Heard every Saturday night right here on KPFT Houston and ke O 's College Station. This is our October 23 edition. And I'm Jimmy Carper. With me tonight is Bobby. Hey, as Bobby has been getting some press here lately, you did a show a couple of weeks ago on domestic abuse and now it's a huge article in the Houston press. Yeah, it's

B

Bobby 02:19

a really cool I they go to a group on death, domestic abuse and, and a lady from the eastern press came to that group. And as a result, this article, what happened? This is domestic abuse month.

J

Jimmy Carper 02:38

awareness, awareness. Yeah, please.

B

Bobby 02:42

Abuse Awareness Month. And as a result, I ended up in this article. Really cool picture.

J

Jimmy Carper 02:49

Yeah. Yeah, we'll be talking more about that throughout the show. This is gonna be a very, very different show, something that we've never done before, or where we're going to try it for the first time. Tonight, we are going to do some live interviews by phone. Oh, from the first annual bisexual conference. here in Houston. Actually, it's gonna be in Texas, and maybe elsewhere. But I mean, it's going to be kind of this, the southwest. portion. I'll get Gigi to talk about it. She told me, JJ is holding on the phone with a bunch of folks right now. Before we do that, I want to tell you about the music we play because it's very, very special. That last song was called by. And it was by living color that was out several years ago and still is applicable today. The other thing is that the first song I played was the last day by Marilyn Scott. It's the song we normally play at the end of the show. When we're we talk over it because we're you know saying goodbye. And one of one of my very, very loyal listeners, Richard, who also listens to lesbian and gay voices heard on this station Mondays at eight to 10. He said yeah, why don't you play that song in the beginning so we can hear the whole thing. You know, usually talk over it and it has a really good message and I thought so cheap. So beautiful thought that was pretty Richard and for everyone else. So let's see if we can get these phone things working. After hit about three or four switches, it's sort of like, do you remember Are you old enough to remember Nixon? In the White House Tapes where his secretary had that?

B

Bobby 04:47

I am old enough to have heard about

J

Jimmy Carper 04:51

that Nixon Secretary chair Do we have someone on the other end? Hey. Yes, I can loud and clear GG

G

Gigi 05:08

Andre. Wow, we've got quite a show and quite a conference going on. I'm fine.

J

Jimmy Carper 05:17

This has been a credibly successful first annual bisexual conference in the southwest, hasn't it?

G

Gigi 05:27

Right? Yes, it is. We have gotten so many people here bonding of energy. It's hit the roof. I mean, it has gotten so hot we set off the whole fire. So

J Jimmy Carper 05:40

you know, I was gonna talk about that because yeah, while we were there, the fire alarms went off and I was going down stairwell a where water was pouring from underneath the door of the ninth floor. I was on we were on the 10th floor. And so I thought you know, wow, this this two things. I thought this conference is so hot. It's melting down the the hotel or Or there's also another convention going on there the Baptist. And so you know, it's like do we want to say God they were so busy raising hell. God hot in there. So juicy. Tell me a little bit about the conference. What's what's been going on? I had dinner there and had a wonderful time. Oh, and now as housing was that

G Gigi 06:38

Llandaff we got broken down into segments? From midnight to 1230. We've got the John and Fritzsche. Okay, well, 30 to one Wayne's films or whatever. Okay. One to 130 by pagan poetry by Sheila. Okay. 130 to two is free.

J Jimmy Carper 07:03

Okay, well, maybe we can fit the the news in their

G Gigi 07:10

classes three, we're gonna do a recap of all the events that's been going on. And it is so awesome. Yeah. But I'm gonna turn over the show from this point to John and Chris. Okay. And we're gonna take off, baby, get ready.

⌚ 07:26

Good evening, this evening. This is Fred.

⌚ 07:31

My name is John. Hi,

J Jimmy Carper 07:32

Fred. We talked to you before?

⌚ 07:34

Yes, you have a couple of years ago.

J Jimmy Carper 07:39

Oh, it wasn't that long ago. You were you are the author of the bisexual option, the lab.

G Gigi 07:46

And we're gonna go around the room real quick and introduce everybody that Okay. We've got a lot of folks that the conference is really going to energy fi. Let's go around the table and everybody say who you are.

J Jimmy Carper 08:04

Yeah, cuz that sounds like we have a whole bunch of folks there. Good.

♀ 08:10

weenie curry from my name?

♀ 08:13

Is Wayne Bryan after a bisexual characters and films.

♀ 08:18

Michael Paige the founder of the bike cafe by pride flag. Stolen from Abilene, Texas.

J Jimmy Carper 08:24

Cricket from Abilene. Hey, Abilene. Thanks for coming.

♀ 08:32

I just want to say, you know, I know this. On Friday, there was in the USA Today, there was an article on conventions and the kind of Hanky Panky that goes on to convince them No, I just want to say they don't know.

J Jimmy Carper 08:46

That's right.

08:48

Amateurs.

Jimmy Carper 08:50

You get a bunch of bisexuals together and they're gonna have some fun,

08:53

right? And that's why we don't call it a convention. We call it a gather

Jimmy Carper 08:57

a gathering. Okay, okay. Because we're pretty far from conventional. And we're certainly glad of that.

09:07

Okay, so we have a half hour and we're going to give it over to our panel and ourselves. And we're going to discuss some of the bisexual issues that we want to talk about, and also have some fun and let some of the people know a bit about what's happening is the wonderful first annual South Central Conference.

Jimmy Carper 09:30

Okay, go ahead. Shoot.

09:32

Well, let's, let's start with Wendy. Wendy, is it true that you're actually just a lesbian? You're just posing and, you know,

09:41

really, if I didn't like Manson, like, that's the only thing that's keeping me from being a lesbian.

09:49

And Wayne, is it true that you're really only gay except the fact that you are posing as a bisexual I

10:06

think I

10:09

went for work for women and would be my life.

10:14

And Michael lead, you've just put together this website just so you can gather porn and fill it out on the internet. One of the many benefits

10:22

that's just one of the many things we've got going on little bit of pie erotica. And for those who are in the mood for it, it's more than

10:28

a level

Gigi 10:31

started a new dream page. And it is excellent. OH,

10:36

YEAH. Jimmy, we had to take the erotica by Cafe because they wouldn't let me advertise it down in Fort Lauderdale. You're kidding. So now it's by dreams.

Jimmy Carper 10:45

Okay, then how can we get their

10:48

questions through the by cafe? Okay, all the bike FA members have access to by dream.

J Jimmy Carper 10:54

Okay, and what if I want to become a member?

♂ 10:57

Oh, you just go to [www.bi cafe.com](http://www.bi-cafe.com). And you'll see everything there that you need. Okay, why don't

♂ 11:06

why don't we do a web page tag team for those of us who are out there so listening and are awake enough to write things down south we I think we all have web pages here don't when everybody is showing something earlier, we

♂ 11:17

not only show off ourselves, we show off our web pages. This is me threads. And I'll tell you about a wonderful web page called bisexual data.

♂ 11:30

Org

♂ 11:30

WW Dub www.bisexual.org. Great page.

J Jimmy Carper 11:37

What's on it? Man,

♂ 11:39

rain USA have a by a webpage some to work with

♂ 11:43

a bisexual Resource Center. And our web page is [www.bi resource.org](http://www.bi-resource.org). Go to it. Since

♂ 11:52

 11:52
I'm bisexual.

 11:54
I have two web pages

 12:00
of Wayne's page APA by resource.org. If you go to BB w n, that's the Boston bisexual Women's Network, they put out a fabulous Women's Health fabulous woman's newsletter magazine. But number two is find at USAID page is www.bi. Net usa.org.

 12:18
Now what's wonderful is that all of these pages have links to all of the other pages. So all you have to do is remember one and you'll get to all the others. Perfect, but remember bisexuals?

 J Jimmy Carper 12:36
Yeah, what's the easiest one? Yeah,

 12:38
rally the bicycles. I dog my dream, by Dream by Visa. Then the European one is by the hour. But it's difficult to get. What's his name, Nick Smith, and he's in the infant. But he's not at the youth and conference. Was

 G Gigi 13:04
really, okay, and maybe we can get him down next year.

 13:09
Or something we could get them in some way one way or another?

 13:15
So Michael, talked to us about bisexuality? Is this all about sex with engaging about your webpage? What does bisexuality mean to you? This is a sexual thrill.

13:26

My sexuality is really a sexual orientation that is unique to every person. When I find out about bisexuality, the more I realize how complex it is, not only how complex and how common it is. Two years ago, I knew one bisexual person, my friend, Mario, Argentina, and many met me was about number two or three. That's very true.

13:53

Around we have odd,

13:55

but now with the conferences that I've been attending and the different events, I would say I've literally met hundreds of by people, it's fabulous. It's a lifestyle. It's really something that suits me, I had to go out and find it for myself. But it's out there and I can relate to a lot of people on those levels. John,

14:17

if you're doing all the questioning, I want to ask you something. How do you how do you feel about bisexuality in Kansas City where you come from?

14:27

Yeah, I'm from Kansas City, Missouri. And, you know, that's in

14:31

the Midwest for you southerners who don't know where that is.

14:36

You know, I went to I first met Brett's at the International bisexual conference at Cambridge in Massachusetts. And his reaction to us is similar to many of the people on the coasts reaction to us when the Kansas City bisexuals are walking around was, oh my god, there are bisexual people in Kansas City. And yeah, there are there's quite a few of us actually, we've got three groups and a couple have an email list. And we're interacting with a lot of other groups there too. So, I'd say on a given day, I could I could lay my hands on a couple good couple dozen bisexuals?

15:15

I would, I would assume that because you're in charge of the show, dd, that most people know exactly what's going on in the Bitexco world down here in the youth scenario, is that correct

 Gigi 15:29

to that ad, baby? Northline

 15:36

I must say that Gigi has put together a fabulous, fabulous conference on bisexuality. I've been to many many bisexual conference, but this is probably the most fun. I mean, he put together dungeons. He put together ballrooms with costumes, put together a Jack and Jill party. He's put together great talk, wonderful keynote addresses. And he got he had at Boston. Now, I explained to me how a huge conference gets 15 parts.

 Gigi 16:20

I think it's energy of energy. The love energy is so big here it reaches out to the whole world.

 Jimmy Carper 16:29

Well, another thing is that Gigi is and I've told him this before he is eternally optimistic, and incredibly playful, because he believes that life is for having fun. And I think that that goes along with the comfort or the gathering do

 16:45

I don't know how much money Alan has brought about an hour

 Gigi 16:54

running on adrenaline. Hit that counterbalance of endorphins. Endorphins that good for the brain.

 Jimmy Carper 17:04

Yes, they are.

 17:07

Oh, this is all double quote from from all these these bisexuals?

17:13

We really don't do any of this.

Bobby 17:15

For a moment there. I thought we slipped into an entirely different show.

Gigi 17:19

And yeah, the fire alarm didn't get off tonight.

Jimmy Carper 17:25

Yeah, that was fun.

17:26

That is going on for clothing.

17:30

All the bisexuals here they all were very enthused about the firemen that came. Oh,

Jimmy Carper 17:35

I missed that.

17:36

Oh, baby.

17:41

Firefighters

17:41

firefighters. Right.

17:45

So Wayne, tell us is Boston shaping up to be like the by San Francisco. I keep seeing all this stuff coming out of Boston.

17:53

One of the reasons that you do so much for Boston, we have bisexual resource center there. And we have several strong groups of people on our mailing list now. Earlier we were talking about where did we meet

18:15

and how many closes you wearing?

18:19

I'm from Boston Fritz's from San Diego. So of course the obvious place that we met was in Edinburgh, Scotland.

18:28

Right. That's the

18:30

UK National Conference. Right?

Gigi 18:34

That says keeps getting bigger and bigger.

18:40

And I must say that since I had put his appearance into the buy world, all of a sudden there's a tremendous buy activity down in Fort Lauderdale, Miami. If you say something, Mike about Fort Lauderdale in Miami? Well, I'll tell

18:57

you, we've been having a good time down there are a favorite or the Vice social parties. We put ads in the newspapers and we invite the general public to come out. And we have a dynamite happy hour. And then we all sit around have a wonderful dinner. It's amazing the bonding that goes

19:12

on later on in the evening.

19:15

Whatever happens after midnight, you know, wish us all luck. But it's growing and growing and every party gets better. If you ever down there, make sure you get a hold of me and we'll we'll we'll tell you where to go. Okay, we someday will be as good as last and maybe we can get those mailing lists of over 1000 right now about 300 or so. That's not talking about the website. That's just the mailing list the local socials

19:38

what kind of hits you get in a month on the website.

19:41

I'm getting about 50,000 hits a day. Wow. Oh,

19:44

hello. Wow, a

19:47

lot of activity there. I'm real pleased. We've got Mike's his maski back here,

Jimmy Carper 19:52

Mickey. Hey, Mickey ski. Great.

19:56

If you want to read a very interesting story, go to www.whostoppedbycafe.com and right on the homepage, and not only Mickey ski there, and he's got a wonderful story. Point site. You'll also see Wendy. Wendy curry has a nice story that she posted there also for your viewers that

also see Wendy Wendy Carr has a nice story that she posted there also, for your viewers that want to check them out.

G 20:17

Okay. And remember, you can see Miss Jakey naked.

♀ 20:23

So I want you to know, it's all very lucky that none of us are related in terms of families this otherwise this would all be very insert.

J 20:32

I noticed that and it's just I'm not talking about just sex. I mean, I see. I'm not talking about sex. No, there's a lot of love. And there's a lot of camaraderie. And it's a family. It's a very, it's very family oriented, I think, yeah, that I get that feeling. Now I'm the queer guy who's like, the gay guy who's like, kind of looking in. But no,

♀ 20:55

no, you're outspoken queer.

J 20:57

Thank you. I tried to live up to that tonight. So what else we got?

G 21:10

We're coming there ending point. But before we sign off on the John and Fred show, and this has been fun. I want to go around real quickly and just get an impression from them, buddy about the conference. Okay.

♀ 21:26

Okay. All I can tell you this is Fred speaking. I've been to at least 30 to 40 different bike conferences over the years. And I must say, this really is one of the top conferences in terms of fun, education, good energy. And it's just as good time is being had by everybody.

♀ 21:50

Yeah, and this this Michael Page. Normally, when I come to the conferences, I'm usually kind of

very busy with my prior show, I bring all the pipoca items along. A lot of times, I don't get a chance to attend the seminars and workshops people are doing. Well, this time I went to two of them. And I'll tell you, conversation was quite involved. very stimulating, it was wonderful to hear the different opinions. So that was really the high point of being here is just being able to sit in class people open up it was really fantastic. Right time being here. That's nice.

 Jimmy Carper 22:26

That's very, very nice.

 22:27

Yeah, this is weighing it's probably about I think, my unofficial count is about my 18 by conference. Wow. It really is one of the most fun I've ever been to and in any of the several countries identify conferences. Excellent job. I gotta

 22:49

say another thing. I think one of the reasons this is so successful, but not only because of all the work you've put in teaching, but another reason that it's so successful, is that you had about 60 people that have never attended a bi conference. And getting all of these new books with this high energy was really wonderful. Wow.

 Jimmy Carper 23:12

That's very good.

 23:16

This is Wendy. Of course, I want to second everything. Everyone said this is incredibly fun, wonderful time. But I want to point out that a couple of the after hours, people get some awards.

 Jimmy Carper 23:32

Yeah, sure. Did. You know, as I was driving home, I was thinking I made an idiot of myself up there at the mic. There's so much more I wanted to say. Because it I started the segment just soon after I met JJ because, you know, Gigi is very dynamic. And I was looking for something different. And JG just filled that bill. And I didn't know where it was gonna go, what was going to happen. And it you know, five years later, it's just going strong, stronger, and stronger and stronger. And I just, we've never run out of topics we've never run out of people to talk to. It's just been wonderful. And it's been wonderful for the Houston audience. They have been educated, like, you know, we get at least 20,000 people a week listening to this show. So that word is going out to a whole lot of folks and not just gay folks. I don't know that. The majority of

our listeners are gay, particularly. We have a lot of straight folks. We've got a lot of transgenders and byes and, and just I just, I'm overwhelmed. I'm over it. It's something that I did not expect at all. And I really I I am humbled and I thank you very much so, you know that was so I guess then to listen to the tape and they go What an idiot I can't believe I said that. But anyway, it comes from the heart.

 Gigi 25:15

And now that I've really pulled some big ones on you

 25:27

this is John I guess I'm kind of wrapping this this little part of it up I just want to say when you go to these conferences, I know that Fritz's thing is to not have expectations and situations and not to go in with you know predispositions or you know, thoughts of what may be happening I always come to these conferences with an idea of of things that I expect to happen things I really really want to happen you know, I want people to get along I want people to exchange numbers I want good business to get done. I want people to be enlightened I want them to learn I want people to have sex and have a good time. Yeah. I want I want people to meet each other and just have you know, great expectation and and I go to these conferences and a few things happen a few fast this is nice, you know, but never like my expectations. And this This conference has blown me away. It has been fantastic on all levels. It's been incredible. It's been a wonderful educational experience that a wonderful networking experience and and I've had a number of other fantasies, so

 Gigi 26:25

build good and this was a first for a lot of people. I mean, we've the Jack and Jill up everybody got in the room and it's like I've never done this before. And then it just took off. Yes. And before long the battery they also took off. The background was saving and it was hot. It was great.

 Jimmy Carper 26:47

It was great. It's something that I haven't witnessed in 20 years

 Gigi 26:55

Okay, and it was all safe sane and consensual. You got it we had great people Carole queen, let it and they brought out all kinds of safety equipment.

 Jimmy Carper 27:09

It was great there was condoms and gloves and lube and and paper towels everywhere. You

just have to reach out to norm and and grab it and that that made it more grabbing. Well that too. But it just I don't know it just it was a good energy flowing in there.

27:31

Oh there Wow. Yes. Okay, why don't we go to a bit of music

J Jimmy Carper 27:35

Okay, I'm going to be playing mostly bisexual artists tonight. I've got I've got Nona Hendryx. I've got Janis Joplin. I've got Sophie B. Hawkins. I've got rainbow flavor, which the lead singer is bisexual. It's a rap group out of San Francisco. I've got Tom Robinson, and we can even throw in the little Jane County. So let's start out with Janice. It's a new album of unreleased and alternate takes called Big Brother in the holding company. There's even a couple of new songs on it for you, Janis fans, but you know, when I was rolling around with everyone having fun, you know, I kind of thought of this the title of this song, maybe not the words, but certainly the title, Janis Joplin down on me. And you're hearing it on after hours queer radio with attitude on KPFT Houston and ke O 's College Station. Now.

28:51

I'm here to talk about bisexual characters in film, which is a long and quiet tradition in the film industry.

J Jimmy Carper 29:02

Well, yeah, you know, and if nobody points out bisexual characters, we probably don't know it. Or we assume that they're gay.

29:11

Right? The first first bisexual characters that we know about and in film date all the way back to 1914. There was one in one in Germany, in a film called Zappa this band. And there was one in the US in a film called The Florida and Chapman, which is sort of both by on a trans film. course these were both silent films. And by the time the sound films really got rolling birth, there were those great bisexual actresses Marlene Dietrich and Greta Garbo doing doing films, you bet, each of whom had had played a bisexual character in a film. In the case of Dietrich, it was that incredible film Morocco with you Gary Cooper, and garba play Creek Queen Christina, who actually was a bisexual acquaints

J Jimmy Carper 30:07

the real one

30:12

then, then, of course, the motion picture production code came along in the 30s and kind of squashed all of all the queer characters and film for about the next 3035 years. It wasn't until the 60s because they really came back and came back with a vengeance. We had some great films back in the 60s, although most of the bisexual characters at that time were either victims or villains. There were a lot of criminals and murderers and, and vampires and so on. And it wasn't wasn't really till the 90s that we started getting some positive bisexual characters like that fabulous Canadian film when night is falling. If anyone hasn't seen that go out

J Jimmy Carper 30:58

and rent it. I've not seen it. When night is falling

31:01

is falling. Okay. director's name is Patricia Rosa. who also did I've heard the mermaid singing? Yes. As another bisexual character on it.

J Jimmy Carper 31:17

No, no, no, you're still on? Okay.

G Gigi 31:21

We're gonna do an interview. everybody at the table on this segment. Okay. And why don't we just go around? This is why me again.

31:30

I just didn't feel like getting up some stuff. Yeah.

J Jimmy Carper 31:34

Well, thank you, Wendy.

31:39

I read this book, and I loved it. And I would urge anyone to pick it up. It's very interesting. It tells a lot about the bisexual history and why people don't know about bisexuality. There's a lot of good information in there about that.

31:53

The book is called bisexual characters and film from an is to Z. Or it's an IS is an is an n right. Henrion Jun. And Z is an incredible film incredibly bad. In which Elizabeth Taylor plays a woman whose husband falls in love with a bisexual woman. And Elizabeth Taylor seduces her to get her away from her husband.

J Jimmy Carper 32:21

No, I've never seen the movie. I've just heard that. It's really not a good movie.

32:28

It's called XY and Z. Yes. And and it came out in the early 70s. It's it's pretty dated now. Pretty bad but and her husband comes in and discovers Taylor in in bed with his girlfriend. That look of triumph is worth the price of admission.

J Jimmy Carper 32:54

You know, when when I think about I've just been sitting here thinking about bisexuals and movies. And I think the earliest for me was probably the Jon Voight character in Midnight Cowboy.

G Gigi 33:08

Right. And we haven't finished fire introductions. Oh, I'm

J Jimmy Carper 33:11

sorry.

G Gigi 33:12

We also have it here is

33:15

masking. Well, the only because I want to tell you that what I what I what I think is really important these days is that more and more bisexual characters are coming out in some today. A three to Tango has, you know bisexual characters that I think just came out Plunkett in

Maclean's three piece there's a great line in there that says like swing both ways. And I went I just came back from the Toronto Film Festival where I saw 3518 of them had bisexual characters in them. Wow, that in the next year?

 Gigi 33:54

Me I need to do me a favor. Yeah. Me I never wore wear watches. Can you give me a time to when it comes to the end of this segment?

 Jimmy Carper 34:05

Okay, you're it's quarter of one. Okay.

 Gigi 34:13

Work and we have one more introduction.

 34:17

My name is Charlotte close. I was one of the co founders of finance USA.

 34:24

I was out of the March on Washington and 87 and really started hardcore with a 90 conference in San Francisco. I founded the Dallas bisexual network and have since moved to Houston. I'm a bisexual, pagan poet, dancer artists. Interested in many different genres. I can validate that Wayne I was living in Boston while he was researching this book. I was able to see many films I had never heard of. Thanks, Dwayne. He didn't just research these films. He rented them and watch them validated information in it's a great book, I would highly recommend it to anybody.

 35:03

Yeah, like, like Mike I didn't. I did a lot of festival marathon I went to, I flew to Amsterdam, because they had a lot of film that never gets shown here. And one festival in seven days I thought 49 film Oh my god.

 Bobby 35:23

That would melt my brain. Yeah, I

 Jimmy Carper 35:24

— think that it's hard to take it all in because a lot of these messages have really strong message. Films have very strong messages that you think about later on. And boy, when you see 49 of them, it must be a jumble. Yeah,

35:37

really had to take good notes. Yeah. Learn how to write clearly in the dark.

Gigi 35:43

Oh, yeah, that's right. Ooh, ouch. I wonder what else we can do in the dark? Outside

Jimmy Carper 35:58

Tell me a little more about some films because you know, I'm, while we're all talking, I'm searching you're racking my brain to come up with bisexual characters. And I think it's very important. Because when you point them out and you, you write the book and you have the history, then people coming along, don't have to recreate themselves and they can see Oh, yes, I'm represented. I'm valid. And isn't that the whole reason?

Gigi 36:27

I want to throw one thing here. And I think yes, I'm gonna turn it back to Wayne. But okay, one film I've always loved. And that's probably had more influence on the whole queer community than any other film is the Wizard of Oz. Oh, yeah. Scarecrow made one great reference. Some people

Jimmy Carper 36:52

you know, and I'm sure that they knew exactly what they were saying at the time, but nobody caught it.

Bobby 36:58

willing to bet

37:04

in an incredible gay icon. Yes. Yeah, so well. There are a lot of films that I'm sure you've seen that people just don't remember how to bisexual characters, right? Cabaret. And raucous colors.

 **Bobby** 37:23

Yes,

 **Jimmy Carper** 37:24

that's right. That's right.

 37:28

John therapy, which is incredible comedy.

 37:31

Doggy. Dog, right,

 **Bobby** 37:33

dog, man. I haven't seen any Oh, yeah.

 **Jimmy Carper** 37:36

That's a heavy one.

 **Gigi** 37:40

Let me interrupt here a minute. Carol Quinn's just jump into the table here.

 **Jimmy Carper** 37:44

Hey, Carol, how you doing? Nice to have you on the air again.

 37:53

Another fun comedy that a lot of people probably haven't seen is Hotel in New Hampshire.

 **Bobby** 38:00

I have seen that. Oh, you're right. You're right. I have not seen that than yours. But I have seen that movie.

38:06

One of the interesting things about that is it has two bisexual characters. They by Natasha kowski and Jodie Foster, who are starting the film. It's pretty high.

Bobby 38:18

Jodie Foster

38:23

movies with bisexual characters. I just saw a picture called Gia. Just fantastic idea, the model the model that the one of Jolly has she just did a wonderful part playing that role. was very similar. Watching that one of the Arts where she was doing a photo shoot with a guy taken out. Other guy walked up. And he started making out with her also. And then the two guys started making out Whoa. Oh, that's cool.

38:54

And I remember thinking in another fabulous film, personal best to be a lesbian movie, but Maggie could have fooled me seem pretty by around the edges.

39:12

Part of the reason why we have so many bikes being out now is because they're bisexual directors who are doing it. One of the coolest bisexual. Also, it's bisexual sci fi film. It's the sticky thing by bisexual female directors. It's

J Jimmy Carper 39:29

the name of that again.

39:31

Fingers of time. Okay. It's just been released in LA and I think it's gonna fighter and it's very cool. Every character in the movie can travel. The sci fi movie is bisexual. And that's really cool. Cool. And it's and it takes place in the 50s. And, and then Gregor rocky who's now bisexual has a movie called splendor about two guys and a girl who lives together. It's super bisexual

J Jimmy Carper 40:02

Well, he's he's had an incredible career has any

40:06

yeah from queer artists to faithful? Yeah

40:14

almost all his films maybe all of his films have bisexual characters in them

40:18

and he says they always will.

40:20

And you are as cutting edge queer artists is drag where else could you go to be aggressive look at it this way you know kind of aggression is where you find it.

40:34

In for everybody. You mentioned other than Canada, I lived about a mile DEVAR twist

40:51

in a lot of

40:51

Harima A's sort of a semi satanic Christ figure Stranger by house and all of the members of the family mom, dad, boy girl, and who then ascends to heaven and it was repaid wasn't it recently? Yeah, it was, I don't think was called here mo but but it was essentially the same as before years ago.

41:20

One of the interesting things about that is the guy who plays that character is Taryn stamp, the same one who plays the transsexual and The Adventures of Priscilla.

Gigi 41:32

Yeah. Ah, yeah. This gave me an inspiration. Yes. I think maybe one year we should do a bisexual Film Festival with a conference. Like good idea.

J Jimmy Carper 41:49

Oh, yeah, that would be great.

♀ 41:51

I have a bit of that. California. thanks to Mike here. Yeah. An event called Saffold and it was a site social art film. We were on your show.

J Jimmy Carper 42:00

Yes. We talked about it. Wonderful conference. Yeah.

♀ 42:07

Festival part of baffled baffled Stanford bisexual art film festival literature, entertainment and drama. And Kyle has finished he just wrapped a movie now called Full Frontal that is going to he just entered

B Bobby 42:25

just got his attention.

♀ 42:27

Really fun because you know, he's bisexual himself. But he's a promising filmmaker who am doing bisexual porn by an reporting team in the valley. I actually have a role as Mickey in there good good. Good. You're in the next month that we've made it into Sundance

♀ 42:52

cafe in that picture

B Bobby 42:56

then of course there was that in case anybody hadn't been anybody ever seen threesome with Oh yeah. Well, was it Stephen Baldwin the blondest Baldwin depending on how you feel about the ball any member of the Baldwin family that was either a really great movie about

bisexuality or really atrocious movie about three people who just couldn't who lived in a really dysfunctional apartment. I don't know it just on campus. I don't know

43:31

whether did three of hearts which was also bisexual.

J Jimmy Carper 43:37

See, it's all coming out

G Gigi 43:41

of thin camera now baby.

43:44

For people who are interested in getting getting kind of a list of these films, obviously I cover an awful lot of them in the book. But there's on the web, there's a site called bisexual video store, which is www dot FBI resource.org/video store. And all these films aren't really filmed are listed and available for sale. proceeds from the sale, help the bisexual Resource Center good. Not anymore. Or supplier stop the rental.

G Gigi 44:27

Getting to the end of this segment, it's five of one and I want to go around once again in every segment I'm gonna go around and kind of get everybody's impression of the conference. Okay. And we'll start with Carol queen.

44:43

Well, I am thrilled to be in the first place. I lived in Texas for two minutes. 25 years ago, I act in Texas and see a few few of the changes that have happened. I think I saw some by people when I was here at that time, but certainly I didn't see anybody who was out. And this conference is so warm and friendly and full. And people are in both adventuresome and so happy to be. It's it's an amazing thing and by conferences in particularly in regions where everybody is not jaded already, so it's great.

G Gigi 45:21

I have to say here Yes. Ran something so hot.

45:26

Are we talking about that? systems? We had nothing to do with it.

45:37

Had nothing to do with that

45:40

might have been Baptist reaction to us. We're not sure about that.

Gigi 45:44

I got the bottom line. On the ninth floor, one of the sprinkler heads erupted and blew up and it said the whole system off floor.

45:56

Well, we were having a little erotic safe sex workshop is. So we Californians come to town. We don't know what local laws are. We just we have to spread the Gospel. And

Gigi 46:15

this has never happened at one of your festivals in California before.

46:20

So not quite this way.

Gigi 46:24

We went off with a big bag. Yes. Yes.

46:28

Party and 9090 is bisexual conference, but there were no fire alarms that went off. A lot of excitement for one night.

limmv Carper 46:37

Okay, let me put your Do you want to some other people talk for that

♀ 46:42

we're gonna go around. Okay.

♀ 46:43

This is Monday, again, with the second award announcement because we missed the last one. First of all, I wanted to point out that one of the things that's really exciting about this conference is they're still amazed. So many amazing, famous, wonderful celeb type people here. And I think a lot of that speaks to God.

J Jimmy Carper 47:01

No, yeah.

♀ 47:02

Wonderful energy and the wonderful not being willing to take now and Judy actually get an award tonight from the American Institutes of life.

J Jimmy Carper 47:11

Yes, and well deserved to

G Gigi 47:13

have started crying. Out of such love and

♀ 47:20

happiness, but you may have been networking like I mean, oh, go everywhere and you pop up and get to know people. Yeah. Perfect. Example.

♀ 47:33

I don't think Gigi does not slip. Gigi.

♀ Jimmy Carper 47:36

J Jimmy Carper 47:56

It seems that way. And and the other thing that is remarkable about Gigi, since we're on the subject is that you GG started the community first in where you want to talk about queers in business and and why we should do our business with them. And it doesn't matter if it's gay, or lesbian, bisexual, transgendered. It's all queers in business and, and you've been one that not just have bisexuals, but have other folks on Oh, yeah. So I mean, you are a unifying factor. Also.

G Gigi 48:16

And you know me I love diversity. And I like to look and check everything.

B Bobby 48:24

You just had to

G Gigi 48:30

read sacred form. Yes. When it comes to love sighs Good. Next page next.

♂ 48:42

Yeah, this is Mike. And for anyone out there that's listening, that maybe vicarious or bisexual that? Didn't think maybe they had the courage to go to a conference. They want to rethink and maybe pop down tomorrow, the authors are going to be doing a book signing. Wait, we'll be doing a book signing of this. Social characters and film. Feel free to pop on down. You won't regret it. It's a hotel atmosphere. It's very social,

♀ 49:07

I think. Learning about many of

J Jimmy Carper 49:13

them, okay. And where is this place?

G Gigi 49:17

We're located at 3000 North Loop West. It's the Sheraton Varkala Hotel. With all the fire trucks the

49:28

fire trucks are gone. You'll see the bipod flag waving right out in front of which is the first time I've ever seen a flagpole. So the shortfall is about four feet long. But this is really up in the sky and it's really

Gigi 49:41

the church and it's flying and all weekend long. Just

Jimmy Carper 49:46

really, that is really remarkable.

Gigi 49:51

And now we can test our way.

49:55

So for the last half hour, I gave a reference impression. Like, I'd like to talk about one more film that most people haven't seen, and that's one of the Campion's films I've ever seen. Especially from a foreign country. black lizard is a film from Japan from the 60s. Screenplay is by Yukio Mishima. Oh yeah. It stars a Japanese transvestite as playing a woman, a female master thief, okay, the black lizard who falls in love with a young woman and kidnaps her in order to get a ransom for a diamond. And also falls in love with a man who is the detective is trying to catch them is available on video. If you have a really good video store, you won't find it at your local lackluster video

51:06

all the bodies in the jack and gelato

51:13

Well, this is the first conference that I actually haven't presented a workshop that or two. And so I've attended to today. And they were really incredible. I've just found this whole conference to be filled with loving people. Really good energy took over the Dallas network gave me some credit during the awards today, which was a nice surprise. And it's just good to see everybody old friends and new friends and share in a very safe space.

Jimmy Carper 51:44

Yeah, I'm with you on that.

51:48

I've been bored to tears. I hated it.

J Jimmy Carper 51:51

No, that's wrong. I saw you in action.

51:58

No, this is my my I counted to after wings routines conference. last eight years, I guess. And and I had a lot of fun and really great as I always felt that it's you know, same.

52:15

But this one was old friends.

52:17

And and I have to spend quality time for change with people and also a lot of new friends who I was really, okay.

J Jimmy Carper 52:27

Let me wrap this up because you're kind of fading in and out on this end. Okay, and we're gonna go to a piece of music and I'd like you to call back and maybe get another line.

G Gigi 52:40

I don't think we can get another line. No, no, no, just,

J Jimmy Carper 52:45

I'm gonna hang you up. I don't know. Okay, so you can call back and maybe that'll that'll fix itself.

G Gigi 52:51

Okay. Okay. And our next segment is by and Taegan poetry. Oh, good.

J

Jimmy Carper 52:57

Oh, good. Good. Good. Yes, I want to clear line for that. Okay, thank you. And now we're gonna go to some Tom Robinson from his last album, having it both ways. It's a it's an incredible cover on this album. Because it looks like you might assume that it's a picture of a male taking his shirt off. And you open up and find out it's a female. So one of the songs on there that that I really loved was called disrespect. And you're going to hear that right and after this

∅

53:37

commercial free and listener sponsored. He says 90.1 KPFT. The sound of Texas, a Pacifica network station. KPFT Houston K US college station.

J

Jimmy Carper 53:47

Ooh, Tom Robinson from his album having it both ways. disrespect. Wonderful bisexual man. And are we back? JJ that doesn't sound right. Drinking. Jg okay, I didn't push all the right buttons.

G

Gigi 54:15

Kind of a good yeah, you have a secret and sacred ated a clip?

J

Jimmy Carper 54:22

That's you got that right. Ah. So what do we got? Got now we are we are like, in case people have just tuned in. There is a bisexual conference going on right now in Houston. And we're giving you the highlights of what's going on shooting the words to your baby. I'm Jimmy Carper. And Bobby is in the studio with me. And Gigi is on the other end with a whole bunch of folks.

G

Gigi 54:55

And we're lesson kpsc 90.1 and career right now with attitude certainly. Yes. Hi attitude. Good. We're gonna go into by and pagan poetry next. Good. And I'm gonna turn the show over and let everybody introduce themselves and then we'll do a couple of points.

∅

55:20

Hello, my name is Starla class, and I'm the poet. And I have here with me Wang Bryant, who you recently heard on his

55:27

book, and Mickey ski,

55:29

and I asked him to sit in with me and give some feedback. And

Gigi 55:34

before we run, Jim Vaughn just last thing, we have to hear from him and get his quick and dryer. It's been having too much.

55:45

Good. Fire truck with two as

55:53

well, playing lots of music. And I don't know.

Jimmy Carper 56:00

We do. We

56:04

wrote bodies yesterday for many hours and it was cool.

Jimmy Carper 56:09

And he has a lot of new friends now. A lot. And then Okay,

56:22

so here we go with poetry.

56:25

Okay, well, I was taught appropriately, I would start with two points that were inspired by my first bisexual experience. And the first one is called Valerie. I stood up on this rock, this hard

rock of Earth. Wind blowing nipples hard feeling wetness, wetness along the ocean shore. salty tears mixing with the ocean zone. Sitting here all alone, gazing out into the ocean balloon filled with emotion as I remember you wetter and wetter with each passing wave wanting to satisfy this inward crane. And as each way meets the ocean shore, I want to hold you once more. This fire burning higher body filled with desire. rays coming coming in, going out. You're coming in my coming out the way I came the way I came out my first time with you.

 Jimmy Carper 57:24

I like to add we're taping this.

 57:28

This next one. This next one is called melons out of season. In this really truly was the line to use melons out of season. Melons are in season, and I think of you I love last summer in fruits of yesterday. So beautiful memories of food and love and passion remain. You are my young and fruit field lover, bringing reality to dreams and dreamt. And I wonder where you are now missing the moment that one moment. That one special moment when you pulled me close. lay my head against the tinder BISM of your soul as my heart sank to the music of Sam Harris. As my sense is captivated by the scent of you of monogram Loran of love and lost lost in one night of Passion all our own as we came together once leaving us always hungry for more as we ate leftover London Broil as we ate one another I think of how you just were to nibble touch finger fondo probe the way you made all the bad good and all the good seem not so bad. Like my moving out of Oregon. Like my moving away from you. And I still wonder Do you really eat melons out of season? Or was that just aligned? Very good. Yes. This one was actually inspired by Wayne but I don't know that if he knows. This is called ice cream cone. What better on a hot summer day than to lick a hard thick frozen cone to watch is the cream begins to melt dripping all over itself. You want better on a hot summer day then to fill the cool wetness of fresh cream against the body so hot. it sizzles against the Burning rays of the sun. What better on a hot summer day than to experience life while licking a hard cone until cream melts down the side of your face. Your chin you swallowing it

 59:40

obviously went out for ice cream

 Jimmy Carper 59:45

that was that that was good. Yeah. Glad it's 115 in the morning, yes.

 59:54

A few times over the years.

59:58

This next one is called hot dog. Other and this whole book is called erratically edible ecstasies. And it's, it's non gender specific erotic, erotica, for the most part based on food. This one is called Hot Java. And I've been told before, that ain't about no coffee girl. It's called Hot Java. Once takes a sip, licking lips, licking the rim, burning hot, taste flavorful, sliding down throat deep and swallowing glass drop, ask, may I have a refill? Please?

J Jimmy Carper 1:00:36

Tell me more about this book and where I can get it.

1:00:38

Okay, I have a website. It's www dot Angel feiyr.com/sc lowercase slash capital S. Spirit pages capital P. So it's capital S, small case PIR it capital P and then lowercase ATS and I have just a few more. And I'm going to move into some of my political stuff. Now I do a wide genre of poetry. And this is when I wrote it sort of covers a span not only of sexual orientation, but racism and anti semitism. It just covers a lot of areas and it's called Crayola life. Life is like a box of Crayola is at five trying hard to stay inside a line defined by others trying hard to stay inside the line. Too much pressure powerful for pushing down I crack into pieces. Fragments pushed aside for another color different but the same action repeat instant rerun Life is like a box of Crayola has many colors. All vulnerable to for pressure. Each color valuable blending different color alone beautiful color and together special. Life is like a box of Crayolas standing side by side never speaking used by others over and over again. Picked up to brighten day broken thrown away. Life is like a box of Crayola is one disappears. Walked on LT tight invisible at night. Like it's like a box of crayons at five freedom wanted want to know

1:02:41

Oh, I think I'll throw this one in for kicks and I'll do maybe one or two more. Okay, okay.

J Jimmy Carper 1:02:49

I'm enjoying it.

1:02:51

A talent. This one was a challenge. Any erotic coin without dirty words. Okay. It kisses me as I lay there. Imaginary restraints time tickling me with peacock feathers. He pinches one at a time. Heat rushes through my body up my spine. Soft wetness of tongue rests gently on my shoulder going down wetness. Hands in place breath sliding down to hips now correct hands move round that expressed fondled body needs body close up passion fire. Now now into now

hand drum crossing bodies ravenous to the touch. Hunger desire raging gives in it's in our relief. slowly sliding moving up and down in and out and back again. faster, harder, faster, I say. And we Come again another day.

1:03:46

No, I've got it. This is making ski I gotta say something. Okay, it was a dirty word in there. And I don't I can't put it on the radio but

1:03:59

I don't think you can say that on the radio.

Gigi 1:04:02

And there's only seven words you can't say and wait sometimes. So you

Jimmy Carper 1:04:09

know, I think we can do that.

Gigi 1:04:13

I'll be careful once in a while, but I try my best.

Jimmy Carper 1:04:20

You know, it's very, very attuned to the old Carlin line. You can say on the radio. Dick pricked his finger. But you cannot say dick fingered his prick. So you know, it's kind of in that genre.

1:04:41

Okay, I'm gonna dedicate this next one to bisexuals everywhere. And I think most people will relate what I'm talking about, although it's it was written in a very psychic spiritual sense. And it's entitled somewhere along the edge of yesterday and tomorrow. lies the path of untold mystery foreseen, found only by those willing to travel a narrow path between love and light. Upon this road encounters remind of rocky ridges sharpened by experiences of an earlier time on a different road, leading everywhere and nowhere. For with each new breath, we set out on a new path refreshed and renewed, moving only forward into hope, while leaving the tragedies of yesterday behind.

1:05:30

Your Very good, thank you, really, are

1:05:32

you mad at poetry? Like you wouldn't

J Jimmy Carper 1:05:36

know, you know, it's the type of thing that I really do like poetry. But for me, I have to kind of read it about three times and sit there for three days and think about it, you know, and, and all kinds of things, images and ideas come to mind. Because I think that's what poetry is supposed to do, isn't it?

1:05:54

I think so. It should motivate that contemplation

1:06:01

ended up there.

B Bobby 1:06:07

I'm great at listening to poetry and trying to figure it out. I've written exactly one piece of poetry in my entire life. And then that's it. No, it's a talent. But talent, I don't even have the ability to reach inside yourself and, and look at the world around you, and then reach inside yourself and decipher it onto the page that way, and, you know, reach people with it.

J Jimmy Carper 1:06:35

That's what I love about writers, poets and writers, because these are people who are putting the insides of themselves out there for perfect strangers to know about. And that's got, you know, that's got to be a tough thing to do. Certainly, so many of us have areas, so many areas where, you know, we keep inside. And

B Bobby 1:06:59

then that's partly what all this is about, is what we've kept inside for so long and you know, letting it out and to for people don't understand.

J Jimmy Carper 1:07:11

And here we are 120 in the morning getting philosophical. Let's enjoy the poetry and

G Gigi 1:07:19

you know, we do good things and that this conference is about everything out. Yeah.

♂ 1:07:27

Well, you can hear me reading around town as well. If you look in one of the local papers are several poetry readings, I generally so on occasion at the Tuesday night and Wednesday night readings. And I've also the last few years, I've traveled cross country each of the last two summers, and I've done several readings in other cities. And I'll be leaving again in November for a month to do some more of that. And it's it's been a real challenge to walk into strange places and read my poetry for absolutely no one I've ever met before.

J Jimmy Carper 1:07:56

Yeah, that's what I mean. Yeah. I especially you reading the Yeah. Are you going to be at any place in Houston? In the near future?

♂ 1:08:07

I just finished doing a featured meeting in May at the mausoleum. Sar cheese Ted oak butcher meeting on 830. On Tuesday night,

B Bobby 1:08:18

I'm there every Tuesday like clockwork,

♂ 1:08:21

and on Wednesdays at the MAS land, okay.

B Bobby 1:08:24

And they're every Wednesday like clockwork, okay,

♂ 1:08:27

Liam has a feature meter at 830. And then open mic at nine usually.

J

Jimmy Carper 1:08:31

Oh, okay. Cool. I didn't know I did not know this. And

G

Gigi 1:08:42

you know, I make a lot of campy comments. But I am a poet, and I do write poetry, and I really get sons fired with an another. So a lot of love energy. I get really campy, it's like, salsa, special and beautiful and everybody is crying and there's so much love energy, you are on

J

Jimmy Carper 1:09:09

cloud nine. You know, when one of your future shows you should bring in some poetry and read it.

G

Gigi 1:09:14

I will say that. Good luck to hear it. I'll read some here at the conference before it's all okay. And I do want to say that Diane and I have decided as a surprise element. I'm gonna kind of give a little little leap out. We're gonna do a pagan and festing ritual. And polyamory and commitment vows with each other.

J

Jimmy Carper 1:09:46

Oh, nice.

∅

1:09:48

Now what is Hans did

∅

1:09:53

I just say that on the radio, I'm sorry, like

J

Jimmy Carper 1:09:55

he had to ask.

B

Bobby 1:09:58

There happens to be a gay peg. On the other end of the microphones here, I am taking myself too. So I understand. I actually understand both of those phrases, but in different context.

G Gigi 1:10:13

We may combine them in this ritual. Yeah, no kidding. I love that bottom.

J Jimmy Carper 1:10:23

Okay, it's 25 After one. I forgot your schedule GG.

G Gigi 1:10:29

Oh, we're right on time, okay, and then go around and be like we've been doing on every end of each segment.

J Jimmy Carper 1:10:37

And we need to do that because people out there can't see us. And so.

G Gigi 1:10:42

And I want to have everybody on this segment, kind of give their impressions of the conference. Okay. Sure, we'll start with Mike. Yeah, I'm

∅ 1:10:52

not gonna say anything about this.

∅ 1:10:57

Say anything bad.

∅ 1:10:59

I said, I hated it last.

G Gigi 1:11:02

But you can say things like that. Because, you know, well, thank you later.

1:11:07

No, let me tell you. One of the things I always present because I give so many, I have so many identities, I get so many workshops. It's just for anybody who is out there who may be feeling nervous about coming to the conference, or showing up or anything, it's well worth stopping by. Because it's always good to connect with other people, you're not alone out there. And so come on down to the conference, maybe have just come by to say hi, and try to meet some people, there's always people willing to go and sit with you and talk to you for a little while to make you feel comfortable.

Gigi 1:12:42

And I don't mean that, you know, not get candy, and I'm talking a lot about sex. But this is beyond sex. It's a spiritual thing. It's a connection, we share and it is so powerful. And we kicked off this conference, and my for maybe three seconds at the very beginning. The poll came in, nobody knew each other. And there's maybe three seconds of nervousness. And then all of a sudden, the energy hit and everybody was like connected. And a lot of Energy's been hitting the ceiling probably through the roof into the sky ever since.
