*And that was that*

00:37

was her ankle can't feel anything.

00:42

But was it the left or the right? It can't because three days later I went after snapping my ankle. I went to prom in heels without crutches or brace. And my leg was black and blue to my knee for like ever. And so I can't feel anything in that foot. Really? No, I can just as nerdy as much

01:04

as you can make fun of a hockey people who slide on ice anymore.

01:08

Stupid by choice.

01:11

See, they don't know. They need mud to entice you to slather mud across the ice. There you go. Entire radio show to baking. Yes. We have nothing better to talk about.

01:29

01:50

01:54

maybe it's because he wasn't answering the phones. Uh huh. It was just

01:59

Oh, that'll do it.

02:00

I do want to answer people calling it at like one o'clock to I

02:04

had people calling up until 11 o'clock at my work. And we that's an ice rink who calls 11 o'clock at an ice rink.

02:13

Maybe they want to find out some

02:16

someone on acid I don't know. Do I go skating?

02:24

No, that's somebody doped up somebody who was high on acid what

02:32

02:38

03:08

Yes

03:14

Not many of you could fall down both sets of a split the level staircase drunk

03:23

tumbled down the stairs in a circular manner

03:31

rolled down one and rolled back up the other side

03:38

^ - - -

03:39

such an event happened I was

03:40

wearing these shoes. They were quite great, but not very practical for me. And we were I was going down this metal staircase. It's like metal and Summit. Oh God and I fell all the way down and then there was a platform and he stood up and people were like oh my god, are you okay and I turned around and fell down the second

04:03

person it was like get stabbed in the shootout.

04:10

Day slipping in the bathtub down the elevator shaft tell them about like, oh, what that girl was saying. Back in the nurse nurses office when I was there. Which one was the second time you were second

04:30

it was not the second time I had hurt one ankle it was my second ankle. Oh,

04:35

the second time Yeah, the second time you hurt a ankle and an ankle Shut up. Pushing the button. I don't really know what to do. Remember, it was just like He's so mean to you. Oh my God. David

04:48

sat there and made fun of me the entire time I was in pain and crying in the nurse's office or making her looking as sensitive as he is

04:57

to go to work with folk Get the kids to play.

05:03

Do you Do you know how often I get that question? Iust terrified. Yeah. bov. It's like hell yeah.

Okay. Yeah. He seems more interested in the football players than me so probably not. Is there a collar person? Yeah,

⌚ 05:22

there's like having problems with the phone line. Wait,

⌚ 05:24

but that person seems to be the on it seconds are ticking.

⌚ 05:30

Hello

⌚ 05:35

⌚ 05:39

It's like well, they will tell us when someone is actually online for how to run a

⌚ 05:43

radio. No one No one.

⌚ 05:44

Radio shows for dummies. We're

⌚ 05:46

gonna hold back on calls. Because we

⌚ 05:49

have people that do that. Yes. Oh, wow.

05:51

Yeah. We have people.

05:54

We have people have your people call

05:59

you what our people don't know how to use them.

06:03

So much to do and so little people to do it for

06:08

That's what I've always said. Super.

06:13

Super. Must be time for music. Oh, wow. Okay, really? Sure.

06:19

Okay, it's time for music. Nothing else to talk about.

06:25

Tony to repro the music will be brought by me. Thank you very much. Shawn Wiggins, who is this awesome singer songwriter from Los Angeles. Maybe it was female. Okay, and she was here at the Houston women's music festival. And I bought her CD and now I bought one for the station and it'll be really cool the two songs you're gonna hear are fairweather and lazy Susan

06:53

100.1 Which one is which

06:56

was that in order that we we put them in the CDs.

07:00

The first one we put in was fair weather and the second one was lazy Susan, okay. And

07:04

you're listening to all this good stuff on after hours queer radio with attitude on KPFT Houston and ke O 's College Station. And I was supposed to do this before we started the song so I'm going to be doing it in between the two shows awaken songs that you're going to hear. But I have tickets to give away for the Gay Men's Chorus concert which is coming up next weekend. The first weekend in December. And you can have your choice of either Saturday night the Saturday night performance at eight o'clock or the Sunday afternoon performance at three o'clock it will be happening at at the Jewish Community Center out on braise wood. And just give us a call right at jam KPFT and we will put you on the list jam KPFT called now it's a good community some yes

08:12

like ordered that I want. Chicken said that rooster that's how you lay an egg.

08:23

All right back in full swing, kinda

08:29

blinds or curtains or something to put in front of that like plexiglass so you don't have

08:34

to. So you don't have to what look at us. No, I

08:38

know actually, so we don't have to look at him.

08:42

He's thinking of us how very kindly but that's just the

08:47

most magnanimous thing you've done since I've known you Okay,

08:52

so we're back this hatch radio stands for Houston narrating coalition homosexuals just so y'all know yet a second time. We meet on Fridays from seven till 10 and Sundays from six till nine hatches a place where as a safe place for gay youth from 13 to 21. When you turn 21 You get kicked out and all that good stuff. Places where we can come together and talk about weekly problems issues, whatever. Just have fun. It's it's quite interesting. And all that good stuff. I have some fun read. It's called Face Off. It says Bush beats Gore for high school homecoming king. Kind of weird. And Hartford, Connecticut Weaver high school made Bush a winner. Instead of leadership for the free world a crown a scepter and 330 \$5 dance ticket refund was all that was at stake on Saturday at Terrell bush. As Terrell bliss competed against Johnny gore and Bush defeated Gore in the fight for homecoming king. During a less than intensive two week campaign Gore, who was 17 asked friends to vote for him and bush 18 handed out tickets and posted some fliers around school. Otherwise, the popularity contest went largely unnoticed by the outside world Who's cuter. But as the chaos of the national election evolved, people noticed that the kids surnames were the same as those in the presidential matchup. Golly, it was funny at first that Gore, who was also on the football team doesn't really matter. It's not like we're taking over the school. It seems it seems similarities weren't limited to namesakes. A third candidate Marquez, Julius was feared to have affected the racist outcome by siphoning votes from the leading challengers. ballots from three of the schools 66 homerooms were disqualified because of improper handling. But Fitzgerald's health law student council president said they don't need to recount at Weaver so just thought that would be interesting. quite amusing. Yeah. kind of freaky stuff happening in Connecticut. That is

11:10

a completely another unrelated No,

11:13

it's c o n n period. Oh, yeah.

11:15

So it's gonna connect.

11:18

That's right. Yeah. Yeah. We had a caller earlier to our caller I don't know it was supposed to be very interesting.

11:29

Well, if you're out there call back

11:31

please ameliorate landed on him or some other absolutely horrible thing. It's like to finish off everything

11:37

in a really good juicy story in the wrong spot. And I'm sorry, it's all

11:41

his fault. You know what you know what? You're fired

11:51

not putting up with this crap anymore. This so anyway.

11:58

Yeah. So what's that other call that spin on for like, seven minutes?

12:02

I don't know. We are ignoring that person. Okay,

12:05

so obviously not for us. Yeah. Wow. No one's green. It is the fire

12:09

department departments trying to tell us that have a left wing of the building is burning. But the show must go on. I hope you

c

Chris 12:22

really help yourself. But line two is your caller. Oh, yay.

o

12:26

How do I work this? It's green. It's blink. Stop

o

12:28

pushing. Let's Yeah,

o

12:30

I didn't touch it.

o

12:30

Read on the air. Hello. Hello. Hello. Oh, we

o

12:38

have more buttons to push it off.

o

12:39

Keep talking. Stay in line colleague on the air.

o

12:43

No, they're not. Caller There you are.

o

12:50

Hello, hello. Am I on the air? Well, point one from both on and so I understand your your you called to tell us about your your experience over the holiday weekend. Whatever Thanksgiving coming up story, right? Yeah.

o

13:09

Okay, I'm 18 years old, I just turned 18 over losers. My name is Daniel. And I figured it'd be a

good time for me to let my family know that I will tell it that show this Thanksgiving. So me and my family. We all get together on holidays and everything like that. And my whole family comes over and everything. So we got together in my parents house. And we're all talking about different things like that. My father started joking about homosexuals and making up all kinds of different jokes and stuff like that. So I figured it'd be the right time to tell my whole family and I was homosexual. So I did. And at that moment, like, my whole family went crazy. I turned over there. My dad he like got up and picked up everything he could which was about the knife. And he started throwing them and Whoa, he instead of hitting me hit my mom and she got hit like three times in the neck. Because your dad he used to make an aim because he was in the military and oh my god, so

14:13

so he all kinds of so your mom getting got in the way and your dad hit her in the neck with a knife? Yeah. Oh, my God was

14:21

bad. And so she had to go to the emergency room. And fortunately for me, he started throwing knives. So when they left my cousin's took me to the room and they told me that it'd be a good idea if I just told my whole family that it was a big joke because your father's joking about it and that I should just leave it at home.

14:39

So they wanted you to just like go back and lie and just say you were kidding or something. Yeah, they wanted

14:44

me to forget

14:46

the whole thing is your mom all right. Yeah, she's okay. She okay.

14:49

Yeah, they recovered fine. What happened after that? Okay. And I told them no, I was like, No, I will not do that. I felt good. For the first time in my life. Yeah, I was like, No, how am I gonna take that back and hide again. And so they started dumping me. And after about what, 10

minutes, my uncle came and they told me the same thing. And it was a good idea if I would like just to get the whole thing and I told them no as well, and they joined. And so that left me I had to go to the emergency room for today. And admit, horrible.

15:29

So did you. Did anybody call the cops on anybody?

15:32

I mean, oh is like, my family's like, You got to sleep together and

15:37

Yeah, but you're out now. Right? You're out? Yeah. Right.

15:41

How are things right now?

15:43

Right now? Everything is like, no one wants to talk to nobody. Mike Miami's gonna talk to their husbands and my cousin. We don't get along at all because I have another case and that's homosexual. But female. And no one wants to talk to nobody. My dad will not talk to my mom or my dad. So good.

16:04

Did your mom accept it? Yes.

16:06

He thought it was great. Because the you know, your parents always know. But my mom she thought it was good.

16:17

Yeah, but you got it. You stood up for yourself. You said no, he wouldn't go back in no not. That's awesome. That's really awesome. In retrospect,

16:25

maybe the holidays aren't the best time to come out.

16:30

Not the best time ever, but but it was it's good. It's good.

16:35

You're glad you're sticking with it and backing down? That's a good thing. At least are things

16:40

safe for you now? Yeah, it's

16:42

okay. I mean it's good

16:48

that's good. Well, I hope all your whole family comes to accept this

16:54

maybe now would be a good time to give the hatch number two.

16:57

Oh yeah. 18 Have you ever heard of hatch? Not really not what hatch have Did you hear me talking about it? Yeah, like I said, we're having we're gonna have a meeting this Sunday tomorrow or today What time is it anyway? Yeah, it is today this Sunday. So today we're gonna have it today from six o'clock until nine o'clock we'll probably watch a movie or if I can think of anything something more interesting pm pm yeah he just so you know call the know the number for Hatch is 713-942-7002 for anybody in you'll get your call get a recording and and I will be the one to return the call I always check it so so yeah, we'll talk I'll give you directions whatever how to get there and all that good stuff but yeah, come it's gonna be great. Good

17:53

things like? It's not like one of those like because I've been to stuff like that before but they

unintelligible: it's not like one of those like, because I've been to stuff like that before but they always get like raided by gay bashes

18:04

hatches safe place Yeah.

18:06

Yeah big which packets to fight them back. Like you pick up my whip Ian's like

18:18

microphone, all of us there. Anyway, all of us go to hatch Gabrielle. She's a facilitator for Hatch. That means she's there. She's one of the people that keeps everybody safe. There's no confinements or whatever.

18:32

I'm one of the adults. She's the responsible one.

18:38

I assume it's gonna be gonna be very different from what from what you think it is. Okay. Yeah, but I've been doing this.

18:45

It's fun. It's all legal. It's it's relaxing. It's fun. There's no There's no like Bile or hey.

18:54

Anyway, yeah, well, this is gonna be my third year going to hatch. And yeah, so it's, I don't know. It's it's pretty great place reminder. It's 60

19:08

Okay, no, well, apparently, I'm a freak act of nature has taken our caller away. I mean, it sounded like a cat dying or so. Yeah. Well,

19:01

19:21

yes. But it's 69. Just so everybody else listening out there knows. Sunday.

19:28

Okay, well, that was interesting. We lost our caller. But yeah,

19:31

we know, he just kind of, you know, fell off the face of the earth or something.

19:36

That's okay. Yeah, but I'm sure. I'm sure nothing is as traumatic as what happened to him this Thanksgiving. So yes. He's been prepared for the worst. All right. Well, anybody else have any lovely stories Other than that, from what happened this Thanksgiving?

19:55

My Thanksgiving was boring. So I'm glad it was boring because I wouldn't want his thanks. Get back.

20:01

Where were you for Thanksgiving?

20:02

I was at home. I mean, I've been I've been just hanging out at home basically relaxing. I've got so much stuff coming up for school. I mean it's not funny. I mean, I've been slacking off and almost

20:13

next Monday when our finals you

20:17

have h u h finals are like the week after. Oh no, it's like from the fifth to the 11th of December I think really something like that. Yeah. It's yeah, I

20:28

want to know I have a paper that I need to turn in before the end of finals I procrastinate man, I'm quite sure I had some type of homework to do over the holiday. It's still sitting in the back of my trunk I opened my trunk and realized that's where I had left my bag moths fly out

20:49

I was gonna go in Monday and say oh yes I forgot my everyone's gonna

20:55

call my entire car and the house flooded I was not able to salvage anything but my clothing and glitter there was actually believe yes, yes. Teacher let me tell you no,

21:16

no, some some of our viewers Yes.

21:19

Just tell them you broke your leg probably scratch

21:36

Don't worry, I'll be okay.

21:38

I think are the next hatch segment should be devoted entirely to Monty Python. Just so you know, I think I Yeah. Okay. Yeah, we've been rocky for next week. We'll do Monty Python. Monty is pretty cool.

21:52

I wish my caller would call Pat was he like no man that like older gentleman it was really nice guy I mean he called to sympathize with me because he also hitting you know has weak ankles and falls often Lee in awkward ways,

22:13

but he's 80 and has osteoporosis Don't worry I smashed bones all the job just like you

BUT HE'S GOING TO HAVE OSTEOPOROSIS DON'T WORRY I SMASHED BONES ALL THE TIME JUST LIKE YOU

22:22

only person talk and like associate with this Christopher Reeves.

22:33

One comment I have inspired someone to call

22:37

me talk to the person with the green and the 3435 30s come down.

22:46

So it's great, but it's so darling. Passing.

22:52

Like instead Oh, man. I want to talk to you, man.

22:54

He's not Oh, is he? Is

22:59

God my callers back?

Chris 23:04

Don't ask me he's the producer. Oh, doesn't

23:06

want to go on the air. Yes.

23:08

He wants to talk to me and yell at you guys for being so mean. Do it.

23:12

I want to talk to this ministry.

23:16

I'm sure you do. I'm not making you love you guys. Hello. Hello.

23:22

How are y'all doing? Just fine. Fine. You are requesting Thank you. Yes, ma'am. By the way, your suggestion on turning in that paper that you have to do. Friend of mine had the same problem. They waited till the last minute got it written up walked into deliberate and there's a huge mound of folders with all the papers in them. And they argue with the professor he didn't want to take the paper it was you know, an hour late or something. He says Do you know who I am? And the professor says no, not really great. He just grabs a stack of folders and shoves his his a minute mount an urban list and it works beautifully. That's a good one. Oh yeah. I like that one. Yeah, I was talking about the the problem with ankles. They can be a challenge.

24:15

Have you have you injured yourself much like are at least on your list?

24:19

I inherited weak ankles from my mother. So I've done this at least three or 400 times

24:26

or inherited them from a flight of stairs.

24:28

How many times have you done it fallen

24:30

downstairs or snap my ankles both added together? I'm not quite sure but I know I know this Rebecca.

24:38

lingers anymore to count I am falling set of

24:41

stairs at school due to some type of shoe I was wearing. I stopped wearing shoes at one point at school I

24:49

wear combat boots. I love high top work boots.

24:53

I wish high tops were still like in fashion for high school because I'd still be wearing them.

24:57

How can you work just standard pull on boots. Like a rocker western boots

25:02

like rovers should probably

25:06

just get a pair of engineers boots to get the heavy toe. Plenty of support for the ankles. And with the buckle up for the strap and the buckle across the instep. A lot they make you think maybe you're a biker,

25:17

or piLc awesome. And I worry that

25:21

a pair of combat boots it makes it very lightweight. When I had a

25:26

pair of combat boots and they had heels on them. They caused most of my false

25:31

Oh, what do you want just standard military issue combat

25:34

boots that are prepared for the military yield?

25:38

Yes, they were quite spectacular. Thank you.

25:40

Are you I liked them

25:41

I wouldn't wear them. Well, I know you. You're not Tara

25:45

glue all kinds of shiny things tool.

25:47

I'm just trying to picture Tara in the biker attire and I'm having a little trouble

25:55

try really Easy Rider a couple of times you'd be amazed what you find the ladies wearing.

26:02

Yeah, I think it would clash with my glitter. Yes, we're

26:04

gonna get rid of Vietnam style. You know the jungle boots that are half canvas and half leather. dyed wool holding style. Why black? You put glitter across the toes but the leather is you can always attach a few of those. Those chrome studs to the sides with a canvas is oh, I rhinestones don't forget the rhinestones. All your friends are optional for any place you want to put them. But yes, I used to work in a machine shop. I stepped off one level of in the shop area into another which was like a four inch drop. And I was in a hurry and I forgot to drop was there. And I stepped on the edge of my foot and ankle folded and I went down sliding across a piece of scrap metal around the floor. I've

26:52

also had problem with scrap metal cutting machines. Oh yes, I've

26:56

cut myself up a few times. That way just tar

26:59

is also a construction worker.

27:03

I made the mistake of taking shop class in junior high.

27:06

Yes, I didn't Senior High.

27:08

I took in junior high. And I had I took it for six weeks and I believe I was in the nurse's office or in the are two or three times I smashed my fingers with knowledge in

27:22

addition to run around with the drill presses and the really dangerous stuff. At least this way all your fingers are still a complete and attached.

27:31

Okay, well, thanks for calling, sir. Yeah, lovely fashion tips there. Okay, bye. Bye. Toodles All right,

27:45

we have to talk to you about segways that was a bit abrupt. But But no, I mean, we need to wrap up the segment. That's that's why we had to end the call. Oh, yeah.

27:57

Their show segmented like worms. Oh, thanks. You've been listening to

28:05

you been listening to hatch radio. He's narrating coalition of homosexuals on 90.1 KPFT. And

28:11

who have we'd been listening to this evening?

28:13

We've been listening to Justin Gabrielle. Tara Norman. Tommy, any shot? No, that's wrong. And David, anybody have any shoutouts to anybody who's listening?

28:29

Then no, but if anybody's listening call me.

28:33

Now because we're going off. Yeah, maybe my mommy and my little sister and all those boys at

28:39

school. Okay, Tommy. Sorry. Anybody?

28:45

28:45

Um, all the girls in the military? And Gabrielle

28:48

anybody, Gidget and Jim if they just happen to be listening absolutely fabulous.

28:52

I'd like to give a shout out to Brandi I know you're listening. Thanks. Oh, show's over. Come pick me up. Well, she's coming anyway. So anyway, thanks for listening.

29:05

So I got my CD back then.

29:06

No, we're gonna play it. Oh, yeah.

29:08

I don't remember what the first song is. On give me it's a nice song. I like it. I don't know what it can't remember.

29:18

You're listening to it on KPFT Houston and ke O 's College Station.

30:36

Yes, you've heard that music and that means it's time for after hours news and views with big Roy and Chris and big Roy is complaining that he can't hear on his headphones. And, you know, he's using the same headphones that the hatch kids use. So I don't really understand it. But But what you know, whatever.

R 30:55

Roy McCarthy 30:55  
Oh, well like to welcome everyone to this week's edition of after hours news and views, some big ROI. Of course, you already heard Jimmy and Chris is here with me and like to give a special shout out this week to Darcelle who just got a phone call from who's listening in and she really

listens into after hours, news and views. She really listens every week. She says every week, Chris,

∅ 31:25

what a sad existence.

R Roy McCarthy 31:28

And I want to give a shout out to Randy out there and rosharon to Tony up there and Midway to another brandy down in Beaumont and all of our friends in the far flung including George here in the Montrose and another George and the heights and a number of people that do know

∅ 31:45

we have a lot of a lot of listeners who listen to every week, as a matter of fact, on the latest Arbitron ratings after hours in the radio shows at midnight, after hours is number seven in

R Roy McCarthy 32:00

Houston. Hey, that's not bad folks.

∅ 32:03

And considering that the top three shows that the top three stations take 60% of the audience. I mean, you know, we're doing really well. Yes indeedy.

C Chris 32:14
