00:59

our souls going for these days

01:01

by about nine inches

c Chris Harrison 01:07

I don't think I can come up with this okay, I got a good ask the religious right how much a soul was going for?

01:19

We look if we look at them, they'll kill us and tell God that we died. Yeah.

J Jimmy Carper 01:27

Me swagger. We have a special announcement. Need to interrupt this? What's your regular programming schedule? And Roberts got it. But so special about the pearls?

01:41

Well, let's see, we're not going to talk about pearls. Actually, we're going to talk about one of our own who's ill and in the hospital, who's that seven years running Miss black gay Houston, Tiffany Brooks, is in the hospital on the hill. And her aunt Jackie has asked that we make a shout out, keep her in our prayers. And, you know, pass along our good wishes, and well wishes. And I of course said we'd be more than happy to do so your bad. But he also said that she wanted to say thank you, to all of us here at KPFT. For the last four months, every Saturday night, Sunday morning, religiously. She has been listening to our show because there's a lady at work, who has the station tuned in. And she wants to say thank you to everybody on the roundtable as well as anybody else who's affiliated with the show for providing entertainment, education, and everything else that we do for that is so cool. Thank you. Best wishes and best wishes.

02:52

I really hope you have an expedient recovery. That's

J Jimmy Carper 02:55

right. You will be in our prayers.

c

Chris Harrison 03:00

I wanted to talk about this. Yahoo. Whoever was with the MBB letters. Yes. I'm not sure. I wanted to talk about this one yahoo group. The stupid internet connection is slow. No, it's keeps crapping out on me. I found this through one of my special Yahoo groups I go through for it to me. It is the American anti gay agenda yahoo group. It is. Let me see if I can get to it. I don't know what's going on even try rebooting the computer in anti K if you have if you go to Yahoo groups, it's America underscore anti dash gay underscore agenda. When I joined us about as when I joined

o

03:54

then valid as the Log Cabin Republicans. Well,

o

03:58

here's the thank you for that. Scott.

c

Chris Harrison 03:59

Here's the funny thing about it is that when I first found out about the group, I thought, you know, I'm curious enough I signed in. I was number 40 registering in this group that's been active since January. My that evening, it was up to 68 people hitting and all of them were gay. Yes, got passed around through different gay groups. And basically, you know, the one I got it from was a stoner gay group. And I've seen

o

04:36

this I've seen you laugh I've seen this.

c

Chris Harrison 04:39

Yeah, you know, this is a this is a this is the kind of this is this is a gay yahoo group that you know, Jimmy could sit down with Dean Becker and watch because you know, as you know, the picture comes up for Jimmy you know, update shows a marijuana bud plant for Dean so you know, finally Jimmy, there's porn that you and Dean can share. Are

o

05:01

you cannot get up and wet over some sticky bud.

o

05:03

I have a question. I have a question. What is our agenda? Is it because I'm under 18? That I haven't gotten this yet? I hear about the Gay Agenda is it like showtune? Set nine and then punch at 1030? I mean

 **Bobby 05:21**

you missed a shopping I don't understand because you know, I don't understand this. Okay. In order to have an agenda doesn't that mean people have to get organized?

 05:32

Have you ever seen how late the pride parade starts

 05:35

at bingo?

 **Chris Harrison 05:38**

One thing is this I've always thought we know we keep talking about this gauge and this gauge and I want to come up with a Franklin planner style set up for for queers. You know, we'll do one an all leather with studs on the cover will be the leather daddy one, a denim covered one with a T shirt top. Their little pink paper? Yeah, that'd be the gay agenda. We'll make one for twinks

 06:00

where you can store you're gonna have to come up with a whole bunch of different schemes because you can't get queers to. Oh, no, there's

 **Bobby 06:06**

gonna be you'll have to get one with like a name brand thing on it and a little pocket for the math and, you know,

 06:13

it'll say A and F on it for gaming. And have the caller popped up there he went there, okay.

 06:27

I don't know. But But what is an anti gay agenda? Is that like, well,

♂

06:32

if you're against the Gay Agenda, well,

B

Bobby 06:34

you know how the government's been working for the last 100 years. There it is. Well,

♂

06:40

I saw a gay person's to do list one time and it looked a lot like mine

♂

06:45

you know, except for hers was his and you know, as

B

Bobby 06:49

somebody once said, we all go to we go shopping we go to work yes, we live the gay lifestyle.

C

Chris Harrison 06:58

Yes, his includes gelling product in the hair from back to front and then, you know, the 400 Bracelets

♂

07:06

into the just hope it's not a real one because there aren't good people.

♂

07:12

Well, it's just like, it's just like, you know, Starbucks gay. People are supposed to have lots of money. When do Merlyn and I get our checks in the mail? Right? I think Well, I think Marlon and I are proof that not all gay people have a lot of money.

C

Chris Harrison 07:24

Well, oh, they always borrow money from me. We're not having to pay for children to go through school. Taping right. Typically,

07:36

and not normally cost a lot of money not. Hurry.

07:38

Okay. Kids. Let us adopt and we'll be grateful to pay for your illegitimate children.

Bobby 07:44

You know, if all gay people are making so much money then how come I recently had a pink bill from the electric company wanting to shut my lights off? That's because it's weird.

07:59

If you'd quit paying all those expensive cover charges to get into the gay bars, you wouldn't have that problem.

08:07

The last time I was in a bar test okay, why

08:16

don't we take a step out here king of pink? Actually, I think at my school gang. The spelling of gang has been spelled to gay ng because I was informed Friday that pink is now a gang color. Yeah, no doubt, man. It's like this. Thugs wearing

08:30

pink shirt Pete do rag now. Hooper's gonna come with their platinum pink collection. That's hot.

08:38

I was super good. I wear blue and all these girls are like, Oh, you must be gay.

08:44

Like I'm wearing blue. Blue is the new pink. Okay, who's

 Chris Harrison 08:47

clicking? What? parently

 08:48

are clicking a lighter? I'm sorry.

 08:53

You know, playing

 Chris Harrison 08:54

with a Zippo play with the zipper. Me

 08:57

and my friends had gay on lockdown. It was the pink posse. That was hard gay gang.

 09:03

Hey, man. Well the Pink Panthers years ago used to be a gay skinhead group that were white Doc Martens with pink laces and purple suspenders.

 09:11

I don't understand gay skin. What

 Bobby 09:14

is it? Like the big dog of again? What did they call that? Oh, wow. No. Does that make Jimmy our hold on stop?

 Chris Harrison 09:26

One of the time Bobby's talking. I can hear every other conversation in the room. So yes, keep it down in the background. Yes, Daddy. Yes. Dad crack the whip. The people would enjoy it too much and have to mop the floor up afterwards.

09:40

Yeah, we'll get to it get the whip after.

Bobby 09:45

Whatever they call like the chief, the big dog of a gang. Would that and if pink is a gang color. Would that make Jimmy our gang leader? Yeah, would that you know because you know, yeah, this is my fav are

10:02

just pink on the inside

10:06

I mean I'm still trying to figure out whether or not Jimmy wears the same shirt all the time or just owns lots of shirt to the same color 500

Bobby 10:13

of them have the same color. They're

10:16

all the same shade faded pink those are 18

10:19

pink shirts. Not

10:21

not one not 19 Summer no Marlin

Bobby 10:24

not including blue not including the the one where I simply describe it as the the shirt that some satellite dish is missing its outer skin on the one that he wears for the Pride Parade the sparkly

10:42

see from the depths of his gay hell at midnight.

10:48

Look like Outland without any twinks and landwind No crystal man no gay

10:56

Okay, live a personal problem

Chris Harrison 11:03

we're gonna play some music now.

11:04

Promises promises.

Chris Harrison 11:07

They're shut everyone else's mic down. All right, I'm gonna play some music because this song has been stuck in my head all week. And it's weird walking through a grocery store singing this. So Honey, if you're going to flash you're gonna have to flash more than just that.

11:25

So we're dal yanking on what

Chris Harrison 11:30

the bootlickers I just did your boyfriend will be back. I guess. brightened moments will be. Twos songs that, you know, kind of shifted to two gears too fast there, sir with the bootlickers and then went on to martyrs and monsters and that. Martyrs the monsters is by Justin Tranter. bootlickers, which I just did your boyfriend. Like I said, for some reason that song just been going through my head this past week. And if

12:10

you hear them on, if you can't hear them on broadcast TV, that's not to.

 Chris Harrison 12:15

Yeah, okay. Do I need to turn off your mics if you guys are discussing things? Okay. You're on? Yeah, yes, we are. Yeah. Foolishly turned your mics back on.

 12:24

Thank you Maj.

 Chris Harrison 12:28

Okay, let's see. Oh, I know where I need to go. Margaret, we need to have some. I remember there was some good news articles on the official news service. Right of the after hours news and views magazine after news views roundtable or whatever. We call this thing as dirty, rotten. Daily. rotten.com. They had some cute little stories. I know we thought we had to do. That's Can I checked out? She's

 13:02

talking about factcheck.com Fact.

 Chris Harrison 13:04

Go ahead. Oh, yeah. That's a little political stuff there. That's

 13:09

this is my field of expertise. During Tuesday night's vice presidential debate. More Cheney was defending his Halliburton record. He deferred everyone to a website that he said was factcheck.com. The website is actually factcheck.org which claims to have never defended anything about Halliburton. And they're a nonpartisan fact, checking website, obviously. However, factcheck.com, which he told basically 62 million people to go to, then you were then deferred to a totally anti Bush website.

 Chris Harrison 13:51

But what happened was, there was some company offshore that they, you know, they start getting flooded with things and you know, their server couldn't handle it. So they just routed their stuff over to a George Soros website. And, you know, he got flooded with millions of things. And it's like, an interesting way to screw up here. Here's a funny here's an interesting little tidbit. Let's go to the rotten way of explaining it. Pennsylvania lawmaker calls GOP

opponents faggots. So Senator Vince Fumo is opened and issued an open apology yesterday to the gay community for his use of the word faggot in a name calling tirade on the State Senate floor on Wednesday.

14:37

I look nothing like a burning I look nothing like a burning hamburger. So yeah, I don't I don't get offended at that term. Yes,

c Chris Harrison 14:44

but you do kind of resemble a meat a meat ball that's been steamed in beer

14:49

 16:27

how do you feel in your heart to feel in your ass towards

 16:30

gays?

 16:39

I don't know sounds like Rough Trade terminology to me.

 16:43

Yeah. I was just so hot when somebody screams faggot from the other side of a trailer park bathroom stall

 16:56

day I don't know I kind of like it when they scream faggot from the foot of my bed. An orange jumpsuit a Republican candidate for I guess it was for some kind of Senator. US rep position. North I forget which state is claiming now that homosexuals should not be allowed to teach in public schools.

Chris Harrison 17:44

Okay. Next wonderful topic. Gay cannibal fat is finally catching on in Germany. Gay cannibal.

17:53

Sad. Sad. Yes, fad. Okay, so there's a group of gay people eating each other.

18:00

I always thought eating out was a euphemism.

18:05

That's how Rosie O'Donnell celebrated when she got married.

c

Chris Harrison 18:12

We're talking about killing someone and bon appetit angrier we get Oh, yeah. Yeah, Jeffrey Dahmer. I know. Hey, you know, for years I really had a I really had an appreciation for Jeffrey Dahmer because you know, he had friends over for dinner and they stayed the night. Exactly. I love the look on their look to me like

o

18:40

buried the bones every time you go away.dot.de later when you leave a piece of them somewhere.

o

18:47

Okay, okay, here's just like to eat your liver with adult candy.

c

Chris Harrison 18:55

All right, here's the good. Here's the good one here. Fort Lauderdale working to drive faggots insane. A Tennessee man accused of sending powder laced envelopes to Broward County cities was convinced Fort Lauderdale police transplanted mind control devices in days to help authorities find drug dealers. According to the man's weekly newsletter. FBI agents arrested Dane swindle at his Memphis Tennessee home Friday and charged with a sending a bomb threat letters to eight Fort Lauderdale area elementary schools in August and September if the schools opened election polling places Swindell claimed he was outfitted with a transmitter around October 2002. And the police were trying to drive him crazy for the last 18 months. However, record show he's never been arrested.

o

19:51

That's true. Well after doing that much meth he should have been arrested. Damn, twin del EUSA oramorph We're on.

o

20:00

We're just thing I've heard all day. No doubt.

o

20:03

I don't know I'm back at the gay cannibals. I want to hear more about eating and

c

Chris Harrison 20:09

— there's a lot of stuff lately. It sounds

20:11

like he shifts his brains out in the toilet every night.

20:15

Watch out for the brown word on air.

Chris Harrison 20:20

The the gay, the gay cannibal thing. It's, it's there. Just recently in Germany, a man was actually exonerated, because he found someone online who wanted to be killed and eaten. And this guy obliged. Wow. And so you know, as we say, on the internet, you'll

20:39

cannibalize the wheeling he must have been on Yahoo. Okay, I think that's the only way.

Chris Harrison 20:43

If you're someone who likes to get sodomized by glass doorknobs you're gonna find someone on the internet who likes to sell you that doorknob. And in Germany, you know, supposedly it's a big thing coming up here. Wow. Oh, here, okay. Here's just

21:00

it's such a wonderful thing to shake a little basil on their chest and say bam. Like, I think I might be related to a German foreign star. She has the same last name as me. Oh, that's never happened before.

Chris Harrison 21:15

Okay, all right. We are getting very close to the end of the show.

21:20

And Jimmy has to be able to read them on

c

Chris Harrison 21:23

All right, so no, shout outs final words. Final thoughts. dirty pictures. A master Oh, hi, Saul. Hi
