Jimmy Carper 00:02

Jimmy Somerville coming from the Orlando soundtrack a great, great song and it's one that's been requested here lately. But how about something a little bit more up to date? Melissa Etheridge has just released her new one. And the other radio stations are playing the title cut your little secret but I like some of the other cuts just as good or even better. And I'm going to play another one on here. And if you have your favorite cut from Melissa Etheridge give us a call at 5265738 and I'll play that sucker but for right now, Melissa Etheridge and an unusual kiss Ooh, yeah, new Melissa Etheridge and unusual kiss on unusual kiss and you're hearing it on after hours queer radio with attitude right here on KPFT Houston and KEOS College Station, Bryan and we got a call from Thomas in the 1960 area requesting apps actually my favorite favorite, Melissa. So bring me some water. We'll be playing that later on.

H

Howard McHale 01:18

Bring me some lube

躬

01:24

I can't take her app off your Blue Bottle girl. It dries out.

H

Howard McHale 01:28

It's holiday and I'm excited.

躬

01:30

You're always excited.

H

Howard McHale 01:31

Oh, I know.

♀

01:33

Is that explain that large lump in.

H

Howard McHale 01:36

There's never been a large lump of my body.

♀

01:41

In it, you were talking about the niblets a little Jolly Green Giant Man.

H

Howard McHale 01:44

Let's say I've done enough string beans in my life. I don't need anymore. Jimmy I don't where do you go back there anyway. Okay. Now you wanted a little introduction here for Pride Week. Okay, okay. Houston. Be prepared because the Pride week update is now almost in your hands. First of all, little history. Little History, little history. Now. You know that Big Daddy cochairs 1996 Lesbian Gay Pride Week for Big Daddy. Big Daddy. Because I have a lot of pride. Anyway, most of you don't know this, but every year they switch off do you know that? This year is lesbian gay pride and then next year it'll be gay list. A lot of people don't know that.

J

Jimmy Carper 02:27

I know. But it's so hard to keep track of which is what goes on top. Yeah. So I got on top this year.

♀

02:36

Well, versatility my most favorite. Oh, play. Socks.

J

Jimmy Carper 02:43

Why don't we just make it the queer Pride Parade and we don't have to worry about it.

H

Howard McHale 02:47

I think it just be fat party.

02:48

I got gay pride when does leave a gay pride and everybody. I mean, doesn't that cover it all?

J Jimmy Carper 02:53

No, some some. A lot of women don't consider themselves gay. They consider themselves lesbian. Because when you say the word gay people

03:03

automatically for the males. Yep. Okay.

J Jimmy Carper 03:07

And then what about bisexuals and transgenders? Well, that's where

03:10

they're gonna be the third year they're gonna be bisexual, lesbian, gay. And then we have to switch. You know? There's your BiNet

J Jimmy Carper 03:15

was in it this past year.

03:17

I mean, did they get their name curls?

H Howard McHale 03:18

Calm down. Let me give you a little history rap here. Y'all get too carried away.

03:23

I know he's a history major. Don't you know from Ferris when I have Feriss

J

Jimmy Carper 03:27

Ferriss Junior High.

H

Howard McHale 03:29

Our fair share will win. Anyway, okay. Houston belongs to an international group, a charter group. It's called the International Pride Week coordinators. Lesbian Gay core gives you free trips right now. Oh, no. Rumor has it it does. But anyway, I heard we belong to a 52 member city wide and including Tijuana Mexico and London England.

J

Jimmy Carper 03:57

Coordinate pride

H

Howard McHale 03:59

we between the 42 cities and we we planned pride we events for 2.2 million people.

J

Jimmy Carper 04:08

Wow. And it's good to find out what other cities are doing. Exactly. Yeah. Anyway,

H

Howard McHale 04:12

in the last convention back there and October and October they pick the national theme, which many people don't know that because you know, ever you see these national things throughout parades throughout the whole country and no one knows where they originate. What happens every October The first are we gonna get a scoop? Surely either hold your breath anyway. Okay. So what happens that we voted on the 9096 National theme is pride without borders. Wow.

♂

04:43

Right a scoop here a scoop. Borders Tell your friends

H

Howard McHale 04:48

without boring. But anyway, borders. That's the 1996 theme that well

J Jimmy Carper 04:53

that has a lot of meaning to it. Not just borders of your state or your country but borders of your thoughts.

H Howard McHale 04:59

Last Yeah, last week on last Tuesday he was he what happens when when these coordinators go to the convention October and they go back to their people. And they vote on their their themes for each individual city? Boise, Idaho, San Francisco, New York never go with the National theme because they're going around with the big girls on the block. Well, Boise Boise Well, there's this one little Miller girl out of Boise, Idaho, but anyway, she's kind of sweet, but they they obstacle with San Francisco this year. But they have their own reasons. You know, when you're the big boy on the block, you can do anything you want. Yeah, I always thought that Yes, exactly. So I never go. They never pick a theme. They never go to the international theme. But Houston has decided to go almost with an international theme. Last at last week's pride meeting. We voted to the 1996 Lesbian and Gay Pride Week. 1996 theme for Houston is pride knows no borders. Oh, so that's your theme? You'll see him on the floor. No 23rd no border no borders baby. Your belt knows no loops. I'll tell you your girl knows

∅ 06:08

no strain. knows no stay.

H Howard McHale 06:13

Nowhere we're back to the Pride Week here. Okay,

∅ 06:16

we're back to Pride week again. Okay, knowing no borders now. Go ahead. Pride knows

H Howard McHale 06:19

no borders. Now. Actually, in two weeks the what will be picked out what's what's your the cochair? logo, the logo contest will be at the gentry in two weeks, two weeks, two weeks.

J Jimmy Carper 06:34

I mean, people have to wake up by dark.

H Howard McHale 06:36

I think I think December 11 or 12. We pick the the logo for 1996. So we're all excited about

that. And what else is going on? Okay, little little info about the parade this year. You know, it is June 23. That Sunday, the last Sunday in June. It's at five o'clock PM, starting at five this next year that they voted on that. And the pride fest which will run cooler

J Jimmy Carper 06:56

maybe at five or something

H Howard McHale 06:59

was the high point of the day. It's probably for it's in June and Houston. Do you remember last year it was beautiful up until that week. It was the hottest day of the year was the day of the parade. And pride fest 96 will be a once again at TIFF and love it. But yeah, oh

♂ 07:16

good. Good, good. sandplay. So

J Jimmy Carper 07:18

perfect. It

H Howard McHale 07:19

was so it'll run from seven to 10 this year. So they're doing little nighttime activities. puff puff puff.

J Jimmy Carper 07:26

It was so much fun this year, you know, really, really was

♂ 07:30

then going over to bars after that. I mean, what are they going to borrow? Well, they won't be going to like a numbers.

H Howard McHale 07:35

The only thing we're not going to do, we're not going to do a pride party like we did last year.

J Jimmy Carper 07:38

It was quite nice numbers,

H Howard McHale 07:41

which was which was Believe it or not this the most successful money raising event all year. But what happened was,

∅ 07:48

I had been taking money back into special

H Howard McHale 07:53

cigarette to perello. Condoms.

∅ 07:57

Coffee, tea or me

H Howard McHale 07:58

but but we just held our retreat, we're still looking for volunteers. Believe it or not, if if anyone would like to volunteer, please call the number 69159990. That's not your phone number. That's not my phone number. But being Koecher we need volunteers. Anyone out there who's interested in doing a newsletter, we need people newsletter experience type setting. We need people in fundraising. We've got some wild fundraising plan for next year. And remember this stuff doesn't cause it doesn't come free. What does our budget usually runs about \$60,000 a year and it's money that we have to make and believe about that parade isn't free. The cleanup isn't free. The festival isn't free.

J Jimmy Carper 08:40

You know, and we get good points from the city because we do do the cleanup.

H Howard McHale 08:44

What you want to know one of the strangest things about the city, and I'm in meetings. Many many weeks with city Houston Parks and Recreation HDHP Enel Annelle. The oh people out you and believe that it means with but it's real fun. But last year, we went down there to a Parks and Recreation and they said girls, where have you been? We've been waiting for you at the city actually waits for us really to to to do to propose I think we have it so lucky. For you know,

J

Jimmy Carper 09:17

the way that we've been so good about it. And in that right, we're consistent. We're consistent, you know, and we we don't leave the place. You know, Houston is a

H

Howard McHale 09:27

real redneck town. Oh, believe it or not. But when when we walk into city government. Just just a matter of fact, I'm the third banner district was approved with the pride committee in Houston. You remember those pink triangles and Westheimer that'd be out there again. Oh, starting in June. We've got June 1. Oh, that's great. And we were just really enjoyed seeing them. We were approved by the City of Houston and we're the only the third people. The near town Association and the museum district has been trying for years to get become a banner district. Okay. We did it in less than three months with the city and what a great town I'm gonna cry. I'm gonna cry.

♂

10:08

Get your finger out of my butt

H

Howard McHale 10:11

all day we met snap my finger we meet. What is it? That microphone?

♂

10:18

Is that the football?

H

Howard McHale 10:20

Anyway? The bride committee meets?

J

Jimmy Carper 10:22

Yes. When do they meet the first and third?

H

Howard McHale 10:24

13:52

You're on the air. Robert, do you have permission to put your voice on the air?

Howard McHale 13:55

Oh, Robert, you sound serious. What happened?

13:58

Oh, nothing. I just I've researched this. I've looked it up. I couldn't find anything exactly on Thanksgiving. But I did find what they had included wild game which was like Turkey and stuff. They had fish and clams. They had like a clam bake that they made. They had

14:17

to do that in Louisiana.

Jimmy Carper 14:18

No, no, no. Okay.

14:20

Well, this started. They had herbs and vegetables which they grew. They did. The farmers had like corn, oats, barley and wheat. And they also raised animals for dairy things.

Howard McHale 14:34

Exactly. What did the Pilgrims bring to the feast?

14:38

If I remember correctly, they brought wild turkeys and wild deer and the corn that looks funny with a little black and different colored kernels.

Howard McHale 14:46

Indian corn I don't think

14:47

back then they called it Indian corn and I don't think they did either American or American card. Called it America. America you write the new world call said

H Howard McHale 14:56

Dwight felt like people get the fuck out. Oh hell

15:00

Oh, there goes the FAA restrictions again, Howard, you just got us in big trouble. That's

J Jimmy Carper 15:04

the Federal Aviation. Sorry. We're we're worried about the Federal Communications. The FAA was flying over and hurt.

H Howard McHale 15:11

That's a CA.

15:12

Oh, get a Cha. Actually.

15:16

You're Robert. You're close. You're lovely man. You and I may be hungry. She's wearing and

H Howard McHale 15:21

Roy's probably back there baking a turkey right now. But you're wrong. Really?

15:27

You got to tell us what the pilgrim the pilgrims, they just got on this boat. traveled across half across here. The turkeys are probably already here. I can't imagine it'd be like Noah's ark with a bunch of Turkeys come in to dinner.

15:40

To get there when they came from England. I know they brought like seeds and stuff to plant with

15:45

you. But they didn't need him.

Howard McHale 15:47

Do you know what actually they did not. They didn't know. Actually what they brought the Pilgrims brought. They brought servants because they thought they would get off the boat. And that the servants would plant and do everything and take care of them. And when that happens they got most of them starved because they didn't know how to build a home they did because they came here really unprepared. That's true. Most of them died. Most of them would bring most of them brought their butcher and their pie maker and the shoemaker but they got here they didn't know what to do.

16:18

They didn't bring no rolling pins didn't bring.

Howard McHale 16:21

But they brought them curls girl because I see him in your hair. Thank you, Robert. You're a sweetheart but you didn't get it. There's one major thing for the consultation because you wrote with me. You want

16:32

me to talk Quincy to call back because he sounds really?

16:35

Oh Loveline do we have here? Quincy if you're listening? It sounds like maybe you need to get in touch with Robert.

Howard McHale 16:42

But they both have the wrong answer. Yes, they

16:44

might have the right answer.

16:46

Figure it out together.

Jimmy Carper 16:50

Both went right back.

16:52

They both can go right back and exchange numbers. So

16:54

you know what, Robert? How old are you?

16:57

I'm a sophomore in high school, right? Oh,

17:00

he's two years older than two years old.

Howard McHale 17:01

When Jim was a sophomore in high school, there's only 13 states so he probably knows this answer.

17:07

I know what they brought over.

Howard McHale 17:10

Here Dayton Lincoln went whoa, he

17:18

can't be much older my dad's How old is your dad? He is like 44 Oh my God can't be my children

17:25

H

Howard McHale 23:39

but actually when they sat down to break bread together, the Pilgrims brought one thing that the Indians had never had their layered thing. It wasn't white women.

J

 Howard McHale 25:17

Guess my waist size?

 25:21

Can you go into double digit? Oh, no, go ahead. Okay, I'm gonna say that the Pilgrims didn't bring anything in the Indian front at all.

 25:28

Oh, that's close real close. That's close because the Pilgrims only bought one thing. That's right.

 Howard McHale 25:33

They only brought one thing. Okay, I guess we will take you're wrong, though. Sorry. They didn't bring something they did bring something up real

 25:41

early on in the show. And it wasn't I gave the answer. And it

 Howard McHale 25:45

wasn't Mary Kay Cosmetics. Speaking American

 25:48

cosmetics plus a little sideline. I hope you don't mind that they were talking today about who was? Well there was they develop something they take 10 years off. Ah, Mary Kay's got it. It's out it's some Tanner that did leather things did it and he wiped in his hands all of a sudden were just really really young. And, and there now there's a big fight between Mary Kay and somebody and there's a big lawsuit going on about who has the rights to do that. But there's

You remember they traveled far and wide to get here. They got here and met mitigating rural, rural bad circumstances. They didn't have a lot to give. Actually, the Indians taught them how to farm, how to eat, how to cook, etc. And how to build homes. But the one thing the Indians never had before was alcohol. They never had alcoholic beverages.

Ω
