And of course \$150 will get you that KPFT travel bag.

S

Scott Lewis 01:13

Did you know that only 5% of the people who listened to KPFT donate money ROI only 5%

J

Jimmy Carper 01:23

than the national average is 10%.

S

Scott Lewis 01:27

So we're behind by 5% is at the point of the story

H

Howard McHale 01:31

you could add to

S

Scott Lewis 01:34

listeners benefit in so many ways from the service KPFT provides besides the wonderful and diverse programming like after hours and lesbian and gay voices. Have you ever learned about a brand new band or performer been a guest of a talk show or music show? found out about special events received free tickets or CDs or autographed femme defend posters or Priscilla posters? And that right there deserves a pledge designet I think you should of course we can't afford \$30 to get his roots touch W sure as hell can't get \$45 to the station. Got routes

H

Howard McHale 02:36

that do also know that a 32nd Superbowl commercial would pay for two and a half years of KPFT

S

Scott Lewis 02:41

Yeah, yeah, I knew that because 32nd Super Bowl commercials. What about a million dollars?
Yeah.

H

Howard McHale 02:47

Well, no, that's a lot of money. Yeah, a lot. Let's call them Super Bowl people. We want a donation. Yes. We need a spirit of donations. What

J

Jimmy Carper 02:58

we've had a request from, from a person that who has pledged money for a song. Well, then let's play it for him. Well, okay, I've got it in CD number one. What's it called? The grind game?

S

Scott Lewis 03:13

Oh, you remember, let's tell the story behind the crying game. It's a great story that we play. Wait, somebody called in about two years ago and said I'm a huge Boy George fan. And somebody called and said, play some boys or I want Boy George I want Bucha I said I don't have anything I said but I happen to know I heard that he's just released an import single that the Pet Shop Boys produced and you can't buy it in the states yet but you can buy it import and I said I'll go down and get it and I'll play it for you on next week's show. So I get down and pay like \$15 for this import CD from England. And we played it on the show for this guy the next week and Jimmy and I leaned over and we're like we're never playing that again that sacked I can't believe I paid 15 bucks for that. Well like six or eight months later it's like a huge hit and game and it's the crying game so what obviously you see why we're here and not at some other station being paid. We can't smell a hit. But we can smell other things. Clint JJ

H

Howard McHale 04:15

pull that dress back down

S

Scott Lewis 04:22

this is for Who do we have a name for that for who this is for? No this is for this is a special dedication to the person that called in and asked for it. This is Boy George and the Crying Game
Ooh, The Crying Game.

H

Howard McHale 04:42

I heard the last time you broke up you cry. Oh

 Scott Lewis 04:45

God, sorry, those those damn Spaniards in the West and

 Howard McHale 04:50

the West in the West happen like this up against the wall where I was leaving you He's got some pretty blonde hair, doesn't he? Who is he?

 Scott Lewis 05:58

So what happened? Tell us about this last disaster story.

 06:01

Okay, I was dating a 43 year old man from San Antonio.

 Scott Lewis 06:05

06:09

Hispanic jealous, man. Oh, oh,

s Scott Lewis 06:12

06:41

 07:04

even on the Harley?

 Scott Lewis 07:06

set him up with who remember the doctor from Galveston. Right? Send us send us that picture and asked, I think asked me on a date. And he had a Harley and a BMW convertible. And all of a sudden, he's like a doctor in Galveston and he Honey, let me tell you, he sent a photo can we say rough tried? It was I mean, it looked great. And he had a BMW convertible and a Harley and wanted to just be introduced into the into being gay and said he said he would sit he would ride me harder than he did his Harley or something like that. All

 07:37

right now, I certainly didn't

 Howard McHale 07:39

see you though, today. Now. To just start with that picture that that came in your wallet

 Scott Lewis 07:45

of that little girl from Indonesia or something? Okay, Shannon, tell us about yourself. Okay. You're 22 Right. Yeah. You're wasn't a shooter. You were says a size eight.

 07:56

Your bottom? Yes, we knew it. Well, I'm reversible. Like an LL Bean jacket. Okay, so more of a bottom than top. But we all

 Scott Lewis 08:11

seems to be the dominant situation here. Okay. So you're versatile, but you prefer to be on bottom? Yeah. When you were born, did your parents believe in circumcision?

 08:21

Well, yeah. Okay.

 Howard McHale 08:24

Do you have to stop?

 Scott Lewis 08:27

Think about it. Do you need to check what way?

 08:31

Well, I just got a little, little bit now a little bit just to go over. So

 Scott Lewis 08:36

okay, Howard, and I might have to check into this later just to make sure you're not lying to us. So, so what are you looking for? Are you just you're just looking for wild sex? Are you looking for a boyfriend or both?

 08:46

Well, both. Well, I could hold snuggle. He has to be hairy.

 08:55

Looking for a bear? Yeah.

 08:57

Oh, big Butch bear. Oh,

 Howard McHale 09:01

that's kind of blatant.

 Scott Lewis 09:02

And what do you do on your first date? And all that. But okay, you want me to be truthful? Watch your language. This is a family show.

09:18

Oh, well. Well, it all depends how the night begins.

Scott Lewis 09:25

09:28

Well, a nice movie in a nice little romantic dinner then. They go back to his place or my place and Tom Do you have do you have your Do you have your own place? Well, I live with Stacey.

Howard McHale 09:43

Stacey just peaks and watches. We locked the door and there's only one futon in the house.

09:56

Two couches, two beds

Scott Lewis 09:59

and one bathroom. My pleasure palace met for a

10:03

big 10 People orgy.

Howard McHale 10:05

s

Scott Lewis 10:21

o

10:28

s

Scott Lewis 10:34

o

10:48

s

Scott Lewis 10:50

Well, good. You should. Oh, Clint the Baptist over there.

o

10:56

I know he wouldn't get a lot of in my town. I go home talk for a little while. What happened? It happens if it doesn't. It does it. Do you have a car? No. I prefer to walk then use a car.

h

Howard McHale 11:16

For the environment. Yeah, that's wise.

s

Scott Lewis 11:20

Bad for his Nikes if his dates in Pasadena

o

11:24

environment to right now.

o

11:25

Yeah, I like the man. I like the man to drive. I don't like to drive that much.

S

Scott Lewis 11:30

Okay, so you're unemployed? You have no car. What do you have to offer man? Besides blindsides besides wild sex and blonde hair? God I thought that would be so so and look over here towards me here. Chenot is that is your hair. Your hair is naturally that color in it? Yeah. Is it okay, yeah, because it looks it looks very good. And you almost look like you have roots but you really don't. And of course, who the hell could look like they have roots after Clint was in here. His roots were longer than my arm. But anyway so now the ideal man for you is older hairy Butch top has a car has a job as alive has vocabulary hasn't been smoking pot right before he goes on a radio program.

♂

12:24

actually haven't smoked pot in about two days. Okay.

H

Howard McHale 12:29

Take a Test to get on the show. Yeah, we

S

Scott Lewis 12:31

don't need a urinalysis.

♂

12:34

You couldn't get any That's why

S

Scott Lewis 12:38

That's right. We don't advocate any of those type of activities. Okay. Five to six. 4000 is our number here. We have several people Where's Tom's list? We have several people that are looking for dates. Five to six 4000 You can get in on it. Tom is looking for a date Tom is 52 years old and his requirements are Thomas 52 years old. And his shoes are quite large. His parents did not believe in circumcision when he was born. And he says the man of his dreams must be out must have a job. But how much you make is not important. loves to travel but loves the home life enjoy giving as well as receiving I think that's code for versatile

H

Howard McHale 13:28

unless it's for Christmas presents.

Scott Lewis 13:29

Well that's true to get enjoy evening of gentle love and warm caresses. Oh, well who doesn't? So that's Tom. That's somebody a little older than the people we've been talking about so far.

Howard McHale 13:43

Shannon, are you looking for any kind of ethnic man black white Brown? Anything?

13:47

Well, my prefer is white in Hispanic and alien.

Howard McHale 13:53

Okay, Brown.

13:54

Yeah. It really doesn't matter. Because it looks

Scott Lewis 13:58

to me like not a whole hell of a lot matters to you at all. As long as I can talk Are you gonna be able to stay awake through the rest of the show?

14:05

God yes.

14:08

Just

Scott Lewis 14:09

be you know, he reminds me of oh, how doesn't he remind you of how whose hell well obviously how we're like size 12 shoe but how is a friend of mine that you remind me that he always twisted course, spent about a year in jail for getting caught in numbers with 255 hits of ecstasy in his pocket. But I know god darn I wish I bumped into him right before that happened.

But yeah, you totally twist it. So you're just like you come off as like the total like surfer laid back. I could care less about anything kind of attitude. Yeah. How do you pay your rent Shannon?

14:52

How do I pay my rent? Lone Star

s Scott Lewis 14:55

as he looks as he looks at his roommate. I guess that says it all. All designet

15:01

know you got enough money put behind to pay my rent and

s Scott Lewis 15:05

so you prostitute yourself Hell No,

15:08

he doesn't do that. I don't scream my my buddy like that

s Scott Lewis 15:11

you don't want he doesn't give it up for everyone.

15:13

I don't give it up everyone

s Scott Lewis 15:15

you're begging on a radio talk program for somebody to come have sex with you tonight
desperate

H Howard McHale 15:21

and you're those God

S

Scott Lewis 15:25

but I don't back right here well okay I have I have but it's really never gotten me anywhere. SHANNON I warn you don't meet anybody over there. Oh wait phone calls here. Let's see. Quincy. Quincy. I tell you, Roy AKA a need a man. Wait, just write all your vital information there on a piece of paper Roy will send out a plea for

G

Gigi 15:47

now hope some of these men are pledging when they're calling in for dates.

S

Scott Lewis 15:52

I hope so too.

H

Howard McHale 15:54

They're pledging not to meet Roy money and get a date with Shannon. That doesn't work either. Scott, I've been doing that for two years now.

S

Scott Lewis 16:07

We we have 20 minutes left. Let's take a break. You're listening to Scott Lewis. How our Big Daddy McHale on after hours a continuing tradition on 90.1 Kpf 90.1 FM KPFT Houston and 89.1 KEOS College Station Bryan. It is a wild night in the house tonight, didn't it? 526-573-8526 KPFT you can call in your pledge. We need your money. We won't make you go on a date with us if you pledge five to six 4000 If you need a date. This is I love the nightlife by Bronski beat where's that at Jimmy is that in number one hit Depo shot

G

Gigi 16:50

back again with Gigi and BiNet he's and we're just grooving on at all but waiting for your phone calls. We do need some money coming in. One to kind of wrap up tonight and just kind of go over the remind everyone a Pride week coming up and a little bit of romance month in a week or so. There's gonna be a lot of festivities and a lot of fun. Everybody here is like real into the groove of it. But we do need your phone calls for pledges. Okay, I did my bit. We did want to get back to your question earlier. And I forget exactly how you phrase to bisexuals do they want to watch your mic? Either my headphones are off or your mics up. Okay. But anyway I want

H

Howard McHale 18:01

to ask you if a heterosexual person wants to fall in love with a member of the opposite sex and

to ask you, if a heterosexual person wants to fall in love with a member of the opposite sex and live happily ever after a gay person wants to fall in love with of course a gay person live happily ever after? Who does a bisexual person want to fall live life happily ever after with

 Michelle 18:17

Oh to fall in love with a person and live happily ever after with a okay a bisexual person or a heterosexual person matter? Heterosexual bisexual gay.

 Howard McHale 18:27

So if if you fell in love with a woman and if you would fall in love with a man? Would you stop being bisexual then?

 Michelle 18:34

No, no. Because I'd still be attracted to some men and some women.

 Howard McHale 18:38

But then But then you of course, in a relationship would you have a monogamous relationship?

 Michelle 18:42

Well, I would I mean,

 Howard McHale 18:43

so then it's my question. I mean, relationship, and you fell in love with a woman? Would that make you a lesbian? Or if you fell in love with a man would that make you heterosexual then you would not be a bisexual anymore?

 Michelle 18:55

No, I wouldn't say that. I mean, it's just like when if you're like a gay person falls in love with a man and settles down a gay man and he still notices. I mean, he's still going to notice other men. You know, he

 Howard McHale 19:04

wouldn't he would be. But if a gay man fell in love with a woman and married woman, he'd be heterosexual. Correct?

G

Gigi 19:11

Not necessarily.

♀

19:13

Me, not just about sex. Yeah, it's about

H

Howard McHale 19:18

then we're all that we're all either bisexual then. Right? Well, no,

G

Gigi 19:21

necessarily. You're

J

Jimmy Carper 19:22

celibate. You're still gay. If you don't have sex at all, are you still a gay man or what? Well, in this

H

Howard McHale 19:29

in this world of labels, I would consider that you'd had fallen something when? Yeah.

G

Gigi 19:34

Well, and plus

♀

19:36

having an open identity.

J

Jimmy Carper 19:38

I mean, how many like pansexual I

♀

19:42

mean, you know, is there some sort of like cultural institution that's going to be there for bisexual people as bisexual?

 Gigi 19:49

I think that's the beauty of bisexuality is that there are no norms. We have a whole wide diversity. I mean, it's like they're into monogamy. I'm into poly. amorous relationships. My ideal is to be between a man and a woman, and feel both the male energy and the female energy at the same time. But I wouldn't even want a monogamous relationship within that threesome. Add more. You know, sometimes I find that there's so much different types of sex. Sometimes I like an ominous sex. Sometimes I like playing with sex, you know, all different kinds of things. Rob,

 Jimmy Carper 20:29

I think your question was that was that that the bisexual community is just building their community? Right now? Right there, there. They may be where the gay community was 20 years ago?

 Michelle 20:42

I mean, one of the biggest problems I have personally with the term bisexual is that it just it implies like, both both and implies both. And like for me that for me, there really isn't about there's just at that time at that present moment, right? There's just like, I don't see it as like this dichotomy where like, I'm attracted to men in this way. And I'm attracted to women in some other way. I

 21:01

tried to the people just as being people. With me, I'm bisexual no matter, you know, whether with a man or a woman, I'll always be bisexual. So

 Howard McHale 21:08

then a straight person and a gay person would be unisexual. Correct? monosexual. I'm confused. I guess we're, we're, we're falling into a pattern of just too many labels. And maybe we should just label our sexuality, just sexuality.

 Gigi 21:30

I think there's a power and naming names. Yeah,

J Jimmy Carper 21:33

there was a power. Well, I mean, Howard, think of how you felt the first time you walked into a gay bar, and you found yourself surrounded by hundreds of gay men and women all of a sudden, didn't you feel like you're coming home? Or, you know, you felt like you were with your people type of feeling?

H Howard McHale 21:54

Well, yes. But But going back to my question. We do live in a world of labels. We do live in a world a word, a world of definitions. Yeah. If I was a bisexual person, and I felt if I was a male, and I fell in love with the male, I would fall into a different category.

J Jimmy Carper 22:12

No, not necessarily, because you would still have feelings for this question at JC How would you when you have women as friends, but you don't have there's no sexual? Anything with one. But

H Howard McHale 22:24

if I only had sex with that, man, I would be homosexual. But if I'm

J Jay 22:29

falling into the trap of thinking of bisexuality, just in terms of who you do, basically, bisexuality is more than just having sex. You know, it's like an orientation.

G Gigi 22:41

Yeah, but the other question I'd like to throw back is, how would you feel if all of a sudden the gay label was dropped out? And we no longer use the term gay? How would you feel if if we no longer? Well, let's get rid of these labels. Let's not have either labels just sexuality, okay. And too ambiguous

♀ 23:07

for society?

H Howard McHale 23:09

Then you're saying that we have to have labels, but you don't bisexual person doesn't want to be in a label.

G Gigi 23:14

But um, let me ask this. Unfortunately, in our culture, sex is politics. Yes. And part and without labels. And how do you get across and educate people?

H Howard McHale 23:29

I mean, there's still a terminology here, a straight person, straight with sex with straight people,

J Jimmy Carper 23:35

but has no feelings for the opposite sex. And I'm not talking feelings. I'm talking just on the sexual Okay, well, the straight person does. You're right. But, but a bisexual person who is having a relationship with one sex will still have feelings for the other sex. So there's no other bisexual bisexual isn't is the orientation. Okay.

♀ 24:00

Well, labels the side. I guess the bigger picture then is, you know, how does one recognize the bisexual community that exists out there?

J Jimmy Carper 24:09

Well, that's the big problem that the bisexual folks are dealing right now. I don't want to talk for bisexual people. Go ahead. The first step

M Michelle 24:19

that I feel is most important is just for, for everybody to just recognize that bisexuality is a valid option in our society and that it's not just something that doesn't exist. That's a

J Jimmy Carper 24:29

tough hurdle to overcome.

G Gigi 24:30

I think the other thing is developing a sense of community. You know, and that's one of the things buying it. Houston is here for it's to start a community base for bisexuals of bisexuals and we're open to even buy friendlies. Yeah, to have but to have a visibility in the community as a

community. A small subgroup of the queer community Do you see it in the gay community with the leathers and the transsexuals and transgender? And queens and the

J Jimmy Carper 25:10

Cowboys? And you know, you named it think of the different kinds of bars?

G Gigi 25:16

Yes. And yet, you know, we see a lot of diversity in the gay community already. I think part of bisexuality is an extension of that, and opening up the queer community so we all become one family again.

H Howard McHale 25:31

Okay, let me ask the question. Okay. define these questions define for me heterosexuality defined defined. I just wanted to answer Webster's edition. And you know where I'm going here. Go ahead.

G Gigi 25:45

I think it's a self identified. Process.

H Howard McHale 25:50

No, no, no. What is what is say about what give me the definition of how I

G Gigi 25:54

don't have Webster's here.

H Howard McHale 25:57

What is the definition of heterosexual a member of the opposite sex? Okay. Okay. Good enough. What is the definition of homosexuality?

J Jay 26:06

attraction to a member the same sex same gender. Okay.

H Howard McHale 26:09

Okay. Okay, bisexuality?

J Jay 26:13

attraction to members of both genders, I guess. Okay. And now that I say attraction, not just having sex.

H Howard McHale 26:22

But let's Okay. aside, let's talk about sexuality. Okay. A straight person has sex with straight people. Right? The opposite sex. Opposite. Yeah. A gay person has sex with the same person. Okay, well, the same sex, same gender. A bisexual person has sex with both those labels we can live with?

G Gigi 26:47

Yeah, to some degree. Well, I think there's one differences.

H Howard McHale 26:52

Okay. Okay, now we've agreed on those labels.

G Gigi 26:55

Well, not titling.

H Howard McHale 26:58

We know why I'm talking sexuality here. Yeah, talking attraction, I can be attracted to a poodle. You see, I'm saying, but I think the potential, let's go back to my original question. Which is, once again, we have these we have these rules now with these definitions. Word of okay. If Gigi you fall, if you've completely attracted to a man and you settle down in a relationship with a man, are you gay?

G Gigi 27:29

Are you straight? I wouldn't fall in love with just a man. Okay, and live with him the rest of my life, the other the other people in the panel?

M Michelle 27:37

I mean, if I were to fall in love and settle down with a man the the answer, like for me whether I was gay or straight, the answer would be no. What would you be? I'd be by my sexual just the same as I am now. And the same as I always my mother,

 **Howard McHale 27:50**

my mother and father are both heterosexual. And so are they heterosexual? Sure, why not? Okay. Okay, so that doesn't stick within our definitions. Well,

 **Gigi 28:01**

I think it sticks in the definition in the sense of

 **Michelle 28:04**

love with a man and settle down. I mean, I'm still going to be attracted to women, even though I'm not going to notice I'm probably not going to act on this attraction. If I

 **Howard McHale 28:10**

go into Target and steal something. The main difference between

 **Michelle 28:13**

me and your parents is that your your, like your mom is not looking. It's not at least I don't know. But I mean, your mom's not attracted other women. Even though she's married.

 **Jay 28:24**

I have a question. Um, okay, say there's a monk doesn't have sex with anyone. Is that guy gay or straight? or bisexual? No, no, that wasn't one of the options according Oh, I'm sorry. I forgot your name. Howard. Howard was sex with anybody. Okay, so, but he's not having sex with anybody. So Is he gay or straight?

 **Howard McHale 28:49**

He's nothing. Right? Is that is that in our terms?

 **Gigi 28:52**

I think there's another option. He may be the WHO HE fantasizes about when he masturbate?

Right, because you don't necessarily have to have sex with someone.

J Jimmy Carper 29:04

Orientation has nothing to do with who you have. Yeah,

H Howard McHale 29:08

you can. So it's all it's only an orientation if you follow through on it. I mean, I

J Jimmy Carper 29:15

know that's exactly

H Howard McHale 29:18

I could I can fantasize about the docks and next door. Does that mean that I'm a beast geologist? Sure. Sure. Could be. Could I go to jail for that? No.

J Jimmy Carper 29:29

Only if you're caught. Okay.

♀ 29:31

Doxon, Sue's

♀ 29:35

children. One of the key things that that I think Howard is really trying to get at is that you're running the risk of being labeled when you do settle down and make that decision for life. Yeah. Problem. That aside. It's gonna give you a label based on their perception, and that perception most likely will not fit your own inner identity. And I think

G Gigi 29:59

that As back to earlier when I was saying that, when you say to men walking down the street holding hands, versus a man and a woman or two women, a lot of times we assume their orientation. And I think that's one of the dangers that bisexuals run into is that, you know, you don't walk down the street and the same Oh, that person's bisexual. But I think that's going to be changing in time, I think people are going to have to question that more. Because the bisexual community is growing. It's gaining strength. And I think we're going to see that a lot

more bisexuals are going to be walking down the street, one day holding hands with same gender. One day holding hands was another gender. And it's going to be out there and part of this community

M

Michelle 31:03

a lot of is that the experience? I mean, it's just that people, people tend to be confused by us a lot of the time. I mean, I found that like, I was, you know, on the one hand when I was like it at work, and I was like talking about, like, when I was talking about all these, like this, this guy was really attracted to you. And then like, he came, one of my friends is one people I've worked with came to my car and like, I had this rainbow sticker on my car, and I have like lesbian book in my car. And it's like, you know, it's just confuses them within a, you know, if they don't recognize bisexuality as an option that like trying to label you, and they just can't.

👤

31:39

So in what, in what sense? Can you make it easier for them?

G

Gigi 31:43

I'm just, I think it's through education, to speak out about it,

👤

31:47

what type of other outward symbols, I mean, you reference, you know, these, these flags and these bumper stickers and stuff like that. What are the kinds of symbols should be, should we be aware of that hit the bisexual community, so that it's as easily recognizable as the gay and lesbian community, or is assumable as the heterosexual community.

G

Gigi 32:11

I know that there's some symbols already being developed. The Yin Yang is used a lot by a lot of bisexual groups.

M

Michelle 32:19

And one symbol that's that's I've seen pretty commonly is like a pink triangle overlapped with a blue triangle, the purple section in the middle is seen as a bisexual symbol.

G

Gigi 32:31

And I mean, I'm wearing a necklace that's bisexual. It's three triangles, the pink, the blue, and the purple representing male, female and then drawn to me. And it's a triangle in the sense

that we go more than one way.
