It was made of native English yew trees and the act of drawing the long beloved long bow was known as plucking the you know does yeah okay, much to the bewilderment of the French the English one, which was they weren't expecting this major upset and began mocking the French by waving their middle fingers as the defeated French after defeated French saying, See, we can still pluck you pluck you over the years. Some folk Atomy ologists have grown up around this symbolic gesture since plucky was rather difficult to say like pleasant mother pleasant pucker, which you know who is which is bad to go for arrows. The difficult consulate cluster at the beginning has gradually changed to a lab Prudential fricative F

03:44

miss gingersnap if you're listening she's ready

P

Peter 03:53

Miss Lexi said that heaven Liberty Oh my I think I think yes I think we should once again for those people who are just now crawling out of the bars and into their cars. I mean, there couldn't be by listening to because the bars I've never seen him so jammed up my car rocked down see when the parade was over and you could not move or get to a John in any bar within wow how bad it was just

04:24

chances the in between the barn Mary's is jam packed with people the

P Peter 04:29

mind was Yeah, I mean you couldn't even get in the doors everybody's gotta be out even

04:34

everybody started coming down about six 630 parking

J Jimmy Carper 04:39

yeah no kill Yeah,

04:41

let me mind you. I was up in full drag at five o'clock this afternoon. Yeah, that you showed chances chances we should cover that

J Jimmy Carper 04:51

mirror. I didn't know how out you know. It's like you know they did this this show. Oh, and it's like, hey, people that we have to get to, you know, like, in the parade and then they start at like 630 Like, those streets were cut now they start this show at 630.

05:12

Yeah, I think but the streets

P Peter 05:14

have closed down too. So I mean, whenever you get to where you gotta go, you still gotta walk.

J Jimmy Carper 05:19

Yeah. The hell did you get from chances to?

05:23

Let me tell you how many I was like getting to my float. I'll bet you were. I had parked just a block away from the bar.

Peter 05:30

I thought about Marshall.

05:34

And I got out drag as quick as possible. And me and my roommate James who happens to be a pledge for the calls also inflation flesh eater, one of our cult members or Julian glass better known as

J Jimmy Carper 05:47

better known as

05:53

my car we haul it down West Alabama, to to hazard Yes. Where we're at. And I can't park anywhere. Well, I park. Well, actually, I parked over St. Stephen's. Oh, so I had to walk two blocks. Thing blue but Felicia is like are you gonna park me any further? I'm like, girl really?

Peter 06:15

Do you know what I'm thinking ended up down here and your cars clear still clear back on now. I

06:19

went and got my car finally.

Peter 06:20

Do you know that was run them down? That's miles tonight you put on this little pit Biesecker ran it?

J Jimmy Carper 06:27

.....

You know that at eight o'clock this evening when we're supposed to be lining up. I was having dinner at at two piece. Nobody was there. It was great. It was fantastic. Right? And that was just a block away from where we were lining up. You know,

P Peter 06:48

it was funny because a lot of people that were down the line aways and they're numb I mean like high numbers like you had Yeah, when you first rounded that corner. The first on the on the south side of the street. Are you talking about Westheimer Yeah, okay, first round of the corner on the south side. The north side was like just a lot of people and kids and family yeah, but the south side of the street was like all kinds of people from other floats. Yeah, they decided they would go there and watch the beginning of the whole thing and then just like catch theirs right?

J Jimmy Carper 07:17

And then jump on the flow as yeah but

P Peter 07:19

um, but I mean maybe they did that I don't know but they would sure they're watching every so they could see it because otherwise if you were two blocks down and three blocks over you wouldn't have a clue what was going on the first hour and a half of your brain hell out of people time to walk up and down like if you got there early and got in place like you're supposed to you get like kind of walk up and down a few blocks back and forth and stuff and see friends nearby.

J Jimmy Carper 07:44

Yeah, I didn't get a chance to do there.

07:45

I was too busy running. I ran I got halfway down hazard and realize I heard the right starting and start moving. Oh crap. Me and my roommate Jane our pledge we hold it. We hold it all the way around the corner and they had already turned the corner. And they're like, maybe about three four feet in front of the school. They're almost at Woodhead my time I caught up. jumped up by the horse care like I moved over girl here I am. In Port Felicia, I love her to death but she wanted to stop and talk to everybody on the plane. Make Girl We have somewhere to go. Like I don't have time I left her behind. I love her. I hope she found she got where she need to go beyond just what's been the cause for that. Do you see her? No that she ended up at the bar so

P Peter 08:42

everybody well, yeah, well no, I made a real quick little pit stop on the way. Mind that was like I know there was 10,000 people out there. I

KNOW THERE WAS 10,000 PEOPLE OUT THERE. I

J

Jimmy Carper 08:55

mean, I gotten to the

P

Peter 08:57

dye for dropped in Hunka gorgeous man that you never see out. Oh, I know what their husbands

o

09:06

come out for the Pride Parade. I never see any of these. And I don't know I'm out. Yes,

P

Peter 09:13

you are you sir

o

09:20

Well, yeah, crystals out tonight. She's the pucker girl. Pucker girl.

o

09:26

What is this?

o

09:28

Yeah, the snap pucker. Like Apple Pucker. Oh, okay. Well, the manufacturer or whoever makes I don't know what it's a representative from the community to go out. A girl preferably a drag queen and sell pucker like Selpak or T shirts are given out or something now certainly they do this every now and then like these manufacturers. You come out with their new new stuff. And they're paying them 300 bucks. Whoa. And we're like I Yeah. And they gave me a costume and everything and T shirts and whatnot. All you had to do but the catch was you had to do it during the parade. After the break during the parade, yeah. And seeing crystal wasn't gonna do it. So he first he asked to call first. They contacted her and I haven't row because she's the beautiful one, right? She Barbie. So but you know when they?

J

Jimmy Carper 10:25

Yeah, she's Empress.

10:27

But well, they didn't know. We didn't know until later that it was actually the night of the parade. Oh, okay. And then we thought, oh, it'd be after the parade in the unknown. It's going to be during the parade right? Saturdays?

Peter 10:41

Well, yeah, you could do it if it's Becker bakery

10:45

I'm Severnaya favorite. I was bitter. And he asked me, you know, I had already made plans to do this. Yeah, and crystal wasn't gonna do it because she was she's an officer with the calls. She was gonna ride and then I guess the money just sounded really really

J Jimmy Carper 11:00

well. Yeah. rent money. Hello.

11:09

Yeah, I'm back now. So I had been gone for the last two shots. Yes, I know it. My apologies from the for b2b. Now the town. I forgot about it that night. I didn't think about the next day and I'm like, I must just be on the radio. And I looked, and I looked on the calendar. Am I Oh, I did that last night.

J Jimmy Carper 11:29

Oh, yes. Next time I ran into her.

11:34

I apologize in it. I Was I bad. I apologize. One

P Peter 11:39

thing we love about forgiveness. She She doesn't when she does drag. It's just very well. She has she has all of room here and things. So yeah, thanks. Yeah. But she could be a blonde right.

J

Jimmy Carper 11:49

I have seen her. I have seen I've seen black see as a blonde. No, I did not recognize her. I walked right on right. I walked right. And

♂

12:01

I had to say hey, yes,

J

Jimmy Carper 12:03

it was riches. And it was in a you know, an area where I mean literally had to walk right next to her. And didn't know I didn't recognize like

♂

12:13

totally different as a blonde. Yeah, not that bad. But I like it. Yeah, cuz yeah. You must say I should be blonde. A redhead. A redhead had to have more fun, like, yeah, they say, blondes or just dinghy? Yeah, I was gonna say that's why my point was before. You're just jealous.

P

Peter 12:38

I know. Yeah, I

J

Jimmy Carper 12:39

haven't played any music. At that. Time. We just been babbling and I know and I and I wanted to I wanted to play Charlie's Pacheco, Castro cowboy. His new CD called here come the blues is out today. Available at Lobo. Oh, he made arrangements because you know, you know, I play all this music. And then folks say, Hey, how can I get it? And it's like, who we

P

Peter 13:05

play and stuff. Last month? Oh, yeah. I've had

J

Jimmy Carper 13:09

this. I've had this CD now. It was the first one. It was like a demo. Yeah. And it was I had it. I've had it a month and a half. I've been playing it because we've Yeah. And Charlie, you know, next month or the month after next time, he's in Houston. He's going to be here on this show. Oh, yeah. All right, because he's got fans out there already. As a matter of fact. I am on a queer music list. We know.

13:37

I want him maybe and they have

J Jimmy Carper 13:39

a top you know, do a top 10 every week. Oh, and Charlie's CD is like number 17 And it isn't even out yet.

13:52

Wow. Fabulous. It is it is what are the does the game music orange or when

J Jimmy Carper 13:59

they have those already? Oh yeah, yeah. His his senses came out this year. Yeah, yeah.

14:11

Are those held in New York right

J Jimmy Carper 14:12

yeah, this was the third glamour awards. Yeah, we and I need to Franco was got you know, the big award right and a whole bunch of other people got other awards list with me right now. Anyway, let's play some kind of let's play some cowboy music. Explain it to my heart by Charlie PJ. Oh, and you're listening to it on an after hours queer radio with attitude on KPFT Houston, and ke o s College. Oh yeah, trolly, patr yo, and you can't hear him anywhere except right here on KPFT Houston. or you can go to Lobo and get his new CD here come to blues. It's available now. And it has wonderful music on it wonderful music on it and we did a phone interview with him a few weeks ago he'll be next time he's in town he'll be right here live and he can't wait to do it and neither can we. But now it's way past time for you know it the weekly after hours news and views with big Roy and Chris here they are. ladies and germs, germs, beasts and beauties.

15:54

I'm taking the headphones off. And Chris, this was the worst \$10 investment going to headphones. I can hear what you're saying about me. Now. I see you got tired of the equipment and

J Jimmy Carper 16:04

Okay, so you bought your own headphones. They're lovely. I guess.

R Roy McCarthy 16:07

I'd like to welcome everyone to this week's edition of after hours news interviews with Chris on big boy. And I like to start off this week on a little bit of a somber note person who gave a lot to the community and really helped a lot helped out a lot in a lot of different organizations and groups passed away in his sleep last night who wanted to give a special mention to add corn planter who was a 100%, full blooded, Native American Seneca. And he helped a lot of people who are suffering from AIDS and other groups, other things. And he used to be a volunteer here at the station many years back. And he passed away in his sleep in his own bed last night, from complications not from AIDS, but from it seems possible that it might have something to do with a severe asthma attack that season four that occurred during his sleep. And it's a very sad note. But other than that we had a fantastic time tonight. Or oh yes, this

♂ 17:30

was my I lost my virginity. This is the third one I've been to but I didn't get to see it because I was in it.

R Roy McCarthy 17:36

Now, Chris, this is I want to ask you that this is how I've always felt it's always great to watch the parade. But once you've been in the parade, it just isn't quite anything like that.

♂ 17:49

It's kind of I really enjoyed being in it. But I would if they had a videotape, which unfortunately, they didn't what I heard, I would love to see it. I didn't get to see too many of the people are there because all I had was the flute in front of me and the flute behind me and slipped behind me wasn't too bad. But

R Roy McCarthy 18:08

I really I'll be very honest, I was very partial to the Hollywood food store entry.

♂ 18:13

Yes, we saw them ahead of the time, they need lanterns they had out there were

R Roy McCarthy 18:18

Oh, and those Asian boys. She's been

18:24

cleaning up our act. The that was that was very entertaining to be back there and see that at the beginning and seeing some of the groups, staging and all that I was in group at one. And like I told everyone here, I when I first turned on the corner, I was in the walking group of Q patrol. And when I first turned on there, I could feel my face starting to blush. I was so embarrassed and so nervous. But partway down the block, hearing the people just going specifically thank you to queue patrol, and all the thank you and not just not just clapping to make noise, but I could I could feel and hear this this area in the in the applause. Right. And that was something that got to me. And about two blocks down the road. Some of my other people in the patrol started blowing their whistles that we carry, to try and break up things. And I blew my way, hold down all the way down Westheimer I might get a little gap all the way down. I was low in there for what it was worth. It's a good thing. I had a good whistle because I would have broken about halfway through.

R Roy McCarthy 19:27

I'll tell you, you know, I was with walking entry for the gay and lesbian switchboard. And I was in the entry 109 which put me way back toward the back end of the parade. But even then the level of enthusiasm for the crowd was Oh yeah, really fantastic. And this year I saw for the first time actual barriers, quote, close in towards

19:59

you but they were they were talking about that before because they when they tried the rope around between Mary's and Montrose on Westheimer didn't really work. It never worked.

R Roy McCarthy 20:11

But doing bear is really worked. And I'll tell you HPD did a fantastic job with security. Oh, yeah,

20:16

there was a lot of large HPD presence out there. And the ones that were on the parade route, were still they were they're doing their job. They're ready to defend. There was two police ladies, I don't know if it's a proper politically correct role and police women who were back in the staging area. And they were mainly just keeping people off the traffic where we were staging the floats. And they they came back from working in one area and going back to where their vehicles were. And they had these glow in the dark bracelets on and they were happening wave. And one of our members is former affiliated with HPD. And he went up to him, they said, I don't think that's really part of your official uniform is it and they go it is for this. And they were having a ball back there. And it was it was neat, because we're where I was at. I could turn around and see the first floats going through. I saw Martha washed his empty float heading

on towards up towards Westheimer. And then I got in my part in the end there and it was getting towards the end because we were placing a float at one. And so when we're going into there, and getting up to the staging area, and there was a couple of big floats up there. We past rainbow before we turn on the west timer, and Charles Armstrong's float was sitting up there in front of the junior high. So linear Middle School, and linear and some of the other floats. And then that's when Picasso's was behind us. Q patrol was nestled in between Picasso's and the transgender contingency. So we were in an interesting state, and then behind the conflict was EJ so it was like, I need a rearview mirror. Like the person driving the car says I want it to him. I said, You got to see what's going on back here. And he says, I have a rearview mirror. It looks nice.

R

Roy McCarthy 22:08

Well, I'll tell you, as for me being way back there, a lot of times you see the crowd, enthusiasm wanes by the time by the time we get to the crowd, you know, everybody's been out there for a long time, and they're pretty tired. But tonight, everybody's energy level was really high. And you know, this is some because this is supposed to be like the grand finale. But it's as you're gonna find out later on. It's really not. It's the the big event of the Gay Pride Week, but there's still more events coming up. And there's been Chris and I've been reporting on it. There's been plenty of events this past week.

o

22:54

Oh, yeah. I mean, this this turned in from something that not too many years ago was really a day event. A Day event, it was Sunday afternoon in the heat. And maybe if it was something special because I think like for Stonewall 25 Didn't they have like some fireworks or something afterwards,

R

Roy McCarthy 23:12

or they tried to put on the concert in the early days we we did we would go down to spot the spot to park Spark Spark.

o

23:21

Spark sparks auto care

R

Roy McCarthy 23:22

or know the sparks field or park or something like that. There the subsidy Park remember, I'm a suburban green anyways, and we would have a big rally there. And it'd be speakers and music and entertainment. And we'd have like a big picnic out there. That'd be after the PM, you know. And then at night, we've had the big firework that was like in the early years in the early 80s. Yeah, but then it sort of that part of it ended and it was still a day event. And now it's just sort of grown to

23:57

about four months or four years ago, it turned into a Pride Week. And then we start with pink triangles. And then it's Boston now into this month long event.

Roy McCarthy 24:08

And now it's even starting as early as Hey, yeah, I were we were starting. We

24:13

started covering stuff

Roy McCarthy 24:14

in May. And there's still some more events coming up this past this coming week, which we will be talking about. And but for the parade tonight people's enthusiasm was just Oh, yeah, it was really just really something and I just get such charge out of marching on down there and seeing everybody you know, showing their support. And yes, they would think I've seen him people said thank you switchboard. Thank you. You know, thank you for March and thank you for being out.

24:50

I mean, that was and I'll be honest with you, I I'll be completely honest, and it may not be the nice thing that's going on here. I was a little disappointed with the ball. All but I'll but I'll tell you this. I love his coincidence or not. But we'll know we're standing out there in front of that slick Willie's where we got to the point where starting to get close enough to the curve where you could see the the mirrored ball up there. I had a chill. I had this little chill and a little bit of goose bump like I was disappointed, but it was still something to say. Because one thing is my parents and my family discussed this mirrored ball this past week. Oh, really? They saw the article in the Chronicle. And I didn't get a chance to see it yet. So my dad was asking me about it. They invited me over for dinner was going well see about this mirrored ball? I said yes. And they did. I don't think they mentioned the price in the in the Chronicle. So I threw that out. And then he said, was there some sort of parade going on down Westheimer and my mother and my brother, I'm facing my dad, they're sitting on the sides. My brother and my mother look at me kind of smile. And I go, Yeah, I heard something about some sort of afraid. Not let them know. But

Roy McCarthy 26:01

well, then the also say the size of the crowd. Now. I have no idea how many 1000s of people showed up, I can die. I'm no good at doing headcount. But I will say there were 1000s and 1000s of people out because

26:16

if it's over 10, you got to try to take it off your shoes, then you're out of luck.

Roy McCarthy 26:19

You know, and it i It was very, I think it was affirming for me. And this year, there was already there was also so many of the corporate and entries into the parade itself.

26:37

I mean, looking through there and because I was waiting for my group to show up looking at the actual parade chart. And if you get the map, all you saw was little abbreviations for what these places were. But to see the actual chart of okay, here's the name of the companies. And it's amazing the corporate sponsorship, the religious organizations that were there. I mean, this this is this is getting to the point of what we're having here is the the radical right, the religious right, isn't going to have that much more coverage that they're going to be able to show of our pride parades. Because we are showing we're not showing any more of this. The whole parade is not filled with guys in spandex and leather outfits. It's a disappointment. Yes, I bless you, Hollywood bless you Hollywood foodstore they're gonna have fun developing my camera pictures if these pictures came out this time watching pictures of the nighttime parade. I was smart. I bought a camera with a flash. But we're getting to a point that we're not the sensationalist it that we used to be? Well that Robertson is going to have to pull out his old films from the 70s to strictly keep showing to get people to send him money. Because we're getting to the point where it's,

Roy McCarthy 28:00

we can't do any well, he can't do any well with this other money. He can't put it in any bank in Scotland because they won't do business with it.

28:09

Considering the fact Scotland has a lot of men who were killed, which to him will be men and dresses. I'm surprised he even tried to get money in there. But uh but that's something it's amazing to see with with all the groups coming through. And it's not all the bar, the bar things and it's we're changing the community. But

Roy McCarthy 28:29

did you know that this is also the news media, the news media bills, this is one of Houston's largest parades. Well, our tiny it is the second largest parade. This parade is even bigger than the Houston Livestock Show. And rodeo is the verse. Thanksgiving Day Parade. BankUnited

used to be follies down, BankUnited Thanksgiving Day Parade. That's, that's the biggie and we come in

∅

29:00

very close. And look, look what we did there. The first two years we had to make it smaller because the city of Houston have rules to have a nighttime parade you can only have it this length, right? They saw how the how the community handled it. And then we worked in bigger, and they extended it to the normal fragrant length. And that's that's showing so it was great, because I think one thing that happened is it looked thin. But because it was stretched out people weren't having to be 20 or 50 deep. But I remember before when I was walking around there, there was this huge mass of people in front of crossroads and at the time. Charlie's and all I mean they were piled in there. But now everyone was more spread out that you could actually see the parade

R

Roy McCarthy 29:45

and you know also a lot of mainstream entertainers. I mean superstars are interested in the Houston gay and lesbian pride parade that happened that are our nighttime parade here in Houston. And you're entertainers who are wanting to come in and be a part of it. For instance, this year, Martha wash Now folks, I know y'all didn't get get a chance to hear Martha wash. But it was not Martha washes fault. Why it was equipment and it was equipment problems.

∅

30:17

From what we've heard Martha washes sound system was not working. Oh,

J

Jimmy Carper 30:20

you're kidding how horrible.

R

Roy McCarthy 30:22

It was not her fault. Folks do not blame or do not go and protest and don't buy her records. These things happen best laid plans of mice and men somehow know that they understand something like that. So Martha wash was not nothing's happened with the we did not get an attitude of being too good. No, no, no, no. Nothing like that, folks.

J

Jimmy Carper 30:46

I don't hear anybody saying that. But the fact

R

Roy McCarthy 30:48

that she would, that now, when our parades were getting these big name, not necessarily gay, big. Martha Wash is not gay, you know, big name entertainers who want to become a part of our nighttime you that chat, you know. And so this really says

O

31:08

a lot when you consider the fact. And you make it sound even bigger and more grandiose. We are the only city in Texas, the United States, North America, the Western Hemisphere, the northern hemisphere that has a nighttime gay pride parades, right, we read two in history.

J

Jimmy Carper 31:31

And first one being Sydney first one being said,

O

31:33

and that was part of it. Like when my parents were asking, we talked about it briefly about the mirrored ball when they saw the article, as it is something they saw in Sydney, it's the only other player has a nighttime parade. They decided to go with it. Sure. And that was something to

J

Jimmy Carper 31:50

it's a fabulous idea. And

O

31:52

you're hoping to add color. And in fact,

J

Jimmy Carper 31:56

in fact, it brings to mind when I was when we were just getting to Westheimer. And then you know, there's pride committee officials along the way to keep it going smoothly and all of that. And I said, Well, what do you that I was talking to one of the guys I said, What do you think this is like? And he says it's fabulous chaos.

O

32:21

Oh my goodness.

32:25

The only real problem I had with the parade was the same one I think you'd have in any one of these parades. The people who have horses in the parade need to have someone following behind with a bucket.

J Jimmy Carper 32:36

I thought they had to wear those little panty things.

32:40

Well, one of them there. Unfortunately, his depends were full or no one kept down attention. Ouch. Wait, I didn't step into the bad part is we were

J Jimmy Carper 32:50

we didn't say they got rid of it by the time I got there. Well, the bad

32:53

part is we got stuck right there. And it's like, you know, after a year romantic it's like, I'm used to smell because when I used to walk cube patrol, I mean, the sewers were like that. Yeah, they fix the sewers. And I'm standing this will pile a horse you know. And the parade wasn't moving. And it's like

R Roy McCarthy 33:14

you know, the thing I want to say about about the parade, the entrance you know, the our first nighttime parade. I thought even though it was it was great. I thought a lot could have been done a lot more could have been done with with some of the folks here and sure enough they did

J Jimmy Carper 33:34

every year. Yeah, I'm gonna get better and more. Yeah. antastic

R Roy McCarthy 33:38

and more fabulous. And we are just having ourselves a real Gale time and

J Jimmy Carper 33:43

.....

yeah, and I'm we're not talking about the professional ones. We're talking about the people who make their own float, right. Yeah, I mean this they're getting much better at it.

33:52

We were kind of debating whether or not Q patrol is going to be in it. Finally one of them were said that we're going to do it. And we threw everything together in the last minute. And it was an all on the brain that we're talking about. Okay, we need this. We need to add this next year. Because all ours was is one of our members drives a little Mazda Miata convertible and David and he volunteered his car. Yeah, your chin Jimmy? Yes. And we had got some Christmas lights. I bought some Christmas lights because I thought we were gonna be having more KPFT and they run off batteries. So we just strung them down the front of his car so it lit up a little bit and covered it with every magnetic sign we have as cute patrol. That's all you need. And we went down there and it was like okay, we need to have a banner for out front next Patrol logo in lights if they can see

J Jimmy Carper 34:40

yes. Well this switchboard it same way we had we had four people involved.

34:46

You won't believe this cute patrol. Yeah, we had eight people for you.

J Jimmy Carper 34:50

Good for you. I'm jealous. We even

34:53

had we had two on a car for walking and we had two bicyclists.

J Jimmy Carper 34:57

Good, good, good. Good. We just had four people and you know we just had her sign and have a little battery lights you know that you can get those battery lights around Christmas time and so you wait till after Christmas. You get them for a buck you buy up a handful of them and you use them during Pride. Yeah, it's great.

35:19

I mean our entire float design of extra expenses that we had was like nine bucks six six strings for the guitar and I bought batteries at the dollar store this morning. So the ones still good

for \$1 either year and I bought batteries at the dollar store this morning. So they're still good tonight.

 Roy McCarthy 35:32

Well folks, I'll tell you what next year there will be KPFT after hours entry. I myself Big Boy I am going to be the appointment on that I I am going to make sure and

 35:48

appoint someone over design and

 Roy McCarthy 35:51

I will get I will make sure I get somebody who knows some carpentry folks, they left last year they left it to me and believe it or nothing about carpentry believe her folks I told most guys I was amazed I know more. Most guys are mechanically inclined and honey, I'm mechanically declined. Yes,

 36:12

you should have gotten a lesbian show to come out and now we're having all the boy boys there from hatch coming to help you you need to the lesbian show out there.

 Roy McCarthy 36:21

No way. Jason, Jason and Scott and then we're they were lifesavers for me last year.

 Jimmy Carper 36:29

Yeah, we got it together. Jason hasn't stopped by I saw race. Yes, Jason. guys invited to fabulous party tonight. Oh,

 36:40

he won't remember the fabulous party because

 Roy McCarthy 36:44

we know Jason I was. I called

36:46

him Melba because he was a little toast. Ooh, ouch. Ouch. Ouch. He demanded beads off of me. How rude. I was given four beads by a former member of the show. Ran into Craig formerly of hatch.

J Jimmy Carper 37:00

Ah, yes. Yes, I did. Yes, I did. Oh, he's he's, yes. He's doing great.

37:07

He's doing great. He came running up to me and he and I was still waiting for my group to show and he said you need some beads and sort of draping for them over me and I gave a couple to one of the one of the members of the patrol. So she had some and then Jason just about demanded them off of me. So I gave him a strand. I've had enough beads at home there from the crew thing I did a couple years. So Oh, can

R Roy McCarthy 37:34

you finish with the news? We really started we were just discussing our headlines which was the parade

J Jimmy Carper 37:41

well, you're bout finished.

R Roy McCarthy 37:46

We got some more events coming up. Do we now we definitely have so well.

J Jimmy Carper 37:51

Yes. And we talked about them earlier a couple of events. Like my triple AX Productions Presents leather boys meet the rodeo Queen benefit for the assistance fund and the Texas gay Rodeo Association. This Sunday, Sunday, Sunday, Sunday, June 27. Six to 9pm at Michael's outpost.

R Roy McCarthy 38:18

J

He's to be Joe's outpost. Oh, so now Michael bought it. So it's Michael's outpost. And special guest DJ will be Jimmy Dale. Special guest appearances by the SAM Buka sisters. Oh, they are hot and buffet generously underwritten by Don Carlos catering. So that's going to be a fun, fun event hosted by the boy of Montrose candidates, Lance and Christopher and tgr a candidate 2000 Tiffani Edwards is going to be there. Great. That's a great thing. They don't have they just have the initials here, the Royal and sovereign Imperial core to the single star Tada.

J

Jimmy Carper 39:40

👤

39:41

And Oliver was the initial so I started to memorize it. Let's get an eight o'clock at the venture in and cousins is having the fifth annual citywide bartenders show. And it's going to be benefiting the winners choice of organizations. And that's going to 8pm on Sunday as well. Down the hall Our news No,
