Oh yes, you've tuned into after hours queer radio with attitude right here on KPFT Houston 90.1 FM. The crew of after hours is ready to bring you news interviews, dialogue and music geared for gay, lesbian, bisexual and transgender people and their friends. Hear it after hours, we may be diverse, but we have one thing in common. We are all out of the closet and urge everyone to come out of their classes. That means standing up for yourself taking responsibility for your own life, and being proud of who you are. Realistically, we know not everyone can do that because of age job or frame of mind. That's okay, we're here for you too. So sit back, relax, and enjoy this week's edition of after hours.

01:49

Hello, Houston and college station and welcome to after hours queer radio with attitude. And welcome to the May 15 edition. Pay back. Wait a minute here. I went. This is Julian Jim's night. What's going on here?

02:10

Julian Jim? Yeah. Who's Julian Jim? Well?

02:15

Yes. I don't think so. Okay, let's try that one.

02:18

I can't hear me. Maybe my air. My headsets not on. Okay. Whoo. Oh, well, whatever. Well, I'm scheduling. Jim and Jill thought here. And Jim's not here, Jim. I don't know. Hello,

02:31

what? I'm here.

02:33

I'm here. Jim zero.

02:35

He's here. And Peter's here with your

02:38

leader and Peters off a week? Well, he has been off a lot. Peter hasn't been off in a long time to be exactly.

02:48

How are you in here? What's going on? I don't know. You've been out of town. So you're all kinds

02:53

of Well, I was out of town. I was gonna call in and do a radio spot from Detroit during my last show, but I should have been here but they did this. In you didn't do an interview, didn't you? Yes. With the last gym did the interview with the last session people?

03:07

Yes, indeed.

03:08

How was that?

03:10

It was very interesting about the the Little Theater under the stairs or whatever it is.

03:17

Theater down under. Down there. This new play that everybody's screaming about which is a

theater down under. Down there. This new play that everybody's screaming about which is a cross between ages of America and rent. So they say very uplifting, not one of those horrible,

03:33

but it's about a guy's going to kill himself. Well,

03:36

no, but it's about a guy who's going to make a last recording a song. And he invites his backup group in to do his last song. And one of the backup group can't make it so they send in this right wing Christian person and they end up with this fabulous discussion and a great amount of comedy from what I hear. And it's not one of those depressing, depressing eight shows. It's really kind of fun. And by the way, in just in case it's since it's been going on and gotten rave reviews. Various Oh II flag and this one and that one are all putting on benefits for this thing. And Stephens House is doing a benefit like next Sunday the

04:19

benefit oh really

04:21

well for the play the plan out the theater, and they're inviting people to come and do it and Stephens house is smart enough. They're selling it for the same price that theater tickets are rather than trying to make a killing. Oh, good point. Yeah, good point. And then you know, have wine and beer and cheese and this and that. Yeah. And so they're gonna do that in the 23rd. So if anybody would like a ticket to that they can call 713-522-5757 and get a ticket to this wonderful play. So you did the interview. How'd you think of when

04:51

it went? Well, they talked Oh, geez. Well, it was the half hour or so or a little more. But yeah, it was.

04:59

Oh yeah, there were injured. sting.

05:01

Yeah, play is supposed to be very, very good. I've heard rave reviews. And I've seen I've talked to some people that saw it, they said it was really kind of good. It was very uplifting and blah, blah, blah, blah. Cathartic cool. Anyway, anyway, either

bian, bian, bian. So that's cool. Anyway, anyway, either.

05:14

Hold on, hold on, hold on hold. Before we go any further, you know, now that we're doing, you're opening our show a little bit differently differently after remember that I have to talk about the music. Talk about the very beginning of the show that the last piece you heard was a piece that we played, Gosh, 10 years ago? No, right here. It's called people like us. And it's by an artist named Curtis staggers. Now I do not know the sexuality or the orientation of this man. But in this in this song, he's talking about, you know, how people how society doesn't believe people like us deserve to love. And, Andy Yeah, and throughout the whole meet throughout the whole CD, it's gender nonspecific. So you don't know if he's talking about a man or a woman. And so I really liked that. We played it many, many times. And what brought it to mind is that he has a new single out that I'll be playing later on in the show called to be loved and it talks about gender, and what society expects of boys and expects of girls and how that's really screwed up. And before that probably is good. There you go. Yes. And before that, we had Nedra Johnson, who led natural Johnson who has a CD out and and was a an entrance and the glamour awards, and that was her song testify, which I think is just really, really good.

06:54

It's good. Yeah, that's good. Okay, so

06:56

we will be playing queer music throughout the show.

07:00

There's two people Oh my god. There's two people outside of the theater that have just shown their booty. They are doing their butt. Oh my god, there's somebody out in front. Now we've got to tell you to do you know what today people have shown us their weed through the window and their booties. Oh my God. I'm

07:26

telling you today show I am telling you.

07:31

Oh, and having a Barbie slide a shirt and maybe the pull down their panties. Oh in there to emulate a simulation that we can live with. You know what? This is the leftovers tonight of the crew of Olympus party. The st. Dymphna party I'm telling you now. Matron of mental illness insane in the Catholic Church of mental illness and

08:00

if there was ever a group that needed that if there

08:03

was ever a group that needed mental health and mental illness now there are leftovers from that group. I think they are showing their hoodies Yes. Or whatever. Imagine if we were in New York on radio live on the streets of New York City. Flash like that

08:21

like they do for today's show. Yeah, we just saw from the today non telling you who said like have a fun time in the KPFT parking lot.

08:35

Harry booty or two and some whatever.

08:37

No, I thought that was really kind of nice.

08:41

I think I know these people

08:45

know names I take names but

08:47

let me tell you let me see. How do I say this isn't coffee to me or me?

08:55

These are two people with penises. Two people with penis yesterday with one we know for sure.

09:01

Yes. When I recognize all we know if you want to fly TWA you may see it again. Anyway. That narrows it down. All let's see was that a commercial break? Let me know. Olympus through this fabulous. Fabulous to die for ya den for party. Now say 10 foot in the tradition that's going on and Mardi Gras all over the place tonight. Say Dan Fran is the patron saint of mental illness. Well,

09:30

I can think of no other

09:32

really libations and drinks galore. And everybody had obviously way too much to drink and a really good time. And they came out and now they're showing me a little private bed in the parking lot.

09:46

They weren't that little no large

09:49

manufacturing we kind of like that. They

09:52

have so in honor of this of the patron saint of mental illness you killed a bunch of brain cells. Hey, no Yeah, sounds good. sacrifice some brain cells to be.

10:05

There you go. We

10:05

did the Patriots.

10:09

We did that. And so we have these two wild and wonderful, wild cruel.

10:16

people with penises do not want to chat on the air.

10:19

I don't know, do they do do the penises chat on the air?

10:25

We had a very large time. People had a large time. People that were there was like a Mardi Gras. So tell me a little Memphis is a very Mardi Gras. Tell

10:34

me about the patio? Well,

10:37

you know the insurance though. Oh, not quite like the new venture and under new management, I might wait.

10:44

Now it's kind of now it's back to venture

10:47

is back to being

10:48

owned by the same man who owns pecks. Pan Galveston, yes. Rex says in Joris Anyway, yes. So we had this wonderful time and just like Mardi Gras on

11:06

there was that we're doing wrapping be

11:08

wrapping around in gorge to mething needling

11:15

to maisons parts of art

11:19

or getting educated to use in public and they found out that we can wrap beads around and then gorged and tingling organ and there were those things going on and there was drinking it was music and there was food

11:32

and there was a there's always food and it was

11:34

a wonderful time funk lots of food lots of things it was wonderful. It was a we had a great time

11:41

well bro and the crew really I mean you're talking about the crew having a fun time but really working fast off and raises lots of money for this community lots and lots of lots of money as and and I have thanked them many times before from the game lesbian switchboard because we got 4000 Biruni

12:27

A lot of them are big girls and then there's some of us that are really cute. Oh, anyway. So we when we

12:33

are not talking about your high

12:35

when I mean we're not talking about your bad girl.

12:40

And speaking of raising money

12:43

and speaking of

12:43

raising money laying home on the on the veranda Yeah, I'm sure you know she's laying laying out and I saw her just face recently.

12:52

No kidding

12:53

stop. Well, she

12:54

did a great number at the President's

12:57

did do a number right before her number two. Oh, I bet she I hate to talk about it on the air. But she did do a little thing prior to her number. I see. You see when you didn't see but I started putting on her lipstick all over again. It was a little smear. Smear. Test the hair. Anyway. Famous drag queen mind. Oh, testing. That's right.

Gandhi remember Gandhi from the Manchester. As you know, he walked barefoot most of the time, which produced an impressive set of calluses on his feet. He also ate very little, which made him rather frail. And with his odd diet he suffered from bad breath. Do you know what that made him

32:30

disgusting to make out with what are you ready?

32:34

As super calloused, fragile mystic plagued with halitosis oh
