SPEAKERS

Diane Williams, Scott Lewis, Jimmy Carper

 Scott Lewis 00:03

That was for the Naomi Sims and she definitely was. The female impersonator. The one I think Naomi was the first female impersonator drag queen that I ever saw. And she always had the most incredible energy and those high kicks, you know, I can just see her running around on that stage doing those high kicks. So that was for you, Naomi. Certainly we all definitely feel your loss. Honor, a different topic. We'll talk a little bit about a birth of sorts. The new sahzu rack celebrity grill, which has just opened up but down at the Elgin,

 Jimmy Carper 01:00

one block up from the French Quarter.

 Scott Lewis 01:05

Well, this is important to know that it is one block from the French Quarter. And I'm sure that everybody knows where the French Quarter is. You know, it's over there where Alex putouts used to be, and I haven't been in yet. They just had the grand opening on Thursday. But they've got the Bourne divas over there to tonight. I don't know how long they're playing. They were tonight at 930 and 1130. The Bourne divas are these two women from New Orleans, I believe, is that right? Kind of kind of remind me of two tons of fun. They're black, They're big. They're women. And they're flawless. And they are flawless. What this is, is it's kind of a gay cabaret. They're going to have cabaret. Wednesday through Saturday, six to 10pm they're going to have dinner Monday to Friday, they're going to have lounge singers, Monday and Tuesday, they're going to have a piano, kind of a piano bar type thing where you go in and have dinner and listen to somebody play the piano, they're going to have a happy hour buffet. 430 to six, Monday to Friday. So it's kind of an all around. Sounds to me like the place to go and maybe have a little bit of dinner and see an incredible act, they're going to be bringing people in from all over the country. They called in and offered us an offer on the opportunity to interview born divas. And unfortunately, it was kind of short notice and we didn't get the

opportunity to do that. But, uh, we look forward to the opportunity to do some of those things in the very, very near future. I'm looking forward to going over there. It's it's not McDonald's fare. I'll tell you that. I can't tell you what the prices are. But it's not

J Jimmy Carper 03:00

it just means you know, you'll go you'll find a rich man. He'll pay for your dinner. Everything will be fine. Oh, do

S Scott Lewis 03:06

you think that'll happen?

J Jimmy Carper 03:07

Of course it will happen. It has to happen. We're young. We're beautiful. We're

S Scott Lewis 03:10

queer. Wow. Um, yeah. We're, I'm young and queer. My hair is beautiful.

J Jimmy Carper 03:18

Yesterday. Very flawless. Very 90s Fag style.

S Scott Lewis 03:22

Well, let's talk just a minute about this brouhaha. That's going on haha through haha. How do you spell that? Michael?

J Jimmy Carper 03:33

I can spell it. You can't.

S Scott Lewis 03:35

That's why I asked you how to spell it. This brouhaha that's going on down at the public library over the Madonna book.

J Jimmy Carper 03:44

Madonna.

 Scott Lewis 03:45

Have you have you seen this?

 Jimmy Carper 03:47

I've seen that. I have the album. Without I

 Scott Lewis 03:51

have the book. Madonna is flawless. Now they've got this this brouhaha as I want to call it down at the down at the library because they want they ordered four copies of the book sex with a donation that they had gotten somebody donated \$200 to the library and said, buy four copies of Madonna sex.

 Jimmy Carper 04:17

And so actually, it's gotten better than that. And that, considering that these these right wing nutcases have come out against the book, more people have been donating copies of,

 Scott Lewis 04:27

well, you know, they were originally going to get for they raised all this fuss people. Oh, they don't you shouldn't have that in there. You know, that's horrible. It's pornography was sick. You know, honey, I pay taxes too. You know, I can't deduct my spouse. I pay more taxes than you do. I don't want to get snippy or anything but I do.

 Jimmy Carper 04:51

It's not like we can get all those pet Robbins books out of the library.

 Scott Lewis 04:54

You know, I don't want to read what what Chris Well, or Robertson And, or Buchanan have to say, but you know what I will pray about you. But I will fight for your right to have the opportunity to check them out of the library, because you have just as much right because you pay taxes too. And you need to realize that. So not only are there going to be four copies of sex, they've had a woman who drove in from spring in the pounding down rain last week with a copy. They've had four more copies donated from someone else brought in delivered this last week. Plus, they've got the four original copies that they ordered on the way which takes a long

time for libraries to get the books that they order it they are on some kind of crazy backorder which is selling very briskly and I bought my copy on the first day. And so in honor of the fact that the Houston public library will have so many copies of sex that will all have sex. And that makes me very happy. I want to play the book version of erotica. You can get there this nowhere else, but in the book erotica, and and we're back. That was the exclusive. You have to pay 50 bucks for the book to be able to listen to that. It's McDonough. It's worth it version of Madonna's erotica and yes, it is worth it. Let me tell you, I think the book was worth it. I paid 5407 with tax. I don't think I'm allowed to say that. But I did. I paid over 50 I paid money for it. I'm not gonna say but and I think it was worth it. I think the money was worth it. I love it. Yeah, I don't think it's pornographic. Well, I think

 Jimmy Carper 06:40

but you're queer. I mean, so that stuff shouldn't be shocking to you.

 Scott Lewis 06:43

I think it is a woman's sexual fantasies, it's on my coffee table. And let me tell you, when I have Pirlo with mom comes over way to tell them when my mom comes over, it'll be on the coffee table, because she can't throw me out. Because it's my house. You know, I have it on my coffee table. And every time somebody comes over, we talk about it, we look at it and we discuss that this is this woman's sexual fantasies. That's really interesting, because then we start talking about our sexual fantasies, which I think is the whole point. It is the point of the book. And so I get into, you know, actually, you know, I've looked through the book, and there's only a few things that are actually fantasies that I would share with Madonna. Have you

 Jimmy Carper 07:22

seen the thought you were gonna say there are only a few things that you hadn't done yet? You

 Scott Lewis 07:26

hateful? That's Jimmy's line. There's only a few things in the Madonna. But please, Jimmy was choreographer on that book. Not me.

 Jimmy Carper 07:34

He did a damn good job.

 Scott Lewis 07:36

He did a wonderful, wonderful job. What else is going on in the news this week that we can talk about?

J

Jimmy Carper 07:43

Well, how about the fact that the Supreme Court refused to hear the case concerning H and H music and personhood? PWM. Basically, what was going to the Supreme Court was, we wanted them to say that it was wrong for H and H music to limit the amount of money they're self insured healthcare plan would give to people with AIDS, what they did was they set a limit of \$5,000 on how much a PW a could claim on their insurance, which, as we all know, is what less than a year supply of AZT, for example. That case went all the way to the Supreme Court. And basically, the Supreme Court refused to hear it, and said that you can discriminate against people with eighth in terms of health care, you can, despite the fact that people need, you know, money for the various drugs, you know, I mean, I have one friend who's taking, you know, more than a dozen drugs right now. You can discriminate against those people. And I think what's going to be necessary for us is, it's one more additional reason why we need to pressure Bill Clinton into having a national health care plan, which will, you know, provide for anyone regardless of their ability to pay. So, I now

S

Scott Lewis 08:58

Well, I understand that under the 1990, I believe it's the 1991 American with Disabilities that that they wouldn't be able to do that now. Anyway, and that's why that case was was not heard by the Supreme Court. And I hope that is the case. I hope that is the reason why it wasn't heard. I'm very excited. And we've already talked about this a little bit about the fact that we've got somebody we finally got a gay back into the military.

J

Jimmy Carper 09:31

Well, I mean, there are a lot of gays in the military. Well, I'll be back as a full fledged openly hobo soldier.

S

Scott Lewis 09:38

We had someone who came out on television and got back in can you

J

Jimmy Carper 09:43

imagine all the dates he got after that?

S

Scott Lewis 09:45

Please, I tell you. This is well I guess we can do. The husband hunt segment of the show. This is usually about when we do it and This is a segment of the show where every week we take phone calls. And I

J Jimmy Carper 10:07

went back in

D Diane Williams 10:09

to TV person.

S Scott Lewis 10:10

Nobody came out and went back in. Y'all better come in and now leave. We've been we've been studio studio has just been infiltrated by people. Well, let me say we have pictures of these the originals out of Jim carpers. So no one sees those. Oh, let's see what are these from?

J Jimmy Carper 10:33

That's RNC pictures

S Scott Lewis 10:34

from the Republican National Convention. Don't say that dying because somebody called me last week.

J Jimmy Carper 10:41

What are you doing next week Diane?

D Diane Williams 10:43

the show. I think they're doing this is great. Scott, tell us what you're watching there.

S Scott Lewis 10:53

I'm looking through pictures of the Republican National Convention. This is a hey, they pictures of Republicans. Now mostly Democrats, mostly Democrats here in this picture. You know, I think, Oh, they're Susan Palmer.

J Jimmy Carper 11:07

I mean, they're the pope,

S

Scott Lewis 11:09

the pope, and he's carrying a big sign that says, My Church, something is bigger than yours. What does that say? Oh, I bet it is. Oh, my church, Oregon is bigger than yours. Oh, I bet it is John Paul. I bet it is. You know, oh, now looky there. A big long line of policemen on horses. Now, that was unusual to see during the convention. Now what if I don't bring all these pictures in here? So I'm gonna start looking at them. And that's not fair. So during the husband hunt, we always take some phone calls. And we're not going to do that tonight because people have been hateful. Well, people have been hateful Scott as a boyfriend. Well, I don't know if I would say that. I don't know if I would say that. I have a boyfriend. But I have gone out with someone that I met on the husband and had a really enjoyable time.

J

Jimmy Carper 12:01

Well, I must admit, I am a bit offended on my first and only appearance here. You have finally decided to officially end husband.

S

Scott Lewis 12:08

Oh, Mary, don't even try because I asked you. Okay, all right. You know what, we're gonna take phone calls at five to six KPFT. And we're gonna get Michael Crawford a husband. Okay, because I'll tell you what I did on my fabulous date. From the last time I did the husband hunt. And you'll be so jealous that you'll want to so call us HC five to six KPFT if you're interested in going out with Michael Crawford, we'll get you all set up. If you're not interested in in going out with Michael Crawford. I want you to call in at five to six KPFT and tell me what you think of this new cologne that I'm wearing. Okay, cow. That's how do you know that's the name of my new cologne cow. Actually, it's called utter by cow. Anyway, the person who's calling in right now is dialing the wrong number. We can't take phone calls on that number. So call us at five to six KPFT for a date with Michael. Let me tell you what I did on our day. We went to know Michael and I didn't go on a date. Although maybe we should. We went to a we have a phone call on five to six games. Let's just take this right now. My way we have. Let's let's take we're gonna take this phone call. Right here. This is after hours. Who's this? Yeah. Jeff. Are you interested in a date with Michael Crawford? Are you calling about my cologne? Oh, what about your cologne? What do you think? I thought it was midnight Pasteur. Oh, oh. Oh, I don't think so. Thanks for calling. After hours. Who's this? Hello. Nobody's there. Oh, well. Anyway, Midnight pastor that was a good one that was so what a hateful queen who where did they listen from? These people all live in the Montrose. So anyway, let me tell you more about my date. And so we went to I picked him up. He lives in Pasadena. I know in Pasadena. I didn't think there were any either. But yeah, there are a lot of queers in Pasadena. When I picked him up, and we went to dinner at the River Cafe, we didn't sit on the patio. I kind of wanted to sit on the patio, but I asked the hostess girl and she said no, you should sit inside was this woman hostess woman. Thank you. Oh, you know, you can you can't do a show with an activist. I said girl. Next thing I'll call Michael boy. He'll pick up a chair and throw it at me. You know, line six was not a gay person. And he was from parallel and he says hi anyway. Oh, hi. I parallel and I have good friends out there. Jimmy has good friends everywhere and most of them are between sheets no matter what city they're in. So we went to just jealous I am jealous. Oh, please, I haven't had sex since the AIDS epidemic began. I mean, come on. Did you have it before? No. But you know, it sounds like I kind of had it once or twice if I say it that way.

J

Jimmy Carper 15:11

Okay. Okay, you were at the River Cafe

S

Scott Lewis 15:15

from Pasadena say, hey, hey, straight people from Pasadena, five to six KPFK. Keep calling. Keep calling. And let me know what you think of my cologne. That was great. I don't know who that was. But I want to give you movie passes or something, but we don't have any. So anyway, we also we went to the River Cafe for dinner. And then we went, I took him on a surprise. And I wouldn't tell him where we were going. And he kind of got really nervous. I think he thought I was going to write them or something. But I would have thought that came later. So we went out to the arena. And it was really funny. We went out to see Joan Rivers in concert at the arena theater, and we are standing in the lobby waiting for them to open the doors for us to go in. There are signs on either side of us that say the date and that Joan Rivers is playing. And this guy didn't get it. He doesn't know where we are or what we're doing. So I'm realizing at this point, this guy's kind of dingy. I better hold on.

J

Jimmy Carper 16:22

Yes, he likes him young. And

S

Scott Lewis 16:23

I like I'm young and well, he is young. He's 19. But you know what? Don't. Before everybody gets freaked out and starts calling me a chicken hawk. I'm only 22 letter. That's my real age. I'm not Oh, don't make me pull out my driver's license. I'm only 22. So he's only three years younger than me. So I don't think that makes me a chicken hawk. So we had a wonderful time. It's concert. It was quite it was a lot of fun. And then we went to we kind of came down here to do the Halloween thing. We got dressed up. I was I went as a condom. But you know what? I didn't like it. I got this big full body condom. I didn't like it. Do I sound like a straight man? I didn't like it. I was I felt too confined. I might I couldn't move my arms. I was hot and sweaty. No, I didn't like it at all like that. So I took it off. Well, I do. But anyway. We went down to Pacific Street. We went to the venture in and that was a lot of fun. And we did some other stuff. And I don't know if James would want me to talk about the rest of the evening. I'll be talking about the rest of the evening. Well, we want you to talk about the rest of the Union. But I don't know if if James does. You know, I've tried to call him tonight several times his lines busy. Maybe we'll just try real quick. And see if his lines busy. Maybe he'll want to talk about the rest of the evening. Well, his line is busy. So we get to talk about the rest of the evening. Here I go James Watch out. And if you want to prevent this, you better call it five to six KPFT. So we went to after we went to the venture in and we went to we kind of got bored with it. You know it was kind of boring. And so we don't know if I should have said that. He's 19 and we went to the venture and but I got him in and then we came home and I made breakfast. Very good because I'm a wonderful cook all queens are. Well, I don't know about that. Have you ever eaten Brian Bradley's food? We won't talk about her I cooked breakfast, and I took him home the next morning about 930

J Jimmy Carper 18:42

Okay, but what happened in between winter and breakfast?

S Scott Lewis 18:46

Well, the drive home because I made breakfast about 230. So, but anyway, I had a really good time. And you know, I plan on seeing him again. As a matter of fact, we were supposed to each other last night but he's he's real sick with the flu. And that might be why his lines busy. He might have the phone off the hook because he wants to sleep because he has the flu. Or he might not want to talk about it. Or he might be avoiding my phone call. Is that paranoid? Yes. You're paranoid. Okay, well, I'm over that. So anyway, in honor of a date on the husband hunt that I'm happy with. I've been out on several other dates on the husband hunt that I don't want to say I was unhappy with but just you know, weren't what I was looking for. And I finally did bigger. Well, honey, I found it bigger. I want to play a song for James in Pasadena. This is for you. I hope you're listening. This is off the new shot de album. And when I first heard this song, I thought of you and so this is for you James, kiss of love off the new shot ACD. That shot a, I just love her. You know, I was reading this interview with her in Details Magazine this month. And they asked her they said shutter you realize that a lot of people do the nasty to your music? And she said, Well, you know, I probably shouldn't have brought this up because I can't say what she said. She said that in basically in gutter language. She said that, that that was fine with her. As long as everybody didn't reach their peak at the same time. And she didn't use such polite terms. I want to we're going to go over some announcements here go over a few things that are going on in the community. But first, I want to send out a little personal message there was a How did you describe it Michael? We had a phone call we just lost it was an

J Jimmy Carper 20:56

eager young boy. Breathless with anticipation wanting to speak to Scott. I wonder why. All I know is that I put him on hold. You didn't get to him quick enough.

S Scott Lewis 21:06

I met you know, I was talking to this woman on the other line. So my breathless anticipation young man, please call back at five to six KPFT. I was talking to this woman on the other line who was telling me about Roseanne this past week and Morgan Fairchild was on guesting as a lesbian. Yes. She was with Sandra Bernhard no less with Senator Bernhard as her lover. And you know, that's just one more time that Sandra Bernhard has been on there. That sees me that Roseanne has been there with a gay positive message. I mean, she's been doing that for years since she brought to Martin Milan as her gay boss. So maybe next week, they'll kiss hands off to Martin a handoff to Martin mall for taking the part hands off to Roseanne Barr for the show because she she's the driving force behind all that. Also. The caller brought up a good point that that the religious right you know is all over stuff like that and sending letters and stuff. So, you know, maybe you should send a letter into Roseanne, you know, saying you

support them maybe a phone call to the producer, believe it or not, you can get through you can call and talk to the producer of the show. I've done it I talked to the producer of quantum leap when they were NBC was threatening to yank the episode of a gay soldier gay military person that eventually did air and I talked to the producer for some time when that was kind of up in the air. And he was very friendly and very glad to hear my phone call. So we've got some stuff going on this play a new play that starting at the at the alley theatre a Tuesday night this Tuesday night no sit November 17. It's a play that is going to benefit the Texas accountants and lawyers for the arts, new wills and estate planning projects for artists with AIDS so evidently they help with estate planning. For artists who have AIDS, this is a benefit. So I can tell you that it is \$25 per person, there is a light repast preceding the performance. That means that means cheese and crackers, honey victory, the Gay Men's Health chorus, which is just wonderful, you know, we need to get if anybody in the Gay Men's Health courses listening, we want a tape of you guys to play down here. They need members for the 1992 1993 season with coil experience preferred but not required. If you want information contact David at 630333 or Lawrence at 9849683. Here this was in our box and I don't know anything about this except that it was in our box and it is a natural health care products that are available at a discount prices for people with HIV and AIDS. This is certainly another option for dealing with your immune system. There's a Buyers Club now forming, you can call universal life at 5210266 If you're interested in that Kolbe house is presenting an age retreat and Kobe house are the guys that were here last week with Jewel I met him some time ago over at Charlie's Coffee House as thrilled as I was to be at Charlie's as I always am. This is a retreat that focuses on healing, integration and future hope for people that are living with AIDS. It's a Kobe project is a spiritual ministry for the gay and lesbian community and for people that are living with AIDS. That was started in 1990. They're not you know, it's not one of those type deals where they're pushing their religion on you. And I really think it's a good deal and really wholeheartedly support them in what they do. We also want to remind you about skate events. There is roller skating Monday nights I believe the 16th and 30th of this month we have roller nights coming up. Those are over at the trade winds roller rink on West 34th Street right off of Highway 290. That those happen. I'd be willing to bet Chris will drive it over himself. There you go. Do you think

S

Scott Lewis 26:52

Oh, that's that's wrong person didn't say Jack Jack's jackal drive it over. I'm thinking of the wrong person. So if you give Jack Valinski a call. What's the number on here again? 5296979.

Jack doesn't have anything to do but drive these things out to people in Conroe. Anyway, he doesn't have

J Jimmy Carper 27:52

cats are cool.

S Scott Lewis 27:54

I was almost hateful, but it wasn't hateful to Jack. You know when he played to any anyway. Anyway. Anyway, that's it. I guess the show's kind of drawn to a close here. So

J Jimmy Carper 28:12

what do we have next week.

S Scott Lewis 28:14

We have Diane Williams back next week. From Tara, kind of like a magic trick

J Jimmy Carper 28:21

she's reappeared from from where where we don't know from where she was, we don't know. We're living in strange places and seem to move in to the Montrose so

S Scott Lewis 28:32

Oh, really? She's not living out there where she was anymore.

J

Jimmy Carper 28:36

Well, I mean,

S

Scott Lewis 28:38

oh, she is but seem to be moving to Montrose. That's what I hear. Oh, look out women in Montrose. Right.

J

Jimmy Carper 28:46

The week after that. We'll have K Harper. Oh, and then we don't even know what we're doing in that in December yet. I just can't get you Queens together for a meeting.
