00:03

All right. That was a very funny song.

00:06

I liked that. I thought it was saying Prozac.

00:10

I was like what? Prozac and it's on Bob rivers presents more twisted Christmas. Funny

00:22

type of music I'd like to hear in Christmas. All right.

00:27

Gabrielle, why don't you tell us more about the Shawn Mullins is

00:30

not Shawn Mullins and Shawn Wiggins, whatever. She's, she's from Los Angeles. She's a very, very talented singer songwriter. She came down here for the Houston women's music festival and I got to meet her. And I now talk to her regularly. Oh, really? Yeah. She sent me a free CD for the station. And I got Jimmy a CD and I have a CD and I listened to it every morning when I'm getting ready for work. Oh, yes, it's my favorite. She actually has two CDs and then she

works with several bands in the Los Angeles area as well. But if you liked her music, then you can find out more information at her website, which is [www Shawn wiggins.com](http://www.Shawnwiggins.com). Sean spelled s e a n Wiggins Wi G G I N S WWW dot Shawn wiggins.com Or you can look at [www. Dot](http://www.Dot)

01:24

let's see. Gabrielle's a fan

01:27

No. Go [girls music.com](http://girls.music.com) and they have lots of women's music there that you can check out don't go to [www go girls.com](http://www.go.girls.com) Because that is a completely different kind of website I did not I was informed of that. I did not have to find that out on my own Thank you very much. No, it's [girls music.com](http://girls.music.com) Add to Favorites.

01:58

And before that we listened to BLU October HRSA. Which I found out means high risk self abuse. All right. Good job for me doing research High five. High five Yeah. Justin's freaking hot we like blogtober a lot then.

02:23

You might want to clarify that you're talking about Justin from the band blue October and not our beloved sparkles. Well, he's

02:30

kind of que Well, I

02:31

Yes, he has kids.

02:32

But wait a minute. Let me let me clarify.

02:37

All Justin's playing are just cute.

02:42

Where are you liking a little Lensink fan to you

02:47

all I like it's gonna be my son just because they Mr pronounce me. Oh, yeah. Okay, so Gabrielle has one more treat for us.

02:59

This is another internet find and it's called if the 12 apostles had been gay men. Number one, the Sermon on the Mount would be a musical. Number two, Jesus would never wear white after Labor Day. Never. Number three priests would get married. Wait a minute, nevermind. Number four, the Gospels would be Matthew, Mark, Luke and Bruce. Number five Mary's hair would be flawless. Always. Number six. The temple would not have been cleansed the money changers just redecorated. Number seven the water at the wedding feast of Cana would have turned into dry martinis with just a splash of QR code for color number eight, the triumphal entry just screams for a drag number. Number nine they would have replaced the Beatitudes with fabulous are they who? And number 10. Last but not least, the Last Supper would have been a brunch.

04:12

Gabrielle did her internet research for me this time? I've gotten really relaxed on the radio show. Have y'all noticed that?

04:20

I have no notes this time. Yes. Incredibly, sir.

04:24

I'm very unorganized, per se.

04:27

Yeah, that's because you made me do your slave work.

04:30

Well you said you were gonna write the gay night before Christmas I was all expecting a

Well, you said you were gonna write the guy right before Christmas. I was all expecting a Gabrielle original. Oh, no.

04:37

I didn't do it. Gabrielle original. I know you went to Gabrielle originals. I would have brought my poetry book but I'm sorry. Okay.

04:50

All right. So we were on the what do we want for Christmas?

04:55

Uh huh. Okay, we never heard what you wanted for Christmas.

04:59

Oh god. No.

05:02

Besides Justin from Blue October, what else?

05:06

I don't want much.

05:08

Oh no.

05:08

I went,

05:11

huh? Dammit.

05:14

Yeah, what did I want to on my Christmas list? I wanted to beard trimmer. I don't know if I got that. And my other big thing was I just got my leather jacket in hand. It took me a while to get it. But I finally got it here. Yeah, but I didn't buy the patches for it. Because they were really expensive. So I was wanting patches for my leather jacket and the place by the patches were right. It was right across the street from us. But they moved or something. I don't know where they are now. So I don't think I'm getting that either. But yeah, y'all can send me patches. That'd be fun.

05:51

Like they even know which high school you go to.

05:54

Oh, yeah, go to Jersey village. But it's my senior year. I have only a semester left. Thank God. It was kind of funny. Today I was watching a bazillion movies. And one of them happened to be Rudy. And we, in eighth grade, we wrote a paper after we watched the movie Rudy about goals and stuff. And oh, my mom had kept it. So I went through the stuff that she had kept. And she had kept so much stuff from like, when I was going to school. It was so weird. And like, this is stuff from like kindergarten on. And doing the whole swim team thing. Has all the honorable stuff that I have. It has the what else when I was in science fair, I got a blue ribbon for my dog letter thing. Dog letter. Yeah, I invented the dog letter, which you put on the side of your bed to let little dogs on your bed.

06:59

Just like turns out the pills and so she could get up.

07:04

Yeah, but it was kind of sad, but kind of nice at the same time. It's kind of weird that school's almost over.

07:13

It was kind of depressing, because I found my old senior book, which was 12 years ago that I wrote this and all of my aspirations first grade. Yes. You're in frisky All right. So I was reading through my aspirations of things that I thought I would have accomplished by the time I turned 30. And, well, I've done some of them. But no, I don't think I will have completed my doctorate and be translating for the United Nations by next June. So I'm just wondering, Can I file for an extension? You know,

07:55

I give you I'll let you do it until you're 40 Okay, 4040

07:59

Sounds good. Yeah, sounds good. Still working on the Masters now. That'll give me time to do the document.

08:08

Go Gabrielle. Alright, so Christmas isn't the only holiday coming up. We also have New Year's Eve, New Year's, whatever you want to celebrate. And I wanted to devote a little bit of time to our New Year's resolutions this year. So Gabrielle, what are you planning to do for the new year? First, I'm

08:30

telling you to start with Freddie. Okay.

Jimmy Carper 08:33

Hey, Freddie. Before anybody starts need to mention that you are listening to after hours queer radio with attitude on KPFT Houston and ke O 's College Station. Hatch is here tonight. Rock on

08:50

us all. And that a snap to that?

08:55

Okay, so what would you what are you planning to do for the new year? Reading your

08:59

resolution? Not much. I want to be stable. That's it. I think I'm going back to school. And I will kill in order to go back to school. I will be going I wasn't able to go this semester, but I will be able to go very football the planets align correctly starting the summer sessions and then from then on just go 100 miles per hour until I collapse their degree

09:30

with the degree in then. And then I can die. Yeah. And that will

09:35

be able to say yeah, you have a degree and look at him is doing the same job I have right now. You know and get a good job. That's it.

09:43

Have you decided yet?

09:46

No. I haven't had time to think about next year. I've been too busy trying to get through this one.

09:54

For me the resolution by I actually have a couple of things I want to do I want to graduate in I want it to graduate in the top quarter. I don't know if that's going to happen. But I'd like to graduate and I'm already in the top third, I would like to be in the top 100 of my class. I'm in 227. So hopefully I can scoot aside 27 people that would be nice. I went, nicer body can eat well. That way for the summer, I can wear a Speedo. Shake my hairiness everywhere like it either. And overall start school like college. He's

10:47

lost in the speedo thing right now. Sorry, guys.

10:51

start school. Go on my way to being the rest of my life, I guess. Which is scary. It's very scary for me at least. And make sure I look hot in the speedo for the summer.

11:06

You're too funny.

11:10

I had a goofy grin on my face. Just

11:14

you know I've got a camera in my car. If you ever make it to the speedo point. We'll

11:19

have a before and after picture. Oh, whoo hoo. Let's

11:23

just go have a NAFTA one.

11:28

Yeah, are ready if you want to take the before you're you're welcome to or

11:34

no one wants to see me Miss Fito

11:39

no taught me I don't want to see any man and to speak.

11:44

I don't want to see you in a Speedo either. Gabrielle

11:46

that's okay. She's like fine. It won't happen. Go to WWE, Gary. You know, I do not have a website. Yet. Someone freaked me out the other day they emailed me and they said Wow, nice website. I'm like, Okay, what website? I don't have one. Here. Are there pictures of me? I don't know about

12:14

I'm gonna find that website. Gabrielle. Well,

12:16

I don't have any really bad pictures. The worst thing I had, I think my will my brother had stolen. That was me four years old when he ripped the tail off of me just as my mother was clicking the picture.

12:29

That's funny. Oh, so everybody looked for the downloaded picture of Gary. That's the moral of the story. And then

12:40

I don't think so.

12:43

Freddy, do you have any nude pictures on the internet? Of me there are who people think I am a little like six pack. And I don't mean next to the sofa

13:03

so Gabrielle Yeah, what is your New Year's resolution? Are you going to look good in a Speedo like me?

13:08

Oh, yeah. Oh, yeah. All right. Okay. But let's say

13:13

veto is the least amount of clothing that you will be wearing. It will be the most amount of closing closing. Waste around. Yeah, we stir most. You're not going to be naked anywhere. Oh, never. Never. Not on this show.

13:28

Oh, no. You know what? Not? So right now I'm taking off my pants.

13:36

Radio night again.

13:38

Okay, let's not get in trouble here.

13:40

Take it off my pants. I'm sorry. Gabrielle put the shoe back on Tom. I enjoy my pants on.

13:50

And we are all very happy with that. Next subject. Next year, I want to move into Houston. I am tired of being out in the middle of the boonies. Oh,

14:04

isn't your job out in the middle of the boonies?

14:08

Well, yeah, see i i live in Alvin. And I teach in Manville? How far away are they? Well, Manville is only about 25 minutes from Houston. Okay. But from Alvin, it takes me 45 to 50 minutes to get here. And it's a 20 to 25 minute drive to work anyway from Alvin. So if I move into Houston, not far from 288 Then I can commute back and forth. And I'm always going against traffic so I don't have to worry about that. And I'm still driving the same 2025 minutes to work. But then I'm here all the time. And I don't have to drive in the middle of the night to come to the radio show at 1am Artico do hatch or whatever, because our glisten or any of the things that I can do in Houston because I'm always in Houston. No. So all right. That's what I want. to do by next summer I will be living in Houston.

15:03

All right, your house.

15:06

You build my house. No painted. Oh, you're painted. Okay. As long as it's lime green. Yeah,

15:13

I'll be cool. Freddie doesn't paint outside houses. He paints the inside. Well, that's

15:18

all I'm concerned about.

15:19

I listen to Muirfield and

15:23

I just have this lime green fetish thing.

15:26

Okay, well, I'm all I have is all green on right now. What do you think of that?

15:34

Actually, it's not far if it were just a little brighter, a little more fluorescent, it would be okay. Okay,

15:39

I want to scream flamboyant.

15:43

All right, well, I'm gonna play Rudolph the Red Nosed Reindeer by Min Min hat. What is their name? Mannheim steam? I can't ever remember their name for some reason. I don't know why. But you chose it. I know. Well, I like the whole, like, Musical interlude thing. But I don't know. I always want to see Manhattan. Oh, well. I chose this one because it kind of sounds queer and jazzy and stuff. Okay, but it's Christmas Eve at the same time. And I believe that it would be number five. And so that concludes the hatch segment this month. We look forward to seeing you next month or hearing from you. Yes. My birthday is January 15. Everybody remember Tommy's birthday?

16:34

Don't feel obligated.

16:35

Oh, feel obligated? No, very feel obligated. will probably

16:39

come do cameos on different shows. Just. Yes.

16:43

All right. That concludes our show for today.

16:46

Thank you?

17:45

Oh, yes, it's time for the after hours news interviews with big Ryan, Chris, a little early. But the hatch folks needed to get out here. And since this is Christmas, so we can play a whole lot of Christmas music and be reminded that after the news, Jim Savini with the leather line is going to be here and he's got giveaways. That's right. So remember that number 713526 KPFT. Don't call now.

18:13

Don't call now. But remember, there's not too many things free in the world. So you want to take advantage of this. And it is Christmas. Right?

18:22

And I'll keep elke elke Michaels

18:25

in the station just saying hello getting all our eggs production dot and all that good. Yeah,

18:31

you usually do the the

18:35

Monday night, Monday Night Slash Tuesday morning for a rusted cage

18:41

electronic music show. Is that right? Electric

18:44

radio, radios electric for I wish it was all electronic and maybe someday as Admittedly, it may be in 10,000 years,

18:54

but you're gonna be subbing for a couple of folks over the weekend, aren't you?

18:59

Starting Monday at 3pm? Three to 630 all Christmas all requests. Oh, cool. And back in the saddle again at 1am Whoa,

19:09

okay. Thanks for stopping by. You bet.

19:13

Merry Christmas. Have a Happy New Year. If you get too drunk tonight get Chad designated. That's

19:20

right. Take a cab, whatever. Okay, now it's time for the guys.

Roy McCarthy 19:26

Okay, well welcome everyone to this week's edition of after hours news and views. With me tonight is Jimmy Chris and his knee and I want to give a special shout out to a new listener from out there and Fondren southwest area. Debbie is listening in and I want to give a shout out of course to Randy out there and rosharon another Randy down in Beaumont atony up in Midway

and all of our far flung fans in the Montrose out of the Montrose and who knows where else they may be. Well Folks, it's happened again. But a month or so ago, we reported about John Paul from Focus on the Family and his little escapade in a gay bar. Well, from that same group, we have a new thing coming in. And that is one of their big time counselors, one of their main counselors, a fella by the name of Steve Wesley. He was convicted on the 19th of this month, a one count of sexual assault on a child by a person in position of trust. And although prosecutors had charged him with a pattern of abuse over a period of 16 months, beginning in October 98, the Associated Press reported this, and the boy was eight years old in February 2000, when the incident leading to the conviction occurred, yet, folks the same focus on the family that says, Watch out for the gay people because we are after your children. Well, I guess they wanted the children for themselves. Well, it actually

C Chris 21:09

sounds like what they were doing, and they spent too much time on the research and decided to decide on see what it was like.

R Roy McCarthy 21:14

Yeah, and what they don't understand is that gay men and women do not go in for children. Eight years old, oh, my goodness, anyway, and of course,

C Chris 21:24

but of course, I mean, something like that is a very sensational topic. It is a horrible thing. When you start getting into child molestation, and unfortunately, we all I've noticed quite often there's a bias that if you just see if they say something about being a child molested, someone molested a child, it's usually the straight thing. It was on that rare occasion where it is a same sex molestation, they flush it out, boy molested, you know, they, they announced the gender of the child, just so it's more sensationalized when you see the suspect. But more often than not, when you when you see it, and it just say child,

R Roy McCarthy 22:02

every time increase what you're saying is right, because I've noticed that every time on the news when they say, a certain age boy was molested. It's a or it's a guy who's molested. It's the same as another guy who has molested that boy, it is a child molester. It's usually opposite gender.

C Chris 22:27

And I'll tell you this, I've looked at the sex offenders website that you can you can access and put in your zip code and find out how many registers I've looked at the Montrose site. And you know what, I had a hard time finding anyone that was convicted of a molestation of the same sex person, they were all people who had had who have fooled around and done something to

someone of the opposite sex. And that meant just looking through that you can see that the statistics are not there to show that we are these evil monsters that we are portrayed by groups like Focus on the Family and such.

R

Roy McCarthy 23:07

Now, here's this guy's modus operandi. Anyways, the child's mother also a focus on family employee heard a focus on Family Radio bright pass, claiming that fatherless boys face a special risk for homosexuality. Shortly before she accepted Wesley's offer to mentor her three sons back in 92. You know, this, folks, really? I don't know how many times here on the station, and other places we have said you know, for people to stop saying wise about it. And this just goes to prove this just goes to prove what we have been saying all along. We do not go out to his job. If

C

Chris 23:58

it wasn't so sad it'd be almost funny. I mean, it to have the hip the hypocrisy brought out in the open like this of organizations are along these lines. It's good to see that the I guess the the light is being shined on some of these organizations and maybe we'll start seeing like the roaches. They are kind of scurrying off to the cracks.

R

Roy McCarthy 24:24

Now. You call them roaches. Listen to this. I'm the

24:27

I'm sorry, I'm being derogatory to roaches everywhere. I apologize to them.

R

Roy McCarthy 24:30

Meanwhile, the founder of a Fort Lauderdale, Florida based internet service provided provider marketed to families based on filtering out objectionable material turns out to have a light lengthy rap sheet for theft, forgery and fraud and it's currently the subject of a major federal criminal investigation. The Miami Herald is reporting Mark Thurmond of families online fol Always families, always families. You know, it just sort of really irks me. Anyways wrote in Messenger from the founder on his website that pornography, hate sites, perversion, gambling, drugs, violence and all other known forms of social detriment are littered through the internet like mines in a minefield waiting to explode. And here's this guy, you know, just ripping people off and now he's subject to a major federal criminal investigation. According to the Miami Herald.

C

Chris 25:34

It'd be interesting to see if I mean one of the things he says he filters out is hate speech on the internet. It'd be interesting to see if through his provider service you're able to get old Freddie phelps's site there, God Hates Fags.

 Roy McCarthy 25:49

Now this this while touting a porn free service, the family's online corporate account paid \$5,257 to a shop specializing in sex toys, one of the smaller transaction federal federal investigators are considering suspect now. Going along with the way Chris talks, I guess they were doing some research on their own. Yes, what we would do those big John dolls and who knows what else? Well,

 Chris 26:23

the funny thing is if you are to put that word in a search and I did it once, okay, you will actually find a city by the name of dildo. It is in Canada. Fortunately, their high school was not named after the city because how would you like to say that you're a part of the dildo football team.

 Roy McCarthy 26:49

Anyways, folks, these news reports are coming to us from the Miami Herald. And and from the internet.

 26:58

I swear there's a dildo Canada.

 27:03

I'm sure there are many builders in Canada.

 Roy McCarthy 27:06

But so much focus on the family. They brought us John Pollock, who took a two hour and 45 minutes excursion into a gay bar while he was looking for a place to go TT Well,

 Chris 27:18

the mirrors were kind of fogged over he couldn't afford on his makeup correctly. Right. There you go.

Roy McCarthy 27:26

Roy McCarthy 27:26

But on a more serious note, Chris, what you got for us? Well,

Chris 27:29

more companies are gifting. And it's a triangle, it's probably a typo. More companies are gifting employees with domestic partner benefits to large national corporations have announced that beginning in 2001. They will be providing same sex benefits to their employees. American general a fortune 500 company

Roy McCarthy 27:54

basically here not too far out of the month of our bureau and Ellen Parkway, which

Chris 27:59

deals with life insurance, consumer finance and retirement products will be extending to its 13 150 offices that they will be having the domestic partner partnership benefits forge Messina make it down here to work for medical and dental as well as the eligible dependents in the domestic partnership. Also Bell South is also joining us the Atlanta based version of the Atlanta based baby bell of when the breakup of AT and T occurred bill are the last ones to be offering domestic benefits packages and Bell South. They do a lot of telephones you'll find in the area here you'll they sell those cheap phones everyone buys. I remember the fortune 500 companies that offer same sex benefits are Texas based. Enron compact continental American Airlines Texas Instruments Dell computer, electronic data systems. Just to name a few. There's a fortune 500 116 of these companies offer same sex benefits at the end of the Okay, I'm sorry, I didn't read this ahead of time. I forget where we can stretch time by having me read it on the air. I don't just go on to the next one. It's great to see that a lot of these companies are but

29:38

I merely looked over I didn't say anything. Just

Chris 29:41

wait later on. You're gonna love one of the groups we're going to plug. It's great for radio. So pay attention Jimmy

29:49

Don't worry, I'm keeping the headphones on. Anyways,

Roy McCarthy 29:53

Roy McCartney 29:52

Chris and I have decided that sing is here at Houston. We do have such a large influx of people from South The Border who come and go quite a
