00:07

They have special counseling and government expense to teach children how to be lesbians in the end, and homosexual

00:13

seem to us if we've taken the whole of our society and turned it on its head, that there's things that we want our help to be good and true, are becoming things that we no longer want. And the things that we once looked on as being a porn are now becoming things that are being lifted up as good and truth

00:28

is happening. I watched Phil Donahue, a year or two ago. And it's been that long. I mean, it's it's I've watched him the last time. But in any event, he had some some young women who were lesbians who had just gotten discharged from the Navy. And they said, We came out of a closet and we're proud to be lesbians and the audience cheered. Well, I mean, it's like saying, I'm proud to be a murderer. I mean, is that pride? Let's look at what the Bible says and what Sheila said, he's absolutely right. The former morality has gone a new morality has taken his place. But Paul wrote in Romans, he says, Therefore, God gave them over in the loss of their hearts to impurities, that their bodies might be a Dishonored thing among them, for the exchange the truth of God for a lie just what you said she loved, and worshipped and served the creature rather than the Creator, who is blessed and forever. For this reason, God gave them over to the grating passions, for their women exchanged the natural function for that which is unnatural. And in the same way also, the man abandoned the natural function of the woman, and burned in their desire toward one another, men with men committed indecent acts, and receiving in their own persons, the do penalty of their error, the incidence of syphilis, gonorrhea, intestinal disease, and especially aids in terms of various types of venereal disease among the homosexual community in San Francisco, it is 12 times the natural national average. And it's not just aids, it is all kinds of diseases, because that's the natural consequence men and

women are made to reproduce, there is no reproduction and lesbian or homosexual relationships. It is not and should never be an accepted lifestyle is pathology. And ladies on this program, we have received 200,000 telephone calls from gay and lesbian people asking for spiritual Hill. So it's hardly that we're turning our backs on these people, we love them. And we offer to them the acceptance of Jesus Christ. Jesus loves them, but he doesn't love their lifestyle. And the idea that we would force this thing on the society, Paul in Romans was giving us the last stage in the depravity and the fall of the Gentile nations when it comes to acceptance of homosexuality. The society is finished. I want to make it as clear as I can. When we accept homosexual I accept homosexuality and lesbianism as a as a legitimate lifestyle and we protect it by the government. The society is over. Done. It's no more DuBois.

03:35

I can think maybe if some of our partners watching in and saying, my life, you know, I have a nice husband, nice wife, we have kids. Why should we do something about this?

03:44

Any number of nice husbands these days are so close, which he's a hitter's, ACDC. They're out having homosexual affairs, and they're back with their wives. There are many wives being infected by diseases brought in from these liaisons. This is one of the reasons plus the children are being exposed in the schools to homosexual advances. About a third of all the homosexuals in America by their own testimonies by survey said they were brought into that lifestyle by the advances of elders, so somebody's teacher or some personnel responsible authority over them. So what can we do? Well, the thing we've got to do is twofold. Sheila, number one, we've got to hold out the love of Jesus Christ to everybody who's homosexual and say, Listen, there's a better way God will get you out of that. You don't have to be that way. There. There is another way. But the second thing is, is society, we've got to resist the spread of this thing in Virginia, it is a felony to be engaged in sodomy. And we must uphold the laws against this kind of conduct. We must protect our children. One of the things that they do in Britain, as I understand it, is they forbid the teaching of homosexuality in the schools. And I think that's a minimal thing that we should do in our sex education that we should not permit teachers to teach children How to be homosexuals.

05:01

It's interesting how things are changing very subtly. There's a new movie coming out soon called longtime companion. And this is an excerpt from it. What do you think happens when we die? Someone is dying of AIDS? Well, we get to have sex again. Lucas and Rene No, AIDS is not God's punishment for having sex. And the film is not afraid to show gay men affectionately towards one another. And some other things I'm

05:24

not going to wait till they die they get to have sex again

05:27

says when we die we get to have sex again because AIDS is not God's punishment for having sex. Well

05:37

you're I'm speechless but the truth of the matter is ladies and gentlemen, there is no sex of heaven that may make you want to go there's not any sex in hell either. Spirits don't have sex anymore. We are as the angels and we live forever the concept that you're gonna go to heaven and have homosexual sex forever, that might be a kind of hell it could be put in but that's not the way it works.

06:00

The following program contains language or images of a frank or sensitive nature that may be considered objectionable by some listener discretion is advised?

07:51

Don't make any mistake, here's your house. It's not the storm is rising. And there's some people say well, I'll get raptured before we got any problems, don't believe that easy. It isn't going to happen I believe in the rapture, but I don't believe in it just because troubles gonna start and you'll get out of it. This land is in trouble. We have shown persecution against Christians we've shown the deliberate reduction of your civil rights. We have shown techniques in the media that have been used to inflame people against Christian violence. We have shown the rise if you will of vile filthy language and various types of music and painting and so forth. We have shown the incredible lobby and the rise of homosexuality of the gay lesbians as a political well funded political force that is having incredible impact on the laws of our states the laws of our cities and the election of officers.

Buddy Johnston 09:53

That didn't make someone want to pick up the phone and call and make a pledge to this station nothing will because these bad bastards are spreading all this garbage 24 hours a day, seven days a week, 365 days a year. And it makes me mad as hell yeah, we get to come in here for four hours a week and hopefully tell somebody that it's okay. And they're gonna be alright. And then we've got this maniac in Virginia broadcast from coast to coast, that all these people are gonna go to hell, he's got toilet and 1000 gay kids. I forgot to tell you it's marathon. And this is after hours. Did you ever see the movie network with Peter Finch? Right? Yeah, where he said, I'm mad as hell and I'm not going to take it anymore. Listen to this, this is from the Texas penal code. Okay, yeah, this is the law marry 2106 homosexual conduct. A, a per person commits an offense if he engages in deviant sexual intercourse with an individual of the same sex and offense under this section is a Class C misdemeanor.

J Jimmy Carper 11:00

Okay, what's a Class A misdemeanor, a

B Buddy Johnston 11:03

Class C misdemeanor is punishable by only Yes. Up to a fine of less than \$200 Oh, and no jail time. I got that information from the Harris County District Attorney's office. So they've got this crummy stupid law on the books in Austin. That says we are engaging in deviant sexual intercourse. But you listen to this garbage on CBN that sounds pretty damn deviant to me. Yes, I got this law on the books and if they catch you, which Harris County DA told me he doesn't think anybody's ever been arrested in Texas. Now I may be wrong for sodomy. If they were he wouldn't admit it to me after he found out who the hell was oh, that faggot that works for HPD that does the radio show. I never mind. He didn't want to talk to me. But no jail time and a fine of less than \$200. Yeah. And it says a person commits this offense if he engages in deviant sexual intercourse. Now you read in sexual intercourse. In definition. This is from the Texas penal code. In this chapter, deviant sexual intercourse means any contact between any part of the genitals of one person or the mouth or anus of another person, or the penetration of the genitals or the anus by another person with an object. Oh, oh, now this is from the Penal Code marry. And what makes me crazy, I used to think that only sodomy only the 2106 affected gay and lesbian people. But that's not true. Because anybody can do anything other than if you read deviant sexual intercourse between 106 Doesn't say that it says homosexual conduct. And then you've got this maniac in jail,

12:39

government express to teach children how to be lesbians in the end, and homosexuals

12:44

seem to us if we've taken the whole of our society and listen to this, that the things that we want our health to be good and true. are becoming things that we no longer want. And the things that we once looked on as being a porn are now becoming things that are being lit. This

B Buddy Johnston 12:57

is from CBN this past week. Yes. Is that the Christian Christian nation, the Christian Broadcasting Network network which masquerades as the family channel, haha, all during the week, and they broadcast 24 hours a day, seven days a week, 365 days a year. They were asking for \$250,000 This particular hour that I watched them they were wanting to \$1,000 a minute to spread this garbage. Were they getting it? Honey, the phones were ringing off the wall

13:26

to be a murderer. I mean, listen to the crime.

R Roger 13:29

Did you hear what he said? No.

13:32

Came out of the closet and we're proud to be lesbians in the audience. Cheers. Talking about women on Donohue. I mean, it's like saying I'm proud to be a murderer. I mean, is that pride?

B Buddy Johnston 13:41

He's comparing us to murderers marry. That's my word for the police department murderers go to jail and go to court. If I'm a criminal, Pat Robinson, why don't you come and put me in jail? You I can't call him what I think he is because they might come down here and jerk me out of here. Doesn't really makes me crazy. Doesn't anybody hear what's going on in this country? We've got this maniac in Virginia. That's raising money here we come on and we tell you 365 days out of the year. No, I'm sorry, kids. We tell you every night No, I'm sorry. Boys and girls. We tell you twice a week. No, I'm sorry, honey, we come on one week and four hours a week. 52 times a year times four hours is however many hours we're on. Roger figure that up. If you're listening 52 weeks a year. Four hours a week is all we've got honey to tell you that it is okay. It's gonna be okay. And this maniac in Virginia doesn't count. He's raising \$250,000 to continue these lies, encouraging people to come on and if you can't donate money, sell your home give your real estate I heard that take your jewelry off and Hawk that and send us the money give us your your stock. They even had a guy down there waiting to take money waiting to show people how to hawk their home. And yeah, and if you're if you're old and you live out your life, get rid of that insurance policy now your life insurance. You don't need that anymore. Yeah. It's incredible. We're on 208 hours a year, 208 hours a year, and he's on 24 hours a day. And these bastards are on 24 hours a day, seven days a week, 365 days a year. And I get to come in here and tell you that life's gonna be okay. And hopefully you'll buy some of it. I know that you buy some of it because your lives have changed. Well, of course that's not counting Wildenstein, which has been around longer than God. Wildenstein is the longest running gait program in the history of the world. And Bran has been on Pacifica radio from the very beginning. Yes. And breakthroughs around every Friday morning. They'd been on for seven or eight years. And kids were fighting a war fighting. We can't even fight them. They're broadcasting coast to coast now on cable right now while we're speaking you can look at them that Christian Broadcasting channel, they probably broadcasting those lies

J Jimmy Carper 16:03

is the thing that strikes me is that while they, they want to take our freedoms away and get rid of the ACLU, and Lord knows how many other groups they have no, have no place in their in their groups for us. Now, he said they love it homosexual. No, no, that's what he said now, as long as you live your life the way they tell you to do. And that's the difference.

B

Buddy Johnston 16:34

And then they go on and they spread this garbage about how this country was built on the faith that that one nation under God and all this crap kids that that's not the way it happened. This nation was built on something called the Constitution and thank God or if you're not thank God if you're an atheist or don't believe in their particular God see, that's something else that bothers me. What if you're a Buddhist? Or what if you're

J

Jimmy Carper 16:55

Jewish later in the show, he

B

Buddy Johnston 16:57

talks about how those people are going to hell as far as they're concerned, he was

J

Jimmy Carper 17:01

so excited that they might be able to put his he put a school in China child to convert all of those people

B

Buddy Johnston 17:09

to this kind of garbage right? Doesn't doesn't listen, you listen every week doesn't scare you talk about conversion, talk about you know, while we're on the air. I was in Arkansas in May in April to bury my father, those poor Queens up there don't have no after hours to listen to maybe you should be calling right now. 526-573-8526 KPFT and saying I'm mad as hell, we're not going to take that anymore. We're going to show the straight buttholes can you say that? I guess you Dan, I just said it. Okay, that that we're not going to take this garbage anymore? What is what is wrong? I mean, can't you go to the bar later? Can't you just kind of like take a deep breath and and not buy that extra bottle of poppers this week? Or buy that T shirt of that album or that CD CD you need? Can't you put a little bit of money somewhere where it's going to do some good. I mean, this man is raising \$250,000 an hour, this radio station, we only want to raise What 100 and half of that in two weeks 150,000 Half of that in two weeks. And in 21 hours. Thanks, Michael. It's not even not even 10 or \$50,000. Because listen to them in a minute. They're screaming I need \$2,000 A minute. Yeah. And they get it.

J

Jimmy Carper 18:17

And as Otis in his in his show reminded us, the cost has gone up a little bit. But it costs \$49 an hour to run this show and all other shows on KPFT. You know, 50 bucks an hour to bring you the truth. I think you should call somebody

B Buddy Johnston 18:35

and say those lunatics are at it, turn it on, turn on the radio and listen, because that queen is really upset you goddamn right. I'm upset baby. I'm tired of this crap. I'm tired of people like me having to bury our fathers and not ever being able to talk to them and tell them how much we love them. I'm tired of our young people blowing their brains out. And then having some Bozo in some place like Virginia tell us how it's our fault. And how the Christian church is just reaching out reaching out reaching out they're smothering us to death.

J Jimmy Carper 19:01

Did you hear the part in the beginning of the beginning of the show where he talks about the hurricanes and tornadoes? And how all of the hit mass is brought about because God is angry because the homosexuals and the lesbians are taking over America?

B Buddy Johnston 19:15

What about those poor people in Arkansas? They were just flooded out this this past weekend. What's that all about? I mean, I was the only queen in Arkansas girl I got to get out of there. He

J Jimmy Carper 19:25

went to Arkansas. So you you brought the flood? That's probably

B Buddy Johnston 19:27

it. 526-573-8526 KPFT that's the number to call. I don't know if we should even go on. I really don't because we come in here and we knock ourselves out. And you know, why? Does anybody have any idea why? Right? Come on in daddy.

R Ray Hill 19:48

I am wearing two hats today. Get I'm gonna get on the chair. I'm wearing two hats today because I watched the what's his name? Robert.

B Buddy Johnston 19:58

Brother Robinson, who all right was President Rob Robison, can you imagine? President?

R Ray Hill 20:03

Okay, no, no, they haven't caught Robinson in a compromising situation like they have caught some of his competitors. It's only

J Jimmy Carper 20:11

a matter of,

R Ray Hill 20:12

but I want I want to explain. I watched all that with with a pretty keen eye. Because I'm a technician. I used to be a teenage evangelist whenever I was in junior high school, I would put on a white suit. Right? Neither red to absolutely, absolutely. And I worked the Independent Baptist Church circuit and I went outside and sold the \$5 page, Franken hemorrhoids without surgery. The truth, you know, that was kind of a career. I mean, they want me to be a car salesman, when you're 12 and 14 years old. I mean, you've got to do something else for a living. And I did pretty good. My take was 60% of the collection, the nights that I spoke. And I always was disappointed that we couldn't work out some kind of Ranger so I could get some residuals off of because what I would do is save people's soul and get them members of the church. And then I would leave town and that preacher would make money off them suckers for years. Wow. Right. I mean, I mean, because you're always at the end of the revival. You always gave the, the pitch for the 10% you give the ties. Yeah. You know, and, and so I was I was kind of pretty, and I was kind of athletic. And I could sure enough scream. I had one of those boys. Oh, hallelujah, glory. I

J Jimmy Carper 21:31

remember you in the old days. Yeah.

R Ray Hill 21:33

Oh, yeah. And what Roger and

R Roger 21:36

what Roger and speaking speaking of making money off of the people for years, you know, Pat Robertson, he's not raising money just for this week. He wants you to give that every month \$20 A month once you get \$20 A month, not like we do we come and ask you give \$40 a year, \$20 a year, whatever for a year. They wanted every month was it

R Ray Hill 21:55

they want 20,000 suckers, giving 20 bucks a month. Now I don't take a lot of arithmetic to let you know that's \$400,000 a month. Then they hit those. The \$5,000 suckers in the \$1,000 Soccer net. Wow. And the 150,000 grantmakers and the 100,000 grant makers. And you know you can get some serious totals here. Yeah, absolutely. Most of that money will go to buy airtime. Because airtime is his bread and butter, very expensive show that you were watching

and fuming at at 10 o'clock in the morning. Shannon Donaldson was watching and fuming at around noon. And she called me and I said That's alright, they'll play it later. And sure enough, it a little o'clock that night I was watching sloop it's on it's an endless loop. It is also a stage production that is not a live show. They were not getting calls at that moment. And what I did was at 10 o'clock in the morning, and at noon, and again at 11 o'clock at night, I would periodically go to the telephone and dial those numbers and see if all their lines were tied up and their lines were never tied up. As you know that it's it's it's because that's when they were playing the tapes in this area. And you have a local number at the bottom of the screen and then you have an 800 number and and neither the local number nor the 800 number were tied up whenever they were doing the broadcast on Houston television. I couldn't see it again because I ain't got cable you

 **Buddy Johnston 23:25**

know to what he said they were they were fighting the onslaught of the gay and lesbian movement which was a very well funded now Ray, Ray Hill. Ray Hill has been Houston game has been politics for I don't even tell you how many years how well funded is this group? Well, let me tell fun it is this movement.

 **Ray Hill 23:44**

Let me tell you the the greatest expense of the greatest expenditure, or the to Washington group's national has been a task force, which has an annual budget of less than a million dollars, which is probably the least well funded Washington office of any group in the country. I mean, the the one eyed Newt Growers Association, have a better paid lobbyists than we have in Washington DC

 **Buddy Johnston 24:14**

girl I wanted to know where he's got this these gay people with all this money. How are those lesbians with those Pocket Books?

 **Ray Hill 24:20**

Well, I know I know where they are. They're giving money to Second Baptist Church, Pat Robertson, they're not giving money. But let me let me do you submit something else about all of this because I really am an expert on fundamentalist religions as they relate to gay people. As I got a little more sophisticated into my evangelism circuit, I found out that that if you're the preacher visiting from out of town in Henderson, Texas, yeah, that you can you can just about take your pick up the pretty little boys. Truth and if you know and to make sure that you got pretty little boys, you just mentioned that in passing to the preacher. Now the preacher is putting up some money for the publicity But he's expecting to make a great deal of money off of this. I mean, the short term money is good. And then the residuals for him are excellent cuz you don't split the residuals not on me. So I'm talking about part of his salary for the next several years, and the preacher will give considerable cooperation. As a matter of fact, after my 13th birthday, my mother stopped going to church. And she explained to me when I came

rushing downstairs the first Sunday after my 13th birthday to go off to the mission, or the beacon Missionary Baptist Church, where Frankie went to go to church and they're set Frankie or stood Frankie with their foot propped up on the oven door, drinking cup of coffee in a Schiffer robe. It was like it was any other day of the week. And I said, Frankie, aren't you going to church and she said, you're a teenager, you can go to church by yourself if you want to, I promise my mama, I would raise all of my children in the church. You're the last I have done that. I will never darken the door and one of those dens of hypocrisy as long as I live. She hasn't done for her. I was in a trap. Because I couldn't stop going to church. I knew how to get tricks there. Ah, you look a little vulnerable and the youth minister and the Sunday school teacher. My wife doesn't understand me. Let's go park in my 47 Plymouth.

Harvey Milk 26:23

Literally, the first

Ray Hill 26:25

job I ever had in my life was from my Sunday school teacher in the back of a 47 Plymouth on our way home from a swimming party at the Pasadena swimming pool. All right, I will never forget it. I was nine or 10 years old speaking

Buddy Johnston 26:39

of sex. Why do we have this damn law in Austin, and they don't do nothing to us. But five is less than two. Has anyone ever been arrested for sodomy?

Ray Hill 26:51

Not in Houston or in Dallas or in San Antonio, but Schneider, Texas, they have had some arrest.

Buddy Johnston 26:57

Snyder get Snyder on the phone to come get me.

Ray Hill 27:02

About About six months ago, I got a call from a young man that had been arrested for homosexual conduct. He and his friend had checked into a cheapy motel in Snyder, Texas, and the sheriff came down kick the door in and arrested them for a class A misdemeanor. So so there's no arrest. I mean, this is a ticket double offense.

Roger 27:24

You get a ticket under dollars, no jail time. The DA said

R Ray Hill 27:28

can't arrest you like a parking ticket. Right. So he called me only if

B Buddy Johnston 27:34

you back in.

R Ray Hill 27:36

He calls. He calls me in a state of panic. Absolutely. Just just absolutely horrified from Schneider JL had been there two days. I said, Well, you know, I don't know what the rate is for fines and Snyder jail, but you've already done your Senate. And so I called the district attorney and the district attorney said Don't talk to me that I'm the district attorney, you need to talk to the city attorney, this man I called the city attorney. And he claimed he didn't know anything about it. But he did he go down and take care of it. And I got a call back from the young men that they had cut him out of jail and said We're sorry. And please go away. And don't don't appeal the case. Because you don't have a conviction. And don't sue us for locking you up. Right. He was glad to get out of jail. Yeah. And so there's nothing. As a matter of fact, in order to get a case to tech, check the constitutionality of 2106 through the Texas court system. We had to file a civil case. And nobody's been arrested. Nobody's been arrested. I'd love to be arrested. I go to HPD. But the Houston Police Department has used 2106 as an excuse not to hire police people. But they're getting over that.

B Buddy Johnston 28:46

I mean, it over a lot of things.

R Ray Hill 28:49

I mean, we're making a lot of headway. But the situation in the book just lays there. The law just lays there on the books in order to criminalize I forgot to tell

B Buddy Johnston 28:58

you right after city council and said, thanks for letting me be rehired openly gay they asked me to be president the union

R Ray Hill 29:04

has been elected. Well, they need somebody with a gay child. Roger, what's

B

Buddy Johnston 29:09

going on anything at all? We need to get the phones to

R

Roger 29:11

ring. That's right. We need to get these funds rolling and I got I got four people out here just drooling. Waiting for those funds

B

Buddy Johnston 29:18

during five to 657385 to six KPFT we're mad and we are gonna

R

Roger 29:22

get to music and we've had a couple of people call on here, man. We need we need money though. That's what it's all about five to 657385 to six KPFT. If you make a pledge of \$90 How about \$90? I need a credit card you and you're the first two people to call Yeah, what have we got for you get the complete works of Romanovsky and Phillips all three of their albums. Yes. All three of their album that's for a pledge of only \$90 on a credit card. And because we say credit card because we need the money in the bank today. Five to 6573 times you get anything else you can pledge. Oh sure. What else do you get? Ciao where you get a t shirt, which is a beautiful purple t shirt with the conductor on it the world harmony t shirt,

J

Jimmy Carper 30:07

nine colors, thank

R

Roger 30:08

you nine colors, it was a very expensive T shirts to produce the, you also get the acrylic clock. Plus you also become a member of the 90.1 Club, which entitles you to discounts businesses around the city. All that plus, if you call in with a credit card, the complete works of Romanovsky and Phillips.

R

Ray Hill 30:33

But mostly what you get for your contributions to radio station. KPFT is the programming that says right. I mean, let's I mean, let's get real. What you're really what you're really paying for here is this microphone, which allows us to come before and try to balance out Pat Robertson, now I can't go on KTR H or KPRC, or K, tsu or KC Oh, or KYOK or KYST, or whatever, Dan, Patrick's new radio station que se v, I can't go into those radio stations, and talk about Pat

Robertson, toe to toe. But I can come on radio station KPFT. And I can talk about my experience as a young person and scare the bejesus out of the people in the studio with me when I get real graphic. But I can do that. And I can not only get away with it, but I can get blessed by the management for doing it. Because we're putting our voices where the issues are. We're not hedging the bets. We're talking to you, from where you feel life, strike your experience,

R

Roger 31:43

listen, and if you don't think you can do it, you you're the only one that can do that. I'm talking about being elected president of the Union, I'm talking about working with the police department. It's only because of this man sitting right here that I've never even had the courage or the thought to do any of this. Because there has been little if no support for many of the so called gay leadership in this city. But along the straight people if it wasn't for Ray Hill, I don't know where I would be in Houston, and all that, but you have to It's the truth. And you know, it's a truth. And you have to understand I did most of this on my own because I believe in myself and I believe in us. And when Ray Hill says the count, the Constitution counts, I've listened to him. I've listened to him, tell him now that my life is gonna count and I believed it. And you believe it because you listen to us every week and you're buying the same truth that we bought. And now it's time to pay up a little bit maybe five to 657385 to six kPa

R

Ray Hill 32:35

the number is 5265738. But if you can spell better than you can count it's five to six KPFT so so that's that's the way we approach this. And let me tell you nothing happens until you go the telephone that's it I am 50 years old. I will be 50 years old this coming October I'll be able to join AARP and my mother and I can go out and get discount lunches at all. Groovy cafeterias and I have I have 20 years of service actually I've been in the business 26 years but I had take four years off for bad behavior and if you want to know more about that listen to the other Pacific a program that I love and that is the prison broker minutes on tomorrow afternoon today this afternoon at three o'clock but the situation is that that in those 24 years I have not received a salary for being an activist. My activism cost it doesn't pay that's right i Nobody told me what it was gonna be like or what how to do it right I made every mistake that can possibly be made and money talks about how supportive I'm I'm tougher than anybody else in this business on budding activist. Well, that's the truth. My attitude is I put my hand on my head and look him in the face just like Stella Dallas and say show me honey. Don't tell me what to do. Or don't tell me what you gonna do. Show me.

R

Roger 34:08

Are we doing Okay, wonderful.

That made Jacqueline's gonna Wilde 'n' Stein so teed off hijack made, it just just really jacked. Because Because I said in here and I did Wildenstein John. I kept commiserating about how tired I wasn't doing Wilde 'n' Stein Joe, I really wanted to get on with my other business. And he

kept saying, well turn the microphone over to me. Maybe you got to find for one of these microphones. It said, honey, microphones don't come free. They just don't give you gotta struggle until Jack literally reached over and said, Oh, man, give me that microphone, or I'm gonna kick your fat ass which you couldn't do if he tried. But but the situation is until he had the gumption to do that kind of confrontation, didn't let him play and really treated Buddy the same way. I kept saying yeah, go ahead and do it. Yeah, let's see. And he did it. And he didn't get any help doing it. He cut a path here late night, and you're listening to this. And the reason I'm sharing this with all your listeners is because I want you to understand that in this business, the only thing that we have is our commitment. Nobody sits down and writes a thank you note to Ray Hill. That's a lie, I got one in the mail the other day for introducing somebody to a judge, not many. But I, nobody says thank you, nobody's gonna give you any money, the only thing we ask of you, is to give us the opportunity to reach people and touch their lives, as we have reached you, and touched yours, right now, if after hours has not made a difference in the way you think about yourself, keep your money in your pocket. That's it. People up our other night, listening to this radio program that you haven't charged and made a change in their life. So you are the people. Or maybe you're not even gay, or lesbian. But you know, somebody who is and you have perceived the difference in your relationship with them, because of after hours. Or maybe you really don't want to be bothered by the politics, and you want to swage your guilt, because you're not even registered to vote, we'll do something. And that's something right now is making a commitment. If you ain't got 90 bucks, that's fine. We'll take five, we'll take 10 By the time you get up to 20, we'll send you a program guide. If you want to get up to 40 You can sport around in a KPFT t shirt. Like I've got a zillion of and people will believe you're sophisticated. You don't people stop me and tell you listen, we're very small family. But join the family and support the cause if you want to be real, if you're closeted, and you don't want us to use your name, that's fine. That's fine. We will put you on the prayer list and pray with you off the radio. But when you

Roger has anything happen out there? Five to six 4005 to six, 4000 552-657-3526 KPFT. Roger, what's going on the lobby, I'm still got people with bated breath out here. And the phones aren't ringing at all. Well, we've had a few people speaking their minds. Okay, let's let Pat Robinson speak his mind, then we'll be back in a little bit here is sila.

o

37:23

Ladies and gentlemen, we need another miracle. I can look at that clock. Ladies and gentlemen, we need help. The storm is rising folks. Don't make any mistake that is going to

GENEVA, WE NEED HELP. THE STORM IS RISING TONIGHT. DON'T MAKE ANY MISTAKE THAT IS GOING TO
escape your house. It's not the storm is rising. And there's some people say well, I'll get
raptured for we got any problems don't believe that either. It isn't going to happen. I believe in
the rapture. But I don't believe in it just because trouble is going to start and you will get out of
it. This land is in trouble. We have shown persecution against Christians, we've shown the
deliberate reduction of your civil rights. We have shown techniques in the media that have
been used to inflame people against Christian values. We have shown the rise if you will of vile,
filthy language in the various types of music and painting and so forth. We have shown the
incredible lobby and the rise of homosexuality of the gay lesbians as a political, well funded
political force that is having incredible impact on the laws of our states, the laws of our cities in
the election of offices. We have at least two acknowledged homosexuals in the House of
Representatives and perhaps many more than a quote in the closet. But the things that are
going on that have been uncovered, there was a homosexual ring working in Washington that
implicated some very high level people. One of the people was said to be taking tours to the
White House at 12 o'clock to show his connections. There are so many of these people in the
night just in the cold liberal camp either. There was one in the conservative camp who died not
too long ago of AIDS. And so this lifestyle is very strong, very high placed. And the question
is, what are you going to do about it? We can't let this nation be given over to sodomy. We just
can't. Yes, we love people. Yes, we care. But at the same time, we have to speak out against it.
And we have to speak out against the steamroller that's going to destroy our children and
grandchildren. Now right now, I asked you go to your telephone we need 700 club members
desperately. We need people who will play 526-573-8526

 **Buddy Johnston 39:48**

KPFT pets right where the pets right we need your money people who

going for right I read the other people would have brought out China's fingerprints. What do
you think about the Paradise Valley? Never enough never know. We must destroy the Miss resin
for all of them we must continue to speak out. And most importantly, most importantly, every
gay person must come out to your immediate family single

 **Harvey Milk 41:22**

behind on the Umemoto you believe you must do your words, you must tell people a story. You
got to have about 15,000 Plus members or two or three members of our founders club or what

have you. Everywhere Shortly, we will realize what is urgent California, you will feel so much better.

42:11

Every call is vital. You waited to call now's the time you You say well what good is Christian television was what good are all the other things that are talking to you in the press, in the theater, in the art in the schools in the legislature? All these things you're doing your mind the Christian faith in America and not have a voice. But of course we've got to have a voice and we have to have one right now. That's why this is so vital. We're not talking about playing games during the 90 Minute we're talking about the greatest evangelistic opportunity in the history of the world. We're also talking about the greatest assault on our faith in the history of the world, to so called us philosophy. All the atheists that are myth and the homosexual, and again, the morals and feminist and others can undermine the Christian faith in America that would be a sitting duck for the devil in the new age. And that's what's going to happen. We won't have any faith in our school our children will be undermined to their moral values. And this will be coming in Shayla, what do you have for program hearts, our hearts because of this because now's the time to bring you the truth about what's happening here in America. And while this has been going on, this is the last day of this. Five weeks, and five days on this week. This is Friday in case you haven't heard. The urgent presses on now to see a tremendous response. We need help from people all across America. If we're going to be telling the truth on television. There are people who say we're disgusted at the treatment of Christians in the media. We are disgusted as we've seen recently vulgar lyrics and sexually suggestive materials. We're disgusted to see our taxpayers money being used for a homeboy run a guard. And now, more and more aware priming in the arena. There is an all out push by a strongly funded militant Gay Rights Coalition to take away the existing laws of America dealing with this issue and enforce homosexuality as a lifestyle protected by the Civil Rights Act, which would mean that homosexuals are now a protected minority. And if anybody speaks out against this as being sin, they possibly be in violation of the Civil Rights Act. Now, that would mean that churches would have to hire homosexuals. It would mean that religious colleges would have to hire homosexuals. It would mean that colleges already like Georgetown University have got to accommodate a homosexual group on the campus give them money office telephone and mailing list and other privileges which they accord to other groups on campus. All this while Christian groups are being denied the opportunity to meet in in school and pray on their own time or read the Bible where there's increasing discrimination against Christians around this nation

That's right my husband and I'm nice clean hospital you know I lost mine I lost my brother Street. That's right. B Buddy Johnston 50:15

65738526 KPFT. That's the number to call what you

R Ray Hill 50:19

just got to hearing that that string of sounds is probably the most intense. Few minutes in lesbian and gay radio. And it's there because we're dealing with a very skilled radio professional here

H Harvey Milk 50:32

for Izzy.

R Ray Hill 50:34

But it could do that. I've been doing radio for a lot of years and I can't do that. And I know a whole bunch of people that can do that. Because that is one of the most phenomenal things. I try to stay up every Saturday night so I can hear that. Because that is amazing now. I mean, I'm

usually an early person I go to bed. I used to say I go to bed with the chickens, but that gives everybody the rock. I got to bed early.

R

Roger 51:07

526-573-8526 KPFT. That's the call.

R

Ray Hill 51:12

But the situation is is that the radio station KPFT exists all over primarily because of the effort of some gay folks. The founder of Pacifica foundation fella by the name of Blue Hill in 1949. Now, let me tell you about 1949. In 1949, if anybody was out of the closet, we don't have their name. That's right. That's what 5454 We got like Frank Cameron, his name and 52 we got we got Harry Hayes name. But in 1949, we didn't have any names. But Lu Hill founded the Pacifica Foundation, he was an unmarried attorney, pacifist, free thinker living in San Francisco. I mean, I mean, these things begin to give an impression on him. Yeah. And he founded the Pacifica Foundation. He plied for the last available am license in the market. They denied him that but they gave him the first available FM license. First FM, and it was the first non commercial radio station in the business. That's specific effect. By the late 50s, you were beginning to hear interviews with people from the magnet chain society. Also about that time somebody gave Pacific foundation WBI in New York. So we were on both coasts. And then KPFK got organized. And then the fourth station in the network was kicked off in Houston. from its very inception, and I was one of the people that helped organize KPFT I was with the station two years before it went on the air. I would later serve as manager. And the situation is that, that the reason we have Pacifica at all, is because gay people believe in free speech more than others, because we have a greater investment in their being free speech media. And from time to time, you will hear other gay and lesbian brokers manufacture their gay and lesbian programs in most major cities in the country. There are gay and lesbian programs on every Pacifica station in the network. Oh, I didn't know absolutely and envisions way out maybe two or three. In addition, you hear Alicia Chappelle, who is the program director of KPFK cute little black lives hands. She is a Heart Radio professional. She really is a thing. I've met her that march on Washington, 79 March in Washington and 87 She did all that she does all that she's a genius at putting together the network things and now she's got the weekly news program, which is a very vital part. Can you imagine what it's like to somebody in Kansas City to have somebody from the gay and lesbian community go out and get enough sponsors to buy 30 minutes at two o'clock in the morning on on Monday morning, which is worse than two o'clock in the morning on Sunday morning. To buy some time and try to do a weekly radio program. Part of which is done for them by Lucia pail through the Pacific imagine network.

B

Buddy Johnston 54:24

They think they heard this insanity.

R

Ray Hill 54:28

I don't know I've listened to IMRs I've been a guest on every Pacifica radio program network

R

Roger 54:34

in Kansas City if they heard us would just freak out Yes.

R

Ray Hill 54:38

Listen, what about in Johnsonville Arkansas What about the people in Houston Texas they drive off in the ditch when they hear okay, Roger we need for you to do is as a listener to after hours, even if this is the first time you've listened. Because understand that this is a significantly different kind of media than you're going to be able to To find any real through radio dial, let me tell you, you're already paying for that other radio, every time supermarket, every Chevrolet product, every time you buy something, the radio station slips in there and take some of that money out of your pocket, because it's added to the cost of the products that you buy, you might be surprised that you spend well over \$200 a year on radio you individually all by yourself, that people are taking 200 bucks out of your pocket for commercial radio, and an even larger share for commercial television. And it's it's really not dishonest is the way the system works. But you didn't know it. At Pacifica, we do things a little more honestly, we ask you to tell us how much our programming means to you, and how much you're willing to support the radio station for continuing. And the way you do that is remember, if you do nothing, nothing happens. All right? The way you do that, if you go to the telephone, and you call 5265738. If you can spell better, and you can count, you call five to six KPFT a nice person will answer the phone and say May I take your pledge, and they're not there to hard sell you. They're there to get information from you. All right, you're not being suckered into some religious trap that is going to get your mother's inheritance. He simply want to talk to you about where do we send an envelope so you can return the bill

R

Roger 56:24

526573826 kPa those

R

Ray Hill 56:27

folks are going to encourage you to make a commitment and come to the station and have a look at what you're paying. That's

R

Roger 56:33

it. And if you're out driving around now come on by see KPFT is right here in the heart of the Montrose one block south of Westheimer. East of Montrose, you can't miss it right across the street from mothers. Roger what's going on out there? Hey, buddy, I've got a thank you five to 65738526 KPFT. We've got a goal this morning of about \$1,000. Probably that's right. \$1,000 526-573-8526 KPFT. What's your Dan, I would like to thank Henry for his pledge. He's picking up on world harmony t shirt from Boston.

J Jimmy Carper 57:03

Thank you, Henry.

R Roger 57:04

I must be from Austin. Not exactly sure. But he's got an Austin address. And he charges on a credit card. Good. And let's not forget the credit card. Also, we received a phone call from someone who is very inspired by after hours and said that this is his first time listening and he's in College Station. So he's just really inspired by after hours. And you can call in and pledge for this listener or some of the eldest sons who can't really pledge now they're listening at home and they're Walkmans afraid the parents might find out.

B Buddy Johnston 57:40

That's it, and we know your listeners. Don't worry about calling, it's okay, it's okay.

R Roger 57:45

And support KPFT and after hours for those who can't

B Buddy Johnston 57:50

find it 657385 to six KPFT how much money we raise Roger in the last hour.

R Roger 57:57

I'm up to \$184. But I've got \$84 from dying people. Two people, two people have called and we've made \$84 I've got another pledge about to be handed to me. It looks like there's another one on the phone right now. If

B Buddy Johnston 58:10

every queen in Houston calling gave us \$1 We'd have \$4,000 A week or

R Roger 58:14

something like that. If every week I know that ain't gonna happen gonna

R Ray Hill 58:19

happen is that you're going to have to make a commitment yourself. But I'm talking to you. I'm

happier is that you're going to have to make a commitment yourself. But I'm talking to you. I'm talking to you right there with a beer in your hand. Alright,

R Roger 58:25

if we're waiting on you to call 526-573-8526 KPFT and I've got another Thank you. from Glenn. Just picking up on a t shirt. Thanks, Glenn. Has anyone picked up on the Romanovsky and Philip suna, nobody's picked up on this yet so far. Okay, for a pledge \$90. You get Romanovsky and Phillips all their greatest. Their first three albums are only three hours, but it's good stuff. albums. Yeah. 526-573-8526 KPFT. And with those albums,

J Jimmy Carper 58:58

you will know what all those words are in the sodomy song that you can't hear now. That's right. We can't play those words. FCC will not let us play those words.

R Ray Hill 59:09

I'm in the studio. I'll tell them to you when the cover.

R Roger 59:12

program director said I could read this to you. This is from the What's this from Mary. It's from the Texas Penal Code sixth edition as amended through the 1985 26. Here it is, are you ready for this? A person commits an offense if he engages in deviant sexual intercourse with another individual of the same sex offender of this section is an offence of this section is a Class C misdemeanor, which is punishable by a fine of not more than \$200 and no jail time. Thank you very much. Now if you look in statute 2101, which is definition is also taken from the Texas Penal Code. Six division as amended through deviant sexual intercourse means any contact between any party of the genitals of one person, or the mouth or anus of another person, or the penetration of the genitals or the anus of another person with an object.
