Glenn Holt, Jimmy Carper, Jason

 Jason 00:02

Yeah, if we're going to do this, we're going to go be safe about it, we're going to use a condom. And again, communication plays into it. And maturity plays into

 00:11

I think a lot of them worry about their body and what they want, what how they want to treat their own selves. And

 00:16

also a lot of it does play into public perceptions of what people see, you know,

 00:21

I mean, with lesbian women, there

 00:23

are a lot of people out there where you mentioned, leather and s&m, and they start chatting like all the little media, people Kuhn and Kuhn and Kuhn on and it's, you know, public perception does, does play a lot into what you do and don't do insects. I mean, I really had to sort of be at a couple of moments in my life, you know, when I was 1617, where I would just say, Okay, well, you know, I was just sort of got some wild bug in my system and just decided, well, why not? Let's go ahead and try this, or let's go ahead and try that. And you just, you

know, there's so much you're thinking because people say, I shouldn't do this, because of these reasons, or I shouldn't do that, because of those reasons. And you really have to break down barriers that you have learned because of public perception. Okay,

 J Jimmy Carper 01:12

for the older generation, I think we pretty well come to the point where we just assume that whoever we have sex with just make the assumption, whoever we're going to have sex with is HIV positive when we take those precautions now with someone in their teens, you can't it would be very difficult to make that assumption. So how do you

 01:35

I still we assume it but yet that we were we don't assume it sometimes we assume it but we say oh, the personal probably tell me anyways, before we have sex.

 J Jason 01:46

I still think that I like I said last time we start with last show, there is almost a peer pressure though to have safe sex. At least with in in hatch at least speaking from the hatch point of view,

 J Jimmy Carper 01:59

could tell on Yeah.

 02:03

You will get chewed out by your will become unwilling victim of the rumor mill.

 J Jimmy Carper 02:08

Okay, but that is a peer pressure. What about those 1000s of people out there who don't have that peer pressure, peer

 02:14

pressure within their group, their cliques that they hang out with?

 02:17

I guess, I guess I'm gonna go and do this devil's advocate thing. Hi, this is Tigger, I got got off

of work. And now I'm finally here. I mean, no offense, I still know a lot of people that you know, that still have unprotected sex. And you know, and a lot of times when people start discussing it, you know, as much as that becomes a concern, but all of a sudden, you're talking about who you just had sex with, and people were more interested about who he was and how it was, then the fact that you had safe sex, I can think of numerous, numerous instances where I've gone out and there have been times I've had unprotected sex, not anal sex, but I've had unprotected sex. And, you know, and that's, and that's, you know, and I'm sorry, I find, you know, rather hypocritical. I mean, just because there are a lot of times where people don't do it, and it's not thought about, and that is, especially for teenagers. I mean, I'm sorry, when I when I was first coming out, and when I first started having sex, I'm sorry, my hormones are finally getting some released. And and it was definitely it was one of those things that you know, everybody talks about, oh, once you get started, you know, it's really hard to stop and say, let's finally kind of, but you're

03:23

always thinking, no, no, no, it'll be really easy for me to just say, stop. But it's not.

Jimmy Carper 03:27

And you're looking at this person saying, Oh, he couldn't possibly

Jason 03:31

he doesn't look like he's got a

03:32

plus, I think another one of the reasons that we get that we've had what has been called a second wave of AIDS and HIV, especially among our generation, is that we have grown up learning and hearing about AIDS. And one of the first things that someone going through their formative teenage years will do when they have had something rammed down their throat is rebell against it. But

Jason 03:57

I think what a lot of us need to stop and realize is, it could come down to a life or death situation,

04:03

it does come down to a life or death situation, I

04:05

think it's just aids that also scares people into wearing a condom. I think it's, you know, just security within themselves, when they put it on, they feel secure, that they are going to be safe. And it's not just aids, maybe it could be STDs, herpes, gonorrhea, but just by the fact of putting it on makes them feel safe. And I think that's the big peer pressure that goes on is that people want you to be safe. And so they tell you to do that. But now there's a big peer pressure to where you like, you know, Jason was saying earlier that a lot of kids these days, there's not peer pressure not to wear when there's peer pressure to wear one, I hope, but also. And even though even though people say you know, they might not have worn one. There is still peer pressure that goes on to wear one.

J Jason 04:50

I think it's almost also I mean, for me I feel cleaner. I mean, I don't know any other word to describe, describe it. It's just

04:58

secure. So While you don't, that's one more thing about that person. You don't have to take on faith when you're using a condom and using it properly. Exactly. You don't have to trust what they're saying when they say, Oh no, I'm HIV negative. You don't have to trust it if you're using your condom and using it properly. And

J Jason 05:16

then what about if you're in a relationship? And how long before you start having unprotected sex? Have you ever do you feel it's ready? Can you be 100% positive that this person is not having sex outside of the relationship? Can you ever truly be 100%? Positive? Because

J Jimmy Carper 05:31

you know, the pig you are? And you I mean, I I'm sorry,

05:36

let's see anything is that's where trust comes in. If you can't trust your lover, then how can you be with him for three years? Yes,

J Jimmy Carper 05:41

but if you do trust your lover, and you wind up cero, converting then what?

J

Jason 05:48

I think anybody and everybody is guilty of fantasizing about someone outside of their relationship at one point in time. And I think there's always the occasional slip up, the person may be a great person, they may be the best lover you've ever had. But there's a chance that, you know, maybe they got drunk and did something they regret. Maybe they, you know, maybe you were out of town and their hormones got control them. It's it's just some it's not just a matter of trust, it's a matter of, you know, it's

G

Glenn Holt 06:17

not a matter of if it's whim. Yeah.

♂

06:21

It is because we are all human beings, and we'll slip up

♂

06:25

and we're risk you take that when you get in a relationship, things might happen like that, that's just that's a risk in a relationship that you have to face, whether you like it or not.

J

Jimmy Carper 06:33

And it's it's one of the many risks I think we take as to whether we put on a seatbelt when we get in the car, or drive 70 on

♂

06:43

the I mean, nothing comes with a manual, you don't get a manual on how to do a relationship. If you if you know, if the guy cheats on you, he's gonna cheat on you. There's no manual that states Oh, now what do I do? You have to do it yourself. And

G

Glenn Holt 06:55

let me put it this way too. Because I mean, I came out, right when, when, when AIDS was starting to become known, oh, and so in a sense, I grew up with it too. And back then, at the very beginning, we didn't know what it was was transmitting, right. And then we wanted to deny, right, anything we were doing. And then it was like, once we found it was something that was transmissible was it like the common cold, couldn't get it off toilet seats, and all that kind of stuff. And there was a while there were we thought that it was possible to get AIDS from kissing. And I remember thinking, Well, you know, if, if, if you can't kiss anybody any more than life's not worth living.

J Jimmy Carper 07:36

I'm with you on that, you know, so.

G Glenn Holt 07:40

You know, you're right. There's there's a there's, like everything in life, there's a fine line there between how careful do you want to be versus quality of life? Exactly.

∅ 07:51

I mean, you had to take a risk through everything. But

J Jason 07:54

how? How big of a deal? Is it worth the risk? That's your choice,

∅ 07:59

we have to do your own personal judgement call.

G Glenn Holt 08:01

We have to give Jimmy a chance to do his station ID here. Actually, we

J Jimmy Carper 08:05

need to wrap up this. Oh, okay. Sorry to say, well, then I wish we could talk for three or four more hours because I'm meant to it?

G Glenn Holt 08:13

Well, I think I think we should I think the conversation continues.

J Jason 08:16

Next time the hatch number out again. It's 713942702.

J Jimmy Carper 08:22

Let's talk about that number. When you call it what happened, it

J Jason 08:26

is a voicemail. Line, you call there's two boxes. One box is for the adults. If you want to become a member of hatch, you leave a message in the youth mailbox, and you will be called by a youth. And it's very confidential. You can leave calling instructions, right time or times to call what name to use

08:47

or whatever, right? They're not going to call you directly unless you ask them to write.

J Jason 08:52

Exactly. And we are very careful not to out anybody. Absolutely,

08:58

yes, absolutely. And also those who are interested in becoming facilitators are also welcome to call when you do that, it's the same number 9427002, and you leave a message for the CO directors are the adults when you dial and leave it in their mailbox. Facilitators are always needed. And also, we're always looking for people in the community come and do presentations. If you have something you feel would be good to say to hatch, you feel that, you know, what you have to say is worth sharing with the youth or needs to be shared with the youth. That also gets left in the adult mailbox.

J Jason 09:38

We also do speakers panels. Yeah, we also do speakers. If you have a situation where you would feel that it would be good to have some hatch youth come and speak. You can also call and leave a message in the chat box and we'll get back to you and try to arrange a time place and you bet.

G Glenn Holt 09:55

Well, I want to be on your sexual harassment committee. I want to know if figure it

10:03

out for your own devious motives or just because you want to speak honestly. You're

J

Jimmy Carper 10:07

J

Jimmy Carper 12:50

That was and also ke O 's College Station. Jim Jimmy Carper and with me

that was and also K-5 College Station. I'm Jimmy Carper and with me,

12:57

I'm hysterical fee for oh my god, that promo is so old. That

J Jimmy Carper 13:01

promo is a good five years old. Oh, and

13:05

they were a good five years. I'll have to I have to say before we start I want to send a big shout out to my home girl Jessica.

13:13

Where is she? I

13:14

miss her. She's at home all toasty in bed is exactly where she better be.

J Jimmy Carper 13:18

Well, you know, in 30 degree weather. I can hardly blame her for that. Yeah,

13:21

we're both from Ohio, though. We both were born and bred, I guess in Ohio. Yeah. But you're here now. I will want you to know. How are you?

J Jimmy Carper 13:31

I am great. How have you been? I've

13:33

been just fine. I actually have I'm recuperating.

J

Jimmy Carper 13:38

Well, still from last month. I mean, you were out. We missed you. Last month,

Ω

13:42

I broke a rib eye

Ω

13:44

ll Ouch.

Ω

13:45

And I would like to say it was doing something more fun than that. Actually how it happened. It happened at the Renaissance Festival. I popped a rib on the jousting field. I swear to God, I thought was so poetic. I once broke up with the woman on the jousting field. So I guess I don't know the tradition of pain continues.

J

Jimmy Carper 14:04

who I'm supposed to go there tomorrow. It's the last ren fest.

Ω

14:09

Oh, yeah. I

J

Jimmy Carper 14:10

was wondering the last day to see if he can get any bargains.

Ω

14:14

You can't. You really don't because you know there are now it's it's 17th century merchandise. They're not going to have a you know, prices are slashed to the bone for the next 21st century. That's not going to happen. It's 16th century it's not going to be a good time though. Stay up adjusting feeling okay. Oh, this hurts. You know, you can't you can't call you can't sneeze you can't be jostled. Oh, I missed that Jocelyn. Jimmy. Oh, I need to be jostled so hard. It'll be all right.

J

Jimmy Carper 14:52

So how long is this gonna?

14:53

Eight weeks I'm told. Ouch. Eight weeks. I'm wearing a brace. I swear to God a month. dressed up, it's the most disgusting thing. Feel like you know, I should get ready for bed, take my teeth out, you know, put my hair up on the styro head, you're

J Jimmy Carper 15:08

gonna be really nervous in eight weeks.

15:11

I know. Oh, honey go slow.

J Jimmy Carper 15:17

Um, well, we, we really missed you last month. Thank you. As a matter of fact, we had a, I wished you had been here because we had cake.

15:27

Was there a buffet and I miss we

J Jimmy Carper 15:29

had an in depth discussion about breast cancer. You wrote a terrific, actually. I mean, you had this thing about breast cells.

15:39

Yeah. That's the triangle in in honor in commemoration? I don't know. And because of National Breast Cancer month, which is was was the entire month of October, I believe. And there's an actual mammogram day is like haul them out and slap them down and get your picture taken. Yeah, we ran like a whole full page article on we had a lot of very good response on it. And well, you know, it's like the number one killer of lesbians.

J Jimmy Carper 16:05

No kidding. We discuss that. In fact, I cut that out. And I think everyone should like have that laminated. Because the self All my life I've, you know, I've heard of self examination. I thought

intimated. Because the self all my life I've, you know, I've heard of self examination. I thought, okay, you stay in the shower and feel around a little bit. That ain't it?

16:19

No, I mean, no, it's considerably more in depth. And we

J Jimmy Carper 16:24

read it verbatim on the air. Oh, cool. We did cool. We did because it's that important. At the same time, the advocate had an article about breast cancer versus a It's not that I take anything away from AIDS. No, but you know, but they were talking about how much money is spent on AIDS versus breast cancer, which is like, like a billion dollars on AIDS and about 500 million on breast cancer. Yeah. And that 44 million women are going to die of it this year, die of breast cancer, and 30,000 man or 30,000 people are going to die of AIDS. Well, maybe

17:05

when, you know,

J Jimmy Carper 17:07

it's it's kind of lopsided here.

17:08

Well, when we think about you know, walking for the cure and doing the big egg as well, we should also do the Susan G. Komen, run for the cure.

J Jimmy Carper 17:17

You got it. You got it. We got to do that. And a gay man couldn't wait to get on the side of this have to get behind it.

17:22

Well, you know,

J Jimmy Carper 17:23

I because lesbians have been behind us for 15 years, it's our

17:27

turn. It's kind of a tit for tat, if you would I stop me now. Tell you the truth. I don't think it's like a conscious decision that gay men make to not do it. It's just you know, it's like an education. Absolutely. And we're going in crisis now, too. And yeah, I need your help.

J Jimmy Carper 17:48

Absolutely. Because I know, several years ago, when I found out that Pat Parker had died of breast cancer, I was shocked because I thought, gee, didn't they cure that? You know, didn't you know, don't? You know, just yeah, you know, the dual mastectomy and you're cured? And that's it? Well, I ain't no, no,

18:04

no. And, you know, early detection is is a real big deal. And I gotta tell you, we don't do it as often as we should. I think we're definitely going to start, but Jessica and I do um, this is not a joke we do we help each other with our examinations. And while you know, it's a very loving thing, and that sort of thing to do. I've got to tell you, there's always a moment of terror. Right, you know, as you're doing it, it's it's, well, we unnecessary evil, I guess, you know. Sure. But thank you. Thank you very much for reading that.

J Jimmy Carper 18:38

You weren't here to add to that.

18:40

Sounds like you did justify. Thank you, sitting at home, hold my rib. But you've got all kinds of new stuff. Oh, God so much. Just lots of stuff is going on. You had

J Jimmy Carper 18:51

a great article in the triangle was sweet. Oh, about special powers. Oh, yeah, that is. It's very exciting. It was a revelation and quite quite the revelation.

19:02

I guess what you're talking about is like the big header. Should death be the penalty for being lost, abandoned, or homeless? You bet. You know, that's, that's quite a sensational headline. Right? Well, it was for 106,000 Dog cats, puppies and kittens in Houston last year. When you take an animal to an animal shelter, unless it is special pals. That animal has a very, very, like better than 50% chance of being euthanized. Yes. So special powers doesn't do

J

Jimmy Carper 19:35

that. And if it's an older animal, if it's an animal who that's a little sick, Lee, that's probably 100% chance. Well,

o

19:45

often often I interviewed the executive director of special powers couple of days ago, her name is Sully's Shuttlesworth. Not only was I really impressed with her attitude, about the shelter, but also the fact she's an out lesbian. So that makes me very happy cool. Um, yeah, just kind of a family thing. Yeah now and they say lesbians and their dogs will this list woman cats? Well, this woman has taken it like the next step further. That's great. And tomorrow. Now I know you've already declared for the ren fest. I have I understand. But if you weren't going to the rental store if your plans change, here's really whether they're going you're going to be a garden in the heights tomorrow. Ooh, it's a fundraiser for special pals two to seven all afternoon it's supposed to be called tomorrow but is supposed to be very sunny it's beautiful. Bundle up where your leathers where we have had leather jackets.

J

Jimmy Carper 20:39

Where your mink don't wear

o

20:43

this would not be a good place to wear for No no no. No oh god you're so crazy. Two o'clock garden in the heights. \$5 goes directly to the care and feeding of the animals and they're their hospice I guess their animal hospice that they have out. Your Katie starts at two o'clock. Here's the big deal. Yeah. Cowboys nightmare. Who is going to go play tomorrow? Yes. So it's going to be lots of fun. Am i Wow, another band called skins. And I'm wondering,

J

Jimmy Carper 21:19

is this a women? Yes, is how who go wrong?

o

21:23

How can you go wrong? And I'll be emceeing so it should be a lot of fun beer, food fun, healthy animals,

J

Jimmy Carper 21:31

if any of them. Listen, I can't be there. But if any of those groups have tapes, I want them.

Okay. All right. I'll see what I can. Do you know how I'd love to quit paid. Play queer music on this show.

21:41

And you love to equip? Yes, that's.

Jimmy Carper 21:46

That's okay. I'm at Radio folks.

21:48

I'm thinking words because I just left my boo boo. That's my affectionate name for Jessica. Oh, my boo boo bear at home. We just got done playing Scrabble. Now is that the the quintessential, married lesbian couple on a Saturday night activity? Well, it depends. Was

Jimmy Carper 22:05

that strip scrapple in this weather?

22:08

Are you crazy? Yeah, I can. Okay, I've got the word, quotient. I'm taking off my truss honey. So sad, and she loves me anyway. A year and a half were together a year and a half our anniversary.

Jimmy Carper 22:24

Thank you. And she's here, folks.

22:26

I know. I believe it's the latex anniversary. Oh, my could be completely wrong.

Jimmy Carper 22:32

Well just hold on to it for another four weeks anyway. Don't Don't go away from that article yet. Because if somebody can't make it else, you know, these folks need help because they don't get any government support do they know and lots of animals they do not euthanize anybody. Those animals stay there and till someone adopts them. Or or they don't. They just stay they stay there. And they're fed and nourished and walked and walked in

23:06

everything everything played with interacted with incredible stories. About 3000 pets go through there on a yearly basis annually. They're currently housing What did they say about 230 dogs and 130 cats. So what's that? Almost 500 animals out there? Oh, here's the funny thing.

Jimmy Carper 23:27

That's a lot. That's a lot of poop that

23:30

I want you to know. They've got a cat house. Isn't that they've got a cat house. I like that. They have a house on the property on the acreage. It's a three bedroom house that is completely done in carpet and cat toys. No 35 cats live in this house. I love it. It's the cat house. Oh, that's great. That's little cat house in Texas.

Jimmy Carper 23:52

But they need they need support.

23:54

They need support. Mr. You know, send

Jimmy Carper 23:57

a check.

23:58

Let me give you the number. Yeah, special powers. 281 you're writing this down out there. Your radio and evidently they're outside the loop. 281 Yeah. 5797220 It's special pals. Cool. Plenty of dancing, food, beer and fun tomorrow. two to seven garden in the heights. We know where that is. Fagan Fagan on Fagan behind central bank.

Jimmy Carper 24:25

Right there. Well, good stuff happens though. Yeah, the

24:28

Houston women's festival was out there. Outrage as parties out then. Seems like I spend a lot of time out there. See, used to end and it used to be the Oompah place right. Yeah. Tober fest place

J Jimmy Carper 24:43

well, I must say that I I missed your presence at the gay Comedy Jam.

24:48

The gay comedy channel. Well, you know, oh, Sunday. Yeah. Kevin and Bob. Oh, yes. Wonderful kind of a trailer. Yeah. Oh, no, they're they're great and I I was able to join Well, Kevin and Scott and I performed it in power. 97 Yes, that's right. A couple of weeks ago.

J Jimmy Carper 25:07

Was that fun? It was fabulous.

25:09

I was Oh my god. It was like my first standing ovation. Oh, no, I was so well, like my real one with a real with real people in a real auditorium. Yeah, it was incredible. It was a lot of fun. Wow.

J Jimmy Carper 25:20

I don't know. I guess that's it was relation to me. I thought you got them all the time? Well,

25:25

yeah. But usually they're paid relatives, you know, people who owe me money.

J Jimmy Carper 25:28

I understand that I

25:29

do the same thing. Well, it's kind of weird because you know, National Coming Out Day and I

do the same thing. Well, it's kind of weird because you know, individual Coming Out Day and I did my little comedy. Yeah. Impressions, all this kind of crap. And you know that that is my job. And I don't know, it's just, it was it was Coming Out Day. And it was, you know, we were all there. I just felt very empowered. I don't know, it just started talking about coming out and got kind of serious and everybody's stood up and I started

J Jimmy Carper 25:53

to cry. Oh, that's fantastic. Yeah,

♀ 25:55

it was a real real kind of touched by an angel moment. Oh, gosh. But it was fun. Judy was great. Everybody was fun. They had a big crowd for empower. Let's do it again.

J Jimmy Carper 26:10

Okay. What else is going on in the triangle? I mean that it's you liking the look? I like in the look, I really am. Yeah,

♀ 26:21

yeah, some a lot of things are still changing continued. Continue to change at the triangle. I think it's like we're, we're I don't I'm not it's too late for metaphor. Nevermind. We're doing we're doing something kind of neat at yours. And what do I get the Texas round up

J Jimmy Carper 26:36

awards? Yes. I felt odd. Fill mine out. Send it in already. Good. Good.

♀ 26:40

Now, this is a statewide, of course, triangles, a statewide publication. So of course, these awards are statewide. So when you get slapped with the best of for the roundup awards, hey, we're talking to state Okay, so

J Jimmy Carper 26:55

I'm a little confused here because you know, you're gonna have people from Houston sending stuff in and Dallas and Austin and wherever

♀ 27:01

27:34

and we're going to have one like for each city. Oh, okay. And then the statewide winner. Oh, okay. Gotcha, gotcha. Because you know, there chances are, there may be somebody in Dallas. Lots of people in Dallas, who think your shows the best radio show? Is there a category? No, there should be there will be. Where's my pen? Where is my pen? Oh my goodness. I'm so embarrassed. Okay, let's add that for next year. Well, we'll fit you in here somewhere. Let's see. What's your favorite Greek? No, that's restaurant. favorite, favorite campsite? That

J

Jimmy Carper 27:39

could be me.

♂

27:42

That could be after our easily be saved right after our spot, right? Favorite after our spot. It could be in Jimmy's lap. So this should be a lot of fun. It's very positive. Should be a lot of fun. Can you tell? I didn't put it together. I think it's gonna be fun.

J

Jimmy Carper 28:01

I had a great time filling it out. I didn't fill out every category because I don't do a lot of those things. You know?

♂

28:09

Yeah, favorite greasy spoon. That's just that's that one out?

J

Jimmy Carper 28:13

Yeah, that was top that's the first one I think

♂

28:18

that my favorite thing here is favorite place to buy miscellaneous lesbian hardware. Jack could mean so many thing eyes so many different people. I bet you're not we're not talking Home Depot. But not what's this favorite radio station? What do you call that? Oh really? favorite radio station?

J

Jimmy Carper 28:38

See? I knew what a hawk There we go. Okay,

28:41

so fill that out. What's the deadline? December 11.

J Jimmy Carper 28:45

Oh, yeah, plenty of time you got it's gonna be in every you know, it was in last week's it was in this week's will be in next week. It's certainly a lot of fun. I must say that for a time. I was thinking that you know the triangle is kind of nice. But there's not really that much from Houston in here you know anymore and every week there seems to be more and more stuff from from Houston and it's

29:11

work work work or I can imagine. Well no, I think people are actually it's like news begets news. It's like the the more things that you see from from Houston, the more likely organizations and clubs and people will call in with tips and things like that. So it's like people are realizing that the triangle not that it was ever really gone but the triangle is definitely back. Oh, yeah. Especially

J Jimmy Carper 29:35

things not just the news, but feature things like the SPCA that the special financial powers thing this week and and the breast cancer thing, you know that that's, that's something we need to know about.

29:49

Thank you, Jimmy. Yes, it I would agree. I would agree.

J Jimmy Carper 29:53

So what's going on in your life?

29:55

Oh, what's going on in Miami,

J Jimmy Carper 29:57

we know about your trust and it's

29:59

important to There's just so humiliating them on this. This. Let me tell you what it is. So just so you can not go there. Okay. It's right beside the jousting field. It's a little knock here. It's the king of the log. Oh, competition. That's I am the king of the log. Of course, anybody that a lot of people today I'm sorry, honey, I'll be home so soon. It's the cold. It's the cold baby. It's making me do this.

J Jimmy Carper 30:30

Next Door,

30:31

really? I'm straddling this log. Facing my best friend. I'm getting a bit I'm getting a visual on this. I know it sounds like backroom but chances are something doesn't. I'm facing my best friend on this log. And the object is to straddle the slog. You're over a pit of straw, and you try to knock off your opponent with a pillow. So basically, I broke my rib in a pillow fight. Tell me I'm pathetic. Jessica took great joy and telling me well, you know, you're not 20 anymore. Oh, thanks

J Jimmy Carper 31:02

a lot. Her

31:03

mother told me the same thing. Oh, I know. That hurts. Oh,

J Jimmy Carper 31:06

31:18

Do you forget it's like after? Oh, yeah. It's like if there's that big a difference.

J Jimmy Carper 31:24

I think of us as same age. In fact, physically, he's in better shape than I am.

31:30

Well, you know, physically Jessica is in better shape. Imagine that. Imagine what does that old bit Midler joke 20 goes into 43 a hell of a lot more than 43 goes into 20 That's right. That's what I'm talking about. I love you baby. Want to throw a big shout out to my home girl Jessica.

KNOW, I WAS I KNOW WE all were but just the fact that he got 22% that doesn't hurt that, you know, with no money, sends the message to the man who won. I and Well, that's exactly what Ray wanted to do. Exactly. I

34:39

just love rats. I was I was so happy to see him running. I thought that was great.

Jimmy Carper 34:43

And he's so he's so happy to be back on the prison program. I didn't know he left he Well, when you run for office. You can't have a show here. Oh, well, that certainly makes sense. Right? Because we're community 501 C three. We cannot be political. Another reason I'll never be Mayor so we can talk about a neat a nice and how she needs your help for her campaign. And

35:12

I'm just still dancing

Jimmy Carper 35:13

35:38

Jimmy Carper 35:43

You betcha. You betcha.

35:46

35:40

Manipulating the media.

Jimmy Carper 35:48

No, not well. Yeah, no, we need one of our own at the table.

35:53

Do you see me fighting it? Right? I don't think so. No, no, no, no, it's um, what can I say? It's not. I can't stress how important it is. Of course, it's.

Jimmy Carper 36:04

And I was so horrified to hear that the Montrose had such a low turnout. Why is that you think I have no idea. I have no idea. But what I like about this radio station, it goes beyond the loop. Way beyond the loop. And we have lots of listeners who, even though they may be in the closet, nobody sees what they what they punch when they go to that voting booth.

36:39

That's right. That's right. I wish there was some way we could know who was listening. You know, you know how far out how many folks there are now under the covers or literally in their closets with a you know, a little Walkman or something. What why I want to send a big shout out to everybody out in the closet out there in Katy

37:01

there you go.

Jimmy Carper 37:03

Well, you know how I how I do this? Do what radio? Because I can't stand up in front like you do. I can stand up in front of a crowd of real people and talk. It just drives me crazy. Well, I just become all jello. Honestly, it's incredible. It's scary. But when I come in here every week, oh, you're the king. I turn on this mic. And I'm looking at this mic and it's I'm talking to one person. And that's you out there. Just you and that's easy to do.

37:41

I'm talking to you and your mama and your daddy and everybody you know

37:50

well, we all have our gifts. There was remember back in the day. Joel was talking about this. Many years ago, I came in with like 40 people and we'd all been to a party or something was great. It was so fun. It was great. I felt like a kindergarten teacher. Some guy was driving on the way to Dallas some truckers Do you remember this? Yeah. He pulled over and called he said he had to pull over. He was laughing so hard. So that's who we do the show for the trucker on the way to Dallas who has no idea. We are everywhere. We are even I 45 North, we

J Jimmy Carper 38:30

just tried to bring three hours of queer life to you. That's, that's that's what we do here.

38:36

It's very diverse. I love what you do with your show. I mean, you go from a very serious conversation like you had you know, a little while ago was driving in hearing about syphilis and in the French business. And now here we are talking about isn't

J Jimmy Carper 38:52

that not like, you know, no, you know, you have serious moments. You have fun moments. There are times you have to do memorials, you know, yep. stuff you don't sometimes

39:02

those can actually be fun. I mean, how many funerals have you and I've been to where we laughed? Yeah, you know, it's it is a weird life and glad you're doing the show to tell people about it.

J Jimmy Carper 39:13

And I'm glad you're here doing the spot every month

39:16

and I'm glad I'm just glad I'm just glad all over. No it's really nice to be back I really appreciate you inviting me and talking about the triangle and everything said groovy

out what you can do for them. Yeah, this is after hours on KPFT Houston and ke As College Station, it's time for some music before we go to the news, and I have something relatively new from the San Francisco Gay Men's Chorus on their extravaganza album, and this is a big hit for APA. And I think this is the best rendition I have ever heard of this song. It's called Fernando
