I read that home page on the Film Festival in Austin and all the films that are going to be there. And it's like, why can't we do that? That

00:09

is going to be I think we ought to protest or do something, get Greenway or wait a minute, what are you talking about? I

00:13

know we're there. I know, more than once. But it wasn't the one that Austin just seems more inclusive.

00:21

They've been doing it longer and years. You know, they've got they've had a decade to work out the glitches and the bugs and the stale popcorn. And all that's a

00:33

festival and if you want to know more about Austin's gay and lesbian Film Festival, you can pick up the triangle of various locations in town. And it's got a nice, wonderful article here and it talks about the movies that are going on now.

00:47

Now, in fact, I have to tell this, you'll you'll read about Kelly's Kelly herds, it's in the water. It's one of the big shows are showing in Austin, one of the big movies. It's a movie about a little town. It's a comedy. It's about what happened that someone spikes the water with with

something that makes people turn gay. Oh, I love that. That's the Gatorade but the big deal is that was my movie debut. No, I'm in that I played Dyk number two.

 01:19
Number two,

 01:20
we're in our hot look good. Is that is that typecasting or not? Or what times have I been referred to as you know the second one? Just kidding, Honey, say hello.

 01:32
Hello, Jessica.

 01:34
My wife's here.

 01:34
Yes, I'm here. Hello, everyone.

 01:37
Everyone thinks that she's just a figment of my journalist.

 01:41
I'm real. In fact, 10 fingers 10 toes. Every one of the

 01:47
beginning of the show I told the story about how classy she is that she came up to me and said Hi, do you know me? And I looked her straight in the face and said no. It didn't faze her a bit. She's just as gracious.

 01:59
That's interesting That's how we met No me would you like to well

that's interesting. that's how we meet. no one would you like to well,

02:04

how do you like me so far? I

02:07

want to be on the radio baby.

02:10

Radio God I mean, love has has been good to

02:14

you. I know I have no act left. I used to do this whole show about being a bitter cynical. Lesbian and now

02:25

but girlfriend we I know the true Nancy and and bitter and lonely was not the Nancy. I knew outdating and getting about Oh, that's sweet. Yes. That's sweet. Yes. I remember dragging you home. Three o'clock in the morning from Romeo's after you close the bar and every lesbian there.

02:46

That was work. Was PR man?

02:50

Oh, you were much younger much. You were just a puppy.

02:53

Man that was young that that was back in the day. I was waiting. I was barely 30

03:00

you're writing for the bar. You're writing for the tribe.

03:03

That's okay. I've also written for the boys. I've written bread to read. I've written for them all? Yes, we're all the same writers working for all the same magazines every couple of years. We just switched desks, right? It's just the same. You know,

03:14

I know a couple a couple of months ago I got somebody gave me some music that he had written and had recorded and had a local person sing it. And that turned out to be interested in MC Avery.

03:27

I know another gay journalism name you're interested in it's yeah, it's interesting. But thank you jewel for saying that you were very proud of the the I can't think it's late. Proud of the journalism that goes on here in our gay and lesbian community here in Houston. I

03:42

am you know, I've been a lot of places where you know, the the weekly rag is just you know exactly that just that these are really very professionally done. Very well thought out. The articles are, you know, concise and current. And I've always you know, that's how I keep abreast of everything. There's my favorite word of brass. That's how I keep abreast of everything is by picking up because you know I'm living out in Rosenberg now. Nancy, you're kidding. Oh my god and Rosenberg

04:09

That's Texas.

04:10

That's right that's like that's like just just the side of Mexico and so I don't get a lot of information out there so you know picking up all this this these local you know resources and

04:25

that's why we thought we talk about the triangle and some of the articles in it because a lot of the people who listen to after hours don't always have access to the gay print media. Okay,

04:36

well, I'll tell you what if you want to know where you can pick up a triangle and it's not just Sandy for you. They're carried at Walgreen at Kroger at crossroad. Inklings all the gay and lesbian bookstores, a lot of the restaurants just about any place you can pick up the the republication in the Montrose

04:54

in the sea, but we have a lot of people who live outside the mark. That's right.

04:59

That's true. Well, they will have them call me at the triangle and we'll get them fixed up with a subscription. Oh, do

05:04

subscription.

05:05

Yes, everyone have a pencil. Here's that number in Houston. It's 71352158225822. That's right.

05:16

And you can get a hold of Nancy and let her know what you think her writing there to canting that's excellent. Really good.

05:23

Thank you. Well, you know, actually somebody said something rather curious to me the other day, they said, I remember when you used to write comedy I guess they were referring because I do you know, a lot of news stories and a lot of profiles now in addition to my Waterworld comedy, but it you know, it's just Well, okay. How about that Cunanan?

05:46

Yeah, it's pretty funny, though. I know.

05:50

You also still perform a

 05:51

lot. Yes, yes, I certainly do. In fact, on October 11, which is everybody. National Coming Out Day. I will be opening for Judy to nuda Oh.

 06:04

It could happen.

 06:07

Georgia brown Convention Center, October 11. That's a Saturday that's also the same day of what is that called? Expo? Expo 97. Yes. Expo expand, expound. It's it's x something. And it's sponsored by the gate, the greater Houston Gay Lesbian Chamber of Commerce. It's going to be the most fabulous business expo you've ever seen. Oh, this is when they were writing about our nine disempower I know it had an E then some numbers, right.

 06:34

That's the one that I was reading about recently where they had done it once before and it turned out to be such a fiasco and that they've done entirely different entirely different way different cool.

 06:44

Totally new Kasahara Cool.

 06:46

Great because you know, the idea of it was always great, it's

 06:50

wonderful trade show with keynote speakers, panel discussions, programs, entertainment food to nuda

 06:58

there is food there right that was part of my contract. Oh, really?

07:03

Have you actually just in your room?

07:05

Did they hire you to be the bodyguard for the accordion? Or what?

07:08

If anybody's a bodyguard in this family it would be Jessica. Oh, please guard this body?

07:14

Guarded all over and guarded quick. Where's that? Where's that book?

07:18

We'll be talking about power that's coming up.

07:22

October 11th It's a Saturday Yes, it's an all day affair cool.

07:28

Oh, I love those kind. Likes

07:32

we had an all day affair today oh no cleaning cleaning cleaning every I know

07:40

it is so exciting. My Saturday cleaning with my wife

07:44

oh that's what married life is like there's the Armor All dear. We always spent Sunday

 07:50
gabbing and sliding all over the car now it's great.

 07:53
Ooh. Reason for Oh, performing on Thursdays

 08:03
as well that's an interesting question. Yes and No you don't Well yes, I do know I I recently took a hiatus from Are you ready for this performing at ms bees on Thursday nights for seven years seven years? Seven years and before that it was that normally its place and Missouri Street and so I really wanted to know what the other rest of the world did on Thursday night. So nothing

 08:29
they

 08:30
all came to see you sit at home watch TV they all came to

 08:33
see you wow that's very

 08:35
very flattering and um I will certainly be back probably like the end of September so we're doing the weekends but right now No, I am not performing at ms be sleeping. But I will be at Jr's for our tour of Texas for the triangle, which is a couple Saturday next Saturday next Saturday at seven o'clock at JR is is it's going to be so much fun and we are giving away a free trip to South Beach. South Beach. And we're not talking like Freeport Rica, we're talking like what do you

 09:10
trade it in for Costa Rica?

09:13

Sure. Can I just have the money please? This week? No South Beach hack I'm thinking of quitting for a week so I have an opportunity to win Yeah, what do you want to go on your honeymoon by the way we're

09:30

talking about getting on my honeymoon. on our

09:32

honeymoon. Just just yours.

09:34

Just mine. I have no idea. Really? No.

09:37

See, we just had this not a fight but an argument we want to decide. I want to get married in a number of different locations. I want to renew our vows you know just do do do it in all different fun places like the top end position down or been positioned.

09:52

She wants to get married like 20 times I want

09:55

to go to a cheap Elvis cheesy and afford the shadforth Yes, I Want to go? She wants one place on the beach in Galveston. Well, you know, one place one time. That's it. That way it's

10:07

a once in a lifetime thing.

10:08

Yeah. It makes it more special.

10:11

I've been with my lover for 19 years. Ceremony is out of the question. He doesn't even like to hold hands and

10:18

think of all the gifts we could be passing up.

10:21

That's right. Yeah, that's right. We can give you that same toaster like three four times where you'll notice

10:30

that 15 Toaster

10:32

be 15 more than we have now

10:34

registered at Home Depot.

10:38

Hello, Deepa.

10:38

Yeah, that's right. That's right. That's right.

10:41

Can I give you a little hint just to the reader readers listeners out there this evening, the blessed the best place to go for a romantic interlude when you are shopping for garden equipment and hardware is Home Depot in the rug section rugs, oriental rugs. You go get it for three rows, the hanging rugs and you walk just like right into the frame. You can see our feet always back there

11:05

and smoochy smashing you in there. I've seen those feet for you guys doc Moloch and go back to the lumber because I like the smell of cedar

11:19

choke and back here at work and we get some water. Bad.

11:26

We did have a call. Oh and somebody asked if we have letters to the editor for the triangle. Where do we send them Houston or Austin?

11:36

Probably Austin. Okay, probably Austin I could I take that

11:41

address out real quick ways. How about that?

11:45

Well, if it's good send it to me for our

11:49

office location. Austin 909 East 49th street. That's actually 49th and a half Street. Austin Texas 78751. Okay. Yeah, office locations you I see Nancy, that you are the fourth name listed. You must be really important down there.

12:10

Cleanup batter cleanup editor

12:13

teeth arts editor and reporters and you are the fourth person listed there is a Houston office they're almost running that place airtight.

12:23

Now tells me they're alphabetized

12:25

after a time because you know, it just list areas. You know,

12:31

we work as a team there are no stars.

12:33

That's right. That's right. It goes to you and Houston and other people in Falcone and Fort Worth

12:39

that's all there's no I in team.

12:43

Oh, that's right. Where did I hear that? Oh, I know. Mrs. Lor, my sixth grade PE teacher the one that I love our sixth grade PE the one I have the thing about that song about she was a big strong woman ready? Yeah, well, y'all do it. Hey, I can't see you guys. We can't

13:05

see you. We're hiding

13:09

there's been way over in the corner, though. It's not that it's there just sitting in the corner. Yeah, we're off to the side now Jimmy can see you much better

13:20

so what else is interesting in the in the newspaper Yeah, that's what

13:28

I was noticing that one of the competitors has got a poll or a survey in here. The outsmart magazine this week this month this whatever has got this the great the gayest and the greatest poll or survey where they're asking they said something here about you know all of us aren't this you know, they're stereotyping is in what is it in marketing? Yeah, they're starting to stereotype as we're all you know, we're all guppies you know and and this and the other and we all like the same kind of stuff the same bars same stuff and Right exactly and outsmart says hey, we know that's different. Let's take this little absolutely so thing you know, I think it's so you know, I'd be dead before I finished this thing it's so long and you know, I wouldn't have I don't have a preference in about two thirds of these the coolest coffee place I don't drink coffee. I don't know the craziest Cajun Yeah, I know that place to die for dessert. Yeah, that place I know. Ideal Indian where do you go for your ideal Indian Nancy. They mean food? Yeah. Oh, I just thought I put Nancy on the spot. Ideal Indian.

14:37

I don't know. We usually Korea at home.

14:40

Oh, yeah. How about Mexico? Maximum Mexican woman. Where do you go for restaurants? Well, where do we go Mexican. Come on, girl, you know, Cobell Takata. You know around the corner.

14:55

This week, big beef burrito honey here. Here's

14:57

one for you, Nancy, the most homophobic breast right you've been in Oh Cafe Adobe. Oh there we go

15:06

I was there it was all lesbian I heard that

15:07

a lot. See no

 15:08
Kissing in public? Well, supposedly

 15:10
a while back they had a No kissing policy.

 15:15
Yeah, for for well,

 15:18
well due to men. See I wasn't there. So I can't say this actually happened but from what I understand from various letters that I read regarding, you know, to various gay publications, two men were at at this restaurant and they they kissed each other as I understand or to as they explained it, it was not a huge passionate throw you down on the floor and choke you. Yes, it was, you know, a friendly celebratory kiss on the lips. And they were reprimanded and told that there was a no kissing policy in there and

 15:49
or no kissing in Amman

 15:51
really? No.

 15:52
Montrose What did they think they can come down here and treat us like that?

 15:56
I evidently you know, so I went in the next week and new

 15:59
stripe PayPal

16:01

was down because of that, you know, I they insulted gay people in there and they they please close down? Well, there was a big place it was known around the country.

16:10

I mean, I know a lot of gay people still go there and everything and I Monday night. Well, that's because they haven't heard us yet. And I'm well no, I don't know. And I would also say that I've been in there since but I always make it a point to kiss Yeah. When I'm there any excuse Nancy? Hey, if I can be you know, politically unrestful and get my freak on then then everybody's happy.

16:32

And where's the queerest restaurant?

16:34

Oh, there's so many the queer

16:36

stir well Baba Yang is was love Bobby and so you want to hear a funny story about the I would love to I love Bobby because it's been it's been here for years. You know, it's it's a

16:45

third down and grew from the flame. Better than ever.

16:49

Jessica and I took her grandmother out for lunch. Hello, Grandma, my grandma. My grandma was listening to take your grandma to wonderful place. And we went in and had a lovely lunch and two days later she called us and told us to turn on the TV because my Marvins

17:07

and learn Ah. Oh no. Machine. I don't know they had that. Well, they had slime in the ice machine and contaminated me.

 17:17
Oh, no. You know, I saw that. That's right.

 17:20
It must have been a bad year. Everything's fine now but the timing was quite unfortunate. White unfortunately,

 17:27
that is the last place

 17:28
that I would need to be to they're very careful. Yeah,

 17:31
it was a plant.

 17:33
Well, you know, it was right before the gay pride parade and that might have had a little something to do with it. I

 17:38
don't know sabotage. Bars always got raided right before Yeah,

 17:43
I think it might have had something to do with that. I hope

 17:47
they also have questions about bars they have like you know what bars are popular? Some of the places they ask you about I'm sorry. I'm just going on. I just thought I'd like to hear Nancy answer these you know, Nancy is very she's got it all memorized, but she is much better when it's spontaneous off the cuff. And I've always appreciated that but here it says clubs and bars a scariest bar when the lights are on.

18:12

Oh, I'd have to say all of them. Every single driver been in when the lights came up at the end of the night is like roaches scurrying for the darkness. Well, I

18:24

didn't know what it was. That happened to me once and I you know whenever I was in a bar close to closing I always made sure I was really right there at the door because I didn't want to get caught.

18:36

klieg lights are not kind at that time you

18:40

don't want to see what the place looks like in the corners

18:44

Okay, what about which best bar if you're a diesel Dyk that should be easy killing a harsh Yang at those places

18:52

i bar in another city another city you can't use you're not going to trap me like I have friends in these clubs. Okay, okay.

19:00

Okay. Your lipstick lesbian?

19:03

Oh

19:05

I Jr

 19:06
probably Jr yes

 19:07
yeah that's where all my lipstick lesbian riches

 19:11
one order doesn't Lord and Taylor

 19:16
where's the best place to find a lover for the night? Now I know you're forgotten but

 19:21
tonight right at this table Oh look there's one now

 19:25
here's my favorite the bar staff that throws the most attitude

 19:31
again at a bar and

 19:36
love riches because they got attitude always love riches because they got attitude sometimes

 19:39
a little attitude is is good you know just you know don't you know make them beg for it then don't give it to him. That's

 19:46

right. Come back and ask you for more later well bet not. Oh, there's some other stuff

19:53
and merciful to me tonight.

19:55
Best place pipe we already established best place buy power tools. Home Depot. Yeah. was rug favorite lesbian trailer rental?

20:04
True story I pulled into Ms. B's one night to do my show pulled into the parking lot. There was a U haul

20:13
several out the parking lot huge U haul in the parking lot. gonna meet her lover.

20:19
I'll tell you what, though. I saw I think I'm ready. I've got all my stuff. This is also a true story. Go through the one ads. Look under sales help you Hall is looking for counter help. This is is that a great place to meet lesbians?

20:38
Yeah, I mean, that's better than a service organization than

20:44
rebound rental.

20:46
There you go. Rebound rental. I like that. How about a shoot super shoe store with size 14 pumps. I know you probably would know maybe basic brothers.

20:55

20:55

Basic brothers. I think it'd be good. I don't know. I don't wear they still carry that stuff though.

20:59

Yeah, they do. They do. It's you know, I love the store. But I don't have the body for about 90% of the clothes

21:07

while I have 90% of the body. And then some. Actually, there is a new store over Tracy's retreat, which is the hair you know, salon and jewelry and all that kind of stuff. The big sunflowers exactly what the big sunflowers on Montrose and Fairview there's a new store and new businesses gone in upstairs which is a resale resale shop for extra large sizes. So I'll bet you they would have some pumps of that and I haven't been there yet

21:38

spread the word to the Royal and sovereign imperial court of the single star

21:42

yes

21:43

yes yeah. Oh,

21:43

so size 14 pumps didn't Bruce says I'm like large I always thought Bruce said this was a great name for the shoe stores that Bruce says Bruce sets is it Bruce Evans

21:55

great name for Miss Gay America. Yeah

21:56

they're here they move into another set of questions here it says local celebrity wish was gay. Now to me you know be careful now we don't want to out of these weather people who think that they no one knows I was out in Roseburg yesterday how you got to be gay. If you do

whether it's somebody in Roseburg the other day was telling me we're sitting there. And I had my back against the wall. He walked up. He had a big old straw in his mouth, no joke, a big old straw in his mouth. And I was watching that guy on TV. Who's the weatherman? Can we tell? I mean, we talked about him before, haven't we? He's been in JRS all the time. I've seen him in Jr's Peter whatnot. Peter. That's what he was looking for. Yeah, really? What's his name? Billingsley. Frank Billingsley. Well, and I was watching and on the TV up in the corner at this place I was at he came on the wire and this guy kind of looks at me. And he looks at me twice. He says you know he's gay. I said no. So it's yeah, it's all over. Frank Billingsley you're out and they know and Rosenberg go out there and knows and Rosenberg you out. I love

23:03

the way he flies across America on his little tippy toes. That always makes me a little bit nauseous. My god, that's so fast. Let's do it again.

23:13

So, but he don't count. So local slab you wish were it was gay? Oh, man. I

23:17

haven't given that. You know, I

23:18

always wished Kathy Whitmer had been gay.

23:20

You know, say the word was she? I don't think so for dated but

23:25

I don't think so. I didn't get that sense from her. You know, and I my gaydar is pretty good. Oh,

23:31

I don't know, I guess. Competition. Zina Garrison, I guess

23:35

Yeah. that's a good one. How about the local slim you're glad who isn't?

Yeah, that's a good one. How about the local film you're glad who isn't a

23:39

Oh, man. That would have to be Marvin xinlei

23:46

top of my list

23:49

Oh, I don't know it might be kind of neat to have a media source for our community that you know will always be there

23:57

always is preserved. Yeah, he's

23:59

got a picture in the attic.

24:01

Bless this. Oh, I see. Oh, you're being literary.

24:06

How about the perfect place for a first date? Oh these are hard questions. We went to bed at

24:17

out of town out of town is

24:21

so where everybody doesn't know you listen, I've driven down el campo for afternoons delight. Let me tell you nobody knows me. They're

24:32

Corpus Christi driven in different timezone to get laid? I'd hate to tell you this.

24:39

Okay, perfect place for first day. Come on, come on someplace for first day.

24:42

You know, I love the Transco tower. Yeah, that's cool. Love the Transco tower, get you know, just get out there. Sit down, watch the water. Talk about your hopes, dreams aspirations and get her drunk that's

24:54

get her drunk. I love the water wall. It's really cool. Especially in the evening when it's dark.

24:59

It's been so long. So sight dated.

25:02

Okay, where's the best place for the last date Nancy?

25:05

Oh the last day like you're gonna break it off or whatever last

25:09

date

25:11

let's see where did they always take me

25:16

let me sav always wind back up in the same spot

25:19

probably the probably the water wall

25:23

Well, the place where God wouldn't go on a dare the place where God wouldn't go on a dairy land for us no that's just Charlie's. That's right Baptist. Looks like a clip out of Priscilla cooking in the desert to

25:37

actually have you seen the new mural? I love the new dash rights the 50s thing

25:43

I think it's really cute it just makes me want to you know have a hamburger time.

25:48

I do like their new breakfast platter. And eggs, three meats. Toast grits,

25:55

three meats three meats that would be all pork product. Oh.

26:01

Ham bacon and

26:06

sausage

26:08

Any way you slice it well you know me I'm looking for that high fat content.

26:11

What exactly are grits? You know I'm from Ohio. We didn't have grits up there. Okay, Ohio. grits are they look kind of a piece of

26:24

corn look no tiny white specks but lots of them. Yeah, sounds like a horn

26:31

No, you know when you have a kernel of corn is hard. And from like, you know, off of one of those decorations and you see the corn and then the bottom is a little white piece and then the core the root of the corn when they cut the root off that white piece on top is the part that they make grits on if you're kidding no so nice not

26:49

wanting to use every part of the cat but

26:54

they're really pretty tasteless. I mean that the flavor is the salt and pepper now

26:59

yeah and whatever you put it yeah cuz that's that's true that's their like tofu tastes listen to you put it with something. And you know I was always I was always saying yeah, like tofu to specially stir fried with vegetables and things

27:13

like wheat Gao.

27:14

Yeah, there you go. Man.

27:16

28:12

Okay, work very well.

28:15

What's the best spot to take an out of Towner?

28:21

It depends on who's visiting.

28:25

Some would be having some would be Jr. Some would be the tubs you know.

28:30

Or some might be diverse works. Yes. Or

28:33

forget the verse works because there's lots of good stuff going on over there.

28:38

How about this one best non Montrose family neighborhood were outside of Montrose. Where's the

28:43

best of the heights or now the new lesbian enclave?

28:47

Rosenberg Yeah, it's getting out when garden oaks Yeah.

 28:55

I know that. Yeah, my friend just bought a house out there it is getting to be lesbian city. Yes. You know, during the 80s It was all the little gas and oil yuppies had lower management jobs not the upper management, the lower management jobs who bought those homes in there and then when the oil boom bust they had to sell them and they're selling them off the lesbian cheap. Good, good. Yeah. My friend bought a nice place out there. Spent a lot of money fixing it up like they wanted it. But they saved a lot of money in getting it still. Yeah,

 29:25

it's still a nice

 29:28

Westbury, Westbury wesbury, which is what South poston golf 610?

 29:34

Yeah, there's a there's I see a lot of in the gay press for rock condos and things and

 29:40

we're not just all saturated in the

 29:42

inside. You know, I've talked about this many times that probably 10% of us live in the monitor. Yes. Yeah. The rest of us.

 29:50

We were talking about that all over. Oh, I wish there was some way we really could. We had people coming in from Dickinson and friends would and you know, these

 29:57

are the real people. The people People that are going to really help us on our way towards Blinn merging. Yes, yes, because they're the ones who are normalizing. These are the couples who go out into suburbia and buy the houses and walk out there with their hairy legs lives. And they are the examples to the strike communities.

30:23

Nancy and I shocked the hell out of our neighbors in spring branch, that's for sure.

30:27

I saw on Cops tonight. I was watching cops. I don't know why I was watching cops. Bad Boys bad. Yeah, that's it. But it was a repeat of something. And they had these two women whose some kid had stolen all their backyard lawn furniture somewhere else. Anyway, after watching this for a minute, I thought those are lesbians. Those are lesbians that boy stole from and I'm watching and I'm watching. And they've talked about getting this furniture back because they weren't gonna arrest this kid. He was just a kid and they weren't going to arrest him. They just gonna have him to a process to appear in court. And the policeman says, well, now we need to get this stuff by the shark. That one Oh, Doc, she just jumped up says Well, I get it right now. And she says with that table up over and over. She was Gone Girl. And I said yet the lesbians

31:11

you're listening to after hours queer radio with attitude on KPFT Houston and ke O 's College Station on Jamie Carper. Jewel gray is here. Nancy forward and Jessica. Yeah.

31:23

Cool. Anyway, are you gonna take this Nancy? I mean are you in any or an Audi in an inner loop or outer loop their inner loop or outer loop or even any are now Tony, are you going to take this survey and send it in? I think we should I think all of us should. I think that they should know. You know that we are not the stereotypical yuppie Guppy little i \$100,000 year college graduate type people.

31:50

I think it would be fabulous to find out if there was some way we could find out just what the percentage was of gay lesbian people who lived outside the loop.

31:58

Yep. That would be cool.

31:59

If it wasn't that. Great.

32:00

I would. I would love that. And I think there's a whole lot more blue collar workers and Oh, much more. Yeah, yeah.

 32:08

We cross off. I was over at a place the other day called Nightingale you ever heard about it? No. It's a place where they put handicapped adults to work not mentally retarded, like we were talking about, but handicapped adults to work. And I was over there the other day, and the parking lot was just full of stickers on cars. Just fold. Yeah, I mean, I thought, jeez, oh, yes. And I thought, jeez, I want to work here. Because it was like out of 20 cars, and there's one little parking area, there's one little one there was several of them. They're out of 20 cars. 17 of them had bumper stickers on them of one ilk or another. There were rainbow flags or versions of and I thought I mentioned I want to work here. That's right. That's why I thought at first I thought are all these people handicapped? I mean, then I thought these are all cars, she will probably just work here. Cool. I didn't know we had so many handicapped, gay, lesbian people in town. I thought that was a great idea.

 32:58

A lot of us are in social service. Yes.

 33:01

Yes.

 33:03

What's, what's coming in the future for the triangle?

 33:08

Well, we're like I said, right now we are knee deep in this tour of Texas, which is going to all the major markets. So that's what our our big concentration is. Right? And

 33:17

I noticed that there was it's like, all the the what's going on all over the cities of Texas. I mean, from from cultural things to dance to movies.

 33:30

I think most people be surprised what goes on outside their own communities.

 33:36
We need to open our eyes.

 33:37
Yeah. Makes really that film

 33:40
festival makes you want to go to Oslo. It does doesn't. I'm thinking about it already. It's only an hour and a half there. And

 33:45
there was a nice, you had an article with someone else. Talking about the gay men scores of Houston. I'm glad to see them get some press. Yeah. Good. What a great organization. Wonderful bunch of a new and new choral group. The the ebony

 34:02
ebony men of Houston. I believe in choir. Yes. They haven't actually performed yet but they are in the process of getting it all together. And they hope to have a show in November.

 34:13
Oh boy.

 34:14
I'm gonna be there. Lots of they're talking about empowerment a lot.

 34:19
See a bunch of these groups get together and do like a whole day worth of activities or something somewhere can be a great fun right? Yeah, you know, just gay and lesbian you know, entertainment or something in just like for like a festival gay and lesbian entertainers festival or something kind of core the choir and, and maybe is hard songs to play.

 34:45

11 34:45

I haven't seen them haven't heard American heart song

34:47

and some of these groups that, you know, in some of the people that do the independent music, they

34:52

still have their own tapes.

34:55

Oh, yeah. Very inspiring. Yes,

34:57

that'd be neat to have a kind of a day of it. entertaining like that? That would be that'd be a great fun for anybody out there. Isn't there a festive NCCR has acquire. I'm sure that you know those kinds of things that that could be arranged and there are other organizations about

35:13

this because during Pride week there was a God that's one that the MTCR did plus the community Gospel Church put together a thing of, of different different groups from different churches singing songs, and I'm not particularly religious person, but the music was fantastic. Just great.

35:39

I've always wanted to you know, I saw when I was awesome one day, I don't know what we were doing. It was before after one of the big braids, Nancy, you weren't that big. When we went and attacked the Capitol. We would largest parade to hit the Capitol. Yeah, I was gonna say she was there. I remember hanging from the tree.

35:57

My credibility again.

35:59

By contrast, me I remember Nancy in the good old days. Oh, she was always very good. Very proper, very honorable. So no matter what, she was always honorable.

 36:09

No, these are the good old days. Yep.

 36:11

No, yeah. These days. These are the best days I happen to like these days. But I

 36:17

remember when I was there one time that they had a concert in the park, and I stood there. And it was some gay group in Austin. And I thought, you know, which they do that in Houston a concert in the park like once a month, with a couple of groups together and Gay Men's

 36:31

Chorus did something.

 36:35

Outside one that'd be cool. I mean, every time not necessarily. He doesn't know maybe

 36:39

it's just me. But you know, I'm just crying. After performance

 36:44

is wonderful, inspirational voices when you get a choir together. Like we're people

 36:48

up there just singing their heart. Yeah, and I love it.

 36:51

Donald's commercials it takes

36:59

speaking of commercial, yes, that commercial that I love the tell tell them

37:06

one slice in a bagel. Jessica screams getting there's this new commercial for footlocker though. Yeah. Women's women's footlocker. It's a redo of the old Helen ready. I am woman.

37:22

It is awesome. Now, it rocks. The whole commercial is just wonderful. If you get to see this commercial is just a wonderful commercial. And the point

37:33

is they do a lot of flash images of various women doing athletic things, volleyball, basketball, and there is lots of lots of sweaty, lots of sinewy, strong muscular women in these images. And some absolutely no question lesbians.

37:50

Yes. Sitting in each other's laps, everything. It's a wonderful commercial. And at the beginning of the commercial, one of my very favorite parts is about this woman's got to be about 70 years old, and she's all sweaty. She's all buff. I mean, just this really old woman pumped up has this Nike sports bra on it's wonderful. I just love it. I just want to stand up and cheer.

38:20

I like that. I like that commercial by the Volkswagen people. You know, I saw that Spin City with Michael J. Fox and that gay character on there taking that as part of their intro now. It's really cute with him in the car going along picking things up. You know, I saw on the news this week that there some controversy over some new ads. Speaking of ads that featured lesbians. Oh, yeah. I'm a furniture commercial and some financial advisor, you know, like, what do they call those places? I'm trying to think of one name. What is one financial advisor, one of those financial groups, Keisha? No, no, no, no. What is the name of some man's good? It's always some man never more on to Williams. Yeah, there you go. Merrill, Merrill Lynch. Never want a Williams finance broker or anything like that. It's always Merrill Lynch. But one of them is for one of these big finance brokers like Merrill Lynch or somebody where they have these lesbians discussing their old age and growing old together and protecting each other with taking care of finances now and investing in stuff. It's really cool. But there's been some controversy over that song. It's on one of those talk one of those new shows. You know, I'm getting a little confused. I

don't know when Dateline is on. Somebody told me the other day well do well, it's on every night. It used to be just Dateline Monday, date now, Dateline Monday, Tuesday, Wednesday, Thursday, Friday.

39:48

Dateline, there's primetime. Yeah 2020 There's 60

39:52

minutes.

39:54

There the talk show of the evening hours. Pardon me? I said there the talk shows of the evening hours talk show us a little earlier, these shows are getting in, you know, I was noticing that they're getting a little more pop ed lately too. They're not really digging anything ever since 60 minutes got sued. Nobody's been really digging into anything. Oh, well, what are you doing? Jimmy? You're looking for music? Yeah, but you know,

40:20

yes, actually, I want to play something from sibilance, which is the audio zine comes out quarterly. It's a CD of queer music. A lot of it's kind of experimental. But there's a couple of spoken word things was really good. And I saved it just to play on your show. Great. It's by a performer named Denise. And it's comes in three parts, and I will have to change the name of it to breasts.

40:55

What did you say? Breasts. What did you say? Breasts. Oh,

40:59

you weren't here. The night I went on about Libya, Libya, Libya. Did you

41:04

know it's the T word? We can't say? For some reason? I don't know. I don't know. Okay. But let's get to that. Right. Okay. And we'll be back. Okay.

41:13

I've never met a woman who has been happy with themselves with their hair with the way they look with their face with their eyes with their tits with their feet. Every single woman I've ever met has been so horribly body conscious. I've been lucky enough to meet a lot of beautiful women, I'm attracted to beautiful women. So I meet them, or I make it my point. But even very beautiful women don't see their own beauty. And I find that tragic. Not that they have to be gloating and flying, you know, off the surface of the water like a butterfly. I'm so beautiful. But it's like what a tragedy that someone can't just be happy with what they got, or be pleased with something that they got, you know, and breasts are very important in that very. Thereafter, I dated a lot of women for purposes of finding the proper personality that matched the breast. And I met some very eerie people along the way. And their breast sort of matched the circumstances. There's this woman who's a comedian, she's young woman I dated for I don't know, maybe first summer. very sweet, very nice. She had the kind of breasts that you could enhance. And she tried to, but she wore a lot of like blouses with like, cleavage. Or she even at one point wore a blouse with a plastic cleavage. not exaggerating, like a vinyl opening to show her cleavage, which she liked to enhance. She was very proud of her breasts. This was the initial like, Oh, I'm gonna I'm gonna date that woman. She's so proud. It was such a rare thing that I you know, I had to meet her on date her and get to know her and her breasts. I think the main hot attraction in my life had really just sort of ordinary breasts, actually. And, and they fit her personality completely. She was very, um, was UNGA. No, she wasn't extremely large. But she was a bazooka because she carried herself. Like she was extremely large. Like her whole body swayed with the large like a large woman would walk kind of with a sort of gait. And I just was totally wiped out by her and her breasts because her breasts matched her. They were extremely like like mango, or like something an organic shape that you couldn't describe. Like didn't they didn't have a pointing us to them and they didn't have an like, a giant bowl business to them. They just had sort of that organic flow just like she did. And I thought well, that's it. That's the kind of breath that is
