 Chris Harrison 00:02

Alright, let's see what in the hell did I play that was driving blind we started off with love dies laughing and then a couple of old standards I guess we'll have to start calling them now. Super Eight come shot. Everyone loves a muscle boy and that last one was temptress queen for a day. Okay, let's just bring him all the little mics here. We're gonna

 00:27

alrighty i just found an interesting story that is sadly related to the gay community. Customer allegedly cooks meth in Kmart bathroom.

 Chris Harrison 00:37

Martha Stewart is not implicated in the story.

 00:41

The White Collection

 Chris Harrison 00:43

Kay was he smoking meth or cooking,

 00:45

Cooking Cooking. Here we go. A man who created suspicion by collecting items from various department of Kmart and taking them into the restroom just before closing time Wednesday

was arrested after police said they found him operating methamphetamine lab in the bathroom. According to Kingston police store security began watching Eddie Young 34. When he came back into the store after making a purchase after seeing a young set of Coleman lanterns from the sporting goods and various other counter drugs in the pharmacy area. They said he took items into the store's restroom, finding a powder that tested positive for methamphetamine in the bathroom. Yun was arrested for possession of item to manufacture methamphetamines and possession of a controlled substance. Well, I'm gonna

C

Chris Harrison 01:27

give him an E for ingenuity and then I'm gonna give him an F for like stupidity. I want to give him an A for honesty because apparently he actually bought the items rather than just lifting them and going into the bathroom. Whoa,

o

01:41

wait, y'all check this one out. Substitute allegedly smokes out high school class. A substitute teacher is facing several charges after he was arrested on Wednesday for smoking marijuana with students at Fresno High School. Greg Sanders from the Fresno Police Department says 22-year-old Christopher Bachchan smoked marijuana with at least 10 of his students in a high school classroom. What he did was he sent to students apparently to his personal vehicle to retrieve his marijuana and the smoking pipe said Sanders when the two students turned Mr. Bachchan approximately tends to smoke marijuana in class. Bachchan was arrested at Fresno High. He's facing felony charges. This sounds like something I would do.

C

Chris Harrison 02:26

Teachers were smoking pot with me in high school, I probably wouldn't have dropped out this kind of relationship and don't drug use. But if you're going to do it, it should be in a classroom.

o

02:37

I got drunk with my friend, teacher. Okay, we're sitting there at a bar in France. I'm drinking a beer and she's doing tequila shots right next to me. That way, same day, she went topless on the topless Beach. I'm going how many people this has happened to

o

02:49

me. Here's the ones not surprising at all. I'm not ashamed to say this, but I've smoked with professors in college, but my own professors, nobody smoked. It's the center of higher learning and they smoke out with the students getting higher.

o

03:07

Like High School. Okay,

 Chris Harrison 03:09

high school, I got drunk with my chemistry teacher. The time the one was movie day, the one I can't understand is the substitute teacher was 22. And he was teaching high school substitute teacher in high school.

 03:24

Yeah, it was probably hot.

 Chris Harrison 03:25

That's what I'm thinking. Click on the link, we'll see that he's got a picture. See he's got his picture because I need to cruise that. I'm gonna go back to high school with more of my teachers for 22

 03:38

I have this world history teacher. Oh, man, I would bend him over his desk so fast. Used to be a male dancer. Are you listening? Chippendales? Oh, no, no, he's not hot. Sorry.

 Chris Harrison 03:52

He's got he's got a thuggish look to him. Does he have a thuggish? Look, he's worried up, Stacy. Hold on. I'm gonna come in here and look

 04:00

to the picture. So did we have this picture? He's kind of cute. He's got

 04:08

kind of a random rate of one to 10 for us.

 Chris Harrison 04:12

One to 10 on. He'll be saying after he's on parole. Well, you know, I mean, we can't use those sorts of one. One man's meat is another man's boys. And so this is a prison uniform. You know? I know he's, he's way hotter now than I know he's incarcerated. For soon to be. You can be a

sponsor. Yeah. Unfortunately, there's a step past 12 that we'd probably get to first

04:47

Whoa. six year old rapists quietly moved to new school. Anchorage School District officials say parents can be assured their children are safe. They say the boy who raped another point on school grounds. He has been removed from the school where it happened. wait six years old? Yeah. And he raped another boy six years old and he raped another boy again. Sounds like me getting raped there

c Chris Harrison 05:14

that can what? Well, it's the legal term of you. Well, you know, they actually probably have to register his that child as a sex offender everywhere they go. Yeah. Oh, terrible for real, like the rest of his life

05:27

is only six years old. He's curious about the human needs. He's gonna want to go up to people and see what they look like. And that's the weird thing,

c Chris Harrison 05:33

though, is like if the GED teacher minutes in school, but even as a child, if you become a sex offender, like they're registered for the rest of their life, it does not

05:42

know that. He's only six years old. He doesn't know any better.

c Chris Harrison 05:45

But they're not. They're not telling you what school is going to. Well, this morning, how Catholic have this screwed up? Thing is, is it did anybody look into where he learned that? I mean, that's exactly.

05:54

Sorry, but like it does. It really come on? It doesn't matter where someone learns it, the fact that they did it, and it needs to be stopped and to be dealt with. Like, you can't say, oh, it

Chris Harrison 06:07

can but you can't look at a six year old child and tell and not blame someone else besides him. He got it somewhere. And you have to find the root if you're going to get to the end of the problem. Hold on. My brother when he was

06:21

the hot one that we met last week. Yeah.

Chris Harrison 06:24

Man, the other one that we're gonna get a good story about the hot when, when my other brother was five years old. He was caught naked with the neighbor's daughter. Oh, both of them were naked in the garage. She was standing he was kneeling? And, you know, at five years old, they can be curious. Totally. And you know, but the word that they're using rape is out sounds like he forced this child into exactly. And technically, technically, it is right? Because rape is non consensual sexual activity. All the boys and girls I played with when I was a child, it was consensual. Yeah. But the fact is legally, under the law, you cannot at that age, I mean, what does that say? They just say

07:16

not even legal by consent until you're 17 in the state of Texas. And so what are they going to say for about a six year old child who doesn't know any better, you can just label him a registered sex offender because he's six years old. And

Chris Harrison 07:28

it's not really even saying that he's being charged with anything. Well, that's good. He shouldn't be I think, I think well, technically, because, you know, if you have a 15 year old and a 15 year old, even though a 15 year old is not allowed to have sex, because of the same age, it's actually it's actually legal, right? Unless I can find some reason to get you. What I think happened with here is you know, it was basically a wash you know, six year old six year old because the only thing you're talking about is civil lawsuit. So it may come down to a wash like that. Yeah, there wasn't really that much.

08:03

A man ended up in a man reportedly cuts off its own penis. Oh my god. A man ended i We're not talking about fellatio in Southern Philippines on Monday after severing and then eating his own penis hospital officials said arnesto el montay 40 was in stable condition at the zum zum belongia city some

Chris Harrison 08:55

I said thank God had some other stories probably went to

08:57

the National Institute. I would

Chris Harrison 08:58

love to know what was going through that guy's mind as he did. I mean, like what can

c Chris Harrison 09:22

They could confirm a report the buzzer Act was triggered by an erectile dysfunction problem. Ah, you know Bob Dole got away without doing that makes you hungry for it?

09:34

Yeah, well, Bob dough ran around with a pen in his hand to make people think that it still functioned.

c Chris Harrison 09:40

Well, Elizabeth didn't have much of a smile on her face.

09:44

Lizzie dole.

c Chris Harrison 10:04

we're talking about the gay kingdom that we debunk there. I'm trying to find here so I didn't want that one news stories have been coming up here.

10:13

Why do we need a kingdom? I'm already ahead of the game on

Chris Harrison 10:17

Yeah, well break the legs on your on your coffee table. gay man's attack three indicted on gay men are some good stuff here. Oh, come on, give us the Happy New I don't know peanut is pretty good.

10:32

Is there any happy news

10:34

the gay bashing reggae people were stopped the why let's good. The reggae singers, Elephant Man and one other one who? Who like talked about killing gay people and encourage killing gay people in their music. They're like, their concerts have been canceled and stuff. And I think they've even lost some reggae some record contracts or something. I don't remember the full details of it. But it's, I'm happy because, you know, reggae is supposed to be kind of like, happy go lucky.

11:06

So do you guys actually think that love hate messages in the media actually affect the youth of America and to doing stuff? Yes, somewhere.

Chris Harrison 11:15

I'm kind of like,

11:16

you know, if you're I don't think like Marilyn Manson causes people to go on school shootings. Because anyone who's gonna go on a school shooting is going to seek out that kind of thing. But like, I think if a kid grows up, you know, hearing and seeing all over the media, you know, beat up gay people, gay people are bad. And that's just programmed into them. You know, it's just like, you grow up hearing, seeing and thinking about straight people. And that's why people have such problems coming to terms with their sexuality. It's just what you see. It's why people think they need to be thin, because it's what the media portrays. And

11:49

it's really all about I think stereotypes because, you know, people raised in I'm sorry,

c Chris Harrison 11:55

the laughter hearing in the back seats. He's talking about, you know, people are going to be thin and I just look like, Okay, I know, we've been trying to keep Chris from throwing up for weeks now. I could suffer from bulimia, but you know, my fingers just are not long enough to gag me. Is anything.

12:14

Story, funny story, okay. My debate teacher had to go get a colonoscopy. And he was telling us about it. And what was going to happen up a dry erase marker, which is all of like this big around, and about this long. And it's like, so basically, they'll stick something this big up inside me. And that's just violating, and I stopped him and it was like, my boyfriend would laugh at you. If he knew that's all you were worried about. I didn't think for a minute he goes, Are you bragging? Like Yes. Like all 30 other kids in the class are going oh my god, why are they just like, shut up?

c Chris Harrison 12:54

Well, first of all, he needs to attach a couple more of those dry erase markers. They're together because actually, I had the halfway procedure done of a colonoscopy, the flex egg. And I was doped up for that. Yes, I may be a gay bottom, but you know, honey, bring on the drugs. And, you know, trust me, you can tell your teacher he isn't gonna feel a thing because muscle relaxers work on the field.

13:24

He already had them and right there in front of the class. He goes you know what, Travis it really wasn't that bad. It wasn't. And when he kind of starts and walks up and starts, you know, looking at me

c Chris Harrison 13:34

I didn't realize until I was looking at the monetary goes, Hey, that's not the ceiling anymore. That was a fun experience with three women in the room. First I don't even know Alex I was doped up facing the other wall. All I gotta say is you know, at least I didn't have to pay a copay so hey, it was free.

13:56

...

You usually have to pay for it right?

 Chris Harrison 13:59

Still paying for it. Oh, then oh, let's see in gay history this past week here. John Wayne Gacy was sentenced to death. This

 14:13

Not this week or anything may

 Chris Harrison 14:15

12 19 ad. And Jeffrey Dahmer was in the news he got a one an arrest and it's time in his life his birthday. Minnelli

 14:29

I'm supposed to I'm supposed to wish Kara whack somebody. Kara. Whack Happy Birthday,

 Chris Harrison 14:35

Carol. Whack.

 14:35

I guess I'm supposed to know who he is because I'm gay or something.

 Chris Harrison 14:40

What was that yesterday or today?

 14:43

I don't know. Was it yesterday or is it today? It's today

 Chris Harrison 14:46

God. On Sunday. It's Charles birthday today. Wow, is she 110 yet? 1940 coochie The last bit will never be the same Billy

∅ 15:01  
Corgan.

c Chris Harrison 15:04  
Hello. Dale Hirsch's birthday.

∅ 15:07  
Who is that?

∅ 15:09  
I had no idea what that is.

c Chris Harrison 15:11  
It was in the movie dangerous lives of altar boys.

∅ 15:14  
That was a good movie.

c Chris Harrison 15:16  
Okay, so did anybody else see testosterone?

∅ 15:19  
No, I haven't seen that one yet. Don't bother.

c Chris Harrison 15:23  
Why? That was like absolutely the worst movie I've ever seen. Go see robots. I heard this. I heard this wonderful description. You just You just heard what you heard was Antonio Banderas, Jr. Jr. I'm sorry. One of those global like, either I fell asleep for the nude scene or something because it just wasn't there. Well, we made out with a couple of guys, but it wasn't even that hot. Hey, we can't not every actor can have the nude scene that you had on cam. Well, he was supposed to be like fully nude in the interview that I heard on queer voices from

one of the guys that was like producer director of the movie or something. Like they were all talking about. Oh, Antonio's naked and whatever. It was such a bad movie. I was very, very disappointed. All right, all right. I saw Friday, it was good. If you want to see a movie to see naked actors, buy porn content, go to a regular movie. But I mean, I listened to the interview with the director and he was like, did the description of the movie sounded like it was going to be good. I mean, like, I'm, I have a little more depth than looking at Antonio naked. I mean,

16:35

no, porn is getting fun. But if someone said, Matt Damon is going to be in this movie naked. I would go see it just for that. Okay.

Chris Harrison 16:42

No, I mean, I did buy the Brad Pitt play girl.

16:47

I saw robots Friday. That was really really good. It's hilarious.

Chris Harrison 16:51

Are there any gay characters?

16:53

You know, I heard that it was actually a mostly kid oriented movie, but there's a lot of things adults can really relate to in that movie. Can you explain some

16:59

they all are like all the pretty much. Go back and watch things you used to watch as a kid like Looney Tunes. There's a lot of adult jokes in that. There's a lot.

Chris Harrison 17:09

They're starting to. They're starting to do more of that Toy Story. Shrek was,

17:13

I think more adult oriented than it was kid oriented. But that was a really great movie. The Incredibles is really good. My boyfriend wants to work for Pixar and do the movies. And so

we've seen them all.

17:24

Now it'd be so fun to wear and Pixar what a great company to work like it was really funny. Like,

17:28

there was this one scene where they just run past the bathrooms and you have to be paying attention to catch it. Because like on the bathroom doors instead of assigned for men and women, the man there was a sign for an electrical plug and electrical outlet.

Chris Harrison 17:43

Okay, hold on. Hey, let's, let's combine segments. Let's have a nice little segue here. This is the sexual content of robots. A few oblique double entendres will go will likely go over the head of the youngest viewers. Having a baby involves buying a kitten kitten of bots. Box misters copper bottom says making the baby is the fun part. Religiously your groaning and grimacing as she goes into quote labor and the camera pans down to show her pulling Rodney out of the box. Upon completing broadening she and herb noticed the leftover part on the floor. Examining herb says Oh, we did want a boy right. Then they attach the missing part to baby Rodney with a mallet. In a scene reminiscent of a bris where a baby boy circumcised. Big well said he wants to find a baby with a big keister. at the push of a button his limo converts into a boudoir complete with Barry White music, a disco ball and rotating bed. Some of the female bots, especially particularly the upgrades are quite musty. A robot's pants fall down and a female bot faints at the sight. Ronnie asked fender when was the last time you got oiled? Apparently misunderstanding the question fender replies and an embarrassed voice. I can't answer that around my kid sister. When Rodney asks a group of robots who wants to get fixed a robot dog cringes and covers his privates. There are two instances of cross dressing Rodney grows up by getting hand me down apart from his older cousins. And for his high school yearbook. He is stuck wearing a pink female torso complete with breasts. He looks quite embarrassed. So it's kind of like a trainee. Fender who is always losing parts accidentally winds up with female legs and a skirt. He plays it for all it's worth vamping up all of Britney Spears at one point

19:30

the Westboro Baptist Church is gonna go nuts because there's transgender content, crude

Chris Harrison 19:35

or profane language that the down now bouts beg on the street corner wearing a sign that says gotten screwed. euphemisms a slang such as heck, booty, but weapon and artsy fartsy are you who still not artsy fartsy The conclusion is brought to you by the same crew that made ice age robots builds a fuse, building a few sliding windows and occasional potty humor. And the

climactic battle is dizzying. intends, but it's set in a visually visually stunning, richly imaginative world where the virtues of loyalty courage and perseverance, get strong play the good guys are good here and the bad guys are bad it contains bucketfuls of positive messages and accepting people despite their differences, helping the downtrodden standing up to bullies and doing the right thing despite the inconvenience and even danger

20:21

this whole movie was worth it just for the subway scene. Now know

Chris Harrison 20:27

what I just read to you is courtesy of a website called plugged in online which is a service of Focus on the Family nice thought Okay Oh you gotta use enough fingers there for all right well your fingers for what? He's trying to tell me what song to put up there next. For the next so because we are getting dangerously close to the end of this stick a fork in us we are done. No, no.
