That's okay, we're here for you too. So sit back, relax, and enjoy this week's edition of after hours.

01:56

Oh, yeah, the phone is ringing away. You are listening to after hours. Hello, Houston. And we're heard every Saturday night at midnight right here on KPFT Houston and ke O 's College Station. I'm Jimmy Carper. And I'm Peter. Yes. It's the Peter and Connie Lingus show.

P Peter 02:15

Minus the Linga again, now Lingus I think she was on the Titanic. She's gone downtown. She's gotten there's I know she's going down I

02:25

promise you she went down but

P Peter 02:26

I think that's the problem. And she went down and there she

♀ 02:32

is with this girl. I don't

P Peter 02:34

know honey. I don't know. But I thought it was just the midnight buffet but I'll be

♀ 02:42

better She's addicted to it.

P Peter 02:44

I believe you're right. I think that was that going down? Yes, yes I think so. Honey, what is happening? Well, seeing you in a while I

♀ 02:55

know it I know what I know with it. You know all kinds of things going on. I've got brand new music

♀ 02:59

we've got a brand new brand new music

J Jimmy Carper 03:01

ride.

♀ 03:03

Oh, by Denise Frankie Denise Frank who's doing a benefit for KPFT she she does kind of Texas Music and and on her brand new album right here on that last song you don't know me? You don't know me. Not that one wrote herself and you don't know me because she says in there

you know me not that one. wrote herself and you don't know me because she says in there because I'm a woman loving woman. So playing that one later on well, Dad new music and it's all good.

P Peter 03:31

Oh my god. We just got it all. I just got done with a big birthday blowout. Oh, who's that's why we're just hardly moving this man. We just spent too much time grazing at the buffet table. They had these wonderful things. Have you ever had an armadillo egg? No. Well, I've been not really up until the eggs but what are they really imagine? A stuffed jalapeno pepper. You know the jalapeno pepper was stuffed cream cheese. Now you take one of those and then you get Italian sausage. Yeah. And you would make a little meatball with the thing inside. Then you would like put them in shake and bake crust and bake them until they're nice and done. And put them the fridge and cool them and then when it's time for your buffet, you slice them thinly. So now imagine here's a little slice of hot sausage with a little jalapeno and it'll cheese. Oh, God, they were so accurate OD on those. Well that sounds real. Yeah. The lil Joey hertz birthday. No, yes, it is a wonderful member of our community. He in fact, was very instrumental in getting Stephens house started no kidding us because when he got transferred, he was more than generously rented to them and that's where they got their little start.

J Jimmy Carper 04:51

That's very nice. That's very nice. There's no There's a lot of guys like that out the the where the switch Bored rants is the same kind of situation that the, the the owner of it is renting to the switchboard for very, very cheap. Because it's the switchboard. You know, it's just a great situation. It's

P Peter 05:13

just a wonderful little Yeah. I love it because it was very difficult in the beginning finding. Absolutely. And when you get threatened, you know to have be crosses burning your front yard. No, especially not bring sick people.

05:28

But but these are the kinds of people who are the real heroes and the kids. Yeah.

P Peter 05:32

And it was real fun because the whole world was there. And it's just,

05:36

that's not a lively night who could food. Ooh, it was fun. That's what we lie.

P

Peter 05:41

Yes. Yes. We just had a good old time. Good. Good. So we're just like,

♂

05:47

Oh, you got to top 10 lists this week? Yeah. So we've

P

Peter 05:51

got a couple little things. We got to hit on about some things that are coming up, but may not get hit on later. So I decided to there was

♂

06:00

a letter in the box. I don't know. Got it from from Lou. With some new jokes.

P

Peter 06:06

I didn't see I didn't see that.

♂

06:10

Yeah, check with Michelle something. She got that.

P

Peter 06:12

Okay. And I've got a couple of real hot jokes. Oh, yeah. I may even try and tell them when I told you earlier if I could get on the radio. We've got a couple of those. And we got I know a couple you haven't heard before. We got the top 10 things not to say to a cop and you're pulled over.

♂

06:34

That's probably really good. People want to tape that bit.

P

Peter 06:37

Yeah, that's a good one. We may even have a little depending on we have some titles of the world's shortest books. Oh, yeah, we have some of those.

06:48

That sounds like fun. We have a little questionnaire to

Peter 06:51

determine your gayness well, and maybe how gay Are you? How gay Are you? One of those we can do that. We just have a little myriad of things that are all possible.

07:03

And I say you have one of the we do research and establish

Peter 07:10

respected and established the news weekly world news. I don't know where this even comes from Maven come from Canada for all I know. Are we It doesn't come from Canada. It does. And on

07:23

the wealth No, no, you can count on.

Peter 07:26

Somebody has enhanced I presume because I'd last time I searched and look this big. Enhance the very voluptuous Hillary Clinton, ah, magnon man and Messiah is bigger than the drag queen I've ever seen in a bikini. Oh, that which is

07:42

pretty big. That's bigger than Jenny Craig.

Peter 07:44

My Oh, honey. Listen, this whole thunder thighs here. And I love to any gray. And she is she's in a little. Just to to to practically and until he says the first fat so Hillary could gain 200 pounds from the marriage stress state the top strength. lead article. Oh, yes, sir. And that is just a bad ugly picture. Yes.

08:08

Oh, goodness. Oh, anyway,

P Peter 08:11

we have all kinds of fun things, our little research departments done and you know, yeah, yeah. And you have something that you need to share with us? Well,

J Jimmy Carper 08:23

something for a member of the community has suffered a loss. I see Bill O'Rourke below. Because he's a member of the of the crew. He is He's also a member of the court, the Royal Sovereign Imperial Court is a single star. He's an actor. He's just all over this community. In fact, because he left a message on my machine earlier this week, because tonight is the last night of his starring role in Macbeth down in Dickinson. Whoa, we've been plugging that every week. And he said that right after that he was going to have to fly up to wherever his hometown is, because his mother wasn't doing well. And he's going to have to, you know, clear out the house and, and probably put her in a nursing home and he's probably going to be up there for a couple of months. Oh, so I got word this evening that his mother has passed away. Oh, really? Yeah. So. Oh, I you know,

P Peter 09:34

thought you would make a little musical trip, you know, yeah. Because

J Jimmy Carper 09:37

death is just no matter even if you're expecting it, it's it's just a blow. And it's no loss. You know, I know that with even when

P Peter 09:49

you're wishing it would happen. Yes. Oh,

J Jimmy Carper 09:51

yeah. But, but no matter how you prepare for it, the eventualities of it. It When it happens, it's just, it's just a blow. Sure. And I want bill to know that we're with him out there and thinking of him. Well, how nice and you say, Bill was very in the very early, early years of the show. Like, like the first year, Bill wrote for the voice. And he wrote the first article about after hours. He came in here, he came in here and you know, stayed during a whole show and watched buddy and I and, and whoever, whatever guests we had and wrote a really amazing article. And, yeah, and so well, let's do a little when I was looking through for music for Bill, you know, it's just I looked at all of the new stuff. And you know, I've got lots of new gay artists putting all kinds of

wonderful music. But I went back to the basics, something that buddy used to play and I still play. I just haven't played it in a while and it's something that it means different things to me at different times in my life. It's Michael Callen, the late great Michael Callen with love don't need a reason. This is just for you.

P Peter 11:22

Oh, you're too good to me. We got some male we have male voice and you know speaking to male Yeah, we ought to reinstall our call ends. We just haven't been getting the call in cycle yet. I don't know if it's because big fat write it into the phone out there. I don't know if it's because he won't patch them on through here. So we can talk to him. He dances his little note that he hangs up. You know, it's a date. That's the only

♂ 11:48

he's turned off the May I'm a little leery about doing on air call.

P Peter 11:53

We can cut them off in a heartbeat if they get nasty before. Okay, I remember cutting somebody off in Pasadena one night in the middle of board. Gone.

♂ 12:03

And they didn't even get it out. They didn't even get it fast on that. But

P Peter 12:07

we could do it. No, really. I was we were at a party and I thought for sure you were there. I don't know where in the world we were in. But remember the guy that walked up? I thought it forgot it for sure if it wasn't really going bad. guy walked up to him said how come you don't do the college? Am I really he listens to the show all the time. And he said, I love you. You're out somewhere and they tell you I listen. This just makes you feel so good. And he said y'all don't do any columns. You might not do why don't you take calls like y'all used to?

♂ 12:31

Yes, that was it, Louis? It was at Louis.

P Peter 12:35

Well, that's where we were where we were out on the patio. I never will forget that. Yeah. Oh, sweet. Gee, I'd love to tell that story. But now they're telling me here because there's too many

names of people prominent in this town that would be subject to really enjoyed all that was going on at that one.

12:52

Thompson's performance. Yes. Well, I really enjoyed that. Oh region. Emperor of the court. He was having a good time and I love

Peter 13:05

Yes, yeah. Love

13:10

Yes. So much to watch too.

Peter 13:12

Well, there was Thank you pumpkin. Oh, honey, question. Mine like it does anybody drink it that way? That she's Michelle just brought me a lovely cup of coffee ladies and gentlemen. However, I like mine just like I like mummy and dark honey. Can you drink that one baby we got no sweetener, honey. Black and sweet. No, just dark. Black hot. Yes. And yellow above will do just fine. Thank you very much. We have a lot of

13:50

the uninitiated that sounds really sexist with with the woman bringing the coffee and well. I know that Michelle Michelle did that without being asked? Yes, she is. She knows that we like coffee and

Peter 14:05

just brought it in it was replaced. No, no, don't go there. We got a little note from Lou and then the week are our friend Liu. Who said she misses Connie but I'm telling you Connie has gone down with the ship honey to get over it. How

14:20

she's gone down on Lou. Well,

Peter 14:22

she did do when they miss them and I watching why she wouldn't be too busy to write or writing would be a whole lot chunkier than this letter. The cannibal describe the tasty chicken. I don't know taste a lot like humans. What's the quickest way to clear out a men's bathroom. Yeah, bliss. No nice dick. What's the difference between now let's see. What do you call an attorney with an IQ of 50?

14:54

I don't know your honor.

Peter 14:58

There on them joking.

15:00

And let me yes I need to remember that river yeah for my honey

Peter 15:04

oh we have a couple of things here we really need to talk about now there first of all ladies and gentlemen be some beauties we want to call your attention to the fact that I'm sure it'll be called your attention to the back may dimes picks now and then however, on May 6 at 8pm at the BRB there's going to be a roast of Mr. Wonderful dice Gil F miss their their everything. Don Gill Yeah, who did by the way, put on the most outs standing night and black leather. It was wild raised rates and raised over \$10,000 edible and I mean there's a great article written by a letter I guess it's not really an article it's a letter in the under the letters in the twit column at St. Stephen's house with the benefit of the man this year the executive director wrote an article in an Indian nice Kevin Nice job and he's talking about the real joy of the thing was the way down Gil pulls all the community together to pull one of these things off like the night before when Carmen Del Rio entertain he had all these different organizations that accrue the this the that the dark garden pride the whole and everybody bring food in so they were all caught into the whole thing. Yeah, different ones. I'm we're all part of the entertainment dragon whether together ag leather, you name it, it was their fantasies crazy. You name it. It was all there. And it was a really fun night. And they raised just a hell of money, rather, but

16:34

where's this money that

Peter 16:35

came from all around to that? I mean, this is a big deal. I mean, he's got people all over, you know, floor. I mean, well, there were people there from Florida and all over the place that night

anyway. And ooh, and they were he brought in some entertainment from Dallas. Hello,

16:49

Mary. Arbo. Larry Arbo, the singer, I relax.

Peter 16:54

Oh, speaking of how I like my coffee, girlfriend. Best chocolate but it's Denise under my bed. Anyway. Um, so we that we really want to call everybody's attention the fact that Don Gill does just work like hell for that he does. Plus he's running PW Holly charities himself and trying to get out of the way and a business and a lot of other things. And I think he now does a heck of a job by pulling everybody all together and, and plus having a good time. And raising money for somebody and enjoy and pulling people from Dallas and all over hill. And all the organizations in town and just making it look like it's smooth as a baby's been. Let

17:33

me tell you about Don Gill, I have seen him and all kinds of situations, you know, tough situations and situations where people didn't show up to do what they were supposed to do. I have never seen him without a smile. True. never

Peter 17:47

true. And I've never heard anything bad about anybody. No. Well, they're doing this rose for Don Gill at the BRB on May 6 to date. And I highly recommend everybody come into that baby and show them that we appreciate this guy for his work for the cat.

18:03

You bet we will be talking about that every week. And

Peter 18:06

another thing that I'd like to call people's attention to is she does Chico's does check us as well. What are those Chicka big difference between Chuck Chico's and cigales honey I prefer the iOS but this is an OS anyway that they are doing another production I we've had them on the show here before talking about different things times. Yeah. And portions of their proceeds always. They always donate to charities. No kidding. Oh, they always do. They're wonderful. That's what we know. And dos Chico's production is Friday and Saturday nights 8pm through April 4, which only gives you this weekend and well. Yes, we can because it's already Saturday. Yeah. To my tongue. I got caught in my teeth. Anyway,

18:50

whatever many weekends are in this time. They usually want to, you know, well,

P Peter 18:53

I know and I it's probably my fault. Well, I

18:55

hope we didn't piss them off. No, we

P Peter 18:57

didn't piss him off. No, no, not at all. And it's they've gotten a new location. It's at the Commerce street artists warehouse. located downtown just Elisa downtown at 2315 commerce street well those folks are just all overdue and they just are and it's Anthony Schaefers murder directed by David Harlan and warning graphic violence and nudity now homosexual people out there go out there and pretend so theater. So for reservations please call eight this number 621626 That number again 8261626. And to see murderer put on by those Chico's production looks really really really good. Yeah, it's kind of a fun thing. We wanted to do that. And the other thing I wanted to tell everybody about especially Vu are they have two more things to tell you One Did you know that tomorrow at noon, noon, noon tomorrow noon tomorrow at noon, Myrna it starts earlier than that but Nunes

20:12

go to bed at five in the morning?

P Peter 20:14

Well, it may not make noon then are you making the two o'clock before? Yes Okay. You'll be up by then. Barely. We'll be looking for you. Anyway the Moto softball league unity three sports kicks off their season tomorrow there will be political figures present to throw out the ball right and do all sorts of things oh I know rainbow decline will be rainbow the cloud will be there with her bells and things on

20:42

whatever it is she's got on.

P Peter 20:44

They are kicking off tomorrow they were going to do it at that field right over there off of you know Jackson right there up a wall and all that but that's not open yet by the city. So they are doing it at the Memorial Field one and two off the backside of their you know behind the track. However, the Bayou City Art Festival is also going on Memorial Park so parking is going to be a bitch however if you come in off of West Scott and in Washington and places like that or if you just go downtown jump a little shuttle and take it out like you're going to the art fair to kill two birds with one stone you can do the Montrose softball league kickoff opening pitch out by some great mayoral political figures somebody I don't know who anyway, that starts like at I think like about noon or so. At the old field over there on whatever and I think that if you still really wanted to play I will venture a guess or probably a couple spots on some teams are still probably looking for a few

21:55

than they see. And they have two different kinds. They have, you know, like three really?

Peter 21:59

They're really good, that kind of good and who gives a shit?

22:02

Oh, okay. I thought it was just two.

Peter 22:05

And guys or gals. That's right. It makes no difference. And it's just a really fun thing. And I keep hearing from a man and he can kind of where do you ever meet any band? Yeah, hate to go didn't go well by God have a job? Bucha attack or whatever attack?

22:23

Oh, here we have to do it's fun just to go and watch this part of the

Peter 22:26

Wives Club. Great Wives Club. Oh, man. brixon They got a cheerleading team. So if you don't want to play ball, you probably can help be cheerleader. I want to go kid. Yeah, they got their own cheerleaders this year. Oh, it's gonna be the other night. Anyway. So the and this is a great way to meet people spend it, you know, get a tan watch. I mean, there's it's a lot of fun. It is a heck of a lot fun. Plus, Microsoft colleague puts on two absolutely screaming parties a year. And one of them is this incredible, like Casino Night thing. And the other one is the turn about the Jackson dresses. That child is to die for. That is the funniest damn thing you will ever see. And I think they may even going to be having three things to share. I'm not sure but I'm almost

sure they're organized. They do. They end there. And they make. I mean, they make their money and they play other things. They do all their own stuff. Have their sponsors and then they give their money to charities. Yeah. And this year, it's going to the loving arms and Stephens house. Right. So it's just it's an it's a fun, fun bunch of people. It is a fun, and I've gotten set up with the Wives Club before and it's a

23:38

step which really is a lot of fun. It's it's more fun than I think for me. I wouldn't enjoy playing so much but I really enjoy. Oh

Peter 23:49

yeah. And get a suntan and yeah, big fun for words. Yeah, and

23:53

have cokes and hot dogs and all of that kind of stuff. And it's fun.

Peter 23:57

Yeah, it is. And the other thing are you are going to be up tomorrow by two o'clock I am at Santa Fe Yes. I am good for you, baby. Yes, I am has tomorrow is the crew membership rush party. Yes. Rolling buddy rush party. Anybody interested in joining the crew of Olympus, which is a wild bunch of crazy people who get together make big fun things happen in this town. They put on this incredible ball every year. They're a they're like a New Orleans brought to Houston. They celebrate Mardi Gras all year long kind of a crowd

24:34

and their entry into the pride in the Pride Parade is they do that is phenomenal.

Peter 24:40

And they do 12 Night pro thing and they do. Oh the Halloween thing and they do all Cajun things and crazy crazy Mardi Gras stuff and they just have a hell of a time. They're a fun bunch of people. And those children sure do know how to put away the libation they can party they do know how to party. So some people if you're thinking about may be wanting to join the crew of Olympus. They're having a membership rush party at about two o'clock at night and they will be giving away last year's awards to their designated chair. Oh, okay.

25:11

So a charity. They're giving an awards for people

P Peter 25:15

that did a lot of wonderful things for the crew this year and et cetera, et cetera. Great. Too much fun. We can just come on.

∅ 25:22

Are we stealing all of the news from the show? No, no.

P Peter 25:24

I just wanted to mention that really. Last year, they were the Klan organization of Grand Marshal. They were they certainly were Yes. They certainly were.

∅ 25:34

And I was really proud in fact, because of the crew. Actually, I put Grand Marshal male Grand Marshal will

P Peter 25:43

indeed you weren't how well remember you and your little pig to two.

∅ 25:47

Because Bruce Reeves from the crew nominated me. So

P Peter 25:53

no, yes. Well, I'll be darned on the

∅ 25:56

advice of Bill or Roark as a matter of fact,

P Peter 25:59

is that a fact that honey it's it's not it's all in the family isn't it? It's a family thing and says gay male family can play okay

26:09

it just our family gets so big sometimes we lose track of those guns twice removed. You know, they go off into the Republican ism. I don't know it's Oh. Coming up for Easter is going to be the high heel race. The I don't know what the planning is on that yet. But I've heard from from little birdies that the Mary's is having that high heel race again. Oh, what they're doing. This is a really neat deal. It's sort of like a marathon. You know, they're gonna get it

Peter 26:47

like a marathon. Yeah, pledges.

26:51

And all the proceeds go to the gay and lesbian switchboard,

Peter 26:56

which is that night, which he had no kidding, because they're broke. Hey, what can we say? After tomorrow?

27:03

This is great. The high heel race at Mary's is coming up. So God if you're interested in

Peter 27:09

the big AIDS Walk for those of you who'd like to do it in flats, it's coming up in May. Or tinny. Or robber. Whatever.

27:19

This is gonna be a whole lot of fun for Easter. Jimmy. Yes.

Peter 27:23

What does an 80 year old women have between their breasts that a 20 year old doesn't?

27:28
