It's membership drive starts on Thursday. We hope we can get some folks to who think like that to pledge money for the show.

00:15

Jackie or Gigi or j if one of us left some earrings here in this booth. Come on back. We got them. We're trying to guess carat weight here.

00:27

I'm sure that is Jackie, because she probably took them off to put the headphones on.

00:35

Okay, want to start off this week with a very important news item that's coming to us this week out of the Houston voice. They've come up with a very important front page story from page pervan That proves what I've strongly suspected all along. That public school for for teenagers is a very hostile environment. And in fact, anti gay harassment is the rule in schools. The Gay and Lesbian Straight Education Network or gos en conducted a survey of 496 students from all across the country and any

01:24

lesbian and bisexual or transgendered students. Right, okay.

01:28

And other survey 69% reported that they experienced physical, verbal, or in some sort of harassment in school. 61% of those experiencing harassment have been targeted for verbal harassment 47% for sexual harassment and 28% for physical harassment, with 14% reporting

that they have been physically assaulted at school. The problems brought to light by the survey will be tackled head on at the gay living students educational networks third annual Third Annual National Conference. The sampling includes 496 teams from 32 different states. These people were asked about their experiences with homophobic remarks in school harassment and overall comfort in school. 90% of the gay youth reported that they sometimes or frequently hear homophobic remarks in school including words like faggot, dyke, and queer. Almost all reported hearing these remarks from other students, and 1/3 of them, heard them from other faculty and school staff. Terms are bantered about most frequently in hallways, classrooms, and 1/3 of the youth said no one ever intervened in these situations. Nearly half the students surveyed said that they did not feel safe in school because they are gay, lesbian, bisexual or transgendered. 1/3 did not feel comfortable speaking to school staff about their sexual orientation. I wonder if that's the same third, who heard the verbal harassment from faculty and staff. Exactly. And among the students, among students, participants from the south 92.3% reported hearing homophobic remarks sometimes or frequently. And I do want to give my heartfelt thanks to the Houston voice for publishing this article. So we now have it right there in black and white.

03:44

You know, it's it's something that we've talked about on this show ever since the inception. That and it's almost common knowledge, but I'm glad to see that some actual numbers that sistex have been done to to strengthen those views.

04:03

What I found shocking was that 1/3 of them was coming from the teachers, or faculty and staff. Amazing, isn't it? Very depressing. Yes.

04:13

Yes, very always complained that homophobia is learned at home, but in this case, it's learned in school.

04:23

And I think Chris has got a related article from the hand neck. Oh, okay.

04:28

Yes, a new service. Sponsored by youth Guardian services, a youth run nonprofit organization providing support services on the internet. For gay lesbian, bisexual, transgendered and questioning youth has expanded his diversity even more, with his newest project, the straight email list. Hey, the straight list officially launched last month has been created to provide a safe place for straight and questioning youth who have friends or family members who are We have another word for

So this list is a supportive environment catering to the unique needs of the straight youth who need to talk to other young people. in similar situations. 06:39

Okay, now I have another organization that Chris and I wanted to give a plug to a couple of weeks ago, but we really couldn't because we really didn't understand what this organization was or how they could be contacted or anything. Oh yeah, the long game club now. We've got the information for you folks. First of all, the first meeting of the longing Club was held earlier today

07:06

Lawrence is headlining in a big story, which will be the last play the actors workshop does at its theater on charter Street, right behind the George R brown before the building is torn down and made into a parking lot. Well, isn't that nice? A small southern town is isolated from the rest of America and will probably wither and die if it can't get its bridge rebuilt. It doesn't have enough money to do with itself. It can't get any help from the state or federal governments. So the newspaper editor sent out the word that they are open to help from the international community. This is set in the 50s or 60s Fidel Castro takes an interest and sends a Cuban star of stage radio and television and her own mind. Ladies and gentlemen, this is a little summation of the amount and cost of escort male escorts as advertised in the gay press here in Houston. Okay, let's see. It's basically a status quo week. Business seemed to pick up for fall but quickly fell off Again, so perhaps it's an accurate reflection. The results tabulated last week is that there were three new beasts for a total of 38. Oh, yes. Part of being sold. Yes.

15:54

Yes. We did. Last week's news, we did it when it was a news article, not an editorial.

16:02

I'm still gonna go to two piece because I don't know who Norman the new owner is. But I suspect that he's the guy that's been helping running the place have been a part owner for quite some time now. And he's very, very nice. So And do you know what Carolyn is going to be doing? Know the present owner? No, what

16:23

is she going to be doing?

16:24

She is going off on vacation and then she's going to come back and open up a lesbian Sports Bar. Okay, it won't be ready until next spring, just in time for the comment season. But we can all count on more of her wonderful hospitality stain to stay tuned for femme net for an

18:33

think 79

18:36

Okay, thank you hearing that says 87 Now,

18:39

but it's 79.

18:41

Okay. At any rate, the National Coming Out Day increases visibility and raises awareness about equal rights for lesbian, gay and bisexual people. And the men's network is inviting everyone on the day after the National Coming Out Day to come and celebrate all the stages of the process in coming out. No matter where you are on your personal journey or the coming out process. You are encouraged to join in this celebration of breaking free from both the social and internalized homophobia, cake and punch reception following a brief coming out ceremony of celebration. And Jimmy you missed last week when when Chris had a wonderful thing or the men's network had go ahead and read it they're

19:32

talking about the long and uncut seminar on penis and penis worship.

19:41

And folks coming up.

19:42

Now I showed up late I got to the communities to the Montrose cold Counseling Center. Yes, I got there a little late but everyone will look like they were satisfied with the seminar I say

19:56

and smiling and smoking cigarettes. Is that a

20:00

dusting themselves off? I

20:01

say Gotcha.

20:03

Anyways, in the upcoming weeks, you're going to hear reports either from Chris and myself talking about phallus, the sacred symbol of masculine. The gay spirit and the sense of the fabulous home for the holidays. Holidays are not, and also making resolution stick. So keep listening. Because we're for sure going to have lots of fun with this. That

20:25

sounds like fun. Also, I

20:27

think the Women's Network from all the times Roy gives it to me to talk about Yeah, they're also having a coming out party. And I unfortunately don't have the information on that. So you may want to call the Montrose Counseling Center. You want to give the phone number where they can contact them, Roy five two

20:43

is at 713-529-0037 Yeah, that's it. And the Counseling Center is located at 701 Richmond for your coming out. Party.

21:20

Judy's funny but she's not certainly not the funniest woman in the world. Like I

21:24

said, when I saw her a couple at the first Empower Expo, helping having some eight year old boy helping put batteries into the vibrator. She was given as a gift. Oh, my I, I kind of lost a little bit for plus the fact she's one of the regular stars on the match game now. Oh, Alodia go. She's on there with Nell Carter and Vicki Lawrence every week. Gotcha. I mean, even George Hamilton's only a part time regular

21:53

see that? I see your point.

21:53

But she will be at the laughs stop. And I forgot to write down the address on the west. Yeah, gray. It's great. Yeah, let's write the October 6 performance a portion of the proceeds will be benefiting the Montrose clinic. That event is at 830. This new after hours, the dance club will be open at midnight and stay open until 5am Specially so that people like Jason can sober up featuring a wide variety of non alcoholic refreshments as well as detox iced teas here that Chris detox ice creams, iced teas and a small menu of tasty treats. Probably overpriced at the same location at 2022.

27:45

Who are these tasty treats got her that's probably the other customers

27:50

anyways, they several nights a week that will be Montrose bingo, which will be benefiting different charities and

27:59

Well, we certainly hope so. And

28:01

so that's all the news that we can fit in for this week. Want to thank everyone for listening in to this week's edition of craziness. I mean, after hours news and views for Jimmy and Chris on big ROI. And we're out of here.

28:15

Pretty much except I want to say one thing Lexi called in let's see Bo and

28:45

Hi, Lexi. hope everything's great. Going great. I've got a little something new that I'm going to try out tonight and and

28:53

a little something new little something new.

28:56

You must be extra limber from your trip. Yes, I am.

28:59

Fo she's looking so good. When she came back. First thing I noticed.

29:04

Anyway, any way. We haven't talked about the community resale resale shop in a very long time. I certainly did last week. Oh, good. Good, good. Good, because it's right over there. Right near it's on Richmond at Jack Street, which is right there by the freeway. And they can always use your use stuff. They This is the organization that either you can go in and buys neat stuff. Or if you are an AIDS patient and you're signed up with the PWA coalition, you can go in at periodically and get a bunch of stuff for free. That's the basis of the community resale shop to provide indigent care, indigent AIDS patients with stuff that they may need. You know, clothes, household goods, whatever. So Though I always go over there I bought a lot of stuff over there but the owner of it Sam I got with him a couple of weeks ago and he gave me a tape that he's had for quite a while and it came from a radio radio studio in Oklahoma somewhere. And it's a whole bunch of telephone short telephone messages left by a certain surely cue liquor. And I gotta try this out for and see how it goes with this may be a weekly or bi weekly thing. And this first one that I'm going to play is called Michael Jackson's baby. So

30:46

Michael Jackson's baby yeah, so sit back and listen

30:49

Wait a minute Jimmy. Why don't you need to say that this is KPFT Houston 90.1 FM and K EOS College Station

30:55

no I don't because you just did it

30:59

I want to make sure we didn't get in trouble yeah

31:01

good idea so anyways, phone call from surely Q liquor

31:13

surely Charlotte Kulik and I guess you Dawn heard by now that Michael Jackson done Hannah famous. I'm still wondering if they know who the father he is. And did they have to use that artificial incineration? I don't do it. I was already talking about in church last week on river Jesus said it was proof that we was in the last days right now. On I used to love Michael Jackson especially the music from back when he was still black. But I feel for his mom and him I know how it is. I have two twin boys la Maya Angelou and Iran slow and and I'm afraid they're gonna turn out just like if they act so if I'm in a cage, they paint a fingernails all kinds of different colors. And every time I go up in a room they have all a mix up on top are they gonna be in show business now? Listen, they call each other girl and girlfriend is different and all this stuff in a 13 you know way I guess that's gonna happen when you got 19 Kids been bound to go round. Will you tell your mom and then my extra last year of dirt

32:30

now you're seeing first day back and everybody's already got to be given me a hard time. Like he doesn't deserve it. I mean, y'all he is my mic on. No, I think I conveniently left forgot to leave it as

32:50

is great I want I'm doing the news. My microphone won't stay down. Stay up. This one won't go down. Story of my life.

32:58

Okay, whose way there who gave the microphone stand Viagra?

33:03

All right now I'm ready to bitch and holler. What are you expecting us to greet you back with open arms? You missed two of our show. So she's hatch second. This

33:13

is the Chris and Jason. Our are what? Pitch reclining. And we've got a we've got a guest so you can introduce yourself. But how the microphone mic was on? Okay.

33:28

There we go. This is what happened. Hey,

33:30

it's been two months. It's been two months leave me alone. This is Russell.

33:37

How you doing? And I'm going out these people.

33:41

And Chris is busy flipping through his little CDs can't talk while he's looking at pictures. Well, I know they're cute boys, but heck well one

33:48

of them's gay. I don't remember which one of these we got here and one of them was boys though.

33:57

33:57

So what all of I miss lately around here?

34:00

Generally just trashing you. Oh, I'm

34:02

sure I was trashed plenty. I'd love to hear some of the recording. Of course I'm sure if I asked Jimmy I could.

34:08

Well gee, I mean you even when you're here you're sometimes trash so

34:15

I'm just gonna let I'm gonna leave that one in the gutter where it belongs.

34:21

Well, let's go you'll find it tomorrow morning then.

34:23

No, I would get vertigo in the center sorry. The gutters are definitely way above me.

34:32

So where have you been and why haven't you been here? I have been ill and

34:35

that's all we're gonna go into.

34:37

No, you were ill before you took over the show. I'm

34:40

not talking about men. So physically

34:43

we're thinking of your other head has what was it when I was ill?

34:48

Let me smack you upside the head

34:50

year right. Anyway, well, we were supposed to have a topic but unfortunately a certain organization here does doesn't like to return calls or emails. So we're going to try and do something with another group who might be a little more dependable next month. And of course, you

35:07

must forgive me for being a little off. Because while I haven't been here in a couple months, but I'm going to try to avoid doing that in the future. Damn, I'm going to actually, I'm going to actually attempt to show up on the shows that I'm supposed to be here for.

35:20

And pupils the same size.

35:23

No, my pupils will not be dilated in the future. They're not dilated tonight, either

35:26

wanting both of them being the same size at the same time.

35:32

Just because somebody's got a social life, and somebody's gotten, you know.

35:40

Oh, so now what's the story? You were sick before now you had a social No,

35:43

actually the past actually the past two months. So you can ask Russell? I haven't been going out much at all. But he's been bitching about it. Actually,

35:49

that explains why some of the bars are closing up.

35:53
