We don't need to open up Salvation Army. We just need to sit you Oh.

♂

24:20

I know. What am I guys in my house? Yeah, it was out today. bringing food and sandwiches to the homeless and the poor that are on the streets today. Now that's a guy from my house. I

H

Howard McHale 24:31

think Well, that's because the Republicans are office that's why we have homeless people. Well, but anyway, yes, our show tonight. Go ahead.

♂

24:38

We need to talk a little bit about volunteerism. And the reason we're talking about it at this particular time of the year and we're glad to be having the second week instead of the fourth. Because it's like the holiday kind of the season. And everybody's out buying presents and giving things to think blah, blah, blah. See where you said about Christmas can be it's kind of one of those moments. However, if you think about Chris verses gift giving. What is it? That would be the greatest gift that anybody could give?

H

Howard McHale 25:07

Do you want my personal? Do you want the answer I think you want to hear or do you really want me to ask you that?

♂

25:11

Well, I have an answer. I'm not sure what you're gonna come up with.

 Howard McHale 25:18

ABCD you pick

 25:19

one? Answer that as a co chair Howard

 25:23

answered is co chair of the Gay Pride committee. Right, Terry? Thank

 Howard McHale 25:25

you. First of all you have to remember at Terry Terry and I are co chair in 1996. Lesbian Houston Lesbian Gay Pride Week. here in Houston. Which last year we did prayed and what do we do last year?

 25:38

The Gay Pride parade and pride fest pride

 Howard McHale 25:40

fest 95. It was wonderful. It was wonderful. I

 25:43

flew back in from San Francisco just to do numbers.

 25:46

Well, you know, I had 35 other people I was carrying in the same way in my they were in your but no child. I don't keep anything in there.

 Howard McHale 25:57

Anyway, yes, go ahead. I know I get off

26:00

about but I don't know. What is it? I don't know. You're on drugs. Anyway. Okay, so we were talking about, about this whole thing about Christmas and gift giving him whatever. You know, it's easy to give a gift and then be exactly wanting like gay pride, other agencies and aids organizations, everybody's at this time of year. Did you know I one of my finance people told me that 90% of all your gift giving whatever comes right at this time of the year Exactly. Well, but it's so simple, because people write the little check, and they're off the hook. But if you stop and think about it, the real gift of somebody is time is time. Because you can have time and talent and treasure which are the three big gifts. It's easy, right and jag T and get off the hook for treasurer, talent. A lot of people have it, but you got to share it to make it worthwhile. Now time, nobody's got any of that. So when you give a gift of your time and your energy and your effort, you have given a gift that can't be wrapped

H Howard McHale 27:02

on it. No, you can't candy wrap and coming from an organization where people don't understand. People don't understand how important it is for volunteers and how to get them. And really you asked me earlier, what is the most important thing that you can give, give or get for Christmas? And you did mention time, but it's given of myself?

27:24

Sure. It's time to go out with me have a nice little dinner chat. Why do I want to go home, I want to go home with God and have a little Oh, I but you're you're very supportive to me at times when things get very stressful in the work that I do. Very supportive. And I try and do the same for you. That's time people can share with one another. We can also share that with with stuff that should be important to us. Like the gay pride, the holy shit is kind of a pride thing. There's a big, huge pray. I mean, it's time it's coming in June, we got to start working on that now. They could do something simple by being involved in there's gobs of things in the city to be God's God, including students house, which we always need volunteers for. But I mean, there's lots of houses, there's lots of whatever you want to plug into. But you need to do it like this could be the gift moment like say I'm going to do this, I'm going to make this is going to be my gift that you're not going to write \$5 checks. I think I'm not sure 10 or 100 or 500. It's far more demanding. Well, a bit of your in exactly. I

H Howard McHale 28:22

mean, I mean, you hear everyone say, Oh, he's got my Christmas shopping. I'm not done. But when's the last time you heard someone say, I need to volunteer. I'm gonna go volunteer at a neighbor's house. I'm gonna go volunteer for the pride committee of Houston. I'm gonna go down to Salvation Army and give out food. You don't hear that you hear? Geez. I gotta go to Lord and Taylor.

G Glenn Holt 28:39

Exactly. You know what you

EXACTLY. YOU KNOW WHAT I MEAN

♀

28:41

there are those people out there? I have this fabulous woman that you had a woman and I didn't have a woman. You are.

H

Howard McHale 28:52

Out. I was beating Howard senseless. I'm getting a mental picture of you on top of a woman. You can't.

J

Jimmy Carper 29:00

senseless. It's too late.

♀

29:01

I can't even vision that picture myself. But anyway, I'm glad you have a bad man.

H

Howard McHale 29:06

I haven't had a woman's birth. And I was coming out

♀

29:12

with your mother comes down for Christmas.

H

Howard McHale 29:14

Louise is in town and two weeks. Go ahead.

♀

29:16

I'm gonna tell her everything. I'm gonna tell her everything.

♀

29:18

I'm going to tell her everything.

29:20

Oh, get down with her. She's gonna get a hold of your mother.

29:25

Anyway, and I'm not gonna tell you this on On World AIDS Day.

Howard McHale 29:30

I wish was what day? December 119 95?

29:33

Yes, it was all day today. And I was over at PETA Bay coalition and there were some TV cameras there and I was at the multipurpose center for the hanging of the tree thing. So some TV cameras there about that night about 930 Somebody called and said, Listen, I saw you on TV and I thought they meant you know, channel two or something. And evidently, channel eight ran a very neat special and at the end of it, they ran they listed three agencies that needed something to make a house Stephens house was our group and and another one and they were calling in to offer to, they said, we saw your wish list and we really want to help out. And the next day, a lady called me and said, Listen, I've, you know, been wanting to do stuff for quite a while, but well, and I've called this group and that group and no one's ever called me back about anything. I said, Oh, honey, I'll be glad to send you whatever you need to do Baba, that afternoon, I came home and there was this fabulous woman sitting in the living room in my house. And Stevens house, she brought in pillows and linens and all kinds of things. And she was fabulous, interesting woman I've ever met. How wonderful just a fun, fun woman. And we just had a great time. So there are those people out there. And when you choose to make that kind of a commitment, I think it can be done. What we need to do here tonight. Yes. Is to if you'll excuse the pun, prick people's enthusiasm. Give them do something instead of, you know, just saying, oh, yeah, I'm gonna do that someday. Or writing the check for whatever we need to get him to say to sit back and say, Hey, listen, I really need to do this and make a commitment to an organization to the gay pride to

Howard McHale 31:09

give something back to you. Right there time. Time. Time

31:13

is our most precious commodity. And nobody's got any. i That's why it's so damn, bro.

Howard McHale 31:19

I don't have but you know, it's funny because Terry and I are co chairing right, Terry? Yes, we are. And it's real funny, because, you know, we have like, eight positions to fill. And we get people all the time said, Well, I want to volunteer. I want to volunteer. Out of this whole community. We have about 100,000 fags

31:36

that live in the city. Don't use that word.

Howard McHale 31:38

I like that word. You know, we have about 100,000 gays, gay people living in this city. And we get 10 to show up at a meeting. I still have it's not I still need those.

31:52

So the last meeting we had seven seven people.

31:56

But you know, Stephen says most fabulous volunteers. That's our greatest asset. And I was quoted it by Richard Hebron in in twit magazine, a year or better ago, when I said that humans are my greatest resource or my greatest asset, concern house money 1000 With I have the most fabs well you do in the world. They're wonderful, you know, but but they come and go, I mean, you know, things happen. And you know, somebody gets said,

Howard McHale 32:21

your volunteer base,

32:22

it's very difficult to keep an entrepreneur because stuff pops up. But the ones that we have, you know, you just, you know, sometimes they try it, they don't like it, but for gay pride stuff, you know, for you all that should be that should be like major.

Howard McHale 32:36

I mean, people should be I mean, I mean people don't realize that we're an organization

32:40

my home would be you know, they they come in that they like it they really do it and the exact tried and true stay forever. The ones that come or come scared they sometimes like and then there's illnesses and natural things we know what am I best volunteers are son got married and so you know, she was been off for quite some time. We miss her a lot. We don't talk about like Monday or Wednesday or Tuesday that talk about as Joe's day. It's Debbie's day it's been stay. It's amazing.

H

Howard McHale 33:03

Curl. fibrin anima. G fibrin. No, you're the one that watched him lips move 100 miles a second. I'm dizzy. I'm sitting there watching her but 100 miles a second. That went all the chairs in the room. It's funny that our volunteer base I think, you know, we out of the small group, we have a completely dedicated. It's real funny, because Terry and I, we but we both sit back sometimes. And we look at each other and we we go laugh. Oh god, why do we do and he looks at you. Why don't we do this for?

o

33:36

We do question that you have to question this like because you have such little response from the community. It's like, Why are we sitting here doing this?

H

Howard McHale 33:45

Exactly. And you know, and it's funny because we look at each other and we're both single. I know why I am I don't know why Terry is She's a beautiful girl.

o

33:53

She is gorgeous. She's just gorgeous.

o

33:54

Oh, you're so wonderful.

o

33:57

I know a girl that might like to meet you, Terry, if you're looking

H

Howard McHale 34:02

for jobs. We're all looking for dates, all three of us. Right? Terry said she wasn't David. Hello, David. But the saddest thing about it is that if it Alright, is there a spirit in here? When we sit down and we talk to each other? And we say I don't have time for a love, right? I dedicate every

free second to this community. I give back 110% Believe it or not, don't we? I can't. Yes, we do. We do. And boy would we love 20 new volunteers. You know I have a newsletter that goes out every month. And we need someone to fill that we need someone on Pride fest. We need someone on committees to fundraise the newsletter editor. We need so many people, fundraising co chairs and people don't realize that it costs a good \$60,000 a year to put on that one week. And we're there all year round. And we've made great strides sometimes with our fundraising and sometimes I like Now we sit back and go, Oh God, I wish we just had just a couple more people. Just a couple more to just come in and just

35:06

when it tells us if somebody wanted to do that, when are they going to get to like, what can they do to like say, Okay, I really need to plug in but if somebody had this great moment of, you know, saying, Okay, this Christmas, this is going to be my gift. I'm going to do this. I'm going to where do they how do they get in touch?

Howard McHale 35:23

We meet we meet at the gRPC office building in Albany. The first GLP

35:27

See, that tells me a lot. I don't know. I know what that is. The

35:32

the gala has been political.

Howard McHale 35:35

All the upstairs emails I was getting there, which

35:38

Thank you. Okay, if you just set up some emails, I don't know. Right. Where are you, man? I know what's above you, Mears? I think not. Dog pictures are above me. Listen,

Howard McHale 35:52

we meet there. The first and third Tuesday at 7pm.

35:57

I met y'all.

Howard McHale 35:59

That's right. The weirdest thing about is that we're a tight knit organization. But we just need more bodies. You know what I mean? It's just that we can't do it alone. And it's a plea in a bag to the gay and lesbian community in this town. We need you. We just need more. This holiday season. Give us more give of yourself something back number of phone number. Yes, there is a phone number.

36:27

Does anybody in this house know what it is? That's the real question.

Howard McHale 36:30

Leave it or not believe it out. We do have a phone number. And the nice thing about the nice thank you Jimmy for bringing that up while Terry scatters to the other corner.

36:39

You're gonna hear little piggies trampling across.

Howard McHale 36:42

Terry, get that phone number.

36:44

Run out in the back. 40. Actually, I would give my phone number. Oh, you'd give your phone number anybody girl has a he has you think I'd chat up in the mind? Oh, you haven't seen anything Myrna

Jimmy Carper 37:00

over the air before?

37:02

And can you believe it and he hasn't gotten a call? What does that tell you? Tells you want to do things either no one's listening or no nobody wants to

you things either no one's listening or no one wants to

 Howard McHale 37:09

say I have to tell you a true story. I actually write my name. I write my name and the ripcord wall.

 37:15

Every week. I've never gotten a call yet.

 Jimmy Carper 37:21

Not a damn call. They all know you.

 37:23

I can't really. That's it. They all know, please.

 Howard McHale 37:27

Okay. Now everyone out there who can't believe what we're talking about right now. Grab your little pens and your little papers. Because we're gonna give you a phone number to the Pride Week information hotline. That works. Tell them you heard Howard and Terry.

 37:44

That'll get to 10% off. What's your favorite food and they'll be surprised favorite color. I get out here. Okay. If you're any animal, what kind of animal will you be?

 Howard McHale 37:54

5296979 Do that one more time. 5296979.

 38:03

That works. And, and a

 Howard McHale 38:06

lot of good things happen with Pride Week. Terry, go ahead and tell us what's going on. We

know we do have a theme for the 1996

38:12

We do have a theme and the theme for this year is pride knows no borders. Now

Howard McHale 38:17

that knows like influenza

38:18

like Nose Nose like your big one. We talk about your stub again. We're talking about your nose jealous. And we were looking

38:27

at you it's huge. Oh, it runs in your family. He had bad strides in

Howard McHale 38:32

his melody.

38:34

You kids running all the time you get

Howard McHale 38:38

volunteers.

38:39

Volunteers? Yeah. Well, actually we're looking for some artists who are willing to submit some camera ready art for the slogan for 96 and the slogan is there a prize for that I know snowboarders yes there is there's a \$300 reward for the best artists

38:55

CR T's let's go through it or buckskin honey beat.

 Howard McHale 38:58

The deadline is tomorrow at five o'clock at the twit office.

 39:01

Are you kidding? Me? I

 Howard McHale 39:02

mean, I'm in my always Monday, Monday,

 39:04

December the 11th at 5pm is our deadline deadline. Whoa. Busy.

 Howard McHale 39:10

Can you imagine designing something and seeing it on T shirts? What now? That'd be wonderful teachers

 39:14

on merchandise on billboards on billboards, flyers.

 Howard McHale 39:19

We're doing boxer shorts this year. Merchandising Won't that

 39:22

be special?

 Howard McHale 39:23

I've done boxer shorts. Tell me about over his head after they've been worn, smelled and stabbed nose. With a with a beak like that childhood job. Yes. And it's exciting. It's a lot of work. And Terry and I lonely old husbands one day will look back and go Why did we do it?

39:48

And you're gonna say because it was the thing to do. But I

H Howard McHale 39:51

do notice that you know, for volunteer organizations that that really don't really you know, give out something until like June, our volunteers declined around this time of year. They decline they decline a little bit and towards the holidays people tend and I know Glenn can attest to this also. They just kind of go away. They kind of go away. Everybody's

40:17

busy.
