matter of fact, I don't hear you on Yeah, no, there. You have such a thing you know, it's so sexy. It's so deep. He

⌚ 02:39

has such a booming voice we can pick him up on any mic.

⌚ 02:43

There's tomatoes. I love to

⌚ 02:45

make him blush persimmon persimmons,

⌚ 02:47

though big. It's persimmons I've ever seen

⌚ 02:50

kind of tomato looking for Yeah, they are.

⌚ 02:53

Like oranges

⌚ 02:55

are a fish cactus. Pete our official after hours photographer has brought in persimmons that's which I have heard about and seen. But Never have I put one in my mouth.

⌚ 03:08

They make a dandy pie.

⌚ 03:10

Do you know the story of Greek?

03:13

Get up to a microphone if you're gonna say this anything.

03:16

Okay, rollin. Tell us about it. Well, then you're right. No, you're not. I can't hear. It doesn't matter.

03:27

We can hear you just

03:29

the story is the persimmons and yeah. The God the God of Hades. He kidnapped this goddesses daughter took her down to hell, no underworld. Well, her her mother who was I believe it was. I want to say Aphrodite or something like one of the one of those guys, okay. She went around all the world calling causing all this fame and promise nothing to grow. She couldn't get her daughter back. She goes down to Hades and says, I want my daughter back. He says well, if she hasn't eaten anything, she can come back up. found out later, he found out that she had eaten some persimmon fruit. So she had to say stay six months of her life in the underworld with Hades, which is a guy with flame on his head. Okay, you know, he's the God of the underwear. I remember this story. Yeah, it's an Greek Greek mythology. Yes,

04:36

actually comes from it was she ate six of the persimmon seeds for sevens that are just full of the seeds and the fruit is actually like kind of around the little seed and, and kind of kind of hard things to eat, actually. But yeah, it's a it's an interesting legend.

04:58

Enough for you didn't know it. Now you do pomegranates.

05:01

No, I thought it was pomegranate seeds. Persimmons, whatever,

05:05

whatever. There. Are those kind of those are

05:08

the biggest persimmons. Those are the biggest persimmons I've ever seen.

05:11

Oh really? Yes. Like your person and Sony.

05:15

Didn't you tell me do we do we discuss who's here? Your jewel and you're

05:25

not likely we don't have enough, Jim.

05:29

We'll be Joe. And in at 120 We'll have the news with I think big Ryan. Michelle. Certainly, Michelle. Big Roy isn't here yet. Well, we have and the second half will be hatch and with hatch tonight will be the new executive director.

05:47

Oh, the big hatchling? Yeah.

05:51

I'm looking forward to that. Great.

05:52

You know, we were talking a minute ago. This is our Christmas show. So I thought I'd share a Christmas story with you. Okay, well, happy story. A couple of years ago when I was out and Pasadena area, I don't like to tell everybody that I've lived out that direction. What's

06:10

wrong with Pasadena? Hey,

06:13

I didn't say anything is wrong. I just don't like to admit it very often. Actually, I'm closer actually more like close to Ellington. And I had done some favors for a friend who dumped some stuff in my lap and said here, you can have this whole trunk full of stuff. Well, one of the things in the trunk was a perfectly sitting Santa Claus suit. So my lover at that time was a teacher, you remember how you do? And she said, Hey, why don't you put the Santa suit on and come to our school and you can be Santa that would give the kids a thrill. I thought, well, how nice what could that'd be a nice thing to do for Christmas. So I put on the suit and I looked pretty good in a suit. I fit it just right here. I got the little boots on and the little belt around me and went down there with my beard all combed out nice and neat. And the hair was all white and had this hat and was just decked out. I mean, really, even back then I had those funny little glasses that kind of look like SanDisk glass. Oh, really. So I go in the back door at this school, she comes out and gets me meet me in the parking lot brings me in this back door sets me in this room. So I hear the kids. This is an open school. I don't know if many of you know what an Open School is. But classrooms are open. There are no walls. So you might have six or seven classrooms in a great giant room. Wow. Which is quite a few children. If you think about 20 kids in a class. I don't know how many 20 kids in the class. It's quite a big.

07:37

Plus there were kids a one room school? In other words,

07:39

well, no, actually, it was like five large rooms in the school, five rooms school. Well, it's kind of like kind of like a star put out in the star. And each thing in the center was anyway, we're getting off track here. But just to give you an idea that we're probably 70 kids, they're little second graders. So they sent me in this room and, and told me that they would come and get me they prep the kids, they had that little Christmas party. And you know, I got there just just when they asked me to be there, so they went in, they prep the kids and told the Santos coming in that I would be talking to each one of them. And you know, I've made agreement that I do this. Even if it took all day I talked to each one of them. And we talked earlier about what kinds of things you know to say you don't want to tell some child, you know, yeah, you're you know, saying I'll bring you this. Because, you know, maybe Santa doesn't bring this and then yeah, so you have to find ways not to say no or, you know, yes, for sure. And you know, kind of, you know, take the focus off what they're gonna get and more on how did they deserve it. So I'm standing in this room and one of the teachers comes back now my lover she doesn't come back. Well, the teachers come back so they're ready for you. So well, this lady at the door, and I think I got maybe eight or 10 feet when the room suddenly rose in unison and rushed at me 70 of the children all at one time rushed at me scared the bejesus out of me. I almost wet my Santa suit. Let me tell you it was so terrifying just for that few moments and let me tell you two or three teachers had to wade through these kids and pull me out of there was terrible writing and I swore I'd never do it again. But I knew I knew immediately after that was over I knew I said you know I've always wondered what Mick Jagger must feel like are the Beatles must have felt like you know, in a song in a very small way. And that's kind of what it was the first time they were mobbed. Anyway, it was a it was kind of a harrowing experience. I

wouldn't do it again. But the rest of the afternoon once they got the kids under control. The problem once they weighed in and separated me from the children and got them in some control. It was okay. It was really a good time and I really enjoyed that good. And to be honest, I do it again. I swore I wouldn't but I would do it again. gets elected, but I gave away my family. It's just Oh yeah, but you go, you go out there as mermaid and not sure the guys come chasing you draw me is this

10:11

is this on? Is this

10:17

I had an experience yesterday I played Santa in the daytime and Miss Kitty Claus and hi rainbow call this kitty closet but in the mornings I had a school I went to is it's not a very rich school I'd say okay. And all these kids got presents from people that donate him, you know. And it took about an hour and we went through the whole thing. They sit on my lap and so the pictures go through some of the kids get their pictures taken and whatever, because some parents were there. And then I went around and went to the rooms and they were all playing with their toys. It's not even like one boy. One boy didn't put didn't open his gift at all. He put it to the side he says Give it to his mother for Christmas. Because if you did nothing this was a kindergarten kid. Oh, yeah. And I thought whoa, this is

11:10

one little girl asked me to sit keep make sure her little brother gotta get

11:14

that's it. I mean, it's just like, whoa, you know? And you try to you try to keep your composure and everything without Santa crying.

11:24

Was there too? Yeah. I really think that was really needed actually. But it was a it was a horrifying few moments. I always

11:32

wonder how those I always wonder how those how the elves get past all those copyright infringement. The elves up in North Pole it just sounds like man, you know, are do they actually own Mattel and all these other companies see

11:51

great Santa Clauses.

11:52

They farm out they farm out the word

11:55

subcontract? Yeah, yeah.

11:58

I have fun with the kids. One thing they always ask where's the reindeer is where are the Rangers? And depends and I always make sure I figured out what store is the closest us Oh, they're at so and so's store eight and carrots recently. Kids are always wondering where's the Rangers that where's your Rangers? And I've always parked about three or four blocks away so they don't see my vehicle or

12:21

the rainbow mobiel

12:24

there's some kids that believe their dad

12:26

major six

12:30

will leave the torch on for you

12:31

something else that's gonna happen tonight.

12:33

What what what what?

12:34

I have lots of CDs to give away. Oh, Christmas show and we're giving away

12:40

and there's no money to Answer the phone. Yeah.

12:43

So far away.

12:46

Are you doing something about wearing women's underwear tonight?

12:49

Oh, yeah, that's my favorite Christmas. Music. Yes, yes. Yes. I was so good. My favorite Christmas. I was so glad we were getting third weekend. All right, so I'm expecting some really good Christmas music tonight, sir. Okay, so Oh, Venus envy. Yes. I've gotten these. Oh, yeah. Let's

13:09

get through the movie review. Let's do movies. Oh, I

13:12

wouldn't say good movie. It was called Gods and gods. I had a front

13:17

row seat. You certainly were I was in the third row. You saw me?

13:22

.....

It saw you bobbing. I

13:25

know. I was in the front. I got there like, that's that back

13:29

row actions. Were starting to go. Yeah,

13:31

he came in right at the last moment. So what is it? It's the story of James last month in the life of James Whale, who was an openly gay director. And he directed Frankenstein and The Bride of Frankenstein and showboat and

Michelle Meyers 13:49

Invisible Woman. The Yes. I didn't know that.

13:53

I said, movies in the 30s early 40s tell you like

13:58

Oh, I love it.

14:00

Where's your dad? It's like, great.

Michelle Meyers 14:03

Yeah greenwave

14:06

smell jawed Well, I

14:09

get my free look. It's

14:10

so good tonight smelling

14:13

my lover goes to one movie a year because he despises Hollywood. Hollywood. I you know, I took him to this one. And he you know, he was he didn't say much about it that after at the end of the movie when we're going on. We didn't say much. The next day. I asked him and he said, You know that was really, really a good movie. I really enjoyed it. This is for a non movie person.

14:39

Yeah. Sometimes it's it takes a day to sink everything in because you see it all. I know. I was going out of theater. Well, this is just too much of a movie. I mean,

Michelle Meyers 14:50

it's up for three Academy Awards.

14:53

I hope it when you said something about this Redgrave girl that's in there. Yeah. I don't even recognize until someone says, Oh yeah, redgrave's ended up with red

15:03

gray. Yeah.

Michelle Meyers 15:05

Oh yeah. I love it. You know, she does this weightwatchers thing. Yeah. And I had the pleasure of being able to talk to Bill Condon, who is the writer and director of the movie and did an interview for after hours. Great. Oh, yeah. Great. And we were talking about Lynn Redgrave. Sure, she was, he said she was really beautiful. She still slim and just looks fantastic. And every day she would come in and put on her pattern. I know, crunch up her chin and do all this stuff. To look like this woman who was the housekeeper? I knew

15:58

that was a housekeeper. Yes. All I had

M Michelle Meyers 16:02

no head. I love Lynn Redgrave and I was looking for and I had all the facts in front of me on what part she was playing. And I knew it was her and I couldn't see her. It took until

16:16

I didn't know she's

16:17

definitely I've always thought she was excellent. I've always thought she was totally underrated or something. No, no, no. At least here in Europe. She's

16:25

no I thought, you know, she was great. But I didn't know who she was. Linda was

16:33

Yeah. Lindbergh. Right. Yeah. The other thing that I realized the next day, is that what you're talking about Gods and Monsters, there's, I mean, the main character switch from one one and one scene one's a god. The other is the monster and they switch all the time throughout the movie. But in it, James Whale really was playing Dr. Frankenstein. Yeah. And the gardener was really the monster. And the housekeeper was really Eagle. Yeah, when you think about it? Oh, yeah, it was.

17:09

That's how it fell together. You know, it's

17:11

just because she didn't look like linear. It's

17:15

just wonderful. And all she had it down, you know, all these little idiosyncrasies that that that a person like that would have just she was just great,

17:27

excellent actress. Yes. She's a dame. I think she's been what they she I think she is in that what they do when they night a woman? Well, it's a day. Yeah, yeah. Yeah, she's a day. So there's a certain she's reached a certain pinnacle in her career where they serve in Europe. They see her as you know, a very here we rarely get to see her. And when we did, it was always on the 70s. TV movies. Yeah. Well, she is so far beyond that. Yeah, that she's you know, she can pick and choose what she wants to do. But in Europe, she's way more appreciated any Oh, yeah.

Michelle Meyers 17:57

Not any of you read the credits. No executive. No. But the executive producer. Yes. Why's West Craven? Gorilla get out?

18:14

Oh, how cool. Yeah, yeah.

Michelle Meyers 18:17

I found out from Bill Condon that Wes Craven is gay. Yeah.

18:20

openly. Yeah.

18:23

Yeah, it was anybody with a guy that runs around with long knives on his finger in a glove, and makes all these if you've ever seen any of the Freddy movies he Friday there's one particular movie I believe it's the third one this guy the kid thinks he's a wizard. Okay. Oh, yeah. And in the end, Freddy catches them picks them up and sticks them like distances. Sorry, kid. I don't believe in fairies.

18:48

Whoa, so how rude. Yeah, how rude. That

18:54

guy actually the first one was the best.

18:56

Michelle would you like to answer the phone when the caller calls in? CD?

Michelle Meyers 19:07

That's what I was planning on there. We could do that right now.

19:09

Okay, doesn't matter all the time. We're gonna play what they're winning. No, they have to beat well. What I'm going to do is go I'm going to read off the names of the artists and the third caller who calls in when I start the music can have their pick. Or just say give me any one of them. The artists that I have are

19:37

so you're gonna play this song before I have a chance to talk about my movies. I thought we talked about movie no you talked about looting.

19:44

Gods and Monsters you know that level and he and I go to the movies you hateful queen. Music and then

19:55

What movie did you say?

19:57

No. Oh wait.

20:00

preceptors pouting behave. I'm gonna come in here and spank you.

20:07

Oh, hey, it was your needs you hateful queens. I just mentioned a movie and you guys go off for 15 minutes. They're

20:13

so good. Anyway, here are the artists. We're giving away the CD. Okay. Dave Hall, Steve Cohen, Tom McCormack, erasure. Marsha Stephens. She's the lesbian Christian singer that I've played. The class Maddix which is the Jewish folk group with two gaping and Robert Urban. So your choice of any one of those? And four, what's behind

20:45

door number three?

20:46

No, no, you don't want? No Okay. Groys behind door number three. Number one. All

20:59

right, wherever you are. Okay, so when I start the music, we're going to take the third caller at 526573852 6k PF T. And we're about to go to music pretty soon. You're listening to after hours on KPFT Houston and ke o College Station. We are the queer sound of Texas. And now here's Melissa with a different tune

21:40

Yes, yes, yes, yes, yes, yes. Yes. Gets the spirit going was the dog jumping Men's Chorus and you know that and you know that rainbow was in here with his arms crossed, doing neat kicks. Hey, needs a little. I love every animal.

22:04

Remember, this is not just a Christian

22:09

holiday. Well, it's not a Christian holiday time. It's at all in this month. There's lots of people celebrate their most holy time.

22:19

From Solstice from the pagan that's right when the solstice Wiccans and that's right.

22:24

Kwanzaa we got

22:28

down and down. What is that Ron? I'm sorry. I'm sorry. You know, this is something

22:36

it's really Ramadan. Ramada in

22:40

Ramadan

22:41

Ramadan, I want I beg forgiveness for those who might be of that particular faith. It's just it's a new thing and I'm learning about it and as I learned about it, the more I learned about it the more

22:54

there you go, and

22:56

often when Luke like the Jurassic period, some time or another I

23:00

don't know much about it. So I guess, you know, tell you truth, and I'm really feel pretty stupid. I didn't know there was such a thing until I heard it out of you know, that's true. Ricky Dicky Jr's? Yeah, his mouth the other day. You know, lately, nobody's like paying a lot of attention to what he says. But I did. And I caught that. And I thought, wow,

23:22

he is such a charismatic speaker though. That's one thing when I hear I believed him when I hear Bill Clinton. Oh, yeah. When I hear him, it's just like, God, it's incredible. I just think

23:34

I wonder I will speech writers are. I wonder if that's how he is

23:37

delivery is flawless.

23:39

That's what makes it that's what makes it

23:42

delivery. Yeah. Anybody can deliver bags, right? No, I think he actually he actually believes this stuff. He says he did

23:55

it. Maybe it may be I don't know what's gonna happen with this. I don't know forever in our lifetime. Got to know the real truth.

24:03

About what I know what?

24:05

Well, you know, the answer is it don't matter. It don't matter.

24:11

Let me tell you, Jimmy,

24:12

let me tell you, I don't care if he lied on the stand. I do not care that he lied to cover an extramarital affair. If he had lied to cover that he'd taken \$250,000 It would make me mad. But I don't think they should have been asking those questions. I don't think it was anybody's business. And I don't think that the question. It's like, it was illegal to ask that question to start with, and he should not be held accountable to

24:35

well, his detractors are looking at it in a different light as as Oh yeah.

24:40

self righteous. Oh, yes.

24:44

And it was it that's gonna like Larry Flynt is gonna be dragging out all of the right he's already got a resignation

24:49

over that.

24:50

Okay, we got, he's got I was watching one of those talking head shows tonight. And he was saying he's got 13 people. I think one of them is a Democrat. apt one is on the Judiciary Committee Republican side which is supposed to be really good. And then you got Livingston that he sees already I'll be coming out Thursday they're all upset about this you know they're religious right are upset about this but you know what this Clinton scandal brought out? It brought up the adultery of high brow the adultery of Chyna with a byproduct of adultery of Burton who had a kid they brought up the adultery of Livingston and gainbridge and mores all the way

25:33

tell me that those people wouldn't be on stage.

25:37

All this stuff with a bit of secret hide would never have had to. We would never known about hides

25:43

a hidden affair

25:44

if it wasn't for the Clinton scandal.

25:46

Hi. couldn't hide it anymore. I on Yeah, you're on.

25:49

I'm gonna slap you

25:50

if we're talking too loud. No.

25:53

No, you're too close to

25:54

lean into it. Well, looks so good.

25:57

He's so passionate. Yes, it does. Just phallic symbol. He just can't help himself.

26:00

Is it? Is it? Yeah.

26:04

We're talking about see lesbians don't have to ask.

26:06

But like I said, Yeah, we we lesbians don't have to ask that kind of stuff.

26:12

If it wasn't for the Clinton scandal, we wouldn't have known Okay, FERS now they're all saying living said he didn't lie. He did lie. He lied to me, Jim. And he lied to you. And you? You know why? Because as a congressman, there was a bill called Defense of Marriage Act. Yes. And what was that defensive marriage act all about? Is no games. Oh, we can't get married. We can't do this. But his little lifestyle over in New Orleans. But that's okay. That's okay. See, that's where he lied. He lied to me. And he lied to you. And

26:45

I'm glad you pointed that out. That's, you know, watch him live or, you know, I'm saying, you know, frankly, to tell you the truth. I don't know who the hell we're talking about

26:54

the sanctity of the marriage. You know, that's the Defense of Marriage Act. Well, Livingston was the one who was going to replay

27:01

once he looked like Gingrich. Oh, now I know who you're talking about. Yeah,

27:07

we even got the job. Yeah. But you know, you got delayed saying, Oh, he didn't lie. He didn't do that. There's

27:12

another slime ball.

27:14

Well, let me tell you what delay said last March. I just have to have my little crawl this

27:18

is to remove an elite legally elected president that they do not lie.

27:24

That's it? Yeah. This year and so

27:27

really, to illegally remove a president who was legally elected by the people not Not, not just by by an ear. I'm not by nose. It's by no, it was either. I mean, it wasn't a landslide, but it wasn't by nose. So that's all this is. Well, who

27:42

said this? When will you are when you have a president? Who in my opinion has cheated on his wife. He will cheat on the American people. Oh, they said that last March. Now did you watch? Did you watch delay this morning? Tears calling them talking about Livingston. You know, we're gonna, you know, hear oh, he has such I can I say he's a hypocrite.

28:09

I think I think that

28:11

it's hypocritical.

28:12

Yeah. And that's the point is that it's so blatantly and this is what you're this is what disturbs me is all the people out there who've gotten the same information I've gotten, who've chosen to ignore, you know, the simplicity of this the nowhere near impeachable offense that even if he lied, it's not an impeachable offense. It was in a civil court. I just did. They just, that's the

28:38

way I look at it. Other people do not, and they are the ones who have the power to do they are

28:45

the ones who want to remove a legally elected president, your president, the president, really want an American voted for puppet, you have an email? No, they want to Republican in office. They don't care. They don't care if it's a moderate or an extremist. They want to Republican in office, and who thinks Governor Bush is going to be doing this? Who thinks Governor Bush is gonna be the next president? No, I did. I do.

29:08

I think that yeah, it's gonna go the way of Livingston

29:11

I think, Governor Bush I think

29:12

we need a pagan

29:14

you know, I'm hoping all discovers while he's in the office, one of his twin daughters is a lesbian. Well, what

29:20

we're really finding out is the GOP is the party of adulterers lately

29:24

throwing adulterers and I'm sorry, the Christian Democrats can affect Christian

29:28

coalition. Christian coalition people put their little names, little GOP voters,

29:35

pat robertson on the air lately. Oh my God, when he's talking about this situation, you got to catch him on Sunday morning. Oh, my God. Did you hear these people talking about

29:46

I'd rather watch the cartoon net?

29:48

Tell me Oh, no, I

29:49

love to watch it because I just get so incensed. I just email him every day.

29:53

I email I emailed all my congressman yet last week. Everybody on the Jama program,

29:57

I'll have to push a button write a letter Push a button. It goes to everyone on

30:01

Judiciary Committee. And I told them, there was a guy. They're all talking about censure. Oh, it's not constitutional. It's not constitutional. So I wrote a letter to Buchanan. James Buchanan was censured just the President just before Lincoln. Yeah, he didn't 1318 60 I emailed it to the news networks. I went to every TV station in Houston.

30:23

scares me

30:25

about that news down here in Houston. Not not a bit, not a bad thing. But James Buchanan was censured June 13 18.

30:33

And boy, what he did, I mean, I was reading the list of things that was he, he messed with voting, how things how the votes were counted. He messed with. He gave private contracts to personal friends who gave him considerable contributions to be elected. He sold his his

signature literally sold his signature for bills and stuff for money that went into his pocket. Wow. He gave out contracts to people he arranged he didn't give the he didn't just hand these things out. He arranged so that the contracts were written in such a way that only one person could get the contract. Only one person one contract. Yep. Could get the contract. Yeah. They also tried this. They also tried to cover all this up all this stuff was hundreds of times more, you know, awful and indictable than what Clinton has done. And he got sent and he got censored

31:40

by the Congress, by the Congress. And I emailed this to MSNBC, CNN and all the stuff. I emailed to Congress, you know, different Republicans. They didn't say anything. Delahunt brought it up during the committee hearings, an hour and a half after I emailed my little thing I gave Sheila Jackson Lee the book that we got here. If you ever want to read a good book, it's called fall from grace by Shelley Ross. I got my book from Half Price Books, but it is good. It's a handbook of every scandal that ever happened in DC from the colonial days to and I said to win

32:14

the election to win the election. Love it. He fraudulently naturalized aliens and took them to the pall. Malls, and literally helped them that

32:28

sounds like LBJ.

32:29

What else was there about? Uh, you

32:31

know, you don't talk about you can we get shot at?

32:36

There's something else about you candidates sort of about us? You know, he was a bachelor. Okay, yeah. His lover was Mr. King, who was vice president like 1015 years before that. Both of them thought it Buchanan wanted to be vice president wanted to be president have king as his vice president. I think it was in 1844. And that was funny. Have you ever heard of the panic of 1924 the moral panic of 1924 for moral panic morality, panic of 1924 was a phrase given by Will Rogers concerning a man named President Warren Harding, who had an affair with Nan Britton years, his younger in the White House, and the broom cupboard, the White House now you get all this information on Infoseek political scandals, if you got a computer. I mean, they're

33:30

okay, let me finish my movies. Yes. Finally, you're not going to put it on

33:35

somebody who's called in and they want a title of that book.

33:40

The title of the book

33:43

because he'll come back

33:46

VHSs Ross, our OSS, sir Carolyn Ross, surely bachelor

33:52

Ross. Bessie.

33:55

Thank you, Shirley. Ross. Shelley Ross,

33:59

I got the last copy of blockbusters and are not blocks posted. The way they can Sheila Jackson Lee and she took it on the airline to DC last you think

34:09

they put something that eggnog out MALAMI?

34:13

No. Okay. I've seen a couple of movies

NO. SORRY I'VE SEEN A COUPLE OF MOVIES.

34:16

Now. For what? For I know you're listening to KPFT Houston and ke O 's College Station. Let's say can we play into their song? Use me. Jim wants to talk about a movie.

34:30

What movie? Did you see?

34:33

What you saw?

34:34

Oh, did you see a movie?

34:37

Was it at the French Quarter theater?

34:41

I leave this place. No. I've seen a couple at the end of

34:49

the French Quarter. No, we've been there. That reminds

34:52

me of a tape I want to bring you

34:54

nevermind I'll go ahead with your play the god damn

34:59

34:59

it Oh no, I don't have I don't have a CD in there. I'm watching. Yes. And you wanted to talk about a movie? Yeah. What movie?

35:10

Well, a couple actually. I've seen very bad things. It's just the name of the movie. Yeah, it's just evil. It's just an evil, evil. But it's evil man. It's just It reminds me a lot of Candide. If you ever read Candide, it's just one horrible animal saying,

35:32

Never read candy. Well, you know,

35:35

well leave the tires on by Voltaire. It's just one horrible thing after another. It's just can't get any worse. And well, yes, again. You got it. I don't want her to go into great details, but it's worth

35:49

a bunch of gory, bloody special effects they can get.

35:53

What's the name of the worst? Is it? Yes. Yeah. Isn't there like a plot the premise what? Yeah, but

36:00

if I go through the whole thing, it's just gonna spoil everything.

36:05

The basic One to One to attend?

36:07

Well, the basic story is it was the five guys who go off to Las Vegas for a bachelor party. Yes. And they are to remake they hire a stripper to go in and she takes her clothes off and this one guy decides to have sex with her and in the meantime, she somehow or another by some freak

of accident, dies.

36:29

And it's really not useful. What a way to go. Yeah. And it's

36:32

Yeah, and the rest of the movie is dealing with that and every other horrible thing that comes along on cable.

36:40

Yeah, that was a remake. No, no, no, it's it's, it's that was a like a week. What do they call Sunday night movie special something. And what you saw is a major motion picture. But that would be outside when you're talking about your motion pictures. I saw the one you're talking

36:56

about. Yeah, it's just one evil thing after it

36:59

felt bad because they were making bad decisions. You wished you just turn around and call somebody?

37:05

It just snowballs. Yes. horrible thing. Yeah. And of course, the Star Trek movie.

37:13

I loved it. Well, thumbs up or thumbs down? Thumbs. I mean,

37:17

it's it's good. I mean, it's kind of like just an extended series show. Yeah, more or less. I mean, you get to see, characters do things that you
