Peter 00:01

I owe myoma did when did the end? Some other fun things heard out and about in our community was over at fitness exchange. Oh, what

00:14

a wonderful place. Yes. Yeah.

Peter 00:17

And they were saying that what they were telling us when she probably had to take up jogging person said the only reason I would take up jogging and so that I can hear heavy breathing again. Tell me I joined the health club last year and I spent about 400 bucks and I haven't lost a pound. I said apparently you haven't showed up he says I have to exercise in the morning before my brain figures out what I'm doing. That's my No kidding. Oh, and it was I don't exercise at all God met me touch my dozy to put them farther up in my body. I like long walks, especially when they are taken by people who annoy the hell out of me. I have flabby thighs. But fortunately, I have a stomach to cover. There we go. The advantage of exercising every day is that you die healthier. I think that's important. If you're going to try cross country skiing, start with the real small country. That's another piece of advice. Good, good idea. Yes. Somebody asked me that. They said to jog and I said I don't jog. It makes the ice jump right out of my glass. That's our health. That's alright.

01:45

Peter, thank you for being here tonight.

01:48

We're done. We're done. We're done.

01:50

We're done. We got the news. And we probably got some news.

01:53

And then

01:57

it's giving me No they're not here yet. It's hatch. Tonight's hatch night.

Peter 02:02

Tackling Schneider hatchling? Yep. They're at a prom. You don't think they're gonna show up at their limoneira? Do they? I don't know. Well, no. Well, they didn't come in here and gout grounds grounds and formal gowns. Let's see if we didn't make my work tonight.

02:18

It'd be interesting to see who wears what.

02:22

I was at the prom. I didn't see too many the hatchlings in formal attire.

02:26

What were they wearing? There was a lot of just casual

02:29

sweating or a little bit fancier.

02:31

Really? Yeah,

02:32

I do think though. One of our

02:33

formals and grounds. One of our the queen of the hatch prom.

Chris 02:38

I think he's been on this radio show. I think he's been on the show here before who thinks Tiger pants. Oh, tiger print on his pants.

02:47

Yeah, yeah, yeah, no, no, not take her out with him. I don't remember. Okay. Well, we'll see. We'll see.

03:00

Cold things that had to be a Pepsi can the back of my

03:03

neck and you're gonna pay for it. Oh, you're gonna pay for

Peter 03:07

now. Some of those. No, I'm not going okay. I'll be really really good. Which is pretty rare, right? Yes, it is. Anyway, so this may be what Peters last show for a while. What? Well, because you got to go to California. Oh, like all good. KPFT people.

03:27

Everybody goes to California. That's right. Yes. can

03:29

make a big comeback like Charlie Pacheco. Yeah.

03:36

He has a cute, isn't he? Beautiful? Music, beautiful voice. They've allowed the mores. I just, you know, we're richer for the both of them being back in Houston.

03:46

And easier on the eyes. Yeah. Let me tell you some work. Big Ryan. What big ROI?

Roy McCarthy 03:52

We got our first well, we got a new hate call.

03:58

New hate caller Yeah. New. Well, we

Roy McCarthy 04:00

get this. A few keep calling every week.

04:03

Oh, yeah. About there. Oh, yeah. Why they had the courier show on the station. And why not?

Roy McCarthy 04:10

Because they're listening. And we're obviously we're touching and it's, I'd like to touch on.

Peter 04:17

Like, God gave you the freedom to turn your dial. If you don't like what you're hearing during your time. They do. Like yeah, it's like a bitch.

04:24

Well, they like it when you're on because we have fun. Oh, yeah.

Roy McCarthy 04:28

We had this one caller who called and said, you know, you guys are having way too much fun.

P

Peter 04:36

We always have fun. Yes, we do. Even when it was the peanut Connie Lingus. Yes. I really hate to drop cutting like I do. Oh, no,

04:44

I don't do Connie. Lingus but hey, a lot of people do. You know it's a popular sports

P

Peter 04:56

that was your favorite. That was good. That was scary. Very good. So anyway, yes, we're gonna be going doing that as and I was thinking that we'd have next week but since we're gonna go to did you the pride thingy? And yeah, I may I may be back one more time. We'll have to see how it goes. Okay, we have little things here little Tata parties and then

05:17

so you may not be here in July, Mina. Ooh, well, it's

P

Peter 05:20

birthday time. Okay, you got to go to the Ann Arbor Art Fair. If you've never been you've just got to go to one of those. Okay, just as a major thing today, okay. And then also my birthday here because everybody in town, I'm a year older, so I'll just go away and do

05:32

it. I don't like hiding. Yeah, I go to Hawaii.

05:37

Well, yeah, but you brag about it for two weeks ahead of time and you complain about it for the next month.

P

Peter 05:41

But he's brown he gets back. He's so pretty.

05:43

Yeah. Now look at me. pasty.

05:46

I'd have to say one thing, Peter. When I was listening to you out on patrol, you did say one thing wrong you said never in Texas. You'd hear someone say the shorts are too short. We say it all the time when it comes to big ROI

Peter 06:00

about big ROI walking across the corner, those yellow shoots rose and whatever with those yellow things on with his duties that I said

Roy McCarthy 06:08

so calore they just feel so good

06:11

for you but not on our eyes.

06:12

I'm sure they do because it's damn near nothing. I don't know what keeps them on he didn't I

06:18

don't know either. And slip clear up the side to the to the dam.

06:22

Yeah, they certainly are all the way up.

Peter 06:25

flapping in the breeze last and ease a breeze blow them babies.

06:30

Okay, we're gonna go to a piece of music before we go to the news. What do you weren't going to do? What Chris suggested to do for a Happy Father's Day? Isn't that yes, we've got dn McBride and he's doing a special Father's Day song. So I want everybody to sit back and enjoy this and and think of your daddy. Right here on KPFT Houston and ke o s college savvy, Daddy Daddy.

07:26

Out there, he's got that picture. Yes, it's time for the news and views with big Roy and Chris.

Roy McCarthy 07:36

Yeah, I'd like to welcome everyone to this week's edition. It's gonna be a rather brief segment of the news. Because we got we just got a whole heck of a lot going on in this in the in this stuff this week. It's just a whole lot of hockey. There's a whole lot of pride stuff. But in fact,

07:56

what more could you ask for?

Roy McCarthy 07:59

Just lighten the load for some news. But we do have one newsy type item. Today. About 150 protesters representing gays, lesbians, blacks and other groups have continued to rally today down at the Georgia brown Convention Center, which for those of you who are not in the know, that is where the state Republican Party is having their convention. And the protests began yesterday after the Republican Party of Texas approved a platform that opposes abortion, homosexual marriage and human cloning. They're just calling around out there. I don't know

Chris 08:34

why we're just helping the people. We were all in favor of cloning. As long as it's not member, not members of the convention there. I heard that their gene pool needs to be spread out a little bit more in some instances and out. Or at least someone besides family members.

Roy McCarthy 08:49

There you go. Some probe. Protests for dressing drag. Others like the Nation of Islam promoted a very peaceful approach. Log Cabin Republican President Steve Lubinski says his day his gay and lesbian group has been excluded. Once again. The Log Cabin Republicans were excluded from the state Republican convention. Although the state Republicans love to take their money. Party officials did not allow the group to set up and formal an information booth inside the

convention center. A decision he says that is to suppress the voice of gays and lesbians. The Republican party spokesman Robert black said the group didn't isn't didn't officially apply. And today's protest was put on by dandy tonnato and his equality group

09:40

and one thing that I read about in the paper here was in fact that because they weren't given a booth inside the Log Cabin Republicans had a the log cabin Republican booth in exile. It was a vehicle they drove around the George R brown getting the information out that Way, and several organizations. It's not just a Log Cabin Republicans. If you read yesterday's newspaper, there was a lot of organizations that are kind of being excluded from here, including biker, Republicans, biker Republican, there's a group of biker Republicans who have been excluded from many of the things are not getting the information from their own precinct captains and such of

Roy McCarthy 10:25

what it is the Republican Party, once only white males with money, white women females can join, but they predominantly want

10:39

white men. Basically, it's nice to see that the Republican Party like something with the word homo, and but as homogenized, they want they want that that one equal that one, milky white toast kind of appearance to put forward. And so when

Roy McCarthy 10:55

a few token blacks like that one radio announcer hear that radio show, talk show, boy, Keith Allen key,

11:03

yeah, there's allen keys. There's

11:07

a couple a couple others, but they get

11:08

trying to get Colin Powell in there because Colin, Colin doesn't want to get into the politics part. I mean, Clarence Thomas, on the Supreme Court. And so basically, you're getting this. You're

getting a lot groups of excluded. There were even a few according to the paper, there was at least one religious organization that was kicked out a religious organizations. Yes, they were, I guess, a little too much of the Bible thumping than other groups. But it's an interesting little confrontation going on down there because you're seeing also a lot of the death penalty. debate going on there. Probably a little more than what your than what we've seen in the past with Log Cabin Republicans. Talking in the political vein, a countywide voter registration campaign meeting is scheduled. A number of Harris County residents are exploring a major nonpartisan campaign to register low income citizens and to encourage them to vote. To go with that aim. The leaders of project vote will come to Houston on Wednesday, June 28. To explain what has been done in other communities and what can be done in Harris County. It's a nonprofit nonpartisan organization with an excellent track record. You're probably well aware that low income citizens are not well represented on voter registration list with results that their concerns are not well addressed. The aim of the group is to register low income residents to produce enough to produce an additional 60,000 votes in the 2002 general election. The this meeting is Wednesday, June 28. At 530 and 7pm. There are going to be identical meetings at state St. Stephen's Episcopal Church 1805, West Alabama at Woodhead. For more information call Sam keeper at 713-524-7940.

R

Roy McCarthy 13:05

Okay, this week, we had the grand opening of the Gulf Coast Music Archive and Museum, which is located at 2507 Capital.

U

13:17

That's right, it's a block and a half off of Dowling. It's on the other side of the freeway from Enron field.

R

Roy McCarthy 13:25

Okay, it's not that difficult to get and what is located on the inside of that.

U

13:30

Right now it is a it's a temporary, it's a temporary location, it's a temporary venue. And until we get a larger space, it's actually kind of rustic, but it's a beginning for the history of gay lesbian and bisexuals and transgenders here in the Gulf Coast area. We're gonna focus on Houston but also we go as far as New Orleans and and down to Corpus and and you know, and other Texas cities. What we have right now is a timeline running from we have a couple of things from the 50s and 60s and then mostly from 78 on just memorabilia that people have given us in the past few months. And yeah, we really haven't advertised that much until this opening. And it's a match. It's incredible. We have 42 boxes of memorabilia 40 to 42 boxes, at less than 1/10 of it is on display right now.

R

Roy McCarthy 14:37

Roy McCarthy 14:45

If somebody would like to donate, how would they donate? You know if they have an item of memorabilia to donate to the archive,

14:45

call the archives at 713-227-5973.

Roy McCarthy 14:52

And how did the Grande open or the dollar was great. It

Jimmy Carper 14:55

was great bargains. That nice Parker was there and spoke And suno was there and as specter and Phyllis Frye was there and spoke it just just really great, great people were. Were kind of surprised and in many ways, you know, because like I said it's it's rustic. We're starting out very small. We don't have a whole lot of money, but we have a whole lot of gumption and desire. There and gumption gumption. Gump shin. It's a Texas word. Sorry. Okay. And

15:39

I heard the word I just never heard it on this show.

15:41

Well, it's it's in a warehouse. And so like I said, it's that we had to build walls and all of that, and I'm telling you, we had gays and lesbians and transgenders and bisexuals, they're all working to put it together. In rainbow. Yes, absolutely. Is the vice president of the grow. As a matter of fact. Yes, yes, he is. Yes, he is. You know, it's got to be

16:07

if there's one excuse to go down and see this is probably to see a warehouse in Houston. It's not being turned into lofts. Yeah.

16:16

That is the score. Never it isn't Bruce and Judy live in this warehouse? Okay, it's not their home right now. Right. Right. Right. It's just a temporary location until we find a permanent one. And we've also talked with the community center. And we're in negotiations now to have like a glass case, or probably a wall case to put up in there and put it put in memorabilia. And you know, change it out weekly, monthly, whatever.

16:48

Little on loan. Yeah, yeah, yeah.

Roy McCarthy 16:52

Okay. Moving right along. I want to mention that we're now getting off into the Pride Week stuff stuff. Monday, around six ish at the Brazos River bottom is going to be the grand marshals reception, which is being put on by the court, and the Houston gay and lesbian Political Caucus. And you're going to be honoring, it's going to be honoring the grand marshals of this coming, upcoming parade. And gay time is going to be headed by all there's gonna be lots of food and festivities and everything. Shawn Carter is going to be there and talking about Shawn Carter. Who in a theater

17:33

actually I'm going to I'm sorry, go ahead. Go ahead. Because Bruce Reese just walked into the studio. Bruce Reeves is the president, chair, chair whatever, of the Gulf Coast archives and museum for gay, lesbian, bisexual and transgendered history common Inc. How was the opening?

17:56

It was really very good, I think. Yeah. I'm 30 to 40 people. Thursday night for the preview.

18:04

20 some odd people last night for the opening? There were 10 I think, when I left today, and now there's

18:11

a lot, there's several more that came? Yeah, probably about 20. For today, and probably that much tomorrow. Tomorrow is the museum will be open noon to six

18:21

to six. Okay.

Roy McCarthy 18:22

.....

And how long is admission? Oh, it's free? Lunch? Oh, yeah, it's free. And the publication has,

18:29

I know, I know, the \$15 is only for Thursday night. Okay. And you know, if you want to give a donation, we're more than happy. If you want to be come a member, it's \$25 per year. Okay. I know that you work your fingers to the bone and I see them bony fingers, right. Putting that thing together and you know, getting the air conditioning in? And I mean, it was

18:51

well, it's been a lot of work. Yeah, it was. It's something that we've all felt very strongly about. And it was very important to us that we'd be able to open the doors and show the community just a sampling really of what we have because we have a lot more than what they'll actually see in the opening. But it gives everyone a feel for the kinds of things that we do have. Obviously, Lane one of our friends came on Friday night and looked around and one of my first comments to him was you know, I've asked you a dozen times, and I still don't have a picture of King and Queen Apollo one Yeah, which we have. We have it now. And he said well, and you know, I was gonna donate my king Apollo, the mystic crew of Apollo Houston, kings, Tux jacket, which he brought today. He did. It's beautiful, beautiful. He says he couldn't get in and on the back. end He also bought some T shirts that were so small you couldn't wear them and clean T used to be able to. Now you go figure that. We do have a lot of T shirts, actually. We have a lot of T shirts.

20:17

And what is it? I'm sorry? Remember, I'm the young one of the

20:21

crew. Like, like, like the crew? Yeah. Crew. Yeah.

20:25

Okay. It just it predated crew of Olympus by, I believe Patrick said he was King and King with Naomi in 1980. Oh, really? And there were three, three Apollo balls in Houston. Yeah. So 8081 and 82. And

20:43

I know I went to a function and 86 January 86. And that was probably one of the last things they did. Yeah, yeah.

20:53

I was just curious. Remember, I'm the youngest group. I don't know all that stuff.

20:57

But it's just amazing that the material that has come in and and we know there's a whole lot more out there,

21:03

there's just there's a world of material out there. And we're happy to find that there is a world of material out there. Because of course, our biggest fear when we started this was, does any of our history still exist. Because we know how much we've thrown away in the last 20 or 30 years, just because there's a limit to how much stuff you really want to move one more time.

21:28

Well, and so many men have died. And so that history is scattered

21:34

out. So many of our community members have died and their family comes in. And they may not, you know, this may have been the most important piece of paper to their child. But to them, it's either a reminder that he was queer, or a reminder that he had AIDS, or a reminder that his lover got pissed off at him one night and shouting through the head or some, whatever, what you know, for whatever reason, and so I mean, the families don't have any desire to keep that stuff. And we have lost a lot of our history because of that. But there is still a lot of our history out there to save and it's our goal to try to save

Roy McCarthy 22:12

and there's a lot of history to be made. That's true.

22:17

Thank you for stopping by Bruce. We were we're like running way behind. Oh, I'm sure and you know, we always do and we then the hatch, bang is here. Oh, yeah. Yeah. No. Sorry.

22:38

If you want to?

22:40

Yeah, yes. No, go ahead.

22:45

If you want to send us news or information, I think, send it to after hours. kpft@hotmail.com

22:52

or naked boys singing we're not singing? We'll take those two.

Chris 23:02

Yes, oh, we're waiting for you to wait. You can't. You kind of saw. Then you put us back on just to say goodbye. And then you start rooting through your purse? Yes. I mean, I certainly hope you're queuing up to the station ID.

Roy McCarthy 23:18

You gotta understand you do and Chris and me were confused as it isn't. It's been down and it goes downhill from its pride month. We're having we're having loads of fun here in the studio, folks.

23:27

We are the next thing I'm going to do is something that's, that's that's kind of, well, it's serious. Okay, two things I'm going to do. And so I want you to to hang around and listen and, and, and here we

23:46

go. Here we go. Hang around.

23:47

I received an email from a man in plantersville. One of a couple of men who won tickets, season tickets to the Gay Men's Chorus because they they listened all the time. And they called in and and I don't know how much of this I can read. But it is with very sad heart that I wanted to let you all know it after hours, that on the morning of Monday, May 15, my partner decided he could no longer live with the fact that he was gay. He was a Jehovah's Witness, although not practicing, and that sometimes in the past, he found it difficult to reconcile the two parts of his

life. Even though we were only together for six short years. I will miss him in so many ways. Not only was he a great friend, he was a great person, and he never had anything bad to say about anyone. He raised birds and animals on our small farm. He was compassionate and understanding to other people's needs. He just did not understand his own needs. And I was unable to see that he was in need of more help than I was capable of giving him. I arranged funeral services for Friday the 19th of May. And I know now that my lover and soulmate is no longer in any pain. The reason for this note is to let you know, now that I'm about all of the above and also to let you know that I arranged for any donations to him to be made to PFLAG of Bryan College Station in his honor. When trying to decide this, I had looked at your website to find information that would have allowed me to choose an organization that helps to provide care for young gays and lesbians that find themselves in the position that my partner did. I could not find any and I was hoping that you would at least add some links to your new site that would help in the future. And maybe you could also announced the services for organ and organizations more during your show. He was only 26 years old and the only thing that I can do now is suffer the loss that we have had and try to go on. My heart is so full of pain and sorrow. But also it worsens when I think of the fact that there are so many young people who have no one to turn to in their time of need. Please do everything you can to help stop this needless waste. I'm going to be awake listening to your show again this evening as I usually am. But the past five nights have been nothing but tear filled measures of time that I try to make it through just to reach the morning light. And when the sun rises, I made it another day when I will have to make it through many more hours of bright sun without my only ray of sunshine. And to this brave man I dedicate this.

27:36

Boots are being polished. trumpeters clean their horns, chains and locks forged through crusade has begun. Once again flags of Christ are unfurled in the dawn and cries of soul saviors sing apocalyptic on airwaves. Citizens, good citizens all parade into voting booths and in self righteous saying to the ex away our right to life. I do not believe at some that the vote is an end. I fear even more. It is just a beginning. So I must make assessment, look to you and ask Where will you be when they come? They will not come a mob rolling through the streets but quickly and quietly move into our homes to remove the evil the queerness the faggotry from their myth they will not come clothed and brown and swastikas are buried and chest heavy with gleaming crosses the time and need for such Rousses are over. They will come in business suits to buy your homes and bring bodies to fill your jobs. They will come and robes to rehabilitate and white coats to subjugate and where will you be when they come? Where will we all be when they come and they will come? They will come because we are defined as opposite perverse, and we are perverse. Every time we watched a queer hustled in the streets and said nothing. It was an act of perversion. Every time we lied about the boyfriend or girlfriend at Coffee Break. It was an act of perversion. Every time we heard I don't mind gays. But why must they be blatant and said nothing. It was an act of perversion. Every time we let a lesbian mother lose her child and did not fill the courtrooms. It was an act of perversion. Every time we let straights make out in our bars by we couldn't touch because of the laws. It was an act of perversion. Every time we put on the proper clothes to go to a family wedding and left our lovers At home, it was an act of perversion. Every time we heard who I go to bed with, it's my personal choice. It's personal, not political, and said nothing. It was an act of perversion. Every time we let straight relatives bury our dead and push our lovers away, it was an act of perversion, and they will come for the perverts. And it won't matter if you're a homosexual, not a faggot, lesbian, not a dyke. Gay, not queer. It won't matter if you own your own business have a job or an SSI. It won't matter if you're a black Chicano, Native American, Asian or white.

It won't matter if you're from New York or Los Angeles, Galveston or Sioux Falls. It won't matter if you're Butch or FIM not into roles monogamous, non monogamous. It won't matter if you're a Catholic, Baptist atheists Jewish or MCC, they will come they will come to the cities and to the land to your front rooms and in your closets. They will come for the perverts. And where will you be when they come?

32:00

Oh, I'm coming. We're getting to the service. No. Oh, okay. So this is me. Oh, my mic was not even I know. That was interesting. This is the hatch segment. All kinds of dead air. That was Garth Brooks. My hair. That was the red strokes. We incorporate Garth Brooks to every show. Okay, today, we got Justin in the booth. Hey, new. We got David. Hi, Tara. Hello. Very good. You got it at the last minute. And Gabrielle Hello as our adult facilitator, girl. sick or something? We didn't say mature we just had

32:54

to close to 30 to count.

32:57

Okay, a little bit about hatch stands for Houston area teen coalition of homosexuals, homosexuals. Not everybody. If you need to get in contact with us, the number would be 713-942-7002. All right. You'll get a answering machine if you need to talk to a youth press the youth number field listen to the thing. I don't have the numbers. And then I'll be the one answering your calls. Or you can choose to talk to Carol Petrucci. She's really lovely lady. All right. Oh, Freddie's back there. I didn't see him. He's hardly behind Tara. Okay. Sorry. I didn't see. Well, I'm sorry. I didn't think you came in. Okay, well, I guess we have more people who are more fun. Okay. Okay, so we have a couple of topics tonight. We're going to start talking about glisten, because we're starting a glisten chapter in Houston. And that's all kinds of great. So Miss Gabrielle, who knows all the information that is gonna lead us off with that.

34:08

Okay? glisten is like a grassroots organization that helps create respectful school environments for all students and teachers, regardless of sex, sexual orientation, or gender identity. And most people think of glisten, which stands for gay, lesbian, straight Educators Network and they think, Okay, this is a teacher thing. And this is a support group or something, but it's not. It's completely different. It's, um, it's a group of community leaders, teachers, you know, people who work in the community students getting together and trying to create changes in the school environment K through 12 school, because, I mean, y'all go through it every day. You know that there is harassment all the time. Y'all stop harassing Gabrielle. Now, we were in school, listen wouldn't be all over, y'all know? Where should he bird? Where's that? Shut up. If you think about it, you know, they have all kinds of policies about, you know, anti discrimination, but the the sexual orientation and the gender identity thing isn't included. So

your teachers probably address, you know, don't, you know, don't harass this person because they're African American, or because they're Asian, or because they're of this ethnic background. But when you get gay slurs are,

35:39

in fact, called out in the hall,

35:42

they don't quite know how to not all teachers know how to deal with that, you know, I am a teacher. So yes, I deal with that in my class, and I treat it as any discrimination. And I take that, thank you very much gay

awareness. That's great. teaching those youngsters,

35:58

but not all teachers know how. So that's one of the goals is to try to enlighten teachers and try to enlighten administrators, and get programs and anti discrimination policies adopted in schools. Right now, glisten, needs new members, they are just starting a Houston chapter. And they don't just need teachers, you know, we have some teachers, we have some people who work in the community, we need more people in the community, from any sector of the community, and we need students because we need y'all to let us know what's needed in schools. I mean, you're living it right now. You know, you know what kind of harassments there you know, what kind of rules need to be changed, you need to let us know what's going on. And the next step in forming glisten in Houston is a community assessment. And that's where we take into account what this community needs. And every so often, they're going to do the same thing. And there is a special student price if you're a student, and you want to join gliss. And normally, the membership is \$35. Because glisten, like hatch depends on, you know, donations, and then they also get membership dues. And normally it's \$35. But for students, it's only

37:09

15. All right, we're saving money. And

37:13

that goes to the national organization. And it's I don't know if you know this but glisten is the fifth largest national organization that fights for gay and lesbian and transgender rights in the the entire country. Gay people are less likely to gay people that are doing some form

of it again, and Tara and David, y'all need to stop licking each other. They can't hear you, but I can see it and I can announce it. Your parents know that David's licking you? Way over.

37:52

David, please put the tongue back in the mouth. Todd, please remove yourself from being that close to David.

37:59

Yes, it's on I have myself, who cares? I hear you. And that's all that matters. Okay, so is that what we need to know about glisten? How about a phone number?

38:12

There, they are just getting things. They have a peel box. But I don't have that with me. But there is a website. All right, which is [www.glsen.org](http://www.glsen.org). Which you can get information on the national chapter. And I'm sure pretty soon they'll have information on this new chapter in Houston as well. Good job. Thank you.

38:33

Okay. So we've gotten glisten out of the way. Oh, we invite all kinds of listeners to listen to us and call us in. So if you're listening and you have a phone Oh, Gabrielle is pointing at me.

38:48

I have one more comment about glisten, glisten. They just started in, in in Dallas and it's also helped to get GSAs or gay straight alliances in in many schools in Dallas. And David was one of the one thing that y'all can get out of this is is you know, the power to start gay straight alliances in your schools. Good job. Okay. Um, third,

39:09
