SUMMARY KEYWORDS

people, gay, lesbian, houston, starting, chris, friends, pm, jimmy, awarding, hate crimes, coffee, roy, education, call, year, jason, minutes, organization, gay men's chorus

00:01

The Attitude here toward gay people is negative and violent. In the free world, it is different and I am open with my sexuality. I have an eight year sentence and have a year and a half to go. I've been listening to your show after hours for four years now. I also listened to lesbian and gay voices as well. I really love your show. It's the only source as to what is happening in the gay community. It also gives insight on issues pertaining to gays and lesbians. I have also learned a lot about transgendered people as well, by listening to you. I'm very isolated in my thoughts, I have no one to talk to, or to confide in. And if it were not for your show, I would be totally isolated. I am very alone and confused. At this time, I am sure of my sexual identity. But I'm not sure where to go from here. There's not a lot of ways to express myself in the penitentiary. I am constantly exposed to racists, such as the Aryan Nation, and other gangs, I have to listen to derogatory remarks about gay people. These people just don't understand. They don't know how it feels to be gay to be different. Your show is a relief for me. It's a way into another reality. You make me happy you make me laugh. All of you are so funny. You guys crack me up, especially big Roy, I appreciate all of you for what you want you do. And you do so much for the community Keep up the good work, I'm going to ask for two big favors. Number one is I need a pen pal who is gay, and who would not mind writing someone in prison? I will enclose My name inmate number and address in this letter. Number two is I have no gay literature available to me and don't have access to any. Mainly I don't have any addresses to write for free publications such as the voice triangle and the twit. I know these three publications are free. So could you provide me with their addresses? Now I can do that. But I don't know that the prison system allows any of those. Any of those publications in the system?

02:21

I think the only way that from what I've heard is that you can get some you can get magazines or anything really sent to you like that. It has to come directly from the distributor or the publisher. And if you do that, and you get a subscription to that you can get a subscription to the twit to the voice to the triangle. But most instances, it's not free. You have to pay for the postage. So well,

02:41

since this since this is a guy in prison. Maybe they can waive that. I don't know. We'll see. We'll see. Yeah, you see, yeah, yeah, yeah. So if anyone out there would like to write to this guy,

see. yean, we can only ask. yean, right. So if anyone out there would like to write to this guy. Hey, give us a call. We've got the information here. Another inmate who writes to me in his last letter said that this this guy would be writing and so it's you know, a friend of a friend kind of thing and hope we get a bite on that. And yes I was going with that.

03:25

I guess I'm glad that I couldn't see Peter there when you made that comment. Where

03:29

am I going with that?

03:34

Oh, no. Oh,

03:35

what you're talking about things that you can and can't do. The strange thing is I was writing to someone else and I sent them a greeting card and a greeting card was returned saying that cards are not allowed.

03:50

That's because I said a greeting card to a person in the in the system. And it got through your mind got through Go figure. Good. I think it's the individual unit. Makes Whoever tells mills that individual units they just have their own rules and regs and stuff. Okay, that's too confused.

04:14

Okay, well, there's your bladder and so Oh, and one other thing I want to do a couple of shout outs to Terry and Mike and and Michael

04:26

and Tony. Tony up there midway and we got and we have another shout out going to Randy way down there and Bobo yeah

04:34

Randy especially Randy. Yes. I'll leave it to you.

04:39

Okay, starting off the new

04:53

I killed your bike.

04:54

Yeah, there we go.

04:56

There we go.

04:59

No, or see the park was really upset about as I was the only one listening to Roy.

05:04

Somebody hit him over the head. Eddie rate starting off this week's news. President Clinton met on May 7 with gay lobbyists and members of the James Byrd family. He also met with Dan Hardy Garcia when the pushing for the hate crimes bill here in Texas, as well as for a national hate crimes legislation. The hate crimes bill here in Texas got defeated because Governor Bush doesn't want to have to face the wrath of the Religious Right.

05:42

You know, some of his Republican friends did except the wording of sexual orientation

05:48

was all because of gay. Yeah. Because

05:51

by including that part in there, there wasn't the broad base support. And they even tried changing it to sexual orientation and some Republicans signed on. But unfortunately, the top

dog in the pack didn't.

06:03

And it's very unfortunate, because people say that we have a gay agenda or a homosexual agenda. And we do not have an agenda. Nor are we searching for special rights, we are asked, we are demanding equal rights. And this whole argument of Gay Agenda is very reminiscent of in the last century, in the very early part of this century, people talking about the Jews having the Protocols of Zion, I mean, inflammatory garbage, I mean, it doesn't really exist.

06:38

I mean, very simply, if they want evidence that there was not that much that that organization is very lacks in the homosexual community. All we need to do is send them some tapes from the show and they will see there's no organization on the media here. We've got

06:50

we have no agenda. No, what's this, there was a community forum on hate crime.

06:56

Yes, in conjunction with the I didn't say it in here, but to the last week was crime victims Prevention Week. And the Montrose Counseling Center showed a few films. And after the viewing of the Brandon Tina story, which is story of the rape and murder of a young woman in Nebraska, who tried to live her life as a man. And they had a five person panel made up from Gary Norman hate crime specialists at Montrose Counseling Center, Katrina rose, one of KPFT zone here. If she's an attorney, Candace Clark from hatch, and neither one of our own and Janine Summerville, president of the Texas chapter in the National Organization for Women. And the main main discussion is there was a lot of, it seems like a lot of it was talking about where do we need to go with the hate crimes is do we need to make the front on education or on legislation. And I think it's pretty much a it's a divided topic, a lot of people want the clicker fix, which is legislation. And unfortunately, it doesn't always it doesn't really work, just incarcerating the people for a longer period of time. From what the studies have been saying. And so there's a lot of people are still going for that because it's punishing them and getting them away from society, but they're still gonna get out eventually. And there's so there was some talk in there about the more of the education, that trying to keep the kids and keep the younger generation and let them know, not to grow up the nasty way that some people say that they're just going to it's a knee jerk reaction for being hateful and debating the hate crimes.

08:39

Well, you know, actually, a two pronged attack is on education and legislation. I personally feel this, my view is that the two pronged attack, but education is by far the best method. And the

one thing we have, it's been proven time and time and time again, the higher of an educational level a person has, the less likely they are to commit a crime.

09:11

And but the other part we have to you have to look at the education it's not is the people who are in authority because of these hate crimes that occur in our high schools, to students, even the educated teachers, the faculty, the administration, they're turning a blind eye to it, and they need to be educated, that you don't allow someone be pushed and shoved and kicked and spit on because they're gay. They sure as hell wouldn't do that and allow that if it was done because a person was black or they were Hispanic or they were female. But they turn a blind eye when it comes to that. And that's another part of where the education really needs to go to teach these to teach the people of authority and the power in the schools especially that you just can't say you have to live it a little bit.

09:53

Right. Okay, now, I've gone with education. We have some good news out there for your kids. For your young folks that are contemplating college next year, some of our listeners will be going to SMU and the Southern Methodist University announced on May 7, that it would add sexual orientation to the university's non discrimination policies. And this is, in part thanks to the students who have been pushing for change for the last few months, and holding refund referendums and protests. And finally, that happened the SMU has changed their policy on that. Going along with colleges, the uncommon legacy, which is a lesbian organization, awards, \$1,000 scholarships to outstanding lesbian, undergraduate and graduate students. Now to qualify for a scholarship applicants must be full time students of an accredited college or university in the United States. And I don't mean one of these technical schools that call themselves a college. You know, but

11:01

be careful how you say that I went to a technical college that is accredited. With some of these distinct runs. Mine was a state run school. So some of these

11:09

places are just

11:10

the stuff that they're known by initials and usually broadcast about 1230 in the afternoon in between the have you been injured and you want to sue? Commercials,

11:20

11:50

Oh, yeah. Call, go ahead and call Dewey Cheatham and Howe. Anyways, they have to be, have a grade point average of 3.0 or better and demonstrate a commitment of contribution to the lesbian community and demonstrate a financial need. So if you or someone you know qualifies, this is a chance for recognition of their achievements. And qualified applicants must submit a complete application and up to date school transcript, a personal statement of 1000 words or less, and at least two letters of recommendation from faculty and or former employees. Employers at least one of whom is familiar with the applicant's work involving lesbian issues, and you need a DNA sample to and you should contact them at uncommon legacy.org and incomplete applications will not be considered. Now last year uncommon legacy awarded scholarships to 21 women. And for those of you who don't know about the legacy, they invest in our future by awarding scholarships to our students with leadership potential, and are awarding grants to fund projects and organizations that contribute to our community's health education and culture. They're very fine organization. And we have an age wall coming up tomorrow. Yeah,

12:43

well, today in about six, six hours and 15 minutes, the 10th annual Houston AIDS Walk will be kicking off around that. Sorry, seven, will have to be there at eight. It's starting at nine o'clock at the Georgia brown Convention Center. Run until about noon. Come on down as very good cause there'll be a lot of people there. I'll be there on one of the water stations with cube patrol will be keep an eye out for people who have maybe walked a little too far. It's a great fundraiser and there's going to be a post party inside in the air conditioning of the George RR Brown. And hopefully it's not going to be too sweltering. Also staying in the athletic beat. Houston is going to be playing host to the North American gay volleyball championship a it's going to be occurring may 21 through the 23rd. Also at the Georgia brown Convention Center. It's going to be the teams are made up of players ranging from 18 to 55. And then the standings will be tallied and teams we put into sees based on their for Sunday's games in the championship rounds. About six o'clock. For more information call the Lone Star volleyball Association at 281-878-4629.

14:15

14:20

14:28

15:46

Wednesday. It's Wednesday. It's two

15:48

Wednesdays to Okay. Another thing right hill right Hill. Right Hill. Right.

15:54

Oh and Chris is just winding up a piece of paper and throwing it away because that's probably what he was going to be.

16:44

We plugged it last week. Something else well I'm somebody was in here doing a hand job on a piece of paper. What do you need a trader handout? I see

16:52

that. Okay, it's drawing and so got Picasso. The next two Monday's Ray Hill. Got it. Go and club

16:59

Picasso is located where?

17:01

At 2151 Richmond Avenue between Sheppard and Greenbrier. Okay, has that. All right now I'll shut up for about three minutes.

17:12

Actually Tony from the Gay Men's Chorus is going to be on the first Saturday in June and talk more about it. Okay, now I'll really shut up. No,

18:53

18:59

19:04

19:07

He's no more scary thing. Well, now that he's leaked it now they legally can't he's sober for this show.

19:14

Weird. Isn't that weird? I was just shocked

19:17

but I will say this it did help my ego having having a young guy hanging out a car door yelling at me on patrol tonight. Ooh,

19:25

just to make sure you are going to show up at the station.

19:28

Yeah, I have one more thing.

Okay, it's a new group that they're starting for, for 20s Guys, and they want to talk about doing other stuff, having alternatives to bars and also to really talk, frankly, and probably visually about HIV and prevention of such. It's so much more than just the song that MEDLARS new CD, I'm beautiful dammit, is a community forum exploring the drive of day and by men to have and to hold the perfect body. Especially performance by six tow wagon.

20:58

colcrys you do that qualified?

21:04

Well, this is when you know, they're gonna talk about why we have this obsession with the perfect body.

21:11

Yeah, there's a reason folks this show is radio, not television, okay.

21:15

And Sixto was going to do his presentation called fat. I've seen that it's, I've seen it twice. Actually, he's, it's really, really good. Maybe we got the sequel in the room here. It's fabulous. presented. That was boys network at the Houston lesbian and gay community center. Monday, the 24th. Seven to nine.

21:34

Okay, now very important job are folks out there looking for jobs. The US Census Bureau is hiring managers for the Houston area. And what's with the Vice President giving us a letter on Pride Week? Wasn't that fabulous? Yeah.

22:18

Yeah, that's great. I was holding my tongue on it. This the following letter was to the prime committee of Houston by Albert Gore, Vice President of the United States. I am honored to have this opportunity to send my personal greetings to everyone taking part in in the observance of the 1999 Gay and Lesbian pride celebration. While I I regret I cannot be with you in person. Yeah, I lost my place there. I want to offer my best wishes to all of you. Oh, good. We're killing the animal story. The theme of this year celebration. That's not our

22:55

national that's a national thing. We chose not to go with it. We are pride power and pizzazz Pizza pizza. So bright. The theme of this year's

23:06

theme of this year's celebration is high power and pizzazz especial is particularly significant initially 30th anniversary of the Stonewall Riots of 1969 and beginning of the modern gay and lesbian movement. Today, I hope that all Americans will join in recognizing that the diversity of

our people is the source of our strength. Our nation's success depends on our ability to value and positive contributions that every member of our society can make. Yeah, yeah. Yeah, to me or him. This is my impersonation of Roy reading the entire story. Now go.

23:38

No, no, I'll say this. This I honestly believe that this country is strong. Because of our diversity. Not spite of it. You got it. Now want to close this out with the if you'd like to be part of your keister Dale carpenter? San Francisco now.

23:56

That's why he said it now.

24:00

Oh, did he already move?

24:02

We're also I do want to wrap up tonight's News with saying that if you'd like to be a part of the Houston Gay Pride committee, they're having their general meeting, which is always open to the public Tuesday on the 18th at 7pm. 27:17

28:17

Should I be expecting more

28:25

JSON though has to be less.

28:29

We all know that. I have my scary moment. Yes. Hold that down. Oh, there's only 15 seconds. Just just the clip. Yeah, this coffee brought the CD. And it's the greatest hit television. It's the 70s and 80s. And it's got all over.

28:51

It is the one the only coffee. It is amazing to me that all the years that Miss Scott Lewis was involved with this show she could not get you in here.

29:06

This little 21 year old boy everything was changed. Everything was changed. Jason's very persistent. very persistent. When he's sober. He's worse.

29:21

But how do you think I get to date someone my boyfriend

29:26

cocktail but the whole key to that phrase was that you date them but the question is do they day you called out?

29:33

They ended up later on.

29:37

Oh my god. Well, you should clean your own baseboards.

29:52

For once there's actually somebody to give me a hard time

29:56

that's what your boyfriend's wish they would get from you Oh oh that's still

30:03

going on here two minutes and already she's about to get remember Kip says she will kill you know that was that was Miss Pruitt that said that one

30:15

though remember you may cut this mic off but when you're walking through Jr's on TV

30:22

I will get clogged. I know that of course. Yeah, I'm just waiting I'm just waiting with the information from Kip. I'm just waiting on

30:33

campus my friend

30:34

Oh Kip Kip was a great person now the reason the way I got all this information was because I my car you were at the barn. Well, my car died on the freeway. And so I I died between the downtown and shepherd exits on 59 So I walked to guava lamp and called Chris and had to wait for Chris to come and get me.

30:54

Which Chris this Chris right here you're constantly being risky by your friends.

31:00

Yes, I am.

31:01

Westheimer street festival Christian who did you call? Both Chris again.

31:06

But I called Lee first now

31:08

is Chris Do you like HP? Is to me? Is that what it was? Like? HP is like my rescuers like, basically like you know what? I don't want to go somewhere by myself.

31:19

Right? We always need somebody to rescue us. Especially people like me. Because we all see we've all seen me out of them bars. Everybody.

31:32

Me That's amazing. Since you've only been 21 for about two days.

31:37

No it's been three days.

31:39

Oh my god, I won't have anything to do with work at the door any bar wants to get another man has lied to me. Says you just met him Wednesday. I've only known you for three days.

31:54

Three days and I already booked the interview right?

31:57

No he called me two months ago and said I'm gonna be turning 21 So when we come into Jr's show for the first time he might show for the first

32:06

half and I started when she's having a club in College Station. I

32:11

gotta love the club conversation too. Oh great place great especially I'm gonna be going back there soon. More and

32:17

more people like people were like given big old tips to just see certain people go up there and be but boys. Oh, I know. Okay, for those y'all let me know what direction you want to go. Let me clue y'all.

32:30

Are you the Howard Stern of

32:37

what it is in College Station, when the drag queens performing they perform every Friday night. They the locals just throw their money all over the state. And so the emcee chooses somebody out of the crowd to be but boy or girl and what that is is they have to turn with their back to the audience. Yeah, lock their knees, bend at the waist and pick up all of the dollar bills. And therefore they are boys and girls and they hit us great music today. And a great spotlight man just for them. No one miss coffee.

33:14

I'll tell you that is a lot more entertaining than way back in the old days when Jerry van over I remember Jerry was working at a Jerry van Oprah's place which is now cuties. And she would do this kind of number where people with road changed

33:32

through change. Was it the gospel number so it was

33:35

The San Francisco number. I remember he remember that was

33:41

amazing. And then afterwards he come out with a broom and sweep it up.

33:46

But I'm only 25 say and when that was

33:52

Jimmy Do we have a really good lightning rod?

34:01

Oh actually, I've been I've been working God How long have I been doing this show now

34:05

got about three years. I've

34:08

survived that. I don't think

34:12

you're talking about him being persistent. He started here as the lead person for the hatch group.

34:18

Well, actually no, I started here as a second person for that group. Scott. Scott. Yes. Was the lead person Yes.

34:24

Yes. And then you took over from him. And now you're been kicked out a hatch because you're 21 now and and gold a place on the show.

34:38

I got I got my own I paid. Zeke. Chris is my co host for the after hours, the next generation segment. And we'll

34:47

see first of all, of course, referring to me.

34:51

Chris had to pay Jimmy

34:52

which generation is which?

34:55

Well, okay, now Jimmy was good for a year 21

34:58

And he's held Well,

35:00

he was good friends with Ben Franklin. I just didn't know she did. Well, that's because that's because her man or her husband can afford to buy her lots of plastic surgery. You should have seen her last week. Hey. I have not had a single tuck. Since Tupperware on

35:27

Ziploc so that's okay.

35:29

35:29
We do. We do have a thank you to go. Yeah, that's right. We

35:32
are collecting money tonight, aren't

35:34
we? Yes. Jenna, or Gina? I'm not sure. Yeah, Jana. I know enough not to say their last name. I know you did that last week, but I wasn't gonna go into Okay, thank you for your generous pledge. And we appreciate it. She was asking you're giving away some music.

35:50
I got it at home and I'll send you some women's music.

35:54
Okay, so Well, Jimmy, we'll get that sent out. If you have any preferences, I guess you can contact with him and see what he's got. Personal choice,

36:02
I'll send it and then you can tell me whether you like it or not

36:06
inform everybody. We're doing a pledge drive.

36:08
That's right. And I have already said that anybody who puts \$35 or more on plastic I will send them some free gay music.

36:17
Well, then I won't have to give away any my CDs because we know Mine's the mainstream club music right? If there's

36:24

36:24

gay music Yank

36:29

music this music comes straight from some enriches. I don't know exactly how

36:33

great

36:34

you're showing her the front cover of a CD that has no front cover.

36:38

Well, this uses the official front cover of the CD even though it isn't backed that way. You don't like open up and lose the front folder like some people do.

36:48

So Degrassi does it ask backwards

36:50

to Gracie

36:53

Degrassi

36:55

he's Italian now oh my god, they got

37:00

the Canadian show.

37:04

Also, if anybody wants to be

37:06

special ties to Canada anybody wants to have their

37:10

shows in Canada

37:14

as a Canadian teenage show that has gay characters in it back in the aisle really gang junior high and high school students

37:22

when I was three, it was

37:25

it was kind of like Saved by the Bell meets guiding light so

37:28

so if it had if it had gay Junior High in high school characters, that means that Chris was definitely tuning in every day.

37:36

It was who was there was there a new meaning put to the word soap and soap opera don't pick it up.

37:46

In Canada, they don't have the same standards for children's programming that we do.

37:50

37:52

Or stage proclaims either. Also, if anybody would like to call in and ask us some questions or anything the number is 713-526-5738 Didn't you say you

38:01

were going to interview coffee?

38:03

Well what we're getting

38:05

into this is this is the intro to the internet and

38:09

see that's the whole problem he spends most of his time trying to enter

38:16

you know I always said I was always on top

38:22

of this foreplay but let's get we have to pick on him CD silver tonight, so

38:30

I know you know why he's so bright because I threatened him. Yes, she did. Go you're not so good. I'm not going

38:39

but that was also why I made sure to have two co pilots like made sure that two other people would be here in case I wasn't able to. I'm surrounded

38:48

hv handsome men here that's never hannened before

by handsome men here that's never happened before.

38:51

Oh, of course. Now I'm the co host and he picks me up.

38:55

Well he's the co host but you can't be a co host without somebody to replace the other co host

39:02

co host square

39:05

hasn't been trying to for Tuesday's Jr's dollars.

39:13

I was thinking I was gonna break wherever for you but then I was told you switched to southern

39:17

Oh my God, you have done your research. Oh girl. Over there. Oh my god. I had the Corvo couldn't go south of the board anymore. I know

39:26

I remember the last time I bought you one there I had to drink it myself. It was not

39:33

and it's not just a shield southern competency I used to I used to never never touch anything with tequila until this thing right there. Miss Lee got me hooked on these tequila sours.

39:47

And I believe it I believe it because if I want to, if I want a shot, I don't have if she's in the audience. I don't have to worry about

39:57

so so she got me hooked on these charity countless hours and And then move.

40:01

Got me one of those well you didn't ask. I'm just gonna do anything to get a cherry and you get one from her.

40:11

I don't I don't think there's I don't think there's any cherries okay. Even if I had brought Ben you know the really young youngster that has come on oh child.

40:27

When I used to do the hat show I used to just bring people to match and does the youngest one that I ever brought from hatch, I swear was probably the slide.

40:36

Yes. And oh, and he was so cute. You guys were lining up around the clock.

40:44

If he was, if he was about three years older than he would be legal
