That was the Gay Men's Chorus of Houston the opening number from their brand new CD to friends and to life available everywhere. And now in our studio tonight. The man you have been waiting for all since last month. Because he pissed you off so much then Howard. Howard, Big Daddy McHale.

H

Howard McHale 02:43

Well wait a minute. Who did I piss off last month? Oh, you're bound to have pissed off some buts about time this town needs a little pissing off for a little bit tonight. Well, that was a nice. Do you know that? Only one out of 10 Americans know that song. Every word. Oh, come on. I swear to God, they can repeat that only one out of 10 Americans. And what by the way? Memorial Day or what war did you find in World War Two? Hey. You can tell me I've seen you before. And a couple battleships trying

J

Jimmy Carper 03:14

to tell me I'm an old. You're an old one girl. Hey, you

H

Howard McHale 03:18

know what Big Little Daddy can't be with us tonight.

J

Jimmy Carper 03:20

What's the day? Oh, he's

H

Howard McHale 03:21

up in Detroit. At all? Yeah, you know, yeah, he's a big old girl. But he's gone tonight. And we have got a show planned for you.

J

Jimmy Carper 03:29

You've got a new co host tonight. I have that just for tonight. Just for tonight.

H

Howard McHale 03:33

I have a female co host Oh, and UFC. That church has done that. muchacha.

J

Jimmy Carper 03:39

Terry? Terry, how and why do you put up with him?

H

Howard McHale 03:44

She's my girlfriend. I pay that woman good money. You. Let me tell you. I'll leave it with you. Hey, well, okay, well then, if you're gonna leave it with us, we're going to just tell what's going on tonight. Right? Hey, you know, you know what, for the first time in my life, I have come across an easy way to get a date. And I know for all of us out there sitting out there tonight going hey, I cannot get a date. I don't go to the bars. I can't go to the bars and bla bla bla bla I'm too young. I'm too ugly. I'm too pretty. I'm a woman, a woman a man but guess what tonight we have in the house a service that is here in Houston who is basically just come into the town and basically what they're going to do is they're going to guarantee you a date I mean, I would if I if I can get a date on this service if big data can get the data in this service in the right category, but it's an it's an immediate interactive service. So all of you sitting home tonight there's no excuse because now I have found out that I can sit at home use my telephone not spend any money on booze and still get a date know you guys are in shock because that that dead silence. But anyway, Big Daddy's out of town tonight and also, believe it or not, this is a As you know, Terry and I are co chairs for 1996 Lesbian Gay Pride Week. And there have been some surprises in the making that you would not believe. Believe it or not in the article in the voice magazine this week. I feel like Howard Stern in the magazine. There wasn't anything bad things said about us for the first time. Yeah. And we have some turning

points with gay and lesbian Pride Week this year that they're just going to knock your socks off besides me getting a date for each event. But anyway you guys are too quiet. This really pisses me off, you know, because I was expecting we have several people in the house tonight and we're gonna the first part of the show, of course is dedicated to dating. And not because that I can't find a date that poor Susan Lucci who was 16 years having had an Emmy, I don't think I've had a date and 16 years and I finally had one with this man line service. Thanks to mainline and we have a little story coming up about them because what happened was they actually give it to me free the free service and not for publicizing but because I'm a real nice person and I may become the spokesman. What What is man line? Oh, I was just telling you I might become the spokesman of man line magazine, a man line. You know, who's, who's the guy that does? The the ones that you weren't talking to million dollar?

J Jimmy Carper 06:22

Where do you gonna beat another Billy Dee Williams for the psychic Connect? No, no, no.

H Howard McHale 06:26

The who's the one with the false teeth?

J Jimmy Carper 06:29

There's so many normal, right?

H Howard McHale 06:31

No more, right? The denture cream. What's her name? Martha. Martha Ray. I'm the spokesman for man line magazine, you will see my picture or you might you know who's the guy that does the with Johnny Carson. Ed McMahon does the million dollar. So you will be seeing my picture plastered all over. But actually, to tell you the truth. I was amazed at the fact that you can actually just just the wide array of categories, because you know, what's going to happen is that people will say that we're all sexual idiots and that that's all we're looking for and sex. But this service offers for people who just want to talk or just want to you the listeners sitting at home tonight, and we'll get to it later. But first of all we'll talk about that later. And Roy how're you doing tonight, honey? When the fajitas are cooking? Okay. We're gonna do a little little special thing that a big dad a little Daddy and I started a couple months ago. It's called in the news and new little tidbits picking out of the Houston Chronicle here in Houston, Texas. Believe it or not, you know, we are the fourth largest city in the country. Are you aware that we are very big and let me tell you that we have we have not had I know how you got a man line. We have not had any rain in this town. I don't know how long how long anyone can guess gang weeks? This has been probably the worst drought since the 1932 drought. Did you know that? No, it didn't. Did you know that? Do you know that every flower my neighborhood is dead Do you realize that there was a fleet convention in my backyard? Let me I could lift up my I could pull down my pants and show you fleabites That is TMC in the news? Okay, gang, we rehearsed this now, in the news news. The American Automobile Association has just come out with statistics on crashes late at night, and they state that most 30% of the crashes that happen are

people who are drowsy and driving now you haven't been in my bedroom because most of the 30% of the men who come through are usually sleeping too. But if anyone has driven these freeways in the city Houston because here's my time to bitch right now. The acceleration lane on a freeway means hit the gas pedal people I think people I think people are sleeping on the freeways most the time they're not drowsy they're just driving in Houston.

J Jimmy Carper 09:06

Yeah

H Howard McHale 09:10

there's a lot of stuff I have you on this show. We're gonna go we're gonna go over the last little tidbit of in the news. Inside the loop, try not to get okay. You ought to experience a no dose enema because you guys obviously need to wake up. Okay. Okay. According to the Houston Chronicle in the news this morning. Here we go again. In the business section, not monkey business, not crazy business, but just business. According to if I'm not in the June issue of Consumer Reports magazine. Now, they're going to come out with the best tasting beer in America. Usually when I when I go out on my bed drinking escapades on the night I would like to hold something long and brown and say Coors Light on the side. But according to Yeah. According to Consumer Reports magazine guessed the number one best tasting beer in America. shiner Buck now that's one of the second best light tasting but the regular or ice beers in the category the number one ice beer you guys are gonna flip you're not gonna believe it. Ice. Ice House Old Milwaukee. No Get out here is right here in the Houston Chronicle. trailer during Stroz is number two. I swear to God, my uncle participate in at least one that Pabst Blue Ribbon. Remember that when you were a kid? Here's a little trivia question. I'm coming from the Midwest, that you know they have strolls ice cream up north. Do you know that? Yes. And do you know Do you know why they made straws ice cream? Because during Prohibition, they had all these bats and they didn't know what to do with them because they couldn't produce beer. So they made ice cream. Mm hmm. Wow, that's news. Hey, well, let me tell you about the show tonight. Real quick once again. Oh, by the way, I was listening to RuPaul tonight. Did you see on the VH special? I cannot believe I could not believe here's the drag queen in 1995 or 96. What year is this? This prod committee shuts me real bad. Oh, it's too early to say that. Actually, RuPaul has a TV show on VHS.

J Jimmy Carper 11:43

Did you see there were two parts of it. Did you see that first hour without that address dress?

H Howard McHale 11:51

What was it was Nancy Sinatra Go Go boots. And that woman has no sense of humor. I don't care what you say. She's not a stand up comedian. No.

J Jimmy Carper 11:59

.....

I didn't laugh once.

 Howard McHale 12:00

I did a couple times when Diana Ross. I'd done Ross was on Yes. I want to make a video with Diana Ross think I can

 Jimmy Carper 12:06

and every drag queen in California.

 Howard McHale 12:11

It looks like your 16th birthday party. But that report completed what? What's going to come to next? I don't know. I don't know. I know.

 Jimmy Carper 12:24

Have you watched another show that had more commercials?

 Howard McHale 12:29

What can she say for 10 minutes? How she's always on time that Longines the contract she signs? Hey,

 Jimmy Carper 12:38

that's one of the reasons I was watching. I wanted to say she's gonna say anything about that really wish

 Howard McHale 12:42

she didn't say that. She looked good though. Don Ross was look it's kind of amazing to think about how it's like the the stripper dancers and the gay bars. Now. If I can remember back when I was a little kid growing up in the Midwest, back when they're only 13 states

 Jimmy Carper 12:58

Wow.

H

Howard McHale 13:01

There's a little tavern. Daniel Boone. Yes, I did run, you know, Sasha stand on the Egypt with Moses. But anyway, the funniest thing about back back when I was a kid, and back when the when the all the equal rights, the African American rights to the civil rights movement started, the African American people complained because they had to ride in the back of the bus. Well, now they drive the bus. And in the 70s I found it ironic that in the 70s because I can remember being out in the 70s in the gay bars a straight people used to come in and throw rocks and beat us up. And now in the 90s that gave the straight boys are dancing in the bars for money. And yeah, where's the world going

J

Jimmy Carper 13:45

and letting you put your dollar bills in various strategic areas to what a

H

Howard McHale 13:50

way to make a living? Hey, if I would have known I would have been a straight boy. And I would have come out in gay bars. I don't know. But anyway, Tonight I'll show no way. Or you've never seen me in a G string. You know, I finally talk about my G string. But you know, the funniest thing about G string is you don't know. I bought one finally

J

Jimmy Carper 14:09

what you put in it.

H

Howard McHale 14:12

But you know, the thing is like buying a jockstrap, do you buy it according to your waist size or anything else size so

J

Jimmy Carper 14:18

better be your waist size?

H

Howard McHale 14:19

Yeah well anyway to make to make a long story short I got my order I ordered this this G string from under gear not to plug into gear but you know i You never looked like you do and now

J

Jimmy Carper 14:39

you don't have that body but

H Howard McHale 14:41

what no I don't have the body but I didn't have anything else.

J Jimmy Carper 14:45

What do you do the sock and you couldn't keep this

H Howard McHale 14:48

I know I got I got the little little black little thing with the Gucci strap up the bag. And it's real fun because you kind of tug on it but anyway, so I so here I got this this G string this black jacket Open in the box, I'm running around the house in my head. And so I put it on but it just didn't fit right, it can like sag in the front. And then on top of it, I mean, I'm standing on the toilet in front of the mirror because my mirrors behind my bathroom. Yeah, I lift up my shirt and I'm looking at myself and this G string, laughing hysterically. And I realized that I bought the

J Jimmy Carper 15:19

wrong size. Next time you will go to basic brothers. And let me tell you, it

H Howard McHale 15:23

wasn't a pretty sight. But But what happens was, well, you have to realize when you're standing on a bathtub, it's like it's like swimming in cold water. Ah, huh. You know? Yeah. Wasn't the most enjoyable, pleasant. But anyway, tonight tonight on the show. Yes, we're going to talk about dating for a little while. Only because I've heard every excuse from everyone, especially from myself on how you can't find a date in this town. Well, tonight we're going to find you a date in this town because we have something happening that kind of an interesting, then the second half after that, of course, is Wild Music We're gonna go to well, this is our Pride Week issue. This is the last day of my last radio show. And we have got some surprises coming up for you that you know, is going to finally put Houston on the map and probably some national recognition which this little town has never had. So I'm ready to go to the music I want to come back and talk

J Jimmy Carper 16:15

and you're going to talk to a group that runs man line we're going to talk a group that runs man line Okay, thank

H

Howard McHale 16:22

you for reminding me we're going to

J

Jimmy Carper 16:23

a piece of music that I hope will be a nice intro to them. It's an old dance tune by Miguel brown
yay it's called so many men so little time on here

H

Howard McHale 16:36

yeah oh yeah, so

J

Jimmy Carper 16:43

many men so little time by me Gil Brown and old disco gay classic on a new compilation called
riding the rainbow with such favorites as male stripper by man to man, and where's my man by
Eartha Kitt, and others and you're hearing it on after hours queer radio with attitude on KPFT
Houston, and ke O 's College Station. Now, back to Howard.

H

Howard McHale 17:15

Looking at you speaking of an old disco Hit

♀

17:21

Girl

J

Jimmy Carper 17:24

I remember seeing you doing those fan dances up there girl. Tell me that

H

Howard McHale 17:29

I can remember when ecstasy was \$2 at numbers

J

Jimmy Carper 17:32

and legal. Oh,

♀

17:34

I wasn't born.

H

Howard McHale 17:35

Hey, speaking of illegal and speaking of illegal things, okay, now we're gonna get serious here because, gang let me tell you I've heard 200,000 people in my life tell me that I don't want to go to the bars and find a man there's no place to find a man this town. The bars not the bars. But you know if you think about it our culture, gay and lesbian culture. That's where we started. And that's what will will obviously remain because those are our safe havens exactly as gays as gay and lesbian men and women, those those are our little domains with our walls. But not what happened is that entry clubs exactly as progressively as we get bigger, and we get more. There are other avenues to look for a date. And I've been one that I haven't had been able to have a date. Like I said since I Susan Lucci had an Emmy Award. She deserved something. But there's a service in town right now. And it's been it's been new in town. Come down queens. Okay, there's a service in town called Man line. And with me today I have the Houston representative from the mainland Corporation. Rafael Meza. Is that correct? That's correct. Okay. Thank you audience rehearse. Okay. Now, this note for our for our audience who doesn't really understand what this is because they're all sitting here gone. Whoa, who's this? What's this queen babbling about? But actually, I did find a date off this. And that's amazing. And the thing about it was, I was a little ignorant exactly what this interactive media. Go ahead. Oh, as I cough I'm sticking out a histamines tonight. So I have to bear with me. So Raphael, what I want you to do is I want you in a nutshell, to exactly explain what man line services for our audience tonight, would you please dharma?

S

Speaker 3 19:21

Sure. Well, basically, it's a new avenue for gay people to make to meet other gay people. Other than just having to go to a bar or gay restaurants or any anything like that. It's a way of us allowing our community for those who don't like to go to bars. It allows them to meet other people who don't go to bars, or other people who do go to bars but don't want to get involved with people who go to bars or, you know, that kind of thing. It's it's a way of meeting people a way of stating what you want in a mate and to get a response of those who can provide you with that.

H

Howard McHale 19:56

I'm coming from experience because one of the strangest things was in a 80s 80s It was the classified sections. Remember, we wrote letters, and we were we and we responded. But now in the 90s, we have the internet, we have the telephone voice activated service. For all of you don't know that man line is an activated.

S

Speaker 3 20:12

It's an interactive voice system. And you deal

H

Howard McHale 20:15

with your telephone. Exactly. Now you're sitting back there lonely on a Saturday night, okay? Nothing in your hand, but your receiver. The telephone, okay. And let me let me tell you something funny, because I was a little skeptical at first. And I had an the man line people, actually, they came to the product committee, and they approached us. And we did some dealings with him and spoke to him. They were really nice people. And what happened was, they came to our home on promo for all of you who were there at Seventh Street. And they took exactly they took me to dinner, which is really a feat. Because if someone wants to take me to dinner and feed me, but what happened was, um, they gave me exactly several minutes free in the service, and I want to use it, and I want to come back and tell you, and let me tell you, they can put this old queen and a day, they can do it to anyone. And I was amazed, I had a little difficult getting out of the system.

S

Speaker 3 21:12

I'm saying and yeah,

H

Howard McHale 21:13

and for some strange reason, you know, I'm college educated, and I just couldn't get on. And I mean, I mean, I would call every day going home to hell, I'd listen, I'd be pushing those buttons, pushing those buttons, breaking out in the hot sweat learning how, but um, you guys weren't too excited. You were excited? Yeah, I get really excited. But anyway, what happens is that man, a man has a service where you get on the service, and you receive a box number, and a code. And what happens that you put, you put a message in several in in a box. And the amazing thing about it was, for all of you who can write an ad, it's kind of strange, because you can write down an ad and you think, Well, I'm just writing an ad and off it goes. But now what happens is that someone hears your voice. And so here comes the interactive part. Am I correct? Exactly, exactly. So not only now because I mean, there's some nearly some straight boys on that day. You know, and I hate my voice. So it was kinda strange. But when I sat down I had to figure out where I want and there's different categories

S

Speaker 3 22:16

only ask you something how many times you record your ad the first time

H

Howard McHale 22:20

I rehearsed it the first time I rehearsed mad about nine times I wrote it out and then I once I got on the system, Raphael, let me tell you, okay, it kept on telling me I had 363 free minutes I said

S

Speaker 3 22:36

the rotary

H

Howard McHale 22:40

but what happens is that once you once you get in, it breaks everything down for you. And what happens that there's something for everyone there was there was a for just close encounters. Then there was something big

S

Speaker 3 22:52

goes from everything from just being friends to you know, just casual dating to regular dating, it goes into group action, where we call group action. I mean, we want to separate ourselves from the six lines because we're not a phone sex line or anything. No, it wasn't no, it's totally a way to just meet people but it gives you many opportunities to express yourself and to meet people who can be a little bit in the adventure side or just you know, just being friends

H

Howard McHale 23:20

Well, the first time what I choose to do and and I can just on my own experience, because because I actually did it. I said well, I'll go for the real

S

Speaker 3 23:29

monogamous relationship. Exactly. I'm

H

Howard McHale 23:31

gonna go for the monogamous relationship and I'm gonna go the honest route, etc, etc, etc. Well, back in my mind, I was going well, should I go honest? Or should I go middle of the road and lie a little bit or should I just outright lie? To do anything to get a man right? First time around I did the honest approach. And obviously enough for two weeks I sat there not a damn phone call. said screw this honest approach. But I finally I did get one after about two weeks a gentleman from San Antonio and

S

Speaker 3 24:02

San Antonio, we have people from all over it. Services

H

Howard McHale 24:05

Yeah, but he never called me back. So I guess. I guess I did call him long distance to a whole 99 cents. So I heard your voice and Raphael I want a refund of 99 cents. So that's a finally I said, Okay. But what people don't understand is that as you approach this, there's a there's an

there's a number on your phone you push for alternative. Yes. Do you see that light bulb going off my alternative? Well, in this alternative section is Go ahead.

 Speaker 3 24:42

Okay, we have bodybuilders. We have the bisexual and straight men. Encounters. We have drag queens. No, we do we do we really do. We have group encounters. It's just

 Howard McHale 24:58

leave by leather. It's bodybuilders so I was just it's like riding the internet surfing to go go my fingers so sore from pushing the button. Next dad I swear to God I'm bruised

 Speaker 3 25:10

so finally but it's fun Do you think it's fine let me know if anything you

 Howard McHale 25:15

I ran home every day from work running I mean literally the dog chasing me I'm running into my telephone trying to push a number just waiting. But you know on the you need more people on this I mean I'm there a ton Believe it or not we Raphael when I we went to dinner, and I asked him what was the the section that had the most responses to it? And he told me the bisexual one. Bisexual straight men and I thought I didn't hear that one lol I ran home after dinner.

 Speaker 3 25:45

Not only that, but he answered to every single ad.

 Howard McHale 25:48

You can you can make yourself an ad and put yourself into every category. I mean, I felt like Sybil. I ended up in bisexual and straight men because I think down deep. That would sound like a nice fantasy. You don't mean

 Speaker 3 26:02

that's that? That's exactly what we're looking for. I mean, I'm sure that most of those guys aren't really sorry, bisexual, but it's a way of fulfilling your fantasies. I mean, most of us would like to be with a straight guy. Maybe. And, you know,

 H Howard McHale 26:19

it wasn't all sexual either. Because I came across sexual at all. I mean, there were like 122 ads in this bisexual. I Taya. Yes, it took me 45 minutes to get through the whole column. And then, but let's see what happened was, but seriously, so So anyway, so anyways, the type of truth I did, I did get a date out of the bisexual and straight men. And I was really pleased because I had a friend of mine. And he had told me said how there ain't nothing but a bunch of real men in this thing. Ah. Yeah, what happened? Australian, but you know, also we have a gentleman in the newsroom with us tonight. And Mr. Mr. Martinez Rudy, who also was on Medline at one time, and and I'm going to ask him later on what he thought of the service. But so now in your opinion, we all want a date. Right? Raphael? Yes. Okay. We all do. And I asked you this question earlier. Now what, ma'am line and give the number real fast.

 S Speaker 3 27:21

It's 9173939. That's 9173939. What is your audience? What are their alternative?

 H Howard McHale 27:32

You know, I mean, this is a really alternate source of finding men and I was really pleased with service. I enjoyed it. I wish I had more calls. But I mean, I couldn't lie anymore. 25 blond haired, blue eyes.

 27:48

25. Was 26 plus 30.

 H Howard McHale 27:57

Okay, no, no, Raphael seriously. Because I picked up I picked up my Houston voice and they're like 25 ads for advertising, any kind of you can pick up a date here, pick up a day there pick up today. Tell me what separates man mine from every other organization in town? That's gonna promise you a date.

 S Speaker 3 28:17

Okay. First of all, I think that just by looking at our advertisings you can tell that we're very different. I mean, we don't we don't try to show the sexual part of the gay community, you know that straight people tend to think that we're all intersex, which is men sleeping with men women's living with women in Word. You know, that's not it. If you look at our ads, there's one word you know, a guy is bringing another guy to meet his mom. Someone in rush hour, you know, two guys getting ready together, together, fixing a bicycle together. It's just like, the real face of the community, the gay community. Another thing is, we're based in Houston, it's we're different from all the other companies because if you call the numbers, they're all one 800 numbers. When I didn't, I'm from Maine or whatever, you know, their companies from Boston

companies from LA, you call them they don't do anything for the community here. We're here. We're based here. We have you know, people from Houston working on the line. We have, as a matter of fact, or manager, she's part of the of the pride committee for what I understand. And we're gonna be on the parade. And, exactly, we're gonna be in the festival afterwards. We're gonna do things for Houston. We are here to stay. And I mean, you're just not here to make a buck. Exactly, exactly. We're here to make Houston gain. Like you were saying earlier, you know, like to be known as, as a good gay community. You know, like San Francisco, New York. I mean, we're very important where last community here we have a very large community.

H

Howard McHale 29:51

Excellent. Listen, I've I cannot tell you how much I've enjoyed man line and I still have 300 or 300 minutes left, and you'll

S

Speaker 3 29:59

have three 100

H

Howard McHale 30:02

And for all of you who do join, let me tell a little bit how to get on, you have to call the phone number 9173939. And believe it or not, you can record your voice for free. And then what happens is then that then they put you on another one where you pay. What happens is you make your voice, and then the operator goes on and you're free. You make one minute to practice your call. Rudy, what do you think of the service?

♂

30:27

I really liked it. It was like, a great way to play and have fantasy and just meet new people all the time. It was really great experience.

H

Howard McHale 30:35

So listen, if you want to become a man member, remember the phone number is 9173939. Just another just another way to meet men

♂
