SUMMARY KEYWORDS

00:02

You know, I love the nightlife.

00:05

No you do. You know, that was not the original.

00:08

That's Jimmy Somerville in

00:09

it. No, no. Bronski

00:12

what's the difference?

00:13

Jimmy Somerville is not with Bronski beat. Well,

00:16

didn't he used to be at Ruski?

00:17

Well, yeah, when they were good.

00:22

Why are we playing them now when they're not?

00:24

No, that's a very good remake and a lot of people don't even realize it's not Alicia bridges.

00:31

Then what's the point? I don't know. Oh, well. Anyway,

00:37

what do you got?

00:38

There's a local girl.

00:43

Girl lien it looks like

00:45

yeah, she is she is a mess. Her name is Diana Taylor. And if you've ever been out in at Rich's or at heaven, everybody knows her as Dirty Diana. Oh, that dirty day. Exactly. And they she has been busy in a studio that she has put together in her own home and put together a song trying to make it big. And it's actually I liked the song a lot. So this is a local girl Diana Taylor. She told me I ran into her not too long ago we were talking and she said I mean she just looks fish. She just looks fish down. Just amazing. To me, she looks real she looks real. And she said you know what? She said? I just want a chance to get up on the stage do my black my backflips in my heels let him think it's all real and then show him it's not so this is Diana Taylor. All out have fun

01:45

you're listening to after hours queer radio with attitude on KPFT Houston and ke O 's College

Station. Orion and work were stopped

02:00

between your legs a stomp the students let's let's see. Where's the thing that tells me what the hell I'm play and let's see this Gregory gray. Which track did you want to do? I don't you know what, I don't know if it's any good or not. But I just love the title. What What's the title? The Pope does not smoke dope. It's the first single well then it's the one we should play.

02:22

Okay I just went here. Oh, yeah, we're back. Yep. There you

02:35

are. Here I am. That was Gregory gray and Gregory. That song is done by Steven. Hey, who produced the Pet Shop Boys? No kidding. And Steven is openly gay performer who has been signed by EMI and I believe it is not Steven. Steven. Did I say Stephen? Yeah. Where's my brain?

02:58

That's called Don't give me a line like

03:02

the only line you've seen in years has been on in there is Kyle Young's with us from the Texas triangle. How you interviewed Gregory?

03:13

Yeah, real nice guy. He's from just outside of Belfast. So basically he locked himself at home for about three years and did the whole album at home and then EMI signed him and hooked him up with Steven who produced the album they kind of cleaned it up and he also worked with New Order and a bunch of different artists so anyway, it's really good in fact I think he's coming through in a few weeks to Dallas out magazines bringing him in so I don't know the date off

03:41

yeah, but they did they did a big article on him and then their latest edition Yeah,

02:45

03:45

so check out the triangle this week check out OUT magazine I think the whole the whole tours it out.

03:50

He's never done a concert at the village station has a

03:53

no no no. I out. If so avoid the last one wanting to

04:00

run out while they're still aligned. Gotta go

04:08

Have you ever been served papers Scotty?

04:11

No, I had someone served recently. But that's that's a whole nother story Bumba it's 5265738 is the phone number here and I have a feeling things are getting ready to get really insane kind of like Jimmy's last relationship but hey, it couldn't be that bad. Because with us we have Carl Jung's here from the Texas triangle. Kevin man Scott Kennedy are here. Big time gay comics. I mean, I think you're pretty big time when you outsell RuPaul RuPaul is probably the only person who thinks she's really big time. But anyway, you've you've you've dealt with her having I have dealt with RuPaul. I've worked with her on on a couple of occasions and she's incredibly difficult. As a matter of fact, she's the only entertainer I bought worked with that I hope never to have an opportunity to work with again. Oh. But anyway,

05:10

but but everybody wants to everybody calls up and they want to hear supermodel still? Yeah, well, you know,

05:19

it's worked well and you know her new song, the new song. The quote I love about her new song is when I interviewed Michael M of androgyny. I could be this I could be that. And we talked about RuPaul. And we talked about her new single, which is called free to be. And it's

one of them. It's on the week stock album. And it's kind of where, except us love to be a bit. It's not sound like we're GA is it a little early for her to have a book.

05:57

I know. I mean,

05:58

she really can't read that. Well. I've not seen her live show. Didn't read that well at all. But

06:06

she's been read. You're doing a pretty good job of reading her right now. So

06:10

anyway,

06:11

when I told him I said, I said, What do you think of repurposing your song? And he said, It needs a remix. And it does. And they put one out and it still needs one. But anyway. It's yeah, and it's not

06:25

what's that got to do with Gregory gray. Gregor Gray.

06:28

I don't remember him together. Oh, oh, okay. Really. Or they traded wigs or something. There was some sort of connection there. And Sharon Stone counselor to the stars is in the house, one of my favorite guests that we ever have on the show because basically, I get a free therapy session right here on the air which is just Lord knows you need it. Don't get me

06:52

started insurance. My cover? Yeah.

06:54

So we're at 526573852 6k PFT will take your phone calls. I know that there are people out there. We're gonna get the phone calls that want. They want to find a day they want to find a husband. And if

07:07

you have an accent, you may have a chance with Scott.

07:11

This isn't the Sharon Stone from Basic Instinct either. To clarify that she's

07:15

more glamour now. She keeps her clothes on. Yeah.

07:18

And I think it's great. That one's a coffee. And I think it's great. I mean, I'm just intrigued. We've been talking off the air a little bit. It's my first time to meet Sharon Stone in a fabulous lady. And well how does how does it make you feel to be a therapist? How does that make you feel?

07:34

I don't have any

07:37

let's go with that. We're

07:37

hearing some some anger.

07:39

You're a little anger. And that's okay.

07:41

07:44

That's all right. Let's go with it.

07:44

Though. You can't make me feel

07:46

only you only you can make yourself feel that's correct. That's why this is gonna be fun. If callers come in. wacky people call up and Sharon will make you write my mom. My mom may call it can you make

08:03

she's listening to the police skin.

08:05

That's right. Big

08:08

time and we're talking about your mom and Sharon kept making notes and I didn't know what she was going completely crazy. That's your

08:17

that's be serious. So

08:18

I just watched his eyebrows curl as he was talking about

08:22

my butt cheeks.

08:25

Do we have do you primarily

08:27

counsel gay and lesbians? I mean, just now how do they compare? Have you? Have you counseled straight people to how do we compare in the realm of or we've taken a lot more a lot more.

08:41

I just took over the program.

08:44

It's got Lois nuts gonna Kennedy and Kevin

08:49

are much more fun. Oh, I'm sure if that I mean, no doubt about it.

08:54

But do you ever like counsel somebody and you think yourself, this person is really screwed?

09:02

beyond help? Well,

09:04

no, not really. But you know what, one thing I was gonna tell you. When I first started out, I did not realize and I am not a prude. But you know, guys, when they talk about their sex lives are so graphic. And I can remember right, right. Yeah, but you know what, in the beginning, my ears used to turn purple, you know? Trying to be really cool as this guy is going on. And

09:28

I guess that's true. You can't have a therapist that goes no, you need to call it a PP please.

09:33

Yeah, please. Just a PP. That's all I'm really

team, please. just a ff. that's all i'm really

09:37

surprised because you know, the last few shows you've been on you just jump right in there with it all.

09:42

Well, yeah. You know, I think I think I've loosened up quite a bit since then. But figuratively speaking, of course. I know. I know. I really I really was amazing. Then one of my the one of the friends of mine had a daughter that was 17 years old and he was I'm trying to be really cool with her and, and to tell her all that she needed to know about sex and everything. And he was being so graphic that I had called and said, Look, you know, most people don't give them that much information.

10:15

Polaroids weren't necessary.

10:19

So he did he backed off a little bit. You know, it is it's an amazing difference between the men and the women because

10:27

women, sometimes into relationships.

10:30

I mean, and you talked about it being the word, it says, kinda like women just don't have sex. We didn't.

10:36

I know that's wrong.

10:40

But there's a very big difference.

10:42

Bisexual. Women have lots of sex.

10:46

Tell us. Tell us about your

10:47

sex life. Sharon. Sounds wonderful.

10:51

Well, Sharon has been through more relationships than I have. No that's which is quite a statement in itself.

10:59

He said she didn't partake in each of them though. That's the

11:03

Sharon is back with the woman that she had left the last time she was on the air. Oh, broke up with or something.

11:09

Well, we're I'm glad they're back.

11:12

So what's it like? That's what good? Yes. Yes, yes.

11:16

Sometimes it takes a little bit of moving away to get back together.

11:21

Yeah, like that old saying goes about?

11:22

Set the birdie for it. Yeah, if it doesn't go are you down? Shoot it.

11:31

Bird I guess I'll

11:38

be around for a while.

11:41

Just sit there and shut up, sweetheart.

11:45

Well, did you have you had anybody calling in and lately on new that Levin show when you've been doing those connections and all that?

11:52

Oh, you know, anytime we do the love connection, the phones go crazy. We all call in and I want to live or I want a boyfriend you can. If you want a date. If you want to find a trick if you want to find a husband, Colin 526-573-8526 KPFT and we'll find somebody for you call me right

12:09

now. In our show. We do the dating gay. The gay dating gay. Well, yeah, does

12:13

that work?

12:15

Well, it works just like the hit popular 1960 which I'm sure you remember Jimmy. Game Show

12:22

I was out there child changing.

12:24

Jimmy was at work then.

12:27

You were a cocktail waitress is the Last Supper

12:35

talking this guy.

12:38

It works just like the only on a more modified

12:43

modest draw shorter scale.

12:45

Is anybody that that it's a comic thing. Has anybody ever actually connected on it?

12:50

We fly out of town the next day? We don't we just put them together. We don't see how

12:57

maybe we'll be served some papers in another year. Maybe we've done something terribly wrong.

13:03

terribly wrong. Because I think well, you know, I think I think gay and lesbian relationships are more difficult. Oh, yeah. I mean, for more so than just the obvious reasons. But so I mean, you got your work cut out for you.

13:17

I think, you know, well, actually, though, they're, they're far more interesting. And you know, heterosexual relationships are kind of predictable. Because there's not a whole lot of row percent right. And exactly, you know,

13:30

cool. What's the weird tell us about the weirdest relation

13:33

somebody that you went years sick puppy. Don't even come back. Get out? Anybody? Just come on. This is just probably

13:42

never, you know, because the real sick ones don't even come in? Well, that's because they don't think

13:50

they think they think having the monkey and the lizard together completely normal and we shouldn't seek help for that.

13:54

That's fine. Like we all know that first you have to realize that you have a problem. Say something? Yes.

14:01

You've been in some therapy. I'm learning I

14:04

don't like to brag, but I do have 12 hours of psychology from a major Southern University. One ~~thing as it there you read~~

14:14

a couple pamphlets. You set around the mouth of Montrose clinic and read self help pamphlets that's not 12 hours from major Southern University. Telling this if he meets architects he tells him You know, I have a few hours and

14:30

I had a I had a very broad education. I T T is pretty broad. Sally Struthers personally off my bat, she signed it with

14:45

a gear as though it's your turn to get on top.

14:50

I'm sorry, okay. I had no yes composers. Well, where are we? We were talking about gay and lesbian relationships.

14:59

We do Have a token straight woman in the house tonight if you need a frame of reference.

15:04

Good, right we love straight people we know y'all were born that way. What's her name? resend wreaths and the way from Austin sounds

15:11

like a peanut butter cup. Do you are you in a relationship where you stand

15:19

now what wait till about the online relationship? Oh all right.

15:24

I have a weird long distance thing going Yeah, but

15:27

sharing is that healthy?

15:28

Oh sure.

15:29

Probably healthier.

15:32

I don't get this whole online thing because and I know here in Houston, they have that Houston alternative lifestyle network, which is like a it's a thing you do through your computer. But now, everybody goes on that for sex. Now how do you have How do you like masturbate and talk online fast enough? I mean, you you're good. So how do you tight fast enough to get off? I don't get that and not get your keyboards degree fan? I

16:00

can't really answer that question.

16:02

Oh, you asked and we don't broadcast that bar. Tell us

16:08

now nobody do you have

16:11

oh, you know I like to go out exploring online and there's some interesting places you can go and you can kind of tell when that typing starts slowing down. Have you had online? Something's happening she can share with

16:22

me when words start getting misspelled my family situations out the lane. You've had sex on online. We're sponsored by America Online now. I mean, I can find out if we want to. I can make a call to the home office. Now we're hooked up. So come on,

16:39

busted yet for all that child pornography stuff.

16:42

Wasn't really their fault.

16:44

I hate America Online. I just want to say that publicly. I hate America Online. Do you feel

16:52

do you use for sign? Oh,

16:55

that's a very personal question. And

16:56

I just I just want to I just want to publicly say we like them. They're our new corporate sponsor. And we think that they are a wonderful, wonderful service. And if you keyword LOL, which is laughing out loud on America Online, you can get to the gay Comedy Jam section in the comedy pub, which is just brand new. Watch for it on extra. And Entertainment Tonight on Monday,

17:15

completely changes my mind about it. Well, I'll put that disc right back in the minute I get home and

17:23

America Online is very supportive with safe computing. That's where I think that's important, ~~safe~~

17:29

computing,

17:30

like rubber gloves because rubber gloves.

17:34

They do or you can just go to the gas station, you know? Yeah. But actually, I'll tell you something that's really scary to me is that I part of, I'm in grad school, but I also coordinate a computer show. One of my vendors at my last San Antonio show sold a set of CDs, four sets of CDs had 12,000 pictures of naked women on it. Wow. Wow, that scares me. That guy's gonna be in front of his computer for a long time.

18:06

You know, what else do you have to tell me about your story?

18:09

All the guys in here a guy going home? What's it going to be doing? redoing their hair? Looking at? Dresses?

18:16

I'm sure they have them for men too, I guess I mean, I'm just thinking in general. That's yeah, pocket. You know, thinking about those rubber gloves. If anyone's gonna need it. He is sure

18:28

that they're having we're having to explore different options now. Yeah,

18:32

yeah. Well, I'm sorry, I missed your question. Huh?

18:35

10:55

Okay. Well, now you can leave the studio

♀

18:41

right when you find work good.

♀

18:44

Yes, sir. Sky.

♀

18:45

Don't you don't we're having to explore other options now. And relax. Sex

♀

18:50

certainly lets you open things. I mean, it's safe. I'll say, you know, I mean, you don't even know who the other person is on the other end.

♀

18:58

Is that healthy? She wouldn't. Yeah,

♀

19:00

it's question Is that Well,

♀

19:02

I don't know that it's not I mean, I'm not sure that any kind of mode of meeting people But aren't

♀

19:07

we distancing ourselves from real the emotional aspect of sharing with another human being? I mean, the whole but

♀

19:16

that's not necessarily bad. Well, I

19:18

know I'm not saying but I'm I'm questioning it. I'm being devil's advocate here just to throw it you know, what at bookstores? What about

19:27

what she's talking about? Oh, boy. There's nothing worse than an Ole Miss. He being coy over here.

19:34

The Dory holds you the glory stop bookstores.

19:40

Well, the bookstore has a bookstore Well, yeah, he's talking about

19:42

you have to look at the right aisle over there. It's well lit adult

19:45

bookstore places What about them? What was replying to you? You saw you didn't see me there did you?

19:53

My personal opinion is that you know if there's any way that you can, you know, express yourself that Then

20:00

you've got a friend who's in married woman by day, but she's always a lesbian, right?

20:06

Always she has several different characters, and they're all she's married has two or three children runs a daycare center is you know like Miss Suburbia by day but all of her characters

children runs a daycare center is, you know, like Miss Suburbia by day, but all of her characters online or are lesbian.

20:19

It's kind of a fantasy, fantasy. Maybe that's, you know,

20:22

she doesn't really

20:23

know she's, I mean, in real life, she's bi. But she,

20:27

but tell us tell us this. Does her husband? Is her husband aware of her?

20:33

Yes, he is. And he's bisexual as well.

20:35

Okay, so see, that's

20:37

my, my deal has always been I don't care what things that people are into, that I might not agree with. But as long as the people that they involve in their life, if everyone is aware of what is going on, you know, they're they're not hurting anyone. It's the people who are hurting people by not telling them that I have a problem with a person. Well,

20:58

the other thing is, is I think that the hara go off on the media here, but is what we hear about online stuff, particularly now is really bad. What you do here are, you know, pornography story, you hear about the guy who set up the child and things like that those are rules, sensationalized isolated events, from my own experience of, you know, the people that I've talked to, people tend to present themselves very much the way that they would present themselves, you know, if they were sitting across from you. I mean, there is people, huh, have

you ever met, I have met several people off a local bulletin board, but not people that are in other parts of the country, I haven't, I do have a couple that are like pen pals now that will ride or the call and everything. So I mean, it's just another way to express yourself. And so you know, like my friend that, you know, she has very definite goals about, you know, what she wants to do in life, she does like having a family and having children. And obviously, with the business that she's in, there's still you know, a lot of people that would be, would not be real receptive to their, you know, daycare operator coming out and saying that she's bisexual, and but at the same time, so then she can go online, and that gives her like another outlet of a way to express who she is and that side of her, and I think as long as in regardless if it's something like that, or if it's, you know, having cyber sex or whatever, if, if it's an outlet, you know, and as long as like you said, it's not hurting anyone cybersex,

22:31

that just sounds like so much more fun than it read.

22:36

It's really interesting. I mean, they have open sex rooms on these things. And it's what's very funny, it's actually very amusing to go in there one because you get better conversations, people are always talking. And it's always infinitely more interesting than sitting in the living room of like, a certain, like, I'm moved a lot, which is like a virtual community here. They're called moves. But anyway, I mean, you know, like, you go in the living room, people are gonna be talking about computers or something. And if you're in a sex room, then God only knows what type of conversation that you're gonna come up with. They're

23:17

talking about different cleaners to use on the computers. Probably.

23:21

Exactly. What

23:23

do you do when you drop your lube in between the key?

23:27

I think that's the least of your problems. Yeah, I think it's

...

23:32

what happens when someone suddenly just disconnects in the middle of something they now they're done. They're done. Or it's gotten to be a little too complicated for them took the computer into

23:45

the shower. Yeah, no, I don't go into the sex rooms. We just, we stay in the comedy area. And there's not a lot of sex. And I've never I've never I've never

23:54

there's a lot of comedy in the sex. Like 17 year old kids on there trying to be all sexy. It's a little bit scary. Good, though,

24:03

to see that. People that age have access to this. But

24:08

yeah, but parents can can control it sort of can't

24:12

say no, well, no. Yes. And no,

24:15

I don't know. Parents probably don't know about as much kids mixed opinions

24:18

about they could their software come in that's going to try and work on that. But you know, did your parents were your parents able to watch you 24 hours a day? I know mine more? No, no,

24:29

thank god mine work. I'd be in trouble for many things that I did. Scott, are you still here? I am with you. You're just you're just trying to just kind

24:38

of given me this funny. Look, you know?

24:42

You're saying who ish? No, no.

24:46

This person can read online woman.

24:48

I can read his mind. He's going I have a computer in the office. How the hell can I get it hooked up to cyber six.

24:53

He wants me to give him some online addresses.

24:56

Well, I'm just wondering, you know, we're talking about the kids Bing, you know, is this a bad thing for the kids and I think about the Seattle boy that was 1516, online guy in San Francisco, sent him a bus ticket to San Francisco and stays with the guy for like three weeks, and then returns home when he sees himself on the news and that his parents are worried and upset and so forth. And I'm wondering is that if they got a lot of bad publicity out of it, but on the other hand, is that such a bad thing? Should this kid if he's 15 years old, or 16 years old, and thinks that he might be gay or and wants to see San Francisco and he goes, and he never had sex with this guy, there was no second was a teenager himself with the older guy who was only like two years old, I think, what was the 18? Yes,

25:45

I haven't heard this one.

25:46

Yeah, I think the worst bad a bad thing.

25:48

The baddest thing about it is that it was a bus ticket.

25:54

That's why there was no my personal philosophy is Life's too short to date cheap men. So I wouldn't have taken that bus ticket at all. He definitely needs a better

26:01

way. He would definitely I think was gay because he didn't have sex with the guys anymore. bus ticket. Thank you.

26:08

I'd be like, first class or

26:11

I'm computer brain did so I don't know any of this stuff. I have never been into the Bulletin Board.

26:17

It's about relationships. So that's how we we need to draw Sharon in here to this.

26:22

All right. I've just, I'm in a in a world that is not familiar to me as far as the computer. But you're right. As far as communication, people are going to wind up. Well, why do people do 976 numbers has done any less.

26:44

Exactly cost a lot more. It's,

26:46

it's people looking for a new way to meet other people. We're as a people, I think we are so desperate for relationships and to be involved with someone and to have companionship and to have that caretaker that we had as a child that we don't have any more we don't want to be

alone or independent. And this is just another way to find some

27:05

kind of codependency. Because I think I think I would be I think I'm codependent and if Kevin would loan me the money, I think I'd buy a book about it. I mean, he'll go with me to get the book to I don't want to go alone.

27:17

No, I think I think a lot of it though, is that a lot more people today? Are they want a relationship, but they don't want commitment. And I think these these forms of what we're talking about, provide them with a source of a relationship without commitment. Because there's no

27:35

you know, what's really interesting, though, is that within especially like the virtual community, communities and things, people do, you form very committed relationships. I know people that are married, like they'll have spouses that I mean, they're not their spouses in real life.

27:51

Things. This is like,

27:52

I know, it's very,

27:53

but then it would be technical for me to explain on the good part is the people in Bryan and College Station are going I'm into this move.

28:02

Because they really like it out there. People form you know, they'll have boyfriends. I mean, you know, technically this person that I have a long distance relationship. I mean, like, we have our little couple thing and

28:18

the person you have to share the toothpaste tube with I mean, eventually goes,

28:20

No, you can but what I'm saying is, you know, he said it's that people don't want commitment. But what happens is even in this virtual reality that people are still choosing to do that, that you know, there are people I went to a mu wedding one day where these people were getting married online. Although it was a virtual thing. It's just very interesting. Move stands for mud, object oriented, which means absolutely nothing unless you know what a mat is a mud and it's it's a multi user dimension that is similar to chat. It's similar to chat, but it's not the same thing. Like you can also create in there like once you have a character in within a certain community, you can create objects you can like I have a home, I can invite people over to my living room to sit like having a private room, sit and talk to them. I was taught to me online at my house. I even have security on my house like if someone I don't want tries to teleport in it like tries them and

29:21

the next step and we don't try

29:22

to drag out before we dig ourselves too deep.

29:25

I think I think maybe Sharon and Rhys and may I have a little private talk

29:33

righty that's Sharon.

29:34

I can cancel the cyber relationships then if anyone calls. I can tell them what to do and help share it out.

29:41

Well you know, it says a lot of this stuff though in different mediums. Look at all the people doing the different periodicals they're putting in now because we can name the big one I suppose here is the press. I mean, I can't tell you how many friends I have that have that have

missed through that that have that have are now in relationships. I remember one night I was sitting with the cafe Express I ran to a guy and seeing long time and he's animated with this guy. Why are you doing this? I said well what well how long have you guys been dating and these this is our first date and so I think an awful lot

30:22

of people struggle with that lasts more than a week you have to be excited right?

30:28

You would know that when you're

30:30

going on because I don't know about the guys bars but I know the women's bars are really dropping off in the in the numbers and the women are bored with it. They're sleazy there's you know the they're just not classy at all.

30:47

What better thing to do then go to gala Palooza then yeah.

30:52

Fabulous, fabulous meeting medium to meet people and because you don't especially for first dates if you don't but if you don't already have a first date it's a good good place to meet somebody because you don't have to talk to them you have we do all the things that keep you busy you know and that's perfect for a first date or when you meet someone you don't I mean you know you don't you don't want to feel obligated had to talk to this person and you can talk afterwards about what love it if I

31:17

don't have to talk to someone.

31:21

But I like to talk during sex and that usually happens on the fence.

31:26

Well, what does that number say? What is that conversation like?

⌚ 31:31

I always make

⌚ 31:33

videos Julio audios. Made in Spanish telefono.

⌚ 31:39

Able to needs more.

⌚ 31:44

Was it time to call him Yeah, no, it's not.

⌚ 31:47

Well, we call him better. You know, and I'll try and hold off until after the show before we have said.

⌚ 31:57

We do have we have such restraint.

⌚ 32:00

I mean, we'll just do we'll go to any lengths to please the listener seems like

⌚ 32:25

you know you want to learn Spanish and you want to practice the things you learned in Rabbi school all in the same time. I don't know how but don't

32:31

you find it hard though? Scots are fine people who are Hispanic whose parents didn't believe in so no, no, no, that's very common. Very, very common. You know, being most Hispanics would be Catholic and Catholicism.

32:46

I think they mostly are Catholic. But in Mexico, I think that circumcision like okay, maybe from Mexico, extra, you know, it's like, it's like air conditioning. They can't afford it.

32:58

No, it doesn't. Circumcision is

33:00

like air conditioning.

33:01

I've never ever heard analogy.

33:07

I've heard the analogy. It's kind of like a convertible with the top down so it's cooler. Yeah.

33:19

ourselves to get out
