00:01

Jimmy, anything else you'd like to share this evening? Well,

00:03

yeah, we were talking about the Gay Men's Chorus of Houston. And we were there. Earlier in the show that that used to be the mantra thing used to be the mantra segment and other out of the closet of a Gay Men's Chorus feast in 35. strong and growing. Hello, Larry Jackson,

00:20

Jim, somebody.

00:23

And Robert, Robert. Robert puts out. He puts out what Yes, he brought the tape that we played at Christmas of when the car is singing. I know that to be tears. So they're going to have a fundraiser coming up with Heartsong. And Crossroads market. Over let's see that Saturday, April 10. That's next Saturday. Cool. Yeah. 730 to 10. So be there and say hi to the Gay Men's course and Heartsong tool, great groups.

00:59

And you know, I had some friends talking to me. Believe it was yesterday and the day before about doing this. This piece of paper has on Oh,

01:07

yes, yes. Yes. It says roller skating. Yes,

01:11

Rose. Yeah, this again. I've done this twice for Judo. I'll do it again for Joel rattling the paper. Landeros getting clubs, skate nights. They do roller skating on Monday nights, like every Monday night, I think, at the trade trade winds roller rink at 34th. At 290. There's a big scattering out there down the street from Kmart. So it's fun, even if you don't know how to skate. Yeah, I've heard a lot of good things about it. And I have some friends Trish, who's going to be doing some skating Monday night, maybe hopefully, if we can call her into it or if she can con us into it one of the other. So anyway, that's cool. They also have ice skating and outdoor skating. And I'm gonna give you a couple numbers you can call them let's see 8624875 or 9335818. Also, a couple people have called tonight wanting information about gay things in general. You know, just gay things like people who either are new to coming out or aren't sure they're gay or want to be gay or maybe don't want to be gay or scared of being gay or whatever. And he places

02:14

first of all the gay and lesbian switchboard our favorite at five to 930 to 11 open for till midnight seven days a week. But but then again you know that because you just gonna get you this knowledge Yeah, you go through the white pages under gay and see what's there there this game with its with gay big letters. Or if you happen to be in the Montrose there's always the twit and the voice, which this week in Texas all kinds of happening things Texas triangle and Texas triangle. Yes, that's right. I've got a copy here too.

02:43

And what a great magazine it's turning out to be if it would only have more Houston stuff.

02:48

I know, happier. I know. Well, there was an interview with the one of the women who runs it, I believe on lesbian and gay voices Friday night, because they were talking about they they're needing to expand. And they're doing really well for a gay lesbian paper because if you'll notice most gay and lesbian papers, you know, are survive on these 900 ads. But you won't find any of that and the Texas dry and glad that they get all kinds of ads. It's really great. That's good can be done. Yay. Can be we can have we can have a literary publication without sex ads. Yeah. Who would have thought I know.

03:33

And look Texas triangle right here another gay visual radio reaction strong to suggestion of segregation, segregating gays and military and that was upside down reading boys and so that's one of the headlines from the Texas triangle

03:47

03:47

and in case you hadn't noticed that KPFT has been running all of those things during the day well you know the

03:57

the hearings and hearing things Yeah, I watched on channel eight today hearings about women in combat in the military, which with William F. Buckley and all those people out there hours he's a full actually he gave some very, he said some really interesting and important intelligent things. And then he turned and said stupid things but after it now when Yes, thank God he said something really stupid. Well

04:24

it's because it's got to be on a person by person because there is I would be very thankful for a lot of women holding guns.

04:36

You know, in a war I've seen some women that could take some

04:39

Yes. Rather than a lot of in bed or a lot of men who shouldn't be holding guns, you know, that don't know.

04:49

How be nothing else

04:51

in their hand. Exactly. Yes. So using their parts for brains out to say the women to women as a whole group can't do something really irks me

05:04

that the big thing was that women can't be in combat because of why hygienic needs because it's certain that basically, I want, if I can say this on the radio, I'm going to try

05:13

if you get real technical, okay?

05:17

Basically the deal is that if women go sit in tanks with men and go out in comrade in like an infantry unit or something, they can't change your tampons in the tank, that that was the argument, which makes you think, but at the same time, there's a lot of things that happen that that you can do that you can, you know, you can you can get over. There's ways to go about doing

05:38

okay, well, what I mean, I hadn't had tampons, but what about going to the bathroom? Yeah, yeah. So

05:45

does this mean that you probably have

05:47

to go through? Exactly. You know, I don't know,

05:52

okay. Men are not allowed to defecate in the field. That's okay. So anyway, there were some really stupid remarks.

05:59

Yeah. Embarrassed can't do it in the woods either. Yeah. Give me your brain. Yeah. And the pope doesn't

06:03

live into that. Okay, so there's all kinds of weird stuff happening.

06:07

There's something that you've got in your hand that you want to read desperately. And I think that would be a good tie in for the next song. Yeah, yeah.

06:16

Well, then I'll read it right now. And I want to read this to everybody. I want to read it to the person who's holding on the phone right now. And the other person who's calling on the phone. I want to read it to everybody out there. All our heterosexual friends that are listening right now. All the pizzas a lot and there's a lot of them and I want to say hi to heterosexual guy in Friendswood that calls up it's very supportive. I want to say hi to Deer Park, who is a gay man in Deer Park. I want to say hi to a lesbian in somewhere North Hempstead Hockley, maybe she she's called once before. And I want to say hi to everybody out there who's wondering who's thinking they're by themselves tonight, and who is sitting, listening to the radio by themselves thinking, Why am I here? What is what is my plan? What am I doing? And Am I gay? And is that make me evil? Well, it doesn't make you evil. I want to read this really quickly about what it means to me stand up for gay lesbian equal rights. Because gay men and lesbians are discriminated against in housing and employment. And because how we act is more important than who we are. And if we get harassed, it's our problem. And if we get attacked, we provoked it. And if we raise our voices, we're flaunting ourselves. And if we enjoy sex, we're perverts. And if we have AIDS, we deserve it. And if children if we march with pride, we're recruiting children. And if we want to have children were unfit parents. And if we stand up for our rights, we're overstepping our boundaries. And because we're forced constantly to question our own worth, as human beings, and if we don't have a relationship with someone of the opposite sex, we haven't given any chance. And if we have a relationship with someone of the same sex, it's not recognized. And we are told our love is not real. And if we come out of the closet, we're just going through a phase. And because Lesbian and Gay History is virtually absent from literature, and because homophobia is sanctioned by the Supreme Court, and for lots and lots and lots of other reasons. I am a part of the lesbian gay civil rights movement

08:24

this saying coming from Proppy just know when I close my eyes I see the way this world shall be when we go King dini.

08:55

And we shall what attune? What happened in tune on everybody? No,

09:00

I know. And I thought that was great with that. That little thing that you talked about right before? That's

09:08

what little thing?

09:10

It's a button. All of that that she was that she said is on a button, believe it? Yeah. She has six

09:17

bisogno and

09:18

eagle eyes,

09:20

two inches by maybe four. Big they can also get the poster. I think they just came out with a T shirt that says all that at one of our favorite gay and lesbian Globo or Inklings Inklings to be specific. Yeah. Inklings. And if you're in there say hi to Pokey, SATA Sally, Jennifer. I don't think John's there anymore. Sally and Jennifer. I don't know maybe I need to talk with John

09:48

to Yeah, well,

09:50

I'll say hi to everybody Inklings for us. This is real important to me. And I know that it's important to you sitting out there because you're listening tonight. And I want every Buddy out there, if you're like I said, if you're sitting out there by yourself or with someone you care about, or if you're laying in bed with somebody in their sleep and you're listening, just touch their shoulder, it didn't matter who it is just touch their shoulder. And know that there are people out there on the radio who are thinking about you right now. And you're not alone. plenty of places to call plenty of things to be doing. There's festivals and parties and all kinds of spring. Fun stuff happening. Yeah, people are just freaking out.

10:30

I myself, give the gay and lesbian switchboard a call by at 930 to 11, find out what's going on or pick up a copy of the twit this week in Texas, or the voice or the Texas trying or the Texas triangle.

10:44

Or even the Houston press now is putting a very good and Brett community I think it's called

community activist. There's a little column in here that has like the Women's Action Coalition and gala lesbian groups and Pride Week, I think is in their

10:58

news, too, is pretty good to us. Yeah,

11:01

I think so. Also, I gave out this number to somebody that called earlier and I want to give it out because it means something to me. Because I'm a Christian, gay person. I'm a lesbian, Christian, Christian, lesbian, etcetera, etcetera. don't think there's any first dissolve, kind of the same. That's all part of me. I do the church thing. And there's lots and lots of different churches out there to be doing. But the one that a lot of us attend is MCC arts Metropolitan Community Church of the resurrection. And that's where I'll be tomorrow morning. And their phone number is 8619149. So be thinking about that too. All kinds of good stuff happening in the spring. Also, I am employed, I do want to thank my new boss, my new boss, I want to thank he and his significant other. And I want to thank the people that I'm working for now. I'm working for a pharmacy as a pharmacy technician, and we do mostly distribution for nursing homes and assisted care centers and assisted living. So it's really interesting, and I hope to have lots more of that in my future. And I have a great time working with all my co workers. So and I told some of them to listen, so if they're listening, I'm out.

12:19

Oh, we didn't know

12:21

your billing. Hey, what I wear dresses, makeup and all kinds of stuff to work every day. You're kidding. You really put your job back together after I do

12:30

this. VABs out. I have seen you

12:33

do both. Yeah. My forte is versatility, my dear. You must silence Jim Carper. Oh my god,

12:41

she must have two classes.

12:43

I've got more than two. Okay, well, we want to thank you for listening. We do. We had a really good time tonight. I really, you know, I'm

12:52

sorry. It's so short. But you know, in the fall we're gonna have a four hour show to make up all right. I think that's fun. Because at two o'clock it magically becomes three magically and you will be

13:03

listening to Tom ferries come out.

13:06

Were you surfing my job?

13:11

You are the Tom Ferry girl.

13:14

I am the timeless fairy.

13:17

Oh god. What does that make me? I've always wondered if gay guys were fairies. I don't think I'm a duck on a bike. I don't even have a bicycle. So what it is I don't know what I am. I'm a lesbo better word.

13:29

I know we're fairies. You know those those beautiful women that you see in Art Deco designs? The nymphs? Yeah, kind of NIV the fats are something that must be like

13:44

 13:57  
wood nymphs and brownies and things that were brownies. That your brownies but I may be a Girl Scout. I see that in this conversation
