## SPEAKERS

Chris Harrison, Bobby, Roy McCarthy

---

 Chris Harrison 00:00

Your opinion, the radios, the radio station canceled the show. I don't quote I don't feel I've done anything wrong. Unquote. Ms. Brown said after her arraignment, they could face up to five years in prison plus fines if they're convicted. The trial is to be held in October.

 00:19

Let's hope they don't get Martha's judge.

 Chris Harrison 00:23

Now, the prosecutor said that it doubted it's doubtful that either one of the DJs would do time but quote it's an important case but it's mostly as important as a social statement. Societal statement. There are very few of us who would disagree that when it comes to distribution of explicit materials, generally society we think that's inappropriate. So here we got the little the little visant town of Conway Arkansas that some guy spread what was it three tons? Yep, three times. Now, you know, after the after the Houston primary we have about three times a horse manure, but that's from the parade participants.

 01:05

I thought it was just one of those Mounted Police them too. But

 01:09

please don't get mounted until afterwards.

c Chris Harrison 01:12

But you know, here's someone claiming it's free speech to spread three tons of manure down a parade route before the parade begins.

B Bobby 01:25

And then you've got to Arkansas was such a activist and it's Conway

C Chris Harrison 01:30

Arkansas Who ever heard of Conway Arkansas.

R Roy McCarthy 01:34

parents live in Arkansas. Conway Twitty? That's how you got the first name of his

C Chris Harrison 01:43

What are you raising your hand for us?

01:47

Who's heard of Conway? Yeah,

B Bobby 01:48

he has

R Roy McCarthy 01:50

a certain kind of way.

c Chris Harrison 01:52

But it's in the weirdest thing is you know I didn't hear about this in the media here. It's an Australian newspaper that's covering this story. Well

02:03

02:03

that's because the mayor of Conway decided he had to shut things out fast well actually

02:08

cuz if they have a gay pride parade there that means there's gay people

02:15

he's not ready to come out of his closet yet.

02:20

He was the farmer that spread the manure

Roy McCarthy 02:27

I read about the manure story and the triangle.

02:30

Okay, I actually saw it on the crawl thing on CNN Headline or something like that.

Chris Harrison 02:35

Okay. I thought someone Oh yeah, I'm reading more things I typed in Conway Arkansas I turned I just typed in Conway Arkansas gay and my god there's a there's a game there's a gay newspaper in Conway Wow. Really? I'm sorry it's not a gay newspaper. It's it's their democratic

03:13

easy to mix those two unless you're a log cabin

03:19

never Democrat Confederate

Chris Harrison 03:20

law cabin Democrats.

R Roy McCarthy 03:22

Welcome a Democrat in Congress at Conway.

C Chris Harrison 03:27

Population at Conway

♂ 03:30

they got a shovel all the crap out before they can count on

♂ 03:37

oral sex sex in Arkansas according to Bill

♂ 03:47

Street. Okay, let's talk about the pornography stuff.

♂ 03:56

I can't believe the 16 year old squeals

B Bobby 04:00

because the manure story is much more amusing.

C Chris Harrison 04:06

People out condoms. Yeah, I mean, that's okay. Okay, here we go. The population of this town is 43,167 According to the 2007 census. 3000 So that means about 4000 gay people

♂ 04:33

clearly explaining

♂ 04:35

clearly the manure spreading was an act of desperation or something was an act of some oh

 Chris Harrison 04:40  
my god was an act

 04:42  
of bitter rejection.

 04:43  
We know where to go shrimp picking now.

 Chris Harrison 04:49  
It's a college town that explains there's three colleges in this little town.

 04:57  
There's probably more than 4000 gay people.

 Chris Harrison 04:59  
Yeah University of Central Arkansas Hendrix College which sounds like should be a music degree school but it's not it's a liberal arts college and Central Baptist College that's

 05:19  
the by curious kids are at the Baptist College to buy certain kids are at the liberal arts college

 Chris Harrison 05:24  
okay we're also talking about a town that all that has the third the first weekend in May a Toad Suck Days Festival

 05:39  
there's there's actually a town in Arkansas called Toad Suck Arkansas. I said you were talking about Conway and I was like there's a Toad Suck Arkansas. There used to be a guy that worked at Charlies years ago named Marty. That was one of the finest men you've ever laid eyes on

and he opened his mouth and he taught like this and he was from Toad Suck Arkansas.

 Chris Harrison 06:05

There's also a Toad Suck poem. Everybody

 06:07

just thought that was a pickup. Okay,

 Chris Harrison 06:09

I found the two gay mechas in Conway. There's a Toad Suck Park and pickles gap roadtrip. So apparently, you know we don't need squirt.org to tell us where to go when you go to Conway.

 Bobby 06:32

Just find the gap with the pickles.

 06:36

Next, their next Pride festival.

 06:38

We shouldn't make a caravan and go to alias.

 Chris Harrison 06:43

Fuses come in. Okay, there's just too much. I'm afraid to click any of the other buttons on here where it's

 06:56

just random. Just a random, you know? Depends on how close you are to the toad.

 Chris Harrison 07:04

I clicked on restaurants and four fortunately just starts with Arby's. So it says gay there's two Mexican restaurants el Acapulco and El chico. Chico Chico you're out here with the Grecian grill

07:23

my favorite waiters over backwards for you

c Chris Harrison 07:26

country Cafe spelled with ks country Cafe house yeah, I guess I didn't want to go with country  
Cafe country cat fish cafe and all

07:37

three kings Yeah, that's yeah that's where all the gay people are really hiding out it's all this  
white sheet

c Chris Harrison 07:51

yellow Daisy tea room and restaurant

07:58

that's transgender

c Chris Harrison 08:05

all right all right. I think we I think we've belittled our neighbors to the north feast enough

08:12

I'm really wanting to go to Conway

c Chris Harrison 08:15

OH MAN Yeah, what we'll all stay at see the first hotel they talk of? They don't have hotels they  
only got motels

08:23

even better.

08:26

They don't have a bed and breakfast Come on. To classy Queen somewhere has a bed and breakfast.

08:34

Or at least a bed.

Chris Harrison 08:37

Bed. We're only gonna we're gonna get an RV. We're just gonna go for still our way up there. There's links there to TV Guide is taking you to the TV Guide. Okay, they don't even have a newspaper? I don't think so. Do we dare talk about the porn distribution? Well, they should tell us what porn they were distributing.

Bobby 09:01

And you can hear the the shotguns going as the pagans that the amp garters and, and everybody and all these happy little Queens walk into that town right now.

09:16

The thing is, like, you know, most gay most of the gay community doesn't really consider a lot of things porn. Yeah. You know, I mean, what would we consider is not really porn for our strangers.

Chris Harrison 09:31

Don't mean to belittle it, but I said it before and I'll say it again. When I first saw those pictures of the Iraqi torture videos. I swore that was the hottest gay porn I'd seen in a while. And then I suddenly realized, this is a torture

09:44

video. We view sexuality completely different than most streets. I can

Chris Harrison 09:48

go find someone down the street or pay \$100 to be dragged around by a leash. Some of them are in the room. I think.

09:55

If you took photographs of it and passed it out in postcards, you'd be considered disturbed.  
Getting porn in Arkansas meanwhile

10:10

the magic mushrooms girl on the couch

Chris Harrison 10:15

so I you know, I didn't think about researching more on the lovely downtown Conway Arkansas when they said they spread it on two streets I don't know if he said it we spread it along via two streets of Maine and plumb your art once you get off, man you're plumb out of town. This is kind of scary.

10:38

Yeah. Okay, the creek. Alright,

Chris Harrison 10:40

so let's see here. Where are we gonna go to next? We're gonna do a little political stuff. You had some stuff you wanted to do, Roy?

Roy McCarthy 10:47

Yeah, I just wanted to say Houston has been singled out by the National Gay and Lesbian Chamber of Commerce, the Houston the Houston Gay and Lesbian Chamber of Commerce. Actually, it's the Greater Houston gay, lesbian, bisexual, transgender Chamber of Commerce. It's such a big along for having major international corporations and national corporations do business with Houston gay businesses. And earlier this week on went this past Wednesday, the Houston gay and lesbian Political Caucus endorsed 17 of 19 candidates that were seeking their endorsement. This is a milestone for the caucus, the people that the caucus has endorsed for the 2004 general elections for the state Supreme Court. They've recommended David Van OS, first court of appeals Jim sharp, and a whole bunch of others if you want to know give me a call here to station and it's a big ol long boring list but or

Chris Harrison 11:54

you can go to their website which is caucus.org. Yes.

R Roy McCarthy 12:01

It's a Kelby, HDL pc.org.

C Chris Harrison 12:05

Thank God for acronyms. Sometimes they need us more often. Speaking of acronyms, we had one article on here that Jimmy given us talk about HRC was going to be discussing whether or not they're going to support legislation for that includes protections and benefits for transgendered people, as they try and push for ENDA, the employment non discrimination act, as well as local law enforcement Enhancement Act and the federal hate crimes bill. And you know, there was a lot of talk about HRC, just kind of giving lip service and attaching on transgendered and not doing anything about it. And several protests were planned, the transgendered menace group was going to be protesting in front of HRC headquarters. And the latest word is that the HRC has adopted a policy that will include gender identity and expression, as well as sexual orientation to ensure that every gay, lesbian, bisexual and transgendered American is protected from employment discrimination. So that means that finally HRC is reluctantly and kicking Lee Yeah, they're being dragged into the point of you know, that they're going to back end. Because in the past, they were only willing to support endos if so long as it said, gay and lesbian, because, you know, we can probably get that through. We don't want the we don't want the bisexuals, we don't want those trains. We don't want those trainees in there. Because, you know, we probably can't get the bill to pass. And people say, hey, it's all or nothing. And you know, finally HRC is coming along to that.

R Roy McCarthy 13:37

Also, also, it's just been a historical fact, especially in this country, that people who are haters, once you legislate something that they can't hate against, they will find another group to hate against and it was just you protection for gays and lesbians. transgender kids would definitely be getting fired from their jobs and stuff. And their employers would say, oh, but there's nothing in law that protects them.

C Chris Harrison 14:08

Okay, well, now that we've come to a screeching halt I guess we need to go find some other town in Arkansas to pick on.

14:18

We could just go back to being our material layer.

C Chris Harrison 14:22

Let's take a step out for a moment. Regroup and play a little music. What do you want to win right TV? You can't have it. Not go away. You can't tell me I can't have

R

Roy McCarthy 14:40

a co producer he can't wait.

B

Bobby 14:42

He just did.

∅

14:44

What you've never offered me.

R

Roy McCarthy 14:46

Oh Chris, that was such a that's such a lovely picture of you in the voice

C

Chris Harrison 14:51

again and again as showed up showed up again.

B

Bobby 14:54

Yeah. So photogenic Poor,

C

Chris Harrison 14:58

poor Stacy in there wanting King chaser. Okay,

∅

15:01

sir so hot. About like 300 pounds too skinny if you want to.

R

Roy McCarthy 15:06

Crew Chris has pick up this week's edition of The Houston voice. He's in the clip section.

C

Chris Harrison 15:12

I was on the front end.

R

Roy McCarthy 15:14

He's also a cover boy. You are a cover boy. Thank

C

Chris Harrison 15:18

God twit hasn't come back. Come back. Well, you know, it's a smaller edition of twit so that I can't be the cover boy on that little copy. It's gonna need at least a centerfold. So, let's carry on how much ma trees must die to produce my picture.

♂

15:40

Remember when Mama Cass was the center pole for like Crawdaddy magazine in the 60s in a in a sort of bed of days. My lovely. Oh.

C

Chris Harrison 15:57

Okay, now we flush that memory from our mind. We're going to play a little tune here. The artist is Bob Hartman. And the song is coming out and we'll be right back all right, I'm gonna pull that down with a little in the background some bed music for a little bit. That's not Elton John. That's not surreal. It's Lady Mark Smith. Alan Smith. Doing a version of Daniel song can put in the background before that was coming out by Bob Hartman. I don't remember what the song was when I when I picked to play it. But I do. Do like that one. So let's bring it up here at the group. We are back there. Yes. I got the music playing in the background. We're still gonna talk.

B

Bobby 16:58

Hey, hi, we're talking about something was something besides

C

Chris Harrison 17:02

that medicinal marijuana segments over and over getting high. All right. Let's dance. Okay, here's another interesting story that came across their Lez became a four letter word. It wasn't a four letter word, but it was close enough to cause a stir at the National scrabble championship on Thursday.

♂

17:25

Oh, geez, Jesus, there's a Scrabble championship.

17:27

Oh, it gets better yes.

17:32

In the final rents coming from and Dungeons and Dragons player in

**Chris Harrison 17:36**

the final round, eventual champion. Trade right? Played the word Lez L E z, which was on a list of offensive words not allowed during the tournament. Normally no word is off limits but because the games were being taped for broadcast on ESPN

18:01

ESP can one or two.

**Chris Harrison 18:03**

I don't know.

**Bobby 18:05**

Certain term stuff on the lady golfers some certain terms

18:09

and Ben Swan got the double

18:11

dip score for spelling less.

**Chris Harrison 18:15**

certain terms have been deemed inappropriate including the three letter slang for lesbian. Quote, there aren't words you just can't show on television scrabble Association Executive Director, John Williams said. Write a 30 year old concert pianist.

18:25

18:50

Another word you can't use.

c

Chris Harrison 18:39

Scrap not played the word

o

18:50

I love Scrabble. He

c

Chris Harrison 18:52

played the word and then drew two replacement tiles so quickly that the referee didn't notice at first. When he did. He said the slang term had to go. They have

o

19:02

a read. Yeah.

c

Chris Harrison 19:06

ESPN officials told Williams the word could stay. But the issue was that right had to at all. But the issue was that right had already selected new tiles. He violated the rules. But there were also people who were upset that the word was played.

o

19:22

I'll have mullet and I didn't

o

19:29

watch it about

c

Chris Harrison 19:32

Eric Chacon, a tournament participant and director of war word wars, a documentary about the Scrabble championship said the definition was offensive and open to interpretation

o

19:46

there's a whole there's a whole underlying can be like a few people don't know anything but there are like this whole scrabble addicted group of people. There's a book that is so it's so obsessive compulsively written called Word freaks. They document and diagram their boards per game that they are referencing and I'm not kidding. It's amazing. The detail that they go into

c

Chris Harrison 20:08

the ultimate absurdity is you can't play the word Redskin and the Scrabble board on when you're playing it on ESPN but you know, they show the Redskins game. William spoke with right and his opponent David Gibson, then called an emergency meeting of the Scrabble advisory board

o

20:27

I haven't I have a question now and I don't want to bring up okay yes, I do. Greater tuna and of America. Once you get the list, I mean

c

Chris Harrison 20:45

the board unanimously agree to remove the word right and then remove the two tiles he had selected and played a different word. We kind of took two steps back, right using more innocent words like Feola, a evergreen shrub and zebu. A domesticated ox won the best of five final round in three games. And pocketed \$25,000 Yay.

o

21:13

Love scrabble Goldie Hawn movie, and they're, I forget what they're doing there. It's a mystery. But they come across these old this old couple playing dirty words. Scrabble. Really funny scene in the movie.

o

21:31

So there's, like in

b

Bobby 21:36

during the 80s they had Rubik's Cube championships.

o

21:42

For chess they have Scott has been going on for a long time though. It's such an amazing game.

-----

21:47

Like you know, ancient stuff scrambles just throughout Yeah, apples

Bobby 21:52

just scrambled. But now that I know two people who play it quite regularly over at Hollywood they get together almost weekly to hang out. play Scrabble for

Roy McCarthy 22:02

for those of you who don't know right now Chris is out there on gay.com Now I'm playing it out.com Oh, playing it out.

Chris Harrison 22:09

Yeah, just saw the half naked guy the front there. It's

Roy McCarthy 22:14

I know two Texans we're having chosen among the semi finalists for the poster boy of Oh really? gay.com Yes.

Chris Harrison 22:22

Marilyn Monroe had a one night stand with Joan Crawford. Well, that's hot.

22:30

Speaking I don't know Marilyn Monroe and wire hangers that is really

22:39

flushable topic

C Chris Harrison 22:43

50 Star admitted to having sex with Crawford what was said she was not too keen on the experience. says Why are

22:52

you sleeping pills

Roy McCarthy 22:56

that's why she died

23:01

married Joe DiMaggio didn't work I guess Joan Crawford's you know down there decided to bite back.

Chris Harrison 23:10

Man Oh, wow. A game. Oh, snapper fishing gay marriage on The Simpsons. That's hot.

23:21

Never heard of lesbians referred to as Parana before.

Chris Harrison 23:26

Homer Simpson is going to become a minister on the internet by going on the internet and filling out a form and a long term character comes out of the closet but they're not saying who

23:44

I want it to be the church guy from next door is

23:51

going to be now open up the Springfield

Chris Harrison 23:55

gay bar is going to be the home row and the home.

B Bobby 24:00

Maybe it'll be Toma,

♀ 24:03

Mo in the town drunk.

c Chris Harrison 24:04

Actually, you know the Boston Herald I'm gonna see if I can find the southern part here. Anti capitalist have likely candidates Lisa. Smithers, toma Smithers, Waylon Smithers is a favorite with odds of 1,000,001 point 2 million to one. Other candidates are worth noting, including Carl who is inseparable from Lenny.

♀ 24:30

Yeah, that is true so that's the easy way out.

♀ 24:35

I want Smithers in the preacher man it's gonna be somebody totally off the wall principle skin  
Oh, you

B Bobby 24:41

can see religious

♀ 24:50

that's why I chose two sisters.

c Chris Harrison 24:55

Okay, hold on. Okay, okay. Okay, here we go here. Here, here are the odds. You're here are the odds according to the Boston Herald. Okay, here they are for those for those who, as we're who's coming out they don't have a clue but consider the Springfield residents and the odds of them making a special announcement. Barney Gumble. Could this could his drinking be fueled by love that dare not burp its name? The odds are 10 to one

♀ 25:28

wow, you probably whack off to David Crosby

WOW, YOU PROBABLY WOULD SAY DAVID CROSBY.

C

Chris Harrison 25:33

Professor Frank Beckman, the town President inventor could only love a board or a really nice George Foreman grill. The odds are 50 to one difference. Nelson months beneath that boys exterior leaves leads the lives the heart of someone just waiting to grow into a bigger bully. Odds 125 to one or at least fall into a bigger bully comic book guy. Oh yeah. Everybody knows comic book geeks are baby magnets. It's 500 to 100 to

B

Bobby 26:11

one because comic book geeks don't. get laid. I used to work for a comic book store. I know from this.

C

Chris Harrison 26:19

What do we really know about Homer's Phil feller nuclear technician? Not much. Except he's inseparable from Best Buddy Lenny. Odds are five to one. And Waylon Smithers collects Malibu Stacy dolls favors cut offs. On his day off he lives in the gay part of town and has a crush on his boss. He's high Simpson standards. This is circumstantial evidence.

♂

26:44

It's true.

♂

26:46

Any data

C

Chris Harrison 26:47

that that other guy became out the show already.

♂

26:50

Yeah. Not to mention that just wouldn't be random enough for The Simpsons. Yeah.

♂

26:55

Pretty unpredictable.

26:58

They will show where they were Homer thought that Bart was gay. Oh, yeah.

c Chris Harrison 27:03

I mean, this is going to be the episode is to me Whalen, which will probably err in January, the town legalized same sex marriage to raise money and a habitual screw up Homer obtains an internet license to marry gay couples. All right, yeah. Yeah. Sounds hot. Doesn't say sounds hot.

27:29

It's very hot. And one, I can't wait to watch. The semi vote that no one mentioned is for Maggie. Yeah.

27:43

Assumptions are great. But I'm really glad to say that I have only the vaguest idea of who these people

27:50

are. There's another probability here that they didn't even take into consideration. What, March March.

27:57

While we already know a can't be the cigarette smoking sisters because those are the likely candidates for transgender

c Chris Harrison 28:06

March is a drag queen she's a woman a hair color.

28:09

March is a drag queen her sisters are transgender.

28:12

March was a drag like South Park or something

28:16

triggering Abdul and Abdul I mean, if it would be really radical if it turned out to be barred.

28:26

We get squashed you know, because

Chris Harrison 28:27

they've already started talking about the fact that once once the Simpsons television series ends, and they come out and start doing the Simpsons, they're going to do a Simpsons Movie afterwards. It's going to be like 10 years later, so Bart is going to be a teenager man. And he is going to have sex

28:44

the man has the man has so much money. He could do anything. Yeah, he could strap a dildo to mark his head and people would still watch that show

Roy McCarthy 28:57

once that character comes out on the census, you know the demand to cancel the show.

Chris Harrison 29:04

Yeah, it hasn't happened yet. I

29:08

still think the creepiest

29:10

thing just went from fire fire fire to Liar Liar Liar.

Chris Harrison 29:14

Okay

...uy,

29:15

baby Flanders now for

Bobby 29:22

15 years and that baby is still a baby

29:25

to get over and they're never gonna be more

C Chris Harrison 29:30

Flanders wife his past he was saying that Flanders wife she was killed in a monster or was in a monster truck or car show or car rally.

29:42

She got hit by a t shirt launcher thing? Yeah.

C Chris Harrison 29:46

That's awesome. One last little bit of news story we're going to put out in here. Gay channel announces the first GLBT Christmas Special.

29:58

Watch the pearl We're

B Bobby 30:02

gonna decorate the tree with

C Chris Harrison 30:08

Charlie Brown Christmas and make it way for a wonderful life. The first ever gay themed family holiday special has begun production. Oh my god over debut on on cable television this December. The show to cool for Christmas kills people hold on hold on let him finish he tells the

story of a fashion conscious young woman who would rather spend Christmas with her boyfriend and her two dads. They film features they perpetually can George Hamilton as a shopping shopping mall Santa Claus. Knott's landing diva Donna Mills as Mrs. Claus and up and coming Canadian actress Brooke Nevin as the persnickety teenager who's

30:58

playing the gay dads? Just wait here

31:05

Josh and Nicole are playing

Chris Harrison 31:11

Adam Harrington who started last spring zany drag queen caper, Connie and Carla joins veteran Canadian television actor Barclay hope star as far as the girl's father's an alternative an alternative version of the film it was Harrington and hope are replaced by a heterosexual husband and wife is also in production. But an official close to the movie told the planet out network that the decision to create two versions was simply to hit both markets.

31:40

Is there one gay person working on this movie?

Chris Harrison 31:44

I'm not sure but this is. The film was directed by Sam Irving, who CO produced the gay ensemble comedy The broken hearts club in 2000. Co executive produced the Australian Gods and Monsters.

31:58

Gods and Monsters was an incredible movie. Yeah,

Chris Harrison 31:59

it was too cool for Christmas is about halfway through filming, it will be available on here TV, a satellite Pay Per View Movie Channel aimed at gay and lesbian audience. In Canada, it'll be carried on chum TV.

32:16

That's great.

32:16

I know this is just for straight people who want to have a clue. So they can feel they can feel like they have some line into what it's like to be gay. We all have gatherings at our house with our teenage daughter.

Bobby 32:31

Remember that chum also refers to the shark? Yeah,

Roy McCarthy 32:35

but you know, I do want to say wasn't all that long ago. We're no actor would want to play a gay role. I mean, really wasn't that I mean, it was almost like career suicide to do such a thing. And so whether they're gay or straight, it doesn't matter. The fact is that now they do have liberty to be able to take that role without worry about having their career being teen.

Bobby 33:00

Now they can play game they still can come out of the closet.

C Chris Harrison 33:06

More straight guys playing gay roles in the game and playing straight roles.

R Roy McCarthy 33:11

I'm not a big guy but I play one on TV

33:14

whenever Okay, where are you? In Ardo? Thanks.

C Chris Harrison 33:26

I mean, you know, considering the first reoccurring gay character on television was Billy Crystal's one so on So yeah, so you know, that's basically that comes to that and it's funny watching some of the old television shows and saying oh, my God, they had a gay themed

show back then. You know, what

 **Bobby** 33:42
