SPEAKERS

 00:01
series show. Yeah, more or less. I mean, you get to see characters do things that you didn't see them get to do in the series.

 00:11
Data with an emotion chip, which is really funny, Brett spine.

 00:15
Yeah, well, yeah. Well, it's funny now because if you've seen the whole series and seen that, you know, he didn't get to do that. But

 00:23
there were a couple of where they he had the emotion chip, and it malfunctioned and data trying to be funny is hilarious, because this guy's an Android. Yeah, if you're a Trekkie, like I mean, I worship Star Trek. It is my

 00:38
guess. Well, it's no it's no first contact. They can't really top that. No, no, because that one's just a masterpiece, and

 00:45
they can't top Seven of Nine in her skimpy little clothing in her Well mv

they can't stop seven of nine in her. Shrimpy, here's looking at you, my

00:49

friends all call her six of nine just to be nasty. Well, yeah, it's it's worth watching, but it's, it's not, you know, earth shattering.

01:01

I went and rented a movie that I thought was quite interesting. It's an old classic, but I I swear that one of the characters in there is so hot labyrinth with David Bowie. Oh, yeah. Oh, yeah. I love SCI love what a lot of people think is, I don't know if you remember the movie, but the part where he starts playing with the crystal balls and rolling them around in his head is not David Bowie. It is I forget what the guy's name but he uses a juggler. Yes, balls are made out of crystal. And But David boat I he can take me anywhere at

01:43

whatever. I just like walking around on the stairs upside down and Okay. Great. The Azure, the Azure state funds

01:52

is a little troll going to the bathroom at the beginning of the movie. I see.

01:58

Like, bombed hardly at the box office. But it was a cute

02:02

movie is great.

02:07

That was it? That was that's the only two I've seen.

02:11

Do you know where do you know? Do you know? You know, this is

02:13

Troy and Troy forgot to like hide her thick British accent and this one.

02:19

Oh, we don't she had it pretty heavy in the first first season. It was there and then it kind of knew she

02:26

worked really hard. She must have worked really hard to get rid of California. Yeah.

02:29

And I was glad to see some of it come back in first contact. I could hear a little bit in there because I like a British accent. Yeah. Speaking of Britain, let me do this. Okay, the Christmas. Do you know that Christmas cards now that's something that something like a \$3 billion business I mean, that's probably an exaggeration. 3 billion, but I bet it's a big business come this time of year. Do you know that the first Christmas cards were sent in 1840? Yep. I didn't when the first Penny post public postal delivery began in Britain.

03:02

I collect I collect old cards and I didn't know that it

03:05

the railway system had just been set up and now they started a postal service and then they needed something to see.

03:11

Right and so they you know, some somebody probably in the Postal Service, right sent these postcards saying you know, Merry Christmas, blah, blah, blah, and it caught on. And it

03:21

only cost a half a penny because they could send them in and sealed envelopes. Now why? a sealed envelope is like a penny and a half penny for an and well, I guess they can read it. Right. So the postman can read maybe that's

03:34

it. Maybe it's a letter versus a postcard? Yeah.

03:37

And do you know where the idea that Santa Claus and the chimney came from? No, it came from Turkey. Turkey. fourth century Hello. There was a man in Myra which is somewhere in modern day Turkey. It's St. Nicholas was his name. And he wanted to give somebody will Nicholas was his name. He wanted to give somebody he was shy and withdrawn. But he wanted to give some family some money. So he climbed up on the roof and dropped it down the chimney into their heart. And that's where the idea that Santa Claus Saint Nicholas comes down your chimney. Do you know that?

04:14

No, I never did know.

04:16

Fasten. Is this fascinating.

04:19

Based on the Coca Cola?

04:21

Yeah, that's right. That's exactly right. Coca Cola design Santa Fosca. And I believe because before that, he was kind of tag it's gonna mean yeah, she was kind of spooky. Yeah, just like that picture of God, you know, on the Sistine Chapel.

04:35

store downtown is that the Foley's? Yeah, that's a big window display of like Santa. They're different. Basic Santa is from all the different countries and it's very interesting.

04:46

And then Rudolph the red nosed reindeer who came from awards. Montgomery Ward's promotion, really? Oh, yeah, you gotta get out. I guess I do you know, in

04:57

the English speaking countries the day following Christmas Day is called Boxing Day. Yes, this word comes from years ago churches would open their arms boxes. And instead of putting the money in the day after Christmas, you could take the money out.

05:12

Wow. Oh, I thought Boxing Day boxing day like a five day in Canada. Yeah.

05:18

I thought that's when you took your president

05:20

didn't get the gift.

05:23

You box them up and took them back to the store you vital give me something else. Crap.

05:30

That's the day like what was that movie where I want my ChaCha

05:35

Oh yes.

05:38

yesterday that said on the net where they surveyed some 99,000 people or something. And it asked two questions. Yes. One or or nothing? Yes, one or nothing? Yes. And the question was, Is this Christmas time spiritual and traditional holiday for you? Or is it food and entertainment? And 34% of the people said it was food and entertain Sure. And it was something like 60 Some percent I don't know what the number is foreign what 660 6% said that it was for religious people around me all around me. And I only know a handful of people now and this is people that I work with that work around me that work in the system that I work with people that ideal that I do a job for all these people, not just the people in my tiny little gay community. But all

these people out there and straight world and I only know one or two people who are really into a religious thing on Christmas. The rest of them it's just like a pain in the butt. You know, the half hearted? Yes party and they're either fussing about it or anticipating the good times.

06:50

Yeah. And I think I think a lot of people say it's the religious thing is because they think that that's what they're saying things are going

07:00

better family day is thanksgiving it's not Christmas the best that you know the

07:04

national stuff your face day because it's not

07:07

promoted as a

07:08

yes, but Well, yes. But that doesn't. What does that sell a bunch of turkeys?

07:12

Right? That's the whole life no great. Purchasing. socialized?

07:17

Right is Christmas. It's almost run over. It's too too commercialized.

07:21

But I make money.

07:23

I'll bet you do. Oh, well, we saw the rebels. performance this year. Yes, we

07:29

did. I saw an ad for the Rebels is my Pasadena citizen. Wow. And I called Gigi and told her about it.

07:37

That it's great that rebels is great. It's it's hard to explain actually, it's the celebration of swatches of the solstice are whatever people celebrate in December, whether it's Christmas, Solstice, whatever. And it seems like almost everything. You're cute. It seems like almost every culture has had some celebration. And in December, and this year, it was the gypsies. In past years. It's been like South America, the Mayans and the Aztecs. And last year it was the what was it last year? Celtic? Celtic? Yes. Which was really, really, really good. And this was the gypsies very colorful,

08:24

sort of like the International Festival downtown sort of like value one year you have one ethnic group and the next year you have another and it's all

08:31

yes. And that's kind of ethnic music and dance and song. And

08:37

Gigi was saying she worked. How was it? I

08:39

didn't beautiful it was

08:41

because he later

08:42

it's hard to get tickets. I wanted to get rid of the tickets early.

08:46

Fun Time. All different kinds of stuff going on that right? Oh ren fest? Oh yeah.

08:52

I've never been somebody changed me next year.

08:56

Did you know that they didn't celebrate Christmas for 400 years? Yeah, to the event.

09:02

Fascinating.

09:03

I got I got 1.0 There

09:04

is some fascinating thoughts about that right there. You know, 400 years a long time. That's a long time. 40 years what's what was going on? 40 years ago? We weren't even a country. We weren't even a country. That's how long it was. The time events happened and they were related. Oh, what's what's going on?

09:22

I thought she was gonna be out of town. What's the steel? Oh, that

09:25

must be Nancy. Yes, Miss surprise. We have Dingle Bell jingle bell. Oh boy. Is it? Is it drinkable? Ah, Nancy's pitching good nuts. All right. They'll go great with the persimmons, those big persimmons.

09:43

I always like to get my nuts at Christmas, you know,

09:47

not to Christmas. It's a 2d

09:50

array. Hey, hey, by the way, did you know that Thanksgiving was moved up one year to the week before the third week of

10:00

Thank you. Thank you. Thank

10:01

you November. It was done by FDR. Like we do want to really to help with the Christmas shopping. What extra week went?

10:13

Well the thing about the board has

10:14

come in and given us a Santa's mug filled with I'm known for my nice not slept better

10:21

than a bag of faggots right yeah that's what you get in Europe if you're a bad kid a bag of faggots which is a bag as

10:28

I was just thinking of you

10:30

say Sit down sit down and justice here to Jessica

10:33

I'm aware in the

10:36

you may need to drag in a couple of more chairs about Christmas yes the different traditions and stuff we're talking about

10:44

here Jimmy No, no, no, he's

10:46

chairs 100 years I was trying to get along it's been is it that's how long it was between the time these events happened and they were put onto paper so you know that's me my struggle is trying to make people understand that these these events in the Bible were written by men 400 Sometimes 300 years after the event and they were put onto paper so how accurate can they be

11:11

not very I mean 400 years ago,

11:15

Nancy What's wrong man? You better you're gonna have to you're gonna have to get a big lock and a big gun cuz she's getting cuter every time I see a shotgun going on three Jessica 21st century Well, why aren't you in Dallas? Well, beware we drove back for the show. I know we got we got to the hotel I look like toast because they're buttered Okay, go for it

11:56

What are you sucking? They're

11:57

used to that.

11:58

Yeah, she thinks she's a performing.

12:01

It's kind of weird. It's kind of weird because all the mics that you use on stage you have to like running your house. And these when you do that, it just it's normal. So

12:12

doing what? Linda Lovelace on the microphone.

12:17

Oh my. Don't do that. When I get it makes me nervous to take the

12:20

lipstick off. That's right.

12:25

performed after you before you were just following rainbow you are listening

12:32

to after hours on KPFT Houston and ke O 's College Station. We have a full house here tonight on Jimmy Merlin seer. Jessica. Jim jewel rainbow jam.

12:49

Yep. We were just talking about all the little things about Christmas.

12:52

We were driving in Oh, real Christmas. And you know,

12:58

you did just drive it and didn't

13:02

Nightmare Before Christmas. My favorite Christmas movie?

13:06

Yeah, scared. Oh. Well, yeah, I can understand that. Story of being different

13:20

and trying to break out of here a little.

13:23

Yeah. And realizing that other people do other things. And that's good. And you can just sit back and enjoy him. Don't you think that's part of it.

13:33

So you're looking for a meaning in your movies then is what you're saying?

13:37

A plot?

13:37

Well, Oh, well. The French Quarter.

13:41

Not like man meets man man takes off clothes into movie.

13:46

Not the ones I rent for Lobo from logo Lobo I don't look for a plot but

13:51

I just liked portraying Santa Claus. We didn't get that I known.

14:01

It's got a great ending. It's got a great ending.

14:04

Okay, well, I trust you. Can I interject something? Just as a special holiday. Happy President thing. I would like to congratulate our Jimmy Carter for being named 1998 Round Up award from the Texas triangle. Houston's GLBT Role Model of the Year.

14:30

All right, let's get

14:35

we'll be coming in.

14:37

Thank you. Thank you. Thank you. I was shocked. I was shocked. I was shocked. Alright, please

14:42

cowboy the year was round. It was

14:46

well you know the Christmas tree you know, the Christmas tree came along 700 years after

14:54

she's got to get this 700 Yeah, so some of this is pretty fascinating stuff. Did you know that mark? Luther Ryan was the one who pulled away from the church was the first one to pull a tree from inside. I mean from outside, inside put candles and decorations on it because well he had children while he wanted them to see what the night sky look what the night look like in the forest.

15:16

That's what the whole tree is supposed to be symbolized.

15:19

And the year after that was the first year that the the complete sanctuary was burned to the ground.

15:26

In Germany, they did have smoke detectors

15:29

in Germany to teach the Christmas story of the Bible. They did miracle plates they were placed to teach you about the Garden of Eden, Adam and Eve and they took place yearly on the 24th they would decorate evergreens with apples and represent the forbidden fruit that represents the voted with you for my name Christmas Eve.

15:50

You know, I don't think I'd want to play Adam in a play in December.

15:55

I rarely. I did. I had to wear tight

16:02

you know, I would end up looking like I had a button. You know, that's it. It's just too cold to do that.

16:09

My Christmas tree looks like a snow cone outside. It was telling me describe it. It's about five foot tall. It's a real tree outside. And I've got like the purple the green that layers of lights that are different colors. Because I was able to get it Arnie's. You know real cheap, you know, at night they were they looked like a snow cone. It really did.

16:34

Multi flavored right. Yeah.

16:36

Multi flavors. Rainbow snow cone, a rainbow snow.

16:42

Cool. Well, what else is going on Nancy?

16:45

Yeah. What's Nancy up to? And what's the

16:47

tube into a bar tonight? Imagine that.

16:51

Oh my goodness. Imagine that. It's new.

16:53

I know. Well, well, actually. It's a new club. It's a new lesbian club you might want Hey, we want to hear about this. I knew you would. It's called Club extreme. Freeway. Yes, it will. Chris went by it yesterday. Cowboys nightmare was playing tonight.

17:08

No kidding.

17:09

Right. And I didn't

17:10

know it was a lesbian club. Is it open for everybody though? Oh, sure. Yeah. Like, girls.

17:16

Lots of girls.

17:17

I think I saw two big girls, huh?

17:20

It was fun. Good time. Good. Everyone was in a very holiday mood.

17:25

And so candy. It's like a big bar with dance. Yes.

17:29

Pretty good. It's right on the you know, that red white, white building that used to be a kid's playground. The peppermint peppermint house. Right now, right down that area. It's now a garage. I

17:43

have no idea what you're doing.

17:44

They used to have a carousel inside. It's on Southwest Freeway. There's like no, no, no, no, no, no, no, no. There used to be a building used to be a building was painted red and white on Southwest Freeway

17:57

thing rainbow. Not all of us use carousels as landmarks.

18:02

This was these were children used to go in and play and play all the rides and stuff inside of the building or

18:08

peppermint Park.

18:10

That I think that's it.

18:12

I thought that was one to add. I thought that was I mean, I remember

18:14

because I went rag they're

18:18

down by that area. And it's about 10 miles from Tom delay's home. Oh, yeah. Well, that's not really far from

18:32

so So okay, so and then there's a stage and evidently stages

18:38

to dance floors. Big bar.

18:41

Nice accommodations. cages, lovely people. They work.

18:46

Very beautiful bathroom. Oh, wait. Oh, yes. Let me tell you women. The bathrooms are gorgeous. They are so lovely. I've been in so many lesbian bars and the bathrooms are just awful. Yes, I mean, you cannot.

19:04

You don't have to be intimate with that toilet we do. Good bathroom is something we pass

around

19:10

very big, very

19:11

clean. Living in my house. I learned to sit back to it that they would kill me if I miss.

19:19

I love the ripcord. I liked the weather.

19:20

Because they got some guy in there after hours. Clean

19:27

we did not have to go

19:31

up hey, you know what those guys get

19:36

them to Nancy who wants this place? Anybody we know?

19:39

A couple of lesbians.

19:40

Lesbians as I understand. Wow. And now they're from the ranch. Good.

19:45

So where is it? You're gonna be performing there. How soon?

19:49

Well, they they've asked her to set up a date. I don't know when

19:55

she has a terror. I just love the way this is This is right before the NO NO NO we're right near the

20:06

turn around the beltway eight and you go right there. It's yeah, you can go out and make a U turn around beltway ya know

20:11

that era well where's it

20:18

where's it right there because I know that very well

20:27

and that's a lesbian bar Hey, that's it. Yeah, I could go there.

20:36

Down by \$1 store but not near the peppermint

20:39

\$4 store.

20:47

Watch out they're

20:50

gonna be out there very soon. Oh, good, good, great.

20:55

Club extreme.

20:56

It's got a big blue sign on the side. My gaydar it's got a blue sign on the outside of it. That's how I found out where it was. All the extreme. I read it in the you know, the papers and stuff like

21:13

it is. It is 18 and up also, is really cool. lights are on.

21:19

Is there a cover?

21:21

I believe it was tonight. I believe

21:22

not for Nancy for

21:26

every day for just a weekend.

21:28

through Sunday. I missed that something will be soon promoting

21:35

something about Nancy for it not being covered.

21:37

I'm just bragging about her little VIP card she gets on the first night she goes there

21:47

this is a VIP card.

21:49

It's hard to get these VIP cards. I've had to kiss a lot of laughs right. I can remember when she was changing into a real coat room.

21:58

I need to tell you about some of the places that I've changed. But not

22:04

to the poor Nancy standing up against the wall Queens running around everywhere. They can try to get ready for it. Those are the good. Oh man. Yeah. And shoved up against the pool table. Yeah. Hey,

22:13

hey, dream of being shoved up against the pool table. Oh my Yeah,

22:20

go put on some music.

22:23

I don't even know why they even put facilities in a men's bathroom. They can't hit it.

22:29

Oh my goodness.

22:40

Okay. I never understood guys never

22:44

understand why jewel and Jim are a good pair.

22:50

I lived in a house with three women, my mother and my two sisters. They would kill me if I ever missed. So I learned it early. Early, I still live with my sister. Bless her heart. But I still live to bless her little heart

23:07

you learn how to sit

23:15

for only three

23:19

in air conditioning, so it's 40 below outside. And there's no Heating and AC at the house at three o'clock in the morning when you have to do your earthly deed when you sit down.

23:33

Let's see. It's sleigh bells ringing Are you listening?

23:38

I remember I remember I feel for you. When When Jim. When Jim and I were at your friend's house where you had the commitment ceremony. And I went to the bathroom. And I walked out and I said this is a lesbian household. And you know why I said that? No. Because the lid would not stay on

23:59

Wednesday. Oh, that could be pretty hard.

24:05

Next, the next next best step would be have no lid.

24:11

We can't do that because we have little child cats.

24:17

Anyway, okay, what amuses me Yeah, isn't it? Hey, I

24:24

got a letter in the Chronicle tomorrow morning. Oh, yes. It's about the Meyerland billboard. They call me I think yesterday. They told me Well, I wrote the letter a week ago and they told me it's gonna be in Sunday's paper and Milan billboards. And I think he was here when I was talking to you about that, too. What was the Billboard? The big billboard over there by the Shell station over there. Meyerland the same way huge billboard communities all upset about they says blight blight blight and I said, Well, my article has to do with the bright

25:00

It's not what it says it's the fact that exists. Okay? Why

25:02

they're complaining about the blight this billboard this one billboard, I said, I asked the show station guide that went to City Hall. I said, Do you have a telephone pole in your in your gas station near your gas station? He said yes. I said do you have a bunch of signs stapled up and down the telephone pole? He said yes. I said that's blight all over the city. all over the city they're just complaining because it's a big billboard. But they don't complain about all this blight all over the city on telephone

25:32

weeks you see those in vote this vote that after the

25:35

\$500 fine the city can find someone they have not collected one dime but they complain about

one little big big

25:48

nice nice yeah, that's right

25:54

Well, I happen to I have to speak at City Hall last week about it and that at the end I came up I came up with a saying I just happened off the top of my head Oh no. No blight Christmas. Instead of dreaming. No blind Christmas so

26:14

speaking what you meant I'm so scared speaking of the triangle.

26:18

Where are we going with that? Knowing

26:22

the triangle you're on girl. Sorry, I

26:24

cannot hear you I don't have these black he said what is going on at the triangle? Yeah, angle continues to

26:36

grow and grow. Yeah, notice that

26:37

you notice that? Yeah, but real proud of that. What else is happening? We are so busy. We canceled our holiday party

26:50

that is pretty amazing. Exactly. That's pretty amazing

that is pretty amazing. Exactly. That's pretty amazing.

26:53

But it's but it's very good. And actually we are very pleased at the triangle to say that our How can I put this without actually breaking the story

27:03

broke the story, girl this is this is after arms. That's right, break the story here.

27:13

Let's just say Texas triangles involvement with Houston Pride. Pride committee is stronger than it has ever been. And you're going to see it.

27:22

Oh, I know. I know now that's great. I mean, I didn't know you know what we've

27:29

been trying. We're we're in a mediation with Jack to see if he'll come on the show. Yeah.

27:35

I'm sure he will.

27:37

And said he would slogan this year is power and pizzazz.

27:44

It's gonna be a great year. And speaking

27:45

of that, breakout my Nominations are open for grand marshals for the Pride Parade until December 31. I will chosen cemetery Yes, please get them in for male female organization and honorary Yeah. Yeah. Did you get nominated?

28:07

Ever thought nominate Jimmy.

28:13

Somebody did because they also made him Grand Marshal. I was grand marshal Yeah, they also made him Grand Marshal need to

28:19

do it again. So

28:20

then I have

28:21

it on tape.

28:22

Wasn't it about like about three blocks into the parade? They found out about that ugly cigar incident right out of

28:33

those cucumbers. Jimmy you told me wrong was right here in the car. Do we want to

28:44

hear about this Jimmy? No. We don't know we don't know.

28:48

Tiniest Yes, he was he was lit up I think once you

⌚ 28:53

lit no

⌚ 28:56

man lit you know with lit up

⌚ 28:57

like No, it just looked like it. Yeah.

⌚ 29:01

I just love the inner glass.

⌚ 29:02

I have the shirt specially made that youthful glow.

⌚ 29:05

I'll be glad when they i'll be glad when they get the What is that thing downtown though. Riverwalk? That would be neat to have a gay pride parade down the river. A real float and water real pride by you.

⌚ 29:23

So what's next for doing these days? are you appearing anywhere? Can

⌚ 29:27

we see you darlin?

⌚ 29:29

36:22

30:52

Good evening, Michelle.

Michelle Meyers 36:33

Hi, Ron. How are you?

Roy 36:35

I'm doing pretty good. Like, welcome everyone to this week's edition of after hours news with Michelle in disarray. And like give like a hello to all of our listeners out there way. from way up there in Midway, Midway, Texas. Down in Beaumont.

36:56

You betcha. You know what to say hi to Roger and and hi to Terry, and

Roy 37:00

hi to Tony and Tony.

37:03

All those write to us. We'd like I love getting those letters.

Roy 37:08

Oh, I did too. I mean, it's it's amazing how far out this goes. You know, when when it gets kind of freaky or whatnot. There's a thing that they call a skip. And who knows? All across the country? Somebody may be hearing us.

37:23

That's right. The other thing I have a lot of the CDs to give away. And I want to do that right after the news. Is that going to be okay?

Roy 37:33

Sure enough, I got that. I know what I'm doing now.

37:37

What we're gonna do this time is if we're gonna just say, Hey, you want a free CD? And we'll send you one? How's that? Well, because there are too many, too many.

Roy 37:51

Yeah, and I have a list of the names and then I'll tell you what shot CDs are available, okay. And the CD gets given out, they get crossed off my list

38:02

really want to give away I'd like to give away all of them before the end of the show.

38:07

Okay, well, you know, just keep, keep on announcing them, and I will do it. Alright, well, I want to start off this week's news with a report from the American Psychiatric Association. And this is very important, because even though the story does come out of Denver, Colorado, this is important to all of us, because we've many of especially the young people may have seen ads and whatnot in newspapers about churches, converting you from being gay to being straight or something of that nature. Anyways, the American Psychiatric Association says they voted unanimously, and they reject that therapy that's aimed solely at turning gay into heterosexual. They say this can cause depression, anxiety and self-destructive behavior. And this I know for a fact, I've known to many people who've gone through the question of their sexual identity of who they are. This, we are born this way. This is not a lifestyle. A lifestyle is something that you choose whether you go to the clubs, if you're a club person, that's a lifestyle or if you're a theatrical person, that's a lifestyle or if you stay at home, that's a lifestyle or whatever it is that you do, that's your lifestyle, but your sexual orientation. That's not that is part of who you are. Some people are, are a male on the outside and feel like they are a female on the inside. And that's something that they were born with. There are others that are born with both male and female genitalia. This is something that you're born with and I don't care what minute different ministers say, the way you are born, this is it. This is not a disease. This is not a disease. This is not an illness. Nor is it something that is equal to alcoholism, or kleptomania, or insanity or any of those other dysfunctional things. So, I just want our listeners to understand that the American Psychiatric Association their board voted unanimously last week to reject that therapy aimed solely at turning gays into heterosexual. Dr. Natta, Scotland of Rush Medical College said that all evidence would indicate this is the way people are born. They say,

M Michelle Meyers 40:54

Okay, well, the legislative session is coming up on the 12th of January. And there's another bill up in front. This one is very similar to the one on the anti-gay adoption bill. This one is to anti-gay foster parents bill. This one was raised by State Representative Robert Talton. He's a Republican from Pasadena. That's district 144. And so the minutes that's a little bit local guy. And basically, what he wants to do is investigate parents foster care applicants to ensure that they're not gay or bisexual. This one is going to run something like \$10 million a year \$50

million. I mean, here we are, Republicans are these particular Republicans are trying to get people into the bedroom. I just don't understand that. Anyway, the thing that you can do the listener, if you don't agree with these kinds of bills, you can write your representative, you can express your outrage, of being singled out. For this kind of legislation. The best kinds of letters to write are hand written, not a form letter, but a handwritten letter. And so if you want more information, if you don't know who your particular representative or senator is, you can call the Houston gay and lesbian Political Caucus at five to one 1000. That's it code 713-521-1000. Tell us your address. And we'll tell you which representative or Senator shows

 Roy 42:42

this a state representative or US congressman, this

 Michelle Meyers 42:47

is state to state bills. This was a staple. Okay. Yeah. So that's, there are now two of them in line.

 Roy 42:57

Okay, now, we're more happier note, I just want to mention that tomorrow evening. And I'm, I'm sorry, but or later on this evening. It's somewhere between seven or eight o'clock, and I'm sorry, I have to check your TV, TV listings. But on the channel, if you have Warner Cable, that's channel 44. If you have Warner Cable like I do, they're going to be doing an interview with Rudy glendo, who is out and proud gay skater who's won us champions and the US Junior Champion and a bunch of other title holders. And that's going to be really something that I think all of y'all who got cable would really like to see. He's got a very inspiring story. And it's going to be talking about his struggle that he had you know, as a gay skater as a skater, and I happen to know that I know a little something about Rudy Galindo. He grew up in San Diego, California, and to keep his father in order to keep Rudy out of the gangs when he was young, had him skating and having his sister if you know anything about Rudy glendo you'll never see Rudy Galindo at a at an event without his sister there. They have a very tight bond. And Rudy and his sister been skating to get you know, she's been sort of like his coach. And yeah, so go ahead and watch it tomorrow evening. And I'm sorry, but I do not know.

 Michelle Meyers 44:35

Somewhere between seven and it's either at seven or eight o'clock and it'd be on your TV listings. Okay, and that's Warner Cable

 Roy 44:44

for four. Or I don't know what the other one is the channel you said? Yes, each?

M

Michelle Meyers 44:50

Okay. Nominations for the Houston gay and lesbian 1999 Pride Parade. grand marshals are being accepted and till December 31, that's coming up real soon. All entries must be received in writing and can be mailed to the prey committee of Houston Post Office Box 66071, Houston, Texas 77266. And that should express the nominees qualifications for ticketor Grand Marshal position, and therefore positions their honorary titles for people who are gay friendly, and or an organizational title, and also male and female, to lesbian and gay residents, who are role models to the community as a whole. The one thing to remember if you nominate someone that person has to be willing to accept. So again, nominations, this is a change from prior years. So nominations for the prime committee have to be made in writing to the prime committee of Houston Post Office Box 66071, Houston, Texas 77266.

R

Roy 46:12

And I do want to mention that the the people that review this, the grand marshals, for the upcoming grand marshals are former grand marshals, which means that our very own James Carper is going to be one of the ones that will be reviewing the the nomination. That's

♂

46:36

exactly right.

R

Roy 46:39

So we do know, it will be a very fair hearing. I do not know a fair person, then Jimmy. Jimmy Carter.

♂

46:46

Actually it's
