## SPEAKERS

Gigi, Jimmy Carper

---

Gigi 00:01

Add a true bisexual. I mean, I could please everybody. One

Jimmy Carper 00:07

actually you do now almost, you know.

Gigi 00:09

Yeah, I'm not too far from that because I do have both genders in me. I mean I feel it. I mean there's there's all these little clues and you know, so fam anyway as a man and advice you know I've always been so amazed in our society we can have a Tom girl, but we can't have a boy Channing.

Jimmy Carper 00:33

True isn't that isn't that amazing? Jane,

00:35

take that dress off.

Gigi 00:42

Oh, I'm still wearing it, girlfriend. Yeah,

**J** Jimmy Carper 00:44  
but this is a guy in a dress who does carpentry work? So in

Gigi 00:48  
rats 107 50 motorcycle There you go California and back.

00:53  
That's pretty. What I'm speechless

 Gigi 01:02  
by at the LA conference. But anyway,

 01:06  
good time. Thank you guys.

**Gigi** 01:08

And but you know, it's this philosophy of of looking to each other and reaching out with love. I think that's, you know, one of the things that's so central to me in this whole bisexual movement is this sense of family of choice. You know, when I came out, I lost my family actually had never had them to begin with. But we had the choice of family members. Now we've got people we can, you know, I've got people I can call more sister, brother, mother, father than then people that I was born to. And it means a lot to me. You know, and it's all this sense of love and reaching out to each other and, and really being a part, you know, I have these wild parties at my house all the time. You certainly

 Jimmy Carper 02:05  
do. And

 02:07  
Mitch did the last one.

Gigi 02:12

But one of the things I've noticed that these parties, people can let their hair down, like, Hey, I'm into this environment. Yeah. And just be them be themselves, whatever that is. And they can express themselves. Yes. I mean, I was hanging up from the ceiling in my new suspension system.

 Jimmy Carper 02:37

This car folks, not

 02:39

the car doesn't go up and down

 Gigi 02:49

I was rocking the hell the car. But anyway, tell us about your next song cup of tea.

 02:57

And then my next song is probably the most recent song I've written. And it is just something you know, as I am finding more about this love and accepting myself as a person in this world of chaos, I just find that I'm still beginning to able to release some of the things that have been in me for quite some time and just put them down on paper. And few of my songs and poetry and things have just poured out unexpectedly at two three in the morning at six o'clock in the morning at who knows what time, they just come out and and I'm at a point now where I'm just going to let it shine. As far as it's gonna go, I'm gonna let it shine. So it's called a cup of tea and it's bad, ugly, once again, just positiveness. And

 Gigi 03:56

I'd like to interject something here on this one. You know, because this is the big issue that's been in my life for a long time. That's self acceptance, self love. You know, when you grow up as a femme male in our society, you get especially through our school system, you get a lot of abuse from it. And, you know, the I remember my early teen years, how much I went through, to learn to love myself for who I was.

 04:35

Encounter, except sometimes, especially if you don't fit into the mold and oh,

 Gigi 04:41

maybe I did not fit in any of their molds. This like thick thing was just to match for any mall.

And, but, you know, I've come to love who and when I am in it's

04:59

First important to continue.

Gigi 05:03

You know, it's sometimes takes a lot of courage to stand out in a crowd and be different. And to be able to be able to have that courage. You've got to be able to love yourself first.

05:15

And you'll always be on stage GG. Oh well always watch. Yeah

Gigi 05:40

Ah, back again

05:44

shorter than I thought wonderful brag short one, little one.

Jimmy Carper 05:52

That was good. Yes, it was.

05:54

Well, I appreciate it. And thank you. And thank you. And thank you. Thank you. And I'm just having a great time here on 90.1 FM. With my friends. And we're learning all kinds of things today. Voice I just thought it was very impressive. Clinton appoints openly gay official to White House post. Yes, bold print.

06:19

Time. Hmm.

Gigi 06:21

I think so. I brought some stuff. While

 Jimmy Carper 06:25

we go to a couple of things I need to kind of get in. One thing we missed in the news. We were talking about the tax meeting that's going on next Saturday at 3pm. The social meeting at Michelle Meyers. If you have any questions about that, call the tax line at 713-827-5913. Also on October 25. At 7pm There's going to be an unmuting at Vanessa's that tats line again is 713-827-5913. Also, also at two Bs 7pm. Saturday, October 11. Next Saturday is going to be our favorite group here at after hours quack the queer artists collective. They will be presenting a poet and I'm going to glue up this thing. And I know this poet, Nairobi negozi followed by an open mic sponsored by and benefiting the queer artists collective. They were just there a couple of Monday's ago and you know, the Monday that it rained so hard. They did a marvelous poetry reading. Oh, wow. It was so good. So good. So they're back by popular demand, and they'll provide an open mic for poets of all persuasions. This is next Saturday night at seven at two Oh, that's located at 1830 West Alabama,

 Gigi 08:09

which is also we're buying in Houston now me every one every Wednesday 730 till nine ish or you go or whenever

 Jimmy Carper 08:18

time Okay, so, so remember, Wednesday at 730 go there for the BI net meeting to peace and go there Saturday night at seven for the quack Yeah,

 08:34

that's cute. Anyway,

 Jimmy Carper 08:36

see you they say we're queer artists collective. They do a lot of performance art and a lot of

 Gigi 08:46

great stuff. Sounds wonderful. Oh, and thank you for coming and joining us Thank you. To Vita

 08:51

Devi is here. Gone adios amigos.

 Jimmy Carper 08:55  
Well, it's been fun having you here.

 Gigi 08:56  
Ah, and shall we go to some queer music?

 Jimmy Carper 09:04  
Well, I'd like to play something for lovers everywhere. Oh. It's Elton's newest.

 09:12  
All right.

 09:14  
Very his brand new album. The big picture this is really a pretty and nicely romantic song. Something about the Way You Look Tonight. And you're hearing it on after hours queer radio with attitude on KPFT Houston and ke O 's College Station

 Jimmy Carper 09:43  
such a pretty song are really really like that one. That's the new one from Elton John. Love the Way You Look Tonight. Author of his new album The big picture just out. You are listening to after hours queer radio with attitude on KPFT Houston and ke O 's College Station. I'm Jimmy Carper. And Gigi is Chi Chi and we're gonna talk about buy stuff. Yeah, you're gonna talk about anything that moves. Yeah, really a marvelous, marvelous magazine. Oh, they had avoided it for a long time. Because with the title, I thought, Oh, it's just gonna be kind of a sex magazine for buys. But it's very serious articles and thought provoking.

 Gigi 10:29  
They talk about a lot of different subjects. I mean, everything from transgendered Yeah.

 Jimmy Carper 10:36  
The whole bike lifestyle. I'm very diverse

 Giai 10:38

as it is. And their spring 97 issue. They have a

J Jimmy Carper 10:45  
particularly a good one

G Gigi 10:49  
that got an article on Poly geometry. Math made fun. It's where one plus one doesn't equal to any more. That happens, polyamorous relationships. And you know, I read the article and I thought, Oh, this is so cool. Because you know, I love this polyamorous lifestyle. Yes, you do many, many lovers. And the writer of the article, Linda, Howard was kind of perplexed because she was trying to figure out or party us who to invite to intimate party. And she decided, well, we'll just invite our closest dearest friends and there's significant others when they finish, the list is 53 names. Because it's hard to serve all the significant others.

J Jimmy Carper 11:53  
And there's some people have more than one. Oh,

G Gigi 11:55  
I've got quite a feat. I mean, if you invited me to a party be like, yeah, no, I hate to mention those numbers.

J Jimmy Carper 12:06  
As people come into your life, or people or into your in your life, either on a permanent basis, or semi permanent basis, then that you love.

G Gigi 12:15  
Well, for me, love has always been an extension of friendship. And when I get a very dear friend, and the feeling's mutual, we just take it that step further. And sometimes it's through intimacy, and sometimes it's through sex in our society tends to confuse the two. But as a very big difference. I've had boyfriends that we never had sex, but we take showers together, we hug we touch with like, naked together. And it was never sexual. As always very sensual, and very intimate. And,

J Jimmy Carper 12:52  
you know, I've always looked at it as I can get sex anywhere, but intimacy is very rare. Yeah.

**G** Gigi 12:58  
And it's so nurturing and healing to have someone be that close. Without the sex. Now

**J** Jimmy Carper 13:06  
we have to we have to interject here. Many people find that they are happiest getting all of these things from one other person and that's fine with that. Oh, no, but that's not bad.

**G** Gigi 13:22  
I also like to mention that there's alternatives Sure. And you know, I know that well. You know, and I don't want to create the illusion that if you're by you have to be polyamorous absolutely

**J** Jimmy Carper 13:34  
no, a

**G** Gigi 13:35  
lot of me not monogamous. And

**J** Jimmy Carper 13:38  
that's what can I say is I think straight people and gay people is that if you consider yourself bisexual, and you settle down with the same sex, then does that mean that you're gay? Or if you settle down with the opposite sex? Does that mean that you're straight? And the answer is no. You're not gay anymore? If you if you just settle down with the same sex No, because you find other people attractive have the same sex

**G** Gigi 14:08  
and unknown guys that have identified as gay before they even had sex.

**J** Jimmy Carper 14:14  
And bisexual before they even had sex with and

**G** Gigi 14:17

went straight. Yes, it's not where you did or who you do want to do it with it's it's and you know, I've I've studied sex and I even met Susan Queen when I was in. Oh, I know California, Carol. I mean, Carol, Carol, queen, me and names. I know. And I mean, she's such a wonderful person, such a bright spirit. And she was I was just so amazed at how someone can be that open. About Love. Yes, you know, and hat. I mean, she does these Jack and Jill off party. Huh, and has parties from time to time in San Francisco words, lots of sex, and lots of polyamory and the whole nine yards. And it's it's a beautiful experience. Although I've never been to one of the parties, I've heard a lot about him and I've been to similar parties up there.

**J** Jimmy Carper 15:22

So you're talking about polyamory as a lifestyle? Yes. Or as a life. I want to stop using the word lifestyle because, you know, it's not something that lifestyle is when you want it, you decide to paint your bedroom blue. Yeah. Or you decided to become a Catholic. And that's a lifestyle life.

**G** Gigi 15:45

Jay, and I kind of got in this debate the other day on polyamory. And, you know, because I was saying, you know, I can kind of identified different types of bisexuality. And she said, No, no, it's not type. So when you've got monogamy and polyamory, and, you know, people that that are saying, you know, there's some bisexuals that feel they have to have both genders as lovers, which is like I am, and then other bisexuals that can settle down with one or the other, it doesn't matter. And, to me, you know, it's hard, we get into words, and we can sometimes get too caught up in that. But to me, what the real meaning is, is that, you know, there's people I love. And, you know, I know that I have a lot of both female and male spiritual energy. And part of this gets into that spiritual realm. It's like, I have to experience both in my life, yes, sexually, and romantically, and all the other nice way. And into the SM stuff. And I just like a little bit of everything.

**J** Jimmy Carper 17:03

Let me ask you a question. Yeah. It's not going to be really confusing here. Because we're talking about polyamory. And that's loving more than one person, right? Is there such a thing as monogamy in polyamory? Yes. In fact,

**G** Gigi 17:18

there's, there are some people that arrange three way four way marriages. I mean, they're not legal and they're not. Right. And in fact, there's even an article on the this issue about such arrangements and they say, Well, you know, a lot of times you can, if you can find a pagan priest or priestess, they will oftentimes do a ceremony even that's not recognized by the state. And there is one church that will do it. Oh, I have to find the article. But but it's it's really interesting, because there are some options.

**J** Jimmy Carper 18:03

Look, as I know, the impression that polyamory means that you're running around the street grabbing everyone off. Oh, I have good taste. Yeah, that's, you know,

G

Gigi 18:12

there's a lot of people at my party, I just, you know, I love them. They're great friends, and I want them to stay platonic. You know, I'm just not attracted that

J

Jimmy Carper 18:21

way. Yes.

G

Gigi 18:24

But then there's other people that you know, that spark goes off and chemistry that whatever. And it's like, Ooh, baby, baby, I'm ready. Spread them. Big time. So anyway, but you know, this whole polyamorous non monogamy. Thing is, is very confusing to a lot of people, I think. Sure, especially because, you know, it's so tied up in the bisexual myth that all bisexuals do anything that moves, hence the name of the magazine. And we don't I mean, it's, it's a, it's a matter of just loving people. I think, for me anyway. It's, it's reaching out and saying, Hey, I really like you. And it's one of the problems I've always had, from the very beginning when I first started becoming active, was timing, because I tried some monogamous relationships Long, long ago. And it seemed every time I'd try one, just a one on one, just one on one. It'd be like, I'd be into the relationship a few months or maybe a year and all of a sudden, someone special would touch me and come into my

J

Jimmy Carper 19:47

life and then that muddies and confuses the issue

G

Gigi 19:51

and all of a sudden that say, Well wait, why does Person X get privilege over person why because of a timeline?

J

Jimmy Carper 20:04

Well, you know, the other side of it is I hear a lot of gay and lesbian friends say, Damn, I can't even find one lover. I mean, how do you do it with? You know, how do you do it with two? I mean, how do you find two? How do you find three? Or how you just keep your I guess you just keep yourself open?

G

Gigi 20:23

I do. And I think it's partly environment. I mean, the space you live in the space you create, and I know in my house, I've created quite a space, it's an atmosphere, people walk in, and all of a sudden they feel relaxed,

J

Jimmy Carper 20:38

and very relaxed about sexuality. Yes. And yes.

G

Gigi 20:42

And of course, the first thing they see is me flitting around with nothing on that

J

Jimmy Carper 20:47

kind of start, or very little, very little on Yeah.

G

Gigi 20:51

And then I've got a big smile from ear to ear, and just having the best time and in, people come into that. And it's like, you know, I'll greet them at the door people I've never even seen before in my life, friends of friends that come in the door, and I'm smiling and waving and in the very skimpy as the outfit, flopping around all over the place. But I think then, all of a sudden, they kind of at first, they're kind of shocked, you know, they look at me with this real weird lick, and then kind of slip a peek down below. And then, before you know it, many of them have their clothes off or want to or

J

Jimmy Carper 21:33

watch. Yes, and it's not like there's a pressure to begin an orgy or anything like that. It's very sex actually occurs. right parties, right? It's just an intimacy thing. Yeah.

G

Gigi 21:47

And it's, it's this thing of just opening the environment, and saying, Hey, this is who I am and, and accept you for who you are. And you can express yourself, it's letting that child inside come out. Like that. And I find that there's such a need, and people when they come to my parties, it's like, all of a sudden, that's I don't have to search around for lovers. They just pop out all over the place. And you know, it's just part of that very blood magic, you know, you just create a space for people that Hey, it's okay to be yourself here. And it opens doors and, and it creates, you know, and I've thought about putting a plaque up at my house, saying, you know, once you enter here, leave the outside world outside, keep their values out there. That's what's kind of going to your house. Yes, you know, reinvent your own value system. Yes. Because

that's what I've done. And to me, that's what's all important. I can't live by moral majorities value system. Is that work? I mean, besides that, I just don't like getting to sleep. Unless I've got lipstick on.

**J** Jimmy Carper 23:11

In the background, you're listening to hide away the little Louie Vega mix. And that's specially for Jason of hatch.

**G** Gigi 23:24

And remix. See if I can find real quick. Oh, what was it? I forgot? Oh, well. Anything that moves those been a very special magazine in my life tells a lot about the bisexual movement and in this life, the way different people interpret bisexuality. And, you know, I know here in Houston and all over the country. There's people that practice the behavior of bisexuality, but will not say they're bisexual, or will not identify as bisexual. Right? Which is cool. And bisexuality is very political term in this society. Oh, yeah. And, you know, it's always been my hope that it doesn't matter who you take to the senior prom.

**J** Jimmy Carper 24:22

Anyway, anything that moves is a great magazine. It's available at crossroads. It's available at Lobo. It's also available that Inkling. And then, probably other place, the

**G** Gigi 24:34

store Montrose. Montrose. That's where we go with Q patrol.

**J** Jimmy Carper 24:43

Oh, Hollywood. Yeah. Hollywood food market. Yes. The day 711

**G** Gigi 24:50

And there's also companions, black

**J** Jimmy Carper 24:51

sheets. Bisexual. I love flash. Because the magazine is fun. The people who put it together Other fun,

Gigi 25:01

it's kinky, queer, intelligent and irreverent. Just like our show that they have really cool pictures

Jimmy Carper 25:10

do last time you picked up a magazine and saw a picture of the editor of the magazine naked.

Gigi 25:17

Ah, just like GT sounds.

Jimmy Carper 25:20

It's just a fun magazine. But it also has, it also has in addition to fun articles, very thought provoking articles.

Gigi 25:29

And they just didn't issue while this latest fishy was on bad sex, bad, bad black sheets. Talking about all those bad sex encounters, you know, going to the roadside and waiting for hours and nothing shows that Oh, yes. Yes. Talking about it, and then having him chasing you know, they also put out the big

Jimmy Carper 25:53

black book is a

25:58

guide for saying, Wow, for for bisexual, bisexual groups and things going on all across the United States. Yeah, it's a resource book. And

Gigi 26:10

you know, there are resources for bisexuals. We're growing population and certainly growing here. Yes, we certainly are. And we've got some big things coming up. We're going to the Boston conferences coming up and we are planning to get a band together for anybody to active in Bianet. If we have enough numbers when men get above and just marathon drive to the International Conference where there will be seven to 900 bisexuals running around all weekend. Oh boy with party at night and conference by day.

26:58

So if you want to go to the next by net meeting, it's every Wednesday night 730 at 2pm at 1830. West Alabama. You've been listening to after hours queer radio with attitude on KPFT Houston and ke O 's College Station. Coming up at the top of the hour will be the return of the sons of musical chairs with Billy Gilbert and Elmo and Brandi.

Jimmy Carper 27:28

Next week, we'll be doing marathon so we hope to hear from you get your calls and your donations and your pledges. And

Gigi 27:36

we didn't even get to the bisexual car rally from Roseanne Oh,

Jimmy Carper 27:40

yeah, I wanted to we wanted to just always felt this bring it

Gigi 27:45

next time. I'll do some more from that. Well, that that's famous bisexuals and Hollywood. Oh my from the movies, some that you know, and some that you might not. We got

Jimmy Carper 27:55

to do that. Until next week. Goodnight.
