R Ray Hill 00:00
I didn't know what gay society meant.

J Jimmy Carper 00:04
No doubt.

R Ray Hill 00:06
I don't know I've had a few people that knew one gay man and something farm boys are quite healthy. And I'm not talking about the straight ones at all.

B Buddy Johnston 00:15
Five to 657385 to six KPFT. Baby, where are we at? We still at 544? That's right. We still have seven pledges and \$544 We need to raise six what? We need to raise

R Roger 00:29
456 105. That's only 590 pledges,

B Buddy Johnston 00:34
large pledges. That is that's only five.

—

Ray Hill 00:38

But don't be afraid to call in and make a pledge of 40 bucks.

Buddy Johnston 00:42

Exactly. That's how many \$20 pledges is that?

Jimmy Carper 00:46

We'd much rather have a \$20 pledge that you knew you could

00:50

keep right? Yeah, hey, yeah. Okay. One of the pledgers that called in during the interim ask if I had written any books and I wish you I have written books, but they're not going to be published anytime soon. And I've written of course, enough essays to feel several books, but they haven't been combined. But he asked if I have any books to recommend. There is a wonderful book that I strongly recommend. I am rereading it now for about the fifth time. It is written by Andre Gide. That's G UID. That's a French writer. It's been there several English translations. And it is the first book on homosexuality ever written?

01:37

What's the name of it?

01:38

Well, it's it's published under Andres Gide's writings, you can probably get a copy at any good bookstore. But if you want to see the super stash, call Chuck Botts, over at MCC Metropolitan Community, he has the archives and he's got the super stash, he can give you anything, of course, would recommend an understanding of basic understanding of sexuality. And one of the best understandings of sexuality and print is see a trips the homosexual matrix, which is not much about homosexuals, but it's about a lot about sexuality. And say three quarters heterosexual they just threw in the homosexual word because they thought he'd sell more books. But, but Andre shields recount of Donald quarry, which was Korea, Dawn, is the book sometimes appears under the title Korea, Dawn by Andre g, where it appears simply as Andre G driving is the foundation mark of understanding homosexual behavior is a natural and normal response. And it was written in the 20s. It'll put a whole lesbian society No, no, no, actually, actually, what it does is it captures your feelings. And I have read the book, it was the first book that I read that was the head of positive view. Lesbians Well of Loneliness. Read that story, too. He is a required reading. I know it's it doesn't end right. And it paints the wrong image and all that. But it's required reading, because all it deals with is those are those internal emotions that you try not to have to explain. And I don't think you have to justify being gay. Please understand that I disagree with the theory that you have to explain everything display

anything, anybody? Right. But I would suggest that an exercise of someone's trying to explain that completely in a culture, divorce summarize, because I want you to understand that there have always been gay people. This is not something that has just shown up last week and around the corner. And there always will be I mean, and there always will be gay people and we are as much a part of the institution, I think, and from reading books that have written a long time ago, you get a sense of that history. And you get a sense of role models, which we divide us up. I mean, what really hurts me about Harvey Milk? Is that, that he, at this juncture, maybe in 20 years, they will do enough in depth biographical work on Harvey Milk, so that he has three dimensions, but right now he's basically a painting. He's a two dimensional as a role model. He and what a wonderful, exciting world he could help create, and we are being denied many of our important role models right now. This is a real hard time for for role models. And so that's why I want you to read that. I was so excited when John Berger, who has been a guest on the show before when John Bercow made application for and received got permission to attend the Pacific Coast Academy, which is the training school that is created by the lesbian and gay organization wanting to train activist how and that's been a long time. The first call that we had for schools that I am aware of was in 1977, the National lesbian and gay Leadership Conference in Denver, Colorado. We called for it, nothing happened. And then the war conference, I attended the World Conference. And so there it was mandated, and the task force and other groups work together. And we have two academies. We have one on the East Coast, one on the west coast, where that people can go and train to be activist movement and and the first trainee that we're sending off to officers school. And it's John Bercow. And I don't think we could have picked a better example he's, he's a fine young activist as it is. But he's going to come back trained in the technologies that the rest of us had to learn the hard way, five to

B

Buddy Johnston 06:08

six 4005 to six KPFT with Roger and

R

Ray Hill 06:11

be a part of that training is your calling. I mean, we've leadership can only stand in point we're getting down to the wire. Standard point we need your participation is only at 46 minutes,

B

Buddy Johnston 06:23

and we're still at 544

R

Ray Hill 06:26

and the support is radio station, and we need your support and registering to vote and doing all that but right now it starts with getting up and going to the telephone,

B

Buddy Johnston 06:35

picking it up and calling

 **Roger** 06:37
five to 65738526 KPFT

 **Buddy Johnston** 06:41
if you're outside of our calling area you can call us collect an area code 713-526-4000 Or five to six KPFT waiting to hear from you know the numbers. If you can't call for yourself call for someone that's young that can't pick up the phone and make that pledge. If you can't call for yourself call for a friend who may not be here anymore. You know what, we mean?

 **Hitaji Aziz** 07:48
April 119 87 My friend Mike died passed on went somewhere else. I don't see him anymore. He left no arms, no legs left to walk beside me. Paths dogs, concrete and trees. Why did he leave me? I wanted to smile the way you touch your hair that glimmer in your eye. I want it you and whole body. I want you not to die. April the 11th 1987 passing through the pain missing you. I keep hoping that you will walk in and tell me about a great new song. Or maybe we'll talk about the international politics of AIDS. The killings of gay men, while they're murderers walk free. We were from the same class. We were gentle together. But you had to go Lee pass on you just died. I wanted to be with you work with you have one last good time. But you didn't stay you left past and died. I take your death one day at a time. I think dying is like reading a book. It will end the pain will end in the joy of it all will become clear. We will remember your love the beauty of your spirit, the lessons of how to live your humanity, your quest for life. After the pain. The last page in the book. We will all know what you have left What's your friend he Taiji April the 11th 1987 2:30am.

 10:29
Yeah, I just wanted to agree with the guy. We're not calling it an airport negative, but like all your gays and lesbians are being stood up against the brick wall. And shocked or not the gas chambers long with the Vietnamese and half an Aries and half Mexican and screaming people over the world they won't even care for us poor folk queers?

 **Buddy Johnston** 11:21
Five to 65738526 KPFT that's the number of call we need to raise about 400. And what is it baby? \$44 456? Is that right? There calculating now for me? Roger, is that right? Five \$456?

 **Roger** 11:51
I was busy. What do you say?

B**Buddy Johnston 11:53**

Is that right? \$456 \$156. We've had seven calls. Can you tell me that in the city of Houston where there are 450,000 to 500,000 game has been people we've only had seven. People call it a pledge of support to this program. And all the work that we do here.

R**Roger 12:11**

So far, it's pretty bad. I know there are other people out there listening

B**Buddy Johnston 12:16**

or waiting. We'd like to hear it. I need to hear from you. I need to know that you appreciate what we do every week. I need to know that you really appreciate us coming down here every Sunday, Saturday night, Sunday morning and knocking ourselves out. I need to know that there are more than seven people in the city that listen to this show that care about what we're doing. I can't stress to you how important it is and how much you understand that we're fighting a losing battle here if you don't call 526-573-8526 KPFT you're looking at me child, what's the matter?

J**Jimmy Carper 12:53**

Well, we did very well last week. And I'm a little discouraged that we're very disappointed so far behind this.

B**Buddy Johnston 12:59**

Very, very disappointed in the city of Houston, there are only seven people that care enough about what we're doing to call and make a pledge of support. Seven, that's not even two hands full. 526-573-8526 KPFT. You don't understand maybe the enemy is out there. And they're preaching against us 24 hours a day, seven days a week. They're spreading their lies. What does Does anyone not care? Do you not care what's going on with Robin?

A**13:33**

Counseling at government expense to teach children how to be lesbians in the end. And homosexuals seem to us if we've taken the whole of our society and turned it on its head, that the things that we want are held to be good and true. are becoming things that we no longer want. And the things that we once looked on as being a porn are now becoming things that are being lifted up as good and true. Is happening. I watched Phil Donahue a year or two ago. And it's been that long. I mean, it's it's I've watched him the last time. But in any event, he had some some young women who were lesbians who had just gotten discharged from the Navy. And they said we came out of the closet and we're proud to be lesbians in the audience cheered? Well, I mean, it's like saying I'm proud to be a murderer. I mean, is that pride? Let's

look at what the Bible says and what Sheila said. He's absolutely right. The former morality has gone a new morality is taking his place. But Paul wrote in Romans, he says, Therefore, God gave them over in the lusts of their hearts to impurities, that their bodies might be a Dishonored thing among them for the exchange the truth of God for a lie just what you said she loved and worshipped and served the creature rather than the Creator who is blessed and forever. For this reason, God gave them over to the grading passions for their women exchanged the natural function for that which is unnatural. And of the same way also the men abandoned the natural function of the woman and burned in their desire toward one another. Men with men committed indecent acts and receiving in their own persons the due penalty of their error. The incidence of syphilis, gonorrhea, intestinal disease, and especially aids

B

Buddy Johnston 15:29

you got to understand and kids this is the lie that these people are putting out every week, seven days a week, 365 days a year and their phones are ringing off the wall. He asked for \$250,000 an hour. They asked for \$500,000 In the next hour and their phone's ringing off the wall they were raised at about \$2,000 a minute. We've made only seven people in this city Colin pledged support to this program and should never be five to 657585 to six KPFT listen to this lie

i

16:01

or homosexual relationships it is not and should never be an accepted lifestyle is pathology. And ladies, gentlemen, at this program, we have received 200,000 telephone calls from gay and lesbian has

B

Buddy Johnston 16:16

got to be a lie. It is a lie and there's nobody that can tell it it's not a lie. Just think if you're gay and lesbian and you're living in Phoenix, Arizona or Fort Smith, Arkansas, or where were you born and raised DACA son or New Jersey or any part of the east coast or the west coast of the north of the south and you hear these lies was given this maniac is preaching all this garbage seven days a week 365 days a year baby 526-573-8526 KPFT

J

Jimmy Carper 16:44

Whatever the truth in advertising, we need your

When we accept homosexual I accept homosexuality and lesbianism as a as a legitimate lifestyle and we protected by the government the society is over. Can you believe this section? Can you believe

When we accept homosexual I accept homosexuality and lesbianism as a as a legitimate lifestyle and we protect it by the government. The society is over. Done. It's no more good five

B

Buddy Johnston 18:22

to 65738526 KPIT How can you sit there if you listen to this station? How can you listen to this program every week and not pick up the phone and call? I don't understand. I can't understand that baby. Seven people in this city have called in pledges amounting up to \$544 We need to raise \$456.33 minutes. I know we can do it. We've done more than that in less time than that or have been less show these bastards that they're not going to treat us like this. 526-573-8526 KPFT we need to hear from you, buddy. Yes,

R

Roger 18:59

I've got two thank yous. Okay. I'd like to thank Brian.

B

Buddy Johnston 19:02

So that 789 People have called right now.

R

Roger 19:07

Well, yeah, I've got two. Okay, so that's total. Brian is pledging to take us up to our goal. And he's going to pay it out over a year. So we he's brings us up to \$1,000. And then I would like to thank you, Brian. I would like to thank the Roger. Who is that you marry? That's not me. Oh, another Roger another Roger. And he's made it he said he doesn't have much money. But that's you know, contribution is what counts. That's right. That's contribution count.

B

Buddy Johnston 19:44

I don't understand. We want to we want to make as much money let's make a statement this morning to Pat Robinson and all these homophobic rear ends and tell him that we're not going to take this anymore. Listen to this guy. Society

i

19:57

is finished. just I want to make it as clear as I can. When we accept homosexual I accept homosexuality and lesbianism as a as a legitimate lifestyle and we protected by the government, the society is over. Gentlemen, lifestyle and lifestyle as a legitimate lifestyle and legitimate lifestyle separate to homosexuality, homosexual finished trial nations would be in the fall to acceptance of homosexuality, the society is finished. When it comes to acceptance of homosexuality, when it comes to acceptance of homosexuality, and tau nation when it comes to acceptance of homosexuality, acceptance of homosexuality, acceptance of homosexuality comes to acceptance of homosexuality, acceptance of homeless, called the Gentile nations when it comes to acceptance of homosexuality, the society is finished, I want to make it as clear as I can, when we accept homosexual accept homosexuality and lesbianism as a as a legitimate lifestyle and we protected by the government, the society is honored by the government, the society is over lifestyle, and we protect it by the government, this society is over as a as a legitimate lifestyle and be protected by the government. The society is overwhelmed. It's no more

B

Buddy Johnston 21:42

we cannot allow this to go on 526573852 6k P F T, let's Cigna send a signal this morning to the staff and management and the other programmers at KPFT. And say, Yes, we are gay and lesbian people. Yes, we are proud of our culture and our history. Right? He has been here this morning talking about history. Let people know that you're proud. You're not gonna get anything from KPFT that says you're a flaming faggot like I am. Or like Jimmy is, you're just gonna get something in the mail that says thank you. And we need to hear from you. Now, we've only heard from nine people in this city. I can't believe that there's only nine people in this city that are going to call in a pledge of support this morning when I know that you sit there every Sunday morning and listen to us. I know that you're on your job on the southwest side of Houston, a security guard that's waiting for us to go off so that the blues burden can come on and you've called in request. I know in 30 minutes, we can raise more than what we've got 52657385 to 6k P F T one of

R

Ray Hill 22:45

the other. Pat's sermonette on homosexuality yesterday morning was that about halfway through, he was talking about a test that they had given someone to determine sensitivity sensitivities about the NDA exam, he got nervous, he got a nervous laughter. And he said, Well, I would flunk that test. Hahahahaha. Well, that's what his good friend James Robison or Robeson just say until he got caught in the sack with another man. That's the same thing that

Anita Bryant's husband, Bob Greene used to say, Well, I'm the strangest thing in the world until he got caught taking pretty young boys out of their career, the homosexual clinic in Miami to the motel down the street.

B

Buddy Johnston 23:39

It's the truth. Yeah, right.

R

Ray Hill 23:42

And it's amazing that the preacher my old rule was if the preacher back in when I was growing up, if the preacher talked about fornication three weeks in a row, you started checking out what he and the piano player we're doing. Right? And so these people that are preaching against homosexuals are probably trying to cover up and make a little money off their claims and they're not support pure. And you know, those of you who are good friends of pat robertson say Ray Hill questions his masculinity and his sexual orientation and bring him on down let's have a debate

B

Buddy Johnston 24:19

while the lady love her brother, Pat Robinson to come here. You wouldn't even come near this building.

R

Ray Hill 24:24

Now on one of the Wallenstein shows I had two ministers from the Church of Christ to come in and, and they were just armed and all of that and we're ready to go and all that. And I pulled Jesus was busted in the butt in the woods at night with naked man. And they just kind of looked at me his other face cracked, they just kind of melted and that was the end of that debate. And whenever I had Paul Cameron, who is a professional religious nut that travels around the country and talks about homosexuality and and aids mosquitoes and the whole nine yards, when he came in, I told I said, Paul, you don't understand. I am not one of the big Butch guys that made fun of you. When you were in high school for being so a feat. And a feminist. That wasn't me that was somebody else. Why are you down here attacking me? His face cracked, and I had to fill in the program because he was unable to finish the debate. So when challenged, these people are pretty, they're pretty Kinder kinds of people. And so I know we've got some real pat robertson fans out there listening, get a grip system. I mean, who do you think you're fooling, oh, five to 65738, stop covering up, invest your money in your own freedom, stop oppressing yourself. Get out of the atmosphere where the oppression hits. You need to you know, you need a little salvation in your life. You know, as I was explaining to the guy from case something better than Jesus, radio station. Case, something better in Jesus right. He called me down City Hall last week, and we were talking about prayers in City Hall. And I explained to him I have been thrice born. I was born into this life as a son of Frankie deal. I was born again and went on to become a Christian evangelist. With a Born Again spirit. And I have been born yet a third time into my present manifestation. As a relatively passive nonbeliever, and YouTube can be born again. All you got to do is file called 526-573-8526 KPFT. Give your

name and address and the message will come through your soul will be in better shape than it's ever been in your life. And you'll make you'll make an investment in some honesty for a change in 24 minutes to go. Five to 65738525 KPFT Yeah, and you think you're fooling somebody, honey, I wish that were true. But you ain't fooling nobody. You know, there's a heckler calling every once in a while out there to calling in and making a telephone ring and then hanging up and, and it's giving them fits out there and going on for calls. And poor baby poor baby. You're so frustrated on it. I understand what it's like I used to have to try to do without myself, you know? And and like right now it's real difficult. I mean, can you imagine doing anything when first you got to put on a diving suit? Have you ever tried to get an erection and a quarter inch, there's a hard rubber Give me a break. And then the number is 5735 to six KPFT it's fun, fun, fun.

B

Buddy Johnston 27:47

What's going on? Girl in the

R

Roger 27:50

dress? This just got boring in the phones. Just look at that. 657

B

Buddy Johnston 27:54

Look at that past 565257385 to six KPFT where we stand out now? We're at \$1,005 1005. Let's try to get 1500 Can we do you think? Yeah, in 23 can do it? 526-573-8562? I'd like to do what breakthrough? Did they did \$2,000? If they really? Can you imagine if we could get it up to \$2,000?

J

Jimmy Carper 28:23

That would be breakthrough. Mega fab Whoo.

B

Buddy Johnston 28:27

How much would that be? \$2,000? And how much? 22 minutes? How much would that be a minute? 100 \$100 a minute. But that's how many pledges that's not but three or \$444 pledges or a couple of \$90 pledges? Yeah. 526-573-8526 KPFT? That's the number to call. We're on our way to \$120,000 Is that right? That's what we need to raise Robinson on 700 Club was raising \$250,000 an hour. We only were gonna raise \$120,000 In two weeks, right?

J

Jimmy Carper 29:01

Because it costs \$50 an hour to operate the station. \$50.05 Can you imagine anything so cheap, no. Operating a radio station for \$50 An hour

B

Buddy Johnston 29:18

526573852 6k PFT We need to get some money in it. We need to get some some money. 526-573-8526 KPFT. Just keep saying the number over and over. That's how we're going to do

R

Roger 29:31

call as a MasterCard, American Express and you've listened

B

Buddy Johnston 29:35

to us they say that it takes three years before you call in a first pledge your child in September would have been doing this for three years lousy line.

J

Jimmy Carper 29:47

Yeah, they have been three wonderful years. You haven't been here the whole three years. Well, how about I've been here two and a half. You really

R

Roger 29:55

I've been here three years. Roger has

B

Buddy Johnston 29:57

been

J

Jimmy Carper 29:58

Roger has been here three years. No. Fortunately, I have Stanley. I've had him for 12 years, or else I'd be going crazy giving up my Saturday nights.

B

Buddy Johnston 30:08

It's incredible. Yeah, it really hurts, though. What? What really, really hurts more than anything in this whole mess. What baby, I have these very beautiful young police officers with these beautiful tight rear ends, and beautiful bodies that come in and look at me. And you can see it all over their faces, how much pain that they're in, and they want to come out. And we get your letters every week and we open the mail and we say, I love you. You're the only friend I have. I wanted that that that child wrong. We're like radio, you know what I mean? In a radio in a box.

We don't go out with you and fall in love with you and live your life for you. We tell you to call the gay and lesbian switchboard we tell you to get involved in the gay lesbian Political Caucus, we tell you to

J Jimmy Carper 30:57

either. Now we don't go out with you either. However, we tell you where you can go for your special interest.

B Buddy Johnston 31:05

We tell you that even though we've been fighting like cats and dogs and there will be a fabulous parade in June and celebrate galas.

R Ray Hill 31:11

15 years, I've got one date out of a caucus.

B Buddy Johnston 31:14

Really? Really? Girl. I've been broadcasting this number three years. Maybe in broadcast? Is that it? Yeah. I said I've been broadcasting this number for three years and I still can't get a day. No, I do I get lots of letters. But maybe that's not what we're looking for. We're looking for you to feel better about yourself. Yes. One of these days when we're not here. And the day will come when we're not here. I want to be able to think that maybe we've helped you get to where you are.

R Ray Hill 31:45

Well, I'm gonna go home and go to bed. I really good with all of y'all.

B Buddy Johnston 31:50

Thank you. And

R Ray Hill 31:51

I appreciate you staying up this late and

B Buddy Johnston 31:54

Frankie's up lunch tomorrow. Well, right he is

Jimmy Carper 31:59

doing right. Now you wanted to talk about the economic summit coming?

Buddy Johnston 32:03

Well, I will come back and do that. Where were you at last weekend girl

Ray Hill 32:08

situation is I was home sick. Okay, you're excused absences for being sick. My age was just about that. Listen,

Buddy Johnston 32:15

I'm I'm going to be celebrating my presidency at the Union care not too long at HPD. Inauguration police support personnel union. Yes. And I want to say this to your face while you're here. Because you know, this is a true, I said this earlier, but I worked my butt off trying to do this program for three years, and I have not had a hell of a lot of support from anybody. And if it weren't for you, baby, I wouldn't be sitting here and I wouldn't be I wouldn't be at HPD. And I wouldn't be nothing. Because more than once I've had to go to the mountain and say yeah, well that you've always been there. And

Ray Hill 32:50

you understand that, that most everybody else comes to me and does the same thing when the time comes. It's part of my justification for existence. But it's been easy, because of the projects that the projects that you've taken on have been this one. And you accepted the responsibility to commemorate the memory of Harvey Milk, which is something very dear and personal to my heart. As I get older, I seem to want to preserve the history of this movement a little better. But in both of those things, were not only successful, this program is not only a success, whether it meets its goal or not, it just happens to have met its goal for the last two weeks in prison programs. Not nearly so fortunate. But it is accepting that it reaches people who hurt my whole theory of being an activist, I learned from Maurice guide. He said honey, sometimes you can't do anything. But what you should always try to do is when the phone rings, answering, listen and feel to the experience of the person on the other end of the line and do something if it's just comfort, and encourage them. Maybe that's all you can do. Keep a list of things and work on some long running projects. So that someday, the problem that you discover by answering the phone or listening the radio can be addressed in the long run. I'm a long range person. I have worked on things like the bar rates for 10 years. Yes, finally, they stopped. So 10 years, it took several years to build his radio station. It took a great many years to educate me. I can't I'm not the end all to everything. But I have learned to listen and feel and you have learned to broadcast information and emotion And that has reinforced people. So it does work. But he's playing his role. I think I'm beginning to learn what my role is. And the rest

of the crew down here that make after hours work or playing their role. Your role right now is to call the number and make the pledge, but it need not long before. Because there are lives in the path of your experience that you can enforce, enriching, and make worthy. And the pain that we have, collectively, all of us, the 60,000 people who go to marches and organized marches and do radio in this country, the pain that we have helped others avoid is immeasurable. And a world with less pain is a better world. For All.

B

Buddy Johnston 36:01

Listen, baby, there are only clothes and tapes and records in my closet. But the tapes that I treasure the most are the ones that are stacked up in one big stack that say Ray Hill, and each one has the date on it. And we'll add this to the list.

R

Ray Hill 36:17

You're too kind. I love you.

B

Buddy Johnston 36:18

I love you to be 526-573-8526 KPFT. We're trying to raise \$10,000. And that's right.

J

Jimmy Carper 36:28

And we shouldn't we should be able to do it in the next four or five minutes.

B

Buddy Johnston 36:32

I say that and you laugh. But there are 400 to 500,000 gay and lesbian people in this city. And if which each one of those folks which they will not, but if each one of you did send us \$1, we would raise \$400,000 Right and 15 million,

J

Jimmy Carper 36:47

we would not have to have another marathon until sometime next year.

B

Buddy Johnston 36:51

526-573-8526 KPFT. That's the number to call 526-573-8526 KPFT. I want to see just how much money we can raise in 15 minutes. Blues for you. They're gathering their music and getting ready for another successful marathon. Another wonderful program, we're just winding down and getting ready to collapse. And it's been a long week.

R

Roger 37:20

The regular show takes a lot out of you but marathon shows take even more. That's a

B

Buddy Johnston 37:25

job 526-573-8526 Kaylee ft. Do we still stand at nine pledges. Roger? That's right. Nine can't believe it. The city we only had nine folks call which we're grateful for we are but you've been listening.

J

Jimmy Carper 37:40

We're very grateful for all the folks from last week. A lot of have a lot of listener, a regular listener,

B

Buddy Johnston 37:47

and you have not pledged and we need you to call. Yes. Now. Please. Go to your phone, pick it up and call me at 5265738 Yes, I believe in what you're doing. yFT. Yes, I want to be a part of the KPFT family. Yes, I want to feel good every time I turn the radio on and listen to you on Saturday night Sunday mornings, I want to feel like I contributed just a little bit. Yes, I'm going to help you five to 6573852 6k P F T that's the number to call, please call me now I'm depending on you. I need that Call of support. I need that pledge. We've got about 13 minutes. I want to raise just as much money as possible. And I can't believe that the phone's not ringing. I can't believe that in this city of Houston. We've only had nine people. I know that somewhere out there. There's a police officer who's listening who's listened from almost the very beginning. And know that you can't call in and make a pledge. Call me at five to six 4000 and just tell me that you appreciate what we're doing. Just somebody let us know that you care about us. If you can't pledge money right now. Just call us. And tell us you appreciate what what we're doing. Call us and tell us to get the hell out and maybe they can put something else on and we can spend our Saturday night somewhere else. Just call 526-573-8526 KPFT please call it the pledge. But please call me right now. Can you can you do that? Can you pick up the phone and call us? Can you call us from outside of the Houston area? If you're listening? Collect the area code 7135265738526 KPFT. Can you call us in the next 11 minutes and say Yes, I believe in what's happened. I believe that when I heard the game lesbian march in 1987, broadcast for five hours on Pacific that that that that was important stuff. Can you call us and say Yes, I believe that when I listened to after hours and break through and Wildenstein every week, that that few hour those few hours that you have on every week, to to encourage not to promote and not to recruit, but to encourage gay and lesbian people that are out there to feel normal? Yes. Can you call and tell us that you believe support that with your money right now. 5267386 KPFT you're not gonna hear it anywhere, come on baby, please pick up the phone and call me. I'm getting I'm serious. I'm getting really desperate. I don't know what I could do to encourage you. We come on and talk about how important it is to feel good about yourself, how very important it is to get out there and struggle. I know that we're fighting here for you. I know that we're having a good time, I know that we're playing the records that you like, I know that we're making the jokes that you want to hear. I know that you laugh and cry with this, but please call us right now. And let us know that you care. 526-573-8526 KPFT, three times out of

the year, we ask for your support. And this is very, very important. Come on, pick up the phone and call us. 526-573-8526 KPFT, let us know that it's appreciated. Let us know that it's worthwhile. Let us know that when we drive down Pacific street on a Saturday night coming to the radio station, that the hundreds of 1000s of gay men and lesbians that are going into those bars, not ever hearing of this program are going to get something out of their life that maybe somebody that listens to this is gonna say, Hey, did you hear about the gay program on Saturday night? Did you hear the lesbian music they play? Did you hear the March on Washington? Did you hear they were giving away tickets to longtime companion? Did you hear they were playing that stuff from that religious nut that was on CBN 526-573-8526 KPFT. We've only got about 10 minutes are waiting for a pledge. I know there's gotta be somebody out there. I know. You're the one. Come on. You're the one I'm talking to. Look out the window. There's nobody else out there. It's you. Put your coffee cup down on your job and call us right now. 526573852 6k PFT I hear the phone's ringing Roger. But does that mean anything's happening?

R

Roger 41:42

I've got people talking on phones. I'm not sure exactly what's going on right now. But I'm still going to people who are sitting there waiting for your phone call

B

Buddy Johnston 41:53

to 6573526 KP ft Kahless.

L

Lucy Chappelle 42:00

My name is Lucia Chapelle. And I'm Greg Gordon. And we produce this way out the international lesbian and gay radio magazine.

G

Greg Gordon 42:07

It's very important to support this kind of radio station because this kind of radio station is the only kind of radio station that's going to provide programming for a significant audience. Like gay men and lesbians commercial

L

Lucy Chappelle 42:18

stations would be afraid to lose their listeners if they didn't apologize for the gay lesbian lifestyle and not just report on it.

G

Greg Gordon 42:25

Unlike commercial stations, community radio does not depend upon advertising to support itself to pay the bills to keep the transmitter going to pay the light bills. It's you the listener at

home. And that's why periodically community radio stations all over the country go on the air and ask you to support the station by pledging to support the station with your dollars.

L Lucy Chappelle 42:44

Community Radio In short, it's just a real valuable resource for you and for me, so take advantage of it and support it

B Buddy Johnston 42:54

526-573-8526 KPFT Greg Gordon of course and Lucia Chappelle who bring us this way out. And because of satellite problems and because of we didn't have enough money to mail the tape to you this week. We haven't heard this way out in a while we need to get your financial support. That's what the money goes to the money certainly doesn't go to buy me anything. Jimmy and I spend a lot of money out of our pocket I'm sure you get tired of hearing that but I get tired of doing it. Well you spend money to record the program we spend money to buy cassettes and records none of that money comes to us all the money that you're pledging right now goes to keep the station on the air it goes to pay for the light bill and the rent and to keep the grass mowed and and to keep the electricity on so that we can see to keep the transmitter running to buy a CD players and tapes and records to play that that is donated to us. What what what maybe what's happening anything happened

J Jimmy Carper 43:43

nothing much. We have one person on the phone we have three other other people just sitting there waiting to hear from you.

B Buddy Johnston 43:55

So one person taking a pledge one person just on the phone.

R Roger 43:58

I think she's just on the phone right? Yeah. But we did have a straight man call. Yes. Say how after hours sensitizes him to gay and lesbian gays and lesbians. That's all I've had so far.

B Buddy Johnston 44:17

I'm sorry. Maybe we were queuing to record I didn't

R Roger 44:20

create five to six KPS or

J Jimmy Carper 44:22
what about the straight about?

B Buddy Johnston 44:23
We were queuing to record to hear you

R Roger 44:25
listening to after hours helps sensitize him to gays and lesbians. Which is part of what after hours

J Jimmy Carper 44:32
does part of Yes. That's the big part though, is making you feel good about yourself and the EU and being able to live independently.

B Buddy Johnston 44:45
The US you and I because no one gets more out of this every week than me. No one feels better about themselves every week than I do. You can't imagine the power and the feeling of feeling of accomplishment of feeling of love that I have when I say we're giving away an album and the phones light up is wonderful. I can't imagine the feeling when we hear Harvey Milk say, You can't imagine when this this music is playing this this music right here you can't imagine how exciting it is every week I hear this music plus and

J Jimmy Carper 45:39
the name of this music. And you

B Buddy Johnston 45:41
hear yes, the song is called you it you can't imagine how exciting it is when you hear this going. And you start pushing these buttons and things happen, baby

H Harvey Milk 45:52
prorate the other few words for KPFA. Come on out. It's gonna bring her friends. What do you think about the turnouts? Well, it's never just never enough. Never enough. We must destroy the Miss Swanson for shatter them. We must continue to speak out. And most importantly,

most importantly, every gay person must come out you must tell your immediate family, your friends, your relatives, you must tell your friends if indeed they are your friends, you must tell your neighbors you must tell the people you work with. You must tell the people the stories you shopping.

B

Buddy Johnston 46:39

You know how hard that is? How hard would it be to tell the people you work with?

J

Jimmy Carper 46:45

Yes. I know how hard that is never able to do it when I was at tennis.

B

Buddy Johnston 46:51

You know today, even after doing this program for three years that last night, I took a copy of gay Slayer. Yes to my job just because of this big at Pat Robinson so that I could lay the book on my desk. And you know, I had more people in the office say what is that? I never answered anyone. I just let the damn thing say that because they know I'm gay. And they knew I do this program. But I'll be damned if I won't throw something in their face every day. I wish I had a shirt that says I'm a faggot. So I could wear it down that girl get them to talk about it. Because Harvey's right, when you come out of the closet, it's all going to change. And it's never going to change as long as you're hiding. We've got four minutes, and I don't hear a phone ringing. We've got really we've got three minutes because we want to be out of here in time to give us a chance to get in and make some money. Yeah, 526-573-8526 KPFT. If you don't call us, this is what's gonna happen not that KPFT won't be here. Because KPFT will be here. The girl we won't be here. And I've threatened that before that it's not just a threat anymore child. I've given three years to this insanity. In April, I buried my father. We have tried our damndest to make you feel good about yourself. And I have done this all by myself, except for help from people like Ray Hill. No other person in the gay community is bothered to help me nobody. One of these days, I'll tell you the real story of how we got here on my last show. If it weren't for Jimmy and Stanley's money, a lot of things that happened would not happen around here. Especially when I wasn't working. And if it weren't for Roger in the lobby, I don't think any of it would happen. And if it's not for you, calling is not going to happen. Five to 65738526 KPFT we just need one pledge. Somebody's saying okay, I give in. You're right. It does count. It does matter. And we've only got about two minutes to do it. Five to 65738526 KPFT. Think about it Mary Hey, Roger.

R

Roger 50:28

Yeah, anything happened?

B

Buddy Johnston 50:30

Well, I'd like to thank you. You're kidding. I would like to. I was hoping I could stay at home on a Saturday night

Saturday night.

Roger 50:40

I'd like to thank Richard for is very generous pledge for the show.

Buddy Johnston 50:44

Thank you Richard.

Roger 50:49

That brings our total up to \$1,305 \$1,305 and one and \$2,379 for both weeks.

Jimmy Carper 51:01

That's very, very

Buddy Johnston 51:05

Listen, pledges are great, but if you don't play your pitch if you don't pay your pledge don't mean diddly. So please do that. Please continue to listen to after to KPFT in support what we're trying to do here, baby we're just tired. We're not mad at you. We're just tired. Try doing something like this for three years and see how you feel queen. Five to 65738526 KPFT blues for you right now.
