movie is your friend darling. Anyway, but so I thought that's what we talked about tonight. And so no, I

12:19

think we've had prozone before. And I think I think it's necessary, actually. Because there are a lot of people who may be married and the spouse is not into the scene. And and and maybe this person doesn't want to immerse themselves because they have another life going. And I mean, there's all kinds of reasons.

12:45

And jewels here is a pro sub. Oh, no kidding. Yeah, into the mic. Okay, a little bit. That's the first week that's the first for us. Does you still have first isn't wonderful. In our age don't get many first time for that. But anyway, so I was gonna let Mr. Precious talk about first off, I'm gonna ask you a couple questions. And just like, what did you when did you start doing the Pro? thing? In what what? What do you think's hard about it? What do you like about

13:17

it? Oh, boy, that's loaded. I've been a dominatrix for 19 years. I went pro four years ago. Solid Pro. Where this is all I do now. And, and she

13:32

does it well. She's only really about the only program that I really recommend people to

because I've seen a trainer in action. And I trust her with my life and would trust anybody with

13:45

her. Yeah, yeah, it's very, you get a clientele up and they keep coming back, hopefully. But majority of the people that I see they always return.

13:58

What? What do you tell people who are looking to go see a pro? What did they lean to look for? What makes you different than when I open up the sundowner and see ads for 18 other different people? Why should people go see somebody like you versus somebody else like

14:13

that? Well, here again, with my website, it's a wealth of information for someone who's never been to a pro DOM. You need to do your research. There are a lot of people that want to hang their shingle out there and say they're a pro Dom But they're a chick with a whip is what I call them. They have no experience like it hurt you. There's a lot of skill that goes involved in doing what I do. And here again, you have to have somebody safety, you know, and also discretion a lot of discretion is the better part of but no, I I enjoy I love what I do I enjoy it, but what does it make what is different? What is different about it just, I guess she's

15:02

she's asking her, her slave, but I gotta tell you what she told me about him because he's been to every pro Dom in the continent just about before before she they entered into this relationship now and he's a really unusual case and that he's actually in a relationship with his with what was his pronouns their significant others and partners or whatever now. And so he has a whole lot on that. So what makes her different than all the other

15:29

chicks with wipsy Nice Well,

15:36

no, she's not she she is very good at what she does, she reads inside of your head, you sometimes don't know what you want, but you know, you want and you need something and she's good at figuring out what that is and where to take it and get you in to that space that we call subspace where you're just out there floating around searching for the voice and finding reaching that voice that stopped there and that's where you hang

16:10

it doesn't hurt that she looks hot and latex de there. That helps a

16:14

lot because that's that's the first picture I had of her when she walked down the steps to greet me was that hot look in that latex. So yeah, that's very helpful.

16:29

Now you guys have a kind of a poly family of sorts. And you you have a very unusual family. Tell us tell us about what's your what's your dynamic is in here with these three people.

16:41

Well, basically Jack is my significant other and so it was duels This is my family. But this one Jack has been collared, formally collar and now on Joe's will be formally collared on February 15. Which basically makes it where they belong to me. And I belong to them, they take care of me.

17:08

And now your relationship. I think one of the things I really like about ministers precious here is she plays her subs on each other. And they have they're all They're all family. They're all comfortable there's it's nothing to see them after a scene or play all kinds of little puddles on the couch. It's not this everybody keeps it separate and in your very sensual sexual favorite. Now a lot of people think that being a pro dominance, you know, nothing more than prostitution. Now what makes it different?

17:39

There's absolutely no sex with a mistress at all. Here again, it's more of a mind mind games, physical games, but it has nothing to do with sex. There's a very very huge gap between prostitution and domination

17:56

because there's no there's no sex involved not at all. Now there's eroticism

18:00

yes yes eroticism but no there's no sex and people are under the misunderstanding that there

is and it's it's just a huge huge mistake

18:11

what would you say is the most common misunderstanding about pro Dom's that you run into?  
Most common miss me like what's the most common assumption peep

18:23

everyone makes it I'm an escort. Yeah, that's what it is, is escorting. And the first thing I tell a person when they pick up the phone and they call me there's I tell them You do realize I'm not an escort. There's absolutely no sex with a mistress at all. They usually go click.

18:41

Okay, but now you you had told me earlier on the couch you made when we were talking just a little bit before the show you'd made the comment that s&m is about sex. So how do you how do you

18:53

define sexual it is sexual. It can be mindsets, it can be someone so much as what we had also discussed was whether or not one of the misunderstandings also is that s&m is all about pain. It is not. It's not. I mean, it's it's more sensual. It can be very, very sensual. Someone just you know, taking the power away from you. It's what it is people exchanging power and when someone submits to me it's a gift and you don't abuse that so but I want to push someone's limit and take them to places they've never been

19:32

bolstered thought there should be an organised like a national organization to license yes professionals.

19:41

Well there there's been a lot of talk about that. Now I'm with the NAO PD it's the National Alliance of professional dominatrix it's a very

19:49

very so there is an organization's OH GOD YES. OKAY for you wouldn't

19:53

find this with the girls that you find chicks with whips. The National Alliance of professional dominatrix is a group of women that are very high qualified, who we report men that are, you know, if they're coming to your city and they want to find someone, I would immediately refer them to this person. I know that they are held by the ethics and the standards that I have. That's the whole idea. There's also another organization called the PDP the PDP is the pro DOM protection. This is a, this is a group of women across the United States that, that it's an email type of situation, that we protect ourselves from somebody who might be psychotic, you know, that might be picking up the phone and calling all these people making appointments, and it can be dangerous exchanging information. Exactly. So this Yeah, so I'm with the organization's I mean, majority of the Mistresses you find today, aren't they're just, you know, here again, how do you find a good dominatrix? Do your research? Definitely.

20:57

Now, what would you say to somebody who comes to you and says, I want to be a mistress? I want to be a pro Dom, what do I do? Well,

21:06

this is not something that you just do overnight.

21:10

I think a lot of people think, I think it is I think that, you know, oh, I

21:14

can twin a whip I get I can make money doing this. To the

21:17

dancers think automatically if they can just, oh, this is much easier money, you know, it's not No, not at all. But what do you say to them? Here's I have a lot of women that contact me who want to be at pro DOM. On the NOPD, the national lines professional dominatrix we've decided that we're going to start doing fine, you want to be a pro Dom, there's going to be school? Yes, and we're gonna charge you tuition. And it's going to take you five years to even learn even any of the skills to actually begin. I mean, there's everything you play with everything from electricity to.

21:59

It's also not just the technical skills, people tend to take the technical skills are really important.

It's also the ability to know the different types of personality than have exposure to different people you have

⌚ 22:08

to have,

⌚ 22:10

you have to have empathy. Like he said, I read people, yes, I have to know. When I talked to someone on the phone when I first scheduled an appointment. I want to talk to them, I want to find out what what is their kink? What tell me what interests you? What, what was it? Is it the bondage? Is it the foot fetish is that what is it, I take that into consideration. And then when we finally have our session, I will sit down with them in the beginning of a session, and I'll take about 15 minutes. And I will discuss with them first of all, number one, to help them calm down because they're scared to death. They're shaking like a leaf if they're novice. And so I need to make them understand that I'm not a psycho, I'm there to take them on a journey. That's what s&m is all about, they are going to go on a journey, and I'm going to guide them. And they need to relax and let me have the reins. And the only way you can do that with someone who's offering their submission is they have to want to give it to you. Like I said, it's a gift. So if they give it to you, and I take it, the more that I take, the more they give. And it's a dance, and it's a power,

⌚ 23:23

I think it's very much beautiful theater, it can be very beautiful and very erotic. Now how I'm going to turn the corner over here, because I want to know how that contrasts with what's like being a pro sub.

⌚ 23:36

Well, as a pro sub, you're putting yourself in a lot more risky situation, because you're giving that gift to people you don't know. And it's actually it's pretty scary at times. And but I also look at myself as kind of a teacher, particularly if someone doesn't have a lot of experience, I oftentimes will stop them during a session. And, you know, put learning points out there of how to do certain techniques and things that are my own safety and also to teach them to, you know, the proper techniques for doing things.

⌚ 24:04

Do you ever get scared? Yes, I

⌚ 24:06

do. But I always make sure that someone else I'm there. Yeah, she's there. She's there. She's on the premises. So yeah, so that I'm completely safe.

24:15

That's why the best way is that if majority of my submissives they want to maybe experiment with being a top with the DOM. And so if they want, they can hire her and top her but one of the good things is if they've come to me, they've experienced what I've done to them, they might remember it and know that, you know, wait a minute, those nipple clamps really hurt. Yeah, maybe, maybe they hurt me and maybe I shouldn't be hurting her that bad, you know. So

24:47

the one thing that you can't teach people though, is how to read someone and read their reactions. And that's, that's really, I mean, anyone can swing a flogger. But if you're not reading the reactions, and

24:59

you have to know how they're

25:00

I think that's a big thing in, in the lifestyle as well, in that is that there are those of us out there who are, I think very gifted at reading people's bodies. And then there's some people who they may have been in the same for 15 years, and they're just coolest I

25:16

don't have. Yeah, that's where that's where I think I believe it or not, I do think that's where I'm different. Because I do read people, I can know what you want before you want it.

25:27

What's the most unusual thing you've had requested? Oh,

25:34

can we say it on here? Well, I

25:39

will tell you I deal with an awful lot of different fetishes. Which a lot of people would find quite odd. I've never judged anyone by their fetish or what their kink is. Because I wouldn't be a pro than what i

♂ 25:53

That's right. That's absolutely.

♂ 25:57

I get some very interesting things. Like, well,

♂ 26:04

stick out in your head. Oh, yeah.

♂ 26:09

One individual person that I see has a newspaper fetish. And if you've never dealt with a newspaper fetish, it's quite amazing.

♂ 26:19

What do you do with a Newspaper? Newspaper now?

♂ 26:23

Well, it's kind of cute. He brings his own Sunday paper. But now he wants to be wrapped touched, felt. I completely wrap him and mummify him in newspaper, everything between his toes between his fingers. Then I wrap him in solid tape, his his mouth his face his everything is with newspaper, the feel the touch the smell, the taste all the senses and when you have a fetish?

♂ 26:54

Wow, it's cool. He's immersed in his face.

♂ 27:01

That's kind of cool. It's kind of like our mutual friend Yasmin has her casement vanish case.

27:08

And that's something you can't do by yourself.

27:11

Now, no, but you want somebody when he is floating in subspace. All he's listening to is my voice. The crinkling of the paper. The smell of it. Of course, I come out black from it. Okay. I'm filthy from it. But it's okay. Because it's so cool. I had jewels sit in with me on this one time because it is so fascinating to see someone's fetish come out. And they just I mean, it's just like a foot fetishist. I mean, they're amazing. They're just amazing to me, I guess. I get turned on by it. But, but Jules was able to watch this. And what's interesting is to watch how I interact with the sub, because that's where the dance is, and so pretty, because I sit there and I have to understand why he wants this. And so I gotta get into his head. What is it about psychological, and it's, I play a lot with people. I'm a psychologist, basically, you know, I mean, I have

28:14

a cultural sociologist or something like that. There was a CSI Episode One day they had. And that was good. Now, Jules, you watch the newspaper scene? How was that watching it?

28:26

Actually, the euphoria that you saw him go through it was like a spiritual event is just, it was incredible to be involved in that.

28:34

And it's just about it was all about newspaper. I've had some different requests. I mean, that was, that was just one that always sticks out my mind because it's so beautiful to watch him go through this and it's not anything sexual. It's there's nothing sexual about this paper, but it is to him.

28:54

I'm gonna stop and give the phone number just if anybody wants to call in and talk. You can call at 713-526-5738 That's 526 KPFT

29:04

and you're listening to after hours queer radio with attitude on KPFT Houston and que yo s College Station

29:12

and we're talking to mistress precious and her harem.

29:17

Yeah. My family yeah,

29:22

she's my children are my children Mistress

29:25

precious.com. Here she is. One of my dearest friends and I we first time I we we met it was a real interesting thing. And it we had a an X club in common.

29:38

Oh, my. We both

29:40

I had heard about her through him and vice versa, vice versa. And we met at a club FEM party and I said, Oh, your mistress precious. And I said, Do you know this person? And she says, Yeah, we both said, Can we take him to the ripcord and just lay him over the ballroom table and just put free We're free.

30:02

That's one of the ones that I would put the 20 pound weight on his balls at that point. Yes.

30:07

We we bonded into immediately over the fantasy of just taking this

30:12

removing,

30:14

removing in just let's just say that the patio three

30:21

interesting aspect that you're talking talking about both of you have been with this particular person and why what what was it about this person that was so if you can speak

30:33

generally yeah he's he was a very much of a user and you know and took everything for granted and was a very cocky individual and pathological liar really pathological liar. So I mean there was just not very many good things okay so I think I dated him probably

30:57

made around wasn't so much in his fetishize person, right. I

31:03

would never I would never ever judge anyone. Now there are certain things that I refuse to do. Even that passes my limits, but when I tell people they go, oh, yeah, I've I've got, you know, my limit. My pain limit is huge. And I'm sitting there going, don't tell that to a pro. Don't you don't understand. I've seen my bloods bladder wall. I'm a masochist. They're like, Oh, I'm a masochist. And I'm like really? Oh, okay. I had one individual come down from New York and he's like, on the phone telling me oh, I've I've been with a lot of pro Dom's and I'm into spanking. That's it. Well, first of all, I don't do a one hour session of just spanking, you wouldn't walk. And he's like, Yeah, that's what they all said. And I said, No, you don't understand. He goes, Yeah, well, do you use your hand? Yes, I do. I can do barehanded spanking but you, you won't be able to walk. And so he was pushing my buttons a little bit, came for his appointment. And I took one swing it is but with my solid hand and he his heads flew up and he goes, Oh, I'm in trouble. I busted two blood vessels in my hands. And that session and I he did know it was fun. I am a little bit of a you know status.

32:36

A little a little bit. I've seen the blood splatter.

32:40

Never any blood though. There. Okay that Yes. Yeah, I

32:46

don't even play. But I think it's funny is that we bonded over fantasies of torturing this poor guy at the ripcord. We win a tournament we're gonna come in there with our stilettos. Drag him in there.

33:01

Very nice. Take them out of the back porch. He didn't deserve it. But no, it's

33:06

true. He would actually love love.

33:09

I will tell you I met him one evening, in fact, at the velvet Elvis. Right. Met him for a drink at a Harley. He'd wrote up on his Harley. I had a pair of handcuffs. I picked Well, I kind of carry him. So I decided I was just going to take his Harley, he was being such a snot. So I handcuffed him to the table. And at the end, I remember I came back at two o'clock at closing time. And he was sitting there he had to go the bathroom so bad. And the lady was like wait, you can leave he's like no, I really can't. He was handcuffed to the table.

33:54

Oh, you don't want anybody to know you know, he was

33:57

just sitting there did I mentioned to tell you that she's a sick twisted

34:03

sick Twisted Sister.

34:09

But now see that that's that's you know to me.

34:11

Next week somebody is going to call and say you know I'd like to be handcuffed to a table that

development Elvis

34:21

you don't have to ask twice

34:23

now Now Jack you with all the productions that that you have seen? What What was it like? Good being in a relationship with with a DOM? Because I mean, I happen to know Mr. Pressures is also a life's style dominant as well. It means there's nothing about this woman that submissive

34:46

but oh, there you go. No, there's no sub not a sub bone anywhere. But I have two of them from a

34:53

minor all minor sub bones. We don't we don't contradict each other. We just kind of

34:59

going from just going from a session setting to a life a relationship setting. Yeah, because

35:04

we're not our relationship is not 24/7

35:09

it means she doesn't wear stilettos all

35:10

day long. Well, she does. That's one thing we like.

35:19

Oh. that's when Jack has his on to put the name

...that's when Jack has the time to play the game

35:25

better in high heels and I can't it's really disgusting. His thigh high boots. Yeah,

35:28

yeah, the games don't go on 24/7 I mean, it is a more of a vanilla relationship, what we have outside of session, although we do have a lot of parties, and we do attend a lot of fetish activities, and things like that. So it is, you know, somewhat less than 24/7 but not just totally limited to sessions.

35:51

Well, you're human too. Yeah. No, I mean, right. You're still glued in front of the TV when the practice is on?

36:00

Yeah. moved into Monday night. This is making me angry. Always carry your work home with you. Briefcase. That's why I have I have separate places. I have a dungeon and then I have

36:13

home now you have what I consider the premier dungeon in the country. Yes, I do. Oh, really? Yes,

36:19

I have a 3000 square foot dungeon follow.

36:23

And she has every known apparatus and toy to humankind. And on her website, you can actually take a virtual tour towards the dungeon of all the rooms

36:34

and you might want to get on now I must admit now on my website, it's real intense. So you have to have flash. Download flash, there's a little plug in in the front if anybody's wanting to download it. And turn your volume on your on the computer. Okay, it's a lot of fun.

36:52

But if it that's it Misters precious.com. But no, she has got the ultimate most classiest dungeon. It's fabulous. She didn't she'd known for throwing absolutely wonderful parties. And she's she's the hostess with the mostess. And

37:09

we just left a party just now I have a private play party. Just my close friends 5060 family family, my family members ended. And then also I have club femme rents out my dungeon, which they did this evening. And it's a wonderful organization also. So

37:29

now you also do some stuff. With Am I correct or not? I'm not sure but didn't you do some stuff with the black and blue ball up in New York? We went to the black and blue ball and didn't What did you just go to England for skin to

37:47

know we were gonna go to the rubber ball for England. But we decided to go up there just to New Years. Oh, yeah. For New Years and we went to all the Fetish events. How was it? Oh, Ma,

37:59

what's the scene? What's the difference between the scene in the United States in the scene in your

38:04

reserve? The United States is very reserved compared to

38:09

theirs. It's just all open. I mean, in a Yeah. It was amazing. We were We were We were stunned. We were stunned. It was we went just to a fetish club one evening and you would not believe what they will tell us. Well, there was a there was a dominatrix. So basically, walking around with a strap on on and utilise it on a couple of women right in front of us just pushed him over and went after it. I went Oh, my It's perfectly acceptable. Perfectly acceptable. And she was so pretty.

38:49

She didn't know these people. Oh, my Oh, no, no, this negotiating. No.

38:56

She put a condom on licked her hand. And that was it. And I went, Oh, aha. And the redhead. We love her. We love her over and over. We wanted to bring her home But honey, I love you over there. Okay, now Joseph is going to change your hair red

39:19

okay, you're living vicariously through your fantasy but you the round but

39:22

it was. It was incredible. And everyone just watched. Now is

39:27

there seen separate segregated like our scene is here in the United States? Was it pansexual there's

39:32

a lot of gait. No, it's very pansexual Yes.

39:36

You saw a man you saw women on women. You saw leather man. Oh, yeah. Now is that I've heard from people that the same the Leatherman scene is different as well.

39:47

No, they, they are a community, all of them. I mean, they do everything together. everything together. It's there's not separate, really gay bars there. I mean, it's just it's so open

39:58

just to see the leather The BDSM scenes

40:01

update a lot of them over there also they're really highly into the Fetish where

40:07

so have \$3,000 latex outfits. Yeah,

40:09

we looked. We were trying we went in all leather that even we didn't know we'd never been to the Fetish clubs there. So we were draped in leather Jack had his leather pants Leather Jacket myself, just leather. We walked into the club and I looked at Jack and went, oh my god, I looked vanilla. I've never looked vanilla. Okay, you do now. I know. This is called cold. Yeah, but no, we are like so embarrassed. I got I gotta get back and put some leather leg latex on. But yeah, I looked boring. Of course. We made up for that on New Year's Eve. They

40:49

Well, what did you do? We looked hot. I'm sure you always

40:54

seriously litex we blew them away with our lights.

40:58

Jack you have an interesting fetish. What

41:03

would you what would you seen as my fetish?

41:05

Well, but what I mean when I first met you, you were you were in a little made up? Well,

41:11

yeah, he's he's a transvestite TV.

41:14

What do you what do you enjoy from that?

41:17

I'm like the I

41:19

like to get his heels. Yeah, well, I

41:22

know you've got a shoe fetish.

41:24

Oh high heels. Absolutely. The taller the better and the more leather he can

41:30

afford this guy I want you to know can carry a tray with drinks and champagne in six inch stilettos walking down a flight of stairs with with ball weights. Oh my god.

41:42

No. I think it's better to having all of us have high heels. Seven and a half inch stilettos like the

41:49

restriction I liked the course it sounds like he loves horses because it just tightened up and of course it's because it just tightened up the bondage because it tightens Yeah. He likes it

42:08

in how tight Do we like it?

42:10

If we can get you see my latex body bags then Yeah, put them in a latex body bag. Put some electrical on him and then play electric sounds urethral sounds

42:22

sound which by the way, guess what? I got it. Well, you missed the last show. But that's what I got for my Christmas present was I got rosebuds ah, well I brought last that was my I didn't bring your toy this week. Yeah, no, I it's it's been a hell of a month for me. It's I'm kind of behind. But I have any new toys? Can you believe that? Me not having new toys?

42:49

What kind of toys

42:51

you've gotten? You've got every toy, man. I mean, you got a toy that even know existed, and whatnot. But now I'm looking back over here

43:03

to me as I'm gonna. I'm the toy.

43:06

Oh, you are a toy. Do you like to torture me by having her strip and dance and I just have to sit there. Yep, it drives me nuts. Now. Do you have any interesting fetishes or what do you what's most interesting thing you've had somebody asked you to do as a sub.

43:28

Oh, my. Sorry, I couldn't think of any particular examples. I haven't. I haven't been pro subs for very long. So I don't I wouldn't say I have a lot of experiences on that. But I think my favorite part has been mistress precious toy.

43:43

Good answer. She knows where she's sleeping tonight.

43:51

So other than your newspaper, what what's what's, what's the hardest thing about? I mean,

how do you protect yourself for your safety? When

44:03

the way I feel if you got balls enough to walk in my watch out? Because I'm not scared of you. You will be scared of me. So that's my protection. Pretty much I am not have a lot of security. But if I if I were not as dominant as I am, I would be scared. I would be, you know, oh, my god of strangers walking in my door. But they'll sense it. They would know. Then how dominant Could you be? I mean, they walk in that door. That's my domain. Mess was me. Go ahead,

44:34

David. I know people who have tried and they have never I've never seen anybody succeed at messing with you now.

44:39

No, but it's I mean, true. If I feel uneasy, I do have to follow my gut. And my gut tells me every time and if something doesn't feel right, I know it just like when somebody calls and schedules an appointment, and I can get off the phone and I can go you know what, Jack? He's not I'm going to show I can tell, I know, just from the questions, because I will grill you over the phone, if you call me, I'm going to ask you specific questions. You know, if you're experienced, if they're a novice they've ever been with the pro Dom, who have they've been with. And if they go, oh, yeah, I'm very experienced, and they can't start naming a few names for me.

45:23

And your call and check out those names. We had that situation once with one of my old house boys was trying to use us as a reference, and told some other mistress membership to come help you move. And he never showed up. And then he had the audacity to ask for a reference. And it was like, Yeah, I'll give you a reference. He's not dependable. And he's a jerk.

45:45

Yeah. Yeah. And it's I mean, you know, it's, I think, I think there are so many wonderful slaves out there, that that, you know, I develop a relationship with I mean, not every one of them, a lot of them are just passing through, but I guarantee you, I'm not just sitting, it's not that cold type of relationship I want. I want to get regulars. Oh, yeah. But I want to get into their head, I want to get to know them. I want to help them explore their submissive state. Like that's the only way you can't do that in one session. Now, sometimes, I can just bingo in on him. But usually, they have to become comfortable with me and I have to kind of learn their, you know, what their kink is. And I'm gonna go through some different things and I'll test them. But to truly, truly get into someone's head, it's gonna take a while.

46:36

But like, I know, you know, I'm just thinking off the top of your head, your your foot slave that was was there this evening, a couple parties ago was teaching my boy, the art of footwork. Because we're family, in a sense of the word. There's a community we're a family. Absolutely. And we all kind of take turns mentoring and teaching each other things that we do and don't know and yeah, I I've always enjoyed your parties because there's always people asking questions about what are you doing? Or how do you do though and whatnot. And you know, I like to sit there and go How do you do that? But no, you know,

47:12

I hear let me see person just like with a pro DOM who thinks she knows everything. No, she doesn't. I love to learn from other people. I love to watch other people play because I'll pick something up new. I just I think it's wonderful and vice versa if they watch me play the same thing.

47:29

While I like teaching at your party, I'm always like, Okay, let me do this. You know me too for I will out and go officially on record is I did not start the fire.

47:42

One in the bathroom. Now you did not plain fire on that one slide. You did not start the fire.

47:50

I was doing a fireplace scene. And I just saying just ended. I just extend extinguish my fire batons and somebody's like, we smell smoke. We smell smoke. I thought she burned the house down, you know, and then all of a sudden, somebody in the slaves bathroom threw a towel over the candle over the candle in the house. Fire. And I had been doing this fireplace scene for like, two hours.

48:13

So I thought I thought I was gonna run up the stairs and yeah, I'm just you know, poor slave like roasted. But no, it wasn't it was just a towel.

48:25

Careless, haphazard, whatever. But now in what's when you play for fun and when do you play for session? What's what's what's the difference between how you play for for as a lifestyle fun privately and how you play for session? Well

48:43

don't ask my slaves that this is I will tell you it I will tell you as a as a pro DOM and my my little subs can tell you. It's almost like having the plumber that you always have a leak at home. Okay, you. You never have quite enough time to play with your own subs. When I play, I play more than most people in the lifestyle. Okay, because I play three, four times a day. Yeah, yeah. When you play in three and four times a day, six days a week. You're tired. And it's real hard to say, Okay, you want to take your significant others or your slaves and go play them? It's very difficult. Yeah, I can get tired. You're just you know, you want to go home. You want to you know, where are other people that come to parties and such as that. They come to a party, they play once a month, and they let it all hang out. But when you play three to four hours a day, you're like, Okay, I want to go put on my fuzzy slippers and go home.

49:45

Your idea of a scene is a foot massage.

49:49

Or Nima massage are named massage after your standard and stilettos all day long and I make I come home and my legs are killing me. So any leg fetishes down There

50:02

now what I just had a great question on top of my head and it just went whoosh flew out you're saying something and it triggered it and I'm drawing a total blank and it's gonna drive me nuts now when you do your scenes and your sessions what what should somebody expect the first time and total novice total novice never done anything never had anything done to him before or her just down and what is your your sexual orientation? Buy in. Do you see men and women? Yes. So

50:42

majority of my clientele are all men. But yes, I do see women also.

50:48

I know you always have had these gorgeous women in your bed but in you torture the rest of us with them. But now that she Oh, she does she loves to put this one on display for all of us to drool over now, but when somebody comes to you totally novice, they've never done anything. They have no clue what they like or what they don't like what should they?

51:15

Well that's that's when I do like a little trial thing. Basically, I will sit down with them in the very beginning. It's been about 15 minutes just calming them down because they're shaking like a leaf. Majority of the people that have never been to a professional dominatrix think that the Jerry Springer DOM is the way that it is you know, bark sit do this. It's not I'm not a Jerry Springer Dom Okay. But I will tell you when they come there I will talk to them discuss you know what I want from them and what their desires are. I don't start telling them what the safe words I tell I want to know what their physical. Anything physically wrong with them. Are they claustrophobic? Do they have bad knees bad back? You know, they have a heart murmur do they are they you know, that's incredibly low Chorten Oh, yeah, just their allergies. I mean one thing what like I was discussing tonight what are the biggest things that people don't realize is that you might have a dildo with a condom on it that would have meant and or maybe strawberry well they might have a allergy to strawberries Yeah, they're gonna go home you know to their wife fully read you know, go on I accidentally hit strawberry. Where did you and it's really bad back here

52:47

it's awful when they get when you have an allergic reaction in the nether region and the

52:52

nether regions

52:54

swelled shut is not pretty on anybody. But now and let me ask you this. You do stuff within the lifestyle community and at the program. Do you think that pro Dom's buying whole are accepted in the community?

53:09

Not really.

53:10

What what do you think the biggest reason you're not accepted?

53:15

I think that all we do it for his money. Yes, it is my profession. I'm damn good at it. So I made a made a profession. And I enjoy it. When I go to work and truly love you're supposed to love what you do. Absolutely. No, I'm good at it. I used to have a real profession and decided I was

so busy doing this. Why not go ahead and make this into my profession. I want you to know, even though most people I only schedule up to three sessions a day, okay? Most people think oh my god, three sessions a day. She doesn't work hardly at all. When I wake up in the morning, I go directly to the computer. I get at least 60 emails every morning. I have to go through those 60 emails reply to them personally, I don't have a secretary that does that or slave. Then I go to work at noon. Okay, my sessions are usually I start at noon and I only work like I try to do the afternoon. I always schedule at least 24 hours in advance. I do not accept late appointments. I don't have to. Okay,

54:19

so I wish I would have a job.

54:22

Now way that'd be said the phone rang. My phone is on touch technically from 10am to 10pm. Now when I'm in session, of course my phone is not on but I am returning phone calls. I'm answering the phone I'm talking to novices. I'm not going to spend a bunch of time on the phone I do get the bankers yes a lot of I do not want Wakers are called bankers. They want to just talk to me while they

54:47

Oh yeah.

54:49

Clydesdale Guy

54:50

Yeah. Okay, what's been switchboard we get those.

54:54

But no all i want i I'm going to give out some information. Okay. I'm not gonna have phone sex with you. I do not do the only type of sessions I do. And this is something if you are researching for a mistress, there's some that do email. There's some that do phone sessions. There's some that do postal training. I only do live. If I can't have your body in front of me. I don't want you. Okay. I'm not gonna talk about it on the phone show up in front of me. And let me play you become my playground. And that's the way it is.

55:21

55:31

And just she got a cool swing. She's come on those hydraulic winch hydraulic winches is it what is it electrically?

55:38

It's an electric hoist, whatever I can pick up to 800 pounds. Wow,

55:43

she's got more legal liquid. Now. I've got

55:46

real medical tables, OB GYN tables. I've got a 1935 antique dental chair that completely refurbished hydraulic. I've got bondage tables, St. Andrews, crosses stocks, cages. I can do overnight stays. Banking, bench, spanking benches.

56:07

What's that thing? What do you call that weird table that's got like the whole cut out. That's

56:12

the cost of CBT CBT table, but it's a hanging medical table. But I can hang weights.

56:18

What's the most common thing you get requests for BT CBT

56:22

cock and ball torture? And I mean, when you say CBT

56:27

it's not computer based training.

56:32

doesn't do that

56:34

My boss one time came in. He was really mad at two of the, my, one of the places I went he was really mad at two employees. And he said, You need to schedule these boys for some CBT I just looked at him and I said, Okay, I'm getting excited. Because I was out, you know, and I was like, I'm getting really excited. And I'm just kind of like, I like what did you say? And it goes, scheduled the boys for CBT. And I said, okay, sir, this isn't in my job description. And he's like, just call this company and get him set up for some computer based training and I go, Oh, was called computer based training. It's always been I got my hopes

57:12

up. But CBT can be done in very different manners. It can be very central or it can be real hard.

57:22

Well, I'm that's one thing that my boy Dwayne loves the CBT cup. Somebody Gary, where do you sign up? What did you want to sign up?

57:30

He wants to know how to get in touch with you or something he wants to

57:35

go to Mistress precious.com

57:38

And if you don't have that, you can always call me 10am to 10pm Do not ring my phone right now. Gary. You that CBT you wouldn't have it. But you can always call me my phone number

57:53

is in your website's Mr. precious.com Mine is fig leaf services.com. And the difference between your pro in that you play people I'm my what I do professionally is I do teach the classes and I do more educational

58:07

right? Should I give out my phone number? Sure if you'd like okay. It's 712 822 2006 10am to

right? Should I give out my phone number? Sure if you like okay, it's 715-025-5900. I would do 10pm You can call me I only scheduled sessions at least 24 hours in advance. My I don't start before noon. And I like I said I don't take late appointments. The majority of my sessions start out if you're if you're new is for an hour. Okay, now I will do extended sessions. hour to hour up to eight hours but I don't do like just a half hour session. I will do an hour and a half but I don't do just a half hour session. Okay,

58:46

now what do you what? What do these guys that are sitting here, Jack and Jules Jack Jack and Jack

58:54

and Jill Zanna.

58:57

Jack and Jules want what what do they give you that your clients don't know? What makes them different than your client? Other than they actually get the sex?

59:13

Yeah, that they do. Yes, I do have sex with them. Okay. But yeah, that's what you always told yours. You can't have sex with a mistress. No, they are my significant others. Both them are my family. And I love them both very much. I mean, we met Jules last year at the Texas latex party. I looked across the room. Jack and I had been together for some time and not very long, but for some time, I looked across the room and I went I looked at her pointed at her and did the finger. And she's been here ever since. So she moved down here from the north and relocated and wow. And it's been wonderful. So yeah, No this is my family I mean this is I found my family my nucleus and so they they provide a lot for me. I mean, Jack takes care of me 24/7 At home Jules takes care of me even at work I mean she helps me out at work and during the day Jules does not live with me but Jack does.

1:00:21

I think that's one of the commonalities. Within with between if you want to say between Dom's and between lifestyle, that's what makes it to me the lifestyle of it is that it's the people that are there and the downtime. I know that the people that are there for me when I need them to be at my house boy who, you know, right comes in claims to be Terry, who's one of my dear subs in California who just does wonderful things and takes care of me when I need them to to Dwayne to who's here you know, in the flesh and you need all these people and the IDS Jimmy he's in the flesh see that? Baby Jimmy just wouldn't be the same if you didn't. If you want

1:01:05

you can fall asleep if you want to

1:01:08

be there, he's about ready to go. Yeah. But but all those things I think that it's so important to have that you've got to have that

1:01:17

well, they balance me they balanced for me they you know, it could be a very lonely world if I just sessioned all day and then went home to an empty house and trust me that's that's happened. But in true AI, people always ask me one of the major things is whether or not could I ever date go to a vanilla relationship? Well, not many men would be very appreciative of what I do for a living so the answer to that would be no I probably no no, no, I will always date a submissive and yeah, because I don't Well that's where you are. Yeah. Yeah.

1:01:59

Sure, you can put out Yeah, you got somebody you want. Is it caller on hold?

1:02:02

Yeah, but I answered that out there so he's, oh, oh, yeah.

1:02:06

Okay, so somebody's asking here how much he was like by the hour by the session right? No, I charge by the hour and my tribute is 250 an hour is cash only. But

1:02:20

then somebody else wants to know how they how they dumb somebody they won't

1:02:25

have to call me they will they I mean if they want to Dom Jules, they need to call Jules to schedule something. Okay herself, but it has to make goes through me. I mean, it has to pass for me if somebody wants to schedule a session with Jules have no problem. She also has a website URL [www.subtools.com](http://www.subtools.com).

1:02:46

Sub jewels calm. How

1:02:50

do you spell the jewels? je w ELLs

1:02:52

and precious jewels? Yes, yeah, precious jewels. But you can always you know, call her work, arrange. If you want to Dom her arranged around her schedule. She then of course, can't you know we work with her. But she's always had somebody there to protect her. And if anybody crosses that line with her because she is in a submissive state of mind. She also provides absolutely no sexual anything. Okay. And I dare you know,

1:03:28

there's always somebody out there out there.

1:03:31

Somebody ya know, nobody passes that law. I

1:03:33

think he's trying to figure out how to put the collar that's on hold on the air.

1:03:37

We can't because we have this we have this dual phone system. And if it's answered in the lobby, then it's it automatically goes to that system right? It's the only the phones and here if

1:03:51

somebody does want to call they can call 7135265738526 KPFT or jam KPFT Are you go but um and we'll be happy to take your calls it's who knows it's a slow night you never know. You never know some nights it rings some nights it doesn't and I had actually I had thank you because she she's Mr. Pressures is filling in pinch hit I had scheduled and planned to do have some people come tonight from the Counseling Center to talk about coming out is kinky. Yes. And that didn't work out. They had canceled last minute on me and so I was like calling my dear friend.

1:04:34

Well, no, I knew that she had cheered asked me for quite some time and she knew that I was having a club FEM party tonight and or hosting one. And so I was going to be at the dungeon anyway. My dungeon is also located over here in Montrose. So I decided all right. She's gonna help me.

1:04:55

I can't think of anybody better to this is that hey, this is my fantasy woman here?

1:05:02

I have this thing for blondes. I just don't know what it is. Yeah, no, no, Jules is Jules is a close second, but especially when you're in that little schoolgirl outfit that

1:05:12

she looks adorable on that.

1:05:13

I'll never forget the first time I saw her now with the little songs on and Bennett. Anyway, embarrassing.

1:05:19

She shared bows in her hair.

1:05:22

Yeah, but she didn't have much hair, other places either. That's what everybody needs to do.

1:05:35

I think somebody's trying to type in that we have a call on line two. Should we just put them on? Or? Let's see. What's the talked about?

1:05:44

Yeah, sometimes our callers don't want to go on the air.

1:05:47

Yeah, the one that I was talking to does not know. Okay. Yeah, y'all answered all of his questions, and he didn't have any else. Okay, Murphy has one. Gerald, Chris answered this phone. And I believe Gerald is wanting to be on that. Well, should we just hit Find two? Well, he's still talking to him in there. So

1:06:05

he has to put them on hold. Yeah.

1:06:12

Technology is not my friend. I've had a horrible time with it. This past week. Somebody's waving his finger at me. Honey, it takes more than a finger to make me come. You can just wave all you want, but it's gonna take more than a finger. Right. Well is that on hold now? What are we doing? Somebody's waving at me and somebody else's. I got four people talking.

1:06:43

Okay. Let's turn the tape over.

1:06:47

Okay. Well, that's a good idea. That's

1:06:48

a good idea. It just stopped. Well, it's green

1:06:52

and says hold so

1:06:53

it says green and says hold. Did I pick up line two yet? Yes, I pick up line. No, no, I don't. Hello?

1:07:02

Is there? Yes. Okay. I got a question.

1:07:07

Hi, Gerald. How are you doing? Just fine. How are you? Well,

1:07:11

I don't know if you're ready for this. This this is gonna sound crazy, but I'm gonna go with it. All right, go for it. I'm driving down the home. I'm running down from East Texas where I live in Austin and I'll turn his radio program on and I'm blown away. But let me tell you where I'm at. I'm straight. I'm pretty sure I'm straight laced. I went through a divorce 10 years ago. My my ex wife. We had the most defend both fantastic sex imaginable. I mean this without, without exaggeration. In my wildest fantasy, I could never talk what she could do. If that makes any sense. Never, never, never couldn't up.

1:07:56

Okay, what's your what's your what's your question though the Jarrell? Here's the

1:07:59

question. The question is, she was so beautiful. She has a place of Elizabeth Taylor. And the body beyond Jane Mansfield. You know what I mean? And I can't get into any woman at all. Nothing works. I mean, it just don't work. There was such a connection and I'm wondering if anything like this to some way set me free? In other words, is there any some any duty out there that that about have power over making you have power over me sexually, I mean, she was like on stop and that kind of stuff.

1:08:30

So she sexually dominated you. You're not able to be attracted to anybody else because no one else can take that sexual power you.

1:08:39

That may be it but it may just be so damn beautiful in the body. I mean, I mean, she had breasts like you would never even imagine that that can

1:08:47

be I know that. A lot of people are very dominant in everyday life, but sexually they're very submissive and they need to be controlled sexually. And for some people, it's a visual of how a

submissive and they need to be controlled sexually, and for some people, it's a visual of how a person looks but for other people it's strictly it all boils down to that carnal animalistic I'm going to take it when I want it and I don't care if you're ready to give it up. And they need that feeling of surrender to you and or you need that feeling of surrender and that's perfectly normal. That's the thing you need to realize is that that's an okay thing to feel but and you need to look for women who exude that in their everyday life women who are take charge you know, gonna do it type of people, not just necessarily s&m s&m is great, and you may find it in the in the scene. You're more apt to find more dominant women because women, society doesn't let women get away with being dominant too much. It's getting better but we're still socialized to be pretty, you know? You're getting rid Really staticky? Barely.

1:10:04

I was dominant in everyday life and was only insect when she was dominant, right? And what I'm trying to figure out is, is that the issue I can't get into anybody or the or is it her body?

1:10:17

No, it could just be that you are just now maybe starting to realize that you have, I can't hear Gerald, I'm sorry, it may be Gerald that you're just now coming to the realization that you need to sexually submit to another person in order to be attracted to them. And then that's okay. It's okay to be dominant in everything you do, if that's what you're comfortable doing, but it's also okay to have that opposite side of you. And that one facet of you that needs to submit. I mean, just because I'm dominant in 90% of what I do, doesn't mean I have don't have a soft, sensitive mushy, sappy side that cries and movies, you know, it's, it's okay. The thing is, is when you, you may, in looking for other people to be with, it tends to be I'm assuming, since you're divorced, you can't go back to your ex, why? The, it's, it's one of those things that you might want to start looking at it more of the dominant women that are out there, because there's a lot of dominant women out there who can't find guys who will surrender and submit to them. Do you want any comments on that precious?

1:11:26

Thank you. I think that's correct. I mean, he just, I truly think that he needs to, I don't think it's just the looks, I think he's putting too much emphasis on the looks, I think you truly need somebody to dominate you and, and it makes you feel safe, whether it be in bed or or just in real life.

1:11:45

Well, that's a good point. And that's you feel safe. I think when you're in a position where you have somebody that's totally taking control of your sexuality, you feel safe. And feeling safe is such an important thing for a lot of people. I know that, you know, some of the best submissive lovers that I've ever had in my life, are the ones that are probably the most powerful, dominant people in everyday life. But there's that one part of them that, you know, whether it be when

I'm on top, and I, you know, I've got them by the balls or, or by the clutter, or whatever else, they are just, they're putty in my hand. And knowing that I have that, and that there that party for me, is what,

1:12:30

perhaps me? Perhaps he should go to a party. And check it out.

1:12:36

Party sometimes are good. I think one on one sometimes is a good way. I mean, I don't know what do you think Jack?

1:12:43

Yeah, I don't necessarily think going to a party is unless you're very receptive. Because you're going to see things at a party that, you know, may not make you feel too comfortable. And then you're gonna forget why you're at the party, but

1:12:58

something that wow, this is really where I want to go.

1:13:03

Absolutely. And he might he might meet that person, or at least the The Conjuring of that person that he had before. And but it may, he may not be able to necessarily duplicate that body. So he's kind of get away from

1:13:21

you're gonna see all different shapes and sizes in the kinky community, though. That's good. Yeah. Do you? Yeah, I'm looking at it snowing here, because I want him to say something because I, we've discussed this some more time. What what do you how do you feel on what the caller just said? Well,

1:13:43

I went through about the same thing. And it was kind of like, I had to find my way back home. And I wasn't satisfied in any other sexual type situations. I am a very dominant person in life. Everything I do, I'm pretty much in control of everything. But that side of me needs to surrender. And that is, I was never satisfied in any other type situation. So

1:14:11

like you went, you got you told me that, you know, you got to the point where it's just sexist didn't have any interest to you because it was you were expected to be dominant. You don't have to do that with me. You know, that's just but I do think there's a lot of people who don't I think there's a lot of men specifically who like the feeling of having it taken from

1:14:36

that's exactly what I deal with because all of my slaves that come to see me even professionally. These are people who run multimillion dollar corporations every day. These people make decisions life and death decisions every day. They want to at some point in time, they need a break and it's Very difficult to go home to your significant other and say, Honey, I want to wear your panties, or Hi, you know, I, you know, take me take me Yeah, like a little slug that I am. But they, they need to be able to give up that power. And I say give it up for the hour give up the power for the hour. And this way they can come they know that they're in a safe, sane and consensual situation. Very discreet here again, and feel it's okay to want to crossdress or, or to be dominated, but you can't go home and talk to your wife or sometimes or your significant other, because they're gonna look at you and go get out of my face, you know. So this is a very protected place for them to come. It's it's,

1:15:51

it's like it very many people it's it's actually

1:15:57

safe haven.

1:15:58

Well, it's a mental health, therapeutic.

1:16:02

Literally it you literally go on a vacation. Yeah, and you come to see me it is a mini vacation. And you know, what's interesting about it, is when I'm sitting there watching someone go into subspace, and they're just relaxing. It's kind of like the same effect that when somebody is getting a massage, you know, how you just like want to float around the room? Absolutely. This is some people, they, it takes pain for them to get to feel that adrenaline. I've told people that are a bit

1:16:22

1:16:33

some people it's just humiliation or some people

1:16:37

that I mean, what's interesting is you can come and have a you can do a session with me and you're spent when you're done I will tell you that okay, you are exhausted because it is a mental trip for you. Physically and mentally. And it's it's a lot of a lot of mental play. And I think people enjoy that. I mean, they come out of there and they're relaxed and they're just like

1:17:02

for those of us who live it in as much as we can I mean I don't do anything 24/7 I don't eat 24 hours a day and I don't sleep 24 hours that whole terminology 24/7 But yeah, there's you have to be able to take those breaks and stuff sometimes when it's just like okay, come on, we're just going to the dungeon and I'm just gonna you know, torture the crap out of you because I need that really dominant I need the relief of being able to play I haven't got to play this month at all because of life intervening and it's been very stressful for me I've had been very frustrated I haven't had the stress relief that I need because that's the critical critical of my stress relief and and in its centers you it's very zen it's a very spiritual thing. It lets me focus let me get it get all the crap out of my system and lets me focus and when I don't have that I don't feel right I fell off off center half a bubble off you know, my sure but it's the same way for submissives as well sometimes they just when you're constantly constantly going and you have no time to just give it up. Eventually you get to that point where you just don't feel like you can keep going and it's just like you're just doesn't want to go you just you lose total interest and I meet a lot of people who have just totally have no libido whatsoever and it's because every day they just don't have the interest because the only way they have opportunity to it is the way they don't want which is either as the aggressor or the dominant person you know or if it's some of the women that says the submissive passive and they don't you know that gets boring you know if that's all you have it one way and we don't eat pizza every night. You know we like variety is the spice of life or you know, I like it hot and spicy he has his bottle of hot sauce I just saw tonight I'm stoked to get two bottles of hot sauce one it says pleasure in pain and it's got a woman crap on her whip on it. The other

1:19:05

one says 100% pain

1:19:11

I gotta have one of those from

1:19:15

me and whatnot but but I think the key thing that understanding the pro DOM facet is that it ~~does have a place in this community and it has a place that it's not appreciated as it is there~~

does have a place in this community and it bothers me that it's not as accepted as it is there are some who aren't I don't think worthy of the respect I think that you have to really look and see who you're dealing with and in screen who you're going to be with and in the there's very few that I will put my name to and say I will vouch for this person and in precious is one of the few that I will

1:19:50

I really like the idea of the organization's Yeah. One last time I'd like to see licensing come in.
