reporter by the way, so if y'all didn't know that you need to show some respect DJ fusion out here owning atomic music straight into Montrose . So y'all need to go support that. The original Yeah, definitely really brought this whole scene back to life. So thank you, David. What else?

20:18

Also we have a new project coming up?

20:20

Yes. We have a new project coming up. But unfortunately, if you're not over 21 Go get fake. Id just kidding. Didn't hear that from me. I just kidding. But anyway, as of Wednesday nights, we will be doing a night at oz. It's a brand new club downtown. Kind of like the upscale so we're gonna go in there and shake our butts and kind of show him how to do it. You know, do it right with it well, with a glitter tie. But yeah, that'll be every Wednesday night with JD Arnold and myself. And the hollyball crave. It's gonna be called starlight. But yeah, like I said, you have to be 21 out. But if you're not, yes, come out to fuel. We love you, too. Bye. Bye TV evolve and riches and atomic music. And a world. It is our world. It's all our worlds, right? Yes, it is. So what's up, Jason?

21:20

Thank you. Thank you for having us tonight. For a while. I hope that y'all are out there listening. Hello. Y'all need to call up and

J Jason 21:28

we got we've got the phone lines lit in here. We've got three lines on really? Yep. Oh, again. Pick

21:33

him up. Pick a line we talked to see what they think.

21:37

No, not right now.

21:38

Now. They might ask perverted questions.

J Jason 21:42

Oh, yeah, that's right. They're giving away prizes. Right. Oh, okay. I thought they were calling for us. While we can probably get some people to call in. Okay.

21:49

I hope they win prizes on the air.

J Jason 21:52

Say something Kansas. Kansas is Kansas is new to this position. So we've got to let her get used to

21:57

it. Hi, Candace. Thank you. What's that?

22:04

You guys do a good job at

22:05

Richmond. Thank you very, very much. Well, we can't do it that y'all. So thank you guys for letting us do a good job letting us have a job

22:13

with Mr. Sewell and Mr. Fusion.

J Jason 22:14

That's right. Which is gives all of us who are under 21 something to do on a Friday night.

22:19

Definitely.

22:23

We will mention that club. Another we won't mentioned

22:29

that one. Was that like you have to put the sensor. I'm just kidding.

J Jason 22:35

But yeah, I found out about fuel when it started right after having burned down didn't it?

22:40

Actually it started a little bit before. Yeah. And then. Yeah, that was one year. Yeah. November 27.

22:49

anniversary party.

22:50

That was awesome. Yeah, that was really interesting. I mean, I don't know I I believe in God, and I don't know. Thank you, Lord, for that. But not that haven't burned down because that's not good. But it was really cool because it gave us a gave a lot of people that normally might have not come out somewhere to go. So they weren't you know, so we

23:10

can have somewhere to go. There's also the New Year's Eve party at riches. Which unfortunately, again, is 21 up but studios. Yeah, they're

23:19

doing a studio 54 thing there. That'd be really good. The Fall. You can't like I said, who don't have ideas, save some energy and come out to the first

23:28

because we'll throw you guys in New Year's party not promoting the use of fake IDs.

23:31

Okay, now we're not for my nice fake IDs. I'm sorry. I'm sorry. Your face on it just gets you in and out. How about that? Okay, there you go. You are good enough. So anyway,

J Jason 23:44

so you've got a song queued up here. Yeah. Introduce it.

23:50

It's rebel girl and it's about empowerment. Okay, that sounds

24:01

right. Did you enjoy that? I did. That's my son to girl. I identify. Thank you.

24:13

Was that again? That was Bikini Kill.

24:17

Rebel girl.

24:20

bikini wax what

24:25

she does. It's Kathleen. I'm sure she does.

24:32

Okay, moving right along.

24:37

I want people to call. How do we get them to call?

J Jason 24:40

Oh, wait, the phone lines are all empty now. So if anybody wants to call and talk to the fuel crew, crew, or I guess tonight's more or less just fuel something for those of us who are under 21 to go do 18 to 21 crowd and here lately I've been doing a several segments of people who've kind of supported us whether it was directly or indirectly. And so that's why I brought fuel in. So if anybody wants to call in and just find out what's going on, or has any questions call 713526 KPFT. 713526? And what are the numbers again?

25:21

57385738.

25:23

That's bad when I don't know my own numbers.

25:27

You just remember everyone else's.

J Jason 25:31

And also, for those of you who have questions about hatch, or would like to become a member, call area code 713-942-7002. And that's a voicemail line. And who's answering it now? Courtney Oh,

25:50

yeah. We Courtney's. She's doing a good job.

25:55

Where's our Wow.

26:05

26:05

That's really cool. So tell us more about that.

26:07

Um, it's a youth at gay support group. You don't have to necessarily be gay. But you know, that's what the majority is. And then you just go to meet other gay youth and get support, which I found a lot through hatch. And how old are you? I'm 18.

J Jason 26:28

Are you know, we were having an interesting discussion about that earlier in the lobby about how hatch helps a lot of people who are going through identity struggles. Yeah.

26:37

That's so cool. I wish that I would have had that.

26:41

You know, I found out about hatch. I was 14, you know, like, frightening it in the closet, you know, so terrified, and everything. And I was in Hawaii, and I saw HBO special that no one here has seen. And I saw about hatch and then, you know, I thought I was never going to move to Houston. And when I finally did, that's the first thing I looked up was hatch. And it was so terrifying going there my first time, but I have not regretted it. And I've been going there for over a year now. And I appreciate it so much.

J Jason 27:10

I know I sat in the car for about an hour before I finally walked in that building.

27:13

I was shaking so bad. I shoot my parents way because I wasn't able to drive yet. I was like can I get away?

27:19

I think that's wonderful though. That's pretty cool. Because definitely I think that all youth need some support, you know, but especially the gay by everything youth I mean, I wish that I would have had that I I might have not been so strange. But thank God we are Ryan What's up like a big bowl of bland chicken sandwiches Normal? Normal is

J

Jason 27:48

Oh, Mark in North Houston wants more info on the Fetish party.

♂

27:52

Ah, right. Okay, so yeah, someone is listening perverts? We love you. The future fetish carnival. The whole scene behind it is going to be like a futuristic fetish carnival. I mean, we're going to probably have little fetish rides there that you know, I don't really know it's going to be a surprise because like I said, the girl from Delaware who was mistress Morgan she is a real dominatrix. She's throwing together pretty much the whole fashion show, which I get to be in it. So y'all can come and see me in full fetish gear. And then we're going to try to have people have little fetish carnival rides. You know, I don't know if we get like pony rides and spanking. You know, like little carnival rides. So that's the whole theme behind it. It's going to be you know, to celebrate 1999 Because it's 9099. So, got a party. Oh my god. Do you think the world's gonna end? No, you don't I really? I think in a way we might witness Judgment Day. I feel like that sometimes, you know, might be at the party. Oh, god. What are you guys doing down there?

♂

28:59

We're gonna go out. Go out and smile.

♂

29:01

That's right. That's true. Yeah, so the so the New Year's party is gonna be really good. We're really excited. We're just hoping that you guys keep energy up. You know, don't wait.

J

Jason 29:11

Like you're celebrating the New Year End. Yeah, first,

♂

29:14

and you know, and that should be in life in general. You know, you gotta like balance that you can't just throw it all in one dish because then it's just too much. You know, that's another thing I think that people don't realize that it's cool to party, but you need to have that balance. You need to know when to rest and when to party and then if you're gonna party like a whole week or the whole weekend, pace yourself because it makes you fat. Does it? Yeah, it'll just make your mess though. You know,

♂

29:40

... . . .

I don't want messes.

29:42

No, we don't like puddles and mess. But yeah, that'd be pretty fun. So thank you caller for calling for letting us know you're out there. His name

29:51

was Mark,

29:52

Mark. Mark. Hi Mark Houston. Mark.

29:55

I'm from North Houston Mar woodlands, The Woodlands. He

29:59

came all the way from the West. But he's out here. I work down here. The really, the wounds is pretty nice. It's very nice. And we go out there and like scare them all the time with my hair. And they're just like, Oh my God, but I think they're pretty cool.

30:13

The people or the woods.

30:14

Well, no, like you guys out there like the kids out there there is a community out there

30:18

there is but I'm there. It's not a community till they get downtown because it's really hard to be community up there. Right? Because there's conservatives,

Jason 30:27

that's only because they don't get together out there. They all come down here to unite. That's

not true.

30:34

Well, because probably there's more support down here. There's a lot more support. You know, I think that I was like,

J Jason 30:39

I look at the group from a leaf where I grew up, and I realized how many people were gay in my high school. And I'm just like, if all these people had just known about each other, you wouldn't have to come down tomorrow know

30:55

about each other in The Woodlands. I mean, it's so obvious. I mean, half those boys and their J Crew sweaters I'm like, Okay. I mean, it's just everyone knows, it's just you're so terrified by like, actions that happen. You don't want to say anything. It's you

31:12

know what, I think that we need to teach people though. You really just have to be yourself. Because, I mean, who? There's no point in impressing people. Unless you stop. Yeah, absolutely. I mean,

J Jason 31:25

portant message for everybody to remember. First, I remember being scared to be who I was and public and everything. And nobody really even cares.

31:34

Now they don't. And you know what, truthfully, all my weirdness honey, it's made me who I am. I mean, growing up, I thought that I would just be the worst of the lot. Like, you know, my mother and my sister. And they just were like, you're just too weird. Heidi, what's wrong with you? You just too strange. But you know, being strange has got me where I am. And I don't regret it. Because I love my life. I feel exactly who I am. And I think that everybody should I think that, you know, that's, and you know what, and truthfully, if you can't love yourself, who's going to love you? If you can't be honest with yourself? Who who's going to be you can't be honest with anyone else. Power to you. To all of us. Sing it, sister. But it's true. Yeah, I think honesty is honesty is the most important thing. Because with honesty comes everything is comes love comes trust and comes you know, faith and I just think that that's the most
