K

Kay Harper 00:03

Yeah, yeah, really if you're in any way any Sorry, I'm just like, anyway, they're hoping for contributions from all types of women and men. And they have an address. If you're interested, we can give us a call and we'll give it to you. For your announcement, something to say about bullishness and women desperately seeking bullishness to editors seek sympathetic writers and artists for literary bonding an anthology. That sounds like something you need latex for.

Ω

00:36

Yes, I would definitely think so. We'll have to keep my eye open for

K

Kay Harper 00:41

that. Oh, yeah. That'll be fun. Um, coming up in about 10 minutes, we're going to have Harvey Fierstein Firestein partner, I always want to call him Feuerstein, um, talking about defamation, which is kind of an always apt thing to talk about, because we certainly get all sorts of bad press. Yes. Gays and lesbians get bad press girl. Our guest speakers, anybody figured out who our guest speaker was? nobody's answering the phone. So nobody. Who is this person sitting on hold? Is this someone who knows who our guest speaker was? We call it loose and wild radio. Get a date with me to figure out? Oh, the guest speaker has informed us that you get a date with her. If you figure out who she is. Of course, what happens if it's a boy

Ω

01:53

mystery date? I

K

Kay Harper 01:55

haven't read it. She has a friend if you're a boy. Okay. What happened to our piece of paper that we were talking about rallies and stuff, you took it away and you left it? You can get and can find you shouldn't see this note right here that says Can I borrow this for a sec, a sex been and gone? It's you can get your very own copy of the voice. They have a whole bunch of the mountain, the lobby. The nonsmoking lobby, which is why we keep losing people around here. We lose people because you can't smoke in the lobby anymore. And you're here. See you didn't get last Tuesday, August 18. That's the day I'm looking forward to.

02:43

Are you? Yeah, there's a lot going on. We're getting into the real thick of things with the protests and marches, et cetera. Coordination. Again, action on gay and lesbian youth at noon. On Tuesday, the 18th. That will be at the Mickey Leland federal building. 1919 Smith, downtown downtown. Yes. going on downtown. I mean, not not everything is going to be happening right around the Astrodome. Door at diverse works. All right. Diverse works. Yeah,

Kay Harper 03:20

the square the happening. Queer nation, people will be cool things

03:23

happening all over the city, even in The Woodlands as I found out,

Kay Harper 03:26

yes. Speak for your own definition of cool there.

03:31

Well, yes. Well, for some people, that's, you know, you're really much more gay Republicans

Kay Harper 03:38

can stay in The Woodlands for like air, too. I know you went out with one last night so I can't say too much. Hi.

03:47

Yes. Republicanism is, Well, nevermind. We won't get onto that subject. Although I can't think of no better subject at this particular moment in Houston history. I can can think of something. But coordination. He was actually getting lesbian youth, noon at the Mickey Leland federal

building. 9019 Smith downtown.

K

Kay Harper 04:08

That's the thing that our mysterious guest speaker was telling us about. Yes. And the happening kind of place up

J

Jeff Mackey 04:15

K

Kay Harper 04:42

national kinds of stuff.

∅

04:46

So

K

Kay Harper 04:48

I'm more interested in like the evening event, at the Menil and

∅

04:53

at the Menil Yes, gag it Political artists group protests Cnda restrictions on freedom of expression and quote, obscene unquote, art. This is from five to 630, at the Menil Collection, which is 1515 Saul Ross.

K

Kay Harper 05:15

I'm sure that what's his name? One of the NCAA for? Yes, his name. He's on the bottom of that page. Tim Miller, Tim Miller, I never can remember. He's a boy. Why should I remember? Right?

∅

05:28

Right. If you remember the EMU for there were four performance artists I think the world they were all denied funding by the the NEA the National Endowment for the Arts because they work and queer years ago, three well three of them were gay all of them had split explicitly sexual

content in their work. So Tim Miller is going to be in Austin soon it says here will be part of this or not,

 Kay Harper 05:59

I'm willing to bet he'll stop buying put his two cents worth in.

 06:02

I recently saw curtains theater here has been doing one of the other naa fours plays the well of horniness. Oh yes, at Curtin. So we've had we're having some confluence of the need for having their their work becoming more prominent. Yes.

 Kay Harper 06:24

Well, also at that not not part of the NDA for but also at the Menil that night is Laurie Anderson. Oh, yes. Yeah. Groovy. Not groovy. She's She's, she's beyond groovy.

 06:41

She's super groovy. She's Ultra groovy.

 Kay Harper 06:44

She's I think she's a decade or two ahead of that.

 06:50

She'll be groovy again Sunday, everything comes around. And then that night coordination Houston benefit dance, as we've mentioned earlier at the Red Square club, downtown 9pm. So that's Tuesday the 18th That's pretty full day. Yeah. Wednesday coordination again. They're very busy, busy. Yes, yes. This is like, this is like prime time for them. Be protesting anti gay US military policy at noon at the Military Entrance Processing Station. This is at 701 San Jacinto. So the mind reels to think what might what what's going

 Kay Harper 07:34

to happen there. Oh, my. So I wonder if my guests from my last show will be there. My my lesbians from the military? Could be well,

 07:50

my mind sorry. My mind is like contemplating.

 K Kay Harper 07:54

And you didn't even meet these women? butch women speaking? Yes. But Jan ologies. These women qualified.

 08:04

Also in the 19th Act Up network general meeting at diverse works. Let's the ACT UP. RNC workspace had diverse works.

 K Kay Harper 08:17

The cool place to hang? Yes,

 08:20

yes. Another choice rally that day, sponsored by the National abortion rights action league is that yeah, narrower, narrower

 K Kay Harper 08:30

and narrower. Yes. Texas, action, etc, etc. Yeah.

 08:36

I can't say that three times real fast. A choice rally that evening details to be announced. National game has been Task Force on Wednesday. Urvashi. And she has more Urvashi I see. One can never have enough Urvashi in one slide.

 K Kay Harper 08:56

You know, that's right.

 08:58

So in G LTF. National Gay, Lesbian and Gay Men's Health Crisis from New York sponsoring a town meeting on the 1992 presidential presidential elections. What's in it for gays and lesbians at 7pm at the Unitarian Universalist Church 5200 Fanon. Urvashi as, as already been

mentioned, Chris bacon from the gay and lesbian Political Caucus here in East Parker, Ruth Finkelstein, Finkelstein, whichever,

K Kay Harper 09:34

if the E is the second letter, you say, Dean if you if it's the i It's Stein Finkelstein, teaching German pronunciation

J Jeff Mackey 09:45

public policy director for for GMHC in New York, and several other people involved. So, that is 7pm 5200 Fanon.

K Kay Harper 10:01

So you can make a whole week of it. Oh, yes. During the convention.

I Jeff Mackey 10:05

There's Tim Miller. Okay. ACT UP OUR areas fundraiser. Yes, we finally found him. Be this is at diverse works 10pm That night, Wednesday, the 19th Tim Miller will be performing Paul Rodriguez comedian Paul Rodriguez will also be performing at the ACT UP workspace and diverse works 10pm Looks like Thursday night is should be Mr. Bush's acceptance speech?

K Kay Harper 10:44

I think they're gonna like nominate him.

∅ 10:49

I don't know, this seems like such a, such a risky outcome that she's like, Oh, yes. It's gonna be like a very low drama kind of convention. I can tell. Oh, no going on inside?

K Kay Harper 11:01

Oh, no, they're going to make it a high drama convention.

∅ 11:04

I'm sure there's gonna be plenty of drama going on around it, but you won't see it on TV. But we were right. We're gonna be right in the middle of it. So we get to see a lot of it. We won't have to have C span. Yes.

K

Kay Harper 11:16

We can read. Well, we can read the press on Thursday. They can probably tell us a lot because I seriously doubt that the big national or big daily papers are gonna have a whole lot of critical things to say.

👤

11:30

Yes. So that's, that's a lot of what's going to be going on. I mean, lots and lots of stuff and more I'm sure to be to be announced and TBA occurring,

K

Kay Harper 11:40

then spontaneous. And here is Mr. Firestein. Well, actually, wait a second. Where is Mr. Firestein? There he is. Maybe? Hello. Are you there? Huh? Sure, aimlessly. Well, what's going on here?

👤

12:11

Well, I know you've all just been desperately wanting to hear about my trip to New York.

K

Kay Harper 12:17

I just figured it out. But you have to do this while I rewind.

👤

12:21

Okay, while we're winding. I saw a lot of theater, including some gay theater, I went to the Glines at one point, which is where Torch Song Trilogy started out. Or actually didn't start out there. But as the three short plays were all combined as Torch Song Trilogy there and that the logline is production moved to Broadway. And so it was it was interesting being there. A lot of people have appeared there at one time or another. Including I tried to make a nice segue here, but the timing is off. Including her refires Tina was trying to work up to

K

Kay Harper 13:08

make the leader go away. What else did you see when you were in New York?

👤

13:11

What else did I see?

K

Kay Harper 13:13

On your chest? Does that mean that you got to go see? Call Center?

Ω

13:17

Yes, I got to see falsettos I got to see falsettos and it was it was wonderful. It was wonderful. That was one of my Broadway experiences. I mean, I got to see some some of the big names I saw death in the meeting with Glenn Close and and Richard Dreyfus and such and yes, I got to see Alec Baldwin with his shirt off in Streetcar Named Desire. Which is the whole reason you guys went? No, I wouldn't have gone to New York just for that. But I did pay \$54 for the privilege.

K

Kay Harper 13:51

Okay, let's see if we've got it.

Ω

14:01

As Harvey Firestein I want to thank you for sitting down and listening to this tape. What you're about to hear are actual recordings taken from radio and television broadcasts of defamatory statements made about gay men and lesbians. Many of these statements will offend and disturb you. But it's important that we listen to them together. Just as it's important that we do something about them.

Ω

14:26

Stay vibrant here. You're on W ABC. Hello. Steve is not there. Steve got hired. David. Hello. David got tired. Maybe Steven David got tired together. Maybe they'll croak together.

Ω

14:43

Defamation is heard on radio and television.

Ω

14:47

I think a decent argument can be made that homosexuality is probably the worst possible if you would sin or socially disruptive event that a person can commit

Ω

14:59

to expression is this malicious intent.

15:03

It is a perversion. You want to tell me that homosexuality is not a perversion,

15:09

open, deliberate and forced degradation.

15:13

You know, they sort of put a flag on the gangway, we're coming through and you're not going to be allowed to do anything. Stop it because it's our civil rights to spread it.

15:21

Gross verbal abuse, you're not capable of looking at yourself in the mirror and saying, I am a flag. I am a queer. I am a perverted individual.

15:35

This is Harvey Firestein,

15:37

one of my listeners came up with a much better idea called him sands, which means sexual edge distributor.

15:46

And that is defamation. As an openly gay writer and actor working in the entertainment industry, I know the power of media and I know that defamation in the media echoes throughout our society. When glad the Gay and Lesbian Alliance Against Defamation asked me to narrate this tape. I couldn't get to the studio fast enough. You've just heard a few of the reasons why you're about to hear a lot more. But what you'll also hear is why this hateful talk is so dangerous, and what it is you can do about it.

16:21

There are certain kinds of things such as murder, and I would I would contend, such as

homosexual acts that absolutely disqualify a person as being a responsible citizen.

16:34

As Dr. Paul Cameron, we're going to take telephone calls with Dr. Cameron right here in our Web Studio in just a moment. WAMC talk radio time, 25 minutes not before four o'clock,

16:46

on radio or television shows in the morning, afternoon or night in cities and towns throughout the country. The public is fed a regular dose of anti gay commentary by bigots masquerading as experts, journalists, and what are now known as shock jocks. In the name of ratings, we are ridiculed and defamed and people who hate us are given a forum through which to peddle their lies and venom. Day after day after day, it spills into the ears living rooms and minds of men, women and children. And no minority is subjected to more media sanction defamation than gay men and lesbians,

17:23

all over the United States. Now, homosexual males are defending and decline small animals often hamsters durables, inserting them into their rectum and then the animal in its death throes you know it's frantically it's in terrible pain is scurrying back and forth trying to escape. And this apparently causes a great sexual rush among those who practice this abhorrent destruction of animal life.

17:55

If there's anybody on the sidelines thinking that homosexuality is just a minor deviation from the norm. That story, that story should convince even the dummies in the audience that we're talking about sick, sick, perverted people, right?

18:20

I think so. Besides painting a distorted picture of our sexuality, these bigots present perverse theories about our lives designed to threaten ignorant listeners,

18:31

most family man are not inclined to want to go and go and go. Whereas a homosexual says, gee, if I can get paid to go to a new city, and pick up a new trick here and a new trick that's appealing to them. It's common for these people that have orgies when they get hopped up.

18:40

10.43

And what takes place in these authorities,

18:52

they might be a group of them and they pass a coke bottle around.

18:58

Can we get one that sometimes breaks off? Homosexuals are about five or better times apt to engage in sex with animals than our heterosexuals.

19:11

And when we're not traveling in pursuit of distant animals with proselytizing here at home?

19:16

Yes. Divorces easier today. And as a consequence, probably that's where some homosexuality stems. Yes, we have allowed homosexual teachers to teach. And that is again, probably a place where homosexuality comes from. I believe that a child is born. Not knowing about homosexuality. homos are not born, but they're taught that way.

19:42

They use their theories to justify and encourage discrimination,

19:47

the discrimination whatever it is, is based on on the need for society in general to protect itself from the encroachment of a perverted warped minority. If a person In a hater homosexual, I think he has a right to hate whomever he wants to what are we going to do? brainwash people that give them a give them a laser treatment to get rid of their hatred, they cannot discriminate? Oh, yes they can. If they don't want them teaching their children in school, they should be able to protect themselves from having a queer teach their children in school. Now, if they don't want them in, in, in their apartment, they should be able to keep them out of their apartment.

20:31

They use the Bible to preach violence and hatred against us in the Bible.

20:37

Let him read. And I don't think he has 20 Chapter politicus he talks about homosexuality in the Bible as condemnation. No, no, no. It goes more than condemnation. If you read a 20 Chapter verse, it says you must kill the homosexual?

20:58

Well, of course, it goes beyond that it goes to total retribution. That is why those cities were destroyed.

21:07

People are gonna come after me for things that it is my right under this Constitution to do, then you change the constitution and get rid of like you. Yeah, and I can imagine the method. I can imagine the method

21:24

even threatened gay callers with violence over the air. Right? Do I get a hold

21:31

against the lesbians that comes down? I'm gonna knock some sense into you. Steve, I'll tell you what, make the trip in, come on up to the mobile unit where they punch your nose right down your throat.

21:45

In their zeal to paint us as evil threats to society. They leap on AIDS as a weapon, confusing an already worried public and endangering our own right to exist.

21:58

I think they put a lot of pressure on it was an old saying they will read squeaks loudest gets the most grief. with them. They have been shouting and most vociferous and demanding that AIDS be treated as a politically protected virus.

22:12

I just cannot believe that with this AIDS crisis, which is let's face it a homosexual disease. That's what it is just a homosexual disease, and yet they're looking for civil rights. I don't understand that.

22:29

What do you think of this \$3 billion we're supposed to spend on AIDS.

22:33

What is the expenditures supposed to be on since we have been told that there's no cure in sight? As matter of fact, one PhD biochemist, MD said it was impossible to cure AIDS.

22:47

I know he wouldn't do any more people that have it. No, no, I know. And people have to pay for it.

22:57

Good question. It's ridiculous.

23:00

And anyone who calls in trying to defend us or defend themselves is denied the opportunity to speak

23:07

an insult to the vast majority of New Yorkers who do not have the perversion that you are afflicted with,

23:16

which I don't regard as a perversion for

23:19

one well, of course, you

23:20

wouldn't regard it as a payroll shot. You want to look in the mirror and say i Julie, am a dyke. i Julie am a sickle. I'm i Julie am a freak. You don't want to say that. And I don't blame you. So

jane don't want to say, that's what I don't think you do
thanks, Fred. You're on 77 WMC Hello Brahma, I

23:40

am gonna be on erotica.

23:44

You have no rights. Go find some perfume.

23:47

I'm glad I don't know you personally, because I would avoid you like the plague.

23:51

The only people given a platform and accorded respect on those who told the line of hate.

23:57

I would like to make a statement about the homosexuals. Sure, when I was young, they were referred to as purpose and be generous with the use of the word, a beautiful word. For Word and more, because it describes perversion, I'll begin with

24:18

the gay rights parade, so called, I quote, the sodomy parade. And this is actually what they're looking to glorify.

24:26

I don't know anyhow. We'll get on. God created Adam and Eve, Adam and Steve.

24:37

And so it goes 24 hours a day from Morton Downey Jr. to Bob Grant to Howard Stern to DJs and program hosts all over the country, professional bigots who are heroes to their audience.

24:51

—

Bob, your names are great. Your name is Voltaire. Your name is Leonardo. Your name is Copernicus. I love you. God bless you keep up Good work. Everything you

25:01

say I keep screaming Oh, yes, yes, you're absolutely right. Oh my God, he's so right. Everything he's saying is so right.

25:07

The character and Torch Song Trilogy is beaten to death in a public park by a gang of kids who grew up listening to that kind of hate at home and on the radio. Today with AIDS, declining standards on radio and television stations and increased public tolerance for intolerance. It's an everyday occurrence, and you barely heard five minutes worth. Why must we fight back? If we don't fight back, it will get worse and worse. It's already contributed to a frightening national rise in so called fag bashing and other hate crimes. Politicians hear this garbage and back away from supporting aids and civil rights bills. Parents hear it and feel ashamed of their gay children. gay kids hear it and feel ashamed of themselves. We hear it and we feel angry, alienated and abused. GLAAD was founded in 1985. To let people in the media know that not everyone who hears that garbage applauds to educate media executives about the violence and discrimination that provokes and to encourage media programmers to take a closer more positive look at our community. Glad professionally represents our interests and brings our concerns outrageous and suggestions to the people in charge. And it's already had great success. Shock jocks had been forced to tone down their hateful rhetoric. Newspapers have run editorials condemning anti gay violence. And television networks have produced documentaries exploring gay culture, but glad needs your help. Because fad bashing with words and with fists is on the rise, and we can't rely on anyone but ourselves to fight against it. So if you don't like what you just heard, if you recognize the threat to our health, safety and civil rights, you've got two choices. Here's one,

26:58

go to your mirror, look at yourself in the mirror and repeat after me. Perverted misfit,

27:06

the other is write a check, write a contribution and mail it to Glenn I don't know how much you can give \$25 \$1,000 But I do know that every dollar you send will make a difference. But don't just take my word for it. Take there's

27:21

a practicing homosexual is far more dangerous to society than a person who commits a murder per se.

27:32

If an employer doesn't want to have homosexual employees I think he ought to have that right for you want to sell on bigoted against a bunch of queers robbing each other. I

27:42

think it's as simple as that

27:44

convey. You can't be a fake alive, be family oriented. That's a contradiction in terms. You guys are guys who have just never matured sexually retarded totally repulsive.

27:55

The gay community

27:56

who cares a lot I'm crowd

28:02

I know this hasn't been easy for you to listen to. It hasn't been easy for me. But we can and we must do something about it. Please join me right now in the fight against hate on our airwaves. Make the most generous contribution you can to GLAD do it for yourself. Do it for yourself. Respect. This is hardly Firestein and I thank you.

Kay Harper 28:26

And we thank you to Harvey. By that's always a real rough thing to hear. Yes.

28:33

Yes. My.

Kay Harper 28:36

But I mean, Harvey has has done a lot to maybe not change but to present. Another view of gay characters. Yes. I mean, in his in his work Torch Song Trilogy, which was made into a major

movie, right? At least it was made sure in my crowd,

28:56

that that's true. That's true that the scene he talked about was very, very powerful. Yeah. In the film is Matthew Broderick next character. It's, yeah, yeah. Matthew Broderick. bashed to death by a group of kids in a park.

K Kay Harper 29:14

Yeah. Always makes me cry. I say Yeah. Yeah. I mean, he does. Broadway shows. brights. Broadway shows which Torch Song started out as? Yeah. And was on cheers. Not all that long ago. That's true. And I missed that one. Oh, it was funny. Although he looks like he's put on some weight. Yeah. Yeah, he was kind of like, more corpulent than I expected him to be.

J Jeff Mackey 29:45

Yeah, it's impressive. We we don't seem to get a lot of gay theater in Houston. Although we have the wealth of the wealth horniness. Yes. And curtains recently, and they they didn't jerk earlier this year. and actually stages couple of seasons ago did Torch Song on stage. And well, even theater under the stars which you don't think of as a bastion of gay theater did a lot this year and did a very nice production of it. I want

K Kay Harper 30:18

to see a revival of lesbian Vampires of Sodom.

30:21

I want to see that somebody came

K Kay Harper 30:23

in wearing that shirt the other day and I was like, I remember that. I want to see it again.

J Jeff Mackey 30:29

I didn't get to see it. And that's one of the things I really it's one of my major regrets in life. I did I did manage to see some gay Theatre in New York. I mean, it's like, constantly going on there everything from off off Broadway to to Broadway, which is another place you don't think of as a bastion of gay theater. No. But currently running on Broadway. In fact, I was really hoping during the Tony Awards that it was going to take Best Musical but he got edged out by by fluff. And sort of a rewriting of an old Gershwin musical one one Best Musical this year. But it one

best best book, which is the script and best score, music and lyrics and it's like with the best script and the best music and lyrics How could it not be the best musical but that musicals called falsettos and it's based on two shorter musicals March the falsettos, which premiered 1981 and falsetto land which premiered in 1990. It's about a man who leaves his wife and his, his son for a male lover with her name for like characters. But and how he it details a process of how he comes to grow up by learning to take responsibility for his for his actions and those at the end of March at the falsettos In fact, the wizard leaves him because of this but in the sort of sequel falsetto land. They they give it another try. We're going to listen to a couple of songs from

K

Kay Harper 32:25

just coincidentally accidentally brought his tape.

♂

32:28

Yes, yes. This is two songs from this recording of falsetto land the second act of falsettos which is now on Broadway. The first song is it details the process by which Jason Marvin son is preparing for his Bar Mitzvah and his parents are driving him crazy. So his Jason stepfather tries to tell him that that perhaps it's okay. And so called everyone hates his parents, which I think many of us can relate to. And then the other song is called What more can I say? Which is Marvins musings on how well his relationship is going with Whizzer at the moment. So there's two songs from falsettos.

K

Kay Harper 33:21

And that was a falsetto LAN. Thanks to you, Jeff. Well, I'm sure it was a special import tape, right? Yes. Yes. Why is that? CD players sticking their trays out at me?

♂

33:38

It was very nice to see two men in bed. When seeing a love song to another on Broadway. That's something you probably don't see every day even there.

K

Kay Harper 33:49

I'm not sure I've ever seen two men in bed much less singing. Well, I've probably seen two men in bed. I've had gay male roommates often enough. But um, No, I've never seen them Singing love songs to each other. It's a loss. I guess so. So, so it's like almost time for us to go away.

♂

34:13

Oh, Meyer already? Yeah. flies in about an hour.

K

Kay Harper 34:21

Really? It does go very quickly towards the end. So nice that we're like squished down to three hours instead of that four hour afternoon time. No, I don't want to be here another hour. Thank you, guest speaker. I'm not sure if anybody ever guessed who our guest speaker was our mystery mystery person. That that I have heard a mystery voice. And that was Diane Williams of coordination. After hours Houston everywhere and gay poster child. Hmm. Well, I know you were We're on the cover of the wand last month. So you I know I was yes. And for those who think she might be, Helen, she's not same curly hair, same dimples, but not the same woman. But I want to thank Jimmy for coming in and doing his quiere music zone that this evening this morning. Yes, thank you very much to me. I didn't even get him wiggling his finger at me very much tonight. But just like a good thing. Yes. And I want to thank our Stephanie, Jasmine and Jen, contingent who came in and talked about being lesbian teachers or lesbian teacher one of these days she is a lesbian. She's a teacher want to be have to get that correct. And what else have we done? We've done this way out. Yes. So the lovely dulcet tones of Greg Gordon and Lucia Chevelle.
