winter coats and go back to llv. But, you know, we got the flannels and such, because that's that's where we're looking at is that we've, we've got this, this fight on many different angles to look at

00:16

gay marriage legally recognized gay marriages. It's not just a piece of paper and it's not just a hetero formality where we are trying to be like or assimilate into, there is an awful lot of responsibilities and benefits and stuff that goes along with if your partner gets seriously injured.

00:44

You have no saying what they didn't write, you have none.

00:49

Your partner, your lover may have expressed wishes to be buried in a traditional coffins, funeral kind of thing. Whereas their next of kin? Well, let's cook them up for a grant and we'll keep all the rest of the money. You don't get to inherit, you do not get any inheritance rights. You don't have any, any kind of say in many, many things. But yet, no, yet no. If you and your lover go and purchase a home together, you're both legally responsible, and on a lot of things. The state wants to have it both ways. They want to be able to take money from you, as if you were a married couple. But yet they don't want you to have the dignity and the recognition of a marriage. That that little piece of paper gives you that little piece of paper is a very important piece of paper. And so now we're talking got you all excited about hate crimes.

01:56

Well, let's head you off into the next part of the legislation here. a hate crime Summit is expected here in Houston to draw hundreds of people. There'll be finding a practical way to

address hate crimes by bringing together local state and federal officials during a day long summit next week. The focus event will be targeted at clergy educators, law enforcement and community groups. They will include hate crimes but will include hate crimes motivated by sexual orientation. Nancy Rodriguez mother of gay man, Paul Broussard, slain in Houston nearly 10 years ago will be attending, as well as Bill LAN Lee, Acting Assistant US Attorney General, who have spoken out for gay related hate crimes were are scheduled to take part in Thursday Summit. Houston police chief co Bradford will also be in part since 1980. As far as since 1998, brown and Bradford have greatly expanded the police department's efforts on hate crimes, including appointing a hate crimes coordinator and expanding training for customers. I'm sorry, expanding training for officers for customers, the word coordinators right above it and they kind of blended together. The idea for the summit grew out of the regular meeting. So the Houston area hate crimes Working Group, a collaborative effort that includes local, state and federal government officials, law enforcement and prosecutors. The Hate Crime summit will occur January 20, from 8am to 5:30pm. At the George R brown Convention Center, 1001 Avenida de la says America's if you wish to pre register to attend, call 713-437-6966 or you can go to their website and if you can't get it now you can email us and we'll we'll email it back to you it's [www.ci.houston.tx.us/city gov't slash Mayor slash hate crimes dot HTML](http://www.ci.houston.tx.us/city%20govt/slash%20Mayor/slash%20hate%20crimes%20dot%20HTML) or you can just email us after hours [kpft@hotmail.com](mailto:kpft@hotmail.com) And I will send you the link on that and make it a lot easier. Oh hey, be thankful I didn't include any till days in there. Also in the line of hate crimes information, the film south or sued explores the brutal slaying of James Byrd Jr. in Jasper, Texas. James Byrd Jr. was an African American man that was severely beaten and dragged behind his pickup truck by three white men in a few years ago. The committee and will also feature the community response to the killing. This movie will be viewed February Jen Didn't that already happen? January 14. Oh,

05:06

well, that movie was huge. Folks.

05:08

If you are those few people who have the access to time travel devices, the right maybe your center on Friday, there was a great movie for you to see south. Thank you, Roy for doing that to me. And I did that theme at the very last moment. Okay. We're about right. We were about, okay. Here's a Sunday, Sunday, Sunday. You want to do a Monday, Monday, Monday, Monday, Monday, Monday, and well, this one's a little trickier. Okay. If you do enough tongue exercises we can do a Thursday, Thursday, Thursday. No. Okay. Coming up soon, we'll have a Sunday, Sunday Sunday.

05:53

Anyway, folks, getting back to that hate crime summit and about that movie, The we had a hate crime bill here. And it was called the The James Byrd hate crime bill, which wonderful Republicans. Warren Chisholm, a Republican from Pompa defeated. Part of me, but I will be out and say that Republican Party is nothing more than just a nice name for the American Nazi Party. And I don't care if I offend anybody by saying, I will call it for what it is.

06:26

Remember the names to call in is big Roy, not Chris.

06:32

Anyways, coming up, we have an equality rally. Again, this is another form of discrimination that leads to committing of hate crimes. The purpose of the equality reality is to demonstrate the feelings what ExxonMobil has done, which was to rescind domestic partner benefits, benefits and retraction of their anti discrimination policy for gays, lesbians, transgender and bisexual people, employees. And it's not appreciated, and we will not allow this to be tolerated in the community. And this rally is scheduled for Friday, January 28, at 4pm at the city park located at the intersection of Brazzers and peace in downtown Houston, Texas. And please plan to attend bring as many friends as possible. The larger the rally, the better. In the larger the rally, the greater the message. And we ask that you bring your Exxon credit card to the equality rally to cut it up on site. And you will be able to apply for credit with other community friendly oil companies. And start now and purchase products only from the community friendly oil company and hold on to those receipts. Because you can send all your receipts from our community friendly oil company products and their services to their equality rallies appeal box so that they can make the statement very loud and clear. And what they're going to do is send those those those receipts to Exxon saying, See, this is money you've already lost in know and so again, plan to attend the rally on January 28 at 4pm. At Pease and Brazell Center City Park, their appeal box that I told you about is going to be the equality rally P.O. box 667221 Houston, Texas 77266 or you can email them at and I give this to Chris to read off the email address.

08:54

It's not on there at the bottom email. Is that blank? Blank? No, that's a postcard they sent out. Oh, there's no email address on here. That's where they sent it from.

09:12

Oh, well, folks, they didn't send an email address.

09:15

It's on page two of three. It's on page three of two but no there's no that's just the cute little postcard that they sent this on. attached to. There we go. E quality at W t.net or call it 713-862-3312. Okay, amazing. You have to hit me page three of two to get that information.

09:44

Well we're just anyways we got it out. We got the news out here. We

09:48

got it out. Once again.

09:50

We before you do that, talking about getting it out. If anybody has a copy of this week's he clips and you're looking at the celebrity section, they are finally report bordering on the Boy George and the disco ball that almost fell on his head. And Chris, how long ago was that we reported on him about a month, right. So once again, you hear the story. First here on after hours, news and views, we beat him on folks, we beat them all. Well, we beat them off.

10:25

Once again, the battle continues between the Showtime cable network and HBO to determine which one is the clearest of the cable stations. Showtime, which has brought us Armistead Maupin ins, Tales of the City, part two and will part one. And as well as a show at the end of this month here, which I forgot the name of it completely, which we'll be talking about later on. Once I finally get a chance to see we'll be bringing an Americanized version of Queer as Folk. It will be set in New Jersey of all places, changing it from Manchester, England, to New Jersey. Queer as Folk was a British Channel for a program kind of a telenovela, centering around three gay men, one who's the stereotypical, philanderer, the one who wants to give his heart before he gives up anything else, and the 15 year old new member to the community, the show can create a large amount of controversy with the sex scene between the 15 year old and a 28 year old. It has been called the most explicit gay scenes that have ever been seen on television. It was even featured in HBO's real sex 2000 of how sex is portrayed in other countries because most of the countries have a more liberal view view than we do. But look for this coming up and I'll keep an eye out to see when this is going to occur. There will be a US version of queer, directed by Joel Joel Schumacher, who directed flawless and Batman and Robin. There'll be a two hour pilot that will be introducing the US Series. If you're interested in seeing what caused all the controversy and where this is coming from. You can rent Queer as Folk from the Lobo bookstore, which is same part as the little materia that we talked about so often. Just go into the back part, you can cover your eyes, if you're shy, and asked to see queers folk, take a and then take B. It is a very explicit program. I'll admit, if Channel Four is a regular broadcast station over in England, I think HBO and Showtime would have a hard time showing the original program on their stations, because you do see a lot more than what you will get on American television. But I found to be a very interesting story with a lot of story plots of between a young member of the community coming out, exploring his sexuality and falling in love. The drug of use the clubs seen a whole a whole the whole spectrum of the community. A little shades a little bit on the stereotypical side, but it's still a good program to watch. So look for that coming out here hopefully soon.

13:25

18:17

discussion. Anyways, the awful taboo of sex between men hasn't been removed. If so, then why do so many of us feel so bad about it? I do not feel bad about it at all.

18:32

When I feel bad about it, the discussion

18:35

23:30

And and our stuff. Okay, and our subject for the night is but and Kelly just showed us hers. Nice underwear Kelly

23:41

should have seen wearing a G three.

23:48

Purple. Oh my god, I did not expect

23:54

a new relationship with

23:57

Kim, did you see Kelly but I did. We were gonna talk about, you know, violence in high school towards gays. But I figured it was something kind of overdone. But then Kelly said, you know why we talked about butts? Oh my god. And I think she thought that, you know, it'd be funny. Like, I wouldn't take it seriously. But um, yeah, we're gonna talk about butts. But first, let me introduce a radio station little more. This is the hatch radio station and hatches Houston area teen coalition of homosexuals. And you can reach that support group that meets every Friday and Sunday at 713-942-7002. I sound like the count. God and yeah, don't hit the mic, sir. Sorry. And if you have any comments on butts, what you preferably like and, or whatever, you know, give us a call here at 7131 of you Now but came PFT I don't like Whatever your opinion is on but give us a call you know because everyone with their preference of butts has the right to be heard.

25:11

I hope you know hedge board people aren't listening to this canvas but this is a topic for a youth

25:18

I think that's really I mean come on. Okay what gay kid doesn't think about but especially the male Of course we don't have

25:27

exactly everybody thinks about but

25:30

Your mic Bri is up on your head if you want to bring it down. Cool

your mic button is up on your head if you want to bring it down. Cool.

25:38

I mean, last time I did that. I guess it's your Magnus but yourself.

25:45

Queen but yes, Kelly is queen but she goes around work like throwing it around. Like it's funny.

25:55

That's sad. That she's the queen of interest calling her button big.

26:05

Throwing it around and she goes you run in and rolling it around.

26:09

Watch out for like Kelly throwing her butt at you. I swear to you.

26:15

I would not be able to go out in public.

26:18

She's always like, you know, the 70 spots where they fund you with their butt doing the book. I'm Kelly also will be later in the hour singing the Humpty dance. I will be out of the room. Because I know Kelly was really looking forward to that. So we will grant her her wish on radio to sing the Humpty dance and I will not forget that either. So you guys, what do you think about butts? What was your first encounter with a bud? Mum Go ahead.

26:53

Okay, I've never really liked girls but because they always were long and flat. I don't know I just never really liked girls much the first girl but I ever liked was in Corpus Christi in the mall. And this girl worked it was an older store. I'll be remember God I remember that. But it was so the first girl but I ever liked and I just I remember to this day, because I've never liked girls, but it's

almost like guys, but we're cute. Or even though it wasn't even attracted to guys. She had a really cute button. You know she ever hears this. You have a nice butt. But I don't know your name.

27:28

And you don't know where she works. So any one working at the Corpus Christi Mall. You could be that lucky but person

27:35

it was it was one of those gene places. county seat that's what it was.

27:40

Let's let's narrow it down so she might feel a little better about herself. I was in seventh grade. Wow. You're a young viewer but then what you

27:48

what I'd never liked them before. So that was like my first I always thought girls were ugly looking. And then you know, I don't anymore. All right, but if I complimented girls at but it's a big compliment because I really don't like girls butts that much. That's good.

28:06

That's good. So anyone if you ever get a compliment from Tracy about your butt, feel honored, very honored. Okay. All right. So what about you to any button counters? Kelly? I know I've seen Kelly's but now so I'm sure Kelly has

28:22

encountered my but

28:25

don't ask for my comment, please. I'm just joking. Oh my god. I'm just joking.

28:32

Kelly, it was nice. My husband takes on for years. The first time that it really affected me was there was a club called the axiom that I used to go to all the time. And one of the girls that

worked there who had like all these tattoos on her face and she was like hardcore. She wrote a poem and read it one night at the the axiom and it was called the girl with the heart shaped ass I didn't know I thought it was really funny at the time until I found out that I was the girl

29:02

with a heart shape but the heart shaped but

29:07

me no it wasn't

29:10

did everyone else knew

29:11

everyone knew everyone knew for me until it was too late. That's so I never showed my button there again.

29:18

What about you Bree? Any but stories what's your preference on the but what's your butt have to look like for you to say wow they got a good but

29:29

tight jeans

29:29

no that would be an exterior thing you can't you

29:33

can't really see it unless it shaped nicely

29:35

you know I think butts look a lot cuter and bigger jeans

you know I think butts look a lot cuter and baggy jeans.

29:38

Yeah, yeah, I

29:39

would have to say that. Like oh my god was but okay, you can go out there that's cool. I'm

29:49

gonna cry now. I know I've gotten compliments on my butt I like my vet.

29:58

For your viewers if you want to just gription of breeze but call up here at 713 Jam KPFT and we will be happy to explain what her butt looks like so you can understand the competence. You know, Sally

30:11

said I had a bubble, but bubble baths are good. I accomplished mine but before but I do not think it's anywhere near cute. I've been told it's cute and like bubbly but I'm like, Oh, gross, nasty.

30:25

I don't know. Um, my thing with buds is I was always afraid of them, you know, and I kind of find them disgusting and repulsive because the whole what comes out? Exactly. Okay. That's, that's, that's like, my little thing is like, that's what I never got about, like the gay community. Because I was always like, how, you know, just, I'm a very sanitary person. And the whole idea of getting right on in there with the most unsanitary bodily function just really didn't sit well with me and like, people try and explain like, okay, one time was really, really wasted at rascals. And then I asked this guy, I was like, oh my god, I was like, Why do you guys what's up with the whole but fascination? What's going on there? And it's funny because he just like, was going on about the tingling feeling and everything. On this, anyone out there anyone? Can you tell me about this? Because I've never gotten the whole. To me. It just seemed like it would hurt like hell, you being you're talking on a sexual level. On a very sexual level. I'm talking penetration in the butt. You're

31:31

imagining an entire penis in your anus

imagining an entire penis in your anus.

31:35

Correct. And I think that would just hurt. That could be crazy. That's what I'm saying. I don't get it

31:42

how I would just you're not a gay guy. First of all, well, I know plenty of girls that like it. Well, first of all, you know girls who like girls straight girls who like it or both? Both. Is this mic on? Yes. No. You'll be stealing my mic. You're not even talking.

32:01

share mine. Okay.

32:03

And I think that one's on this one. No, it's not.

32:07

Okay, we got two mics to the three of us. Oh, it's

32:09

okay. You guys are talking.

32:10

I've known I've known females also like lesbians who like anal penetration, but not with something humongous like a penis. Because first of all, they're lesbians

32:27

talking

32:29

we're watching you and your nice little arm things talking to Candace.

32:33

You guys go ahead and talk about butts for one second.

32:36

Okay, my opinion it does not attract me. I mean, something near that area? No. Because of what comes out it that in you know, it's not a comfortable area anyways. I guess some people I respect people who like different things because a lot of people like different things that aren't attractive to me, but that doesn't mean they're disgusting, right? So I don't think anal sex is disgusting because it turns someone else on it turns plenty of people on just because I happen to be on those people. That doesn't doesn't mean it's disgusting. And you all think it's disgusting.

33:10

I wouldn't do it. I wouldn't have

33:17

any of you guys done it. No.

33:20

I've never had sex with a guy so no. A girl

33:22

but there's plenty of ways Kelly sold them at erotic cabaret. There's there's plenty of ways

33:31

to talk. Fine, fine. Fine all admits that someone has tried it on me.

33:36

So we got somebody here who can give us all a lesson apparently.

33:44

Did you hear me? No, I didn't augment someone has tried it on me. On the in the but Yes. Isn't that the discussion of topic? Yeah. Now did it hurt? No.

33:55

It didn't hurt. I just

33:57

it wasn't like, sexually stimulating, but it didn't hurt.

34:02

It just seems like I mean, I mean, I'm wondering

34:05

if if it's not completely repulsive to me, I'll try anything once. Because if it turns someone else on and you're in a relationship with someone, then you're willing to try new things First of all, so I was willing to try something new. And it didn't really do anything for me. But I mean, it doesn't mean that I don't know what I'm saying.

34:22

My friend got his butt pierced once. How how do you where you got it? Yeah, the the sphincter you know my little my little motion little thing I'm making with my fingers. But

34:37

you're not talking I want to know.

34:39

I think Kelly's got more to say than what you're saying.

34:43

So you had a lot more experience but had some stories.

34:46

34:40

She was telling all her friends about she's gonna be on the radio so I think that's why she loves speaking is no new thing. That's all it is. Come on. Kelly, my buddies my business The topic What a hot topic.

35:08

Oh my god. I'm sorry. Well, we all ate Taco Bell right before we came in to talk about our hot topic.

35:15

Man this chalupas are good if you guys haven't tried one, I suggest you go habitually

35:20

and don't order more than two because you really tick off the employees.

35:24

All right, but this this next hour I'm going to be like, trying to prod you about your bed. What's up with it? Please do not tell. Is that due to a past experience? Fear?

35:36

Yep, that would be it. Come on. Kelly's

35:40

got something to tell. Oh,

35:42

I don't I've never had any angel experiences before to talk about

35:46

Angel person. I know.

35:49

I'm just one big anus.

35:52

Now you're white first. You're the butt queen. anus clean. Have you evolved?

35:58

aren't that the same thing?

35:59

Well, no, the bug can be oh yeah, both good is missing the anus is just the

36:03

whole Yeah, well, yes anus pierced but anyways, Oh,

36:07

yeah. Now how much does something like that cost? 70 interesting that I care.

36:15

Can you imagine what it would mean a bowel movement? What is that? Like? Wouldn't that cause infection?

36:19

Or like guys to get the whole of their penis pierced out? I heard a guy blade bled for like six months every 20 feet I was like take it out

36:29

all I know is don't ever move in with anyone that has their penis Pierce.

36:33

Now that we're not gonna hear about it just gonna you know stringing us along and then drop us right there

36:41

yes, there's there's one hole in my penis and that's just exactly enough. Yes, I don't want to go poking anything you know this my buddy and I want to go poking holes in him and stuff like that.

36:53

That's not what I heard. No, thank Kelly knows everything. What it says about you in the bathroom wall.

37:00

She hasn't been in the bathroom Justin formal listeners.

37:05

But hell, there are a lot of gems out there. Oh, God. Yes,

37:10

man. I know one time like I was getting my nose pierced at this place. And okay, so I guess we can have the hole under the pant region since I'm about talking about penises, but um, I was getting my nose pierced and I have my glasses on. And this guy had like, a zero gauge chain through the head of his penis. And I was like, now who the hell would do that? And it ended up being the guy piercing my nose. Because it was it was funny, but I was just I

37:37

don't know how to see his penis naked piercing your nose.

37:41

He had a picture of this chain going through the head of his penis framed on the wall. Oh my god. I mean, I kind of would I think I would catch on if he was doing it. And you know, it was him. But Eric Yeah, so the whole body piercing of anything below the belt? I don't I don't I don't see it. You know, it just seems too painful. For I got

38:03

my tongue pierced Some. Some girls might have had my tongue clamped, you know, you have

to you have to hold the clamp and I was having it clamped and this girl came up to the counter and started talking to the guy was about to shove a needle through my tongue. And she goes yeah, I want to get my clip pierced Do you want to do it and I looked around the corner my eyes right boom with the needle I was like oh my god totally shocked me. It was the first time I'd ever heard anyone wanting it or anything else like owl and then No, I'm just glad before he did that

38:32

yeah, they're cemetery you know,

38:35

I'm just saying I'm glad he hears my tongue before he did that.

38:38

Come on you all I didn't bring into the show to be like,

38:41

aren't you? Kelly you I know that it's so me look

38:44

on Kelly's face. There's some stories about her but she wants to tell us what do you call her in you guys and they want to hear stories about Kelly's but I know some of Kelly's friends are in maybe you can tell us some stories about her but I mean come on. Let's get some stories out over Oh,

39:02

I have to go the bathroom

39:09

you might learn a lot about my butt tonight then.

39:15

Breed Do you have anything? What's the craziest thing you've ever done with a bud

39:25

Okay, well Kelly take this one. I got a magic marker and wrote a little I love your message on my boyfriend's but while he was asleep and he didn't know and he went to get take a bath and he was sitting in the bathtub. And I got like a little reverse print of it on our tub and magic marker. was cute.

39:45

But that's not your but

39:47

I had a teacher in high school who used to have like asthma attacks and passed out. And she told me one day that her her son and daughter would like right on her butt while she was passed out. While she was in a coma they vandalize her

40:00

A teacher. I would never admit that to one of my students. She was cool. She was cool, apparently. Yeah, cool enough to tell you but stories where you're not cool enough to tell us about stories.

40:11

What about you we go back to you because Kelly's wasn't as interesting as I anticipated. I really have any. You don't have anything read

40:19

doesn't have a but

40:23

doesn't have to be acted on oneself?

40:30

I can't think of any right. Am I think of any? I promise? I'll tell.

40:35

Okay. I promise if I think of any, well, you guys put in anything. I mean, we've got put in anything in our but that would that would be on the story now, wouldn't it? So

40:46

cancel? You want to start something small?

40:50

I'm gonna pause the but segment right now to kind of talk about a little stuff that goes on with hatch, because, you know, that is what the shows about. But since a lot of hatchlings think about butts, I thought it'd be nice to you know, have a bud show. But um, anyways, me, Carol. And, Vicki, me, Vicki, me being Candice. We're on the steering committee of hatch, and Carol's the program director. And we went to Jesse H. Jones High School to talk with the educators there on safety for gays and lesbians in the high schools. And I have never seen I don't know how to put it, but it was really depressing, I guess, to see like all those people denying the whole the ignorance, they were very ignorant to the cause of gays and lesbians and just the safety of it. They they acknowledged that yeah, faggots and stuff like that, too used a lot. But they said, you know, it's just them calling each other bundle of sticks. And we're like, okay, yeah, that's what they think you big bundle sticks. But it was it was really interesting. And that's the thing hatched does is they go around the high schools around the outlying Houston area, and talk to the educators and if you would like hatch to talk to any of the students that you're our students or teachers at your high school contact patch at 713-942-7002. And we could set up a meeting with some of the educators and it can lead to better things. And on an entertainment note, anyone who likes movies go see Girl Interrupted, because it's really really good and went on and Angelina Jolie they kiss Yeah, it's really good movie. Really nice and, and you got Angelina Jolie Clea DuVall, Winona Ryder. It's it. I mean, they wouldn't even have to speak sit in a room and it'd be a good movie, but since they do, it's even that much better movie. So yeah, but anyways, back to the butts. Just had to put that stuff in. Okay. You guys are excited about button more Aria?

43:00

Because our main character won't talk. I know Kelly, I

43:03

dedicated the whole subject. So I thought you had some dish. Maybe you want to sing your song? No, no. Yeah. It's not ready yet.

43:10

I need to warm up.

43:12

Come on, people call in Let's talk. But we want to hear everyone's but story. You know, Guti gruesome, you know, call it in? Let's find out. I know, I heard I read the story one time on the internet. And it was the most unusual thing for me. I'm, I was I was quite surprised by it. Um, it was this guy, right? Who was like washing his hands in the bathroom. And then this other guy came in, went to the bathroom, you know, in the stall guy in the stall Hinton, and then he left and the guy went into the stall after him and the guy had forgotten to flush. And then he proceeded to eat was in the toilet. And I was just like, Oh my God, because, you know, I didn't think that people like, really did that. And I was like, pretty funny. Look at went into like, such detail and stuff. Like, you know, like, you know, the nuts and everything. It was you know, for you guys. No, no more that dropped the children. Oh, man. I just it was weird. But story. I came out of the butt and it'll come out his butt. So it was a bad story. We're not talking.

44:26

I true. I don't have to worry about eating doodoo you got good. Sorry, but I'm not going to participate in that particular conversation. I don't know anyone like that.

44:40

Okay, so what have you had a finger strap on up your butt?

44:44

Oh my god.

44:45

Let's talk butts frankly. A finger a finger.

44:50

Yeah. Oh my god. I would not let anything bigger than that near

44:54

to feel like kind of doctor ish. Since you've only want to talk to you about your butt's sorry and I don't want to ask the gods

45:01

apparently. You have a lot of guests. Well, I'm not gonna be the only one who's ever done this. I

45:09

know I know plenty of people.

45:11

I mean, like I said, I didn't do it for my interest. I did it for someone else's because it appealed to them. Right. I did not ask them to they asked me if they could and I said I'd try anything once. I didn't like it. It wouldn't happen again.

45:22

Because he Okay, I'll say it but story. I had to go to the doctor's once. And that wasn't fun. So humiliating me. How's that got to do with you? I'm talking about a doctor having his finger at my butt. That's pretty much it was

45:35

a doctor not by choice. You're like all like making
