SPEAKERS

Gigi, Chris Harrison, Jimmy Carper, Roy McCarthy

00:00

Like he obviously is like giving us way too much credit for this time of night. Like, dirty love. We'd love Yeah, keep thinking dirty. But you know, that's really complicated. Well, you

J Jimmy Carper 00:10

know, Cole was good at that. And then we'll let him figure that out.

G Gigi 00:13

And I can bear my fee.

00:14

Yeah, bear in the feets the easy part taking the photos of it's the easy part, but he wants to play. Let's match the face with the feet game.

00:22

Yeah, I like that.

00:23

I do too. But you know who's gonna keep tracking whose feets what might have some distinguishing marks too. So you have to

00:30

be really careful. Probably have some piercings on your feet. Stacy? No, put your view if there's skin.

00:35

There are not feet that appears no piercings on my feet. They're near my feet. Not on them next to

Chris Harrison 00:46

the letter from Waco Wilson Walker.

Jimmy Carper 00:49

I will say I owe him a phone call.

Chris Harrison 00:52

Yeah, he talks about that. He says we'll try and call him today. And he said his phone is going to be down. So oh, that we have an excuse for not talking to him. Okay, so just calling in saying hi. Wilson.

Jimmy Carper 01:04

Wilson is one of our former NBA. I'm sorry. I didn't mean to former MBBS he's out now. He's he was in for a very, very long time. It's an older gentleman, and he is paroled out to Waco.

Chris Harrison 01:19

My condolences to Wilson Walker. Yeah. It's

Jimmy Carper 01:23

tough for him because he's been in in for so long. It's tough for him getting a job

Chris Harrison 01:29

and and Waco is not the happiest little place on Earth.

01:35

Newbie stuck. That's why it's called wacko.

01:37

And it's not friendly to ex cons.

01:40

No. Nowhere suddenly the ex cons getting jobs.

Chris Harrison 01:44

You know, if you're not a Baptist, you're not going to be friendly in Waco.

01:50

Between Waco and Lake Whitney. There's literally a sign on the side of the road that says, uh, we put the fun in fundamentalist. Oh, I mean, I have a picture of myself standing beside the side. I

Chris Harrison 02:03

spent two and a half years in Waco. One night, and I am.

02:12

What was his name?

Gigi 02:13

And what what's the hotel? On Waco? Yeah, I went to church camp at Waco. Oh, and after church camp, they closed it down permanently. Whether you do or not by me. Oh.

Jimmy Carper 02:27

Three girls got pregnant. Yeah.

 Chris Harrison 02:33

I was. Well, yeah. Stacy,

 02:36

were you telling a story? No, no. Fundamentalist.

 02:40

The beautiful thing about waco is their mayor is a black woman. Oh, yeah. Cool. May Jameson, I believe? She's great. I mean, it's convention.

 Chris Harrison 02:52

They got all the Yeah, all the gay stuff came after you know, the gay bar came after I left Waco.

 02:58

That's because they didn't want you there.

 Chris Harrison 03:01

I was there afterwards,

 03:03

they knew if they opened a bar you'd go.

 Chris Harrison 03:06

There's no there's not even a sign out in front of that gay bar. The only way you find it is you know where the address is. You roll down a window and listen for the music. Because it's right across the street from a Baptist School. So there's no way in the world they're going to put a sign up on the front of the name of the bar or rainbow flag. So that's how I actually found it was I I circled the place for about four times and I rolled down the window and listen for the disco music. How

 03:33

can you know when you hear Donna Summer screaming in the background? You're very young come home. That's right.

C

Chris Harrison 03:40

Air last MBB letter is from Smiley. Who still can't hear us? Oh, by the way. Dirty love answered the question. Yeah.

∅

03:52

He said to the left. Yeah,

J

Jimmy Carper 03:53

no, I like that. Yeah, that's what

C

Chris Harrison 04:03

nevermind, a lot of discussion on gay marriage. Unfortunately, still unable to hear us. He's hoping that the last month that he'll you he's the last month on level two. He should be getting his radio back soon. And hopefully his last couple of weeks in the prison, he will be able to listen to us again. His case is still pending on the time dispute. He was given extra time for something and he's been fighting it and hopefully he'll get the time back. Okay, for that. So if that's the case, he'll be home I think what is it next month? I really think it was the end of November. It'd be home before Christmas. If that's if if he wins it. If not, I think it's February. Well,

J

Jimmy Carper 04:47

I know what kind of warms my heart. I know what he can bring my Christmas stocking. Oh, yeah. I think

C

Chris Harrison 04:52

he talks about that.

∅

04:54

She didn't stuff that stocking anymore.

∅

04:58

No, and he left it last year. Please bear

05:02

bear in so it's okay we can give it week I'll be your surrogate stocking he can stuff my

Chris Harrison 05:17

or we can just try well try to find out a chimney sweep chim chiminey chim chiminey chim Yes. Ah Jimmy can use a good VanDyke up there.

05:30

Cherry Poppins

05:36

not that rating honey.

Chris Harrison 05:39

I've got this wonderful video display that when the light hits is just right all the glistening off the Lobo stickers. Oh, it just puts a sparkle in the room. I think I've got more over the love of videos than Hollywood does now.

J Jimmy Carper 05:57

They opened up that new store. Yes.

Chris Harrison 06:00

It's awesome. I have no idea where it was until I was at the ripcord last. I didn't know what building that was. Oh, and then I see. That's where they moved all the stuff. They got the core Christmas stuff up already.

J Jimmy Carper 06:12

I looked in the window. I was laying trees. I have to have one. I've

06:16

done that. I was thinking the same things. I think we should get one for the station. Oh,

Chris Harrison 06:21

yeah. You know, my family has always been bothering me about why I don't have a Christmas tree up in heaven. I lived in my apartment for nine years. And I've never put up a Christmas tree. I have one up every year. Oh, I know you're probably yours comes up what next week.

06:37

But you know, whatever she is the Westmoreland Christmas lights show.

Chris Harrison 06:43

Smile. It's got some articles in here. We'll put it right here. A transgender youth awarded a scholarship.

06:49

Good for her. That one last week. I

Chris Harrison 06:53

think it was another person who did and this one's got a picture of, of two of the people who received the award. The Point Foundation, a Chicago nonprofit organization that's given away one over a million dollars to college bound gay students awarded their first one to a transgender, highlight not just athletic achievement and academic potential. But the years of ridicule, meetings and threats suffered as a girl before his decision to become a boy in the 11th grade. And it's just shows where you know, we're coming with society that you know, transgenders are now getting the scholarships and the recognition at an earlier age of you know, their their portion of our community. The first ever same sex divorce has happened in Canada,

Jimmy Carper 07:46

oh, boy, knew that he knew what was coming

07:49

sooner

Chris Harrison 07:50

or later. And the funny thing was that they had they had a fight about it because of the definite.

the Divorce Act hadn't been changed to include same sex marriage. Oops. So the one partner was contesting the divorce on the grounds that under Canadian law, two women can't be divorced.

08:11

Someone who was not ready to move on? Well, here's

c Chris Harrison 08:14

the funny thing about this marriage is this. They were partners for 10 years, it becomes legal for them to get married. They're one of the first ones in line, they get married. And five days later, they break up. That's

08:29

bizarre.

08:30

And you know,

08:33

that's happening in Massachusetts a lot with couples who have been together for you know, a while and they're not ready to one of them, at least is not ready to get married. You know whether or not it would be a legally binding marriage, you know, whatever. They don't want to get married. And the other one is and the other one's pressuring them to get married. And so they're breaking up. Yeah.

c Chris Harrison 08:53

Yes, major thing. You know, we're getting divorces already. So fine. Well,

09:00

I mean, Britney Spears can do it in 24 hours, but it's okay. Because she's the queen of pop.

c Chris Harrison 09:06

She pregnant this week or not hope so.

09:08

You wind up getting remarried to somebody in Greenland.

09:12

The homosexual divorce rate is 1/5 of the heterosexual divorce rate. But that was an interesting study says you

Chris Harrison 09:20

know, United States is what 50% One out of two.

09:23

Yeah, yeah. Well, you know,

Chris Harrison 09:27

gay sue over Oklahoma adoption law, three homosexual couples filed a federal lawsuit seeking to overturn an Oklahoma law that prohibits the state from recognizing adoptions by same sex couples from other states and countries. So basically, Ohio is saying I haven't I'm sorry, Oklahoma saying if you get if a gay couple adopts a child and some other state where it's legal. You come to Oklahoma. I keep saying Ohio.

09:55

They probably think the same way.

Chris Harrison 09:56

I think it's just so late. I just want to say a shorter state name. But though, Oklahoma, they don't want to accept it, you know, isn't there still the Full Faith and Credit Clause of the Constitution? No, no, no. I know they've tried to make so many changes here as of late to the Constitution the using that bottle of idiot ink on it.

10:17

I remember when the Constitution, I remember when people liked it when it was still important. Yeah. It's it's fallen out of favor lately.

10:26

Oh, that was 30 years ago.

10:27

I was gonna say no, just, you know, before the first Bush was elected.

Chris Harrison 10:32

Yeah, I mean, with that, what we've gone through here since September 11. How many things have been changed that, you know, before we thought we're in the Constitution, I was like, Oh, we really don't get those rights anymore.

10:44

She thinks

10:46

that's why it's called the Patriot Act. Because you're not a patriot. If you're against it. Actually,

Chris Harrison 10:51

patriots stands for something. It's if it's currently supposed to be in capital letters, because it's an acronym. i

10:57

Yeah. I don't know who gets paid on Capitol Hill to come up with those acronyms. Yeah, but they are so wild. I mean, I don't know how they find a word to fit with every letter of Patriot or the no hate Act, which you know, in Oh ha Te is some wild phrase for ending discrimination. That's crazy. Yeah.

Chris Harrison 11:21

Louisiana up next in the gay marriage debate. Coming up here in November. We have two gay

11:30

cousins trying to marry each other. Arkansas.

c

Chris Harrison 11:36

Arkansas, Arkansas has a a ballot and there's gonna be on the ballot about same sex marriage. Louisiana, Mississippi, Georgia, Arkansas, Oklahoma, Kentucky, Michigan, North Dakota, Montana, Oregon, and Utah, are going to all have amendment constitutional amendments on their November ballot. Ohio is trying to have it. And it's already part of the constitutions of Nevada, Nebraska and Missouri. So, you know, same sex marriage, and you know, Bush favors a constitutional ban on same sex marriage. Kerry doesn't think it's necessary, but he doesn't agree with same sex marriage anyway.

o

12:25

But he does support civil unions. Yeah.

o

12:30

If you've seen a gay relationship there anything that's civil, come on.

o

12:35

You've seen the way Carrie and Edwards hold hands and all that stuff constantly. They're definitely not they're definitely gay friendly.

c

Chris Harrison 12:44

Yeah, but how scary is scary.

o

12:48

I think John Edwards is hot. Yeah, sorry. Yeah, I'm

c

Chris Harrison 12:50

sorry, of all those of all the candidates, you know,

o

12:53

I'm really afraid.

c

Chris Harrison 12:58

I want to bring up here with a this was a mention on Lone Star activist, yahoo group. There's a group from Iceland, I believe, called cigar ROCE. And they have a music video. That is about a gay youth, the gay kid whose father tries to butcher them up and gets them to play soccer and ends up scoring a goal. And you know how soccer celebrations get usually you know, one guy takes off his shirt and they run into they get no dog pile. Well, this kid gets in the dog pile with one kid and starts kissing. Making out

o

13:51

that so hot.

c

Chris Harrison 13:55

Put away your Nambla card. We're not we're talking younger than Travis here.

o

14:00

I'm just thinking about the soccer dogpile.

c

Chris Harrison 14:03

But it's a very interesting video I got to thank Brandon for mentioning it to Lonestar activist group and I went and downloaded it you know on AOL dial up it took an hour to download this seven minute video. And it's it's big file. It's like said something you may want to check out there if you've got a better internet connection. The website is www dot s i g u r dash r o s.co.uk. And then you go to media and then download video. And that you can set it's free. You download the videos. It's the second video Down vid vo Val doll is one of picture of a boy holding two porcelain dolls and it's a very interesting video and it's all done in like slow motion with this kind of classical music behind it I got the Bobbsey Twins here brothers holding the same pose let's do this let's step out we'll find some more stories to talk about let's play a little music time for a little bit of a come shot. Anyone up for come shot always Super Eight come shot. Let's go with everyone loves a muscle boy we'll be right back.

o

specimen gathering mission on Planet alpha 177. Mr. Spock is much stronger than the ordinary human being aroused his great physical strength could kill. It's a risk I'll have to think. Something bothering humans as

o

16:15

I say that I have not thoroughly enjoyed serving with humans. I find their illogic and foolish emotions. constant irritant.

16:23

And like you we humans are full of unpredictable emotions. Love tenderness. Yes.

16:28

Yes. If I seem insensitive to what you're going through, Captain I understand it's the way I am. Don't be afraid. Here's my You are beautiful. More beautiful than any primo beauty I've ever known. What is your point Mr. Spock?

16:55

I can love you kiss me now your mind prospect appeared quite attractive to you a moment ago.

17:04

You don't really want to hurt me Do you? Put that thing away? No, I don't think so. I can is painless and quick.

17:14

Entry made my second officer Spock possibly might have hit the wrong entry point. Yes, very well. Try again. pleases you while you're waiting for hurry. If you'll excuse the intrusion, Captain. bury the hatchet and appropriate choice of terms captain

17:39

I feel so weak. Glad I'm behaving disgracefully believe it was painful. In more ways than one. Supplement. I've seen a part of myself no man should ever see. I don't know why I have not been infected.

18:05

Thank you, Mr. Spock.

Chris Harrison 18:11

That's what happens when you suddenly look up and realize you've got 30 seconds. And you grab whoever you have first. So it was a little bit of Spock's sodomy adventure. One of those great things produced by strange people.

18:29

There's something about pointed here so it's just hot, very hot. Blood and pointed ears make a sodomite out of me every time.

C Chris Harrison 18:38

But you know, I just had to reach out and grab something rather quickly. And

18:44

I hope you used a glove

C Chris Harrison 18:48

that's walking around your lawn yesterday was. But so long as I read that one video, thanks to Brandon, you got to, I wish the music was more gay themed that I could download it and play it but it's like this 10 minute classical music sort of genre. So it doesn't really work well for that. But I'll show you the stills later here. We're going to plug them in. We're going to play that thing now or you just want to show you want to wait. We want you to ever we have a multimedia star here, whoever however.

19:29

Go ahead. Well, it's really exciting. There's a local, I say local, he's moved from Houston to New York and is a friend of mine. And he's worked on this movie, off and on for the past 20 years. Constantly videotaping his life with different segments of his friends. And he has he called me out of the blue and said, hey, they're making my movie. Well, he grew up gay in the 80s and you know, had some illicit drug, some illicit drug usage. And then his mother had some mental disorders, some severe mental disorders that were brought on by shock treatment. Anyway, so they've put this 20 years of footage, including scenes of him, in drag at 11 years old playing characters of a battered, abused woman, and a voiceover of him saying, you know, I'm gay and this is my secret no one knows and no one made me this way. I just want the world to know this is how I am. Anyway, there is a scene that starring yours truly. It is I'm listed in the movie as his influence into underground film and music. I'm wondering,

C Chris Harrison 20:41

you're an influence on so many different.

20:44

I know he's he is one of my soulmates. He's absolutely an incredible man. Anyway. He has been

I KNOW HE'S HE IS ONE OF MY SOONIES. HE'S ABSOLUTELY AN INCREDIBLE MAN. ANYWAY, HE HAS BEEN written up last week was Sunday, New York Times entitled The man who was raised by a movie camera, and they mentioned my name in the line that says the grandparents who lived with were eccentric, he was a bait, gay boy growing up in Texas bar in the neighbors camera. Jonathan pouting and tossing his head back filmed himself playing an abused woman. I wear too much makeup she says to the camera, it makes me look like a horror at 13. Jonathan was hanging out at gay clubs, disguising himself as a goth girl making friends with older gay boys, who called themselves spooky Stasi and bam, bam, we have one correction. I'm a year younger than he is. And my favorite blurb because he was an interview paper he's been there were like six magazines with articles or mentions of him. And it'll be opening. There's a gala premiere at the Museum of Fine Arts. And then there's trailers running for the movie. It's called tarnation. And they're running at Angelica and River Oaks. But in film, comment magazine, there's a comment made by Paul Arthur. And I think this sums up the entire thing. In one sentence, I've seen the future of documentary and its name is tarnation. I mean, this is like he's getting the claims the producers. backing from executive producers, Gus Van Zandt, and John Cameron Mitchell, who was the head Wigan that very edge. Yeah. So, and it's got a 20 country distribution, but you can look it all up. It's Interview magazine, film, comment magazine. I think this is September's edition. Yeah. September, October 2004. edition. Pay, what is it black book magazine had a two page article on him and then a couple of others that I could not find that are out there. And I think LA Weekly is coming up with another one at the end of the month or the middle of the month, which I was interviewed for, too. So anyway, I'll be naked in 20 countries. Next, like starting soon, and my friend is going to be famous.

 Chris Harrison 22:59

Two more than usual,

 23:00

I know that the movie is really incredible, and everyone should see it. It's called tarnation. And it's a film about a gay boy growing up with a severely bipolar, slightly schizophrenic mother being raised by his grandparents in the 80s. Probably up to now, it is a feel good movie.

 Chris Harrison 23:20

Well, hopefully when Roy gets back in here from smoking, he's going to be discussing God.

 23:25

And here he comes.

 Chris Harrison 23:28

Are you gonna He's gonna see the screen because he wants to talk about this website he found. And, you know, I liked the concept of it and Roy I believe we're going to have to, you know, after he gets done talking about this, I'll be taking nominations for Ambassador from

after hours to this place, and I got an idea for nomination. I got two ideas for nominations. All right.

 Roy McCarthy 24:06

I, I got this from reading the triangle about three weeks ago. Four weeks ago, he

 Chris Harrison 24:12

can read

 Roy McCarthy 24:15

the cover story on the triangle. Oh, and it was in the center.

 Chris Harrison 24:18

Gay kingdom.

 Roy McCarthy 24:21

Now this is kind of like, This is Zack. This is for real. I mean, it's kind of crazy, but for real.

 Chris Harrison 24:29

As gay kingdom.org If you put in.com As you get to porn, it's kinda like you put in whitehouse.com you're gonna get your you ain't gonna get none you're gonna get screwed in a wholly different way than if you go to whitehouse.gov but this is gay Kingdom dot o RG sorry for didn't French turn yours back up. That's okay. And apparently

 Roy McCarthy 24:54

a group of people have decided that they were tired of deal Australian government having so many homophobic laws and all this and all that, and they decided to set up their kingdom out there in the coral seas. It's called the gay kingdom of the Coral Sea actually. And here's a weird kind of law that Australia has that if there's uninhabited islands someone can people can claim it for their own. And I don't know it's like I had mentioned this earlier tonight I think was to Stacy and Stacy was saying, Well gee, isn't that what they always wanted to throw us off?

 25:45

They've always wanted heterosexual they've always wanted us on our own island

R

Roy McCarthy 25:49

you know it's put them over there. And this gay Kingdom actually has a I'm gonna put has an emperor it doesn't have a queen it has an emperor

♂

26:03

who is a queen.

R

Roy McCarthy 26:05

And let me see if I can pull this up here. Hold on a second Stacy say something.

♂

26:12

Slash

♂

26:15

this story. I read this in the the triangle too. And I think an Rostow already wrote the Emperor and pledge the allegiance of every homosexual in Texas

♂

26:30

you know, whatever. I don't she doesn't have they don't have my allegiance. Whatever we're taking over the world. It would be antique out when small, stupid pathetic island off the coast of Australia at a time Come on. Really? I just think it's giving into what they want. I didn't want to be separate but equal, I want to be equal. I want to be in the middle of it all. I don't care. You know what I mean? It's a

C

Chris Harrison 26:55

version of independence. It's like keep stretching because there's a song I want to play. It's gonna find the damn thing. And

R

Roy McCarthy 27:03

here's here's a it's your blurb. Come on. Anyways, they have their ampere is a guy named Dale. His Majesty. Dale.

27:14

Shouldn't it be Bruce?

Roy McCarthy 27:17

Bruce? Now

Chris Harrison 27:18

that's that's so 80s You know, this year? It's Steven with a pH. That's

27:24

funny, because that was fun for me. Thanks. You

Chris Harrison 27:28

can't swing a BEAT IT person. The monitors about hitting a Steven.

27:32

Yeah, well, my apartment. That bad. It's hot, very hot. Not bad at all. And

Roy McCarthy 27:39

this this guy here deal claims to be direct lineage of some disposed of executed king or something like that over England?

27:51

Was he gay? I mean, that's, that's what matters. I have.

27:58

Where are you going with? This is what I want to know. I

Roy McCarthy 28:00

guess. This is an interesting thing to talk about. That there is an actual for real, gay country. It

28:08

still belongs to Australia, though, doesn't it? Nope. So there's really, who

28:14

does it belong to? You know, isn't the country of queerness to deal here and tell me, this

R Roy McCarthy 28:23

is the strangest thing that I have ever come across to be very honest. There is actual something

C Chris Harrison 28:32

is declared strange by Roy, something's up.

R Roy McCarthy 28:36

And let's see here. Where's the history on this? Oh, man, that's such fine print. I can't even well, if anybody hasn't held a copy of the triangle from about three, four weeks ago, you'll find it on the cover. There is an like I said, a law that they had that. I'll

C Chris Harrison 29:06

read it here for you. Principle law of if something is unjustly taken, compensation must be made. That gay group decided that indeed the right to be married and to adopt children and be treated equally must be taken from that had been taken from them. And her majesty's law of tort now fully applied to affect the reversal of the Australian government's decision. They took the island so basically, it came down to you know, the law says, if you do something to me, I can do something back to you. And that's so His Majesty Dale, the Emperor broadcasts the following to the gay nation on June 15 2004. On this the his first historic site Think of the gay government. Something unique occurred yesterday in the Coral Sea Islands, and only future generations will be able to evaluate the full historical significance of this event. It is now up to all of us acting out of a sense of gay fraternity to devote every ounce of our strength and to building and defending the gay and lesbian kingdom. Should they be queendom

30:22

that's what I thought, which

C

Chris Harrison 30:24

still faces a tight run. Can you take a reading? Trying to find the song? There's a song that fits and I've got to don't remember anyway,

R

Roy McCarthy 30:36

this is defining the gay and lesbian kingdom, which still faces a titanic political and military struggle. You know, this is this. This is talking about news of the weird.

∅

30:52

brought it up that's very fitting.

∅

30:55

That's just like, you

R

Roy McCarthy 30:58

know. What was that? Like on the air?

∅

31:04

Yes, it was.

C

Chris Harrison 31:05

I'm sorry.

R

Roy McCarthy 31:08

Let's face it, folks. One of the things I have

C

Chris Harrison 31:11

done push.

∅

31:12

I don't know...

R Roy McCarthy 31:14

Of all the things as queers have done. This is the most outrageous, outlandish

♀ 31:21

and interesting, but this is not us. queers. That's them queers. Okay, it's

C Chris Harrison 31:26

the Australian core. Yes.

♀ 31:27

We'll just throw them all on the barbie or something. All right, well, those

♀ 31:34

aren't the outbacks those are the inbox I

♀ 31:39

think I'd be given the heteros the satisfaction of a bunch of bags on one island. I mean, it sounds like a great vacation spot, you know, with

♀ 31:48

retention, but

♀ 31:49

you know,

♀ 31:50

it's like province town for Australia. Exactly.

C

Chris Harrison 31:55
