Houston, former organizer of the living weather conference, which was here three or four years ago. Dean, what would you like to say to the people out there and how do you cotton to the Louis event? Oh, this is about the eighth one I've been to wouldn't miss it. Moved out of Houston about a year and a half ago and glad to be back. Fantastic. Well, you're certainly a striking figure. How tall are you? I'm six three. Good luck and God two, what is that tattoo about the Pegasus? Pegasus one on each arm? Yeah, absolutely. Used to work with boots, didn't you here in town leather boots. Yeah, I did. And now I manage the store in Dallas. Fantastic. How many branches are there of leather boots, just a three two here in Houston that wanted to ripcord and then the one in Dallas. Okay. And is there any information about boots that you'd like to relay in Houston or Dallas? Other than come by and and pick up what you need for Louis or other events? Dallas we're starting to do resale and consignment so that's something new and different for that. Will other buy boots is down here in Houston on Fairview isn't that. What's the address there? Do you remember? Their 807 Fairview 807? And that's probably one of the best SM leather British clothing stores and Houston, isn't it? Yeah, that's out of about three I think that are here now. So it should be one of those would include boots is leather forever, which is soft, bought a bunch of stuff there. And Steve manages that. And but that boots. That's a part of the love to buy boots conglomerate. Is there anything else you'd like to say about Louis? And why should people come out to an event like let us entertain you this annual event here in Houston. It's a really good way to meet people from all over the country. And I would imagine from around the world, they've always had a lot from different countries here as well. And just people from coming in from Mardi Gras and finishing out their weekend party and cool on certainly having a good time. There are a lot of guys here. A bunch of good looking women as well. It's a good time. It's a good time passed by all those women here. Absolutely. There are about three or four over here. I think one of them does not want to speak to me. I'm gonna pause this and see if I can rustle up another interview.

03:00

Thanks, Russell. Y'all come out and see people lawyer come up to Dallas and see us up there. Cool. Thanks a lot.

03:08

Dan, we're going from person to person on pausing the tape here. Now we have a person who goes by the name of shadow that's your scene name. And shadow is here with what is your name again.

03:22

Linda Linda. Linda is my wife. And I

03:25

know that shadow and her wife Linda. And shadow was a former Miss Gulf Coast leather of 1995. And former Ms. Oklahoma leather of 1994. And she's an affiliate of the National Weather Association here in Houston. And here we stand outside the venture in here at the Lulea event. Shout out what brought you here tonight. Well,

03:48

besides my car, she's a love interest for Louis. It's like a major family reunion. You know, from what I understand, we've got participants from Canada, New York, California, parts they're in. And you know, Louie's been around for 25 years from what I understand, and I enjoy it.

04:07

Absolutely. Well, I'm having a good time. I think this is the first time I've been here although, you know, God knows what the various enabling years fans I'm not sure if I've been a part of this or not. But Hi, Hilary. Say hi. Hi, I'm gonna be on the radio. This is Hillary in just a minute. We're gonna well yeah, well snare her for an interview. Well, anyway, let us finish with shadow. Is there anything you'd like to say to the folks about about Louis or about yourself or anything else for that matter, especially in terms of the SMC because that's what our specialty is on this part of the after hours program. Well, the

04:50

s&m scene is very fun. It's should be safe, sane, consensual as always, if not, then why do it if you don't understand it, educators So practice safe safe sex. That's That's my my forum. That's always been my podium. As far as Louis weekend, let us entertain you. Well, who is us? Actually? Who are the entertainers? The bar owners? The HEB? A cheapy. That's a grocery store. HCC. Yes. Uh huh. And so therefore, yeah, it's supposed to be a very good event. As far as I know, everybody's always had a good time.

05:35

A brotherhood a sisterhood. You know, that's, that's all shadow has to say about that,

05:41

Louis. Okay. Well, that's all she said. That's all shadow has to say about Louis. And she's certainly a cool person. You're African American as well, which is somewhat underrepresented here. And I think

05:52

I am I always thought I was just in an American.

05:56

Well, there's a there's an awesome magazine in New York, a friend of mine publishes is called. For people of color, I'm not sure what the black leather in color. Yeah, that's a black leather and color. Michelle. It's a very Michelle is a very

06:14

good person. I've had the honor of meeting her when I marched in Stonewall 94. And the leather contingent actually, I'm gonna do a plug in for Miss Gulf Coast leather, 90. So what year are we 98? Okay, because I understand that Tala brand is supposed to be here. Tala lead the leather contingent, but the whip I mean, if you weren't there, then I'm sorry. You missed it. It was an excellent, excellent parade. I was honored to be there. And so, hey, come out. Join us for Ms. Gulf Coast leather. 98.

06:51

Elizabeth, that's going to be a 611 Hyde Park Parab. Down here starting Friday at 9pm. And going Saturday afternoon starting at 2pm. Running through Saturday evening with a contest. And I think there's a Sunday brunch at Jim's ice house. Yes, that

07:07

that is correct. Elizabeth is doing it this year. I believe Elizabeth was the former Ms. Olympia, the first Ms. Olympus or something like that. We'll find out all the details. Russell will tell you further. As well as kind of expect to have a very good time. Contestants are still welcome. And get Gosh, what else do we have to say about the whole month of March?

07:37

Your your wife does not wish that any further comments. Well, thanks so much that it was a pleasure to meet you. I'm gonna pause this machine and we'll hopefully find another person to speak with. Russell again, we're back with another couple of folks here we have Stacey who's a former co host of the after hours s&m segment. And also Hillary whose is semi famous player down here in the scene she belongs to let's start with Hillary, how many different organizations and groups do you belong to here in Houston?

08:11

I really belong to one FIST. And oh, okay, sorry about that. I also go to a lot of the events that the other clubs host.

08:26

Okay, well, I'll send you out arrows, parties and yes, yes. I don't know. They vote. Yeah. I mean, you don't know two months later, whether you're not you're a member, but I've certainly seen you performing at the private parties and quite effectively. I think what like last week, I saw you with Leslie, who was just most attentive pet I've ever seen. Yes, indeed. She

08:51

was she was a very good pet. As a matter of fact, I'm very obedient. Absolutely.

08:56

And we also have Stacey statue. What would you like to say to the folks out there? Hi, Jim.

09:03

Hey, fans. What's up? I hope y'all are having fun. Come see you St. Louis and have a great weekend. Okay,

09:10

and, again, that's let us entertain your weekend. It's an annual event this this year was the 25th anniversary and we're outside the venture and 2923 Main Street talking to Stacy and Hillary Hillary you have lipstick on one of your breasts which are so prominently displayed by this booths da right out here on Main Street. How did that come about?

09:34

Well actually a certain woman here Louis.

09:39

Lee, go ahead stay level in and we all know equivalence about

09:46

equivalent apparently place that nice little design there on your on your breast. Is that correct? Yes, it is.

09:56

Three minute of it.

09:57

Fantastic. Are you buffalo? Great? Why would you suggest someone come to Louis? Do you have any idea other than that? Well, I mean, I guess we're gonna do the same thing over and over. It's a great event. Lots of great people from out of town. I think I think the way it works is that local people pay only \$10 to run around and attend all these different parties. And then all the all the people out of town attend for free.

10:23

Is that correct? That's right. And it's a wonderful place to meet people. Lots of people from all over. And I particularly love Sunday mornings when they put on the skirts. It's awesome.

10:33

Yeah, no, that's what when now that's this show is going on this tape recording will be played Saturday, early in the morning. Now if they want to come Sunday, where did they come to see the skirts? Is that going to be at Rich's I believe, at 12 noon, is that correct? I believe 10 or 1210 or 12.

10:52

beforehand. It's basically the same schedule as every year. So if you've been out in the past, you'll basically know the schedule. The only thing that's different is the Sunday afternoon thing used to be a B or BS but they have moved in I've just heard this time to riches. He usually starts about 10 or 12. And then the show probably kicks off sometime about two or three.

11:22

Yes, I've got the the schedule right here on his topia, I'm at Rich's Where's riches located? Here to us is 2401 San Jacinto. If you need directions, the phone number is 713-759-9606. And by all means, come on out to Rich's. And that's a part of this weekend that you can still catch. And you know, it's a very entertaining event from 12. And also starting at one there is the Houston Council of clubs show. So you can have brunch at 12. And at one you can come to the clubs, entertaining program. And free guests are free cocktails as cocktails offered by mama's boys and cocktails as part of the brunch offered by a group going by the initials T G. Ra. And to Stacey for speaking with us briefly. And here I have is it lady or just Jackie? The Divine Jackie Thorne, who's a member of the imperial court here in Houston and has appeared on the after hours program before I'm quite sure is not a fact. I saw you over there some weeks ago. We're there for the anniversary. Now. Are you into s&m? Or are you just kind of into the leather scene here at the venture in or what prompted your attendance other than just annual schmoozing? Well, I've been I'm a member of the Associate Member DNLA. And although I'm not really into the s&m lifestyle, I as a as a drag queen, I have my my leather outfits and so forth. And of course, I do numbers in conjunction with the court programs, events and shows that we have. You know, and I am proud, very, very proud to be a member of the Houston community. Absolutely. I remember seeing I was at the Colt 45 meeting the other day, which is a great, kind of like a not for profit accounting firm that handles a lot of donations to AIDS related charities. And I noticed that your name was on there having done a bunch of benefit performances for AIDS related charities. Is that correct? Well, I have I've been a member of the court for 10 years. I've been out in Houston since 1982. And I was probably involved in one of the very first age benefits at the old exile before it closed when it was back on Bell Street there. I have to me I have an obligation to the community to give back for all that they have allowed me to be and all of the opportunities that I have had within this community. Well, fantastic. I remember when I was up, my guns are memorial here at the venture in some time, some time recently. I noticed you were wearing the living and leather t shirt. Were you at that event or did you just happen to grab snarfed t shirt from somebody? No, I was at the I was at the living leather event. I was basically at an invitation of one of the NLA members. And this is what prompted me to join the National Weather Association Houston. I'm also a member of the PWA holiday charities and Ws okay PWA people with age holiday charities. This is a group. It was originally founded by lady victoria last Marvin Davis, who passed away about a year and a half ago and it was set up to provide Mad Money for people with a He's basically at the holidays, originally was a Christmas and then it and then as it grew, it was not only Christmas, but Easter, and a couple of other holidays, giving them 1015 \$20 That they can do whatever they wanted with it. If they wanted to buy Christmas cards if they wanted to buy, if they wanted to go to the bar and have a drink, it was money they didn't have to account for. And this is what PW holding Charities is all about. And if somebody wants to get in contact with that organization or to make a donation, how would they do so? Well, we have an office at Mary's, it's out in the back behind the back bar, there's an office there. David Sawyer is the president this year, if they contact Don Gill, and I want to say his it's five to something 9111. And I cannot remember I want to say 5219111. But anyhow, Don Gil was the was the chairman of the board for that organization. If anybody wants to give to the organization, their money will be gratefully received, and I guarantee you, it will be put to use and it will go to the people 100% of it goes to people, there's no administrating the dues of the members of BW holiday charity pay for all of our administrative expenses. Okay, thank you so much. You know, this is a spur of the moment saying but let me ask you, as far as contacting that growth group, PWA people with AIDS charity. Now they call Mary's, which is a bar lower Westheimer. Do you think that could get to number three them? I would suspect they could but probably the easiest way would be to try and get in contact Don Gill or David Sawyer, who is the president this year? Okay, and you could ask him Mary's how you could do that. Or you know, just ask around. It's not hard to find.

Thank you so much, Jackie. It's a pleasure to see you again. And it'll be nice to hear your voice. I'll be out on the road. Thanks a lot. I know you got to do the Tea Party for an antelope NLA. Thank you. Here we are again with JJ and Lee. Both both of whom are standing outside the venture ran. Lee is Lee what group did you say that you were involved with? It's a Lancers motorcycle club. I'm an associate members of the Lancers motorcycle club. You got a really cool leather vest on this cool motorcycle t shirt. Please. Absolutely fabulous tattoos on your forearms. It looks like a skull of bats. And then you got these really cool gloves? Are these for cycling the gloves are those for spanking. They're not only for cycling. Men. Other things are also for when I use my crutches and walk. Absolutely. Are you How did this happen? I see you have one appendage missing your one of your legs. How did that how did that occur? About 20 years ago I

17:53

had a motorcycle accident last leg in it.

17:55

I still ride doesn't bother me too much. Cool. Cool. Hi, JJ. Watt group were you involved with again? The no you we just had Jackie with the Say that again, the Royal

18:08

Sovereign. Simon Imperial Court is the single star. But I'm also the founder and director of Abel Queer, which is a support group for people that are gay, lesbian, bisexual or transgender with mental and physical disabilities.

18:23

Now how would someone contact that group if they'd like to be a part of it or to learn some support to it?

18:29

If they're interested, they can call 527135231332. We are on the Internet at WWW dot geo cities.com dot West Hollywood dot high slash heights 3566 slash AQ text HTML.

And again, that's for Abel Queer, which is a group dedicated to persons who have unused you know, gay, lesbian or bisexual orientation who also happened to be physically or mentally disabled. Can you repeat that phone number and the web address really slowly and as clearly as possible, please?

19:24

20:15

If they're looking for a web search, just type enable Queer, and we will show up.

20:19

Fantastic. That might be the quickest way to get there. Yes, it is. I think AltaVista is a really good search engine.

20:29

I don't know if one I still visit or not. But we are on gay America. And we are also on gay southwest. And we're also on what is it called?

20:46

Who? Yahoo.

20:48

Yahoo. We didn't know that we are no stirring.

20:53

Okay. Well, tell me about that group of heroes. What all do you all do and is to do meetings or events or activities.

21:01

We are predominantly on the internet. We started about a year and a half to two years ago.

Now. The thing is, we're trying to get people that are gay, lesbian, bisexual, or transgender, out of the closet and onto the street that do have mental and physical disabilities, that let the gay community know that hey, not everybody, especially in today's AIDS epidemic, that we're not all perfect. We're not all whole, we can be disabled and still be part of the gay and lesbian community. Absolutely.

21:35

And I think everybody applauded your participation out here. I think it's really cool. And I'm certainly delighted to meet both of you guys who happen to share the fact that you have a right leg missing out to turn around like I'm so mentally disabled myself, to turn around look and see. Yeah, yeah. Well, tell me, Rosalind, you've

21:58

been partying too much this evening, or Yes, sir.

22:01

Actually, I have had about well, I don't want to tell you how many beers I might get arrested. If I'm out here in public. You've had just enough beers to make yourself feel very nice and nothing illegal. Well, thank you. You're very supportive. We, John has to work tonight. And so I had to run over to the place where he's working in pick up this tape recorder, and get these tape recordings done, because I'll be out of town tomorrow night. And I'll edit them. And hopefully, we'll have some good interviews, it certainly sounds like we will. Is there anything either of you would like to say to the KPFT listening audience?

22:39

Jim, I'm gonna kill you for this jam. I'm gonna kill you for this interview. And also, if you are interested in naval Queer, please give us a call or check. Check us out on the website. We are trying to get everybody out of the closet and onto the streets and let people know that we are there.

22:59

Now what is that phone number here locally, again,

23:01

local is 713-523-1332. If you do live outside the area, we do have the numbers that connect you with National Gay and Lesbian disabled support groups.

23:14

Thanks so much. And Leah, what would you like to say as a parting word of wisdom to the folks out there, and maybe I'll maybe plug Louis one more time? Well, Louis has a really wonderful event that goes on here in Houston every year. It seems to grow larger every year. And I'll tell you right now, there's absolutely nothing to keep you at home. No matter what your problem is. There are people that will help you out. So come right on out and party down with the rest of us. Y'all have a good time. Very good words. Thank you so much, both of you. We were out excuse me, we were out in front of the venture end for this opening party for the Louis weekend. Now we're out in the back courtyard. It's a little bit louder out here. But we have a couple of really cool guests who are from out of town. I've been trying to find people from out of town and quiz them about why they came to Louis and whether or not they're having a good time or not, and perhaps how many beers they've had already. Right here we have Ivan, who's from Dallas, five. And tell us about your involvement with the Louis weekend. What brought you here this weekend?

24:22

Well, first of all, Louis weekend. It's an exciting weekend. This is my first run. I'm Erin Knight of the leather knights of Dallas, and I'm here to show my support for this fun festive weekend. Cool.

24:34

Well, you're certainly a good looking guy. Are you having a good time in Dallas? Do you belong or are you affiliated with any other groups there in Dallas?

24:43

Yes, I am. I'm associated with the National Weather Association Dallas chapter, frequently attend a lot of their functions and support them wholeheartedly in their activities. And I soon will become an official member early this

24:56

spring. Great. I know that the NRA in Dallas is one of the largest Senator Leahy chapters in the country. We're going to interview Mark Fraser on the after hours program, I believe in August to promote the living and leather conferences and national conference of the National Weather Association, which will be in Dallas in October. Is there anything? Tell me about the leather knights I personally don't know much about them. I don't know. There's a Houston chapter. And now here there's a Dallas chapter where the leather knights about the leather knights

25:28

is a organization primarily that was formed about two or three years ago. And their main

mission is to raise funds for various charities throughout the Dallas metroplex community. So, so we come together for social events. So we sponsor social events. And these events that we sponsor is to raise money for, for example, AIDS, charities, and so forth. Now,

25:49

the title is leather is or something kinky going on there. No,

25:54

we're not, quote unquote, a sex club. Like I said, the mission at 11 Nights is for the purpose of raising funds for the different charity organizations to help combat aids and other charities that may need additional funding,

26:05

of course, in our way, and a lot of the kinky organizations that's kind of our specialty on this for Sunday morning of every month is to talk about FM weather fetish stuff going on in the Houston area and beyond. I know that the NRA and these other groups as well, almost everyone focuses on AIDS related charities. And I don't know whether any of the Louis week the Louis weekend is basically a nonprofit event, I understand all the people from out of town, don't pay a dime to come out and hang out these various clubs and get cocktails from the various groups. Tell me a little bit more about what brought you down here and tell me a little bit about your experience in the SMC. And if you care to relate that to me. Okay,

26:46

well, first of all, my purpose for coming to Luiz to show my support for the activity. It is primary social event. But it's also very important for the leather community because it gives us an opportunity to come together and to network with one another to keep up with the trends is going on and so forth. Because we know what this fortune is 21st century with experiencing a lot of different changes. So this is a common way for us to come together to keep track of what's going on at that same time, throughout participation at some of these businesses and so forth. It does help revitalize the economy. Now, as far as s&m activity is concerned, I'm still classified as a novice, but primarily I'm into bondage. At this particular point in time, and I'm exploring and educating myself more about the left community, you have to keep in mind, the leather community is a very diverse community and has a lot of activities, ranging from kink to bondage, which is just basically dealing with roleplay, and so forth. So a lot of people in these organizations, they do come together to educate the public about what's going on. If you do anything that may be classified as kink, it will be something that you do in the privacy of your home or the person that you're with.

27:53

We also have a lot of kinky play parties going out here in public and various educational groups. I know some of these things have to be out just a little bit. And I certainly appreciate

groups. I know some of these things have to be out just a little bit. And I certainly appreciate you talking with us. And can we say hi to your friend, Rick, this is your partner? Is that correct? You're also from Dallas? Hi. Rick is very shy, didn't want to talk at all convinced him to say hi. It's an awfully cute guy. Is there anything you'd like to say to wrap up? It's certainly been a pleasure talking with you amongst all these other fantastic people. You come out here and meet at the Louis weekend. Is there anything you'd like to say to the people of Houston about whatever you prefer? I'd

28:33

like to say on behalf of my fellow leather brothers and sisters, we thank you, Houston knights for hosting this activity, allowing us to come into your humble city and celebrate such a festive occasion. And we encourage you to highly support the community. It is a very positive community. And we're here to do more and more and some progress in the future. Thanks

28:51

so much. You're so well spoken. I really appreciate it. Thank you

29:01

now what is your name again? You're here from Dallas, is that correct? Yeah. Yeah. And can I describe what you're wearing? Yeah, this fantastic leather vest on a cool bondage harness with like, it looks like about a five inch metal ring and the front was straps going over your shoulders and under your pectorals and a strap going down the front of your abdomen and it looks like it goes down to the goodies down there's a true I think so no, no doesn't just goes up to the top of the Okay, it goes up to the top here is that leather jock? They're really nice. You look really hot. Other than that, you've got a pair of boots on and some white socks and you're just good looking guy. How tall are you? And how much do you weigh? five, nine

29:52

I weighed 200

29:53

Fantastic. Now I guess we're gonna hear the same thing we've heard but can you think of Have any creative way to say why you came back down to down to Louis for the first time you told me here in Houston.

30:07

I was told it was a lot of fun. So I decided to come down.

30:10

Are you having a good time?

30:12

I'm having a great time.

30:13

Have you met any particularly interesting people down here? Quite a few a lot of daddies. And that's what you're looking for. Is that correct? Kind of sorta. Cool. Well, I think I think wearing that outfit, you're gonna have no trouble attracting a lot of attention. What do you do up in Dallas? Are you a member of any clubs out there or any groups or nightclubs you'd like to frequent?

30:35

I'm a pledge to leather knights and I belong to Dallas area male naturalists.

30:40

Does that mean you're a nudist? Yes, does? Fantastic. What does that? What does that group about the naturalist? Well, both the clubs.

30:48

The reason I'm joining the leather knights and the Dallas area male naturalist have the same premise. They're out to donate money to charity. So we work for charity. And both both organizations. And this last year, we donated \$100, which isn't a lot of money, but it's more than what what Woodman School, which is the gay school in Dallas. Had and they were very appreciative. Fantastic.

31:15

Yeah, just \$1 in the right hands, it's worth more than all the waste of time charity stuff. I mean, I see a lot of charities are very ineffective. And I know that these charities in the gay community certainly hit the spot. By by all means. Let's see. What unstuck for questions. Is there anything you'd like to say? Just Hello, Dallas. Hello. And thanks again. I'm gonna stop this one and we'll go to the next person. Thank you so much

31:50

we have a person or this is for the after hours program that you do. Well, no wonder everyone's had to your gym right now.

32:00

Peter, Peter and Connie Lingus. Oh, that's

32:04

right. Okay, cool. I knew you have a familiar face. You come in before we do. We'll be on tomorrow evening as matter of fact. Fantastic. And this will be the following you I believe it's a tape recording. You think so? Yes. If I get it to Jimmy on time. I'm gonna have to edit out a few last names and a few other things that people have said a lot. I'll bet you anything. Yeah, well,

32:28

I'm not that sound of everybody's sucking over there in the corner. We're not going to talk about that. That would be illicit. Did you see the show on channel two the other night where they were talking about rating Sears and rating all these other places and all that and above a bathroom show? Do you see it on channel two bars? Did you see that on channel two?

32:48

No. You're talking about tea room trade up. Guys having sex in the bathroom? Oh, yeah. thing on last night? Yeah. Big thing on that shit all about Sears and all this drama series. Don't think just come here. No, that would be on television. I don't want to tell it very much. We're strictly audio around here. And what is your name?

33:08

I don't know.

33:12

For sure I know his name. I don't want to know.

33:17

It's Bill admire. And what would you like to be called tonight?

33:24

33:15

33:29  
You don't own any part of this.

33:30

33:32  
We do collect your checking back. He likes to be called. No, I'm not gonna go there. Okay, there's an anthro party and eight vs. Cool. There's a pool party. Nude pool party. That's being hosted by the owner.

33:54  
There we go. And that's the kind of contacts you make here at the Louis weekend. Nude pool party after the pool party. Cool.

34:09  
Theater, you're gonna be dead meat. And we want to know where that mushroom if you if you look in the freezer, and it's Kroger, vanilla ice cream. Because we have

34:22  
that made sense to the bottom of that drink. I'm pretty sure. Anyway,

34:28  
you were with a couple of minutes ago. Oh,

34:29  
he's from Dallas, and I'm gonna have to bleep his last name. He is cute. He's really anything. He's a nudist. He loves to go around naked. Almost is almost this tonight. Right? Where are the crabs? Where are all your not going? Oh my god. Gary Neverland? No, but I saw some lipstick placed on someone's breast

34:57

advertises for the voice and does all the stuff For us here

35:02

yeah hostess with the most of you we got to find her. She's built a

35:09

listening audience to her in a heartbeat. Well let's do that. Can you can you find her? Yeah, that would bring her out here. Now she's wearable and she's my bestest buddy Yes By all means we've seen evidence of her affections. Lipstick traces on someone's breasts outside just gorgeous

35:34

not a lipstick lesbian niche you are

35:39

okay, we're gonna find this clever little person I'm gonna pose pause right now and we'll find her oh my god we got another guy here. He's he's definitely among the cutest people around. How tall are you? Zillow? six foot three. Zillow is six foot three. Now you're not related to any of those people walking around Halloween. You know those people that call themselves Godzilla. You're some other Zillow right? I am the original the one the only deep dog Zillow Wolf Wolf. So what are what is your primary orientation within the leather fetish? SM saying? Well, that depends. Not real sure as to not real sure as to the answer. Thanks a lot. Yeah, playing slot. It depends on on the scene. Sometimes I can be a top sometimes I like to be dominated. It just really depends on who's on who wants, who's doing the talking, who I'm doing, who I'm talking with, who I'm saying who I'm working with working to deal out with? What was your most recent scene or the most recent that you really enjoyed? The most recent thing I did was a slave auction. the rip cord where I was about I think I was probably the one heterosexual male involved in the slave auction and I was bought by not one but two beautiful females. Cool. Who bought you, Tiffany and Erica. Great, great, fantastic. Now tell me about this long white rope you're wearing that spans from your right side over down to your left side. This is about an inch thick as there's some significance to this big rope. It's just a one inch thick cotton lead rope that I'm wearing around the show to different people. It's it's part of my handiwork. I do crafts I make I do braiding. If you know if you look real close you can see the braiding work that was done to put the snapper on the rope and the whipping that was done on the other end to keep it from firing. Because cotton rope has no memory if you if you undo a twist and a cotton rope, it just it quits being it doesn't remember, like Manila rope or plastic rope will have what has what they call a memory. cotton rope does not. So if you take it out of its twist, it forgets where it was. And cotton rope is especially good for bondage purposes. And yeah, you do need to tie off the ends so they don't continue to fry Zilla you have some notion of a couple of piercings in

your tongue. Do you have any piercings elsewhere on your body? Oh yes, I have two piercings in my tongue one piercing in each nipple and I have what's commonly called a Prince Albert, which is a very large piercing that goes into and out the bottom side of my penis. It doesn't go through the urethra. Yes, it enters the rethrow and goes out the V what is commonly called the V on the bottom side of the penis. Cool. Do you belong to any clubs? I've seen you at the Houston education or Houston encourages and educates and leather workshops. Where else have I seen you? Do you belong to any other groups attend any particular bars frequently other than record? The ripcord Pacific street venture ends I have excuse me Nighthawks whatever Blackhawks whatever it is, I'm not sure whatever they're gonna call it. I do. I really you know, I'm not I'm a member of Mafia, which is men assisting females in action was a splinter group of FIST females in search of trouble. And that's really all I do. Is there anything you'd like to say to people out there who are listening about the Louis weekend? I know you're from Houston. This was a good good, good party here tonight. What what is the best part of it for you? Louie, Louie, Louie. Let's all have a good Louis. And let's play safe sane and consensual. If it's not consensual. It's not right. Thanks so much. Very good words. Thank you We're getting to see some wonderful sights. And it's not just the moon coming out. This is a person who can't identify for various identifiable reasons, but she's certainly very attractive woman and a prominent member of the community.
