At three o'clock. We've got news coming from the gay community sports coming from the gay community. Yes, there is sports in Montrose and our resident sports directors coming in to tell y'all about that. Got a community bulletin board all the community churches and gay churches in the Montrose series are going to be represented on that. What else is going to happen at 230? We already said 230, didn't we? Yeah, my poor little hearts just going pitter patter pitter patter pitter patter. At 330 There we go. 330 at 330, we're going to have a segment called Star scope, or Astro scope. I think our resident psychic is going to come in and tell you all about what's happening. In the meantime, we're going to be talking about the March on Washington and plans and music for you We hope you enjoy that. And I've been thinking about what to say all day and there's only one only one thing I can say Mary do remember when you were a little kid and used to play that game come out come out wherever you are. That's what we want to say to the gay community this morning. You've got something to be proud of. We're good people we're decent people. Were people that live right next door and we're kind of talking about the March on Washington coming up October the 11th 11th 12th and let's get back to some music. I'm getting excited about the march.

Buddy Johnston 09:41

adverts were taken from the 1979 march on Washington, and we're getting ready for the 1987 march on Washington. It's gonna be a whole lot going on in Washington. I talked to some folks with Pacifica radio out in California, whom KPFT is a very big part of. And they are telling us that we might get a lot of the rally fed down to a Sunday. So if that happens, hopefully we'll get some of that I'm here to you, if not live here at KPFT. We'll be bringing it to you on after hours and I'm sure on some of the other programs including Wildenstein, which is broadcast here every Tuesday evening from nine until 10. Wildenstein is the oldest running gay men's program I believe in the country breakthrough with Tolkien and Pokey and Sherry wolf comes on KPFT Friday mornings at eight in the morning until 11 and then a woman's place with Clara Kern is broadcast on KPFT here every Tuesday evening from eight until nine just before the Wildenstein show so there's a lot going on in the gay community and we're gonna tell you about it every week here on after hours Mary's with us this morning with the March on Washington new staff is all back in there so stay tuned

Couldn't have a gay program without

 13:23  
playing Cyndi Lauper right?

 Buddy Johnston 13:25  
And Girls Just Want to Have Fun. Our before Stonewall segments coming up in just a second. Stay tuned to that or stay tuned for that. Just stay tuned it's all they really want want want one is that all they really want Mary. It's time for before Stonewall. And the reason we call it before Stonewall is that. Back in the golden days when our brothers and sisters in the gay community were out sneaking around hiding from the police and from their mamas and daddies sometimes from each other. They laughed about songs that really weren't naughty. They sounded kind of naughty. Got a segment like that right now. It's a song called Get him from the peanut.

 14:55  
Thank you sell him marry.

 Buddy Johnston 14:59  
Plus find out you want to this is before Stonewall the name of the song is get them from the peanut man sung by a lady by the name of Georgia White from 19 and 36 My time is way before my time Georgia is not singing

19:53

Look at America We are some of your best friends. Were some of your relatives, your sisters, your brothers, your mother's, your father's, your daughters, and your son's

20:19

way parents wants to persuade society that our gay children are not acting out of defiance or self indulgence. They're being true to their own nature. Our children are fine men and women. And we say the society of the parents and friends of lesbians and gay men will support their children

20:49

2000 And watch again be safe No, no No

Buddy Johnston 21:13

Yeah, no floods is gonna run again in Washington October the 10th and the 11th. This is after hours on KPFT

21:28

Well, I don't know about anybody else, but I'm going to Washington to party.

B

Buddy Johnston 22:01

I never could sing that. I can always do that. I can tell when you can tell. Thanks a lot. And Mary. Here. I thought we were going to be friends. Brian, are you with us? I'm here. Brian's with us. Join us in the studio. Now. We're going to be talking about the March the opening day, isn't it? National national lobby

⦿

22:22

day, October 9. That's when we get to visit all of our wonderful people we've elected to office.

B

Buddy Johnston 22:29

You're gonna see Nancy and Ron layer up there several waved him Tom, there's a very large group of gay people, men and women, lesbians, everybody, everybody on the Texas Gulf Coast. And we have something to say. That's right. And

⦿

22:47

let me guess what that is.

⦿

22:51

So a lot of language on the air. I don't think

⦿

22:55

I've already told everybody that needs to know. We can we can play

B

Buddy Johnston 22:58

the peanut man. So what's going to be happening on national Lobby Day, Mary?

⦿

23:06

Let's say we're asking people to come and visit their house and the senate and preferably make appointments ahead of time with the Senators and House of Representatives to let them know that we're here in every job aspect, you know, from nursing to bartenders to teachers, teachers, police officers, police officers everywhere who don't say that too loud in Houston.

23:37

Now, there's a few good ones in there, too.

Buddy Johnston 23:39

There's a few gay people everywhere. You know, we were very fortunate to be blessed with this program, because you are very important to us. You're a very important and very important part of the gay community. And Wayne Bradley, excuse me, the program director came to me one morning and said, What do we want to do? I said, Well, we want to talk to our people. And we know they're out there and we want them to know that we care about them. So we want to tell you this morning that there are people out there that care about you, you can get the gay switchboard at five to 930 to 11. And I heard a woman tell me a story about the gay switchboard. I won't mention any names, but she said that her first contact with the gay and lesbian community in Houston was calling the gay switchboard. And when they said, Good evening, gay, lesbian switchboard man help you. She just cried for 45 minutes and hung up. Later on, she called back and they gave her information on where she could go and I don't know what she's doing now. I hope she's out there listening somewhere.

24:47

I bet she is.

Buddy Johnston 24:48

I know she.

24:50

She's living with a lover and having a wonderful time.

Buddy Johnston 24:53

I'm trying to put Mary on the spot. That was me. Hey, we're just really lucky because I was born in a small town in Arkansas had 303 people in it. And when you're gay in a small town and you come out there's not there's not a lady come out to there no copies of the Montrose voice or this week in Texas at the Texas forum to pick up. There are no gay and lesbian switchboard lines to call, there are no gay churches to go to, there's no gay radio did listen to and find out what's going on in the community. So we're very, very lucky. And we want to thank Dwayne Bradley, the program director at KPFT radio for taking a chance on us and Jean Palmquist, our station manager, and the whole KPFT family, everybody's here, everybody that is here. It's a wonderful group of folks, this is listener sponsored radio. We're in a marathon right now we're going to be taking a break from Marathon this weekend. Marathon is where we go out and ask

for money from the listeners that support the programming that they hear here on KPFT. And it sounds like radio, get away from the mic for just a second in some like commercial radio, because when you listen to a commercial radio station, you don't hear what the DJ wants to say. You don't hear what the station manager wants to say you hear what the sponsors want to say. While our sponsors here at KPFT, are you and we're glad that you're out there. And we want to know what you want to say. We want to know what you want to hear. We want to know what you think about the program. You can write the after hours program after hours care care of KPFT radio 419 love it here in Houston. It's 77006 Deep in the heart of Montrose almost saying that, but we're not going to do that, please. It's seven, eight minutes before three o'clock. We're going to have a little more music. Our news crew is scampering around that's not the right word. or I shouldn't say there I can't say that. But let's think what what fairies do when we get ready to we're getting ready to do something. I don't know what we're doing. But how about putting on some good music, some good music? All we got here

27:16

the kitchen of the potpie in beautiful downtown Montrose and you are listening to after hours on KPFT Houston 90.1.

We're going to be bringing you the what is it the gay news. Are we gay? I don't know. I don't know. Now we're gonna be bringing you the news. Our news man in there. Brian is ready to go. Followed by a sports report from our sports reporter Mark Smith. And then Alan is going to be doing a church report and a community bulletin board report.
