R Rainbo de Clown 00:02

or that was towed that was parked in front of the house of the owner.

J Jimmy Carper 00:08

The owners car was parked

00:10

because he was parked on the wrong side of the street, which says no braking. And so did you read the email? Someone said that there was two people there was someone a friend that said that twice they were towed. Remember that? I think it was in the email. Yes. Someone was saying yes. We are fighting this on the email. Gardening the height has got a by the way with y'all listening garden heights.com I can't remember all the.com/westheimer Street Festival has a website for the street fest. Okay. It's not a gay it's not all gay. Of course,

J Jimmy Carper 00:53

it doesn't get a festival. It's

R Rainbo de Clown 00:55

a principle thing. It's a whole principle thing.

J Jimmy Carper 00:57

It just happens to recur in my Montrose which is a bohemian area. Thank you very much. We

It just happens to feed into my house, which is a bunch of areas. Thank you very much. We have you know, this this area has always had all kinds of people all races, all different areas. Yes, yes. Yes. From from families, to to artists to gays to to you name it, it has people Yeah, period. And that's why I love this neighborhood.

01:24

And it is an art festival if you look at it in a different way it may not be juried art, where you have a picture you go out and try to find a painting or a print for that nice tacky sofa you got it might not be that kind of art. But we do have artists on the street

01:44

yes we

Rainbo de Clown 01:44

did we have people that saying yes, we have people that are strict. Well entertaining street entertainers on a show like you would see I know at Jackson Square Yeah. New Orleans. Yes. And

J Jimmy Carper 01:57

I really enjoy that. You know, if somebody's doing all kinds of different things, not just singing and dancing or, or bands and they have all kinds of bands and local bands who don't get a chance and from rock to punk to Christian

Rainbo de Clown 02:14

were six Christian bands. Yeah, well, bands where

B Bobby 02:18

else can you go and find the Christian bands? The punk band the Greek the Greek band. Yeah. And all of this plus the artists the the T shirts, sellers, the you know, everything in one place and people and people being civilized to each other for the most Absolutely.

02:44

I can't ask for more. It's always been fun with the Christian rock one block away from Mary's where they have the drag show on top of the roof and then by Goodness gracious. I couldn't believe it. This year. They had a Christian group on top of Mary's to talk about variety diversity.

I tell you, we've got and guess what people? It don't cost you a dime to come to know but the art festival? I think they do charge

J

Jimmy Carper 03:09

Yes. And they are festival. I think this is a free. This is free. Yes. It's always been free. It's for the people.

♂

03:18

And they talk about security or they call it talk about EMS, emergency services. If there is a problem in that area, guess what? All these cops have got little radios. They can move that traffic like you won't believe before that ambulance could get there. Right honey,

J

Jimmy Carper 03:34

you know, I live in this neighborhood and I've never had a problem getting getting from my house to anywhere I want to go.

R

Rainbo de Clown 03:40

Well my mother lives on those days. She's 70 years old. I wheeled her down the street in a wheelchair. No problem at

J

Jimmy Carper 03:48

all. Montrose is made for wheelchairs as a matter of fact,

R

Rainbo de Clown 03:53

on the streets, sidewalks are adorable. The sidewalk speaking as

♂

03:57

a disabled person. Yes.

J

Jimmy Carper 03:58

Yes. But it's a lot better than many other Oh, yeah.

04:01

Yeah. In a in a very big way. I mean,

Rainbo de Clown 04:05

there's a few things. What are some I know we covered this maybe a couple of weeks ago, but what does the street festival offer to the people in the Montrose from 100 block of Monaco of Westheimer to the 1100 block, I believe it and be as clean. Say hire people to clean the street once a day. Yep, you do away with that festival. You're going to depend on the city of Houston to clean that street. got around to intervention, you go down Avondale Street, in the middle of the week. Their Street is trashed up with papers and stuff like that. What's that other one? Just a couple of Mason road Mason Street. I mean, you'll see all those areas. Yeah, but you go down Westheimer it's clean at least once a day that street is clean, not LA. And the clean is Montrose

J Jimmy Carper 04:59

days. The year we're talking Yeah, because of the proceeds from the festival

05:04

and the cleanliness Avondale basin road and all these other streets on the outside, cleanest they are ever all day long or the first time they're ever clean altogether is after the street festival, you know, you say that right? Did I say it right? And

J Jimmy Carper 05:20

she said it said it right.

05:22

I mean that I mean it's just

J Jimmy Carper 05:25

yeah. Because from from all the emails that has been going on, covering it, and if you if you're out there or not enhancing that it's easy to do just go to one list.com Sign up for Hamnet, ha N dash N et

R Rainbo de Clown 05:40

right now, there was this car this there's this officer named Sergeant Vollard. He described the festival like this and this is in quotes. noxious as they can get intoxicated, loud, rude, disrespectful violent. There are some regular that walk around out there but there are 10

disrespectful, violent. There are some regular that walk around out there, but there are 100 people wearing snakes for every one of them. Oh, that's not I would like to ask you, Jimmy. We got different networks in this city. Channel 11. Channel 1312 39 When when they do the report about the festival. How do they report the festival? Very nice. They first people get their face. Belly painted. They don't show a riot. There isn't a bright show anything that is bad. No, because nothing bad handle what they would if they had a chance. And you know, I go to the festival

J Jimmy Carper 06:36

and you know and it's like, okay, maybe I see 10 snakes.

o 06:40

So what So what

B Bobby 06:41

So what none of them are poisonous and they don't

J Jimmy Carper 06:44

poop in your yard.

B Bobby 06:47

In the yard. So I guess for violent these people? I have. Yes. On occasion. There might be some some people who get a little bit too blasted and will pick a fight with each other. Oh, but that never happens on Fourth of July. Oh, that never happens any other day of the week in Montrose games.

J Jimmy Carper 07:09

Game that doesn't happen at the St. Patrick's Day parade.

o 07:13

No Irish man would ever know Irish man would get. No I read Jamie. There's no Irish man in this world.

o 07:20

No, no, they wouldn't get drunk and get into a fight

NO, NO, they wouldn't get drunk and get into a fight.

o

07:24

Man don't get drunk jammy Sorry, mom.

J

Jimmy Carper 07:29

We're talking about the festival. That's what happens and you go to the international all the festivals downtown that you have to pay five bucks to get into plus five bucks to park there selling beer all over the place. In fact, it's hard to find a coke for people like me who don't drink. But

B

Bobby 07:52

I know that feeling. Yeah, I understand that. Yes. You

R

Rainbo de Clown 07:55

remember when Bob Lanier was married? Just couple years ago? I do. He was at the festival. He said in the Ruggles restaurant window that's right a big metal watching the people have fun. Yeah, you think this city would allow a mayor to sit in a box seat right in front of West time or open window? I don't mean the window is has glass in front they took the window out so he could communicate with the people along the street. Do you think they would the city would allow a mayor to visualize an obnoxious as they can get intoxicated loud, rude, disrespectful, violent people? No.

J

Jimmy Carper 08:33

No because it does. It's not there. It's not there. And all the people you know and the other thing that they don't the one of the big points of the parade is showing off Montrose our diversity to the rest of the city. And the rest of the city has learned a lot just from coming to the festival. Seeing how people different types of people different kinds of people different races can get along right

o

09:02

what I'm telling you

o

09:03

for that one day out of the year people are getting a long

J

Jimmy Carper 09:06

two days to well for for both the

O

09:10

spring when the fall yeah

J

Jimmy Carper 09:11

two weekends a year.

R

Rainbo de Clown 09:13

Okay Jimmy when I do entertain out in the community I go outside this loop and I don't separate nosebleed I'm sorry people I wear mostly outrageous costumes sometimes I dress up as a woman yet girl. What do you want? Well, I dress up like a fairy and I entertain these families out there in copper field area and Sugar Land and I go here and I go there. And many times when I do this, they always talk about the street festival. They always love coming to the street festival just to see all the diversity a live type of diversity. Yeah, yes. Let me tell you Jimmy they do away with his festival. I'm gonna get a bunch of my friends get the TV Janet. So this world the way Do Chicago's and myself and everybody leather queens and everything and just go out to their festivals and crash their festivals. They don't allow us in there. Hey, we'll go to there and we'll go to St. Anne's we'll go the Mediterranean festival we'll go the Greek Festival. I mean

J

Jimmy Carper 10:14

normally when the Chicago you got to make it and then he

R

Rainbo de Clown 10:19

goes anywhere this is a festival like some people say this is a festival where many of us can feel comfortable. I feel comfortable wherever I go. But this is a festival that a lot of people that are

J

Jimmy Carper 10:31

like myself, you look for the outrageous,

R

Rainbo de Clown 10:34

.....

right is that is where bohemians, you know, I like that word. I know. You love it. But I don't know what else to do. I just know that. We have 10 days as possibly Monday. I think that's when they're getting the the official report from them. All about this. Really this was supposed to done. Let me tell you a little secret. Yeah. Last Friday, we were supposed to be notified about this. I was 15 days. That was 10 days. Yeah. But something happened. So I don't know which I don't know, what else do you want to talk about the festival? Well, I will say this, if you do join handed, I am printing up the document itself. I did part one till I got to page part two. And I tell everybody, I'd be coming back after I see Jimmy on after hours. And then I'm gonna continue it on and everything

J Jimmy Carper 11:39

like that. Roy has something to say. Yeah, go ahead. Before

R Roy McCarthy 11:42

we get in the calls on this subject. Here's what some of the callers are saying. I had one call is saying that the cops on the bikes have just as much fun as everyone else down their street festival. And not to mention the cops that are on walking. Also, during the festival, we have these pet comfort stations where pets get water and stuff and you don't see that at Fourth of July pray. That's true. You're right. Another caller said that some community member went around videotaping people peeing in yards and stuff specifically went around looking for that, to use that as evidence against the mark. They show that and then either meetings

12:28

did they have? Did they bring that to this? I will tell you I went to every hearing. There was no evidence of that presented at the hearing if it was if there was such an evidence like that it should have been shown Yes. And it'll be tell you one other thing. If you've got that person on film, guess what? You can take that person and have him jail. Yeah. I mean, that is a lewd behavior, whatever they I don't know what the law is. Ray Hill was here. He would tell me what it Ray Hill was here. He would tell me what law that was.

J Jimmy Carper 13:00

Yeah, he would know.

R Rainbo de Clown 13:01

And so I mean, all these people is talk about this urination and whatever. efficacious.

J Jimmy Carper 13:09

Whooping in yards is this deal? Which there's no lines at the Porta Potty. Hello? Right.

13:16

There's no lines at the Porta Potty. That's very correct. And I don't see. And we did not see any evidence that we asked them those nine hours, those three days bring us evidence. Nothing was brought officially to the hearing involving that. Another thing about the urination, let me tell you, what if they do this, if they do with this vessel because of urination in the yards and stuff like that. I think they should take down these urinals that they call bus stops all around the city because they use them for really, I mean, my one you can smell it when you walk in and there they were always talking about the buses and stuff. Go ahead.

R

Roy McCarthy 13:57

Here's where I believe that the complaints are coming from is all these new, overpriced

14:04

wafer board. You know.

R

Roy McCarthy 14:08

Real estate agents themselves have sold these people Oh, this is such a quiet neighborhood.

J

Jimmy Carper 14:16

There's no secret about what Montrose is and what Montrose represents and the people who live there. So

R

Rainbo de Clown 14:25

it never has been no, give a public announcement right now it's one on one.

J

Jimmy Carper 14:28

Yes, I know. You're listening to after hours queer radio with attitude on KPFT Houston and ke O 's College Station I'm Jimmy Carper Lexie Bowen is here and a bowtie clown Bobby is here. Big Roy alkies in the background Hello. And and people are calling. Talking about this. The number if you want to call is 713526 657385 to six KPFT ROI is running back so we can answer that phone

R

Rainbo de Clown 15:06

a Jimmy let's talk about that way those water board homes they call \$3 million water board townhomes

J Jimmy Carper 15:13

are now \$400,000

B Bobby 15:17

They're tearing down beautiful places that need that need repair in honor places that will be torn down in what? 1015 years

J Jimmy Carper 15:26

I lived at the on the corner of my limb and Rosedale for 26 years. My landlord sold the house it was a two story brick house corner lot and a cottage in the backyard where I lived. And he also had a garage with a with a one room and efficiency apartment above it. And he sold the place. Everything was torn down and five townhouses were built. Two of them had little tiny patios, three of them do not

16:08

how much? How much they were going for 50,000 and you could go to Cinco Ranch and have you a big yard and spend the same amount of money and just have a good old time not be a title area. But let me tell you about these wafer particle board homes with solid wood furniture in their house.

16:28

At least the woods are the least the furniture Israel.

16:30

You probably heard about spots park this week. Haven't you heard about that? Well, they talked let me tell you the non million dollar home owners that lived over there for years that have children and everything like that they tore up his spots Park. So they'd be so upscale. I'm describing it like I'm on TV again. But it's like so upscale. Had a ball field had a ball field, no ball field. And guess what the kids have no place to go. till late at night. I saw this on one of the network shows, ABC, NBC or CBS, you know, channel 11 or 13. And I saw it. Uh huh. Our playgrounds are going to be next year.

J Jimmy Carper 17:10

The one thing that I have always loved that I've lived here since 1966. It's the amount of green that we have. Not not well and it's getting to be bad and you know, it's we have small pocket parks. And I hope they remained so But what was so wonderful about the Montrose is that people had yards and big, huge 50 year old oak trees. Yeah, these things. Yeah, were going down. Like where I lived, where I lived. There were 40 year old magnolia trees, two of them. A couple of pine trees about that age to all gone.

R

Rainbo de Clown 17:44

And there's just one intervener I won't name her name on the air, I guess. But she loved she loves her home. She lives in a gated home. I wish most of them do. But yeah, to put

o

17:55

them in something. I'd like to put them in something.

R

Rainbo de Clown 17:59

This is one thing I would just love to do is live in a gated home if I wanted to live in a gated home I live in Huntsville, Texas.

J

Jimmy Carper 18:12

No, no. And this is what it is. This is this is the thinking behind it. And it may be a little bit subtle. It may be it may be very obvious to you. But the gated community means we're better than everybody else. And we won't we won't let

o

18:28

you in. It's all status. It's all status. It's all it is.

J

Jimmy Carper 18:32

And all they they've got these huge houses right next to each other it's like living in the apartment complex anyway, except that they happen to be

o

18:42

like those maybe that guy that used to sell apartments down in Gulf that area. Hey, you get a free couch and video. Oh, yes. When they were going What was that guy's name? And guess what happened to them? They went downhill. You know, there are communities in like, Midtown. In the old days. Midtown used to be I mean, the old old days, Midtown was an upscale type. And then they all moved out and it went downhill. Same thing could happen here.

J Jimmy Carper 19:12

And it will it will that stock market comes crashing down. On a watch out. We've got instant tenements,

B Bobby 19:20

you know that you mentioned where you mentioned them cutting down trees and stuff in this neighborhood. Yes, one of the things I used to love to do is go to some of the spots where some of these trees which were planted god knows how long ago have got these massive roots. I mean, beautiful. I mean their roots that spread as wide as the as the length of a car, you know, and and just to sit under those places. And the idea that someday somebody is going to come along and knock those things down for the sake of putting up these things. weights are born. And you know, and you know that things started. That whole thing started with that. Things like that building that's on Montrose. Just right up the block from the Lofton home place. It's a big white and black with black stripes through the middle building and each one of the balconies is a different color.

J Jimmy Carper 20:26

Oh, yes, yes, yes, yes, yes.

B Bobby 20:28

I had started with that and it has progressed to this nightmare. They tore down a building that I love a house that I love

J Jimmy Carper 20:38

it. Let's see if we can do this. On the air. Yeah, I got it. Where do you go? No, no, he's here. Oh, he's here. Come on. I think it was just called in and said that. Oh. Oh, call us at the names Michael pollack.

R Roy McCarthy 21:00

We're looking forward. Michael Pollan.

J Jimmy Carper 21:03

He's the one who was selling the condos and golf. Oh, okay.

21:06

Okay. Oh,

Rainbo de Clown 21:08

do you remember that? That was like 10 Yeah, it's been a while really about 15 years ago that guy was out he was all he was like mattress smack on every one mattress back wasn't on this guy was on and he was carrying furniture and all this stuff and the bubbles to carry out and he'd be writing the thing and videos and he'll come on down. What happened to that apartment? Downhill I think it did more than just went away permanently. Now those were the days now that's history is that I'm telling but Montrose are slowly disappearing. It really really are we gonna go do we need a Moses to take us to the next Promised Land? Oak Forest inside oak forest 34th and 34th Street Antoine wait I guarantee one of these days we're going you know our parade we might may one day changed and go down Antoine. Really think so. What do you think 1960 We got a crowd up there. Yeah, hey, well, lots of hotels, lots of restaurants. Lots of air the airport areas very happy and lots of gays work up there the hospitals and stuff like 1960 The Gay Lesbian pride parade going down night in a traffic bad now

Bobby 22:40

I even got into an into what was basically a heated discussion with some guy on New Year's Eve about this neighborhood about all these townhomes and things going up and the changes and all of this and he was trying to convince me that it's just because we're afraid of change. No no. This is not about being afraid of change. This is about changing to the point where we forget yes what was and bulldoze what was for for the for these buildings that aren't worth the materials they're made I

J Jimmy Carper 23:22

would say that the Montrose area has over the years have has changed much much more than probably any other area in the city you other areas that suburban areas you have a bunch of homes they stay that way in Montrose something is always happening somebody's building something store comes in this comes in that comes in it's constant I always used to be that

Bobby 23:51

the stores would go into the old buildings come in and out of the buildings which were already stand Yeah, you know that the storefronts would change but these buildings that have been here for 50 years or more

Rainbo de Clown 24:08

well you know the the homes that are built with the four by eight particle wafer board sounds good. Whatever kind of wood it is. It's not like the little houses ticky tacky okay, it's not made out of the plywood know the thick three

out of the plywood know the thick three.

J Jimmy Carper 24:31

Press board or board Okay, the

♀ 24:33

present board pressboard homes with solid wood wood furniture. Yeah, but pressboard and all that kind of stuff. They used to use that about 20 years ago. In fact, my home is made out of that stuff with mobile homes. Mobile homes. Yes. And you know what, we know what people don't like it. Oh, it just it just falls apart and everything like that. In fact, the particle board does yes and falls apart gets a little bit

J Jimmy Carper 24:59

a little bit. Oh, geez, there's dampness in Houston.

♀ 25:05

That's call humidity. Yeah. But anyway, how

J Jimmy Carper 25:09

do we how did we get here? We're talking, we're talking about the parade. And we ended up where? Well, it's

B Bobby 25:15

all about the changes that changes. Yes, it is. This is about the changes that have gone on in this neighborhood.

J Jimmy Carper 25:22

Well, and the I love the changes. You know, I'm not too thrilled about all of the townhomes. I wish there wasn't but it's the thing that irritates me is this denial of the permit? Because that takes away personal expression and freedom. That's the way I look at it. Exactly.

R Rainbo de Clown 25:42

Right. And there's so many I tell you if, if they gave the permit to the Gay Pride committee for the parade, oh, I'm telling you, that affects the gay lesbian, bisexual, transgender people.

That's one segment of the Bohemian, right and you deny it to the rest of the Bohemian family. I tell you what all you heterosexual is out there that love to come to the festival. You tell them it's not fair. It's not fair at all. That one group gets to have an overflow of people. We have 53 claim to have 50,000 people at our parade. And we claim to have 50,000 people at 140 I would say 3040 50,000 at the festival at one time. It's a double standard. Do you allow one group? You don't allow the other group? I'm sorry, I know and you know it Hey, one on one gotta tell you tell. Your friend said call the mayor and city council

J

Jimmy Carper 26:38

and protest this thing? Because I'm thinking about the Pride Parade. It's gonna come and the way it's set up is that streets are blocked off. Lots of streets are blocked off during the they're in the morning in the afternoon of that of the parade day because the floats and the people gathering and

R

Rainbo de Clown 27:00

we're in there's cars were in people's neighborhoods at six o'clock at night. Yes. Setting up that's when we are supposed to get there. Nine o'clock. The parade starts by the time we're out of there if 11 o'clock at night. Yeah, we're in the bars at 11 o'clock till two o'clock. Maybe if we have after hours. We are there till daybreak. I can.

J

Jimmy Carper 27:20

I can see many more people in neighborhoods for the Pride Parade than I can for the West. What if a mile long, weird? That scares me because of this permit is denied. Then what happens to the Pride Parade?

R

Rainbo de Clown 27:33

Exactly. You're talking about a difference of different difference of distance. The parade is a mile long. Way down there and

J

Jimmy Carper 27:40

yeah, who drew

R

Rainbo de Clown 27:42

the the festival is six blocks six?

J

Jimmy Carper 27:45

.....

Well, from the 100 block to the 1100 block about 10 blocks, but their long block numbering is really,

R Rainbo de Clown 27:52

really, we started about the 200 300 block is where they were really started. Okay,

J Jimmy Carper 27:56

from Michelangelo's. That's true. There's not much on Michael,

∅ 28:02

let me tell you about Michelangelo's if you want to eat at Michelangelo's you have no problem getting in there because they allow you in there. Do you have reservations? Or if you say you're going to Michelangelo's they let you go in some of

B Bobby 28:13

those restaurants are during Yes, most of them are

J Jimmy Carper 28:17

posted them are Yeah. And I don't get I don't understand businesses not wanting it because God you can sell out.

∅ 28:25

You know how to market

J Jimmy Carper 28:27

I don't get it. I don't get it. Anyway, it's coming up to the end of the segment time for the news and I wanted to call your congress

∅ 28:33

or your council person and your mayor,

J Jimmy Carper 28:37

I have a special piece of music I wanted to play because we were talking about freedoms and freedom of expression. Many, many years ago, the originator of this show buddy Johnston was put I like put together

28:53

is happy about this.

J Jimmy Carper 28:54

Yeah. It's a song called coming out of hiding. And he put all kinds of little things in there. You know, Martin Luther King and Harvey Milk and all kinds of things in there. So it's a little bit of gay history. Right here in six and a half. Jamie. I wanted to talk about this anyway. Okay. And we would have not tonight it would have been next week. So I'm happy to do it. You're listening to after hours on KPFT Houston and ke O 's College Station. We'll we'll be back

29:39

both Mayor Moscone and supervisor Harvey Milk have been shot and killed repeating we're not in Kansas anymore.

[Music] 30:43

We must destroy the myth Swinson for shattered. We must continue to speak out. And most importantly, most importantly, every gay person must come out come on out You must tell your immediate family, you must tell your relatives, you must tell your friends if indeed they are your friends, you must tell your neighbors you must tell the people you work with. You must tell the people in the stories you shopping once they realize that we are indeed their children, and we are indeed everywhere, every myth, every lie every innuendo will be destroyed once and I asked I asked people in this country to do one thing come out come out America

J Jimmy Carper 32:30

I'm glad I paid played this piece but there's another piece that's even more important for what we've been talking about. And we're because we're talking about personal expressions and personal freedoms. And this is a Houston poet who tells it exactly like it is. Boots are being polished, trumpeters clean their horns, chains and locks forged the crusade has begun. Once again flags of Christ are unfurled in the dawn and cries of soul saviors sing apocalyptic on airwaves. Citizens good citizens all parade into voting booths and in self righteous saying to the ex away our right to life. I do not believe at some that the vote is an end. I fear even more. It is just a beginning. So I must make assessment. Look to you and ask Where will you be when they come? They will not come a mob rolling through the streets but quickly and quietly move into our homes to remove the evil the queerness the faggotry from their myths, they will not come cold and brown and swastikas are buried and chest heavy with gleaming crosses the time and need for such Rousses are over. They will come in business suits to buy your homes and bring

bodies to fill your jobs. They will come and robes to rehabilitate and white coats to subjugate and where will you be when they come? Where will we all be when they come and they will come? They will come because we are defined as opposite, perverse, and we are perverse. Every time we watched a queer hassled in the streets and said nothing. It was an act of perversion. Every time we lied about the boyfriend or girlfriend at coffee break, it was an act of perversion. Every time we heard I don't mind gays, but why must they be blatant? And said nothing. It was an act of perversion. Every time we let a lesbian mother lose her child and did not fill the courtrooms. It was an act of perversion. Every time we let straights make out in our bars by we couldn't touch because of the laws. It was an act of perversion. Every time we put on the proper clothes to go to the family wedding and left our lovers at home. It was an act of perversion. Every time we heard who I go to bed with it's my personal choice. It's personal, not political, and said nothing. It was an act of perversion. Every time we let straight relatives bury our dead and push our lovers away. It was an act of perversion, and they will come for the perverts. And it won't matter if you're homosexual, not a faggot, lesbian, not a dyke. Gay, not queer. It won't matter if you own your own business having a job or on SSI. It won't matter if you're black, Chicano, Native American, Asian or white. It won't matter if you're from New York or Los Angeles, Galveston or Sioux Falls. It won't matter if you're Butch or FIM not into roles monogamous non monogamous. It won't matter if you're a Catholic, Baptist, atheist Jewish or MCC, they will come they will come to the cities and to the land to your front rooms and in your closets. They will come from the perverts and where will you be when they come? Bye bye bye bye. And I'm here playing that music and just talking to Rainbow when they're sitting in there wondering why I haven't turned their mics on yet. Welcome everybody to after hours news and views. Oh no, I'm that's your line, isn't it?
