Actually, in actuality, you do not need to have the person present for you to do the reading. It's against tarot, morals or Tarot code to actually do that. But what the way that it works is that a clairvoyant or psychic will tune into what's called the Akasha, or the Akashic records. Another name for that is bonded ether. It's a plane which exist out side of the time space continuum as we know it. And that's how the Clairvoyant can do a reading on you from, you know, 500 miles away on the phone, all they have to do is, is get you to think about them and where they're at. And you or you think about, or they think about you and where you're at, and say their, say your name over and over again, and they'll tune in to that force. Space and Time is of no matter when it comes to psychic phenomena.

00:57

Okay, so they can actually do an accurate reading without you being there,

01:02

if they know how to read. Yes. Okay. Because like

01:05

I said, I've seen these infomercials and everything else. And everything I've read says they have to touch it. And I'm trying to figure out if I'm reading wrong,

01:14

what you're not it is the basis of Tarot tradition. But in this, this more modern age that we're coming into, there's a lot more modern ways of doing it. I mean, I don't know if I still agree with

Tarot and computer. You know, I, I don't know if I still agree with the electronic shuffling. You know, I don't believe in that, personally. But when it comes to an authentic person doing a reading for you, I mean, I do readings for friends who are in Oklahoma who were in Santa Fe, New Mexico, who are in Las Vegas, who were in New York, I have clients call me from Canada. And I do it for them on the phone, and we get barely accurate readings.

 S Scott Lewis 01:54

Thanks for calling, James. Good question. Thank you do can I ask a specific question is that I mean, how does that work? If I have certain areas that I'm interested in? Do I audibly ask that or how does that work? Well, for

 02:07

the Tarot, depending on which way you want to do it, I mean, this row can answer any kind of question. It depends on if the reader knows how to ask the question and what spread to use. A lot of people only know one or two spreads. So they're limited in their ability to actually answer a diverse amount of questions, which certainly

 S Scott Lewis 02:26

would not be the case with you. Well, you're

 02:29

very right.

 S Scott Lewis 02:31

I am seems like I'm becoming more and more involved with someone, I'm interested in seeing where this is going. Okay. Well,

 02:39

first, the way that you can test your psychic and for everyone to know out there is you would not want to tell them your question. You want them to be able to give you the information or answer your question without knowing the reason why you would do that, so that they don't give you a biased reading. Okay. But if you know that the psychic is authentic, okay, and you've already built a report than to tell them it's fine, because it actually makes it better that way all you do you make a better focus for whatever tool they're using. Okay, so the way that we could get an accurate reading is that you would think about your question now we want to word it okay wording is so very important when you ask a question. So many people do not understand that you can just say someone's name and the cards have laid themselves out however, however, for whatever the person needs to know at that time. Now granted, if they

just had an argument with someone the cards will lay out as though they had an argument with someone. Now if you're going to ask a specific question you would ask if it's about love you could you could ask Justin about the area of love in your life and it would tell you whatever's there if there is anything there at all, okay, let's say we would work this out what does love hold in the next? Well it say two months. Okay, two months for Scott Lewis. What does love malls in the next two months for Scott Lewis? One more so many cards

04:42

when you're doing readings, it's very important to specify a time period. You could ask for what is love for me and they can say yes, you're gonna get in love maybe 10 years away from now, but the cards have a very strong sense of humor. I'm not as strong as the ruins do now. I've played with the ruins for a long time. And I've recognized when they're being extremely cynical to me and when they're answering my questions and so for me, well, I think for the next couple of months, you're really going to focus on your work and your business more so than relationships. I don't think you're going to find anybody that's going to meet to your standards for a little while, I think that you're going to get so much business or work in the near future, that you may not have the time to cultivate a relationship. I think that you you've even started to think to yourself, you're gonna go through a couple of months, or, well, I think that the the serious part of a relationship is not something that you're going to want to blend into for a little while, I think you're going to be more wanting to be carefree, enjoying life enjoying people more than having someone that we could call a serious. And you've just, you're going to just get back into that space of feeling like my emotions are balanced, I'm at ease and I feel good. You may go through it does say that right now, you're still going through a slight period of feeling alone. But nonetheless, you are still going to feel very optimistic because you know, it does show a business proposition coming up, which is going to tend to help you make a lot more money in the near future. Dating wise, you know, in the future, it does show, if anybody of you know Taro, there's the four of Wands and that can very oftentimes be a marriage, okay? But we're going to look at this as just being a happy experience being around your good friends, enjoying yourself. There could be people that you date with the four of Wands, but I'm not going to call this serious right now. Okay, we're going to say that you're going to actively start communicating with people, which means you're going to call people and you will ask them out on a date. The Seven of Swords reversed in the position of self shows the communicating to two shows communicating to actually pour out your emotions, you're going to find that there seems to be a woman who is in your environment. Now when we come when it comes to gay cards, or people who are gay men will oftentimes show up on Queen cards as just as well as women will show up on kings. So it shows someone who's very analytical who's extremely intuitive by their perceptions coming in around you this person has well, darker skin, maybe even darker hair. Someone who's speaking up Yeah, someone who is very snappy with their words, but yet they like to be graceful. You know someone who is always when they when they fall, they pick themselves up and nobody knew they fell. But subconsciously, you are not ready for a marriage I mean, the hairpins reversing the position of self says no, I'm not ready for this before you achieve that you're going to start achieving more financial security and success. I don't see a relationship around your strong good relationship for probably six months for now. Which is okay. It this is not something you should worry yourself about. You should let you should go with where your life is taking you and love it. Be it enjoy it.

S

Scott Lewis 08:14

This prospect you said the job prospect is that a possible job change it's an offer.

♂

08:19

I think it could definitely be additional from for the way that I feel this is going to happen for you is this maybe an additional type of career or job that you will take on, I don't necessarily see it as being an extreme job changed, where you're not doing what you're doing now. But this I feel it has a lot to do with properties. I feel it has a lot to do with buying and selling of land and properties and you're going to the potential success that's here is is skyrocketing. I mean, the next few years of your life, you can rest assured that you've been blessed with good luck.

S

Scott Lewis 08:53

I'm working on a business deal right now. So I know what you're talking about. I thank you so much. Just this has been incredible. And it's an education as well as getting a reading. How did they get in touch with you? If somebody wants to come and sit down with you one on one? Well,

♂

09:11

they can always give me a call. And my phone number is area code 713-524-4411 You can always find me out about smart. I'm in the gay and lesbian Yellow Pages. Great, it's 5244 For one, one. Great. I recommend it highly. This has been incredible.

J

Jimmy Carper 10:04

And we've had several people call in wanting reading.

S

Scott Lewis 10:08

Yeah, it's incredible because you have really tapped in to me into areas that nobody knows, you know, is it's I'm very open person. I talked about everything here on the radio. I haven't, but yet you've gone into things that I've shared with no one and so that's amazing and I would highly recommend, Joseph, I would remind you that you are listening to Miss Scott Lewis, Dr. Robert love Dr. Jimmy Carper, senility Central, and Joseph Malina, thank you very much for joining us here on KPFT Houston 90.1 FM and ke O 's College Station Brian or Bryan college station I said it doesn't matter at nine point when K E O S. Let's get to that song do you have

that song ready? This is unreleased and I hear I cannot confirm this i i say that this is a rumor only that the family of Selena will not release this for whatever reasons. It is not available commercially. It is only available from the record company to people who are in the know I guess but this is off of it. There's a new West Side Story tribute album, which has different celebrities doing different tracks off of West Side Story. And this is a house remix of Selena doing a boy like that that's Selena. It's a boy like that. It's off the West Side Story. It's a new soundtrack. It has Aretha Franklin Phil Collins. Believe Patti LaBelle. I mean just star after Star after Star is on there doing different tracks from West Side Story I'd like to think long haired Alex over the energy who loaned that long hair Alex loan that to me to play on the show tonight. Because you cannot buy that it is only promo. So I

J Jimmy Carper 11:58

hope you take that kids. And because you're never heard again.

S Scott Lewis 12:01

Yeah, you can you can buy the original mix on the CD, but not that mix. I am getting ready to have to run out. But commitment. But before I

J Jimmy Carper 12:11

leave, there's something Something happened today, two years ago, that in 1994 On today's date, Robert polo Latimer died of AIDS. Now those of you who've listened to after hours for any length of time, can remember polo calling in and in fact, he was on the show a couple of times and called in every week called in every week. And this guy was phenomenal Scott that

S Scott Lewis 12:39

he was he was stopped. I guess I could not watching him walk in here. In the state that he was in. He had he was so sick, and so little energy. And he was putting together programs like the red ribbon, the rainbow project, right restaurant, where if you said he got so many restaurants in town to designate one table with a beautiful Lucite statue with the red ribbon on it, that if you sat at that table, all the proceeds from that table 10 Or excuse me, 10 I'm not sure exactly what it was. It was a percentage of

J Jimmy Carper 13:18

seats from that table. Went to Yes. Ah, Chair. Yes. Yeah, he

S Scott Lewis 13:22

got so many restaurants. Yes. In that progress he did. That's just one of

J

Jimmy Carper 13:27

under the under the red ribbon.

S

Scott Lewis 13:30

The name of that organization was the Red Ribbon project. Yes. So he did

J

Jimmy Carper 13:34

videos, he got Hollywood personalities to donate things. RuPaul. I

S

Scott Lewis 13:41

mean, he had incredible option that had, yes, celebrity donation. And so certainly an incredible loss to the HIV and AIDS community. salutely An incredible loss to the Houston community. And just a little word to polo, that you're gone, but you're certainly not forgotten. And you're certainly a model to those of us that are still here that are as healthy as you were towards the end when you were still fighting this battle, still doing these things. Those of us who are so much healthier, that we can make a difference because you made such an incredible day.

J

Jimmy Carper 14:18

Absolutely. And I want to play a song that he introduced me to in fact, he introduced the after hours audience to the group, Shaman because it was a group that he really liked and his favorite was re evolution and I'm going to play it now this is for you polo that's for you. Polo. Polo. Robert Latimer died two years ago today, and that was one of his favorite songs re evolution from Charmin and now what I'm going to play next. I think polo would have loved to. And if you're all you folks out there listening, if you've got a blank tape, you better stick it into the machine right now and put it on record because this is something you're not going to hear hardly anywhere else. It seems as though some people got together and took the audio portions from a bunch of Star Trek episodes and splice them together. And we have a conversation between Spock and and Captain Kirk. And I got this from another programmer who said, who played it on his show that Jesus played it on the dumpster. And he said, Oh, you've got to play this on after hours because everyone will love it. So get those tape recorders working right now because here we go. It's it's kind of been titled by big Jesus, as Spock's sodomy party.

J Jimmy Carper 23:38

Well, for St. Patty's Day, I have an authentic Irishman. A queer one. Oh, Ra His name is actually I've played this before. That's kind of cheating. But his name is Gavin Friday.

R

Roy McCarthy 23:54

But this is a Sunday.

J

Jimmy Carper 23:55

I know but his name is Gavin Friday and he he has an album out called Don't ask me why it's called shag tobacco.

R

Roy McCarthy 24:06

Ah, in Ireland. Yes. A cigarette is called a shag.

J

Jimmy Carper 24:10

Oh, okay. No wonder. Okay, England,

R

Roy McCarthy 24:14

it's called a bag.

J

Jimmy Carper 24:16

Yes. that I knew. So, for for St. Patty's Day. Here is Gavin Friday singing dolls Oh yeah, gabbing Friday, and we'll full duty called Dalls and you're hearing it on after hours career radio with attitude on KPFT Houston and ke O 's College Station. I'm Jimmy Carper. And with me is Roy McCarthy. Yes. And we're going to talk about news items and play a little music in between As a matter of fact, you can give us a call. I hope Jim's out there to answer the phone at 5265738 with your requests for queer music, and we'll get them on. We sure will. Yeah. So you were talking a couple of weeks ago about the opening of the Holocaust Museum, right? And we were kind of we were at that point, we were like, it hadn't opened yet. And we were like, well, we don't know what it's gonna be like if they're gonna have A Queer Presence or anything like that. And since then, you've been

R

Roy McCarthy 25:33

right, I was there for the grand opening ceremony. Oh, and like all opening ceremonies. It started late. I can imagine and it was very well attended. One of the amazing things about it was that anybody who knows me knows that whenever I go anywhere out in public, I wear my pink trying Yeah,

J

Jimmy Carper 25:50

Jimmy Carper 26:00

you have you have a round button. It's a pink triangle on the black background.

Roy McCarthy 26:04

Right on metal. Yeah, yeah. And I, I go everywhere with it. When I go shopping, or get my hair cut, or go to the dentist, no matter where I go. You wear it. I wear this pink pink triangle with great pride. The pink triangle is not only a symbol of gay pride, but it also means never forget. And never again. Right. And the funny thing is that when I went there to the the opening of the Holocaust Museum, Houston, which is the official name of the place, right there at Carolina and bins?

Jimmy Carper 26:39

Yes. It's about a block away from them. Right, I believe.

Roy McCarthy 26:43

At any rate, there were survivors of the camps there. And you could tell us a virus because they were all wearing the white carnation ribbon. And

Jimmy Carper 26:54

now most people must be in their 60s and 70s.

Roy McCarthy 26:57

Very old. And even older than that, because 50 years ago, yeah, yeah. And this one old Jewish woman came up to me. And she said, Young man, do you know what that is that you're wearing? And I said, Yes, I do. Mammon says it's a pink triangle. Do you know what that means? I says, Yes, I do. Ma'am. I says it's a symbol of gay pride, but it means never forget and never again. But do you know why the pink triangle? And I partly, I told her that it was because of in during World War Two. Hitler had rounded up the gays in Germany and put us into camps and gay men wore a pink triangle lesbian women were issued a black triangle, but lesbian women were
