- S** Scott Lewis 00:00
You know, your problem is you don't return phone calls when you say you're going to, and I don't know him well enough to know this is me. I returned the phone calls like I said once, okay, you know if you don't return second time well, okay, I guess they take the hit and Third time's a charm. Hey, you've been dumb. Down. got Rocky, where did you meet your lover?
- R** Rocky B 00:24
Through a friend at high school in high school? Not at a bar.
- S** Scott Lewis 00:29
No, but how old? Are you?
- R** Rocky B 00:32
2625? I mean, I'm at another year. My birthday is December first, by the way. Well, they coming up
- S** Scott Lewis 00:38
do know. So you've known her for a long time, but you're just dated the past couple years? Yeah.
- R** Rocky B 00:45
Because she was going through this Honeymoon don't you make me no girl

because she was going through this money, don't you make me go girl.

S

Scott Lewis 00:50

Right? Right. I'm not straight. I'm not teeter totter, teeter totter.

R

Rocky B 00:54

It's really hard to I mean, because I know a bunch of mine and your friend Scott. They go to strip clubs, and they come home with, you know, even though they're a married man, but you know, they meet him there. And that just blows my mind how they do that. Because, I mean, especially guys, you can get the you know, you have the risk we can meet, you know, your buckbee You know what I'm saying? And I mean, it's just

S

Scott Lewis 01:17

that's that's what you're after. But that's what I go for.

R

Rocky B 01:22

But I mean, that's just I mean, that's amazing to me. And these are these Latin clubs, you know, you know, Latin people are supposed to be so macho, and my you know, your land, right? My Yeah. Well, he, I mean, he should know because of me. This is like a Latin, you know?

J

Jimmy Carper 01:39

Well, I think well, that's probably why a lot of Hispanic people are afraid to come out. Yeah, that's because of the culture.

S

Scott Lewis 01:46

Right? Well, you know, I was in a Hispanic bar. Trust no

R

Rocky B 01:51

US Hispanic bar.

S

Scott Lewis 01:55

Imagine that. But listen, this is seating just see. I was in this place called Viviana this lineup, long horn and wet road girl and if you don't know about this place, this is a place where like macho Hispanic men go that are like wanting to be with a guy but they don't really want to be

with a guy they don't want to admit they want to be with a guy. So they go to this place and pick up drag queens and so I'm all up in there and they're just some fine Mexican. says fine. And so there's this one real fine when and me and Miss Gaston are in there and we're looking at him and he had big feet and big hands and just you know that means big everything else and Miss Gaston turned to me she said girl if he goes to the restroom we're going and so he went like 20 minutes later he went to the restroom and we followed him in and Miss Gaston just gets right there just starts looking at it and go and go and tell him oooh papi Muy Grande and all this you know, grow that guy was bothered he grabbed Miss Gaston and threw him on the wall and said I don't like that I didn't like that and then ended up and just like was an I had to like get books and stuff and grab the guy and tell him back off or leave and and stuff. But the point of that whole story was but the whole Hispanic macho thing and it's like Hello, you're in a bar full of drag queens to pick up a drag queen so you can go home and perform oral sex on some guy. I mean how straight are you in this like the romanovski and Philip song how straight is he when he's down on his knees? You know say I just don't get it. Why can't all Hispanic man just be big out Nelly posters like Mike.

03:45

I resemble that.

Scott Lewis 03:50

What's this? What's the song that we have over here? This Who is this?

Jimmy Carper 03:57

This is a new gay artist. And this is a good song for what we're talking about right now. Because we're all looking for well almost looking for all the people the man who loves me. Oh, that's the name of the song The man who loves you.

Scott Lewis 04:13

Oh, hi looking for the man who loves I look. It's a good upbeat dancy thing, the man who loves me tonight. No. That's all I'm concerned about. So y'all, so y'all are just grew up. Well, we just didn't do any good for y'all here tonight with finding anybody on the phone lines. And we wonder why we can't get a date. Maybe this is telling us.

Rocky B 04:39

Well, then somebody just call it

04:42

well, they hung up. I saw it blank. And then they thought Oh

S

Scott Lewis 04:47

yes, I got them on the private line. I said, I've had her trust. I would just like to run into somebody. Decent. I mean, nice. I'm not looking for somebody to tap you know To grab right off the bat and force things to work out. And so and you like older men, right? Yeah. Joshua, you like older men? Yes. And like mid 30s 25, up to 25 and 25. He doesn't want to limit that other end. All right, and in a call you go, Oh, no, no. I'm sorry. That's a troll right? I don't care if he has a billion dollar. Oh, hello. Half a billion dollars. I think I could be there honey. I love it. I like teeth and like he bit into a chainsaw. Honeycutt bought into my chainsaw for those years for half a billion dollars. You think I'd be bothered right now riding around in that convertible Mercedes and

R

Rocky B 05:53

finance to win the lottery?

S

Scott Lewis 05:58

And what age group are you looking for? My mice are opposed. Just give me somebody with a wealth.

User

06:04

Well, 25 and up to I think that's good. And 85 And up. Sounds good, too. With a big big

S

Scott Lewis 06:12

is that them or their car? A big, big wallet? I think is even though I like guys who are older. I'm not looking for a father figure. I already have a father. It's good enough. And I don't. I'm not looking for a shoot. He's

J

Jimmy Carper 06:25

already got his father. I'm just kidding.

S

Scott Lewis 06:27

Hello. You know, is that do you have to? Do you have to explain that? Do you explain that to people a lot? Yeah, is that good or bad? Because I just don't, you know, I'm stable mentally and everything in a Shut up. You know, I can get a little neurotic at times. But the thing is, I just, I don't want them to feel like I'm some little kid out to look for. You know, I just, I think older men are attractive, I guess because their looks are more mature and they act it? Well, half. Well, it's

surprising to me that you're after somebody older that you're attracted to older men, and yet you're not in a stable relationship. I haven't found anyone around my age who are mature enough? You know, no offense to them.

07:16

Well, I think for it, well, we were talking about this today and I think that you know, we're looking for someone 25 And the older men are pretty sexy and that kind of thing. But I don't know how willing once you're pretty stable, how willing those people are to allow people to come into their lives, you know what I mean?

07:41

And I'm just gonna say

07:44

I rambled though.

Scott Lewis 07:47

Do sir light lit up over there. Yes. Push that for me. Okay, Sandy, are you there? Yeah, I'm here. How are you? I'm fine. I haven't talked to you in a long time.

I told him the other day about, I guess about a month ago to get lost. me he's been my best friend for about 10 years, 11 years. But he said something really, really vulgar to her and it kind of made me mad. And he said to me hitting him upside the head with my fear satisfied and making liens.

 Rocky B 13:27

 13:29

 Scott Lewis 13:32

Y'all take care we love you. What sweethearts met here a year and three months ago and still together. Girl The one I met here didn't last that long. Instead of the line we're gonna take this last phone call before we wrap this up. Tom Are you there? Yeah, Tom, what are you up to?

 14:09
Hi, Tom, how are you?

 Jimmy Carper 14:11
I'm great baby.

 14:12
Oh, great. It looks Scott I think that that that older guys are sort of afraid that that younger guys are looking for a sugar daddy and they're looking for somebody to support them and so forth. When I think that that most guys my are just looking for companionship, you know? That's like the the last companion I had I would gather eight years. Miles not you know, but do I say I'm 32 I make a pretty good living, you know? But I'm not looking to be a sugar daddy. Anybody you know I'm looking for content. But I think that that's what most older guys when it comes to younger guys are well the sort of freedom that that's all that they'll be used for and they're not interested in that anymore

 Scott Lewis 15:17
right you get to that point you just don't

 15:19
yeah

 15:24
but they more or less look well we just look for companionship more or less you know. And and, and I'm out of the closet had been for lower I've been on the cloud for many years. I forget what

 Scott Lewis 15:40
I think they I think they tore it down.

 15:42
I think so. But I heard y'all talking about that and I just thought that I'd put in my two cents worth on it. More or less.

 Scott Lewis 15:54
I thank you, Tom. You take care of Alan. Okay, we love you. Bye bye. We are going to do this song and close this up as she she's got a she's got some stuff coming up for you're talking about androgyny. Here in just a few minutes. I remind you again that you are listening to Scott

Lewis and rocky be on. After hours the radio show that won't die. If you were looking for the religious station honey, you missed it. 90.1 FM KPFT Houston and 89.1 fm KEOS College Station and Bryan. You know they we got finally got a phone call from college station the other week. So I was excited about that somebody up there Listen, this is called the man who loves you. I would dedicate it to you guys, but you've come and we'll leave still alone. Sure, hate it for you. This is who is this guy. This is Bruce Roberts from his CD intimacy. The man who loves you don't go anywhere. Because coming up right after this song is she she and she's gonna be talking about androgyny. And trust me. This is going to be an expert discussion.

 Jimmy Carper 17:05

Ooh, yeah. Bruce Roberts, openly gay man singing the man who loves you. You're hearing it right here on KPFT Houston, after hours queer radio with attitude. And now we go to a drogyny and the person that can talk about it the best that I've ever met Gigi.

 Gigi 17:29

Yes, this is Gigi. And welcome to the BiNet segment. Before we move into it and before I introduce everybody I do want to put in a plug for Binah we do meet every Wednesday night seven o'clock at MCC our church. Okay, now wait a minute here. You're saying everyone's the night But isn't there a couple of Wednesday nights that that you're meeting somewhere else changed the format but we still meet there at seven o'clock. And then we go to wherever we're gonna go to Oh, okay. Okay. Anybody that wants to come and join the bisexual thing. Join us it BiNet. And I have with me today. Boots. And Dennis and Jimmy sneaking out the door here. Goodbye, Jimmy. And I thought for tonight's segment, I would do something a little different. Instead of being the interviewer I'll be the interviewee. And Bates is going to interview me and Dennis. Are you ready? Oh, yes, baby.

 18:44

Talk to me, daddy.

 Gigi 18:46

So anyway, before we start on the topic, tell us a little bit about yourselves. Dennis

 18:57

Well, I'm a 29 year old man, I just recently found myself to be bisexual. And I enjoying it thoroughly.

 Gigi 19:09

And Bates would be had to say,

19:14

Well, I'm an older woman. But I've just recently come into my own. And I understand something about myself that I love. Not only men, but also women. They fulfill two different sides of me. And right now it's a very good life for me. I'm very happy.

Gigi 19:37

All right, we're on to androgyny and I'm gonna turn it over to you Bates.

19:45

Okay, Gigi? First of all, give me your definition.

Gigi 19:50

To me, androgyny is having a little bit of both gender within one person being a bit of a male and being a little bit of a female. And sometimes I go a little bit one way or the other way, but there's always a little bit about it's it's like, you know, sometimes dress in women's clothing sometimes in men's, sometimes in a bitch mean sometimes in a real firm mood.

20:21

It just varies. Does that mean you're Does that mean you're the sexual?

Gigi 20:27

Oh yes I'm polyamorous I like more than one.

20:35

Yes I like that word

Gigi 20:37

oh i dt i have a main squeeze her name is Jay. And she's bisexual she's bisexual end she's androgynous also

20:52

say to do androgynous people together? Okay, um, what do you ever get confused? Or do people confuse you with transsexual?

G

Gigi 21:05

Oh, all the time. I mean, people see me a lot of times and thinks I'm either crossed trust or a transsexual, in our minds going in places and having people go, man, they take your order.

21:22

And that's when you just belt them, don't you?

G

Gigi 21:25

I don't know. I love it. It's wonderful. But

21:28

I tell the truth. I actually got manned the other day. Really cool. God, I mean, I could not I could not understand it. And it must be the hair. But something from the back. Somebody said, man, it's like, watch what woman do you know has shoulders quite this wide? I don't know, man. She must have been a linebacker something really? Good.

G

Gigi 21:55

I think in drogyny also goes deeper than just how I look. You know? It's like, I like riding a 750 motorcycle. I like doing the fam thing around the house doing the dishes

22:11

on a vacuum for me.

G

Gigi 22:14

I like to do it at my house, baby. Because I always do it in the name. Oh, stop. But, you know, I like doing all kinds of things. It's like, even growing up I like playing with dolls as well as playing with the erectors I could work that crane word out. metal one.

22:52

I hope you had the motorized version. Oh, yeah. Now we're talking. So what? How do you know when to dress like you dress? I mean sometimes you just fin sometimes you dress verv

when to dress like you dress. I mean, sometimes you just in sometimes you dress very masculine? What What, what, what makes you

G

Gigi 23:10

it's the mood. It's It's just where I'm at at the moment. And I think the other thing is that I'm very much in touch with both sides, myself, the male side and the female side. It's like, you know, sometimes I'm very feel very masculine. And then other times I feel very for him. And that reflects in my talk and my walk and what I love about

U

23:40

Is that why you're rubbing my leg under the table? Well, when stop and I don't think she was

G

Gigi 23:49

when he told me that story about that man the other night that came out to tell that story.

U

23:56

What the man at the party? Yeah. Well, I went to this party in a very conservative part of town,

G

Gigi 24:04

and it got me excited.

U

24:07

And I was dressed rather trashy, as a hope, as I like to say a common garden instrument,

U

24:14

you know? Yeah. Can you believe it? Absolutely not.

U

24:19

Anyway, I was standing over there. And my garter belt and such. And a nice, clean looking young Republican type boy came up to me dressed in his Dockers and a little polo shirt, clean cut hair and said, Are you a dominatrix? And I looked at him and I said, What? And he said, Are you a dominatrix? And I said, Sure I am. And he said, What's your name? I said, What's your name? He said, Greg. And he said, What's your name? I said, it's boots, but it's mistress boots to you. And then he proceeds needed to talk to me. And I said, answer ever since with Mr. S

boots. And he did. And I told him to kneel down in front of me. And he wouldn't do it because he had his new Dockers on and we were standing in a puddle of beer. Which I chastised him for. I bet she did. Yeah. And I made him cast his eyes down, which he did. And he said, Stay right here, mistress and I will go get my phone number for you, which he did. And I'm just I'm working. I can't decide what I want to do with him yet.

25:38

Imagine with that chest it's really hard to get get guys to actually look you in the eye. So it's just not difficult to get guys.

25:47

Like my appendages? Yes, well, I'm wearing my black leather tonight. So it is a good night.

Gigi 25:54

That is a good night. You look so hot. And

25:58

speaking of androgyny and all this kind of thing. Has anybody seen that? The two Wong foo thing? Yeah. Yeah. I

Gigi 26:06

haven't seen that yet. I've seen it.

26:08

Yeah, haven't it? We're seeing.

26:11

Um, yeah, if you'd like dresses. If you'd like to like dress? Yeah, if you'd like somebody looking at dresses. No, I think I think I thought it was good. But I think Patrick Swayze looked way too comfortable. Way too comfortable.

26:27

Well, well looks awfully cute. 90 pretty t as a dancer and all you

26:30

know, no, no, that's true. He was dancing around the screen. All right, right.

Gigi 26:34

You know what they say about them dancers

26:39

always thought it looks like a combination of you know, Priscilla, Queen of the Desert and Thelma and Louise. Because they're gonna, you know, there's a bunch of drag queens in a great big convertible. Driving nets it sir. music in it. They do a lip sync. No,

26:58

no, no, no, no. Yeah. What's the what's the fun in that? Anyway,

Gigi 27:05

but anyway, the whole damn nitrix while the whole dominant and submissive thing. I mean, that's one of the things that play with. I play with gender roles I play with all kinds of role playing sometimes. I'm the boys sometimes I'm the girl

27:22

you have a hell of an imagination don't Oh, yeah.

27:26

We've seen his toy box. Oh, yeah.

27:30

There's nothing sexier than a man with imagination. Or a nice toy box. Or a nice toy. Let's talk brass tacks, boys.

Gigi 27:43

I'll show you man if you show me yours. Oh. We'll be

27:51

nude radio again.

27:56

You think there's really anybody out there? Hello,

27:59

hello? Oh, I'm sure. Certainly state. You're waiting to hear from us.

28:06

Oh, and women, right.

Gigi 28:10

But anyway.

28:14

What you're pointing to is finding and making.

Gigi 28:20

What do you think about androgen a Dennis?

28:23

Well, I've always seen from more the aesthetic point of people who aren't easily identified as either being male or female just by appearance. Of course, that's not completely undesirable. But I guess I never gave it much thought before now.

Gigi 28:46

What about you, Jamie?

...

28:49

What do I think of androgyny? I don't know. I really don't know. I mean, I like women to be a little more aggressive. Does that mean they're androgynous? I don't know. And the men I tend to be attracted to seem to be pretty much. Well don't know.

29:17

You can say it.

29:20

But yeah, I guess so. But I just never really thought of androgyny is just kind of a neutral thing isn't.

Gigi 29:29

I don't think of it as neutral. I think of it as being in touch with both sides. But also and I mean, there's two different types. I mean, there's the Androgyny of being you incorporate into oneself. And then there's being attracted to someone who's androgynous. Okay, it's like, I know I'm mostly attracted to androgynous people, that I'm also very androgynous myself, but I Learn people that are not androgynous but attracted to it. That kind of makes sense.

30:06

Hell no. Oh, yeah. Okay. Okay. So Michael Jackson is androgynous. Yes. No, he's from another planet to

30:19

find a Boy George here, boy, George. No, no, he's shaking his head at us.

Jimmy Carper 30:24

No boy, George has a dragino Oh,

Gigi 30:26

yes, definitely. But, you know, one of the things that I think the other thing about androgyny that's, it seems to fit with, for me with being bisexual. You know, because I think, you know, I've known that all my life that I was attracted to both genders. And I've always known my

whole life that I have a little bit of both genders in me, you know? And it's like, not only am I attracted to sexually to both genders, but it's like I identify with that very, it's kind of like, I need that male energy and that female energy.

31:11

Oh, yeah. Well, yeah, you have an internal but then you are also manifested externally. Yeah. And it's one beautiful package.

31:23

I finally got in touch with my female side, and she's a big old lesbian you

Gigi 31:38

that. I mean, I just, I love being able to, it's like in sex plays, being able to be the man sometimes being able to be the woman sometimes. It's like, you know, you can have a lot of fun with

31:56

this. You need a lot of cause it's based on him. Oh,

Gigi 31:59

yes. In my mind baby. Is like bulging? I can't get any more clothes in there. That's a bit

32:11

we're looking. Oh, yeah,

32:13

we definitely need to to come out with some more bisexual publications. Because I find myself reading lesbian magazines to find out what women like you know, gay man magazines to find out what men like and it's like what is what was bisexual to do?

Gigi 32:34

Come to BiNet

 32:36
That's right.

 Jimmy Carper 32:37
And the whole earring thing to you know, getting the right ear pierced the left ear pierced both

 Gigi 32:42
why'd you know? I got both mine pierced them and that Paulson talked about that.

 32:51
Anything that sticks out gets pierced. Oh, yes.

 Gigi 32:56
And that can be exciting. I got rings for everything.

 33:03
Is it about you Christmas presents?

 Jimmy Carper 33:07
Yeah, the rings for guest towels and everything?

 Gigi 33:12
Well, we don't put those on the guest house. Those are just for the guests to play with.

 33:21
detail. But

 Gigi 33:22
I think the other thing that's kind of cool is that, you know, it's like, you know, growing up as expected to be as kind of tracked in that mail route, you know, as expected to grow up and,

and be the breadwinner, the home and, you know, I remember as a kid playing house and thinking, you know, I want to be a housewife one day. But I also want to do the other side, too, you know, a little bit about if, and I'm so confused sometimes. I guess that's just the state of being bisexual. Yeah,

34:07

that is true. That is true.

Gigi 34:08

Actually, I'm not confused. It's the rest of the world. I'm with you. But um, you know, it's like, I think androgyny to me is being in touch with and it's kind of a spiritual thing, as well as the physical and it incorporate so many parts of my life. I mean, it's like, you know, I see so many people trapped in the male role and the female role. And it's like, you know, there's, it's hard for a lot of people to make that switch from one side to the other. But to me, it's like, fun play for both sides. You know, it's like, I can get on a, I think my favorite story is like as driving to a party one day. I'm a motorcycle and leather skirt. And I even had my false boobs on the homework. And I was looking hot that day, baby. And we went, I got to the corner of Westheimer and TASH is during the art festival. Yeah. And I pulled up to the red light and stopped this just sitting on the bike. There's this couple on the sidewalk. They were looking at me. Then the girl looked to are they playing? And she said, said a boy or girl. The guy looked at me and it hurt him back at me. He said neither that's a bike

35:52

Batman's confused.

Gigi 35:55

It's not made. It's confused, baby.

35:59

I hear you there. But

Gigi 36:01

I mean, I love things like that. It's the best compliment I've ever gotten.

36:07

Certainly gives you a lot of freedom then. Oh, yes, I bet it's hard deciding every morning what

to wear, though. Well,

 **Gigi** 36:15
in corporate America, in corporate America, there's

 36:21
absolutely the toe the line there.

 **Gigi** 36:24
But when I go out, it's, it's a lot of fun. I can play with it. Like, I can wear long dangly earrings, and I can even confuse the dress. For the night I can wear a little bit of male or female and do the whole trip all in one shot or go heavy one way or the other.

 36:44
Oh girls, I've seen his some of his outfits. Put some of mine to shame.

 36:50
Know how to dress another good androgynous kind of movie to watch is Orlando. It's a very interesting film, if you haven't seen it. About this person who lives oh, gosh, several 100 years. And she never ages and starts out being male. And then the sex changes at some point. And it's just very interesting, very interesting movie. It's, I forget the author of the book. But and she must be an author. I forget her name, too. Yeah, but it was. It was a really great film for androgynous kind of thing.

 **Gigi** 37:35
Another thing that I think a lot of people don't realize is that, you know, we really all start as moun anyway, when we're first conceived, we've all got the same building blocks in the womb. And it's not until the X and Y chromosomes come in and play their little roles, or lack thereof, that you start seeing some differentiation of the parts. Either certain things fall down and become little things in a bag or or they stay in place and become over

 38:16
your terminology. So stay tuned from medical our term dangly things. They're fun

 **Gigi** 38:35

Gigi 38:25

to play with school term. Well Baby when I'm slacking on I'm dangling. And they jump around so when the light comes out there

38:49

I can't say somebody somebody were bribed Carper is that he's, he's fainted out there.

38:54

I couldn't tell if he was trying to get you to shut up or stand up.

39:01

Or get on your knees one or the other.

Gigi 39:03

Oh, man, oh, but all the other equipments the same stuff. It's just how work goes and how its formed and what plays on it. And then when you're born, you're one or the other in most cases, but a lot of times you're a little bit of both and the doctor fixes it without telling anybody.

39:23

Now let me ask you this, if you were to have children Mudgee raise your children to be androgynous. You know, society always places children one way or the other. You know, if you're supposed to be female, then you're raised in that that tract to be female. If you're male, they're aged to be male. And even though women are getting broader as far as their the roles that they can play, you know, in their corporate lives and all you know there that women can be firemen, that kind of thing, but they don't ever. They don't ever want to change as far as what roles they can be as RS androgen

Gigi 40:01

to me. I mean, for me, I would allow my child to develop and grow whatever direction they want to go in, regardless of their gender. You know, I'd have a choice of clothing and their closets and they can wear whatever they want.

40:21

Back to that Erector Set and the Barbie doll,

Gigi 40:23

yeah, toys. Maybe there'd be a sandbox in one corner. And

40:32

of course he has kids to rebel would have to run off and become

40:36

what Republicans really

Gigi 40:41

even that I would incur,

40:42

okay, well, we're gonna wrap it up now because Scott's in the driver's seat out there

Gigi 40:53

this is fine it and we've had a wonderful time again. And if anybody wants to join us, we'll be meeting Wednesday night at seven o'clock at MCC Er

41:04

So what's the address there?

41:06

Gigi 41:07

me

Jimmy Carper 41:08

my team it 19 dk.

 Jimmy Carper 41:12

 Jimmy Carper 41:46
Well, thank you for being here. And as an outgoing piece of music. Somebody's very Dragoness Alright,

42:05
