03:59

Okay.

Chris 03:59

I think it's it's one of the beginning events of the productivity. Yeah. Towards the beginning of it if you're HIV next topic that CES is bad because I don't have anyone to tag off to it makes it sound like different. One of the things we're always good for,

04:16

is there. Is there a is there a film festival this year?

Chris 04:19

There is but I unfortunately don't have any information on that yet, but it's even grown this it seems.

04:26

From what you've heard, it's even grow bigger than before.

Chris 04:30

I hate this. I've got a I've got a Yankee mind and a southern mouth so they never connect. Sometimes I start stuttering and getting all tongue tied. Yeah, we've got more venues this year. The Angelique Theatre has been added. Oh, and

04:47

there's Angelica. What is that? Where's that? That's

Chris 04:49

the big fancy one down across the street from the inner Bayou place. Oh, yeah. Angelica Angelica. Angelique is Angelica Oh, yeah, there isn't

Rainbo de Clown 05:02

05:57

Rainbo de Clown 06:01

here.

Chris 06:04

If you're one of those few Americans who have the access to a time travel machine you might want to go back and visit this

06:14

I'm sure it's a great time.

C

Chris 06:15

The phones we got to read live on the phone Montrose softball league is already up there second week of play this week and they are going to be at the Texas Instrument fields down in Stafford Texas. Got even leave the bad you gotta leave Montrose home

The Montrose Counseling Center's Women's Network on April 28. We'll be showing a video the famine within it's a powerful film on the obsessive quest for the perfect body. Nobody question here. This is a documentary based on society's influence on women and eating disorders, and was the winner of the Canadian Academy Award for Best Documentary. It's from seven to 10pm at the Montrose Counseling Center Room 15 at 701. Richmond.

o

07:45

I just think everyone should stop reading beauty magazines. They only make you ugly.

C

Chris 07:50

I believe you're quoting a song in there. Yes. I think that'd be an interesting song to play here. Yeah. What is that? sunscreen? Yeah. Sunscreen, sunscreen. So I was sitting in JRS last night and this lady next to me, Nicole was sitting there watching the video. She goes, I've heard this once before, what is it about? And it's about sadly I stay up late enough on MTV when they show the interviewer of how this That video got started and went into the main video video.

There is a video out at MTV is showing it the infamous Kurt Vonnegut MIT Graduation Commencement Address hoax that some Chicago Tribune rotor writer she's a roto rooter repairman, and she sat down one day on a truck in her van.

08:44

But does she have clean tools?

c 08:49

She hangs out with the tidy bowl man. She's got blue fingers. It's a sad thing. Right Roger?

09:05

Okay, now that you've got to say it at least one time during this newscast. What I have to say the the court the court has to be doing something.

c 09:16

I didn't see anything of the Royal and sovereign Imperial

09:22

gold star.

c 09:25

I did it without looking at notes people. Finally someone on the team has learned what it means. Actually last time when we hit when Roy had to do when I sat down and wrote it down for him ahead of time. And red light. He's sitting out there

Rainbo de Clown 09:42

well, you don't next weekend is the street festival that I actually have it on my list on your list. All right.

09:49

I also snakes and tattoos.

c

Chris 09:53

That's about describing it. Yeah. See, I'm a suburban kid when we first came down for it for my mom and dad. It was like my I got it we were looking at that I went to New Orleans during Jazz Fest and walked down Bourbon Street and I go Westheimer street Fest was weird

o

10:12

yeah but it's that like multiplied about 100 Die yeah

c

Chris 10:16

well I've always thought the cops episode was funny was fake when they said the horses sometime attack people I watched the horse go after a person once well I talked to max force

o

10:29

force Max

R

Rainbo de Clown 10:30

I talked to a lot of people in Copperfield and you know when I entertain up there the Copperfield and say oh,

o

10:36

he's a cup of coffee

R

Rainbo de Clown 10:40

Yeah, you're from Copperfield? Yes. Well the guy the other people were there in Copperfield that you don't want to entertain over their homes and stuff. Oh, we always love coming to that street festival down on Westheimer

c

Chris 10:53

we love intermingling with you people down now. Monkey whitebread and I just love seeing all the tattoos

o

11:02

and then go go to your nice safe home Far, far away. Actually, when

C

Chris 11:07

they come down they don't see that much skin out in that area. I mean, everyone's so pasty white Wonder Bread came wonder wonder wonder I tried to come in there but they said No, everyone thought it was right. It was too dark for me. But surprisingly

R

Rainbo de Clown 11:23

well they call us Bohemians down here so they come to see the Bohemians.

C

Chris 11:28

I could see that would be a kind of an apropos description of modern day gypsy sort of thing. I mean just sort of weird when they clean the streets you just come out with a giant magnet on helicopters and pick all the people up and drag them off to another corner.

∅

11:42

So what else is going on?

C

Chris 11:44

Boy this is stretching this yeah everything that was sitting here going oh my god I don't have enough. I'm not going to fill the three days that Roy likes to put for the news and see I start adding stuff in the morning. Well fortunately there's no one out there.

∅

12:04

I want to get out. There's another goofy sign here it says Woolworths back to school chemical sale for those back to school chemicals. Q chemicals \$1 \$1 buy all these back to school chemical

C

Chris 12:24

C

Chris 13:24

time I was on roller skates. They still have these things called quad skates. Oh yeah. The side by side before inline became big. I would go there and like for for our skating session. I spent three hours sitting on my butt just looking to everybody took about 45 minutes to me to get up enough for to skate along the carpeting. And then 15 minutes to have skate along the edge holding on to it by that time. Last skate. G was

R

Rainbo de Clown 13:53

really to have good dance music. It's not like the old skating days. Do they have Hokey Pokey now? Well, they might have hokey they might have some Hokey Pokey, and but

C

Chris 14:05

and alanda rollerskating Lincoln brings all whole new meaning.

R

Rainbo de Clown 14:11

You got to come out and do it. You know, just I did last week. I skated for hours with just

14:18

one costume. They have like a regular skating night.

c Chris 14:23

Wednesday, Wednesday, Wednesdays and usually ends sometimes I'll throw in a little charity organization. Yeah.

14:29

Like from when to when again? Eight to 10 I

c Chris 14:32

R Rainbo de Clown 14:34

Cool. See last week it was at hand for hand at this week is we're bearing moto Sapo whatever. You know, their little team.

14:43

Are you still doing the softball thing? Oh,

R Rainbo de Clown 14:45

yeah. Girl number 86 on the lazy J team this year.

14:49

When does that start?

c Chris 14:50

Last week? We already covered that stuff.

14:55

That's the tip. This is right. Okay, I'll do When

R

Rainbo de Clown 15:04

was the news?

C

Chris 15:07

What was that old show? They know? What was going on you would know. Back when Cronkite was young, it wasn't a sick way. That's the way it was or what? There was some. And that's the way they forced us to watch it in high school when I was in high school, they had some old show they had, they took historical events and historic reenactments and tried to make it look like a news program. So it was like and we now go to our field reporter, Ace Jackson at the scene of Napoleon's surrender.

o

15:42

Oh, I see. So it was I that's the way it was the way we were. Anyway

C

Chris 15:54

so what Roy This is free this is for you Roy. Anyway

o

15:59

Yeah, that's better and that was what was missing

C

Chris 16:04

10 smacks now the fourth national Go ahead. National should say annual I guess they're the fourth national Lobby Day May 23 through 25th is what is being done by gender Pac and national advocacy group dedicated to person

o

16:36

read something on the fly.

C

Chris 16:39

You are there remembers that he was here before the advent of television right Roy was there when they invented beating sticks on the ground to make noise. Gender PAC national advocacy group is dedicated to pursuing gender affection ality and racial equality affectional you know, I

didn't pass great I didn't pass English in high school but we're gonna send this off to my teacher oh my god, I KILLED JEREMY.

17:27

20 It says here

17:35

your big affectional was

Chris 17:38

the fourth national Lobby Day is in Washington DC from Sunday, May 23 to Tuesday, May 25. The employment non description the employment non discrimination act ENDA and the Hate Crimes Prevention Act H CPA are edging closer to critical votes. The next five years may see tremendous advances in this and other legislation that would benefit all of the although I hate saying these initials, LGBT communities, our community. Unless we make our voices known Congress will fail to include coverage for gender different people in these bills. If you want to get more information, you 20 million here. To register. You can send an email to carry ca RR ie at g pack.org. Or Lobby Day at G pack going to Japan there's a little underline underneath. I can't tell ya g pack.org. You can or you can send call 212-645-1753. They are going to be having hotels accommodations that are going to be discounted and going to two days of lobbying to the congressional representatives. Alright tastic All right, one last thing and then I'm going to end the insanity. There is going to be a new church is going to be groundbreaking here in a couple of weeks. Same day as the AIDS Walk. There's going to be serving the community and a strange way saying we're serving our community and Baptist churches. The Covenant American Baptist Church will be having a groundbreaking ceremony Sunday, May 16. And it will be at the site of the new congregation. The congregation is new location 4949 Caroline, at Wichita and Rosedale. It's about three blocks north of the Holocaust Museum. The Covenant Baptist welcomes persons of all racial and ethnic heritage all sexual orientations and all faiths. For more information contact Pastor James C leech at 713-668-8830. And if you want more details or information on most of the stuff we cover, you can find it in the voice, the triangle, the twit, and the few of the twits we have around here, and on and on and on. And don't forget now Sweet. You've tried to come into the community the West hammer street festival is going on. It's gonna be hellacious. They're gonna

20:05

they're gonna be those no parking signs that go up overnight. So watch it if you've been parking your car out there for the past six months and suddenly it gets towed away. That's probably why

Chris 20:18

I don't even think of parking near Avondale. Because Oh yeah, they put the signs up and it

I don't even think of parking near Avondale. Because one year, they put the signs up and at night, they start to take them down. But they still tell it. But those things pop up pretty quick. And if you're lucky to find there, just follow the signs. There should be a if they've done it like last year, there'll be a shuttle bus bringing you am to that.

20:38

I understand also that the street will be blocked off from Stanford to Mandel. It won't go all the way down this doubt it won't go all the way to Taft. I don't think so. I heard somebody from Stanford to Mandel. There's it has to do with the idea of all these new fees the city or the city is charging. It's costing more and more money and everything like that.

c Chris 21:00

They stop it at Stanford, that's cutting it almost in half.

R Rainbo de Clown 21:03

But then all the way up to Mandel. they've extended it to some

c Chris 21:07

Mandel I only know the streets that cute patrol goes on there. Yeah, they don't

R Rainbo de Clown 21:12

go I've heard but it may change overnight and I'd be Yeah, Mandel was

21:17

further west.

R Rainbo de Clown 21:19

Yeah, so I don't know. But that's what that's the little birds been telling me.

c Chris 21:26

I don't know what type of birds you list.

R Rainbo de Clown 21:29

Rainbo de Clown 21:29

But a lot of it has to do with these new fees the cities are starting to charge for every you know, Festival parade rally or whatever. And they're just increasing to two that's my commentary

21:44

on that one last I got another stupid

Rainbo de Clown 21:46

letter good.

21:48

It says here is a letter written to sama years as the only sprinkler system as a double root pincher.

Rainbo de Clown 21:59

Oh, by the way,

22:02

pretty good to put out that's

Rainbo de Clown 22:04

looking at the traffic to 90 heavy are cleared.

22:09

All right once you can get back on to 90 again, except for

Chris 22:13

doing a lot of construction. On 291 last serious thing with this being national hate crime Secretary National Crime Victims week I knew it was National Crime something week. If you are interested in helping stop some of the crimes that are occurring in that please consider joining que patrol we could really use membership coming out there and walk in the streets with us. If

you can't walk we have people driving well, you can ride a bicycle you can ride a pogo stick, please come out and join us. Oh, yeah, it's great. If you're willing to if you're willing to come out some way. We will. We will be more than glad to bring you along.

22:54

I've been out on skates before and while Yeah, it's it's a lot of fun. You get to you know, consider it all the interesting little houses around here.

c Chris 23:03

Consider it a three hour tour of the Montrose normally you go to San Francisco, a three hour tour is gonna cost you \$40 here in Houston, we give it to you for free. So we ask you to join Q patrol we it's Friday and Saturday nights, give us a call at 713528 safe, it's a voicemail, just let us know and we will contact you. We'll be glad to have you come out here. And if you have a group that wants to join us and hand out some of your stuff, by all means we'll we'll take we'll have all takers coming along. Because the more that we get out there and show them that we're here and we're not leaving, and we're here to protect one another. More of a chance they're not going to come down and bother us that much. So think

23:40

one of my favorite things on the Q patrol so far has it has to be the world's slowest car chase. by the police. There was this pickup truck, all the tires blown out. And the guy was driving about 10 miles an hour but he was not going to stop. He went okay we went through he went through stop signs I just kept on going and behind him were about five cop cars with the lights going and everything. Yeah, it was

c Chris 24:12

my five cop cars over and walk up to the cargo I don't use may come on people

R Rainbo de Clown 24:20

around him and stop him on one side.

24:23

He ended up in somebody's front yard. It really was interesting.

c Chris 24:28

You have to be kind of slow going through that neighborhood anyway.

24:32

Well, he started on the scary side of Fairview

c Chris 24:36

dark side. So you can learn interesting lingo of where the dark side is? Yes, the kingdom.

24:43

Yes. And they ended up on Avondale actually in somebody's front yard.

R Rainbo de Clown 24:49

You can't see anyone maybe the product of Avondale Association.

c Chris 24:53

That would explain

24:55

the irony would be just too good.

c Chris 24:57

Well this concludes this An episode segment this disaster we call after hours news and views. I think I was talking to somebody yesterday about serious thing up the show, please. I still remember there a couple weeks ago when Sarah was on the other side of the glass and she heard factional. And she had Roy and I and she was looking at Roy and I and listening to the show and she put her head down on the control panel several times when I can't believe I'm hearing this stuff. Yeah, I think we're doing for news, what Sports Center did for sports, except a lot worse. Give us 10 years we'll look polished.

R Rainbo de Clown 25:38

I don't think it's flashed. I did you mentioned splash state.

c Chris 25:40

No splash day in Austin and Galveston is next. Next week, next Sunday, and lots of choices to make. And then Mother's Day is the following week. Welcome my mother's birthday.

25:55

splashed day now is that the one where you go way out there someplace and it's where you're either going off all your clothes

Chris 26:00

and most it and that's if you want to get naked, you drive to Austin, right? If you want to go to Galveston where they can't hold a good protest against us.

26:09

I see. It's been a night but more like you go you go to Austin and you you know you have 20 closed people and one naked person. You know, it's like, huge packs of people with their clothes on trying to find the one without you know, it's very strange.

Chris 26:27

No, I've I haven't been to Galveston in about 15 years so I wouldn't even recognize if I step there because I mean I don't like to swim and with someone my size I jump out on like Greenpeace out there trying to get me back wasn't pretty. I went into a speedo shop and just back out the door already not even gonna try. I started going back into go beep beep beep and it was it was a sad

26:57

as you can only speed over your car.

Chris 27:02

Bro, I get better. Jimmy. You're gonna be glad you missed this

Rainbo de Clown 27:08

thing is crafted 59

Chris 27:12

I think the way that the show was going the only person that was on the show that's hardly

I think the way that the show was going the only person that was on the show that's heavily medicated is Jimmy Carter and he ain't here. Yeah.

27:18

Yeah, most definitely. You're listening to after hours and all that jazz on KPFT Houston and KEOS College Station. And why don't we go to a piece of music and and I don't know, see what comes up I suppose. Push up

27:47

okay, well, I'll go ahead and tell you what we've played there so far. You're listening to after hours, here at KPFT Houston and KEOS College Station. That last tune was placebo. Let's see Nancy boy was name of the tune. And before that was a group called horse. And she smiled this name of the cut. And one of my favorite lesbian songs. I spent the last \$10 on birth control and beer. The two nice girls hats off a collection called lesbian favorites. Women like us. It's on the Rhino disc. And that's all we had in that little Seto stuff. And, hey, if you want to call us and give us hateful comments or whatever the number is 526573852 6k PFT. And Chris is slobbering over here. I don't understand it at all.
