00:02

Once again, self actualization and songs that help me as an individual and hopefully other people as individuals to, to grow and become strong within themselves.

Gigi 00:15

Yeah, I know you've been through a lot. And just through the turmoils of life I know a lot of artists turned to their art to find strength.

00:32

Well, of course, and as I've, as I have grown up and listen to lyrics of different artists, that's what is helped me continue and grow. lyrics sometimes are what? children, teenagers, adults, we all grab on to lyrics to help us continue with life. And sometimes, that's all we have.

Gigi 00:58

Yeah. Then in another, you know, I've gone through math stuff and, you know, things can get kind of rough when you're different in our society. And I think a lot of times music does help to, to strengthen or spear when we're down and to help us climb back up to know ourselves a little better.

01:21

That's that's that they believe you're exactly right there. And that's where we're at here at 90.1 FM.

G Gigi 01:30

And that says ci g. Shall we go on to your second piece? Sure. And what's this one called?

01:38

My second?

G Gigi 01:40

Tell us a little bit about it. Before we go to

01:43

the second piece is basically it's called Do you know that I came for you. And this is a piece about

G Gigi 01:49

Ooh, baby. That's my kind of.

01:54

Well, you can interpret songs however you care to interpret them. Basically, this is a piece about love, and about finding rich about finding love, love in its purest form, and taking that love and sharing it with someone else.

G Gigi 02:16

Oh, Jesus, love is always in pure support. And

02:21

control. Because that loves where it's at. And we we really do need to keep that train of thought in mind. Because if we continue on thinking about love, I think the world as a whole could accomplish a lot more.

G Gigi 02:43

Oh, yes. And it's love of all forms. I mean, it doesn't matter what form that takes love. It's love. Let's go to package again. Oh, here we are. With Bennett, Houston. And that was really pretty cool. Thank you. We need to go to a station break identification thing. You're listening to 99.1

cool. Thank you. We need to go to a station break identification thing. You're listening to 90.1 KPFT Houston. And I forget the other numbers

 Kirk Keevert 03:27

89.1k EOS and College Station. This is after hours, queer radio with an attitude.

 Gigi 03:34

Oh, and it's in the right zip code to

 Kirk Keevert 03:37

get his own our

 Gigi 03:39

Ah ha. But tell me a little bit about what went into this song.

 03:48

The next one? No, this was the last one. Well, as I said, it's about bass. It's bad about love. Finding love and finding love within yourself. And once you find love within yourself, you're able to find love within other individuals. And once you are able to do that you're able to share that love and once again in all forms because love comes in many many different forms. And I think that I believe that we sometimes hear the word love and we think about it in one sense to whereas it's a multi dimensional word. And

 Gigi 04:31

oh you got that right and you have performed some here and he's sure yes,

 04:41

I performed a little bit here in Houston I've continued with my music

 Gigi 04:48

and you do all the writing yes all the you write both the lyrics and the music right

 04:52

04:53

once again, these are these are unplugged versions just straight guitar with voice I do have other mixes where I have the drums and what have you included in all that and but basically this is just the uncut version. This is the unplugged on cut and straight out

Gigi 05:22

the next song that we're going to be going into what's called

05:27

the next song is called Taking away and taking away came in about two minutes. It is about a song about time, and about taking time and realizing time, and realizing that time can be as long or as short as you want it to be. And once again, it's another act of self actualization kind of a song, love kind of a song. Just sitting back and taking the time to think about oneself, and where oneself is going.

Gigi 06:16

And another time can be a matter of interesting perspective. It's like when you're waiting in a line it can take forever, it seems like and it's just minutes, then other times you're you just can't figure where the time goes. Especially when you're Miss Gigi makes love as well flies by so fast. But I think they've got it ready in there. Why don't we go to that one that was good.

06:59

Glad you enjoyed it. Once again, thank you for having me on your show.

Gigi 07:03

Oh, you bet. Overall, what is some of the philosophy behind your music?

07:11

Well, basically, self actualization love and becoming whatever you want to become. That's basically the philosophy behind it.

Gigi 07:26

Kind of a self developmental

07:30

Yes. Yes, and adult centering

Gigi 07:32

and

07:33

we live in such a fast time. And we need we need individuals need to try to find themselves because I believe that we tend to lose ourselves. Yeah, if you lose yourself. It's real hard to continue.

Gigi 07:58

And I think part of it too, I know Miss Gigi is into her thing in a big way. And does all kinds of fun things. Not just sex but you know, all kinds of things I get into and I think it is important to find those avenues to express oneself and develop oneself and to become a full bodied person. I want to thank you again for being on the show. Thank you It's great having you and once again Darlene Marie

s Scott Lewis 08:42

09:52

Huge sums and then your top choice and then select cuts and then utility

S

Scott Lewis 09:58
